THE VERMILION STANDARD

Vol. XXXVIII. No. 27. Vermilion, Alberta, Thursday, November 7th, 1946. $1.50 A Year

Monday, Nov. 11th Remembrance Day, A Public Holiday

Monday, November 11th, Remembrance Day, has been proclaimed a public holiday in the town of Vermilion. All places of business will be closed that day.

Vermilion Trained Air Student Goes "Solo"

Wednesday afternoon last week was the big day for Allan Larose of Vermilion, who after less than the average number of hours of training gave a very fine 30-minute display of skill when he went solo for the first time.

Allan is the first student trained at the Vermilion airport to solo and he certainly showed the fine and careful training he has received from his instructor, Maurice Fallow of Western Airmotive, Edmonton.

There are several other students who will be going solo in the near future. Anyone interested in flying is welcome to come out to your airport on Tuesday and Wednesday and watch your friends fly. Mr. R. Pawsey motored all the way from Edgerton to take his solo from the Vermilion airport and intends to complete his training here.

Mr. and Mrs. A. T. Sedgewick of Nobel, Ont., have spent the past week visiting at the home of Mrs. Sedgewick's sister, Mrs. H. P. Long.

Council Holds Regular Meeting

A regular meeting of the town council was held Nov 4th at 8 p.m. with Mayor Morrison and Crs. Boake, Bushell, Dawson, Kehoe, Stephens, Park, and Public Works supervisor H. J. Payne present.

A considerable amount of correspondence was dealt with.

The following motions carried:

That water and sewer be extended west from Queen st. to King St. on Highway 16 to Pilkie ave., and thence south to Brown ave. instead of Pilkie (highway 16) to Brown ave. on Queen st.

That miscellaneous recreational lease No. 2716 covering auto camp be renewed and payment of $10 as application fee be forwarded.

That agreement with R. Omness in the amount of $100 be ratified.

That a grant of $50 be made to the Community committee.

The following lot sales were approved, subject to conditional sale agreement:

N. W. McLean Lot 23 Blk. 33, $25; Ambler Bros Lots 21 to 24 incl. Blk. 29, $100; Chas. Crosby Lot 22, Blk. 25, $225; Robt. McLean Lot 21 Blk. 25, $25; Lester W. Maier Lots 13 and 14 Blk. 26, $50.

The following building and moving permits were granted, subject to conditional sale agreement:

Robt. McLean, move and improve 16'x20' residence, Lot 21, Blk. 25; Chas. W. Crosby, move and improve 16'x20' residence to Lot 22, Blk. 25; Amber Bros. Move and improve residence and garage to Lots 21, 22, Blk. 29, (14'x20'); Ambler Bros., move and improve 16'x24' residence and garage to Lots 23, 24, Blk. 29; S. L. Ross, build garage Lot 9, Blk. 19; H. C. Wilson, build residence Lots 24, 25, Blk. 28, value $3000.

That option for one year in the amount of $10 on Lots 4 and 5 Blk 5 be granted R. W. Bushell, same to be applied on purchase price.

Town accounts and E.L. & P. accounts were passed and ordered paid same having been certified by the Finance committee.

Annual Bonspiel Dates Are Set

February 17th has been selected as the opening day of the Vermilion bonspiel when it is hoped to have the use of 5 extra sheets of ice which will be laid at the arena rink, in addition to the four regular sheets. Town authorities and hockey club officials have already agreed to co-operate in allowing the use of the arena for this purpose and arranging hockey schedules leaving the week free.

If the plan is carried out it will mean that Vermilion will have a bonspiel second to none in the west.

Alberta Not A Bad Place To Live . . .

EVEN WHEN COMPARED TO HAWAII

The enticing picture one usually has of life in the Hawaiian Islands received a rude shock this week when the news editor read the final paragraph of a letter Chas. W. Robinson local real estate agent, had received from a lady at Koloa, Kauai, Hawaii. The lady has farm land in this area and ends up her letter thusly:

"The other day I received a clipping saying that the Alberta farmers were on strike. That's nothing — everyone here is on strike except us and we are out of merchandise. The cane fields are drying up, the rats are coming out of the fields, most of the stores are closed, a longshoremen's strike is in the offing, there is no rice, no sugar, no potatoes, no yeast, and bakeries are closing for lack of flour. Eggs are $1.34 a dozen—so come and enjoy yourself in the Paradise of the Pacific, under the coconut trees surrounded by slant eyed yellow devils directed from Moscow."

The writer finishes her letter with C. W. Robinson's own slogan "See the Vermilion district before locating a home".

Norman McClellan is in attendance at the Associated Hospitals of Alberta convention being held in Calgary this week. Mr. McClellan is a member of the Vermilion municipal hospital board and also a member of the Associated Hospitals executive.

J. W. Muir of Islay left Sunday for Dundalk, Ont., where he will visit brothers at the old family home.

Vermilion Legion Plans Armistice Remembrance

This coming week end is going to be one of the busiest and best in the history of the Vermilion Branch of the Canadian Legion. A complete program has been arranged, which includes the following:

ANNUAL ARMISTICE DANCE

Friday November 8th — Armistice dance. This promises to be the best dance of the year. There will be dancing from 9 p.m. to 2 a.m. with all kinds of good music. Lunch will be served and a real night's fun is promised for everyone.

POPPY DAY SATURDAY

Members of the Ladies Auxiliary to the Canadian Legion will be meeting the public on Saturday in connection with the sale of Poppies, the emblem of Sacrifice and it is hoped they will meet with a generous response.

The annual Poppy campaign is held under the auspices of the Canadian Legion and all funds derived therefrom are held for the relief of distress among needy ex-servicemen and their families. Poppies will also be on sale at the dance Friday evening.

CHURCH PARADE

Sunday November 10th—A church parade is being held by the members of the Legion, the ladies and auxiliary, accompanied by the Air Cadets. All members please be at the Memorial hall not later than 10:30 a.m. from where the parade will be piped to St. Saviour's church shortly before 11.

CEREMONY AT CENOTAPH AND COLUMBIA THEATRE

Monday November 11th at 11 a.m., members of the Legion, ladies auxiliary to the Legion, the Air Cadets and school pupils will parade to the cenotaph at 11 a.m. From there they will go to the theatre for the annual Remembrance Day service. All members who are parading from the Memorial hall please be on hand at 10:30.

The public is especially invited to attend any or all of these functions.

ANNUAL SMOKER

On Monday evening at 8 p.m. the Legion plans to hold a mammoth smoker in the Armories. A special program has been arranged for entertainment. All members of the Legion as well as any ex-servicemen are invited to attend. A real evening of fun is in store.

LIFE MEMBERSHIPS

Presentation of life memberships will be made to four Canadian Legion Post 11 members who are veterans of the South African war.

Ancient Masonic Document Presented To Aubrey McGinnis

A ceremony of more than passing interest took place at the Vermilion Masonic hall Tuesday evening when Aubrey McGinnis, a member of the Lodge, was presented with a photostat copy of the certificate presented to his great-great-grandfather James Mann, in Keith Lodge, Scotland, in 1806. The certificate was written in fine steel plate penmanship and signed by the individual officers of the Lodge, which was designated as being in "North Britain" and came down through successive generations of members of the craft on the mother's side of the family. The certificate expressed appreciation for the services rendered his Lodge by Mr. Mann.

Quite naturally Mr. McGinnis was taken by surprise at the presentation. The certificate was deposited with the Lodge for safekeeping during the recipient's connection with the Craft. Mr. McGinnis assured the members that it would be passed on to succeeding generations.

Lady Golfers Organize Here Friday Night

Ladies interested in playing golf have organized for the purpose of assisting the general committee to raise funds for the proposed golf course. Officers elected are:

President—Mrs. A. B. King
Vice-President—Mrs. R. H. Norton
Secretary—Mrs. P. D. Bowlen
Assistant Sec'y—Mrs. D. Moyer
Executive — Mrs. Art Wiebe, Mrs. Gordon Park, Mrs. Ted Edey.
Entertainment Committee—Mrs. L. Pockett, Mrs. C. W. Stephens, Mrs. A. B. King.

Mixed Bonspiel Will Open Curling Season

Fees Set at $10.00 — New Departure in Forming Rinks

The curling season this year will be be opened with a grand open mixed bonspiel, every person in town and country is invited to play in it. The entry fee is 50c per person.

The above was one of the many points decided at the general curling meeting held in the big new waiting room at the renovated rink, attended by 35 curlers last Friday evening. President Russell Carroll was chairman of the meeting.

Reports were heard on the building project and financing of same. The renovation cost is about $2500 of which $500 remains to be raised. An expression of thanks and gratitude was passed to the building committee consisting of Carl Heckbert, Elmore Stewart and Percy Moffatt for the fine job accomplished.

This year will see a new departure in the formation of rinks. The usual drive will be carried out for members, the required number of skips will then be elected. The skips will secure their own personal choices as third men but the seconds and leads will be picked by turn off the blackboard.

Fees for the season will remain at $10. Rock boxes are available at $1 rental per year. Private boxes and lockers have been banned from the rink for the sake of neatness and convenience of everyone generally.

Fred Firth was appointed chairman of a special entertainment committee with power to select his own body.

The executive is to secure a competent icemaker and caretaker.

Anyone who wants to curl hand in their name to Russell Carroll or H.R. Parker.

"GREEN ACRES"

RESCUE WHEAT

This new variety is resistant to Saw Fly damage. It is not equal to Marquis for milling quality. It is lower in yield and much weaker in straw than standard varieties. As we are not subject to loss from Saw Flies in this district it would not appear that Rescue should be grown here.

REGISTERED SEED

Every year some farmers in this district are disappointed in not getting Registered seed. Now is the time to place an order for your requirements. One local farmer ordered 60 bushels of Registered Ajax oats the other day. See the price list at your D.A. office.

THE FARM WIFE

Down in Minnesota a professor has figured that a farmer's wife, if a good one, is worth $69,000, maybe more. The D.A. has for free distribution, publications on raising poultry, bee keeping, dairy farming etc.

FARM ICE STORAGE

Now that threshing is over there is still time to dig an ice well or board up part of some shed for storing ice. Many farmers find that a supply of ice in the summer is worth far more than the effort put into the work. The plans are available at the D.A office.

PURE BRED SIRES

Under the pure bred sire policy, bulls can be ordered through this office at a reduction of 25% of cost. The freight is also paid. Now is the time to buy young bulls.

Pure bred boars and rams can also be ordered under freight free plan but there is no reduction in price.

BOYS' CALF CLUB

Applications are being received daily for calf clubs in this district. Any farm boy or girl between the ages of 12 and 20 can join one of these clubs. Calves should go on feed immediately. See your D.A. or write or telephone for the rules and regulations.

E. H. Buckingham, D.A.

Formation of Health Unit Discussed by Board of Trade

Dr. A. Somerville Guest Speaker

Board of Trade members and guests to the number of 45 listened to a very interesting address by Dr. A. Somerville, assistant deputy minister of health, province of Alberta, who spoke on "Formation of Health Units" on Wednesday.

Dr. A. Ben King acted as chairman of the meeting and other guests were Reeve J. Currie and councillor G. E. Clay of Vermilion River M.D. and S. Hinton, chairman of the Vegreville school division.

Wm. Stelmack and Mr. Kalweit, managers of the Vermilion hotel were welcomed on their first appearance at a meeting, as well as Cpl. King of Irricana and C.S.M. Swift of Edmonton.

Dr. Somerville dealt fully with the purposes of the health unit and stated that it was the ultimate intention to blanket the province with them. The fundamental purpose of health units is the prevention of disease. However the program was practically at a standstill at present due to lack of qualified personnel for staff, that is doctors, and nurses with the necessary special training. A health unit costs some $14,000 to operate and the cost is borne equally by the province and the area served. Thus if Vermilion River M.D. comprised the health unit here the cost would amount to the very small sum of 50c per person as the population of the area is approximately 15,000. It was found necessary to have the headquarters of such health units located in larger centres where proper facilities were available and for the sake of staff it was found almost impossible to keep adequate staff in small villages.

There are at present applications from six municipalities for formation of health units and these will be formed as staff becomes available.

Dr. Somerville dealt with a great many other points of interest and answered numerous questions following his talk. Preliminary to the address he showed a moving picture on health. He was heartily thanked by the chairman, Dr. King, for taking the time and trouble to visit Vermilion and for his interesting and enlightening discourse.

Young People Organize

Will Be Known as U. Y. P. S.

A short meeting of the young people was held in the United church parlors following the evening worship last Sunday evening Nov. 3. It was decided that a United Church Young Peoples Society be formed for the young people of 18 years of age and over. U.Y.P.S. will meet every second Sunday of each month.

A temporary executive was elected as follows:

President—Elaine Ewachniuk
Secretary—Evlyn Johansson
Social Committee—Arleigh Dixon, Marion Johansson
Program Convener—Clayton Reeves.

The meeting was ended by Rev. Reikie giving the Benediction. The next meeting of the Society will be held in the United church parlors immediately following the evening worship on Sunday Nov. 17. The evening's program will consist of a short devotional period followed by a singsong and a general discussion of the U.Y.P.S. Lunch will be served by the Social committee.

An invitation is extended to young people from other congregations within and without of Vermilion. The executive sincerely hope that the attendance will be large, so please keep in mind this date Sunday evening Nov 17th.

Grandson of Mrs. Law Killed in Edmonton

STRUCK BY CAR

Carman Ross Smith, 8-year-old son of Mr. and Mrs. David M. Smith of Edmonton, and a grandson of Mrs. A. Y. Law, was instantly killed Wednesday Oc. 31 when he was struck by a car at 152 street and Jasper highway. The little boy was running across the street to join his mother in a grocery store when the accident happened. Mr. and Mrs. Smith and family were on their way to visit Mrs. A. Y. Law at the time.

What about that Label date?

Vermilion Man to Judge at Toronto Royal Stock Show

J. I. Stephen, animal husbandry expert at the Vermilion school of agriculture, will judge the Oxford and Suffolk breeds of pure bred sheep at the Toronto Royal Winter Stock show which opens next week. Mr. Stephen has been at the school farm for the past two years.

LOCAL STOCK FOR TORONTO ROYAL

PRIZE ABERDEEN OF W. E. CROSS SELECTED BY PROVINCIAL DEPT. OF AGRICULTURE

A purebred Aberdeen-Angus steer belonging to W. E. Cross has been selected by the Provincial Dept. of Agriculture to compete in the Royal Stock show at Toronto. This Aberdeen is one of three of that breed chosen from the entire province to be taken east.

The purebred steer, Allandale Jacques Rex, is now 20 months old, and was bred and raised by the owner. It was shipped from Vermilion last week end to Calgary, where the Alberta stock was being gathered, and is now well on its way to Toronto.

Mr. and Mrs. Cross will both attend the Dominion's premier stock show.

Stock from this well known Aberdeen-Angus farm swept the classes at the Vermilion, Vegreville and Red Deer fairs this summer.

MILITARY NOTES

A Company, Loyal Edmonton Regiment (R) will hold a parade Wednesday Nov. 13 at 1930 hours at the Armories. All members and persons interested in joining the Unit are requested to attend. Latest recruits are T. W. Chapman, A. R. Dudlyke, C. E. Fry and L. C. Dowdell.

Regular Board of Trade Meeting Wednesday

Regular meeting of the Board of Trade will be held Wednesday next at 12:10 noon. The boards have now been cleared for new business and a full turn-out of members full of promotional projects is requested.

Some men fear responsibility more than they fear hunger.

OBITUARY

Very Reverend Jeremiah O'Sullivan

On October 29th, Very Reverend Jeremiah O'Sullivan, rector of Holy Name parish, Vermilion, passed away. Funeral services were held on Saturday morning November 2nd at 10 o'clock at the Holy Name church. The Office of the Dead was held Monday evening at 8 o'clock in St. Joseph's Cathedral, Edmonton. Solemn Requiem High Mass was held Tuesday, November 5th at 10:30 a.m. in St. Joseph's Cathedral. Interment took place in the Edmonton Catholic cemetery.

MORRISON NEWS

What lovely weather we are having. It has been grand to get all the threshing done. The Gould threshing outfit pulled in Wednesday of this week. Now for getting ready for the time when the snow flies.

A tea and handkerchief shower was held at the writer's home in honor of Mrs. Tillie Gould. It was a grand day and 25 ladies attended. Everyone was pleased to see Mrs. Earl Nelson and her sister Mrs. Walter Peterson of the Allandale district. Pink carnations centred the tea table. Everybody really enjoyed themselves after the busy season.

Mr. and Mrs. Bill Gillies, also Chrissie spent Sunday at the writer's home. Chrissie helped the writer when the threshers were here. Jean has been very busy also and she helped Mrs. McClelland during the time the men were there.

Quiet Hallowe'en

A quiet Hallowe'en was enjoyed in town last Thursday night, that is, it was quiet as far as actual damage was concerned but for plenty of the younger children Hallowe'en reverted to pre-war days. They made the rounds of the houses in duos, trios and various numbered groups, and in view of the scarcities it was surprising the varieties of the hand-outs they got.

Credit can be handed to Const. Steininger, R.C.M.P., for the lack of damaging mischief. The Constable went to the schools the previous day and in a talk which he made very interesting, pointed out the difference between harmless fun and the damaging of property. The visit of the "mounted policeman" was quite an event in the minds of the children and made a real impression.

ALLANDALE

A dance will be held at the Allandale school Friday Nov. 22. Proceeds for the Christmas concert. 27-8

Chatsworth Chatter

Threshing is practically completed now though some oats remain to be done when and if the weather holds good to dry them out. It certainly has been very nice to see folks get their grain in out of the weather. It had begun to look as though swathed and standing crops were going to be almost a total loss until the six-week spell of bad weather cleared off. This first week of November is reported to be a record breaker—not since 1904 has such mild weather been experienced.

Jack Mackenzie of Drayton Valley was a recent visitor to Vermilion, spending a few days here.

We are sorry to hear that Mr. McKenzie is not very well.

Mr. and Mrs. Joe Farkash, Jr., are the parents of a baby daughter, born Oct. 21st. She is to be named Donna Marie. Mrs. Farkash and baby came home from the hospital Friday 1st.

Miss Marie Tulodzieckl left for Edmonton on Tuesday 29th. She is taking a course in hairdressing and beauty culture.

Jim Panter is driving a nice looking Dodge coupe these days.

Some of the young folks have been skating on sloughs and lakes. However there are a few ducks around yet and they are keeping the lakes open.

The school children gathered at Jack Thompson's home for a Hallowe'en party last Friday evening.

Jim Panter now has the rafters up on the new house.

Folks who have to travel the road north from town have certainly got something to complain about now as it has been newly "gravelled" — the gravel being rocks of all sizes from pebbles to boulders (as one driver expressed it). It certainly is too bad that such large rocks have to be used and at this time of the year when it is impossible for them to be rolled into the road.

Side roads are quite rough and anyone travelling the east-west road to the north of E. Thompson's would be advised to keep out of the ruts there (if possible) as they are so deep that cars are having to be pulled out frequently.

The A.P.T. meeting which was to have been held on Wed., 6th has been postponed until Nov. 13th.

Miss Monaghan is beginning preparations for the Xmas concert.

Vermilion, Alberta, November 7, 1946

FATHER O'SULLIVAN

The sudden passing of the Reverend Father O'Sullivan of the Holy Name church came as a profound shock not only to his parishioners but to the town and community as a whole. During the twenty years that he labored so faithfully and zealously among his people he came to be known and revered by people of all faiths and who today mourn the loss of a kindly friend whose place will be difficult to fill. His jovial smile, his warm and felicitous hand shake will be missed; his thoughtful and impressive addresses mixed with wholesome wit and humor will be missed. Father O'Sullivan was a man among men; never once did he obtrude his beliefs and faith among others of different persuasion. He was loved and honored by all — a greater tribute could not be paid his memory. A man of splendid physique, broad and intellectual attainments, a generous and kindly heart, he was prepared at all times to sacrifice his time and talents to the betterment of the community. The welfare of all the people was to him a faith as deep as that of his beloved church. Father O'Sullivan's voice is stilled but the foundations for good that he reared will go on forever.

PERFECT AUTUMN WEATHER . . .

Indian summer weather continues for the third week with 60.8 being registered for the high temperature on Monday. Low point was 14.8 on Saturday. Highest temperature during October was 58 on the 19th with the low for the month on 11th of 12.4. Precipitation for October was 1.71. Of this 1.47 was rain with 2.6 inches of snow. For nine of the October days it either rained or snowed. The forecast is for remaining clear but cooler weather.

Threshing and harvesting operations are now completed throughout this area.

Equality won't come through the distribution of wealth but through a change of heart.

Flowers For London

Blossoms From Scilly Islands To Be Shipped For Winter Market

Acreage on the Scilly Islands devoted to vegetables during the war soon will be blooming again with narcissi, daffodils, arum lilies, calendulas, and other flowers for London's winter markets.

Under most favorable prewar conditions, says the National Geographic Society, these islands 25 miles off England's southwest corner shipped about 85,000,000 individual blossoms a year. Flowers bloom out of doors the year round at a latitude 650 miles north of New York City.

The warm Gulf Stream gives the islands a mild temperature ranging from 46 to 58 degrees, Fahrenheit. Starting plants outdoors in September and October, the islanders can supply the London markets in December or early January by forcing blooms under glass.

Because of gales, the tenderest flowers have to be protected by masses of purple-flowering veronica and tall hedges. The gales may send a salt spray to spot and blacken blossoms. They also may ruin cargoes by holding loaded ships in harbor until the flowers fade.

Scillonians who now number about 1,750, gradually turned florists some sixty years ago after a single hatbox filled with flowers was sent on a trial basis to the London market. Before that time the islanders had supported themselves by farming, fishing, and more precarious means. Only five of the 140 islets and granite reefs are inhabited.

FLAVOR IS BETTER

The Agriculture Department Consumer Section home economist says the best flavored sauce is made without peeling the apples, and besides it is a time saver. Wash apples, quarter them and discard any decayed portions. Cook until soft in a covered pan, adding just enough water to prevent burning, and press through a strainer. Sweeten as desired.

SALT FOR HOGS

Experimental Evidence Shows That It Is Valuable Item

There is an old wives' tale that salt is poisonous to hogs. All late experimental evidence shows that, properly included in the ration, it is a very valuable item. A note from the Drovers' Daily Journal is interesting in this connection.

"Last year at Swine Day, held annually at Purdue University, C. M. Vestal, in charge of hog feeding tests, reported that a penny's worth of salt saved 287 pounds of feed valued at $6.37. Hogs without salt gained only half as fast as those receiving it free-choice with their grain and supplement ration. During the 85-day test 81 pounds of extra gain was produced for each pound of salt consumed, $13 worth, based on the local price of hogs. The test was made with 90 lb. hogs.

"At this year's Swine Day Mr. Vestal reported on another test. He found that pigs receiving salt free-choice with their corn and supplement ration gained 75 per cent. faster than those without salt. The salt-fed pigs had an avreage gain of 84 pounds, while the others gained only 48 pounds a head. For each pound of salt consumed there were 29 extra pounds of gain. This alone gave the salt a high value in the ration. Besides the extra gain there was a saving of $7.12 in the feed cost of 100 pounds of gain when salt was fed, as compared with no salt in the ration. This saving amounted to $4.75 for each pound of salt fed."

Preserved In Glacier

Body Of Lizardlike Animal Was Washed Ashore On Alaska Coast

ANCHORAGE, Alaska.—Discovery of the body of a long, lizardlike animal—tentatively identified as a prehistoric tyrannosaurus or gorgonosaurus—has been reported by homesteaders at Anchor point on Kachamak bay in Cooks inlet.

The find, believed to have been preserved in a glacier until washed out into the bay and then ashore, had head and forefeet virtually intact and measured 18 feet 10 inches from tip to tip, according to Anchorage residents who flew to the scene.

(The tyrannosaurus, a descendant of the gorgonosaurus, stands 18 feet high and is some 38 feet long, according to the Encyclopedia Britannica. The gorgonosaurus is somewhat smaller and roamed the Alberta, Canada, region in the middle cretaceous period, some 65 to 85 million years ago.)

The animal, which washed ashore with some of the flesh still intact, was said by witnesses to have a tail five feet five inches long and two feet six inches wide at its juncture to the body. A head over two feet wide and three and a half feet long had a sharply pointed tooth row 18 inches long.

Make Good Students

Veterans Are Really Interested In Getting Ahead With Education

There was a time, in the twenties, when a young man, having nothing better to do, went to a university. That produced the type associated with the phrase, "Joe College". He wore a coonskin coat, and paid little attention to his academic work. He was at the university for a lark.

He was a very different boy from the ex-serviceman who is in attendance at the universities now. Canadian university heads describe the veterans as steady, interested in their studies, not given to useless frivolity, and very intent on making up for the time given to service in the forces.

According to a survey made by the department of veterans' affairs as of Aug. 31, 1946, about 40,000 veterans are in the universities.—Globe and Mail.

THERE'S A REASON

James Nelson, editor of the Weekly Journal, Cuba, Ill., tells his subscribers his paper is not up to standard, and explains the reasons. Because of the help shortage, Nelson said, he must "set the ads, the news, run the press, do job printing, wrap, mail and deliver the papers and sleep a little every other night."

There are approximately 900 species of flowering plants, trees and ferns on the Hawaiian islands.

"I want to tell you the first rule of health"

If you follow this rule you are almost certain to avoid many pains and aches and add years to your life.

The rule is, "Daily Movement of the Bowels". You know the emphasis your physician places on this rule. Why not take his opinion seriously and escape many ills and discomforts.

Dr. Chase's Kidney-Liver Pills can be of great help to you in carrying out this rule and at the same time help you to avoid serious ills by pepping up the action of the liver and kidneys.

Indigestion, biliousness and liver disorders —Backache, rheumatic pains and kidney ailments are soon relieved by this time proven treatment.

You can use Dr. Chase's Kidney-Liver Pills with confidence because of their proven dependability. 35 cts. a box.

Dr. Chase's Kidney Liver Pills

OUR COMPLETE SHORT STORY—

ABSENT-MINDED GEORGE

By M. J. COLLINS

Copyright Wheeler Newspaper Syndicate

To say that old George was absent-minded was to put it mildly, he could forget or mislay more things in ten minutes than an ordinary man could in a week.

He operated the corner grocery store and the only reason he made money was because he had a wife with her head in the right place.

The most noticeable thing in the store was a large old-fashioned safe that sat solidly opposite the door. George had bought it when he opened his store more than twenty years ago.

This morning one of his sister-in-law's children had met with an accident and George's wife had to go and help straighten out a very upset household.

"Now, don't go woolgathering!" She warned as she was leaving. "I haven't the slightest idea how long I'll be away but I'll phone and let you know how things are."

Business went on without a hitch and George was well pleased with himself, no muddling for him. Most of his business was on a credit system and this was the day his customers generally cleared up their accounts.

At closing time he had almost a thousand dollars to lock up. Just before he was ready to leave his wife phoned. The accident wasn't as serious as first supposed and she would be home for supper. A short time later George drove home.

While they dined George heard all the details. His wife was so much taken up with what had happened that she forgot to ask how things had gone at the store.

This was the maid's night off and he helped with the dishes.

"How much money did we take in today? Did old man Painy clear up his account?" She asked as he dried the last dish.

"Yes, yes he did. We took in almost a thousand dollars, and I put it away safely." He informed her with some pride.

"Are you positive of that, dear?" She asked pertly.

"Yes, locked tight and safe," he assured her. He put the dish towel on the rack behind the stove to dry. "I'm going to look over the paper and then go to bed, Bertha. I had a busy day at the store." He stifled a yawn.

"Why not take it upstairs and read in bed?" She suggested. "It would be much more restful."

"I think I will. It sounds like a good idea."

"The paper is in the magazine rack. I'll be up in a few minutes. I think I'll bring my knitting."

George awakened with a start. He shook his head trying to get his thoughts straightened out. Evidently he'd drifted off to sleep while reading. The lights were out and the gentle sound of Bertha's breathing came from the other bed.

The dream! That's what had awakened him. Someone had broken into the store and stolen the safe. Taken it clean away. He chuckled, not much danger of that, it weighed 700 lbs. Stretching out his full length he relaxed and then rolled over on his side to go to sleep. The money! Now he remembered, when Bertha phoned he'd forgotten it and left it sitting on the counter in the cigar box. If he wasn't the addled headed... Throwing aside the covers, he sat on the side of the bed. No sense in awakening Bertha.

"What's the matter, dear?" She was already awake. "I heard you twisting and turning and I wondered if you were sick." She switched on the bed lamp.

"When you phoned I forgot to put the money away." He told her ruefully.

"George!" She exclaimed with exasperation. "Will you ever learn! What are you going to do now?"

"I'm going down to the store and put it away." While he dressed he told her about the dream. Bertha laughed when she heard of it.

"Don't worry," she assured him, "you'll find it there in the very self-same spot."

In about half an hour he returned.

"Everything all right, dear?" Bertha asked sleepily when she heard him.

"Yes, I did leave the money sitting on the counter but it's safely locked up now. Guess I'll never learn to remember anything." George grumbled as he rolled into bed.

Next morning they were at the store bright and early.

"George, you didn't lock the door!" Bertha cried with vexation. "You go from bad to worse." Opening the door she walked in while George was still fumbling for his keys.

"I locked it, I'm positive." He expostulated, but he had only Bertha's angry back to talk to.

When he closed the door he immediately had a premonition that there was something amiss. Looking at the end of the store he realized what it was, there was only an empty space where the safe had always stood.

"Oh, migosh, Bertha!" George jumped up and down with excitement, waving his arms and shouting. "It's gone, our safe, it's gone."

"Heavens to Betsy!" Bertha cried. "The police. I'll phone the police." And she rushed to the phone.

"What do you know," George shook his head incredulously, after all these years."

About two hours later the police found the safe in a ravine on a side-road about four miles from town. George drove out immediately to see what there was to be done. There was a constable on guard as well as a plain-clothes detective wearing a trench-coat. The safe door was blasted open and it was bare.

"Could you give us a list of the contents?" the detective requested. "It'll help us in our work."

"List!" George looked sheepish. "Well, to tell the truth when I bought the safe twenty years ago I forgot the combination, and the old fellow that sold it to me moved away and I never did get around to getting it. We kept it just for show, officer. Always keep our money in a strong box under the counter.

Says Rheumatic Pain Runs in her Family
But Safeguards Health With Kruschen

Many people seem to think, because a complaint runs in the family, that there is little they can do about it. On the contrary, all the more reason for taking steps to avoid it. Especially if that complaint is rheumatic pain. Read how one woman keeps free from it:—

"Rheumatic pain runs in my family. My father suffered very badly with it. I have been taking Kruschen Salts, off and on, for about seven years, a little morning dose, in my first cup of tea. Kruschen is a great help in keeping rheumatic pain out of my shoulders. My general health is very good. I am 67 and can do a day's work with anyone. I would not be without Kruschen."—(Mrs.) A.B.S.

The whole secret of Kruschen is in its action upon the organs of elimination. Kruschen helps these organs to remove from the body the acid deposits which give rise to rheumatic pain. So try the morning dose of Kruschen for the next month or so. For rheumatic pain, take half to one teaspoonful in hot water first thing in the morning. Two sizes: 25c and 75c at your drug store.

Weekly Press Valued

Has Advanced With The Times And Reached Field Of National Benefit

The weekly press was the pioneer in journalism in this country and it has recorded history from generation to generation, said George James in a lecture on journalism at D'Arcy McGee High School, Montreal.

Mr. James, editor and publisher of The Bowmanville Stateman, outlined the development and the place of the weekly press in Canada.

He stated that the weekly has advanced with the times and through a national association has reached a position in a field of journalism of national benefit.

Rhubarb was introduced into western Europe from Russia in the 16th century.

TEA

SELECTED

RECIPES

DEVIL'S FOOD CAKE
(2 eggs or 3 egg yolks)
2 cups sifted Swans Down cake flour
1 teaspoon soda
¼ teaspoon salt
½ cup butter or other shortening
1¼ cups granulated sugar or firmly packed brown sugar
2 eggs or 3 egg yolks, unbeaten
2 or 3 squares Baker's unsweetened chocolate, melted
1 cup milk
1 teaspoon vanilla

Sift flour once, measure, add soda and salt, and sift together three times. Cream butter, add sugar gradually, and cream together until light and fluffy. Add eggs, one at a time, beating well after each; then add chocolate and blend. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Bake in two greased deep 9-inch layer pans or three greased 8-inch layer pans in moderate oven (350 deg. F.) 25 minutes, or until done. Spread Sea Foam Seven Minute Frosting between layers and on top and sides of cake. Cover top with Chocolate Coating.

Sea Foam Seven Minute Frosting
2 egg whites, unbeaten
1½ cups brown sugar, firmly packed
Dash of salt
5 tablespoons water
1 teaspoon vanilla

Combine egg whites, sugar, salt, and water. Cook as for Seven Minute Frosting. Add vanilla before spreading on cake. Makes enough frosting to cover tops and sides of two 9-inch layers, or top and sides of 8x8x2-inch cake (generously), or about 2 dozen cup cakes.

Note: To cover tops and sides of three 10-inch layers, prepare this recipe twice.

Chocolate Coating
(To cover frosting)
2 squares Baker's unsweetened chocolate
½ teaspoons butter

Melt chocolate and butter over hot water and blend. When frosting on cake is set, pour slightly cooled chocolate mixture from tip of spoon over cake, letting it run down on sides. Keep cake in cool place until chocolate is firm.

BUT IT WAS SOAP

Samuel Schofield of East Weymouth, Mass., ordered some Second Great War army surplus commodities—and reports he received 64 bars of soap made for use in the civil war. On the label of each piece was the slogan, "Save soap to win the war," and the stamped signature, "Commander-in-chief, Abraham Lincoln."

The national salute to the American flag consists of one shot for each star therein. 2697

FOR REDUCING DIETS

Only Flowers Survived

Scarlet Geraniums In Field Mark Spot That Once Was Lidice

A patch of scarlet geraniums in a weed-grown field—that is the only indication today that humans ever lived on the spot that once was Lidice.

The flowers survived fire, explosives and industrious leveling operations of Nazi workmen, who even changed the course of a brook to erase all traces of Lidice. But the geraniums, left in a trampled garden when the woman who had tended them was shoved into a truck for the journey to Ravensbrueck concentration camp, have thrived in the midst of desolation.

JUST CARELESSNESS

Carelessness in when and where we smoke, and how we dispose of the lighted match or the cigaret butt, is the cause of more than 30% of all destructive fires.

WOODVALE

November again, but still there is an odd machine threshing. We hear Johnny Tattersall still has the whole first week to work. Let's hope the promised snow will stay away that long. Everyone else is stacking their greenfeed and oats, the latter was on many farms too green to thresh and there is lots of feed in the country — also large numbers of horses and cows on the road allowances despite the herd law! In fact there seem to be more than usual, they will probably be rounded up as soon as fields are cleared. Despite the heavy frosts a few summer birds are still lingering on. Mrs. O. Wolters and the children saw a robin the last week in October while her husband shot a crow the same day.

Mr. and Mrs. Alec Ross have moved to the Turkey Hill district, where they hope to buy a farm. They moved their house too, we saw it one Sunday standing on the road, curtains gently flying in the open window — but nobody at home!

Several carloads of friends and relations charivaried Mr. and Mrs. Art Lysons and spent an enjoyable evening playing cards and monopoly. The brides on these occasions always have to bustle and bustle to provide a lunch, but Betty was lucky that so many helpful ladies came along. Even the dishes were washed before they left.

Mabel and Clarence Lysons are attending the V.S.A. this winter. Mabel is taking first year home economics and Clarence 2nd year agriculture.

Jack Lysons and Bert Portsmith are planning a hunting trip again this fall.

Bert McLean had his truck badly damaged when loading coal in Borradaile and the train started to move.

The picture show at Ganton school sponsored by the U.F.A. local was greatly enjoyed by a good crowd — quite a number dropped in after a hard day's threshing and several were at the charivari the night before so the show must have been good to keep everyone awake! These shows get better every year and the colored ones are really wonderful. The short but interesting talks by Mrs. W.C. Taylor, Mr. D. Thornton and Mr. A. B. Wood were very much appreciated.

The children had a Hallowe'en party on Thursday afternoon with four ladies as guests. It was very hard to decide who had the best costume — they were all designed and made by the children. There were pumpkins, witches, tramps, brides and a fat lady in continuous peril of losing her overweight. Ernie Isley finally got the prize, he was a very comical tramp. Games and contests were enjoyed and the girls served cocoa and a most wonderful lunch to their guests and to the boys. A final contest could have been held of who gained the most or had the biggest expansion of waistline after the lunch. It was a good thing maybe that the ladies all had to walk home.

Mrs. Ben Johansson and little son Hughie are spending several weeks at the home of their aunt and uncle Mr. and Mrs. C. McGrath. The latter are moving into their new home and Jean is helping them to get settled. We hear that their old house, which must be one of the oldest in our community, will be torn down and with it will disappear an old landmark and place where most of us have received much hospitality and kindness. Luckily the friendly couple residing in it are going to stay in our midst, we hope for a long time to come. Mr. and Mrs. McGrath will celebrate their 52nd wedding anniversary in their new home on Nov. 11th and as their golden wedding day through serious illness in the family went by unnoticed, we most sincerely wish them a very pleasant day with their children, grandchildren, relatives and friends, and many more years of happiness.

Flu has been going around and several people have been sick in bed. Bill Whitlock was so ill that he required hospitalization. Mrs. Russell Smith's condition after her operation was so serious that she needed several blood transfusions, but was last reported as improving. Charlie Friedland has not been so well this fall either and was in the hospital for a short time. He went to spend a few weeks with his daughter Mrs. E. Dilcox in Cherry Grove. We hope he is feeling better on his return. We wish everyone a speedy recovery.

Father O'Sullivan's death will be greatly felt by his parishioners and many friends in the district. These tragic hunting accidents always make a deep impression and still they occur every year.

The World of Wheat

By H. G. L. STRANGE
Director, Research Department,
Searle Grain Co., Ltd.

OUR FARMERS LOSING 63 CENTS A BUSHEL

A farmer friend wants me to state in this column whether Britain is re-selling Canadian wheat to other countries — which Britain purchases from Canada at $1.55, basis 1 Northern Fort William—and who receives the profits on such re-sales.

The British Government does not divulge this information. Britain has the right under the Wheat Agreement to re-sell Canadian wheat that she buys at $1.55 at any price she can secure, and anywhere she pleases. When she re-sells Britain keeps the profit. It would seem incredible that countries like South Africa, New Zealand, Newfoundland, Denmark, Holland and others who want Canadian wheat should pay Canada $2.18—the official board price—when Britain will have a surplus of Canadian wheat and can sell it at a cheaper price than $2.18 and make a profit for herself. The British Government did announce in August that it intended to re-sell some of this wheat to Germany. It also seems amazing to think that Germany, our late enemy, can have wheat supplied to her at $1.55, and that countries which were our Allies in the war and as close as Newfoundland, would be expected to pay $2.18.

In any way we look at it our prairie farmers are losing 63 cents a bushel on all the wheat we sell to Britain, and on all that Britain re-sells to Germany and others.

Snoring

Snoring and breathing through the mouth are serious matters not always given the special attention they deserve. For instance, doctors know that mouth breathing, in children, can lead to pronounced change in actual facial structure.

Snoring indicates failure of the nasal passages to perform their proper functions and is common among those suffering from some form of blockage of the nose.

Medical advice should be sought for the chronic mouth-breather and where there is a tendency, particularly in cold weather, for a child to develop nasal colds with persistent discharge, the family physician should be consulted at once.

An Historic Moment

—Hon. W. A. Fallow, minister of public works and Mayor J.W.G. Morrison of Vermilion shown cutting the ribbon that officially opened the Vermilion air field on October 9th. Vermilion is the only town in Western Canada to develop an air field on its own initiative and endeavor to the point where it meets the requirements for a license issued by the Dominion department of transport.

Development of the air field has been a major project of the Board of Trade and town council for several years past. Further interesting announcements affecting air field development are likely.

The minister of public works has donated several days work on the field with big power equipment and this work was done during the past week. It consisted of smoothing out and taking off the high places on the runway extensions which were made this year.

GUEST ARTIST

Carlo Corelli, Toronto-born lyric tenor, who appears as guest star on the Northern Electric Hour on Monday evening, November 4. Well known in operatic circles throughout the United States and Europe, Mr. Corelli will sing "Che Gelida Manina" (from "La Boheme") and a medley of Italian folk songs. Carlo Corelli appeared on the program last season and returns for a second engagement by popular request.

Empire And U.S. To Standardize Weapons Of War

LONDON. — Authoritative British military informants said that British Empire and American political and military chiefs have agreed in principle to standardize land, air and naval weapons and munitions to fixed United States sizes and patterns.

Informants said the issue of weapon standardization first was broached by Prime Minister Mackenzie King of Canada during the conference here last April of Commonwealth prime ministers.

Mr King, these sources said, told the conference that Canada was convinced her territorial integrity and future security were inseparably linked with those of the United States and that defence strategy had to take into account the technical, productive and scientific resources of the United States.

Prime Minister Chifley of Australia and Walter Nash, New Zealand deputy prime minister, expressed similar views concerning their countries.

The military informants said A. V. Alexander, defence minister-designate, would give the standardization decision practical effect as soon as he takes office.

Asked whether such an agreement implied the conclusion of a formal military alliance between Britain and the United States, an army source said: "No, but it does mean a deliberate decision from the British side to settle any disputes that might arise in the future by discussion."

The source said Britain and the United States were continuing to exchange information on military weapons development—more than a year after the end of the war—adding: "I don't believe there is a single military secret between ourselves and the Americans."

In practice, it was said, the arrangement will mean that in any future emergency Britain would be able to order most of her military requirements from the United States with considerable less trouble than in the last war.

The informants suggested it would take a minimum of 10 years to complete the British conversion.

Shipping Of Wheat West Will Continue

OTTAWA.—On recommendation of the Canadian wheat board wheat shipments west to Vancouver will not be cut off for the time being, at least, as the grain flow east to the lakehead and from lower lake ports to Montreal is now reaching satisfactory proportions. The board has informed the transport control officials in Ottawa that if the present eastward service is maintained by the railways, the wheat board will be satisfied.

Of the 31 grain freighters which were waiting empty at Montreal some ten days ago, ten have been filled and sent on their way to Europe.

In the meantime, there has been a great increase in the movement of grain from the lake head to the lower bay ports. The railways have rounded up all available cars from other services to keep the grain moving from the prairies to the lake head and from the lower bay ports to Montreal.

The Canadian transport controller is also speeding the movement of American open cars and gondolas back to that country in order to press the claims for return of Canadian box cars for grain haulage.

Where a week ago, the overall picture of car exchange between the two countries showed 11,007 more U.S. cars in Canada than Canadian cars in the U.S. this surplus has now been cut to 8,898, by the return of gondolas and open top cars.

When the overall surplus in Canada is reduced to some 5,000 U.S. cars, the Canadian office will then be in better position to demand quick return of the surplus of Canadian box cars held in the U.S. lines.

USED FORMER COMMANDO TACTICS TO CAPTURE EAGLE

SMITHERS, B.C.—A former commando, Robert Robinson of Ocean Falls, B.C., captured an eight-foot eagle alive at Babine lake, near Smithers, B.C., by using tactics he learned during the war. Drifting on Babine lake in a boat he spotted the eagle on shore, eating salmon. Robinson stripped, plunged into the lake and swam under water to take the bird by surprise.

REPORT DENIED

LONDON.—Prime Minister Attlee denied in the house of commons that Britain had agreed to recognise Egyptian rule over the strategic Sudan. He said recent conversations on the matter were "conducted on the understanding that they did not commit" either Egypt or Britain.

GOOD NEWS

Taxpayers To Get Returns From Compulsory Savings Plan

OTTAWA.—Canadian income taxpayers are due to get $50,000,000 back shortly, but it was paid so long ago that probably a lot of them have forgotten about it.

In 1942 the government introduced a compulsory savings plan as part of the income tax set-up. The plan continued until mid-1944. Altogether individual income taxpayers were compelled to lend the government about $260,000,000 and $50,000,000 was for the 1942 assessment.

They are scheduled to get that 1942 assessment back by March 31, 1948, with two percent interest. Their compulsory savings in the 1943 assessment—which amounted to about $115,000,000 will be repayable a year later and the 1944 assessment, which was for only half a year—$95,000,000—a year after that.

The plan was introduced by the government to bolster the lending scheme, necessary to finance the heavy war expenditures, and to drain off excess income which would have had an inflationary tendency during the war.

The actual amount which individuals get will vary greatly. The compulsory savings plan required taxpayers to set aside varying percentages of their tax in savings.

A single person with no dependents earning $56 a month, for instance, was required to save 24 cents a month, while a person in the same category earning $400 a month had to save $28.80. A married man with two dependents in the $100 a month class had to save $1.06 and if he earned $400 a month had to save $32.40.

Actually the compulsory earnings did not run as high as that because the taxpayer was allowed to offset against them such normal savings as life insurance, payments on a superannuation scheme or principal payments on a mortgage, so the figures set down on tables were sharply reduced, and in many cases wiped out altogether.

The roar of the Iguassu falls of Brazil can be heard 15 miles away.

QUEBEC POLITICAL LEADER DIES—P. J. A. Cardin, 67, a leading figure in Quebec politics since the time of Sir Wilfrid Laurier, died at Sorel, P.Q. following a heart attack. His death opens the House of Commons seat of Richelieu-Vercheres he held for 35 years. Mr. Cardin was three times a minister in the governments of Prime Minister King and, after the death of Ernest Lapointe, the prime minister considered him his oldest cabinet colleague.

SUGAR BEETS

Premium Offered To Induce Quick Harvest

LETHBRIDGE, Alta.—A premium of 75 cents per ton for sugar beets was offered farmers in this area as an inducement to quickly harvest the estimated 90,000 tons of sugar beets still in the ground.

This tonnage, having an estimated value to growers of $1,200,000 and representing 25,000,000 pounds of sugar to the Dominion, was buried by up to two feet of snow in the storm at the end of last week that completely stopped harvesting.

Sugar factory operators at nearby Raymond and Picture Butte, said the premium will be paid on all beets dug and delivered from now until conditions for digging become normal again.

British Delegate Optimistic For Future Of U.N.

NEW YORK.—"The United Nations' chances of success are greater than those of the old League of Nations were at any time," says Air Secretary Philip Noel-Baker, leader of the British delegation to the UN assembly here.

Mr. Noel-Baker was in at the birth of the League of Nations and followed it through to its failure. He was chief of the British delegation to the Geneva-based pre-war body.

To those who are skeptical of the United Nations' future, the veteran British diplomat has this to say:

"None of the big powers, such as Britain and France, were really behind the league. They didn't think it would work from the very beginning.

"Another thing, the United States was not in the league, although it had been proposed by President Wilson. Russia was absent, too."

In comparison, Mr. Noel-Baker has this to say in favor of the United Nations:

"The first United Nations assembly in London, in all technical ways, not only started where the League of Nations left off, but it was better.

"And remember this: President Truman, Prime Minister Attlee, Secretary of State Byrnes and Foreign Minister Molotov speak with far more authority than anyone could speak in the early days of the league.

"The Russians have shown that they are loyal to the United Nations. They have declared time and again that they are behind the United Nations."

The British diplomat warned, however, against jumping to the conclusion that differences and arguments will not arise in the United Nations.

Haiti's unit of currency is the gourde.

AIR MAIL RATES

Postage From Canada To Almost Every Country Is Cut

OTTAWA.—Postage on air mail from Canada to countries in almost every part of the world is reduced.

Postmaster General Bertrand said the reduction was made possible by adoption of a new weight unit by one-quarter-of-an-ounce to replace the former half-ounce unit.

A quarter-ounce air mail letter from Canada to the United Kingdom or Europe will require 15 cents' postage compared to the 30-cent, half-ounce charge now in force.

Rates on air mail within Canada or to Newfoundland remain at seven cents for the first ounce and five cents for each additional ounce. Letters to the United States will cost seven cents for the first ounce and five cents—instead of six cents—for each additional ounce.

Other quarter-ounce rates:

Bermuda, West Indies, British Guiana, Mexico, Cuba and Central and South America—10 cents; Hawaii—15 cents; Guam, Philippines, China—25 cents; Africa—25 cents.

Mr. Bertrand said the new regulations do not affect the "Canada air letter", a form combining envelope and paper.

DUE TO WEAKNESS

Winston Churchill Blames League Of Nations For Allowing Germany To Rearm

LONDON.—Winston Churchill was made a Freeman of the Borough of Beckenham in recognition of his leadership during a war which, he said, need never have been fought.

"There was no need whatever for Germany to have been allowed to rearm," Britain's wartime prime minister said in a brief acceptance speech, blaming "lassitude, weakness, putting off until tomorrow what ought to be settled today" for the league of nations' failure to forestall Hitler.

What the victorious powers will do with their victory, Mr. Churchill said, "is one of those mysteries of the future that I shall not attempt to plumb."

Dominion Helps Alberta With Huge Dam Project

Development of the most ambitious irrigation program ever undertaken in Canada is gaining momentum in southern Alberta after construction work on the $6,000,000 St. Mary river dam southwest of Lethbridge was inaugurated by Rt. Hon. C. D. Howe. Under the proposed scheme the federal government will build numerous dams, reservoirs and hundreds of miles of main canals to make water available for irrigation from the St. Mary, Milk, Waterton and Belly rivers. Rt. Hon. C. D. Howe, left, and Premier E. Manning wear helmets to go underground. W. L. Foss, centre, is engineer. Feasting on corn at St. Mary's, Alta., dam site, key of the $20,000,000 irrigation project, are J. Blackstone, M.P.; Mr. Howe and Sen. W. A. Buchanan. Dominion and Alberta share costs.

Molotov In New York Says Russia Is Working For Peace

Russia is working for peace, V. M. Molotov, left, said as he landed in New York after Atlantic crossing aboard the giant liner Queen Elizabeth. The Soviet foreign minister is seen being greeted by Andrei Gromyko, United Nations delegate. Shown at right is Andrei Y. Vishinsky, vice-foreign minister, who also made the transatlantic trip.

Plans Fight Against Threat Of Inflation

OTTAWA.—Donald Gordon, plain-spoken prices board chief, has decided to step back into the public relations picture and give the Dominion a series of pep-talks to combat what the board considers the worst inflation threat since early in the war.

In a series of five-nation broadcasts which will constitute the most concentrated amount of public "selling" he has undertaken since the campaign for institution of price stabilization in 1941-42, Mr. Gordon will discuss price control generally, foods, clothing and rentals, and the contentious subsidy question.

Representations and inquiries to the board show that concern and uncertainty about the future of controls in the Dominion are greater even than early in the war when ceilings were first imposed. Officials lay the reason for this anxiety to three main factors, which have developed threatening proportions in recent months:

1. The decontrol program in the United States, where prices on some commodities have soared since ceilings were removed.
2. Representations by countless groups which have urged removal of controls immediately affecting themselves but at the same time protested against removal of related controls which would affect them adversely in other ways.
3. Concern by the general public over the lifting of basic controls like rent, food and clothing, and consequent misleading rumors and speculation.

Mr. Gordon's talks will embrace not only an explanation of the present difficulties facing the administration but also are expected to provide a definite picture of the government's future plans for decontrol.

The U.S. decontrol program in particular has Canadians worried because Canada's economy is inevitably bound to that of her southern neighbor. Increased prices due to lifting of O.P.A. regulations mean, in many cases that Canada will have to increase subsidies on needed imports if the price of such goods is to be kept at basic levels.

Main commodities falling under this category are cotton, coal and manufactured articles of various kinds.

WILL BE REMOVED

Subsidy On Wheat To Be Lifted At Earliest Possible Date

CALGARY. — Federal Agriculture Minister Gardiner said the 30-cent a bushel subsidy on wheat paid by farmers to Canadian flour mills will be removed "at the earliest possible date."

In a telephone interview with the Calgary Albertan Mr. Gardiner, now at Ottawa, confirmed a statement made by the Alberta Farmers' union that the subsidy will be removed shortly. He said "no specific date was indicated."

The Canadian wheat board, which handles all wheat grown in Canada, sells it to Britain for $1.55 a bushel and to Canadian flour millers for $1.25 a bushel.

Farm organizations have contended if a subsidy is to be paid to provide Canadians with cheap bread all classes and taxpayers should contribute equally.

About 50,000,000 bushels of wheat is consumed by Canadians annually. Removal of the 30-cent subsidy paid by the producers would mean an extra $15,000,000 annually to western Canadian wheat farmers.

NO DECISION YET

Prices Board Not Sure Whether Butter Ration Will Be Cut

OTTAWA.—Prices board officials are giving increasing attention to the question of a plan for Canada's butter ration this winter, but have so far come to no conclusion, and the prospects are there will be no change in the present six-ounce ration at least during November.

One prices board official said that it was "touch-and-go" whether the Dominion would have to cut back on the ration. He said it was expected a decision would not be made for a fortnight.

One question being closely studied by officials, but on which no definite figures are yet available, is the amount milk consumption by the general public has been cut by the removal of subsidies on whole milk. Removal of producer and consumer subsidies in June and September has resulted in a five-cent increase to consumers in most provinces, but so far as has been learned up to date, this has not greatly decreased consumption.

NEW RECORD AVERAGE FOR HEREFORD CATTLE

CALGARY.—Setting a new record for cattle sales in Canada 48 registered Herefords from the Pine Coulee ranch, near Staveley, were sold for $35,125, an average of $731 each.

Top price was paid by Henry Yager of Oregon for Royal Britisher, only son of the $15,000 Hereford bull, Duchess Royal Domino. 2907

Death and Funeral of Mrs. Julia Kennedy

Mrs. Hannah Julia Kennedy, a resident of the Vermilion district for many years, passed away Sunday, October 20th at the Royal Jubilee hospital, Victoria, at the age of 72. Mrs. Kennedy who was born at Windom, Minnesota, had spent most of her life at Vermilion moving to Victoria a year ago to make her home with her daughter, Mrs. J. M. McKenzie.

Mrs. Kennedy is survived by six daughters: Mrs. Kenneth Kennedy, Green Bay, Wisconsin; Mrs. Eleanor Farley, Vermilion; Mrs. J. M. McKenzie, Victoria; Mrs. J. L. Murray, Chilliwack, B.C., Mrs. A. A. Bishop, Sydney, N.S., and Mrs. E. Robertson, Edmonton; one son, W. Gordon Kennedy, Grand Forks, B.C.; four brothers, Sankow, Henry, Sam and Charlie Moe; also two sisters, Mrs. Clara Haynes and Mrs. O. M. Stamner, all residing in the United States; 11 grandchildren and one great-grandchild.

Funeral services were conducted by Rev. Mrs. E. M. Smiley at the parlors of the S. J. Curry and Son Funeral home, and interment took place in the Royal Oak Burial Park. All the children except Mrs. Bishop (Cleo) were able to attend the funeral. Other out-of-town relatives present were Mr. and Mrs Charlie Moe from Vancouver, Wash., Mrs. Anna E. Gibbs, Seattle, and Mr. and Mrs. Dennis Farley, Jordan River, B.C. The pall bearers were Mr. George Jacklin, Mr. Wesley Trimble, Mr. Fred W. Faunch, Mr. Bill Barnes and Mr. E. Brooks, five of the above being old friends and neighbors from Alberta.

Floral offerings were from: The Family; Gladys, Jim and family; Bill, Lyle and Rachel; Laura and Fred Faunch; George and Laura Jacklin and Lillian; Maurice and Marie Stanley; Margaret and Gil; The Chesterfield Family; The Nash Family; Mrs. Richardson and girls; Ethel and William Jellis; Lavada and Viola; The Easton Family; Alfred P. and Mrs. Aitkin; Wes and Nellie Trimble; Jean; Thelma, John and Audrey; Dennis and Isobel.

Mrs. Kennedy will be missed by a wide circle of friends in the Vermilion district and wherever she has lived, for in spite of her gentle, retiring nature, she had a quiet sense of humor and a warm kindliness that endeared her to those who came to know her well. She was most active in Red Shield work and gave unstintingly of her time and energy to this activity. But it is as a mother that she will be chiefly mourned. Her life was devoted to her family, and though in later years they have been widely scattered, yet, as Lamartine once wrote, "The loss of a mother is always felt; even though her health may incapacitate her from taking any active part in the care of the family, still she is a sweet rallying point, around which affection and obedience and a thousand tender endeavors to please, concentrate." This has been very true of the Kennedy family, and their many friends extend to them their deepest sympathy in the loss of their mother.

Eight Judges For Barley Awards

Headed by Dr. F. J. Olson, Professor of plant science of the University of Manitoba, a panel of eight judges has been chosen to make the Regional, Provincial, and Inter - provincial awards in the $25,000 National Barley contest sponsored by the Brewers and Maltsters.

The seven, in addition to Dr. Olson who is the chairman of the panel, are: Dr. A. G. McCalla, Professor of Plant Science in the University of Alberta; Dr. J. B. Harrington, Professor of Field Husbandry, U. of Sask., A. M. Wilson, Alberta Field Crop Commissioner; S. H. Vigor, Saskatchewan Field Crop Commissioner; Robert Whiteman, Prov. Agronomist for Manitoba; F. Ludlam, Chief Inspector of the Board of Grain Commissioners for Canada; J. E. Blakeman, District Inspector at Winnipeg of the Plants Products Division of the Dominion Dept. of Agriculture.

In addition, there are two consulting judges whose services are available if needed, A. T. Ehlers of the Canada Malting Co., and D. S. Kaufman of the Dominion Malting Co.

The judging will be done in the Inspection Branch of the Board of Grain Commissioners, Grain Exchange Building, Winnipeg. Contestants have already been notified of extension of the time for getting in their applications for grain judging.

If the barley is being held on the farm for seed the new date for filing applications for sampling of it is December 1st. If the barley is being shipped the application for judging must be mailed on or before Dec. 15. The old date was Nov. 30.

Vegreville School Div. Board Holds October Session

DATES ARE SET FOR SUB-DIVISIONAL MEETINGS

The Board of Trustees of the Vegreville School Division which includes many schools in the Vermilion district was held at the division office, Vegreville on Friday, Oct. 25.

Chairman Hinton presided with Trustees Porayko, Cole and Henderson present.

Minutes of the previous meeting were adopted and reports of Treasurer and Superintendent were heard.

Correspondence and accounts were gone over and direction given on matters therein.

Lake Gilray school has now been opened under a correspondent supervisor with some 8 pupils attending.

During the months of Dec., Jan. and Feb., rural schools will open at 9:30 each morning.

The Board authorized the leasing of Minburn teacherage for 5 months at $20 per month.

The Superintendent's report showed that the various municipal medical services within the Division now offered preventive inoculations to all pupils.

The Board heard a claim from Robt. Roy of Minburn for damages due to an accident on the Minburn school grounds in which his daughter sustained a broken leg. The Board agreed that when his claim was submitted in writing it would be forwarded to the insurance company for settlement.

The Board appointed the following as delegates to the School Trustees' convention in Calgary Nov. 13 to 15: Chaiman Hinton and Trs. Cole and Porayko. The other trustees will be alternatives.

The Division will also pay the expenses of two delegates from the local School Districts Assoc. to the convention.

Annual meetings in Subdivisions will be held as follows:

Subdivision 4: Orange Hall, Mannville, Tues., Nov. 26; Subdivision 5, Stellaville school, Wednesday, Nov. 27; Subdivision 3, Innisfree hall, Innisfree, Thursday, Nov. 28; Subdivisions 1 and 2, Divisional office, Friday, Nov. 29.

The term of office expires at the end of this year for Trustee Porayko in Subdivision 1 and Trustee Henderson in Subdivision 4. Nominations for the office of trustee will be called for in these subdivisions at their annual meetings.

The Board adjourned, to meet again at the Divisional office on Friday, Nov. 22 at 10 a.m.

—Vegreville Observer.

Bo[illegible]tell Bulletin

The district was shocked to hear of the sudden death of Father O'Sullivan who will be greatly missed by everyone. His cheery personality and warm word of greeting were well known over a very wide district.

Mr. Ike Watson fell while fixing a chimney on the Morrison farm and is now in hospital.

Mrs. Repp expects to leave for Montreal in the near future where she will spend a month's vacation.

Mr. and Mrs. Tom Sherwood and baby Frances were dinner guests at the Perkins' home on Sunday.

The next Busy Bee meeting will be held at the home of Mrs. Jones on Thursday Nov. 14th, weather permitting.

Mrs. N. Imogan was a visitor at the Rochford home Thursday evening.

Diana Risdale was a recent patient in the Islay hospital suffering from pneumonia.

Quite a number of the young people enjoyed a skating party and weiner roast on McClellan's farm recently.

Ker-Choo!

Minute particles sneezed or coughed out by people with colds cause trouble. The Dept. of National Health and Welfare, Ottawa, has issued a warning against spread of such ailments as the common cold, coughs, influenza and some of the fevers, through so-called "droplet infection".

It is a matter of sheer hygiene, as well as of common decency to confine your sneezing and coughing within your handkerchief or sanitary tissue," declared a medical officer. "This is particularly important when the affected person is among others, and endless troubles may arise from one careless sneezer in a crowd."

If all the freight, passenger and work equipment of the Canadian National Railways were coupled together—excluding locomotives—they would make a train 852 miles long.

Health LEAGUE of CANADA presents TOPICS of VITAL INTEREST

VACCINATION STILL NECESSARY

Most everybody knows what smallpox is, but not many of the present generation have seen a case.

Smallpox is a killing disease, and it disfigures those it does not kill. Once the most dreaded of all diseases with epidemics which wiped out one-tenth of the population at a time, smallpox is a disease against which there is no natural immunity.

The disease may be almost forgotten, but there are still cases occurring in Canada. And, the recent outbreak on the United States of the Pacific Coast served as a warning that smallpox has not altogether disappeared.

However, it has been practically wiped out through vaccination—a protective process which immunises the recipient. Vaccination should be repeated every seven years, or during an epidemic.

The Journal of the Canadian Medical Association stated recently that heavy post-war travel is facilitating the spread of smallpox into areas usually relatively free. The Journal stated that there is "definite risk" of scattered outbreaks in Canada and, because it could not be claimed that Canadians were adequately protected, suggested a campaign in support of vaccination and re-vaccination.

Answer To Last Week's Puzzle

WORLD HAPPENINGS BRIEFLY TOLD

St. Cross hospital, at Winchester, England, run by the Order of Noble Poverty, has marked its 500th anniversary.

To speed up salvage operations, the British admiralty is experimenting with underwater photography of wrecks.

A notice went up in the window of a tobacconist's in Regent's Park, London, recently: "Closed for 20 minutes—stocktaking."

Finders of a 300 A.D. collection of Roman silver, S. Ford and G. Butcher have been offered £1,000 ($4,000) each by the British Museum.

The R.A.F.'s No. 147 transport squadron has carried 152,000 passengers and 42,000,000 pounds ($168,000,000) worth of freight without mishap.

Coal production in Alberta for the nine months ended Sept. 30 was nearly 1,000,000 tons ahead of last year, John Crawford, chief inspector of mines, announced.

Wolf hunting by aircraft on a large scale is planned this Winter in Russia following last year's experiments when more than 100 wolves were shot from planes on one occasion.

Viscount Mountbatten of Burma, who received a peerage for services as Allied commander in Southeast Asia, Wednesday has taken the oath as a member of the British house of lords.

Tipping Services

"Just A Mess Of Hooey!" Says The Ottawa Journal

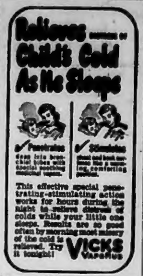
The Journal continues: "If the people who make a living getting out sheets on the stock market knew what was going to happen to the stock market they wouldn't be making their living getting out such sheets; they would all be multi-millionaires. Actually, most of the people who publish and write for tip sheets are people who know very little of the world and economic forces which influence stock markets; the superficial, elementary things they say—often jargon they have picked up in board rooms—reveal them as definitely third rate.

"Yet many people who ought to know better are victimised by such sheets; allow themselves to be taken in by the gibberish of hacks who couldn't for the life of them tell what Canada's production of trade was last year, let alone at present, and who wouldn't know one of Mr. Ilsley's budget speeches from a sermon by Raymond Fosdick."

Of course, the best advice to investors and would-be investors, or speculators, is simply to deal with members of the established stock exchanges or the Investment Dealers' Association. Or if it is a new promotion without such sponsorship, there are reliable financial publications ready to give sound advice; and there is the Better Business Bureau, whose slogan is: "Investigate Before You Invest."

MADE NO CLEARER

The Windsor Star says many movements have originated with mystifying names, but a study of their theories has usually cleared matters up. This new business of existentialism tops them all, however. The word could not possibly mean anything to a layman, but after reading an exhaustive explanation, the mystery is made immeasurably deeper. 2807



Relieves misery of Child's Cold As He Sleeps

✓ Penetrates deep into bronchial tubes with special soothing medicinal vapors.

✓ Stimulates chest and back surfaces like a warming, comforting poultice.

This effective special penetrating-stimulating action works for hours during the night to relieve distress of colds while your little one sleeps. Results are so good often by morning most misery of the cold is relieved. Try it tonight! VICKS VapoRub

Ahead In Race

Britain Leads Other Nations In Development of Jet-Propelled Ship

British marine engineers expect to launch the first semi-jet-propelled ship next year, effecting "the greatest change in ocean transport since the transition from sail to steam," the London News Chronicle reported from Liverpool.

The secretly designed jet engine is based on the same principles as the gas turbine engine on land, is designed to develop 6,000 horsepower over long distances, and means that ships' boiler rooms can be eliminated for more cargo space the paper said.

The News Chronicle said British engineers are winning the jet-ship race against Norwegian, Swiss, and American scientists. It said the U.S. navy is building small jet-propelled naval vessels.

LOWER ACCOMMODATION RATES FOR TOURISTS

OTTAWA. — Accommodation for persons of low income will be provided in Canada's National Parks when the demand for home construction is met, Roy A. Gibson, director of the lands, parks and forests branch of the Resources Department, said.

Mr. Gibson was asked at a conference of provincial tourist officials if the department planned hotels or cabins for tourists whose vacations are short and incomes limited.

He answered that "we intend if we can" to build such facilities but that "soldier housing" comes first.

Atomic Power Seen As Aid To Northland

Would Uncover Vast, Undeveloped Natural Resources

TORONTO. — Vast, undeveloped natural resources of northern Canada —hitherto impossible to uncover because of their distance from the supply centres — may become gainfully productive through application of atomic energy, H. A. Winne, supervisor of a $350,000,000 atomic plant in the state of Washington, said.

Mr. Winne, vice-president in charge of engineering policy for the General Electric company, is in charge of the Stanford engineering works, a plutonium-producing plant.

If we can develop atomic energy plants that could be installed in the far north, then it would mean the problem of power supply—how to get oil or coal or electricity into remote districts — would have been eliminated," he said in an interview. "As a result it might be possible to open mines and other projects farther north than anyone has yet done."

Aside from this development, however, the impact of atomic energy on industrial methods would hardly be noticed.

Atomic plants would be used only as it is today. Atomic energy "will never replace hydro or coal or oil as power sources—it will only supplement them."

H.M.S. Vanguard

Britain's Latest Battleship Will Be Used For Royal Visit To Africa

When the Royal Family visit South Africa next February they will travel to Capetown in H.M.S. Vanguard, Britain's latest-built capital ship. Designed as a capital fighting unit of the United Kingdom Fleet the "Vanguard" has ample quarters for a commander-in-chief and staff officers and it is the existence of this accommodation that has made it possible in a short time and with comparatively small alterations to adapt the ship for the Royal Family and entourage.

Unusual Cargo

Canadian Beaver Taken By Air To Some Place In Argentina

Twenty Canadian beaver, with their rations of fresh poplar saplings, left Montreal by air recently for New York on the first lap of a long flight to Argentina.

They are bound for a still undetermined destination about 1,000 miles south of Buenos Aires where the Argentine government plans to stock them.

Thomas Lamb, muskrat and beaver rancher from Moose Lake, Sask., accompanied the unusual cargo and will remain several months in Argentina seeking suitable muskrat and beaver country.

NEW TYPE PENICILLIN

Production of a new type penicillin, so pure and potent that it can be stored in a dry state for three years without refrigeration, has been announced. The new form, developed after two years work, will be known as white crystalline penicillin.

ALL SHOULD HELP

Dr. Gordon Bates, general director of the Health League of Canada, addressing the Toronto Kiwanis club urged that service clubs and individuals work to stamp out disease and distress, and not leave it up to the government.

SAYS CANADA ACHIEVED FULL NATIONHOOD IN WAR

TORONTO.—The war demonstrated the fullness of Canada's achievement of nationhood, Sir John Anderson, war-time Chancellor of the Exchequer in the former British coalition government, said at a civic luncheon in his honor.

Sir John paid tribute to Canada for its aid to Britain during the war and said it helped to steel the British people during the darkest hours of the conflict.

"It was always a comfort to know that come what may there were other British shores overseas inviolate from which to carry on the fight," Sir John said.

"You contributed men, money and materials but your contribution to our morale was the demonstration of the people of our race not to be borne down by tyranny," he added.

The art of cutting and polishing stones was scarcely developed before the middle century.

Sixteen Years Ago To-day

Interesting Items Gleaned from the Files of The Vermilion Standard
16 YEARS AGO TODAY — 1930

Nov. 6, 1930

The Rev. S. H. and Mrs. Goodge and family of Clandonald left Sunday night for England.

Very fine weather prevails—indian summer at its best.

H. P. Long, D.D.G.M., was in attendance at the laying of the corner stone of the new Masonic temple in Edmonton on Saturday afternoon last.

Thirty-two Years Ago Today

Nov. 4, 1914

A new post office has been established at Pathfinder with John Koluk as postmaster.

Ten acres of land has been granted by the Dominion government to the United Greek Catholic church at Peguis. A similar grant has been made to the United Greek church at Myrnam. The lands will be used for church and cemetery purposes.

Harry Krantz whose mysterious disappearance from Vermilion 2 years ago caused a wide search, has now turned up. He is alive and well and is with the Alberta Dragoons at present in England.

Red Cross To Appeal For Five Million Dollars

CAMPAIGN SET FOR MONTH OF MARCH, 1947

TORONTO.—Plans for a $5,000,000 National Red Cross Appeal in the month of March, 1947, for its peacetime work throughout Canada were announced recently by Arthur L. Bishop, Chairman of the Society's National Executive Committee.

Decision to hold a campaign in March was made at a recent meeting of the National Executive Committee, where it was established that a $5,000,000 budget represented an absolute minimum of funds required to finance the program.

In making the announcement, Mr. Bishop stated: "From its great wartime undertakings the Canadian Red Cross has emerged at the floodtide of its strength. That strength must not be wasted. A wide program of service to the people of Canada, embracing many important fields of endeavor, has been planned. These plans can become reality only with the wholehearted support of the Canadian people. We will be counting on that support when the time comes."

It is planned that the $5,000,000 budget will finance many peacetime services, including a National Blood Transfusion Service, the construction of more outpost hospitals and the maintenance of those already established, aid to veterans, and other services such as Jr. Red Cross, Nutrition, First Aid, Swimming Instruction and Disaster Relief.

Make Home More Attractive

SET ASIDE TIME FOR THIS PURPOSE

The setting aside of a day or two each month for making the home more attractive and desirable inside and out is advocated by Lieut.-Gov. J.A. Bernard of Prince Edward Island.

"The beautifying of our home is one of the big steps to a happy and contented family life, and often it happens to be one of the rungs of the ladder which leads to success", said the Lieut.-Governor at a farm field day at New London, P.E.I. "There should be beauty and neatness both inside and outside our homes if we would extract the most out of living.

"From the exterior point of view, all homes are not attractive and although we admire those where buildings are kept well painted, where fences are kept in repair and where the approach is inviting, it is regrettable that far too many homes have a neglected and forbidding appearance from the highway."

"The occupants of a home may be of the most congenial type, they may possess many of the finest virtues, have a splendid family and be outstanding citizens of the district in which they reside; but unless the exterior of their home has been given the attention and repairs necessary to improve and beautify it the passerby does not get a very favorable impression.

"As a result of even a few homes in any one locality having been neglected, a of that locality suffers in reputation."

How Are Cheaper Houses Possible?

More houses will mean cheaper houses say those replying to The Financial Post's query: "Wherein lies our hope for cheaper housing?" Experts and laymen offer diverse methods for boosting building, including subsidies and a government hands-off policy.

Most agree, however, that the main cost factors, at present, are shortages of both materials and labor caused by strikes and strike stoppages. They also stress that there must be far more use of prefabrication, both of equipment and finished houses to save expensive site labor, more use of modern materials, and better planning within the house itself.

Prevention of tuberculosis is an important part of the anti-tuberculosis program of the Alberta Tuberculosis association, financed solely by Xmas Seals.

DANCING every Saturday night at the Elks hall only 25c 45xtf

SHE KNITS SOCKS FOR BING

Mrs. Lou Renaud, of Ottawa, considers herself a very privileged knitter, for she has just completed the last of eight pairs of finely knitted socks for that famous screen personality, Bing Crosby. "Lou", as she was known to the hundreds of staff and guests at Jasper Park Lodge where she worked this summer, met Bing while he was at Jasper during the filming of the latest Paramount movie "The Emperor Waltz". While buying wool in the specialty shop of the Lodge, she asked the singer, who was present, for his autographed photo, as she was an ardent Crosby fan. In return she promised, when finished, the pair of hand-knit socks she was carrying with her. Two days later she had her cherished photo and a personal note of thanks from Bing for the two pair of colorful socks she had sent, also enclosed was full payment for the socks.

Shortly after the actor returned to Hollywood, Mrs. Renaud thoughtfully sent two cards of matching mending wool to him with a note of admiration for his work and attitudes. Much to her surprise another personal note by airmail welcomed the wool and requested more socks if it was possible to supply them. So Lou happily turned to knitting and now the singer's wardrobe sports ten pairs of vari-colored Canadian hand knit socks.

In the photograph "Lou" displays the socks with the Crosby photo autographed "To my friend Lou"

A Growing Nation

DURING THE WAR MUCH WAS HEARD of Canada's growing status among the other nations of the world. The great amount of energy and ability which was put into the war effort was responsible, in part at least, for this rapid rise to a foremost place in world affairs, for it was recognized that Canada's contribution to the Allied cause in both men and resources was far in excess of what might have been expected of a nation with such a relatively small population. The same qualities which made possible this outstanding achievement still exist in Canada today and it is the responsibility of the people to see that the country continues to progress in peace, as it did during the war.

• • • • •

A Distinctive Canadian Type

The subject of Canada's growing importance as a nation has been referred to by the Right. Hon. Vincent Massey, C.H., P.C., who has recently returned from London, after serving for some years, including the duration of the war, as Canadian High Commissioner to Great Britain. Mr. Massey has told of the increase of Canada's prestige in Britain, and of the admiration felt there for Canada and the Canadian people. Much of this he has attributed to the contribution made by this country to the winning of the war, but Mr. Massey has also expressed the opinion that out of the war has come a distinctive Canadian type, an increasing awareness of Canadian nationhood, and a developing unity which he said could be termed "an intricate domestic pattern in a complicated country."

• • • • •

Faith Alone Is Not Sufficient

Mr. Massey has also told the Canadian people that he has great faith in the future of this country, but he has warned that faith alone is not sufficient to solve our difficulties "although they will not be solved without it." It is timely that we should be reminded of the need to look to the future and to continue to work for the development of the country both through faith and through action. At present we are faced with a number of difficult problems including labour unrest, housing, immigration and others. Many of the situations which have arisen were not anticipated during the war, and Canada today is not as most of her people hoped it would be in the second year of peace. We have, however, much to lose if we do not unite and solve the problems of peace as we did those of the war, and look forward at all times to developing to the utmost the great possibilities of the country in which we live.

When your BACK ACHES...

Backache is often caused by lazy kidney action. When kidneys get out of order excess acids and poisons remain in the system. Then backache, headache, rheumatic pain, disturbed rest or that "tired out" feeling may soon follow. To help keep your kidneys working properly—use Dodd's Kidney Pills. Time-tested, popular, safe, non-habit-forming. Demand Dodd's Kidney Pills, in the blue box with the red band. Sold everywhere. 135

Claims Building Record

Builders In Somerset, England, Can Complete House In 58 Minutes

Builders of Somerset, in the West of England, have erected and completed a pre-fabricated house in 58½ minutes. This is claimed to be a world record for building speed. Eighteen men were on the job. They started work at 2:34 p.m. By 4:32½ p.m. the house was completed with all services, and ready for occupation.

Still A Mystery

British Research Workers Have Studied Grass Disease For 50 Years

British veterinarians are about to try again to solve the mysteries of "grass disease" which has baffled research workers for almost 50 years.

The disease, which appeared in Scotland just after the South African War, is quickly fatal in most cases. Incidence is highest among young animals and those which recover are of little working value.

For 40 years the malady has been taking its toll in Scotland and in recent years it spread to Northern England and even the Midlands.

Professor William C. Miller, first director of the new Equine Research Station established by the Veterinary Educational Trust at Newmarket, is making a study of "grass disease" one of his first projects and has asked for expert help.

To Feel Right — Eat Right!

Don't say another WORD

"Brisk is the only word to use, the experts' word, when you're talking about Lipton's Tea, the tea with that lively, *brisk* flavour."

Change now to Lipton's Tea. Enjoy the finer tea pleasure *brisk* tasting Lipton's Tea gives... the tea with the flavour that's never wishy washy but always fresh, spirited and full-bodied.

Brisk ... LIPTON'S TEA

MISSING HEIRESS FOUND—The mystery of the whereabouts of Shirley Berry, 10, heiress to the estate of her brother, Tpr. William Richard George Berry, killed in action, has been cleared up. She is living with Reeve Walter Sheppard of Niagara township, Ont., and his wife. Reeve Sheppard took the child into his home in 1944 as a ward of the Children's Aid Society and planned to adopt her later. Shirley formerly lived in Melancthon township, near Shelburne, Ont.

Wealthy Hindu

Has $50,000,000, But Must Live Three Months On Paltry $8,000

MOBILE, Ala.—A member of a fabulously wealthy Hindu family who claims a personal fortune in excess of $50,000,000 worried about how he was going to get along in the United States for the next three months on a paltry $8,000.

Shy, friendly Birendra Singhi, member of a Calcutta family which owns some of the largest coal and bauxite mines in the province of Bengal in addition to a world-famous collection of art treasures and jewels, is staying at a $3 per night highway tourist cottage here preparatory to going to New York City for medical treatment.

He spoke strongly in an interview that despite his vast fortune, he was allowed by British financial regulations to bring with him only $8,000 to pay his personal expenses and that of his retinue, consisting of two personal physicians and a manservant.

Having to pinch pennies is something entirely new for the 31-year-old Singhi whose late father left him and his two brothers one of the world's largest fortunes.

Newest Device

Scientists Now Have Gadget To Take Temperature of Grasshopper

Scientists have added a new accomplishment to their list—they now can take the body temperature of a grasshopper.

General Electric research laboratory engineers reported they had devised a tiny "grasshopper thermometer" at the request of two Montana state college entomologists.

The professors needed the device in their study of the control and extermination of the insects which annually destroy millions of dollars worth of crops.

George Washington breakfasted on three small India hoe cakes and three cups of tea.

EFFECT DOUBLE CURE

British Physicians Transfer Glands And Beats Addison's Disease

LONDON.—A delicate gland-grafting operation apparently has cured a 33-year-old woman of dread Addison's disease and simultaneously brought health to another woman from whom the grafted gland was taken, the authoritative British Medical Journal reported.

The first patient suffered from inadequate supply of secretion from the suprarenal gland and had been kept alive by large salt dosages. Physicians found another woman, 21, suffering from an over-active suprarenal gland. The over-active gland in less than an hour was grafted successfully to the blood vessels of the other's abdominal wall.

Three weeks later the victim of Addison's disease left the hospital and had only one brief bit of trouble during the early period of convalescence. Now, 1½ years later, she is apparently cured. The patient from which the gland was removed also made a "good recovery."

Addison's disease is a chronic ailment, usually fatal, caused by insufficient secretion of adrenalin from the suprarenal gland. Its symptoms include anemia.

FOUNDATION GIVES GRANT FOR RHEUMATISM STUDY

LONDON.—New research into the causes and remedies for rheumatism is to be undertaken at Manchester University with the assistance of a £100,000 ($400,000) grant from the Nuffield Foundation here. The grant is expected to finance research for ten years.

Recent estimates by organizations operating under the national health insurance plan were that one-third of the payments made under the plan were to those afflicted with "chronic rheumatism."

The Nuffield Foundation was established by Lord Nuffield in 1943 with an endowment of £10,000,000.

GEMS OF THOUGHT

COURAGE

Courage is that virtue which champions the cause of right.—Cicero.

Where true fortitude dwells, loyalty, bounty, friendship, and fidelity may be found.—Sir Thomas Browne.

Immortal courage fills the human breast and lights the living way of Life.—Mary Baker Eddy.

Who, then, is the invincible man? He whom nothing that is outside the sphere of his moral purpose can dismay.—Epictetus.

Courage is, on all hands, considered as an essential of high character.—Froude.

The bravest are the tenderest,—The loving are the daring.—Bayard Taylor.

The number of points on a deer's antler's do not necessarily correspond with the number of years the animal has lived. 2097

Biscuits that "Click" with the whole family

Magic's Orange-Raisin Biscuits

2 cups sifted flour
4 teaspoons Magic Baking Powder
½ tsps. salt
2 tbsps. sugar
4 tbsps. shortening
½ cup raisins
1 tbsps. orange rind
1 egg
½ cup milk

Sift dry ingredients together. Cut in shortening until well mixed. Add raisins and orange rind. Beat egg slightly in measuring cup and add milk to make ¾ cup. Add to first mixture. Roll out about ½-inch thick; cut with floured biscuit cutter. Place on greased pan. Bake in hot oven (475°F.) about 12 minutes. Makes 16.

MAGIC BAKING POWDER
Made in Canada

SMILE AWHILE

One of the guests turned to a man by his side to criticize the singing of a woman who was trying to entertain them.

"What a terrible voice! Do you know who she is?"

"Yes," was the answer. "She's my wife."

"Oh, I beg your pardon. Of course, it isn't her voice, really. It's the stuff she has to sing. I wonder who wrote that awful song?"

"I did," was the answer.

• • • •

Mrs. Dumbly was waiting to be served in the boot shop. Presently a girl assistant approached her.

"What size shoe do you wear, madam?" she inquired.

"Well," said Mrs. Dumbly, "I bought size four last time."

The girl looked puzzled.

"Yes, madam, I remember," she replied; "but you're buying this pair for yourself, aren't you?"

• • • •

In the lounge of a large hotel much patronized by black market merchants, two doctors were comparing notes. One remarked to the other: "I've got a great many cases of hysteria."

A man leaned across and said: "I'll take the lot, mister."

• • • •

It was the fag end of a rather dull evening in the parlor. After a long silence he said: "I wish I had money. I'd travel.'

She looked at him a moment and then reached for her handbag. "How much do you need?" she inquired.

• • • •

The new Land Girl was doing her best, but she was evidently finding everything on the farm very strange.

Having had an incubator explained to her, and been asked if she fully understood it, she put her head on one side and, with a puzzled look, replied:

"Yes, but where does the hen sit?"

• • • •

She (reading sign over box office): "Oh, Phil! It says 'Entire Balcony, 25c'."

Phil: "Let's get it so we can be all alone."

• • • •

A rich and pompous man was staying at a small country tavern in England and as he entered the breakfast room the only other visitor present rose to his feet.

"Sit down, sit down," boomed the great and rich one, condescendingly.

"Why," asked the other, "can't I get up for some marmalade?"

• • • •

Sergeant (inspecting parade of newly outfitted group) — Any complaints?

Recruit—Yes.

Sergeant—What is it?

Recruit—It's my pants.

Sergeant—I can't see anything wrong with them.

Recruit—But I feel it; they're chafing me under the arms.

The American Indians used sunflower seed for bread and for thickening soup.

Standard Is High

But Canadian Bacon For British Market Should Be Identified

There is no reason why Canada cannot compete successfully with Denmark in the British bacon market, Agriculture Minister D. L. Campbell of Manitoba told the Manitoba Swine Breeders' association.

Reporting on a visit to Britain, Mr. Campbell said Canadian bacon lacked proper identification and consequently a lot of British people thought an improvement in quality was needed. However, United Kingdom experts were "very satisfied" with the high standards maintained during the war.

The minister urged steps be taken to identify Canada's bacon exports and to distinguish it from inferior brands of other countries.

By circling in flocks, small birds can outwit hawks, just as bombers staying in formation outwit attackers.

Local News of Interest

CUB NOTICE — Starting Tuesday, Nov. 12 Cub meetings will be held Tuesday nights instead of Wednesdays. There will not be a meeting on Tuesday, Nov. 19th.

Mrs. John Beatty and little son John David left early this week for Winnipeg where they will visit relatives. The trip was made by car in company with the former's parents, Mr. and Mrs. Franchuk of Innisfree.

Friends here were interested to learn of the birth of a son, Lloyd Hunter, to Mr. and Mrs. Lee Steen (nee Mabel Kirby) at the Royal Alexandra hospital, Edmonton on Oct. 29.

Mr. and Mrs. Lloyd Johnson (nee Marjorie Young) motored from Red Deer district last Friday to visit her folks the C. Young's at Hindville. Gladys Young of Craig's staff spent the week end at home too. Mr. and Mrs. Johnson left Wednesday taking their mother and brother for a holiday at their place. The men plan to do some big game hunting in that district.

Mrs. A. Cameron returned home early this week from Edmonton where she visited at the home of her daughter Jean and family, and son Roy and family. While there Mrs. Cameron had the pleasure of renewing acquaintances with some real old timers of Vermilion in the persons of Mr. and Mrs. Frank Bowtell and Mr. and Mrs. Fred Bowtell. Mr. Frank Bowtell and Mrs. Cameron arrived at the conclusion that they had not seen each other since the year 1907. The Bowtell families expressed the hope that they might be able to attend the old timers round-up Wednesday this week. Incidentally this meeting of Vermilion pioneers was at the home of Mrs. G. Lowry formerly Mrs. Harold Walker.

GOSPEL MEETING

A Gospel meeting will be held in the Masonic hall Sunday Nov. 10th at 3 p.m. All welcome. Speakers E. Jantz and E. Kelto.

ALLANDALE

A Hallowe'en party was held at Allandale school on Friday night. The evening program consisted of games stunts and a masquerade by the pupils. The guests present had the privilege of witnessing the dance of the witch and her accomplices.

To make the evening a top-notch entertainment a delicious lunch was served. A dance followed. The proceeds were for the purchase of a radio for the school.

CHATSWORTH

Dance at Chatsworth school on Friday Nov. 8th. Proceeds in aid of the Christmas tree fund. 27x

Slendor Tablets are effective, 2 weeks' supply $1; 12 weeks $5, at Boake's Drug Store. 5

LADY CURLERS TO MEET

A meeting of all ladies interested in curling will be held in the curling rink Wednesday afternoon at 3 o'clock. New members are cordially invited.

Helen Dell, Secretary.

Mr T. G. Upshall of Vermilion announces the engagement of his youngest daughter, Olive May Upshall and Mr. Gehard Paul Gormann of Mannville. The wedding will take place at St. Saviour's church, Vermilion on Friday, November 15th at 2 o'clock in the afternoon.

A dance will be held at the Tankerton school in the evening.

Tommy Stockwell, 14-year-old son of Mr. and Mrs. Cliff Stockwell of Clandonald, suffered slight concussion, bruises and shock when he was thrown from his horse last Thursday night. He was under the doctor's care in the Vermilion hospital for several days as a result of the accident.

Miss Dolly Mages has now returned to her home at Salmon Arm, B.C. after spending a short holiday in Vermilion and district visiting at the homes of her mother, her brother and family Mr. and Mrs. Arnold Mages and her uncle and aunt Mr. and Mrs. John Yuill. Dolly said that she enjoyed her visit here immensely and that it was certainly nice to see and speak with so many old friends. She left here two years ago and thinks that the town has improved a lot in that time.

Friends will be interested to learn that Mr. and Mrs. Andrew Semple of Victoria, and formerly of Landonville, have now moved into the new house which Mr. Semple has built at 750 Burdett Ave. They managed to get every convenience and the house is located in a very lovely spot less than two blocks from where they formerly lived during the 16 years they have been in Victoria.

Mr. and Mrs. W.L. Roebuck, Marion, and Harold of Islay moved into their Vermilion home this week which they purchased some months ago from W. S. Walden. This residence was formerly owned by Mrs. H. N. Stephens.

Cpl. Lewis, R.C.M.P., now of Irricana and formerly of Provost, was a guest at the home of Mr. and Mrs. E. C. Miller last week.

United Church W.A. Group Meetings

United Church W.A. groups will meet on Tuesday, Nov. 12 as follows: No. 1 group will meet at home of Mrs. Lee at 2 p.m. and are requested to bring in any unfinished work or donation for the Bazaar; No. 2 group at 8 p.m. at home of Mrs. Caskey; No. 3 group at 8 p.m. at home of Mrs. E. Stewart.

U. F. A. Director Addresses Meetings

IN BATTLE RIVER CONSTITUENCY

An outline of the stand taken by the U.F.A. in the recent non-delivery strike and a discussion of amalgamation of the three farm bodies in Alberta were the highlights of addresses given by A. B. Wood in a recent series of meetings in Battle River constituency, for which district Mr. Wood is U.F.A. director. The meetings were held as follows: Doley, Oct. 22; McCafferty, Oct. 23; Sligo, Oct. 24; Chauvin, Oct. 25; Pelican, Oct. 26; Ganton, Oct. 28; Durness, Oct. 29; Dewberry, Oct. 30; Greenlawn, Oct. 31. The sound equipment of U.F.A. Central Co-op was used to present interesting and educational films under the direction of D. C. Thornton, Educational Director of the U.F.A. Co-op. Mrs. W. C. Taylor, U.F.W.A. director for Battle River was present at the first six meetings and spoke on the many accomplishments of the U.F.W.A. The farm women have done much through their organization to improve educational and health conditions in rural Alberta.

Mr. Wood pointed out that the executive of the U.F.A. had no mandate from the membership to take strike action and therefore took a neutral stand in the matter. In addition the U.F.A. is a member of the Canadian Federation of Agriculture a Dominion-wide organization which is empowered to speak for the organized farmers of Canada in pressing at Ottawa for improvements in the conditions of farmers throughout Canada.

Wildmere Winks

The entire countryside was deeply grieved to hear of the passing of Father O'Sullivan. He was a man beloved by everyone, his cheery smile and kind words did so much for those who were sick and those who were in trouble. We extend our deepest sympathy to his sorrowing relatives, and our sincere sympathy also goes to the man who was with him. May God give him the peace of mind that He alone can give.

Congrats to Mr. and Mrs. Donald Montgomery of Wiarton, Ont. Don was a Vermilion resident for a good many years and his cheery smile and jokes were enjoyed by many. We all wish them health and happiness in the years that lie ahead.

A very small crowd attended Mrs. Walters' sale on the 25th owing to everyone being busy threshing. We are sorry to lose Mrs. Walters and family from our midst but what is our loss is Red Deer's gain. She changed her name Wednesday Oct. 30th to Mrs. Peter Ammeter. All her many neighbors and friends wish them many years of happiness together A purse of money was given her from her Wildmere friends and the Welfare club presented her with a lovely scarf. We understand neighbors and friends of Battleview also gave her a surprise party and presented her with a purse of money.

Mr. and Mrs. Alex Smith had to return home to the city before their holiday was up owing to their little boy being sick. He has since been in the hospital there but is now home feeling better. We wish little Scott a speedy recovery.

Mrs. Howard has returned to her Edmonton home after spending the past two months here with her sons Lloyd and Victor. She came to cook for them during threshing but it was a dragged out affair owing to the weather.

Mr. and Mrs. N. Smith have gone to take over their store at Bon Accord.

Threshing has been completed in our corner although at one time it was thought lots of stooks would be sitting until next spring. Some oat fields that were cut late could not be threshed being too tough.

Anne and Noel Garnett are attending the agricultural college. Roy was to go too but changed his mind at the last minute. Eldon Keast from Woodside, Man., is also attending.

Henry Smith of Thorncliffe is holding an auction sale this Friday, Nov. 8th, so plan to attend.

We are sorry to hear little Marlene Wihite of town is confined to her home with scarlet fever.

Laurence Graham spent the week end at the Parker home near Marwayne.

Funniest thing and yet a very profitable one—A swarm of tame bees settled under the kitchen floor of Mrs. I. Martin's home in Triangle last summer. When the weather got cool and the bees were not so active 20 pounds of honey were taken out and a god layer left for the bees besides. That's really getting something for nothing and no coupons either.

THORNCLIFFE

Box social and dance at Thorncliffe school Friday Nov. 15th. Proceeds in aid of children's Christmas concert. 26-7

—Reginald Greenway, violinist, tenor and thereminist, and Mrs. Greenway, harpist, accompanist, of Vancouver, will be here on Friday night, Nov. 8 at the Youth-for-Christ rally in the Masonic hall. The theremin, only musical instrument of the kind in Canada, is unique in that the performer does not touch it. The tone quality, much like that of a viola or cello, is developed as the player enters an electro-magnetic field enveloping the theremin.

Attendance at the meetings was cut down because of the harvest operations still being in progress but interest was keen and some excellent discussions took place.

Winners of Mixed Bowling League

Another very enjoyable bowling competition was completed during the week with the winning team being Mrs. Mackenzie, Mrs. Nelson, Allen Heidebrecht and E. Edwards. The runners-up were Doris Giles, Mary Nichyporuk, Vic Cooper and Arnold Winters. The schedule consisted of ten games played over a period of thirty days. Five teams competed.

Anyone interested in playing in this mixed bowling league should contact the Bowling alley proprietors. Entries of complete teams are invited from staffs of stores, banks, etc. or from the school of agriculture.

Stagette Notes

The regular Tuesday night Stagette meeting opened with the singing of the club song. Six new members were introduced by Lucy and Chrissie and Dorothy welcomed the girls into our club. After Thursday the 7th you will be full-fledged Stagettes with Sister Stagettes all over the Dominion.

The business discussion was brief. Mary gave a report on Stagette clubs for the benefit of the new members.

Les, we are sorry to hear that you had a relapse. We missed you at the meeting and just to show you we did, drew cards for you for the raffle, the all-important event of the evening and it was your luck card that won you the elephants.

The social conveners served a very tasty lunch, coffee as you like it — before we quit we licked the platter clean!

Our next meeting will be educational girls, see you all then.

Vol. XXXVIII. No. 28. Vermilion, Alberta, Thursday, November 14th, 1946. $2.00 A Year

Solemn Services Mark Remembrance Day

"Whereas the cenotaph at which we now stand was in the years gone by dedicated as a Memorial to those who gave their lives in the First Great War and who still live in our memories, we do now dedicate it afresh so that it may serve also to remind us of the sacrifice of those who served in the war of 1939-1945. In the name of the Father and of the Son and of the Holy Ghost. Amen."

It was with these words that the Rev. W. E. Harrison, a veteran with five years active service experience in the Second world war, rededicated the cenotaph in the town park at a solemn and impressive service Observance of the two minutes' "Silence of Remembrance", the offering of prayers, and the laying of wreaths completed the ceremony at the cenotaph. Attending in bodies were members of the Canadian Legion, Women's Auxiliary to the Legion, Air Cadets, I.O.D.E., high and public school students, students of the school of agriculture. Added to these were citizens of the town and district in very large numbers.

Of more than usual interest was the wreath laid on the cenotaph by the Elks of Canada, represented by their Grand Exalted Ruler Harrison Pellie of Vancouver, B.C. He was flanked on either side by H. Waldron of Okotoks, president of the Alberta Elks association, and by provincial chaplain C. Conway, of Lloydminster.

Following the short ceremony at the cenotaph, the large assemblage moved to the Columbia theatre for the Remembrance Day service. The theatre, seating 500 people, was completely filled with many standing at the back.

The Remembrance Day service was in charge of R.B. Spencer, president Vermilion Post of the Canadian Legion. Assisting were the Rev. E. S. Reikie, Mr. B. Cooper, Capt. Wm. Carey, the Ven. W. Leversedge, Fred Brimacombe, accompanist.

The Rev. W. E. Harrison, pastor of the church of St. John the Evangelist in South Edmonton, delivered the Remembrance Day message. He began by recounting the story of a similar service held in the city of Caen, Normandy, some 14 months ago when a Memorial tablet was unveiled to the Glory of God and in the memory of the officers and men who gave their lives in the campaign from the Normandy beaches to Falaise. He likened this to the dedication made a little earlier at the cenotaph in memory of our friends who had fallen in the great conflicts.

Speaking of the task confronting the world today, Mr. Harrison stated that it was a difficult one. The scars of warfare still remain; the seeds of distrust, hatred and enmity, sown during war years have now to be erased, and a brotherhood of international good-will established among all nations.

Mr. Harrison in closing spoke of a service held on board ship prior to the invasion of France. "The lesson at that time was the story of the Two Disciples of Jesus walking the dusty road to Emmaeus. They thought of the campaigns which lay behind; they discussed the problems of the future. And as they walked along Jesus himself drew near and went along with them. That is the thought some of our soldiers took with them to the battle line—can we today find a better example as we face the task entrusted to us? "God himself is with us for our Captain."

Rev. Mr. Harrison's choice of speaker for the Memorial services was a most suitable one. He is a returned man, having joined the Royal Canadian Artillery in the early spring of 1941. After some preliminary training at Gordon Head and Petawawa camps, he was commissioned and sent overseas with the 17th Field regiment, Canadian Armored Division. In the fall of 1943 he was ordained to the priesthood at Norwich Cathedral, and transferred to the Canadian Chaplain's Service. Two months before D day Rev. Harrison was sent as Unit Chaplain to the 10th Canadian Armored Regiment, Fort Garry Horse, and saw service with that unit until the end of hostilities, returning to Canada with the regiment in January of 1946. He has recently been appointed in charge of the Church of St. John the Evangelist in South Edmonton.

In closing the service Mr. Spencer read out the names of those who had fallen in defence of right. In two world wars.

Other Remembrance week end activities carried out by the local Post of the Canadian Legion were a church parade to St. Saviour's church Sunday morning Nov. 10 at which the Rev. W. E. Harrison was guest speaker. This service was very well attended. The Legion members and the Air Cadets paraded from the Memorial hall and were joined at the church by the Legion Ladies Auxiliary and by a large number of citizens.

Poppy sales were made Saturday, and the Remembrance Day dance was held Friday night proving a most successful affair.

News Copy Held Over

The Monday holiday left the Standard with too little time for type-setting this week and the result is that many news items had to be held over until next week. Included among these are reports of the Old Timers Round-up, a golden wedding, a wedding, welfare workers meeting and numerous shorter items. Watch for these next week.

Protestant Churches Unite for Bible Society Service

SUNDAY EVENING, NOV. 17th

A British and Foreign Bible Society service will be held on Sunday next, Nov. 17th in the First United church at 7:30 p.m. The special speakers will be the Rev. E. J. Heur, B.D., and Mr. G. F. Bruce, missionary from Korea.

The Protestant churches of Vermilion are uniting for this service. Those attending are asked to bring their donations for the work of this outstanding society.

Robert Fair, M.P., W. R. Cornish, M.L.A. To Address Meeting

AT MEMORIAL HALL, THURSDAY, NOV. 21st AT 8 P.M.

Robert Fair, M.P. for Battle River and W. R. Cornish, M.L.A. for Vermilion constituency will give reports on the past sessions of Parliament both Dominion and Provincial at a meeting in the Memorial hall on Thursday evening next at 8 o'clock. Everyone is cordially invited to attend.

College News and Views

The 22nd of October marked the opening registration day for the Vermilion school of agriculture and home economics. On that day and the following one, boys and girls from all over the northern half of the province began their six-month stay by signing the register and moving into the dormitory. The enrollment is about equally divided between the First and Second Year students with approximately 85 each. A class of about 45 "Two-in-One's" brings the total enrollment up to well over the 200 mark, setting a new record for the school.

The staff at the school has been increased to 15 with the addition of nine new members. Those of last year's staff who are continuing this year include: Mr. N. N. Bentley, Principal; Mr. J. E. Hawker, Dean of Men, Instructor in Horticulture and Botany; Miss M. Hawreliak, Instructress in Sewing; Mr. L. Blades, Instructor in Mathematics and English; Mr. D. C. Folk, Instructor in Farm Buildings; Mr. J. L. Kerns, Farm Manager and instructor in Animal Science. The new members of the staff are: Miss M. Lang, Dean of Women, Instructress in Home Administration and Handicrafts; Miss [illegible] Rodney, Instructress in Cooking; Miss D. Taylor, Nurse; Miss M. Brown, Assistant Dietitian; Mr. J.R. Roxbourgh, Accountant; Mr. C. M. Hay, Instructor in Science; Mr. S. C. Acheson, Instructor in Farm Mechanics; Mr N. Molsey, Instructor in Blacksmithing; Mr N. A. Chomyc, Instructor in Field Husbandry.

During the past week the students held their election for the Students' Council executive, which consists of nine members. The following students were elected: President, Martin Albers; Vice-President, Dorothy Briggs; Secretary, Bob Shopland; Member without portfolio, Hazel Lange; Chairman of Social Committee, Peggie Semple; Chairman of the Literary Committee, Bob Langdale; Chairman of the Athletic Committee Jim Hudson; Chairman of the Gym Committee, Bill McLean.

The Alumni and members of the staff are busy preparing for the annual fall dance to be held this year on Nov. 22nd. This is one of the big dances of the year and is open to the public. Further notices of the time, admission charges, etc, will be posted during the coming week and it is suggested that this date be kept open for all those who wish to enjoy an exceptionally fine evening of dancing.

This year the school is having an open air rink, which is in the process of being constructed. The boards are being made in sections by the boys in the woodworking class and the work is going along very well. It is hoped that this year, as in the past, games can be arranged with outside teams

On Monday afternoon a sports day was held at the Fair grounds. The weather couldn't have been better and a [illegible] successful program of sports was run off. Competition was keen between the First and Second year boys, and among the First, Second and Two-in-One girls. The winner of the boys' events, with a total point score of 15 was a 2nd year student, Clarence Mahaffey, who was first in the hop, skip and jump, the running broad, 100 yard dash and the shot put. Tom Lewis, a 1st year student placed second with 12 points. Third place was taken by Frank Pratt, also a 1st year student. Georgia Ponech, a 1st year student, was an easy first in the girls' events, with a total point score of 11 giving her a margin of 7 over Betty MacMillan, a 1st year student, and Eva Shand also a 1st year student who tied for 2nd place with scores of 4 each. Baseball games were scheduled to wind up the afternoon's events but unfortunately had to be called because of darkness. We were fortunate this year in having such a spell of mild weather, making a sports day possible.

Annual Smoker Is Greatly Enjoyed

The annual Armistice Smoker was held in the armories Monday evening at 8 p.m., with 150 veterans of three wars present. President R. B. Spencer opened the meeting by calling on all present to observe the minute's silence in memory of fallen comrades, and after this was done the evening was spent in community singing and talking over again the experiences in the different campaigns. The piano was in charge of Doctors King, Scott and Stephens, and individual items were rendered by Pipe Major John MacMillan, Ted Langridge and George Martin, these were very well received. The outstanding ceremony of the evening was the presentation of life memberships in the Legion to E. MacDonnell, John MacMillan, J. H. Payne and A. B. Rankin, all veterans of the South Africa war. A few introductory remarks were made by Pres. Spencer who then called on Past President T. Watts to complete the ceremony. Comrade Watts in his remarks extended the greetings and regrets of Provincial President Heckbert, who was called to Ottawa on Legion business, and also stressed the value of tradition in an organization such as the Legion, paying tribute to those who had served in the past.

Visitors were introduced from the school of agriculture where there are several servicemen in attendance, and also from Innisfree, all being given a hearty welcome by the local boys.

MERCHANTS—Order your Counter Check Books from the STANDARD.

Two Dollar Subscription Rate

NOW IN EFFECT

To All Subscribers:

Due to increased production costs, the yearly subscription price of The Standard has been increased to TWO DOLLARS and is now effective from this date.

The management feels subscribers will fully understand why such a step is rendered necessary. Ever increasing costs which have had to be met over a considerable period is the chief reason — every commodity entering into the publication of the weekly sheet has shown sharp advances, particularly in cost of newsprint paper. While it is doubtful whether the small increase of fifty cents a year will offset increased production costs, it is hoped the publisher will be enabled to give the paper's readers the same service as in the past by retaining the present size of the Standard.

Some time will elapse before the financial benefit from the two dollar rate shows materially in relation to enhanced costs, but ultimately it is felt, costs and revenue will become more equitable — and this does not apply to the heavy percentage of advertising revenue necessarily applied to the costs of producing your weekly paper.

— THE VERMILION STANDARD.

Head of Elks In Canada Visits Vermilion Lodge

Accompanied by Provincial President and Provincial Chaplain

One of the most largely attended meetings of Elks for some years past was held on Monday evening Nov. 11 when the local lodge was signally honored by a visit from the Grand Exalted Ruler of the Elks of Canada and Newfoundland, Brother H. Pellie of Vancouver, B.C. Mr. Pellie is on a three months tour in the interests of the Order, of the four western provinces. He was accompanied on his trip to Vermilion by Bro. H. Waldron, of Okotoks, provincial president of the Alberta Elks association, and by Bro C. Conway, provincial chaplain. All three distinguished visitors were present at the Remembrance Day services here when a wreath was placed on the cenotaph by Mr. Pellie on behalf of the Elks of Canada.

G.E.R. Bro. Pellie delivered a stirring and inspiring address to the local lodge, bringing before them the national character and importance of the order and urging upon all members the daily observance of its principals and ideals. Prov. President Waldron also gave an interesting address, as did Prov Chaplain Conway who lives for the order. P.E.R. Bro. V. H. Cooper expressed the thanks and appreciation of the local lodge for the inspiring messages of the distinguished visitors.

After a brief business session a social hour and refreshments brought a most profitable evening to a close.

New Books Added To I.O.D.E. Library

New books added to the I.O.D.E. library are: M. E. Murphy; Crusader; Farmer Takes a Wife; Star of the Unborn; Wake of the Red Witch; David The King; Weeping Wood; Four Graces; Britannia Muse; Shadow on the Trail; Heritage of the Desert; This Side of Innocence.

Considerable sewing is being done by I.O.D.E. members for the local hospital.

A party to welcome five war brides was held recently at the home of Mrs. J. C. Dougan.

The members paraded in the Remembrance day parade.

Recent donations by the I.O.D.E. were made to Memorial fund; Coronation fund; Marshall Scholarship; Maternity assistance; Sailors and Mine Sweepers; Work in India and Flag fund.

Banded Duck Shot

Perce Cooper, one of the local "hunters" bagged a mallard hen bearing a band No. 42-644571 with instructions to notify the Fish and Wildlife Service, Washington, D.C.

Upon following instructions he received a reply from the Service informing him that this particular bird was banded Nov. 15, 1945 at Lake Minatare, Scottsbluff, Nebraska, by R. H. Imler.

The letter goes on to tell of the purpose of the data gathered, also that all the banding work is done by volunteer workers and all workings are dependent upon the reports sent in by hunters and interested parties all over the continent. Some reports have come in from as far south as the northern parts of South America.

Any band numbers sent in should also bear the date and location of recovery.

ANNUAL MEETING VERMILION HORTICULTURE SOCIETY

The annual meeting of the Vermilion Horticulture Society will be held on Friday Nov. 22nd at 8 p.m. in the Memorial hall. 28-9

ASSOCIATION OFFICIALS ATTEND OTTAWA MEETINGS

S. C. Heckbert, president of the Provincial Command of the Canadian Legion flew to Ottawa last week to attend meetings of the Canadian Legion Inner Council. He is expected back this Friday.

Don Taylor, president of both the Canadian and Alberta Postmasters' Associations, left for Ottawa this week where he is now attending executive meetings of the Dominion association.

Interesting Event Is Planned by Board of Trade

Presentation of Scholarship on Wednesday, Nov. 20th

An interesting event will take place at the board of trade meeting Wednesday next week, Nov 20th, when President E. M. Stewart will present V.S.A. student Robert Langdale with a $50 scholarship.

The Board of Trade awards this scholarship each year to the school of agriculture student adjudged to have made the greatest contribution to the academic, social, literary and athletic life of the school during his first year.

Thirty-five business men attended the meeting Wednesday Nov. 13 and Gerald Stephens acted as chairman.

Farm Engines Needed at School of Agriculture

Farmers who have gasoline engines that will not be needed this winter can be of real assistance to the Farm Mechanics Department at the school of agriculture if they will make them available for classroom use.

Small stationary engines, automobile or tractor engines would be very useful. It is not necessary for them to be in good running condition because even old machines requiring considerable repair as well as newer models can be used in a study of motor mechanics.

The extremely limited market supply at the present time has created a problem with which farmers of this district may be able to help the school. Those who have equipment that might be useful should contact Mr. Acheson, the instructor in charge of the Motor Mechanics work.

Official Visits Airfield

Flying a Lougheed 12, John Hunter, District Inspector for Northern Airways, landed here Wednesday on an inspection trip of radio range stations. This was Mr. Hunter's first landing here and he was greatly impressed with the field. He thought that it was in wonderful shape and is a great credit to the town. He was very pleased and impressed that improvement work was continuing on the airport, even though a license had been obtained.

DEATH OF G. M. CUNDAL AT MANNVILLE

Just at press time the sad news was received by the Standard of the death of G. M. "Mel" Cundal, well known pioneer resident of Mannville, who suffered a stroke a short time ago. Funeral services will be held at the United church, Mannville, on Monday afternoon at 2:00 o'clock.

"GREEN ACRES"

NATIONAL FILM BOARD

Mr. R. Smith, Supervisor of the National Film board for this district, runs a circuit of shows each month. On November 21st he will be at the Community hall, Islay and on Nov. 22nd at St. Andrews hall. These are good educational pictures. There is no charge and everybody is welcome.

POULTRY PARASITES

Most of farm poultry flocks are infested with worms which greatly increase the feed requirements and greatly reduce the vitality of the birds. It pays to treat poultry for worms and especially if they are not doing well.

SHEEP PARASITES

Stomach and Tape worms cause tremendous losses in the sheep industry. Now is the best time to treat breeding stock for internal parasites. If animals were not dipped for ticks during summer, commercial powders can be used now.

JUNIOR CALF CLUBS

Applications for joining the local Calf club are being received daily. Anyone interested should discuss the matter with your D.A. immediately as the cut-off date is Nov. 20th. Farm boys and girls are invited to join the local club.

MACHINERY REPAIRS

Before the snow covers up the farm implements it would be a good idea to check them over for needed repairs. Delays from waiting on repairs in the spring can be avoided by ordering requirements now.

REDMAN WHEAT

Redman is a new rust resistant variety of wheat. In yield, maturity, straw strength and milling quality it is similar to standard varieties. It has not yet been purified and contains a high precentage of mixed types. It would not appear that Redman has any advantage over Red Bobs or Thatcher in this district.

B. H. Buckingham, D.A.

ISLAY

Miss Joyce Trevithick, Mrs. Edmund McFadyen and Marian spent the holiday week end in Edmonton where they were guests of Miss Trevithick's parents. They called on many friends while in the city.

Visitors at the Bothwell home during the past week were Mr. and Mrs. Lloyd McFadden of Vermilion and Mrs. Watt, Vancouver. Mrs. Watt will be well remembered in Islay as Miss Drummond, a former matron of the Islay hospital of 17 years ago. Mr. and Mrs. Harry Elliott spent Friday and Saturday visiting Mr. and Mrs. Bothwell and on Sunday Mr. and Mrs. Bill Gillies and the latter's mother Mrs. Gingell of Unity, Sask., as well as Mr. and Mrs. Ashley Cooper and two children of Vermilion were visitors at the Bothwell home.

Mr. and Mrs. W. G. Urquhart have now moved to Vermilion to their new home there and Mr. and Mrs. Ken Reid have begun housekeeping on the former Urquhart farm in earnest.

Wendell Landells was taken to the Lamont hospital last week by Mr. Inman by car. Hopes are extended to Mr. Landells for a speedy recovery.

The annual thank-offering auction sale sponsored by the United church will be held Saturday Nov. 23 beginning at 2 p.m. in the hall. Any articles donated will be thankfully received. That which you no longer have use for but can be used by others bring it in for sale. Come anyway—and hear Mr. Andy Gillies. Lunch will be served.

Born at the Islay Municipal hospital to:

Mr. and Mrs. David Buchanan on Nov. 5, a son;

Mr. and Mrs. George Shaffer on Nov. 6, a son.

A club—The Islay Community Association, has been revived. We are looking forward to a winter of much activity—one thing will be a skating rink. Some of us hope to see a good play.

TENDERS FOR CAR

TENDERS will be received by the undersigned up until noon November 25th 1946, for the purchase of one Ford sedan automobile, 1929, Model "A", the property of Francis Allen, late of Dewberry, Alberta, Deceased. The car is reported to be in good condition with four good tires. The highest or any tender not necessarily accepted. Please mark letter "Tender for car".

Dated Vermilion, Alberta. 12th of November, 1946.

J. W. G. Morrison, K.C.,
Solicitor for H. C. Dorey and
J. K. Allan, Executors. 28-9x

CANADIANS BUYING MORE LIFE INSURANCE . . .

Life insurance sales in Canada and Newfoundland in the first nine months of 1946 totalled $872.6 millions, reports The Financial Post. This is about 50.6% more than a year ago, and 3% more than the total for the entire year 1945.

Two hundred and thirty thousand Albertans have been given free chest X-ray by the Mobile Units that were bought with Christmas Seal donations.

WEEK OF BEAUTIFUL WEATHER

Beautiful weather has prevailed all week with bright sunshiny days and very little frost even at night. High was on Wednesday Nov. 13 with 57.4 and low was last Thursday with 15.4. However, cold air is reported to be moving in from the north and snow is forecast for Friday with the high for the day scheduled to be but 25 above.

Party Welcomes Newlyweds at Koknee

On Friday evening Nov. 8th a large number of people gathered at the Koknee school to honor Mr. and Mrs. Wilfred Benner, whose marriage took place last month. Before her marriage Mrs. Benner was Esther Nelson of this district having lived here since a small child.

The first part of the evening was spent in playing games in which all parties participated and seemed to enjoy.

Mr. Sherriff in a few well chosen words extended the good wishes of the community for a long and happily married life to the newlyweds. The young couple were then presented with a large number of gifts drawn into the room on a prettily decorated small wagon by a minature bride and groom, Mable Tattersall and Ropert Nelson.

After unwrapping the many and varied presents the bride very fittingly thanked one and all, not only for the gifts, but for the good wishes as well.

A bountiful lunch was served by the ladies of the district and a thoroughly enjoyable evening was completed by an hour or so of dancing.

Troughs of dough in the Fermentation Room

Le Pain Se Lève
(THE BREAD RISES)

OUT OF CONTROL

"Le pain se lève" was the rallying cry of the French peasants in the riots that preceded the French Revolution. Maddened by hunger, they rose against the landowners and roamed the country in pillaging bands (Fig. 1). Paint[illegible] models of bre[illegible] have be[illegible] tion tombs. The first batch of leavened bread was probably made by accident. Spores of the yeast plant (Fig. 3) that float in the air, probably fell on a batch of dough and were left long enough to work in it and leaven it. Then in the oven the dough rose to make a fluffier, lighter loaf than had been known before.

AND HOW IT RISES!

No accident a[illegible] the rising of the d[illegible] in Canadian Bakeries' modern plants. In this air-conditioned, porcelain-lined fermentation room, with heat and humidity automatically controlled, the dough rises until it brims the edges of the troughs. Every step in the making of 4X BREAD is controlled by the finest modern equipment, from precision mixing of the finest ingredients to split-second timing in the automatic oven. No wonder 4X BREAD is better.

Aged Pensioners May Get Cost Of Living Bonus

OTTAWA.—The Dominion government, it was learned here from authoritative sources, is favorably considering adding a cost of living bonus to its monthly payments to the provinces for old age pensions which would raise the pensions by approximately $5 a month, providing the provinces pay a share of the increase.

Under the present federal statute, the Dominion government pays 75 per cent. of old age pensions for persons 70 years of age or over up to $25 per month.

All the provinces pay such old age pensions up to the $25 a month figure but some of them also add supplemental amounts.

Saskatchewan pays $28 a month, adding a flat $3 per month to the $25 maximum of which the federal government pays 75 per cent.

Britain Outlines New Empire Defence System

LONDON.—Whitehall sources visualized the opening of a new era in Commonwealth defence, with the dominions developing regional defence systems and the United Kingdom looking forward to some lessening of her burdens.

A. V. Alexander, defence minister-designate under the government's new military plans, said in the house of commons defence debate that the United Kingdom seeks forces sufficient to hold "a situation" anywhere in the Commonwealth or Empire until United Nations aid could be obtained.

Significance was seen in the fact that Mr. Alexander spoke only for the United Kingdom, indicating that the dominions can act as they please; but no one in London doubts that the dominions and the United Kingdom will see eye to eye in any situation that now can be imagined.

Here are the Commonwealth defence steps envisioned in London:

1. Britain will proceed with development of a central organization under Mr. Alexander, recognizing her duty to protect colonial territories on all the seas and to provide her share to United Nations armed strength.

2. The dominions will provide regional systems wide enough to cover arrangements like Canadian-United States joint defence plans. Another instance of regional planning will be joint Australian-New Zealand defence co-ordination.

3. Liaison officers sent by the dominions to London, from London to the dominions, and exchanged by the dominions themselves, will keep in touch with defence arrangements in countries where they are stationed.

While developing a hard-hitting, modernized force which might be used anywhere in the world, Britain is not likely to be able to continue over-all protection of trade routes with British warships on every sea lane. Canadian ships are expected to patrol the north Atlantic and north Pacific while Australian ships probably will operate in the Indian ocean and the southern Pacific. Home waters and the Mediterranean probably will continue to be watched by the British fleet and by British aircraft.

Scientific developments in defence will not be secrets within the Commonwealth. Standardization of many weapons with the United States will facilitate association with that country.

Brig. Howard Douglas Graham, 48, of Trenton, Ont., will head the Canadian army liaison section in London. He is the first appointment made by the dominions under the new arrangement.

RECEIVE AWARDS

Fourteen R.C.A.F. Officers Given Decoratons At Investiture In Winnipeg

WINNIPEG.—Thirteen officers and one non-commissioned officer of the Royal Canadian Air Force received decorations from Lt.-Gov. R. F. McWilliams of Manitoba at an investiture at No. 2 Air Command R.C.A.F., here.

The decorations included the George Medal, Distinguished Flying Cross, Member of the British Empire, British Empire medal and the Croix de Guerre.

The George medal was awarded to Flt. G. C. Abel of Melville, Sask., who returned to a burning aircraft to free a crew member who had been caught in the tail turret. Wing Cmdr. J. K. F. MacDonald of Antigonish, N.S., Flt. Lt. W. McFaull of Moose Jaw, Sask., and FO D. R. Penny of Abernethy, Sask., were among those receiving D.F.C.'s.

The whale shark, largest living fish, has teeth only an inch long which are useless for biting.

ROYAL COMMISSION TO PROBE BRITISH PRESS—British newspapers call the government investigation of the British press, ordered by parliament after a bitter debate, "sinister" and "intolerable." Lord Kemsley, seen with Lady Kemsley, owns more than 20 newspapers, is blamed for "monopolistic" tendencies by inquiry supporters.

TAKES PEACE STAND

People Of World Are Against War Says Marshal Tito

BELGRADE.—Marshal Tito told a rain-soaked crowd estimated at 300,000 that he is certain there will be no war "because the people of the world don't want war".

"We want relations to be better, especially with America," he asserted, but contended that the impounding of Yugoslav boats on the upper Danube by United States authorities was an unfriendly action.

Marshal Tito attacked Winston Churchill as a man with a "heart of stone" and the leader of all "reactionaries" in the world.

TICKET STILL GOOD

NEW YORK.—An elderly woman handed a New Haven railroad conductor a ticket on boarding a train at New Rochelle, N.Y., and offered the explanation that "I didn't buy it today." The conductor agreed. It was dated September, 1898. He honored the ticket, however, because at the time of the purchase there were no time limits for its usage.

COPPER NEEDED

LONDON. — Approximately 100 tons of copper will be required for campaign stars now being struck at the Royal Mint and Woolwich Arsenal at the rate of 15,000 a day.

Pandit Nehru Speaks To Tribal Leaders Of Troubled India

Emphasizing a point, Pandit Nehru gestures as he talks with tribal leaders of the Northwest Frontier province during meetings with chieftains. In Calcutta rioting, police opened fire on a group who were attacking Indian soldiers with knives. Six persons were removed to hospital suffering from acid burns in another clash.

Royalty Guests As Mountbatten's Daughter Weds Baron

Thousands witnessed wedding of Hon. Patricia Mountbatten and Lord Brabourne. Bridesmaids were her sister, Pamela, Princess Alexandra of Kent, Princess Margaret Rose, and Princess Elizabeth. Wedding reception was held at Broadlands, the Mountbatten home, where this family group was photographed. In back row, from left, are the Duchess of Kent, Viscount Mountbatten of Burma, the bridegroom, King George, Lady Mountbatten and C. Harris-St. John, the best man. Also Queen Elizabeth, the bride and four bridesmaids.

VAST PROJECTS

India Plans To Build World's Largest Dam

TORONTO.—Largest power project in the world—the Kosi dam—destined to improve living conditions for India's teeming millions will be launched in two years in the independent country of Nepal, Rai Bahadur A. N. Khosla, consulting engineer to the government of India, told a press conference.

The dam to be constructed on the twisting Kosi river, which brought destruction to vast areas of farmland in northern India when it overflowed during monsoon periods, will rise to 850 feet above foundation rock, 120 feet higher than the Boulder dam in Colorado.

Mr. Khosla, who predicted a great industrial future for India within 15 years, said negotiations now are being completed with the government of Nepal. He estimated the cost of the dam and another to be built on the east coast of India at $500,000,000.

HEAVY SNOWFALL

Denver, Colorado, Experiences Worst Fall In 33 Years

DENVER.—Denver dug themselves out last week from under a 26-inch snowfall, the city's worst in 33 years, and attempted to get vital services operating even before the snow stopped falling.

Schools were closed, the state capitol was shut down and city council called off a scheduled meeting.

Emergency snow removal crews worked on the city's streets, where thousands of automobiles and delivery trucks were stalled. Funeral services were called off. Garbage disposal was stalled.

Transportation from the south—where the storm struck almost as hard as in Denver—was almost at a standstill.

DRAWS FIVE YEARS ON SPY CHARGE—James Scotland Benning, 33, former munitions department official, found guilty of espionage activities by a 12-man jury, was sentenced to Kingston penitentiary for five years by Chief Justice J. C. McRuer. An appeal is anticipated.

BRITISH PROBLEM

Government Is Greatly Worried Over Acute Manpower Shortage

LONDON.—Prime Minister Attlee's Labor government is planning against future unemployment threats, but one of its biggest problems is an acute manpower shortage.

While Herbert Morrison, lord president of the council, and his advisers draft long-term programs to keep the nation busy if world depression comes, campaigns are under way to find hundreds of thousands of extra workers for the mines, agriculture, construction and other industries.

Already more men and women are at work in home civilian industries and for export than in 1939. But Sir Stafford Cripps, president of the board of trade, says there is still an "acute over-all labor shortage"—so severe there is "real danger" that British living standards will fall because the country can't produce enough.

At Aug. 31 the industrial population was 16,765,000 compared with 16,650,000 seven years before. Since 1939 was not a normal year it is estimated the August strength was probably some 150,000 below the actual peacetime level.

Workers for the home market numbered 4,885,000 against 4,680,000 at mid-1939 and export workers numbered 1,375,000 against 990,000.

Despite these gains, the labor supply still is out of balance.

COST OF LIVING

Index Rose During The Month Of September

OTTAWA.—The cost-of-living index rose from 125.5 Sept. 3 to 126.8 Oct. 1 and the 1.3-point increase was largely due to higher milk prices, the Dominion bureau of statistics reported.

The food index increase was from 143.2 to 146.5 and the rent index increase from 112.6 to 113.4. Other increases: fuel and light, 107.2 to 107.3; clothing, 129.6 to 130.2; home furnishings and services, 128.4 to 128.8. Miscellaneous items remained unchanged at 113.9.

Between Sept. 26 and Oct. 25 the composite index of farm product prices advanced 3.1 points to 113.2. The fluid milk increase was reflected in the animal products index increase of 7.6 to 136.7. Firm rye and hay quotations outweighed minor decreases in potato and onion prices to hold the field products index to 99.1, a gain of 0.3.

Netherlands Ask German Land For War Damage

WASHINGTON.—The Netherlands asked the Big Four powers to hand over 700 square miles of German territory to compensate Holland for damage inflicted on its economy by the Germans.

The Netherlands ambassador, Alexander Loudon, delivered the note containing the request in a call on the under-secretary of state, Dean Acheson. Similar notes were delivered simultaneously in London, Moscow and Paris.

None of the larger German cities in the border area would be annexed. The new frontier roughly would run slightly west of all those cities.

Mr. Loudon told reporters after delivering the note that the Dutch would permit all of the 119,000 Germans involved, except those convicted of being Nazis, to remain in the area after the transfer.

He asserted there would be "no real problem" about minorities because the residents of the area are principally farm folk and are not concentrated. That was the reason, he added, that the Dutch declined to claim any of the cities.

In addition to the border changes, the Dutch asked the Big Four powers for:

1. A number of German mining concessions, mainly on the left bank of the Rhine river, for a period of 40 to 50 years;

2. Guarantees against any future renewal of the German preferential charges on rail, road, and water transportation, "to the detriment of Netherlands ports;"

3. Prohibitions on the construction of new canals which would tend to divert Rhine river traffic into "other than its natural channels;"

4. Guarantees against renewed German monetary measures—such as those pursued by Hitler's government—which are detrimental to the Dutch economy.

World Food Situation To Be Discussed

LONDON.—President Truman and Foreign Secretary Bevin likely will discuss the world food situation when they meet in Washington, according to reliable quarters here.

The food situation will not be the only issue discussed but the fact that the British foreign secretary himself is stated to be initiating food discussions at the presidential level is interpreted as evidence of British anxiety to see what can be done to obtain equitable international distribution of essential foodstuffs.

British concern is generally recognized to relate not only to the domestic feeding of Britain, but of India, the British dominions and colonies and other countries in whose welfare she has either an interest or—as in the case of her zone of occupied Germany—a responsibility.

Britain, her own belt tightened to the same degree as in the worst days of the war, and with no immediate prospect of an increase in rations, has to speak for a great community of interests.

Despite the gradual transference of power to the people of India, for example, it is still Britain's duty to make sure that grain supplies, especially to the people of India, do not drop to a point that threatens recurrence of famine.

People in Britain recently were warned that the serious world wheat position might oblige the government to transfer part of Britain's curtailed wheat ration to India.

Britain has also a moral responsibility to aid her dominions and colonies which may in turn be affected by a straightened world food situation.

An added complication of the present situation, particularly with reference to the grain crop, is that Canada, to a much larger extent than the United States, Britain's supplier, is behind schedule on deliveries.

This is not due to lack of supplies but to the existence of transport difficulties. Every effort is being made, on both sides of the Atlantic, to speed up deliveries so that the food pipe line may work at fullest pressure.

CITRUS AREAS DAMAGED

LOS ANGELES. — Sub-freezing temperatures came to southern California citrus areas on the heels of a 65-mile-an-hour gale which raked the sometimes sunny southland causing damage running into thousands of dollars. Ranchers said the winds blew some fruit to the ground, scarred others. Planes were damaged at several airports; a dozen cabin cruisers were sunk at their moorings or tossed ashore at beaches.

In 1830, approximately 1,400 mail coaches left London daily. 2898

It's a Good Idea!
MAKE IT COME TRUE!

Garage mechanic, service mechanic, engineer, handy-man — they all have dreams for tomorrow. Highway Completed; Council Has Fine Road on South Side

The rebuilding of the highway from the town west to Stony Creek has been completed and the road has been gravelled. The highway is now in perfect condition and is a splendid piece of work.

While the road builders were on the job the town council had them build the highway right through the south side of the town, and this hitherto low and bad piece of road has been graded up to highway specifications. The whole project is a good job well done.

We must go beyond our duty to reach a different world.

Familiar Red Barn

Indications Are That It Has Passed Its Heyday

There are indications that the familiar big red barns on farms have already passed the heyday of their usefulness.

Aluminum, steel and fireproof plywood and other wood products will soon be available. Field baling of hay has increased greatly and requires only a small fraction of the space for storage; more and more farmers are putting up green grass as silage instead of curing it for hay. Glass-lined silos are being tested. Insulation will be used to increase protection of dairy and poultry products in the cold months. Farmers are evincing keen interest in one-storey fireproof barns divided into sections. Some experts estimate that farm construction may total $2,000,000,000 a year for the next ten years. Farmers have a backlog of savings and are interested in new buildings. When production catches up with demand in the not distant future, efficiency will be the keynote to profits. It looks as if the old red barn will give way to modern engineering.—The New York Times.

THANKS TO RADAR

New radar equipment enabled the Hudson's Bay company's S.S. Nascopie to cut five days and $10,000 off her Arctic patrol last summer, with her radar "eye" the vessel was able at all times to steam without fear of sudden collision with icebergs in the Arctic fogs.

Grim Story

Norwegian Sailor Tells Of Wreck And Starvation

SYDNEY, Australia.—James Cush, Norwegian sailor, told the grim story of the wreck of the coastal Ketch Nova and the deaths of his three shipmates.

Cush—a gaunt skeleton after 119 days of starvation—struggled ashore on New Caledonia Oct. 7 and now is in a United States Army hospital there.

The Nova's skipper, Grant West, 34, and crew members Frank Anderson, 36, and Frank Pulling died during the long battle with thirst and hunger.

The Nova set out last June 10 on a coastal fishing trip. It ran out of gasoline and later, during a storm, its sails and sextant were washed overboard.

With only a day's provisions, West, Anderson, Pulling and Cush began 1,000 miles of drifting. After weeks of horror, the Nova was wrecked on the Isle of Pines, 70 miles southwest of Noumea, New Caledonia. Only Pulling and Cush remained alive then and Pulling died shortly afterwards.

When their rations were gone, the four sailors had attempted to keep alive by spearing fish with a fork and using barnacles scraped from the hull of their boat for soup.

But Anderson died of malaria and starvation and two days later he was followed by West.

Pulling was within sight of rescue when he died. When he and Cush had landed from their wrecked boat they could see smoke arising from the French island of New Caledonia.

After Pulling's death, Cush spent two weeks building a makeshift raft. He had been a strapping 270-pound seaman when he had joined the crew of the Nova in Australia. But scurvy, malnutrition and exposure reduced him to 130 pounds.

After paddling his raft from the Isle of Pines to New Caledonia, he fell unconscious on the shore. Taken to hospital he was too weak to talk and the full story had to wait until now.

Haunted Cottage

Buyers Feel Houses Too Scarce To Be Influenced By Such

BORLEY, Essex, Eng.—If any ghosts haunt the site of former Borley Rectory, they will have to share it with J. Russell and his wife, who have bought an equally "haunted" cottage nearby with full knowledge of the locality's reputation.

The new inhabitants bring with them an iron resolve to stay. Houses are too scarce in Britain these days to pass up one that boasts a 4½-acre garden.

Borley rectory, gutted by fire in 1939, was demolished this year. Russel has hired a bulldozer to fill in the cellars, in which a skull was found in 1943, and is building a pigsty with salvaged bricks.

A young nun, supposed to haunt the rectory since her 16th-century murder, still appears in the grounds, district residents insist, and a phantom coach and four horses with glittering harness drives up and then vanishes in the grounds.

VALUABLE CARGO

The first post-war shipment of pedigree Jersey cattle is coming from the Channel Islands for stock farms in Canada. Elaborate precautions are being taken to safeguard the cargo which constitutes probably the largest and certainly the most valuable consignment of cattle ever to leave Jersey.

Mint was known and used by Hippocrates, the father of medicine, in the fifth century B.C. 2606

OUR COMPLETE SHORT STORY—

Come And See Me

By C. F. CLARKSON

Copyright
Wheeler Newspaper Syndicate

LINDA fumbled in her purse as she walked along Boylston Street, pulled out a letter and compared the address with a building number. She didn't need to read the message again. "...when you're in Boston about those dress designs, be sure to come and see me. I've a little office in the Castle Building. I'll be very disappointed..."

"Why shouldn't I see him?" she thought stubbornly. It had seemed reasonable enough before she left Chicago, but now doubts twisted in her mind. Harry had been very attentive when they met on the riding trail at that mountain resort. That she was a successful business woman, widowed more than ten years and with a son almost through high school, hadn't mattered then.

But holiday friendships fade rapidly, she reflected. And except that he'd once been married, she really knew little about him. His letters had been cordial, in an, off-hand man-like way. "...I know you won't disappoint me—we've a lot to talk over..." She shook her head as if clearing away misgivings, boldy passed through the entrance and stepped in an elevator.

When Linda walked through the door marked "H. W. Shore, Publicity Counsellor," she wasn't prepared for the slim, dark-haired girl who smiled inquiry. It hadn't occurred to her that Harry might have employees.

"Mr. Shore? I'm sorry, he's out just now. Won't you sit down?"

Linda slid into a chair, and tried to appear composed. She thought, "What a fool I am. Why should Harry be interested in me? He must know dozens of girls like this one. How pretty she is! I know I'm not bad looking, but she must have at least fifteen years' advantage."

"Is there something I can do?" the girl said, adding confidently, "I handle a great deal of Mr. Shore's work."

Linda started to rise. "No-oh, no thanks. It doesn't matter." She saw the shadow of uncertainty in the girl's eyes, and explained, "It's just a personal call. I'm Mrs. Vale, from Chicago. Please tell Mr. Shore I'm sorry I missed seeing him."

The girl was on her feet now. "Mrs. Vale! Why, of course! He's spoken of you often. I'm Peggy. I don't doubt he's told you lots about me."

Linda kept silent, distrustful of her voice. The girl continued, "Let's go inside. The chairs are much more comfortable."

Linda hadn't expected the magnificence of the private office. The great mahogany desk; wide windows with a magnificent harbour view. Deep leather chairs. She'd thought of Harry as struggling to make a go of some small business. If she's pictured him as a busy, successful executive, she'd certainly never had the effrontery to think he might... then she looked on the desk and saw the photograph.

She wasn't really surprised. She wasn't shocked. That was over now. "I'm a grown woman," she thought. "I can control my emotions." The girl was watching her. "Do you like the picture? I had it taken last birthday? Linda spoke slowly, carefully. "It's lovely, my dear. Almost as lovely as the original. Mr. Shore must think a lot of you."

There was a little blush in the girl's cheeks. "No more than I think of him. I think he's wonderful...I hope you do too."

Linda thought desperately, I must get out of here. I can't stand much more. To the girl she answered mechanically, "Indeed I do. But really, I must be going. Please give Mr. Shore my regrets."

"Oh, no. Please, Mrs. Vale. Let's have lunch together. I know a quiet little place where we can just talk and talk. I can't let you just run off like that. He's been looking forward to seeing you again."

"I'm so sorry," she mumbled. "Really impossible ... previous engagement...I must go."

"Well, if you must...I'm sorry. Where are you staying, Mrs. Vale? The Ritz? Fine, I know he'll call you as soon as he comes in. Good bye, Mrs. Vale. I hope to see you soon."

Linda stumbled down the corridor, thoughts tumbling around in her mind. I can't talk to Harry! That will only make it worse. He'll see what a fool I've been. I'll leave—go to some other hotel. I must tell that girl not to have him phone—I'll say I'm leaving town.

She turned and retraced her steps. At the office door she hesitated indefinitely, finally screwed up her courage and pushed through.

The girl was not in sight. No sound came from the private office. She's stepped out for a moment, Linda thought. I'll just wait. I've got to! Harry mustn't phone!

Her eyes rambled around the reception room taking in details she hadn't seen before. By the window was a small desk with a typewriter. A little slip of paper was stuck in the machine.

Her eyes refused to leave the paper. That's it! she thought. She's leaving him a note about my visit.

Involuntarily she moved toward the window and leaned over the machine. I mustn't do that! she thought. One doesn't read personal notes. I must wait!

The few seconds she'd been standing there seemed like minutes—hours. Where was that girl? Her sense of propriety, her will-power, left her with a rush, she leaned over the paper, avidly reading the words.

"Daddy—the big moment you've been waiting for is here. Mrs. Vale is at the Ritz. Be sure to call her immediately. She's just as beautiful as you say..."

Accident Of History

Brought Alaska Under American Control Nearly 80 Years Ago

History has many "ifs". And they are the ground for much intricate speculation. Some of these "ifs" are classic. What, for instance, would have happened had Cleopatra's nose been longer than it was? Or what would have happened if Marshal Blucher had been unable to reach the field of Waterloo?

But there are "ifs" that bear upon the future rather than upon the past. Such, for instance, is the "if" concerning Alaska. For what would our experts in the military defence of the Western Hemisphere be thinking if Russia had retained its possession of Alaska?

Alaska has come into the news recently when its citizens voted two to one to have their territory made a state of the American union. But it was little more than one of the accidents of history that brought Alaska in the first place under American control.

Upon this vast northern area the Russians had established a primary claim. It was discovered by Russian Cossacks, who are believed to have reached the Alaskan coast about the last quarter of the 16th century. Further Russian exploration and some degree of Russian settlement followed. But the strategic importance of Alaska seems to have wholly eluded the attention or the interests of the Czars. To the Czars it was nothing more and nothing less than a source of furs.

Negotiations for the disposal of Alaska by sale to the United States were begun as early as 1856. Finally, in 1867—which was, incidentally, the year of the Confederation of Canada—William H. Steward, the U.S. Secretary of State, negotiated the treaty by which the United States acquired this vast area for the sum of $7,200,000 in gold.

The sum now seems insignificant. But at the time of the purchase many American citizens considered Alaska to be only a remote and useless mass of rock, ice and snow. Alaska to them was "Steward's Folly".

But Steward's folly is now Steward's prudence. Some American military specialists have cast anxious eyes towards the great northlands. Certainly there would be grounds for some uneasy ponderings if the Soviet Union now held this immense bridgehead into the Western Hemisphere. —Montreal Gazette.

ONE SURE WAY

Two men were discussing motoring as they sat in the club. "I was once buying a used car from a garage owner," said one. "Of course, he praised it, and since I was a novice, I knew nothing about it, but I found a way of discovering all its defects."

"That sounds incredible," said the other.

"Well," continued the first man, "this is how I did it. I took the car out on trial and drove it to another dealer, and asked him to buy it."

Dry mustard is a water softener.

Better In Canada

Canadian Dollar Buys More Than Dollar In United States

The St. Catharines Standard says Washington reports, taking 1941 as a yardstick for the dollar at 100 cents, that the value of the American dollar has shrunk to a current 69 cents. This is arrived at from the cost of living index.

Goods scarcity, housing shortage and abnormally high rentals, high prices of staple food commodities, are all factors in the inflationary trend. The assumption is that after the first flurry, following decontrol, in the United States, the decline in the value of the dollar will halt.

The question mark is: What is the Canadian dollar worth as compared to 1939? That its value has gone down somewhat, that a dollar won't go nearly as far now as a few years ago is obvious. But when Canadian and American prices are compared for such things as butter, meats, even milk, and many other essentials, it is certain that the Canadian position is more favorable on the whole for the average consumer. This is only possible by retention of certain controls and also by the system of subsidies, which is still in force for a considerable number of commodities, including household coal, as one example.

LASTED FOUR YEARS

Volcanic dust hung in the air for four years after the eruption of Krakatoa, between Java and Sumatra. More than a cubic mile of dust was hurled into the air by the explosion.

Sixteen Years Ago To-day

Interesting Items Gleaned from the Files of The Vermilion Standard
16 YEARS AGO TODAY — 1930

Nov. 13, 1930

Craig Brothers are observing the 25th anniversary of the founding of their firm in Vermilion.

Rev. Gerald McComas was the speaker at Memorial services held in the theatre Nov. 9.

Mrs. Jack Wiebe and family who have spent the past year with relatives in California have returned to their home here.

Thanksgiving Monday 10th was a lovely day and a diversity of sports was indulged, the three tennis courts were busy all day as many as 21 players being in action, horseshoe players were going strong and skaters were out in large numbers on the river.

Thirty-two Years Ago Today

Nov. 11, 1914

The long open fall continues—plowing was going on until Wednesday of this week, when the frozen crust got a little too hard.

Mike Armstrong announces the opening of his fine new barn on Nov. 20 with a masquerade ball.

A. J. Reynolds, manager of the Bank of Commerce returned home from a big game hunting trip with a deer. Owing to the absence of snow no moose could be located.

Vermilion Red Cross Notes

The following are items culled from the address by Dr. Fred W. Routley, National Commissioner of the Canadian Red Cross, over CBC, Sunday August 18th, 1946:

"I have just had the privilege of representing the Canadian Red Cross in two international conferences of great significance. One was of two weeks' duration in the college city of Oxford, England; the other, which lasted almost as long, was held in Geneva, Switzerland.

During my visit in England, I was greatly impressed with the fact that to the man on the street or the highways, there is no apparent evidence that the people of the Motherland have been constantly tightening up their belts.

I had the privilege of driving from Paris up to Normandy and of viewing the countryside between Caen and the Normandy Beaches, which is still ruged wasteland because it is sown with mines.

I visited a beautiful little Canadian cemtery on high ground which contains the bodies of more than 2,000 Canadian boys who gave their lives to their country on the Beaches of Normandy. This little cemetery is very well planned and exceedingly well tended.

Returning on the Aquitania to Canada, I found myself in the midst of 1200 young wives of Canadian servicemen on their way to make their homes in Canada. It was my privilege during five days to mingle with and observe those young women very carefully, and I am confident they will bear comparison with any similar number of young women to be found anywhere. They were accompanied by over 300 little children and it would be difficult to find a healthier or better kept group.

Now to go back to the main purpose of my visit The Red Cross conferences were arranged in order that there might be a complete review of all national and international Red Cross work, particularly during the war. Decisions were made to strengthen and co-ordinate Red Cross throughout the world to meet the great challenge which faces it in carrying out the world-wide Red Cross slogan which is: In time of Peace or War to carry on and assist in work for the improvement of health, the prevention of disease and the mitigation of suffering throughout the world."

Due to modern improvements in equipment, experienced technicians can take 160 or more X-ray pictures in an hour. Miniature 35mm., 70mm., or 4"x5" films are usually used in X-raying large groups.

Canadian Toys Go Abroad for Xmas

Canadian toys and games, for the first time since 1939, will be on sale this Xmas in stores in many parts of the world. Even in the United Kingdom, where toys are still classed as non-essentials, a limited quantity will be available.

P. Grant Jones, Department of Commerce commodity officer, reports that Canada now ranks as one of the world's foremost producers of toys and other playthings.

There are five toy manufacturers operating in Canada today for every one that was in the business in 1939, he said. Last year's toy production had a value of $18,189,557, which was four times larger than the Dominion's annual production in pre-war years.

With German and Japanese competition eliminated because of the war, Canadian toy exporters are now finding their best markets in South Africa, Latin America, Newfoundland, British West Indies, and the United States.

Sanatorium treatment for tuberculosis began on this continent at Saranac Lake, N.Y., where Dr. Edward L. Trudeau in 1885 built a little cottage for two patients.

DANCING every Saturday night at the Elks hall, only 25c. 45tf

Eyes for Study

Poor grades at school do not necessarily indicate inferior intellect. All sorts of handicaps may interfere with the normal training of a child, and among the most common is eye affliction. In this modern age teachers are taught to recognize the child with defective vision and to make allowances accordingly.

In dealing with a child's eyes, medical men give due consideration to harmful effects of unsatisfactory diet. Vision of children during convalescence from illness also calls for special care. And, at all times, children should be taught the importance of conserving vision by avoiding eyestrain.

Co-operation between teacher, parent and family physician will ensure that a child receives the requisite medical advice and supervision to provide him or her with the health and faculties needed for attention to material presented in classroom and library.

Hospital facilities for treatment of tuberculosis represent an investment of over $40,000,000, and their annual maintenance costs over nine million.

Road Work Now Completed, Signs Erected

Board of Trade Notes

Reporting for the roads committee recently Ken Urquhart stated that the long asked improvement had now been effected at the intersection of the highway and cemetery roads. Hills to the east and to the south have been greatly cut down and the corner curve gently graduated. This is an improvement asked by the farmers coming in from that direction and worked on by the Board of Trade ever since the highway changed to its present route. The Board was greatly aided by the provincial department of public works, Vermilion town council, M.D. of Vermilion River and co-operation of Rufus Omness who owns the corner property.

Mr. Urquhart commended George Maxwell, chairman of the roads committee who was absent, for the time he had spent and work he had done in finally arranging the change. Mr. Maxwell spent one entire day besides considerable other time, in negotiating between the several parties interested, the town, Government, M.D. of Vermilion River and Mr. Omness. However, the project was now successfully accomplished and there is no excuse for anything even approaching an accident there.

A large sign advertising Vermilion has been placed beside the highway to the west entrance to the town and a similar sign will be made and put at the east entrance. The work was done by H. J. Payne. The signs are a co-operative movement of the board of trade and town council. Some three dozen small signs showing the way to Vermilion are also being placed around the country by the roads committee. These signs were very kindly donated by the Alberta Motor Assoc. when approached by the board.

Three Times and Out!

Wants 11:45 A.M. Eliminated From Time Circle

Mike Kowalchuk of the Cummings district wants to eliminate 11:45 from the time circle. That's his unlucky minute and has haunted him all summer. On the first two occasions an evener broke at that precise moment, and the third time the piedmont bolt on his plow broke off. Each time too it was just as that particular operation was about completed, and just as Mike and his son were thinking of stopping for dinner. Two of the breaks were approximately at the stopping spot in the field.

Mike is now busy figuring out a way to get around that jinx before next season starts or he'll lose a lot of valuable time with 11:45 breakages, and have plenty of repair bills too.

The World of Wheat

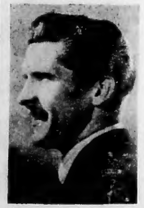
By H. G. L. STRANGE
Director, Research Department,
Searle Grain Co., Ltd.

FAR TOO MUCH FOR FAR TOO LONG

The Government is withholding from our prairie farmers quite large sums of money for five long years. 160 million bushels of wheat for each of two years are being sold to Britain at $1.55 basis No. 1 Northern Fort William; but the Government is paying our prairie farmers on a basis of $1.35 only. This means the Government is withholding from farmers 20 cents a bushel for five years. 160 million bushels to Britain, however, is not much more than half the wheat that has to be sold to all other countries, and at a price far in excess of $1.55. The price today for this other so-called "free wheat" is $2.19 a bushel. This means that on about one half of our wheat the Government is also withholding from farmers around 84 cents a bushel, again for five years. This, it seems to me, is unnecessary. All this money would be far better, I for one think, in the hands of our farmers than in the hands of the Dominion Treasury for five years. In short, it occurs to me, and to many others incidentally, that the Government is withholding from our prairie farmers, in cash, far too much for too long.

The atom bomb won't end this old world—IF we build a new one first.

GUEST SINGER



The guest artist on the Northern Electric Hour on Monday, November 18, will be Edmund Hockridge, baritone. Possessing a voice of exceptional quality and range, he will sing "Gwine to Hebb'n", a Negro spiritual, and a special arrangement of "My Heart Stood Still".

"Prophets of Gloom Should See Canada at First Hand"– Walton

C.N.R. Executive Vice-President, After 5000-mile Inspection Trip, Declares Conditions Very Promising.

MONTREAL. — "Those prophets of gloom who predict a business recession should see their Canada at first hand," said N. B. Walton, C.B.E., executive vice-president, C.N.R., on his return from a three-weeks inspection of the company's western facilities.

"If the real cure for inflation is production then Canada is doing all right in this post-war world. I have never seen our country working so hard at peacetime production.

"Nature has been especially bountiful this year. There is an excellent grain crop and much of it is already on the way to market. The Okanagan Valley has a near-record fruit crop which is being picked and shipped rapidly. Good crops mean prosperity for eastern as well as western Canada. I see no reason for pessimism," he concluded.

The party travelled some 5,000 miles, covering the prairies away from the populated centres to get an ideal cross-section. The inspection included such diverse activities as handling iron ore at the Lakehead to shipbuilding at Victoria, B.C.

"I'd like 11,506,651* others to hear this"

"No post mortems!" warned Ida, glancing at Ruth. "The game's over. Besides, your husband looks as though he has something on his mind."

"I sure have," said Bill. "Only I'd like the other 11,506,651 Canadians to hear this too. To-day I got hold of some figures that make me proud of the business I'm in. We Canadians now own more than 10 *billion* dollars worth of life insurance. And payments? During 1945 alone, the companies paid out about 66½ million dollars to widows, children and other beneficiaries. And another 95 million dollars was paid to living policyholders through matured endowments, dividends, disability claims, annuities and cash surrender values. That's what life insurance is doing for us Canadians.

"These life insurance benefits helped to pay off mortgages on homes, start youngsters off to college, settle older people into comfortable retirement. Countless families have thanked their stars for life insurance in time of need. Many, many others who are now building future security through their policies will be glad of it. But I want every living Canadian to realize the importance of Life Insurance."

• • • • •

Every life insurance dollar, while waiting to be paid out to its claimant, is working and growing in the service of the public, creating more jobs and more goods for more Canadians. Of that dollar about 57 cents is now invested in Government bonds, 5 cents is laboring for municipalities, 20 cents is building industries and public utilities from coast to coast, 8 cents is in farm and urban mortgages, another 9 cents is on loan to policy holders, 1½ cents is represented by real estate and 3½ cents is in cash and miscellaneous assets.

Life insurance not only grows in the scope of its protection, year after year, but is continually being employed for socially desirable purposes.

A message from the Life Insurance Companies in Canada and their agents.

**Population of Canada, 1941 census, 11,506,651*

A.M.A. Makes Plans To Extend Services

Expansion of services for the new year is one of the matters to be given consideration at annual meetings of branches of the Alberta Motor Association to be held this month.

The desirability of this course has been under consideration for some time and at the last annual meeting of the provincial board a committee was appointed to bring in a report at the next meeting in December.

Several suggestions have been made for membership service expansion and these will be reported upon by the committee.

One suggestion put forward is to inaugurate a motorcycle patrol service during the summer driving season. Such patrols have proved valuable in giving aid in case of car breakdowns in emergencies and in assisting victims of accidents. Such services were experimented with prior to the last war and gave good results, besides winning a lot of goodwill for the A.M.A.

ALLANDALE

A dance will be held at the Allandale school Friday Nov. 22. Proceeds for the Christmas concert. 27-8

HAVE YOU ANY RUPEES IN YOUR PURSE?

1835 FRANCS
£40-11
60 RUPEES

Mrs. Blair has been talking for months about buying a real Indian shawl. But wouldn't she be surprised if she found it priced in rupees! That it isn't, is due in large measure to the services rendered by your bank.

When you buy imported goods in Canadian stores, you pay in Canadian dollars—but the people who made them were paid in Indian rupees, British pounds, French francs . . .

It is the same in reverse with exports. You may be one of the three out of every eight Canadians who make their living through goods sold abroad. If so, you receive your wages in dollars, but your products are sold in all sorts of foreign currencies.

Arranging the complicated exchange and transfer of foreign funds in such transactions is but one of your bank's many services enabling Canadians to buy and sell abroad.

THE PICK OF PIPE TOBACCOS

Save The Children

THERE ARE MANY FORCES AT WORK in the world today to further a spirit of co-operation among nations and a better understanding among the people of all countries. Any undertaking which has this aim in view is to be highly commended, but it is doubtful whether we are aware of all that is being done in this respect by our own, and other nations. One such project has received some notice in the press in Canada recently. This is the inauguration of the Canadian Save the Children Fund, which takes its place within the International Union, Geneva, in which thirty-one countries now participate. The objects of the organization are "to save the children of today, who through no fault of their own have been denied a fair chance in a desperate struggle against want and disease."

• • • • •

The Need Abroad Has Been Great In the past this work has been carried on as a committee of the British Save the Children Fund, but a Canadian organization has now been incorporated under the patronage of Lady Alexander of Tunis, and with Mr. Justice A. C. McRuer as national chairman. Those who contribute to the Fund may now earmark their subscription for work among children in any part of the world. During the past years, the need abroad has been so great that no plans had been made to serve children in Canada, but it is hoped that soon there will be provisions for assisting Canadian children who through want or neglect are deprived of the opportunities they should have. In the words of the national chairman this will be done when "the need of our neighbor is not greater than ours."

• • • • •

Generous Gifts From Canada Generous gifts have gone from Canada in past years to help the children of other lands. In 1945 the Canadian Committee sent $93,381.51 to Europe for the purchase of food and medicine for undernourished children and since January, 1946, the sum of $238,899.46 has been received in contributions. Recently, the Manitoba Division of the Red Cross Society sent a donation of $30,000 for this fund. Helping needy children in other lands as well as our own, is one way of building for the future and proving to the citizens of tomorrow that there are very practical ways of nations showing humanitarianism and goodwill. Mr. Justice McRuer said, in this connection at the inaugural meeting of the Canadian Fund: "It is my hope that we may do something to make the name of Canada known throughout the world as a nation that is of great heart, that seeks not to destroy but to give life. I believe that what we do will not only benefit those who may receive help but also us. For I believe it will kindle in the hearts of those who will be world citizens of tomorrow a belief in the international brotherhood of man."

FUR PRICES
From Canada's largest primary fur market we give you this week's prices for good average lots of raw furs—Badger $4.15 Beaver $31.25 Ermine $2.30 Fisher $65.50 Jack Rabbits 40c Lynx $30.00 Marten $42 Mink $20.40 Muskrat $2.30 Otter $22.00 Skunk $1.92 Squirrel 93c. MIRACULOUS HEALING AT LOURDES SHRINE

LOURDES, France.—The Bureau of Verification announced the official registration of the miraculous healing of a child who had been blind and paralyzed before making a pilgrimage to the Lourdes shrine.

The statement said 11 physicians attested the complete recovery of young Francois Pascal, who was blind and paralyzed in the arms and legs when he was brought here in 1938.

Have Made Good

Banks Find Women Tellers Are As Efficient As Men

A woman who is said to have been the first of her sex to serve as a bank teller in this country has just passed away in Vancouver at the age of 90 years.

The woman bank teller was, of course, a rarity in this country before the time of the Great War when, in view of the manpower shortage, girls began to appear in cages, and, on the whole, to give excellent service.

The much greater manpower shortage of the more recent war led to a marked increase in the number of women handling cash in the banks. They became so commonplace that no one thought of the great change that had overtaken our branch banks.

In a large number of instances, these women tellers have remained on the job and it can scarcely be said, from the standpoint of bank customers, that there has been any appreciable decline in efficiency. Moreover, the average woman teller is much better looking than the man whose place she has taken, which is perhaps another reason why the banks are loath to let them go.

The phalarope spins about in swift revolutions as it feeds. This stirs up the water and brings acquatic life to the surface, where it is devoured by the bird.

Eire's Townsfolk Aid in Harvest

Office Women Proved A Great Help In Many Cases

DUBLIN.—Eire's countryfolk now take a more kindly view of townspeople, who showed they were made of the right stuff by volunteering in thousands to get in rain-drenched harvests.

Stenographers, soldiers, civil servants, bricklayers and carpenters were among those who gave up their spare time to aid the farmers and prevented losses from being as serious as had been feared. The equivalent of 120,000 man-days was provided by Dublin workers alone.

A feature of the volunteer movement was the success with which women worked. One farmer who received a Dublin stenographer with doubts said afterwards "that girl was better than a man-and-a-half" after she stooked wheat all day, milked the cows, and then helped prepare dinner.

On another farm four women—two civil servants and two school teachers — worked all day in the fields, then milked 30 cows, enabling male milkers to continue stooking.

"Examples like these broke down the farmers' antipathy toward volunteer workers, especially toward women," said an official who organized the volunteers.

SMILE AWHILE

"What's your favorite sport, doctor?"

"Sleighing."

"I mean, apart from business."

Immigration Figures Show Increase

Total Of 33,914 Have Come To [illegible]

OTTAWA. — Immigration to Canada during the first six months of 1946 totalled 33,914, a 167.2 per cent. increase over the same period last year, immigration officials said.

Most of the new Canadians were the wives and children of service men.

Of the immigrants 24,909 were of English, Scottish, Irish or Welsh origin, 5,227 were from the United States, 1,604 from northern European countries and 2,174 from other parts of the world.

Almost two-thirds were adult females—20,174. There were 4,816 adult males and 8,924 children under 18.

Ontario received most of the newcomers—14,325. The western provinces: Manitoba, 2,112; Saskatchewan, 2,226; Alberta, 2,762; British Columbia, 3,789; Yukon, nine; Northwest Territories, five.

Canadians returning from the United States in the six-month period totalled 1,737 as compared to 1,098 in January-June, 1945.

Work Is Ending

Canadian Postal Corps Did Huge Job During War

OTTAWA.—A group of men who did a big behind the scenes job—the Canadian Postal Corps — are winding up their task.

There were 3,000 of them at the peak, charged with the job of getting letters, parcels and cigarettes to Canada's rapidly-moving armed forces. That number has dwindled and they were scheduled to wind up activities at the end of this month, but life of the corps has been extended to the end of the year.

BURGLARS FINALLY SUCCEED AFTER FOUR HOURS' WORK

NEW YORK. — Burglars set to work on a 2½-foot-square safe at a restaurant during the early morning hours, and, police said, in the ensuing four hours they:

Rolled it around on the floor.

Attacked it with iron bars.

Heaved it down a flight of marble steps.

Tore at its bottom with kitchen knives, cleavers, forks and every other kind of implement available in the kitchen.

Officers of the police scientific squad termed it the worst job of safe-cracking they ever saw—but the hard-working burglars finally got it open and made off with $3,000 in cash and jewelry.

Good Way to Treat Sore, Itching Piles
If you suffer agonizing torture from sore, painful, itching piles, here is a chance to try a simple, home treatment with the promise of a reliable firm to refund the cost if you are not satisfied with the results.
Simply get a bottle of Hem-Roid from any druggist. This is an internal treatment whose medication is directed to the removal of the cause of piles. Hem-Roid is a small tablet, easy and pleasant to use and pleasing results are quickly shown. Itching and soreness are relieved, pain subsides and as the treatment is continued the swelling and inflammation are reduced and the sore, painful pile tumors heal over, leaving the rectal membranes clean and healthy. Get a bottle of Hem-Roid today and see for yourself what an easy pleasant way this is to rid yourself of pile misery.
NOTE: The sponsor of this notice is a reliable firm, doing business in Canada for over 20 years. If you are troubled with sore, itching, painful piles, Hem-Roid must help you quickly or the small purchase price will be gladly refunded.

Home-Made Soap

Home Economist Offers Recipe To Relieve Shortage

PORTLAND, Ore.—Here's the dope on how to make soap at home, you hope.

After elaborate testing of hundreds of suggestions, Mary Cullen, Oregon Journal home economist, announced a practically fool-proof home soap recipe for women who have gotten flat-footed from standing in the soap lineup and want to make it at home, as grandmother used to.

First: The Water. Use soft water. It makes hard soap. Hard water, miraculously, makes soft soap, the tests showed.

Ingredients: Five pounds of strained or clarified animal fat; one pound can of lye; one quart cold water; one-half cup powdered borax; one-fourth cup ammonia.

Strain fat through fine sieve, or melt the fat and strain it through cheesecloth. Use only animal fat, rendered from meat scraps. Do not overheat.

Fat must be lukewarm and slightly liquid. Dissolve lye in cold water in enamel or graniteware pan or crock. Do not use aluminum. The lye will eat it.

Stir with long stick, with face away from lye solution, which will spatter and burn. Add fat slowly to lye solution, stirring constantly.

Mix borax with ammonia and stir into fat and lye mixture. Continue stirring until mixture is thick and light-colored. Pour soap into soap pan lined with cloth. Let stand until it begins to harden. Mark into pieces with knife. When soap is hard, break into pieces and let it dry.

Miss Cullen's other recipes included soap made with just lye and grease; grease, lye and ammonia—and one little jim-dandy—make it with cream!

But the above, with good luck, actually makes those hustle-bubble suds, the economist claims, although it doesn't hurt to cross the fingers.

HER LUCKY DAY

A young Cardigan housewife noticed a hole in a chair she had bought at a sale. She put her thumb in the hole, felt something that wasn't stuffing, pulled. And out came 64 pairs of pre-war silk stockings, fully fashioned!

A breadboard may be kept from skidding on a smooth table when kneading dough if jar rubbers are glued to its under surface.

Just An Experiment

Passengers Flown From Washington To California Facing Backward

Like the mythical bird that didn't care where he was going but wanted to see where he had just been, a plane-load of passengers flew from Washington to California facing backward.

It was an air transport command experiment, applying new safety theories and testing passenger reaction.

The plane is a standard C-54 with all seats reversed, facing the tail. It is the first passenger plane in the United States to have all seats so arranged, although pre-war sleeper planes had half of them set in that manner.

The principal reason for the change was a study of combat and crash research findings which showed that in rough landings passengers are safer when the deceleration shock is distributed over most of the body and absorbed by the back of the seat.

[illegible] AND "THAT'S NO YOLK"

NEW YORK.—Heard in Brooklyn—Queens night court when four men were arraigned on a charge they smashed 3,600 eggs during a fight in a butter and egg store: A magistrate—"This is certainly a scrambled mess. A defence lawyer—"That's no yolk." Another lawyer—"It's the biggest omelette in Brooklyn's history." Pending another hearing Tuesday the four were paroled.

VERMILION, ALTA

Funeral of the Very Reverend Fr. Jeremiah O'Sullivan

Funeral services for the late Very Rev. Father Jeremiah O'Sullivan were held from St. Joseph's cathedral in Edmonton on Tuesday, Nov. 5th at 10:30 a.m. Rt. Rev. W. B. Carleton, V.G., officated at the Solemn Mass of Requiem, assisted by Rev. Father D. W. Martin as deacon and Rev. Father E. Donahue as sub-deacon. St. Joseph's Seminary choir sang the Mass and close to one hundred members of the clergy were present as well as representatives of the religious sisterhoods and a large congregation. The sermon was delivered by Rt. Rev. M. C. O'Neill, rector of the cathedral, and former principal chaplain, who had been associated with our late pastor in the chaplain service overseas in simple terms. Msgr. O'Neill expressed the great affection and esteem which his own parishioners and the non-Catholic neighbors in the vicinity of Vermilion had for Very Rev. Fr. "Jerry" O'Sullivan. He concluded with a fervent plea that he be not forgotten in the Masses and prayers of all.

After the 'Libera', Msgr. Carleton spoke briefly on behalf of His Grace Archbishop MacDonald, who is in the east. He read messages of sympathy from Cardinal McGuigan of Toronto, Archbishop Monahan of Regina and Archbishop MacDonald.

Following the Mass, the funeral cortege which stretched for many city blocks, wended its way to the cemetery led by a police motorcycle escort. Pallbearers were Rev. Fathers M. Murphy, J. Aherne, N. Schmeltzer, H. Griffin, J. Patoine, O.M.I., and E. Rooney. At the cemetery committal prayers were recited by Msgr. M. J. O'Gorman. The last post in tribute to the deceased's war service, was sounded as the casket was lowered into the grave.

Very Rev. Fr. O'Sullivan is survived by a brother, Fr. Eugene O'Sullivan, who was not well enough to make the trip west; brother Tim O'Sullivan of Chicago, Ill., who attended the funeral services, and a brother Jack, who lives in Killarney, Ireland.

At Vermilion on Saturday morning Nov. 2nd, a Solemn Mass of Requiem was offered at 10:30 a.m. by the Rev. Fr. Andrew MacDonnell, O.S.B., a good friend of the deceased. He was assisted by Rev. Fr. P. Rooney, St Andrews as deacon and Rev. Fr. W. MacPhee, Clandonald as sub-deacon. The sermon was delivered by Rev. Fr. Ehmann of Wainwright, who was to have preached at the silver jubilee of Very Rev. Fr. O'Sullivan on Nov. 13. Msgr. Carleton officiated at the 'Libera' and spoke briefly in tribute to Father "Jerry". The sisters of St Joseph from Clandonald and Wainwright and sisters of the Good Shepherd from Edmonton formed the choir.

Hundreds of spiritual and floral offerings were received. Following is a list of those in the vicinity of Vermilion and Missions of Holy Name Parish:

Mr and Mrs. J. D. Adam; Fish & Game League; Peter and Fergie, Mr and Mrs. A. West; Mr. and Mrs. Elmore Stewart; Mr. and Mrs. W. R. Wiebe, Mr and Mrs. M.P. Norton; Mr and Mrs. R. H. BOWTELL

Dance at Bowtell school on Friday Nov. 22nd. Admission 75c per couple, extra lady 25c. Good music. 2s9

Bowtell Bulletin

Twenty ladies enjoyed a supper and show in town on Wednesday and to top the evening off quite a number attended the Old Timers Round-up.

Mr. and Mrs. Robinson were Edmonton visitors this week. John Rochford kindly looked after their chores.

Dick Arnold visited Sunday at the Rochford home. Mr. Arnold is convalescing nicely following his recent operation. The writer and family enjoyed a visit from Mr. and Mrs. E. Jones on Sunday.

Don't forget the dance in Bowtell school Friday, Nov. 22nd. Mrs. [illegible] is kindly donating the coffee and Mrs. Perkins the wax.

Quite a number in our district are now trying to get electric lights and telephones.

A lot of gravel is being moved from Mr. Payne's pit. Some of it is being put on the streets at Islay and some on the road south from Borradaile.

Miss R. Romanchan spent Wednesday night with Isabell Sherwood.

MORRISON NEWS

A shower for Miss Chrissie [illegible] was held at the home of Mrs. McClelland. About [illegible] guests were present and Chrissie received many useful gifts for which she thanked every one.

Nora Player [illegible] to [illegible] for a week to visit her sister. She will also visit [illegible].

Mrs. Gilles, Betty [illegible] were supper guests at the [illegible] home on Sunday.

The postponed [illegible] on Nov. 1[illegible] also [illegible] sponsored by the ladies [illegible] club.

Mrs. Bowser [illegible] friends in Vermilion on Thursday [illegible] brought back reports that [illegible] all fine.

Wedding bells will be ringing soon in the district so keep your eyes open.

Mrs. Tillie Gould has gone to [illegible] where she will make [illegible] home.

Wildmere Winks

The writer and husband [illegible] the old timers dance last Wednesday night in Vermilion and surely enjoyed themselves. Good music [illegible] able crowd made a very good time. Meeting so many old timers many of whom do not come out any other time was quite [illegible]. We [illegible] hope that when the next round-up of the old timers takes place we are able to attend.

Bodie Holtz of Vermilion is at present helping [illegible] George W[illegible] on Wildmere stock [illegible].

Earl Graham of Vegreville spent the long week-end with his children at the Wallington home. He returned to Vegreville again Monday evening by bus.

We are sorry to hear that Mrs. Alex Smith's baby is not at all well. We all wish a speedy recovery to the wee one.

Mr and Mrs Wallington spent a short while visiting Mr Clark on Sunday evening. It was pleasing to see him looking so well after his recent illness.

A curling meeting was held at Robt. Martin's on Monday evening. At time of writing we have not much to tell about [illegible].

Kellogg's ALL-BRAN

Says Canada's Top Population 50,000,000

University Professor Notes Peace River Possibilities

MONTREAL.—Today all but about 800,000 of Canada's 3,500,000 square miles are "empty" and could support a gradual increase of population up to 50,000,000, Prof. Gilbert Taylor, head of the geography department of the University of Toronto told the Montreal Geographical Association at a dinner in the Faculty Club.

In his address on "Geography and Nation Planning," which was illustrated by slides, Professor Taylor pointed out that the two most promising regions for settlement in Canada are the Mackenzie-Slave-Peace [illegible] and a rather narrow fringe bordering the St. Lawrence. The speaker was introduced by Prof. George H. T. Kimble, of McGill, who as president of the association, outlined its next year's program.

Professor Taylor said that the St. Lawrence is already fairly well occupied in regard to agriculture and during the past 40 years there has been a gradual migration towards the Peace River. In country somewhat similar to this Mackenzie triangle, he noted that the Russians in Siberia plan to settle many of the 240,000,000 they expect before the end of the century.

Because it is hard to place even a few thousand immigrants easily and because there is no obvious need to fill the empty Canadian north, Professor Taylor thought that Canadian [illegible]s are wise to discount settlement possibilities there. He reminded his audience that these Arctic lands lie on the air route from the Pittsburgh factories to the teeming millions of the southeast of Asia.

[illegible] THE TROUBLE LIES

Malcolm W. Bingay says in the Detroit Free Press the trouble with our thought processes is that we think of the hour instead of the year; of the year instead of the generation. We consider the wave and not the ocean. Thus it is that we blame everything on the last war. We even blame the present vogue of making insanity the topic of new books, plays and movies. We are so completely immersed in insanity that there should be a movement started to build an asylum for the sane.

WORLD HAPPENINGS BRIEFLY TOLD

Winston Churchill received a native walking stick from K. M. Goodenough, Southern Rhodesia High Commissioner.

American and Russian occupation authorities have opened their zonal borders in southern Germany to German business men.

The Japanese Imperial household staff has been reduced from 8,200 persons to approximately 4,000 in the first year of occupation, Allied Headquarters said.

A window containing 15th, 16th and 17th century glass, removed for safekeeping during the war, has been restored to Morden College chapel in London.

For their "faithful witness" during the occupation Queen Elizabeth sent presents of religious vessels to Channel Islands' Church of England congregations.

The United States has turned over to Iceland the Army's $20,000,000 Keflavik airport, trans-Atlantic way station and fighter base during the war.

Two Hong Kong fire engines, a statue of Queen Victoria and other war-time loot taken by Japanese to the Imperial Household at Kure have been shipped back to the British Crown colony.

Richard Grew, Canadian trade commissioner who was captured and interned by the Nazis while trying to escape from Norway during the 1940 invasion, has been appointed Canadian trade commissioner to India.

EGGS IN PLASTIC JACKETS DELIVERED TO THE KING

Two dozen eggs in plastic jackets—have been delivered to Balmoral Castle for the King and Queen.

They were brought over from America in an air liner by 22-year-old Miss Constance Liddicoat, who won a free trip to Britain given by an American plastics firm.

Miss Liddicoat said: "I was instructed to send the eggs on to the King and Queen at Balmoral as soon as I arrived. The eggs will keep for nine months. They're unbreakable, and all you have to do is to peel off the plastic covering."—London Daily Mail.

WHALE MEAT SANDWICH

HAMBURG, Germany.—Sandwich spread from whale meat will supplement German rations in the British occupation zone.

The whale product, 1,500 tons of it, arrived recently and is being mixed with protein-bearing plants at four factories in Hamburg and Shleswig-Holstein. The mixture is described as having no oily or fishy taste.

Instantly relief from head cold distress starts to come when you put a little Va-tro-nol in each nostril. Also—it helps prevent colds from developing if used in time! Try it! Works fine! You'll like it!

VICKS VA-TRO-NOL

Health LEAGUE of CANADA presents TOPICS of VITAL INTEREST

IMPROVED FOOD HABITS [illegible]

Sufficient quantities of different foods are available in Canada to provide every Canadian with nutrients needed for health, Dr. E. W. McHenry of the University of Toronto said in an address at a nutrition meeting sponsored by the Health League of Canada here. He added, however, that there is evidence that the food habits of many Canadians need to be improved and that the available foods are not being properly used.

"The two main causes for malnutrition in Canada are ignorance and indifference," said Dr. McHenry who is Professor of Public Health Nutrition at the university's School of Hygiene. "These two causes can be most effectively wiped out by the adequate training of children in healthful living."

He said food habits are formed in childhood and persist through life with little change in most people. Firmly entrenched habits were difficult to change and it was difficult to arouse people sufficiently to cause them to change.

"Our main hope of improving nutritional conditions is proper training of children with regard to food habits and other aspects of health," Dr. McHenry said. "We need to instil in children a liking for the foods which are good for them and to cause that liking to be entrenched as a habit."

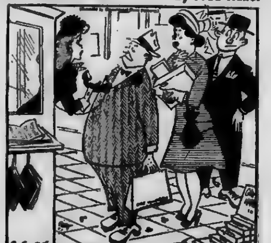
He said, however, that nutritional conditions in Canada are sufficiently good that only one deficiency disease, goitre, occurs with any frequency among adults. Two deficiency conditions, rickets and scurvy, are occasionally found in babies.

In regard to goitre — caused by lack of iodine—he pointed out that iodized salt is the most practical method of obtaining iodine. As for overweight, Dr. McHenry said he includes obesity under malnutrition.

TOOK LONG TIME

Use of mail coaches was started in England more than 150 years ago. They travelled at a rate of eight and one-half miles an hour, and the journey from London to Edinburgh required 18 days.

LIFE'S LIKE THAT — By Fred Neher



"Any of you going to call Main 704? I got that number by mistake."

I'LL FIX YOU—YOU LITTLE BRAT!
What she needs is Postum

With some people, the caffein in tea and coffee upsets nerves, makes for bad tempers. Drink Postum instead—for its grand flavor—and because it's the ideal way to give up tea and coffee. Contains no caffein to upset you. Convenient—made right in the cup—economical—costs less than a cent a serving.

A Product of General Foods

Premier Attlee Refuses Name For War

But Thinks "Second World War" Will Be Adopted

LONDON.—Britain does not intend to give an official name for the 1939-1945 war, Premier Clement Attlee told the House of Commons.

He said, "on the whole, I think the 'Second World War' is likely to be generally adopted."

Laborite M.P. Thomas Cecil Skeffington-Lodge asked, "Are you aware that use of the term 'Second World War' pre-supposes that there might be another, and would it not be better to take a risk and call it the last world war?"

Attlee replied amid laughter, "So far as I know, there was a first and second Punic war but not a third."

The diamond was first used for drilling purposes in 1864, when a Swiss engineer invented the diamond drill-bit. 2666

MEDICAL OFFICERS ADMIT "SHELL SHOCK" NOW EXISTS

WASHINGTON.—After outlawing the term for years, army medical officers have decided that there is such a condition as "shell shock" although it is rare.

The Medical Corps Bulletin said that an intensive study of 34 cases verified that real shell shock was a syndrome, or complex of symptoms resulting entirely from the effect of blast on brain tissues.

Local News of Interest

MISS M. G. LANG

Dean of the Girls' residence and instructress in Household Administration and Handicrafts at the school of agriculture. Miss Lang, whose home is in Medicine Hat, is a graduate of the Calgary Normal school and the University of Alberta. Formerly a member of the high school staff at Lethbridge, and having served three years in the R.C.A.F., she comes to Vermilion from a position as Dietitian in the Provincial Sanitorium at Calgary.

Miss Lang will be a member of the reception committee at the Fall dance and Alumni Re-union on Friday, Nov. 22nd.

The Rev. and Mrs. W. E. Harrison of Edmonton were guests of the Ven. and Mrs. W. Leversedge at the rectory during their stay in town over the week end. Mr. Harrison was the guest speaker at Remembrance Day services Sunday and Monday.

Skating, accompanied by considerable crackling noises, is now being enjoyed on lakes and ponds in this area. Ice is still thin and the absence of much frost for several nights hasn't helped it any.

Gilbert Brimacombe of the Holden high school staff spent the week end in Vermilion.

Miss Leslie Lipsey of Edmonton accompanied by her cousin Miss R. Montgomery spent from Friday to Monday evening at the home of the former's parents, Mr. and Mrs. C. P. Lipsey.

LANGRIDGE — Born to Mr. and Mrs. E. P. Langridge at the Vermilion Municipal hospital on Sunday Nov. 10th, twin boys.

Mr. and Mrs. Norman Williams and family spent the holiday week end at the home of the former's parents, Mr. and Mrs. W. D. Williams. They returned to Saskatoon Monday evening.

The Vermilion Masonic Lodge No. 24 A.F. & A.M. will hold a card party and dance in the Lodge rooms on Tuesday evening November 26 at 8:30. All members are invited to attend and to bring their friends. A special orchestra will dispense both modern and old time music. 24-9

IN MEMORIAM

In loving memory of
George Heidebrecht
who passed away Nov. 16 1940

WEDDING BELLS

WILSON—HODGSON

A very pretty wedding was solemnized on the afternoon of November 4th at the First United church, Vermilion, when Irene, youngest daughter of Mr. and Mrs. R. H. Hodgson of Vermilion, became the bride of John H. Wilson, only son of Mr. and Mrs. W. J. Wilson of Lloydminster, Sask. The ceremony was conducted by the Rev. E. S. Reikie.

Entering the church on the arm of her father the bride wore a slipper-length gown of ivory satin, fitted at the waist with full skirt and lily point sleeves. Her floor-length embroidered veil was caught to her head with a wreath of orange blossoms. Her only jewelry was a silver chain belonging to her grandmother. She carried a large bouquet of American Beauty roses and fern. Her attendants were her two sisters Mrs. T. C. Milligan of Vermilion and Mrs. R. D. Greig of Trochu.

Mrs. Milligan wore a full-length dress of pink net over satin with matching chapel veil and carried a colonial bouquet of carnations and baby 'mums. Mrs. Greig chose a floor-length gown of blue sheer with chapel veil and colonial bouquet of 'mums and carnations.

Velma June Milligan, niece of the bride was flower girl, and was very sweet in floor-length gown of white net with blue satin sash. She wore white gloves and carried a basket of mixed flowers.

Mr. William E. Bell, brother-in-law to the groom was best man.

The ushers were T. C. Milligan and Mr. Robert Reid. Mrs. A. West played the organ.

The reception, held at the home of the bride's sister, Mrs. Milligan, was attended by 50 guests. For the occasion the bride's mother chose a rust two-piece ensemble with black accessories and wore a corsage of roses and snapdragons.

The groom's mother wore navy blue with black accessories and also wore a corsage of roses and snapdragons.

The bride's table was laid in white centred with a three-tier wedding cake embedded in pink tulle, and flanked by tall white tapers and vases of roses. The toast to the bride was proposed by the Rev. E. S. Reikie and response made by the groom.

Assisting serving were Mrs. W. Bell, Mrs. Cliff Hellen, Mrs. George Allanach and Miss Florence Thompson.

The young couple left later for a short honeymoon at Edmonton and points south. For travelling the bride wore a pale green suit with black accessories and a corsage of roses and fern.

On their return they will make their home in Vermilion. Both bride and groom recently received their discharge from Canada's armed services.

New Pastor Appointed to Alliance Chapel

Rev. E. A. Phillips of Wimborne, Alberta, has been appointed as pastor of the Vermilion Alliance chapel. His opening Sunday will be Nov. 24th.

CARD OF THANKS

The parishioners of Holy Name Parish and Missions of St. Joseph's church, Mannville, Island Hill and Islay wish to extend their sincere thanks for the help, expressions of sympathy, spiritual offerings and floral tributes received, following the death of their beloved priest, the Very Reverend Father O'Sullivan.

Bowtell Bulletin

Congratulations are extended to Mr. and Mrs. Davies on the birth of a baby daughter in the Vermilion hospital.

Mr. and Mrs. Jones were visitors Monday at the Knutson home.

Stagette Notes

The regular Stagette meeting was held in the club room with most members present. After the reading of the minutes Lucy Milne gave a very interesting report on Stagettes. A number of suggestions were made concerning the educational and handicraft meetings.

Now, stepping back to Nov. 7th for comment and consideration, a date that the new members no doubt, have not forgotten. Seven girls pledged themselves to the Stagette club that night. Initiation certainly proved that [illegible] girls are Stagette minded and very good sports. The result of star-gazing left beautiful shiners, which later was described as star-dust. With latest hair-do's and blind make-up the parade passed through town, to the Brunswick then back to the Boston where lunch was waiting for 22 hungry Stagettes. Between playing the Wurlitzer, making phone calls, disturbing bus passengers and singing for the public we wonder if the girls did get their share of victuals at the big table.

See you all next week.

Vermilion River Mun. District Council Chooses Vermilion

For Office Location

The Vermilion River Municipal office will be moved to Vermilion providing that suitable accommodation can be secured here. This was the decision of the municipal council at their regular monthly meeting held last Thursday and Friday at the office in Marwayne. Instructions were issued to the secretary by council to immediately investigate and see if office premises could be secured in Vermilion.

As this case has been very well aired in the past 2 and a half years the Standard sees little point in reviewing the matter, rather taking the attitude that all that has transpired is water under the bridge.

With the office location question settled the council will be in a position to concentrate on administration and progressive legislation within the municipality and ratepayers generally express the hope that the contentious point has been finally disposed of.

P.T. Classes Have Two-fold Objective

To create in the public mind a realization of the value of physical fitness for its own sake, and to provide facilities sufficiently attractive to make an effective appeal to the public, is the two-fold objective of the Dominion Provincial Health and Recreation plan. In Vermilion, at present, free physical training classes are offered for all girls and women, held every Monday and Thursday evenings at 8 o'clock in the Arena gym under the leadership of Elaine Howlett. So girls don't hesitate any longer, pick up a friend and hike down to the gym, for it's "really swell to keep well."

Annual Dinner of The Pastime Club

The annual dinner of the Vermilion Pastime club was held on Tuesday evening of last week at George's Lower Deck when Mine Host George placed before the members a most sumptuous repast excelling himself in many tasty viands. A two-minute silence was observed for those of the originals that had passed to the great beyond during the past years. An appropriate remembrance was arranged for Mr. William Telford who was prevented from being present by illness. The presentation was made to him Sunday afternoon at the hospital by a committee of the members. The Club was sincerely thanked by Mr. Telford for remembering him on that occasion. He wished the Club every success. The officers elected for the ensuing year were as follows:

Hon. President—Wm. Telford
President — H. P. Long
Vice-President—Harry Compton
Sec.-Treasurer—M. G. Brimacombe

The financial statement showed a substantial balance to the credit of the organization and the usual donations to charitable purposes.

STAGETTE NOTES

The regular Tuesday night Stagette meeting was held in the Club room on the 19th and opened with the singing of the Club song. Marg Gervin took the secretary's chair for the evening.

Dorothy Taylor nurse from the college and now a Stagette member, was present for her first meeting. We are glad to have you with us Dorothy.

A word of sympathy goes out to the sick and shut-ins. We are sorry girls and hope you will soon be well again, we miss you.

Don't forget the list of items required for Handicraft work on the 26, bring everything but the DOUGH.

See you all then.

Shower in Honor Of Bride Elect

A shower was held in the Heatherbell school on October 25th in honor of Edith Wilson and Lorne Arthur whose marriage took place on Nov. 6. A very large number of friends attended and after a program which evoked great fun and laughter, the young couple were showered with many lovely gifts.

Both of the young people are well known in the district having lived here practically all of their lives. Both were members of Canada's services during the war, the groom being a member of the R.C.A.F. for four years while the bride served in the R.C.A.F. (W.D.) for two and a half years.

MILITARY NOTES

"A" Company, The Loyal Edmonton Regiment, will hold a parade Wednesday Nov. 27 at 19.30 hours at the Armories. Battle dress, belts and anklets will be worn. All members and persons interested in joining the Unit are requested to attend.

Latest promotions in "A" Company are A. E. Moore to WO. 2; M. C. Hunter to Sergeant; T. W. Chapman and R. W. Chapman to Corporal; R. D. Dixon, B. Reid and H. Armstrong to L. Corporal.

FIRE AT DICK JONES' SHOP

Vermilion firemen fought a stubborn blaze in the attic of Dick Jones welding shop Tuesday at 5 p.m. and in sub-zero weather. The fire became bedded in the heavy shavings and broke out again later in the evening and was again squelched.

NEW STORE OPENS SATURDAY

Self Serve Cash & Carry

Billie McLaughlin's new self-serve, cash and carry store will open its doors to the public on Saturday morning Nov. 23. Associated with Mr. McLaughlin in his ambitious undertaking is his wife, Mrs. Leona McLaughlin. Both are very well known to the general public having been associated with the merchandising business in Vermilion for many years. Mrs. McLaughlin's experience dates back to 1927 while Billie started in the vocation 18 years ago.

Miss Kae Martin, also well known to Vermilion and district people, is the third member of the staff and is cashier.

The new brick and tile store, well located on Main street, is modern in every respect. It has a 20 foot frontage and is 65 feet long. Lighting is fluorescent and heating is by steam from the town's central heating plant.

Concentration at the present time will be on groceries, although staple lines of dry goods are being stocked. The business is cash and carry with no delivery.

Attention of Standard readers is directed to the large opening announcement on page 2.

Eastern Alberta Hockey League To Operate

The Eastern Alberta hockey league will operate again this season with the opening game Vegreville at Lloydminster on Dec. 4th. Vermilion plays at Vegreville Dec. 7th and the first game in Vermilion is against Lloydminster on Wednesday, Dec. 11th. Complete details and schedule next week.

W. E. CROSS WINS AT TORONTO FAIR

Has Best Aberdeen Angus at Show

The Aberdeen Angus steer, Allendale Jacques Rex, bred and raised on the W. E. Cross farm, won first prize in the market cattle class at the Toronto Royal Winter fair. Judging of the class was on Friday last week. Competing at the fair is stock from all parts of Canada and the United States.

A picture of the animal, a very fine senior yearling, appeared in the last issue of the Standard.

Mr. and Mrs. W. E. Cross are attending the Toronto show, and the prize steer was exhibited by Mr. Cross.

Hurry! Hurry!

Every person desiring to play in the open mixed bonspiel scheduled to commence next week should hand in his or her name to H. R. Parker. The fee of 50c per person assures you [illegible] four games. Complete rinks composed of men and women or all of each may be entered if desired. Everybody invited. Enter today.

Committee in charge of bonspiel is Percy Moffatt, Lloyd McFadden, Reg Spencer and Mrs. C. P. Lipsey.

Bereaved by Death of Father

Sympathy of his many friends here is extended to Wally Dalgliesh who was bereaved by the death of his father at the family home in Calgary on Tuesday morning. Mr. and Mrs. Dalgliesh left for Calgary by car shortly after receiving the sad news.

"GREEN ACRES"

SHORTHORN MEETING

On Tuesday Nov. 26th district Shorthorn breeders are meeting at the school of agriculture for a dinner meeting starting at 6:15 p.m. Everyone interested in Shorthorn cattle is welcome. Reserve a place with your D.A.

J. W. Durno, noted auctioneer and Western Fieldman of the Shorthorn association, will be present. Another speaker will be Dr. P. R. Talbot, Provincial Veterinarian.

HORTICULTURAL MEETING

On Friday Nov. 22nd at 8:00 p.m. the Vermilion Horticultural society will hold their annual meeting in the Masonic hall.

Dr. Hilton, Professor of Horticulture at the University of Alberta will speak on growing flowers with special mention of Glads and Dahlias.

Everyone interested in growing a garden is invited to attend whether a member of the Society or not.

WINTER EGGS

It is not possible to get winter eggs unless a well balanced ration is fed to the flock. Supplements to the grain ration are necessary in the form of oyster shell, animal food (meat scraps or meat meal) and green feed. These ingredients are all supplied in commercial supplements or they can be obtained separately and mixed with home grown grains.

ERGOT IN RYE

Ergot is the most common fungus disease of Rye. It occurs to a lesser degree in wheat and barley. As ergot lowers the yield and market grain containing ergot obtains a lower price it is advisable to eradicate this disease. A new circular published by the Alberta Department of Agriculture on this subject is available from your D.A.

YORKSHIRE RECORDS

At the recent Edmonton fall sale a record was made for Yorkshire pig prices. James Wyllie of Vegreville sold nine head of one sow's litter for $1,050. Apparently some farmers think that there is money in pigs and it would appear also that they are anxious to obtain the best foundation stock even if the price is high.

SWINE IMPROVEMENT

The Alberta Department of Agriculture has a purchasing service whereby good boars and gilts are bought on orders and shipped by freight to the farmer's nearest station. This is a good plan of getting an expert buyer to obtain your requirements. It is now probably the right time to get back into raising pigs.

Old Timers Hold 18th Annual Round-up

The 18th Annual Round-up, dance and annual meeting of the members of the Vermilion Old Timers' association was held in the Elks hall, on Wednesday, Nov. 6th with about 175 old timers with their sons and daughters present.

Many new faces were seen in the gathering and many faces were missed, some had gone to their last resting place, while others were in hospital or absent for other reasons.

The dance commenced at about 9 p.m. and lasted until 3 a.m. with Mr. and Mrs. Rufus Omness and Mr. Gould of Islay furnishing the music, with Mr. Charlie Burt and Mrs. A. E. Ronaghan as stand-bys. Needless to say the music was old time. Mr. and Mrs. Omness have voluntarily furnished the music from the start of the Association and they have been very greatly appreciated through the years.

At the lunch hour, coffee, tea, sandwiches and cake were served and thanks go to the ladies of the executive and to lady members for the excellence and quantity of the lunch. Some 12 cakes were afterwards auctioned off, with Mr. James Wallington acting as auctioneer, license No. 1.

Immediately after lunch business of the Association was attended to. First was a one minute standing silence in memory of those who had passed on during the last year. These were Mr. Wm. Sherwood, Mrs. Minard, Mr. Isaah Winters, Mrs. Geo. Maggs, Sr., and Mr. Hugh McAteo.

The minutes of the last annual meeting and the financial statement were read by the secretary Mrs. A. M. West and adopted as read. Mr. Morrison welcomed the members and extended the freedom of the town.

Prizes were given for the lady and gentleman longest west of the Great Lakes. Mr. Robert McGee qualified in the gentleman's class, having arrived in Saskatoon in 1891. Mrs. Wm. Mayers, Mrs. Wm. Armstrong and Mrs. Lee tied in the ladies' class. Lots were drawn with Mrs. Mayers taking the prize.

The oldest old timers present, Mrs. Isaac Pinchbeck and Mr. W. M. Steele were awarded prizes and Mr. and Mrs. Harold Schoonmaker took the prize for the best waltzers.

The same executive was voted back into office, with J. W. G. Morrison, Hon. President, C. W. Robinson, President, W. M. Steele, Vice President, secretary Mrs. A. M. West and an executive composed of Messrs. Geo. Whyte and W. J. Moore, Mrs. Annie Cameron, Mrs. Walter Fisk and Mrs. A. E. Ronaghan.

The prizes for the lady and gentleman longest in the West were very kindly donated by Mr. Alex Rossignol to whom the Association is very grateful.

The party broke up about 3 a.m. with the Home Sweet Home waltz and the singing of God Save the King.

New Equipment At Columbia Theatre

An interesting new shutter arrangement on projecting machines which is the very latest equipment for prevention of fire has been installed in the two moving picture machines of the Columbia theatre. The somewhat intricate installation was done by Billie Pilkie and Tom [illegible] although usually it is necessary to forward the machines to the [illegible] to have this type of work [illegible]. The new device throws a wave [illegible] over the film when it is [illegible] Pilkie thinks that it will soon be compulsory to have [illegible] equipped with this safety [illegible]

[illegible] above [illegible] more for the safety of theatre patrons, new sound lenses giving a [illegible] of sound have been installed. The 12,000 cycle is compared with the former 8,000 thus giving a much wider sound range allowing clearer and higher notes.

Addition of the two above features brings the projecting equipment of the Columbia to a par with that in the larger theatres in the cities.

Lady Curlers, Attention

All ladies wishing to curl will or [illegible] please hand in their [illegible] to Mrs. C. P. Lipsey phone 215 or to Mrs. W. J. Bell phone 201 not later than Dec. 1st. "Never put off until tomorrow that which [illegible]

Daylight Train Service Starts Sunday, 24th

The new and additional train service between Edmonton, Vermilion and Lloydminster will commence Sunday next, Nov. 24th. The train equipped with new air conditioned cars, will leave Edmonton at 5 p.m. arriving here at 8.55 p.m. on its first trip. On the return to Edmonton it leaves Vermilion at 8.05 a.m. reaching Edmonton at 12:00 noon. This makes a time allowance in Edmonton between trains of 5 hours. The service is daily with the exception of Wednesday and includes a Sunday train.

A complete schedule of the new train service appears in the advertising columns of the Standard.

District Trustees Meet At Kitscoty

KITSCOTY.—Annual convention of the trustees association of the Vermilion school district was held here recently with Dr. W. H. Swift, deputy minister of education the principal speaker. H. E. Spencer, president of the Alberta Trustees association; Anders Aalborg, geographic representative of the A.T.A. and J. A. Smith, supervisor of the Kitscoty dormitories, also addressed the convention.

Delegates expressed their concern that taxes had steadily increased but schools have been forced to close through the lack of teachers. All present agreed that teachers' salaries would have to be increased before the shortage would end.

John H. Drew, Kitscoty, was re-elected president and W. Lloyd Brown of Islay, secretary. A complete board of directors also was elected.

In the evening a banquet was sponsored by the Kitscoty Dormitory board. C. E. Thompson, chairman of the Vermilion school division, acted as toastmaster.

ANNUAL MEETING VERMILION HORTICULTURE SOCIETY

The annual meeting of the Vermilion Horticulture Society will be held on Friday Nov. 22nd at 8 p.m. in the Memorial hall. 29-0

Four carloads of Elks attended the funeral of the late G. M. Condal of Mannville on Monday Nov. 18th when the last rites of the order were administered at the graveside. B.R. Gordon Park officiated.

BANKING IN ACTION

RETAILERS make constant use of banking services. In some cases these are simple but essential: the bank takes cash receipts on deposit, makes change, operates current accounts, and accepts and records used ration coupons. Other retail accounts involve considerable handling of drafts, and—a very important service the making of loans to enable retailers to take advantage of trade discounts. All this entails Banking in Action.

The Canadian Bank of Commerce has among its customers many retail houses, from the small corner store to the large chain and department store. Strict attention to their particular needs is given to *all* the Bank's customers.

Use our services for *your* banking requirements, whatever they may be. Consult our local Manager.

BUILDING COSTS UP 60%

Building costs in Canada rose between 47 and 62% between 1939 and 1945 and a further unstated amount in 1946, according to a report in The Financial Post.

Building materials alone are said to have risen 42% with the following typical: lumber up 70%, glass 61%, paint 25%, brick 16%, cement, plaster and nails 3 to 9%.

Old Man Winter Delivers Knock-Out

Beautiful Indian summer which held away for a month, suffered a complete knock-out blow last week end and is still out—Old Man Winter ho'ding the upper hand ever since. Not just mild winter weather but the real McCoy. Here are the 'cold' facts:

Day	High	Low
Fri. Nov. 15	19	5.4
Sat. Nov. 16	8.7	-17
Sun. Nov. 17	9.3	3.1
Mon. Nov. 18	0	-5.2
Tues. Nov. 19	-3	-8.9
Wed. Nov. 20	-1.8	-15.7
Thur. Nov. 21	-20.4	

Good news of indications of moderating temperatures was contained in the forecast Thursday morning.

Statistics supplied by courtesy of the Dept. of Transport Radio Range station at Vermilion.

Vermilion Junior Red Cross Receives Mention

Vermilion Junior Red Cross members will be pleased to read a mention of their school efforts in the last edition of the Junior Red Cross news letter. This was in connection with the effort to raise money made by Gr. 8, news of which was sent in by Heather Dalgliesh. Heather is the secretary of the Juniors in that grade.

Skate Sharpening while U wait by Allen Larose at the Vermilion Service station. 29-30

ISLAY

Winter came suddenly didn't it? 56 above one day, 12 the next—who shivered? This is the time of year the restaurant is well patronized for coffee. We, at least some of us, wish Laird wouldn't lock his store door when he goes to the Bank — Leone goes to the Bank too, we have to wait!

Mr. Kay is now operating the Treasury Branch in one part of his restaurant. He is ready for your [illegible]

Last week Mr. and Mrs. George Purves entertained some of the young folk of the town.

Jack Carey is his own housekeeper now—Mrs. Carey has moved to their house in Vermilion and the three children are all at school. No more cold drives in the winter. Well, we think they may be a little warmer at school too, as Islay has not been able to open the new school yet.

Mr. and Mrs. David Martin and family Betty and Don, celebrated their wedding anniversary at dinner at the home of Mr. and Mrs. Midgley, Mrs. Martin's sister

Nellie Landells is now attending Islay school for Gr. 10.

We noticed Don McInnis with a couple or so patches about his neck and face, it looks like boils — No he hadn't run into a door.

There were three school dances last Friday Some who were at Morrison finally landed at Bridstow—Well Faye the young folk missed you to make Bridstow lively and also missed the Hanna family for their music We wonder if "you all" may be back at this time next year. Do you think so?

The Roebuck family have moved to Vermilion Mrs. Roebuck comes back each Saturday to teach music She has a large class.

You are likely to be approached by canvassers for the British and Foreign Bible society any day now. Rev. Mr. Heuer was here last Thursday night with a very fine talkie film "We Too Serve" showing what missionaries had done for the native of the South Sea Islands and how these men now civilized, took care of wounded fliers shot down by Japs during the war. A wonderful picture of Jasper and the ice fields in color. There was a good attendance and the program was very educational and entertaining.

The radio has just announced that Edmonton has 47 new buses on order. How much quieter it will be in the city when they arrive

Claysmore Clippings

C. Harrison has just returned from a short visit spent with his daughter and family Mr. and Mrs. Stan Davis at New Westminster, B.C. Mr. Harrison purchased a small fruit farm while there and the family plan to move to the coast soon.

Mr. and Mrs. Harrison are old timers of the Claysmore district settling here in 1920 and they will be keenly missed by friends and neighbors Everyone extends to them very best wishes for success and happiness in their new home and undertaking.

Mrs Wm. Kerr who has been visiting her parents Mr. and Mrs. J. Livingstone for several weeks has returned to her home in Vancouver.

R. D. Lynch was an Edmonton visitor for several days last week.

Mrs. C. Challman is looking after the house on the D. Winter farm for the winter months.

Mr. and Mrs. G. Guinette and two small sons of Onoway, Alta., spent several days last week visiting the latter's father and brother E. E. and L. C. Burnett, also sister and family Mr. and Mrs. R. M. MacMillan.

L. C. Burnett left by car for Calgary this week and expects to be away for several days.

Robert Gordon and Miss Verna Bow both of the Mannville district were married in Mannville on Nov. 15th.

Obliging Bees

Mrs. S. B. Benner, who lives on a farm in the Paradise Valley district, was highly elated last week when the man on the farm discovered that a swarm of bees had apparently been busy during the summer months storing up a large hive of honey. Mr. Benner extracted some ten pounds of honey and the sample was so good he planned to return to obtain the balance of the rationed product.

Just where the bees swarmed from is not known as the closest beekeepers on that side of the river are about 7½ miles from this bee hive.

A wedding dance was held in the Orange hall the same evening and a number of Claysmore people attended. They report a large crowd and a very good time. The very best wishes were extended to the young newlyweds for a long happily married life. They will make their home on the groom's farm north-east of Mannville.

Cliff McCrae accompanied by his brothers Lloyd and [illegible] left early this week on a [illegible] Rocky Mountain House. They expect to be away for ten days.

Miss Elsie McCrae of Edmonton has been spending a few days visiting her brother and family Mr and Mrs. L. McCrae.

CANADIAN NATIONAL

Increase Seen In Production Of Commodities

OTTAWA.—The labor department said that in the wake of recent strike settlements the outlook of Canadian industry is "optimistic" and predicted early "stimulated" increases in steel, electrical apparatus, automobile, rubber, chemical and brass production.

Of 26,000 workers involved in disputes at Oct. 1, all but about 700 now had returned to work.

"An extensive flow of goods (soon) will close the general demand-supply gap and relieve inflationary pressure," a department news release said. "The heavy consumer demand for all types of goods will probably maintain manufacturing employment in the next few months, thus offsetting its normal seasonal decline."

The over-all situation had changed greatly since October, 1945. Since then the Dominion's economy had absorbed "thousands" of war workers and more than 600,000 veterans. Unemployment now was "less than three per cent. of the labor force."

"In the industrial regions of Quebec and Ontario, employment conditions show a marked improvement over those of October, 1945. The trend of activity in the seasonally-affected prairies and Pacific regions shows a steady recovery from the post-war low in the spring of 1946 to a level slightly above that of October, 1945.

"Unplaced applicants registered with the national employment service Oct. 31 totalled 134,000, a decrease of 8,000 from the Sept. 30 total. The latest figure was 26,000 less than at July 31.

Most jobs were found in Ontario, Quebec and the Maritimes, due to strike settlements and expansion in the logging industry. Unemployment increased in the prairies during October and remained stable on the Pacific coast.

At the end of October there were 133,000 unfilled vacancies in the Dominion, a 9,000 reduction from the total of 142,000 at Sept. 30.

Unplaced applicants and unfilled vacancies (in brackets) in western national employment service offices at Oct. 31: Calgary, 2,681 (956); Edmonton, 2,358 (2,206); Regina, 925 (565); Saskatoon, 1,479 (554); Winnipeg, 7,111 (3,525); Fort William, Ont., 813 (1,850); New Westminster, B.C., 1,572 (444); Vancouver, 11,818 (3,200); Victoria, 1,900 (603).

POLAR EXPEDITION

Four Thousand U.S. Navy Men To Accompany Rear Admiral Byrd

WASHINGTON.—The navy is sending 4,000 men with Rear Admiral Richard E. Byrd to the Antarctic this winter to train under harsh polar conditions.

The expedition includes representatives of the army air and ground forces, branches of defence which have had stiff tests in the frozen north together with scientists.

Navy officials said at a press conference 13 ships will carry the force leaving next month with one of its specific objectives to "consolidate and develop" the results of the Byrd expedition of 1939-41.

The officers discounted reports that a hunt for uranium, ingredient for atom bombs, was a prime intention, although they explained the expedition would be interested in any minerals discovered—and that uranium is a mineral.

Admiral Byrd disclosed that the Russians had an expedition "going down but we haven't much information on that."

Vice-Admiral Forrest Sherman, deputy chief of naval operations, was asked if one of the purposes was to stake out American claim to territory. He replied:

"The purpose of this expedition is primarily the training of naval units, and any effects these operations might have on the balance of conflicting claims to territories will be incidental only."

Admiral Byrd added his own statement that "this nation doesn't recognize any claims down there—and hasn't made any claims itself."

TRADE AGREEMENT

Britain And Russia Negotiating On Large Scale

LONDON.—Great Britain and Russia are negotiating a large scale trade agreement and Russia is now considering specific suggestions offered by the British delegates, well informed sources said.

According to reports, the proposed agreement would be on a much wider scale than previous arrangements between Britain and Russia.

It was understood that Russia had not asked for credit as a basis for purchase of goods in this country but must be prepared to supply goods in exchange, along with a relatively small payment in gold.

Russian delegates have indicated, informants said, that they are especially interested in getting from Britain machinery, electrical engineering equipment and machine tools.

ELECTRONIC PIANOS DEVELOPED IN VANCOUVER—Vancouver technicians, utilizing a magnetic principle never before embodied in a musical instrument, have produced an electronic piano. Instead of wire strings, it has tuned bars of magnetized steel as thick as a pencil set solidly in a heavy casting. When a bar is struck by a heavily-padded mallet, no mechanical sound is produced, but the slight vibration sets up a moving magnetic field which cuts across a coil of wire, inducing an electric current in the coil. Amplified, the current drives a speaker. Piano never needs tuning.

Sugar Rationing To Be Reviewed By Food Council

OTTAWA. — Whether Canadians will get a material increase in sugar for their tea, coffee, "cokes", ice cream, jellies, jams, cakes and cookies and candies in 1947 depends on a meeting the end of this month of the International Emergency Food council at Washington, D.C.

The council replaces the wartime combined food board managed by the United States, United Kingdom and Canada. The new council numbers some twenty different nations not including Russia which refused to join.

In 1945, the allotment of sugar per person by the combined food board among the three countries was 70.8 pounds per person.

In 1946, the allotment was increased to 72.8 pounds per person.

In 1947 it is hoped the allotment will be raised to as much at least as 75 pounds per person, and possibly to 80 pounds. That would still be about 18 pounds less per person annually than Canadians and Americans used in pre-war years when the per capita consumption of the two countries was around 98 pounds.

In 1939, Canada was using about 1,000,000,000 pounds of cane and beet sugar. The 1946 allotment of sugar to Canada by the combined food board was 504,000 tons which, on the basis of 2,000 pounds (short tons) would mean 1,008,000,000 pounds, equivalent to pre-war consumption. But in the interim, there has been a tremendous increased demand per capita for sugar due to increased public purchasing power plus also some increase in population.

Any increase in the allotment to Canada, the United States and the United Kingdom by the International Emergency Food council will be largely due to revival of beet sugar growing in Europe. Before the war, Europe was largely self-sufficient in sugar from this domestic source. The war cut it off. But European sugar beet growing is rapidly coming back.

Canada has also greatly increased beet sugar production from the pre-war five-year average, 1935-39, of 141,700,000 pounds to an average of close to 180,000,000 pounds average for the last six year.

Estimates of Canada's 1946 beet sugar production indicate a total of 194,500,000 to 199,500,000 pounds.

Two hundred million pounds of beet sugar is only from a quarter to a fifth of Canada's wartime rationed sugar use. For example, in 1945, whereas beet sugar production was 165,000,000 pounds, Canada imported 846,700,000 pounds of raw sugar; total available refined sugar including beet sugar and net imports or exports, was 960,400,000 pounds and actual domestic sales of refined sugar were 886,100,000 pounds.

All world sugar production is pooled. In 1946, the United States and her island possessions contributed 61 per cent. of the quota, the United Kingdom 25 per cent. and Canada 18 per cent.

STILL DECLINING

Butter Production During October Dropped Almost Nine Per Cent

OTTAWA.—Production of creamery butter in Canada during October dropped to 21,807,000 pounds from the 23,926,000 pounds produced in October, 1945, down almost nine per cent., the Dominion bureau of statistics reported.

All provinces shared in the decrease, which brought cumulative output for the first 10 months of this year to 245,994,000 pounds, against 268,752,000 in the corresponding period of 1945, a decline of 8.5 per cent.

Commenting on the decline, prices board spokesmen said it still was too early to determine whether the board would have to follow last winter's course and cut the individual butter ration, at present at six ounces per person per week. 2090

NATIONAL CONTESTS

Three Western Provinces Were Successful In Winning Farm Awards

TORONTO. — Junior farm club teams representing Saskatchewan and Quebec won two each of the seven competitions at the national contests of boys' and girls' farm clubs held on the grounds of the Royal Winter Fair. Provinces successful in one contest each were British Columbia, Manitoba and Ontario.

Quebec placed first in dairy cattle and swine. Saskatchewan was tops in beef cattle, won by Craik Beef Calf club, and seed grain, taken by Norquay Seed club.

British Columbia won in the seed potato competition, with Richmond Potato club; Manitoba's Holland Poultry club came in first and the Vellore Home-making club of Ontario emerged on top in clothing projects.

Airline stewardesses flying the international runs from the United States to England and Ireland lose as much as five pounds per trip.

Food Crisis In Germany May Affect Britain

WASHINGTON.—Britain may have to slash rations to meet the food crisis in her zone of Germany because the American zone has little to spare, U.S. occupation officials said.

They said that while the United States has enough food in sight to maintain the daily ration of 1,550 calories in its zone for two months, it has not enough to prop the recently-raised British ration of 1,550 calories. They said Britain might even find it necessary to take in its belt at home to send more food to Germany.

U.S. occupation officials, headed by Lt.-Gen. Lucius D. Clay, and his adviser, Ambassador Robert D. Murphy, began conferences with U.S. and British government officials on economic unification of their zones.

The conferences will deal chiefly with financial and economic aspects of the merger, pending further Russian and French decisions on unification of all four zones.

Among the matters that have to be threshed out are imports needed to bolster the German economy and the distribution of German exports. This is expected to bring up the food question, with the British pressing for quick action on imports and pooling of supplies to ease their severe shortages.

The British also are said to be pressing for immediate U.S. aid to relieve the crisis in their zones and are expected to urge sharing of food by the American zone.

One U.S. official said, "You can't divide that which is deficient." Thus the British may not get much satisfaction. There is talk, however, of a wheat loan from the American zone.

STUDENTS KILLED

SASKATOON.—Two University of Saskatchewan students, Franklin Tomashewiski and Adam Gingura, both of Brooksby, Sask., were killed and three other occupants of their car were injured in a collision with a two-ton truck seven miles south of Cudworth, Sask.

MANLY F. MINER

The many friends of Manly Miner, president of the Jack Miner Migratory Bird Foundation of Kingsville, Ontario, will be interested in a recent honour which has come to him. At the meeting of the General Council of the United Church of Canada held in Montreal this Fall, Mr. Miner was elected to be a member of the Senate —the Board of Regents — of Alma College, St. Thomas, Ontario.

It was four years ago that Alma College honoured the late Jack Miner by establishing a Scholarship carrying his name—"The Jack Miner Scholarship"—to be awarded annually, with his granddaughter, Wilhelmina Conklin Miner, being chosen as the first recipient.

One can thus see at a glance the very warm and kindly feeling Manly Miner would have for Alma College

The general committee in charge of all United Church colleges can rest assured that with Mr. Miner as a member of the Alma College Senate, they have a man who will at all times, under all circumstances, give his best to further the interests of this wonderful college for girls.

RECORD CROPS

WASHINGTON.—Favored by ideal fall harvest weather in October, the United States is virtually assured its largest output of crops in history, the agriculture department reported. A record production had been forecast previously, but unusually good weather the last four weeks, which improved acreage yields of many crops, brought the prediction to realization.

South Africa To Annex Mandated Area

LAKE SUCCESS, N.Y.—The Union of South Africa served notice that it will annex the mandated territory of Southwest Africa whether the United Nations general assembly approves it or not

Field Marshal Jan Christian Smuts, South Africa's prime minister, threw his take-it-or-leave-it proposals into the assembly's trusteeships committee in the face of Soviet-led hostility to the South Africa proposal to take over the territory.

Southwest Africa, owned by Germany until the end of the First Great War, has been administered by South Africa since then as a League of Nations mandate.

The South African pronouncement came after Great Britain had thrown its weight behind the annexation bid.

Arthur G Bottomley, British delegate, warmly defended the South African proposal before the United Nations trusteeship committee. Soviet Ambassador Nicolai Novikov previously had denounced the proposal as a flagrant violation of the UN charter.

Bottomley said that the UN charter did not force any nation to put its mandated territory under trusteeship and that "credit is due to the South African government" for giving other nations the opportunity of expressing any opinion on its proposal.

Bottomley said that the United Kingdom was "satisfied" with the polls taken by South Africa to determine whether the natives of Southwest Africa wanted annexation. Novikov had denounced the South Africa figures as a "ficticious demonstration"

Dimitar Vlahov, following for Yugoslavia the line laid down by Russia, told the committee that "Yugoslavia energetically opposes" the South African proposal.

"We'll never permit aggression in any way," Vlahov said.

The Yugoslav echoed Novikov's assertion that the proposed annexation violated charter principles, and charged that the South African poll had been confined to tribal chieftains and thus did not reflect the wishes of the majority of the natives of Southwest Africa.

Cuba's Dr. Guy Perez Cisneros also attacked the proposal as "contrary to the letter and spirit of the charter" and urged a UN trusteeship for Southwest Africa.

Smuts flatly rejected demands by Russia and Yugoslavia and some of the smaller United Nations that Southwest Africa be placed under UN trusteeship.

"In view of the clearly expressed wishes of the inhabitants of Southwest Africa," Smuts said, "it would not be possible for the Union government to submit to a trusteeship agreement in conflict with those wishes."

DOES NOT APPROVE

United States Will Oppose Present Plan For Europe Food Fund

LAKE SUCCESS, N.Y.—Reported United States opposition virtually ruled out any likelihood that the United Nations would approve a proposed $400,000,000 emergency food fund to help meet Europe's food deficits after the expiration of UNRRA.

Shortly after Dean Acheson, acting secretary of state, indicated in Washington that the United States would oppose the proposal put before the United Nations by F. H. LaGuardia, director-general of UNRRA, informed quarters said members of the United States delegation were understood to have taken the position that any further aid to Europe after the expiration of UNRRA should be handled by a national rather than an international basis.

This was interpreted as meaning that the United States would in the future handle her own relief distribution in Europe.

Under Mr LaGuardia's proposal the United States would be expected to contribute 49 per cent. of the total $400,000,000 It was generally agreed that the plan would not be put into effect if the United States refused to take part

AUTOMOBILE PRICES TO REMAIN AT SAME LEVEL

OTTAWA – Announcement by General Motors corporation in Detroit of a $100 increase in the retail price of its automobiles has no direct bearing on the price of Canadian-made cars, the prices board said

Canadians will have to pay extra on imported General Motors cars but the cost of made-in-Canada automobiles remains at the present level.

A board spokesman said that a Canadian manufacturer may increase prices only if he proves financial necessity

SALVAGE ATTEMPT

CAPETOWN – Attempts are being made to salvage the 8,093-ton British steamship City of Lincoln, which sank with a £2,000,000 ($8,000,000) cargo near the Cape of Good Hope after striking a rock. An inquiry is to be held concerning the wreck.

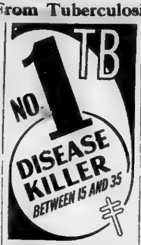
Help To Make Our Homes Safe From Tuberculosis

◆ ◆ ◆

During 1946, the Preventive Programme of the Saskatchewan Anti-Tuberculosis League was pressed with unabated zeal and results show that there can be no doubt it is succeeding in reducing tuberculosis in the province. The three mobile fluorographic units visited 157 communities where over 145,000 persons were examined at the expense of the Christmas Seal Fund. The 12 regular clinics were in operation throughout the year and family physicians were visited by the League's consultants.

◆ ◆ ◆



◆ ◆ ◆

1947 PROGRAMME

In 1947 it is hoped that the balance of the entire province will be covered for the first time by the three fluorographic units.

Prevention of tuberculosis in Saskatchewan is supported by the Christmas Seal Campaign. This year's Seal tells its own story. It pictures the lamplighter on his rounds spreading the light that dispels darkness.

No home is safe from tuberculosis until all homes are safe.

◆ ◆ ◆

Tuberculosis is needless and preventable. There is no need for tuberculosis to be No. 1 Disease Killer between the ages of 15 and 35.

If Christmas Seals have not reached you by mail you can obtain these Seals by writing to the Christmas Seal Committee at Fort San. Won't you help to continue and extend this Programme of Prevention so that this province can continue to be the safest place in the world for a child to be born.

BUY CHRISTMAS SEALS!

LIKELY CANDIDATE FOR PRESIDENT in the 1948 elections, Dewey's popularity seems to have gained strength in New York. He polled nearly a million more votes than the Democratic candidate, James M. Mead.

WOODVALE

The first half of November has been a real treat, a time everyone of us enjoyed. At time of writing a change in weather has been forecast, but farmers have had a chance to catch up on their late fall work.

Quite a number of men have gone hunting, but so far we have only have only heard that Jack Lysons and Bert Portsmith had any luck. Most of the hunters including Douglas Young, Clarence Crocker, Cliff Crocker and Reuben Atfield have not yet returned.

We were glad to hear that Mrs Russell Smith is improving steadily after her serious operation.

Little Hughie Johansson of Viking concluded his month's visit at the McGrath home by having his tonsils removed in the Islay hospital.

Margaret Watt fell of her horse when the saddle cinch broke. She did not injure herself very much but she does not want to ride anymore.

Mr and Mrs. T. Preston will be almost on their way to England when this news gets into print. It will be their first trip back in over 26 years. Mrs. Preston's parents are still alive and Mr. Preston has several brothers and sisters living in the old country yet. Everyone wishes them a happy journey and safe return.

Carl Nelson is also going back to visit his parents and to celebrate their golden wedding. He plans to leave for Denmark the first week in December Carl recently built a new barn on his place

Mr. and Mrs. Art Lysons held their wedding dance on the 8th in Ganton school. A big crowd attended and enjoyed themselves so much that they kept asking for more dances and did not go home until 3.30 a.m.

Mis Olga Woychyshyn, the former school teacher of Ganton school was married in Lloydminster on Oct. 17. Her name and address are Mrs. D. A. McLennan, R.R. 1, Furness, Sask. We would have liked to mention this earlier, but knew her husband only as Don for awhile Her many friends here might like to send her some belated congratulations.

Skunks have been plentiful again this year, but one that did the most damage was probably the one at Watsons which got away with 35 pullets before being caught.

Mr and Mrs. Dan Ford have moved to Vermilion for the winter Dan is trucking at present but will work at the flour mill as soon as it goes on a 24-hour schedule

Ivy King brought two friends with her from Edmonton to spend the long week-end at her home Her mother returned with them for a week's visit

Bob Goodkey got the repair for his Caterpillar tractor and started brush-cutting in the neighborhood again Hope he has better luck this time as the outfit clears a lot of brush in a very short time

Jean Rankin is staying a few weeks with her sister Mrs. H. Pierman of the Deerwent district, who has been ill recently and still needs more rest.

The Red Cross meeting at Mrs. J. Lysons on Nov. 6th was very well attended and the 12 ladies present had a pleasant time quilting. This quilt will be sent to an old crippled English lady The next meeting will be at Mrs C. McGrath's on Dec 4th

The writer feels almost like one of the old country rag and bone peddlers having collected 240 lbs. of washed woollen rags for shipment to be made into 28 blankets and car rugs. These will give warmth for quite a few years yet to a lot of people.

Wm. W. Cook has just completed a fine bungalow on his farm in the Wellsdale district

Wes Waldenberger has been appointed icemaker at the curling and skating rink for the winter.

A cold snap struck the district on Sunday, the mercury dropping down to several degrees below zero.

Married—At Montreal, P.Q., on Sunday Nov. 15, John Raymond Taylor of Vermilion to Elizabeth Bury of London, England.

Barley Awards At The Brandon Fair

Climax of the National Barley Contest will be at the annual Winter Fair at Brandon on or about March 31 when the judging panel will announce winners of major awards for the western section.

Winner of the Western interprovincial contest and also winners of the regional prizes in Manitoba will be announced at the fair.

In other provinces of the Western section which includes the three prairie provinces and the Peace River district of British Columbia,(the regional and provincial prizes will be awarded earlier.

For Saskatchewan they will be announced at the provincial seed fair held in conjunction with the annual Farm Week at Saskatoon, Jan. 6 to 10.

In Alberta the regional and provincial prizes will be announced and awarded at the provincial seed fair at Calgary, January 24th and 25th.

Sale of Canada Savings Bonds Continued

OTTAWA. — The Minister of Finance has decided that Canada Savings bonds shall not be withdrawn immediately, but shall remain available to purchasers until further notice. The decision will be of particular interest in agricultural areas of Canada, where income is seasonal and where many farmers will want to make their investment later in the year. Workers in other fields whose income varies periodically will also find benefit in the new plan.

As Finance Minister, J. L. Ilsley, made public his decision, the cumulative total had reached $287,947,600 from 670,091 applications. Since then this total has increased to a point well beyond the expectations at national headquarters when the bonds first went on sale.

The bonds will continue to be available through authorized investment dealers, stock brokers and trust or loan companies, and through banks.

If you don't want to fight again, fight to carry out the principles you fought for.

LATEST NEWS
ABOUT GENERAL MOTORS
DELIVERIES

Everybody from factory to dealer is doing everything that can be done to speed deliveries to you

Because of the continued and unavoidable shortages of various materials, production of new cars and trucks has remained behind our expectations. As a result, shipments of new cars and trucks to dealers for delivery are still far below the level we and the factory had hoped to attain by this time.

We know that General Motors is doing everything possible to step up its production totals—to ship more and more cars and trucks to us and to its hundreds of other dealers throughout Canada... and we know, too, that we are assured of getting our full proportionate share of the current and future output.

Of this you may be sure: We shall continue to make deliveries of cars and trucks to our customers as fast as we receive them; we regret delays as deeply as you do; we thank you for your friendly patience and understanding; and we promise you a new high motoring experience when you do take delivery of your new General car or truck.

Keep Your Present Car or Truck Running

Meanwhile, may we suggest that you safeguard your transportation by bringing your car or truck to us for service now and at regular intervals. Let us help you to keep it in good running condition—to maintain its performance, appearance and resale value—until the day when your new General Motors car or truck comes along.

OUR COMPLETE SHORT STORY—

DISCOVERY

By LORNE BALSLEY

Copyright
Wheeler Newspaper Syndicate

THE silence in the second grade room became terrible. In desperation Junior drew a long breath and started out stumblingly. "I—found—I—was—on—a—." He hesitated again and listened for the silence. "—is—and", he tried doubtfully pronouncing the "is" with a short "I".

"My goodness," old Miss Carson rasped out, "I thought every boy knew what Robinson Crusoe was wrecked on." She paused dreadfully, then corrected, "Island".

He sat down suddenly, hot tears trying to creep out. He heard some one snicker, but he dreaded to look. He did not know who Robinson Crusoe was. He did not know what he had read. For that matter, he never knew what he read. Although for days the rest of the class and he had been reading from books and the blackboard, the words meant nothing. He would look at the page with its large black type, and feel the shiny paper under his hand, but he was not conscious that those words had anything to do with life as he knew it. F-o-u-n-d was in the book, and if he made the noise "found" the teacher was satisfied. That "found" was something that actually happened, never occurred to him. It was just a sound.

The bell cut short his thoughts. He scampered out with the rest, but he did not want to play, though there had been a fresh fall of snow and the boys were planning a snowball fight. He wanted to get home, because he felt, inside, like his foot felt when the shoe rubbed the heel. So he went straight home to the living room, and climbed into the big chair, and tried to think.

He could hear Mother, working in the kitchen. The noise disturbed him vaguely. Then, too, the events of the afternoon kept coming back.

He jumped up and went to the bookcase. Mother read to him a little each night, and in the last three years he had had stories in his books read many times over. He knew them all by heart, but at each reading they seemed new again. When mother read, it was not a lot of sounds like in school, but a succession of pictures like a movie. It was as if he were standing right there, and seeing the boys and girls, houses and ships, animals and birds. It was exciting and thrilling.

He selected a large book, the most thumbed of the lot, and carried it confidently to the kitchen. "Mother", he said, "please read to me".

But mother was busy at the stove. "Not now, dear," she said.

Again bafflement. Junior wandered back to the living room and stretched out on the rug, tummy down, the book before him. The cover was bright with color and interesting. He turned the pages and looked at the pictures. He stopped at a full page illustration showing a goat with a long white beard and great twisted horns. On the same page, lower down, were a cat and a dog.

The goat was familiar. He was the hero of several of the books, and Junior had seen him so often in his mental-movie-picture-show that every detail was old and friendly.

The caption at the bottom caught his eye. "Just some more printing like in school," he thought, looking at it contemptuously. Suddenly the beginning of it began to stand out clearer. It almost seemed to leap up. It said: "Beardie—."

Beardie? Beardie? Why, Beardie was the name of the goat in the story! Junior had often seen him in his moving pictures. And, of course, the goat in his mind looked just like the goat in the picture. The picture goat was right above the printing which said, "Beardie". So the printing, the picture in the book, and his own moving picture were all the same thing!

Junior was interested. He looked at the printing again. It said, "Beardie and his friends." Then he understood. The dog and the cat were the goat's friends. He had often seen them before, too.

His eye wandered to the page opposite which was filled with large type. Suddenly, near the top, there stood out "Beardie", again. For a moment there flashed into Junior's mind an exact picture of the goat, beard and all. He went on "Beardie—ran — up —the— — —gangplank." He hesitated on "gangplank". The word was just a lot of type, and yet it had a familiar sound. Then, as in a dream, he heard his mother's voice reading, "Beardie ran up the gangplank."

Now it was no longer sound, it was picture! Long ago Junior's father had taken him on a boat ride. As they were going on board Junior had been very much interested in the pathway leading into the large boat, and had asked, "Papa, what's this?" And Papa had indulgently answered: "This is a gangplank."

So Junior knew what a gangplank was, and he read on. But it was no longer reading, no longer a succession of type and sounds, and jeers from the teacher when he got the wrong sounds and the wrong type together. It was a series of real moving pictures, and he was watching it, living it. It would jump and jerk and flicker, and sometimes come to a stop altogether when Junior came to an unfamiliar word. When this happened he would start the picture back a little ways, and, as he approached the place where he had stopped before, he would speed up, and perhaps the picture would continue right across the gap. Or, if it stopped again, he would simply jump over the gap and take the picture up on the other side. The first time he tried it, Junior was afraid the picture would not start up again, but it did, just as nicely as before.

Suddenly the book came to an end. Junior, startled blinked his eyes. The room was almost dark, the afternoon had gone.

"Why, Junior!" said Mother coming into the room. "You mustn't look at those pictures in the dark. You'll hurt your eyes."

Junior didn't care about his eyes. He was wondering where the afternoon had gone.

"Come", said Mother. "Put away the book and wash up for supper."

Junior got up slowly and walked to the bookcase. "Where did the afternoon go?" he kept wondering. "It must have gone into the book," he concluded, replacing it on the shelf.

He thought of school, but the smart was gone, and he looked at the shelf with new interest. There were twelve or fifteen books on it.

"Gee", he thought. "What a lot of afternoon!"

LIFE can Begin
AFTER 40, IF..

Around 40 our energy lessens. But, experience has taught us to do our work with less effort. The years ahead should yield the greatest accomplishments, the most enjoyment and happiness. They can, too, if we avoid the kidney and bladder disorders such as Backache, Headache, Rheumatic Pains, Lumbago, Loss of Sleep and Energy which so often attack them around 40. For over half a century Dodd's Kidney Pills have been helping men and women to keep kidneys and bladder in good order. If you are nearing 40, or past it, for the sake of your health and a happier future use Dodd's Kidney Pills today! 125

Canada's Shortening Supply Seen Improving

Manufacturers Are Asked
To Step Up Production

OTTAWA.—Shortening, which has been in drastically short supply in Canada for months, is expected to improve markedly during the next six weeks, prices board officials said.

Manufacturers have been asked to produce on a basis of 100 per cent. of their 1941 performance.

In addition, a large shipment of shortening from Argentina, which Canada obtained during October and which was held up at New York due to a longshoremen's strike, started to arrive in Canada recently.

Officials stated it was not certain exactly how these factors would affect the situation, but said they believed the shortening picture would be "brightened considerably" in a few weeks, barring unforseen developments.

CANADA WORLD'S LARGEST EXPORTER OF WHEAT

Most of the world's wheat production is consumed near where it is grown, so that only about one tenth or 650 million bushels moves overseas into what is called international trade. The greatest wheat producing country is China which grows about one billion one hundred million bushels a year Russia comes second with an average of one billion bushels a year. The United States is third, with an average around 900 million bushels a year, and Canada is usually fourth, with more than 400 million on the average. While Canada is but the fourth largest wheat producer in the world, she holds a distinguished place. She is the largest exporter of wheat and produces the highest quality wheat. This quality in the past has always given Canada an advantage over her competitors.

There are two basic types of snake poison, one of which attacks the victim's nervous system, the other the blood cells. 2699

Some Big Tunnels

One Between Switzerland And Italy Is Longest For Traffic Purposes

One of the many thrilling experiences of Canadians who make a holiday or business trip to the Pacific coast is to behold the ingenuity of the engineers who built and designed the Connaught tunnel, which pierces the Selkirks. It is 5.02 miles in length and its construction shortened the railway line 4.3 miles. It was commenced in 1913 and finished in 1916.

South African engineers have started the construction of a tunnel which will be eight miles in length to improve the railway line between Capetown and Johannesburg. Work on the first of four tunnels is underway. When they are completed the result will be to straighten out one of the most tortuous railway sections in the Union. They will also mean a saving equivalent to 13 complete circles which trains now have to make on their way up and down the Hex River Mountains.

No estimate is available of the cost of the South African tunnels, but the Connaught tunnel through the Selkirk summit cost approximately $6½ million to construct. Most of the long tunnels in the world are used in water supply systems. The great Simplon tunnel, which connects Switzerland and Italy, is probably the longest used for traffic purposes. It is 12.45 miles in length. The Pennsylvania Railroad tunnel connecting New Jersey and Long Island is 11.7 miles. ½ Hudson and Manhattan tunnel is 8.5 miles in length

The tea plant is indigenous to South East Asia and it was hundreds of years until the Chinese knew of its existence.

Lucky Dog

Wire-Haired Terrier To Have The Care Of A Nurse

VICTORIA.—In a swank suburban home, a wire-haired terrier will spend its declining years on a $1,000 a year income.

A nurse will care for the dog's needs, and she will get a salary of $75 a month plus the $1,000 annual income for the five-year-old terrier On his death, the nurse, Miss A. M. Cartwright, will receive $5,000.

This is all provided for in the will of Mrs. Charles J. V. Spratt, who when her husband died some years ago took over his shipyard and operated it during the war years. Wealthy Mrs. Spratt had no close relatives, and she directed that the house should not be sold while the terrier lives.

A FRIEND INDEED

NEW YORK.—The adage that a friend in need is a friend indeed had an international application and a strange twist for Julian Snyder, who sent a friend in Holland a carton of cigarettes when he heard that smokes were selling for $3 a package on the Dutch black market. Recently he heard from his friend in Europe: "Hear you have shortages too. Sugar is rationed here but we are able to help our 'rich uncle in America' by sending him three kilos (six and a half pounds) of sugar, which is now on the way."

A RARE STAMP

A rare Nova Scotia one-shilling (20 cents) stamp brought £90 ($360) at a dealers auction in London. The stamp, printed in 1851 incorporated the royal crown and heraldic flowers of the United Kingdom.

On the Road

There is a large army of outdoor men who have learned to depend on Dr. Chase's Kidney-Liver Pills. Riding on trains or trucks causes a jarring which is hard on the kidneys as is also the exposure to all kinds of wind and weather.

This medicine goes to stimulate the action of the kidneys and relieve the backaches which so often result.

For over half a century they have been popular with railway men, truckers and farmers.

Dr. Chase's
Kidney-Liver Pills

ASSISTED STUDENTS

Six hundred and fifty students were able to take 5,400 examinations this spring at the Milan university through the efforts of International Student Service who established a student foyer and stocked it with a circulating library of 1,000 books and 1,700 sets of mimeographed lecture notes.

Coulee Roads in Woodvale District In Deplorable Shape

The writer of Woodvale news was asked to again mention in her column the deplorable state of the road across the Grizzly Bear coulee west of the Woodvale school, also the condition of the bridge.

This bridge still has its sign, notifying all and sundry that crossing the bridge is at your own risk. Thousands of cars and trucks have passed over it since the sign was posted there years ago. Many times more people have risked their lives when that road was the only outlet of the districts to the east.

It sounds definitely backwoods and ridiculous—still what would the outcry be if a serious accident happens there? Publicity might not help much but every person should talk to our councillor and ask him to have both the road and bridge fixed. Considering the thousands spent on main roads a few hundred to remedy a local peril would be a wise and beneficial expenditure.

NOTICE

INTENTION OF COUNCIL TO CLOSE LANE

The Council of the Town of Vermilion intends to pass a By-law on Dec. 2nd closing the lane in Block Six (6) at present serving Lots 11, 12, 13 and 14.

Any person claiming that any land in which he is interested as owner, occupier or otherwise, will be prejudicially affected thereby, may petition the undersigned to be heard by Council in regular session at the Town Hall, December 2nd.

GIVEN under my hand this 20th day of November, 1946 in compliance with the Town and Village Act Chapt. 159 R.S.A. Section 228 subsections 3 and 4.

James J. Pert,
29-30x Secretary Treasurer.

Sale of Farm Land By Tender

Pursuant to the Order of the Honourable Mr. Justice Shepherd, Sealed tenders will be received for the sale of the North East Quarter of Section Thirty Two (32) Township Fifty Four (54) Range Six (6) West of the Fourth Meridian, in the said Province of Alberta, containing 158 acres more or less subject to all the reservations, conditions exceptions and provisos contained in the existing Certificate of Title at the Land Titles Office at Edmonton, Alberta.

The Land is 8 miles (approximately) from the Village of Derwent in the Province of Alberta; the top soil is black loam 10 inches deep with clay subsoil. The land is fenced and cross fenced. All the farm buildings are in fair condition. The water supply is from a well.

Tenders must be enclosed in sealed envelopes marked "Tender re Estate of William Stuparyk, Farmer, Deceased", and addressed to Mary Stuparyk, in care of Joseph M. Lazarenko, Esq., Barrister and Solicitor, Myrnam Alberta, and must be in his hands not later than 10:00 o'clock noon, December 14, 1946.

TERMS OF SALE

Each tender must be accompanied by a marked cheque or cash for 10% of the amount of the tender and the balance paid within 7 days after acceptance of the tender without interest. The deposit of 10% will be forfeited by the successful tenderer if he refuses to carry out the purchase after acceptance of his tender. Deposits of the unsuccessful tenderers will be returned to them after rejection thereof. The highest tender will be accepted. In all other respects the terms and conditions of sale will be the standing conditions of sale in the Supreme Court of Alberta so far as the same are applicable thereto.

For further particulars apply to Joseph M. Lazarenko, Esq., Barrister and Solicitor, Myrnam, Alberta.

DATED at the Town of Vegreville, in the Province of Alberta, this 29th day of October, A.D. 1946.

ROBERT H. [illegible]
D.C.S.C.

APPROVED
"S. J. Shepherd"
Judge of the Supreme Court. 29-30x

Vermilion Old Timers Celebrate Golden Wedding in Edmonton

Mr. and Mrs. William E. Mackenzie Honored on Memorable Occasion

Honoring their parents, Mr. and Mrs. W. E. Mackenzie, of West Jasper Place, on the occasion of their golden wedding anniversary, the four sons of the couple, Ross, Alexander, Jack and Charles, entertained at a "surprise" dinner Thursday evening at the Macdonald. Forty-one were present.

Mr. and Mrs. Mackenzie were married in Cook's church, Toronto, in 1896 by Rev. William Patterson and after five years' residence there moved to Winnipeg and later to Dauphin where Mr. Mackenzie entered the employ of the C.N.R. He was moved to Vermilion in 1906 and from then until his retirement in 1938 he worked as a locomotive engineer with the railroad. Mr. and Mrs. Mackenzie are now farming in West Jasper Place.

Mr. Mackenzie is a nephew of the late Sir William Mackenzie of Toronto.

Toasts of congratulations were proposed to the couple at the dinner by Hon. W. A. Fallow, minister of public works, and by Mr. J.W.G. Morrison, mayor of Vermilion, who brought greetings from the townspeople. Fifty golden 'mums were presented to the couple on behalf of Vermilion friends.

Mr. Mackenzie was for many years active in public life in Vermilion. He served on the council, hospital board and was an active Mason and a prominent Presbyterian church worker.

Telegrams of congratulations were read from Masonic lodge in Vermilion and Mr. Charles Robinson extended congratulations on behalf of the Old Timers' association.

Many gifts were received by Mr. and Mrs. Mackenzie from members of their family and friends, many of them here from Vermilion and Wetaskiwin for the occasion.

Immediate members of their family who were present for the anniversary dinner were: Mr. and Mrs. Alexander Mackenzie and son Keith from Vancouver; Mr. and Mrs. Ross Mackenzie and son Jack from Wetaskiwin; Mr and Mrs. R. J. "Jack" Mackenzie, and Nola and Robert, of Edmonton; and Mr. and Mrs. Charles Mackenzie, of Edmonton also. —Edmonton Journal.

The following were present from Vermilion: Mr. and Mrs. Chas W. Robinson, Mr. and Mrs. W. P. Pilkie, Mr. and Mrs. J.W.G. Morrison, Harry Dean and Mrs Petch, Mrs. M. Hill, Miss Beth Witherbe and Mrs. J. B. Hunt. Among former Vermilion friends were the Hon. W. A. and Mrs. Fallow, Mrs. A. Y. Law, Mr. and Mrs. W. D. Stacey, Miss McWilliams, Mrs. J. McKone, Mrs. Roseborough and Mrs. Bebee. Mr. and Mrs. H. P. Long sent a telegram of congratulations and Mrs. Winters sent good wishes with flowers from Victoria.

DEWBERRY

Dewberry has a new school so to speak. The Harewood school building was moved to Dewberry to help accommodate the over-crowded classes of pupils. Children now ride to school in heated busses where in the old days one was lucky to get to school some days in a cutter. Definite proof that humanity is improving despite the fears and actions of an unsettled world.

Livestock shipments continue to be heavy at Dewberry and now we have to transport some to the Islay stock yards on the C.N. line. Before freight rates are increased we think better service could be given by the allotment of more stock cars when needed. All kinds of livestock are held over for want of stock cars and all this causes a great deal of expense to the shipper.

We have a sure method of collecting a good crowd for a sale. Just put up a car in good shape such as was the case at a sale held recently at the farm of the late Mr. Frank Allen of Dewberry. Nearly 100 people decided they needed an extra car and put their names in a hat for the lucky draw. Winner to pay the ceiling price. Mr. Gus Garnier of Clandonald was winner.

Walter Robinson has sold out and expects to move to Vermilion. A party of friends gathered at the Robinson home last week and honored him with a farewell party.

Our local bachelor, Mr. Earnest Davies is now married. Good luck Ernie.

A serious fire was prevented in the Parker house by people of Dewberry while the Parkers were attending the wedding of Ernie Davies. A chimney fire can soon develop into a conflagration.

The Dewberry hockey club sponsored a dance last week and to say the least it should have been held in Marwayne as 80 per cent of the crowd came from there.

The Dewberry Ladies Aid are presenting a play called "Coon Town" in the Dewberry hall Nov. 21.

Frank Bowman has gone on his regular hunting trip out west of Edmonton.

Mr. and Mrs. Aubrey Dennil are visiting in the Dewberry district after a year's absence. Mr. Dennil was in charge of road construction west of Edmonton during the summer months.

Ralph Braithwaite and his bride from Belgium have gone to Vancouver to spend the winter.

CARD OF THANKS

I wish to thank Dr Stephens and Matron Miss Keith and nurses Miss Protti and Miss Tingvall for the care and attention received while I was a patient in the Vermilion hospital. I went in a seriously sick man and came out feeling very well.

C. B. Shrenkowich

Bowtell Bulletin

A very enjoyable afternoon was spent at the home of Mrs. Jones when 23 ladies attended the Busy Bee meeting. Five visitors included Mrs Jenkins, Mrs [illegible]ry, Mrs. Armstrong, Mrs. Richardson and Mrs. Knutson. This was the annual meeting and the following officers were elected

President — Mrs. Bert Moses
1st Vice-Pres. — Mrs. J G Korolnk
2nd Vice-Pres — Mrs. A McGinnis
Secretary — Mrs. T Sherwood
Treasurer — Mrs. H. Perkins
Auditor — Mrs. Morrison
Sick Committee Convener—Mrs. A Maggs

The next meeting will be held at Mrs. Fenton's and the lunch will be served by Mrs Fenton and Mrs De-Leuw. Ladies should note that the December meeting will be held the 1st Wednesday of the month. A letter of thanks was read from Mr. and Mrs Sample. The draw was won by Mrs School who held No. 12 and her birthday was the day before on the 13th which was celebrated by a party at Mrs. Harrison's.

We are sorry to learn that Mr. Davies was badly burned and is in the hospital.

Mr. McFarland has been ill in bed and Mr. Mullens kindly did his chores.

It has certainly turned wintry folks, quite a change from last week.

The writer enjoyed a chat in town with Mrs. Spencer of Vanesti.

Don't forget the dance folks this Friday night.

Vegreville School Division No. 19

NOTICE OF

Annual Meetings

TAKE NOTICE that the ANNUAL MEETINGS of the Electors and Ratepayers of VEGREVILLE SCHOOL DIVISION No. 19 will be held as follows:

KIND TO YOUR BUDGET EASY TO MAKE

MAGIC BAKING POWDER

Beef Upside-Down Pie

1½ cups flour
3 tsps. Magic Baking Powder
1 tsp. salt
1 tsp. celery salt
⅛ tsp. white pepper
5 tbs. shortening
¾ cup milk, or half milk and half water
¾ cup sliced onion
1 can condensed tomato soup
½ lb. ground raw beef

Sift together flour, baking powder, ½ teaspoon salt, celery salt and pepper; add 3 tablespoons shortening and mix in thoroughly with fork. Add milk and stir until blended. Melt remaining two tablespoons shortening in 9" frying pan, and cook onions until soft. Add tomato soup, remaining ½ teaspoon salt and ground meat; bring to boil. Spread baking powder mixture on top of meat mixture and bake in hot oven at 475° F. for about 20 minutes. Turn out upside down on large serving plate.

MADE IN CANADA

An Urgent Problem

AUTHORITIES IN AGRICULTURE are of the opinion that the importance of soil conservation cannot be overestimated in Canada today. That the Dominion government is fully aware of the serious nature of this problem is demonstrated by the extensive work which has been undertaken under the P.F.R.A. in many districts in Western Canada. In addition, there are many organizations which have recognized the need for action in this matter and a great deal of valuable information has been placed at the disposal of Canadian farmers. Reliable advice has been made available through provincial departments of agriculture, district agricultural representatives, agricultural magazines, universities and numerous other sources, and farmers who have problems of soil erosion have the advantage of these services in combatting them.

• • • • •

Cash Income is Reduced

A short time ago the Royal Bank of Canada published an interesting and informative article on the subject of soil conservation and that article has been followed by a pamphlet on the same subject written especially for farmers. Entitled "Making Money by Saving Soil" the booklet deals with many interesting aspects of the problem of soil erosion and the methods of counteracting this grave menace to Canadian agriculture. Among other things, it deals with the subject of cash income from farm products. During the first six months of this year, the writer states cash income was reduced by 50 million dollars for Saskatchewan farmers, 33 million dollars for the farmers of Alberta, and seven million in the province of Manitoba. This reduction is not attributed entirely to lack of soil conservation, but it is pointed out that in North Dakota a survey of 197 farmers revealed that 271,000 more bushels of wheat had been produced on 3,000 less acres of land after measures had been taken to combat soil erosion.

• • • • •

A Commendable Public Service

It is admitted that soil erosion is just one factor determining the success or failure of a season's crop. Wind, moisture, frost and similar forces are beyond the control of the farmer, but the conservation of his valuable top-soil is something which he can control and it may have a great bearing on the cash returns for his year's work. The concluding paragraph of the pamphlet mentioned above says: "The frightful force of soil erosion is demanding immediate attention in every part of Canada. Any large scale project needs education, and children, growing up to their inheritance, should be trained in school, through textbooks and motion pictures, to awareness of what is going on. Today's struggle by Canada's farmers is no flash-in-the-pan, ending in another beginning of the cycle of decline. Besides preserving their land today for their own benefit, and as an inheritance for their children, they must see that their children are taught how to continue the good work." In publishing information and advice on this important subject the Royal Bank is performing a most commendable public service.

MECCA OINTMENT

Picture Of Canada

As It Would Be Sketched By Rt. Hon. Vincent Massey

MOOSE JAW.—Speaking here the Rt. Hon. Vincent Massey said that if he were sketching a picture of Canada he would put in the following: "A constable of the Royal Canadian Mounted Police (not the Hollywood vulgarized version but the real thing); a beaver; some Canadian landscape painting; a village in French Canada, a bar of nickel; a pair of moccasins; a tube of insulin; a cake of maple syrup; the song Alouette, a hockey stick; a roll of birchbark, a silver fox; a canoe; a grain elevator on the prairies; a boom of logs."

RECIPES

ORANGE CLOVERLEAF ROLLS

When you have an orange handy, "cloverleaf" your biscuit dough.

Mix the large recipe of Baking Powder Biscuit dough, adding ¾ teaspoon grated orange rind to flour mixture.

After kneading, snip off balls of dough about the size of a walnut. (Makes 48 balls.) Dip each ball in orange juice, then in a mixture of ¾ cup sugar and 2¼ teaspoons cinnamon. Place 3 balls in each section of a greased muffin pan.

Bake in hot oven (400 deg. F.) 25 minutes, or until done. Serve at once. Makes 16 large rolls.

CHOCOLATE COOKIES

2 cups sifted flour
1½ teaspoons Calumet Baking Powder
½ teaspoon soda
¼ teaspoon salt
½ teaspoon cinnamon
½ cup butter or other shortening
1 cup sugar
2 eggs, well beaten
3 squares Baker's Unsweetened Chocolate, melted

Sift flour once, measure, add baking powder, soda, salt, and cinnamon, and sift three times. Cream shortening, add sugar gradually, creaming until light and fluffy. Add eggs and chocolate; beat well. Add flour, a small amount at a time, mixing well after each addition. Chill thoroughly. Roll ⅛ inch thick on lightly floured board and cut with floured cooky cutter; sprinkle with sugar or decorate for holidays. Bake on ungreased baking sheet in moderate oven (350 deg. F.) 9 minutes. Makes 6 dozen 2½-inch cookies.

NYLON DISHES

To many people, nylon means stockings, but most nylons are plastic molding powders. One of the latest tricks is to use them for the production of unbreakable kitchenware which can be sterilized in boiling water. Producers seem to be specializing right now on three-compartment baby plates. All sorts of highly colored tableware are planned for the future.

SUMMERLESS YEAR

In the United States, the year 1816 is popularly known as the year without a summer because there were frosts and snow in every month in the northern states.

Price Control And Rationing Information

Q.—What are the areas in Saskatchewan in which evaporated milk is to be sold by ration coupon only?

A.—The cities of Regina, Saskatoon, Swift Current, Moose Jaw, Prince Albert, North Battleford and the area within 15 miles of the city hall in these centres; the cities of Yorkton, Weyburn, and the town of Melville and an area of within 10 miles; the towns of Rosetown, and Melfort, and an area of five miles around these centres; the town proper of Estevan.

—o—

Q.—Who may apply for coupons for the purchase of evaporated milk?

A.—Mothers of babies living in the above-mentioned restricted areas who need the evaporated milk for the infants' formula, and also persons whose health depends on evaporated milk for a suitable diet.

—o—

Q.—Is it necessary to have a doctor's certificate before applying for coupons for evaporated milk?

A.—The first application for coupon sheets for infants must be signed by the mother or guardian. Renewals must be signed by a doctor, public health nurse, day nursery, baby clinic or a medical certificate signed by a doctor may be presented. In cases where evaporated milk is required in the diet of persons because of illness, the applicant must have a medical certificate.

—o—

Please send your questions or your request for the pamphlet "Consumers' News" or the Blue Book in which you keep track of your ceiling prices, mentioning the name of this paper to the nearest Wartime Prices and Trade Board office in your province.

SMILE AWHILE

An old farmer and his wife were standing before their pigsty looking at their only pig, when the old lady said: "Say, John, it will be our silver wedding anniversary tomorrow. Let's kill the pig."

John replied with disgust: "What's the use of murdering the pig for what happened 25 years ago?"

• • • •

Hubby: "Isn't dinner ready yet? I have a good mind to go to a restaurant."

Wife: "Well, please wait ten minutes."

Hubby: "Will dinner be ready then?"

Wife: "No, but in ten minutes I can change my dress and go with you."

• • • •

"Lend me five pounds, old man," said the first man.

"Lending", said the second man, sententiously, "often spoils friendships, and ours is worth more than five pounds."

"All right—make it ten."

• • • •

Customer: "It's the old story, Mr. Jones. The woman always pays, you know."

Grocer: "Well, if you had a look through my books you'd see that some of them don't, Mrs. [illegible]"

• • • •

"I don't like the look of that halibut," said the lady customer.

"Lady", asked the market man, "if it's looks you're after, why not buy gold fish?"

• • • •

Little Willie, after an absence of two days, arrived back at school.

"Didn't your mother write a note?" asked his teacher.

"Yes, ma'am, but I forgot to bring it," replied Willie.

"Well, young man," went on the teacher, "why were you away?"

"I don't know. I didn't read the note."

• • • •

Month after month a firm sent its bill to a customer and finally received this reply:

"Dear Sir: Once a month I put all my bills on the table, pick five at random and pay these five. If I receive any more reminders from you, you won't get a place in the shuffle next month."

• • • •

"Here comes the parade. Where's Alice?"

"She's upstairs waving her hair."

"What's the matter, can't we afford a flag?"

• • • •

"Now, my son," said the father, "tell me why I punished you!"

"That's it—first you pound the life out of me, and now you don't know why you did it."

• • • •

Rastus (throwing down four aces): "Dar, guess I wins dis ole pot, all right."

Sambo (angrily): "You play dis game honest, big boy, play it honest. I knows what cards I dealt you."

Quill pens were first used in the sixth century.

OGDEN'S Fine Cut
Rolls an 'A1' Cigarette

CONVICTED SLAYER FREED ON BAIL—Convicted of involuntary manslaughter in the slaying of her husband, Bridget Waters' first act after being freed on bail was to remove her baby, Frank, from hospital at Las Vegas, Nev. The young war bride faces sentence of up to five years' imprisonment.

JUST FOR REVENGE

When Sir Ernest MacMillan, the Toronto symphony orchestra's conductor recently inspected music owned by the Mendelssohn choir, he found that rats had confined their gnawing activities to one score—The Pied Piper.

Copper gets its name from the island of Cyprus, where it first was found and called cyprium. Later, it was called cuprum, and finally copper.

Advice Given For Care Of Infants

Common Sense Can Prevent Most Accidents

Fatal accidents among infants are common—and common sense can prevent them.

Mrs. Anne H. Barnard, director of the Women's Division of the National Safety Council, Chicago, knows the hazards and how to avoid them. Here is her advice to young mothers.

Accidents caused 58.9 per cent. of the deaths of children in the United States under five last year—the lowest rate on record for this age group. Mrs. Barnard says most child deaths were caused by burns and suffocation. Poisoning, drowning and falling contributed to the total of 7,912 child fatalities occurring in 1944.

She says even the safety pin is unsafe because the dangers of pricking a child or of its being swallowed. A mother so often sets a poor example by holding safety pins in her mouth while changing a diaper.

Safety pins should be stuck into the mattress or cake of soap. When not in use the pins should be closed and put out of reach of busy little hands.

A safety pin should not be used to fasten a blanket around an infant. This practice, a survey shows, is the principal cause of death by smothering.

When placing a baby in its crib, Mrs. Barnard suggests that no pillow, no fuzzy or painted toys, be placed in the bed with him. A mother should be sure the paint on the child's bed does not contain lead, lest the infant's chewing tendencies bring about lead poisoning.

Insecticides, medicines, sleeping tablets—it takes only one—deodorants and lye should be kept away from a child's reach.

Electrical appliances should be carefully checked for possible faulty connections. Electric wall outlets should be protected, and a mother should be cautious with electrical heaters when bathing a child.

Protectors should be placed around steam and hot water radiators. Mothers in rural communities should watch their babies when exposed stove are used for heating. Walkers and creepers should be kept indoors when leaves and brush are burned during the fall cleanup.

When a mother is busy in the kitchen, baby should be placed in a pen or highchair. Many children have been scalded to death because of over-fascination in mother's work.

Unprotected wells, cisterns and garden fish ponds are potential hazards.

Mainly, Mrs. Barnard says, it's a good idea not to leave a tiny tot for too long.

HEALTH AT HOME

It's easier and cheaper in the long run to use care in buying and serving food, according to nutrition experts. From the Department of National Health and Welfare comes a warning that the home where meals consist of hashed-up foods and where some of the essential elements are overlooked is likely to house an irritable, ailing brood. Fresh fruits and vegetables, Canada Approved bread and other healthful foods, will help the housewife keep the family happy and healthy.

A single root will produce peppermint plants for about four years.

When your little one catches cold—

Tonight . . . do what most mothers do to relieve miseries of children's colds: Simply rub warming Vicks VapoRub on throat, chest and back at bedtime. Results are so good because VapoRub's special relief-bringing action starts right away and keeps on working for hours during the night *while the child sleeps*. Often by morning most misery of the cold is relieved. Remember, Mother . . . when your children catch cold . . . be sure you get time-tested Vicks VapoRub.

GEMS OF THOUGHT

APPLAUSE

Neither human applause nor human censure is to be taken as the test of truth; but either should set us upon testing ourselves.—Whatley.

It is difficult to say which may be most mischievous to the human heart, the praise or the dispraise of men.—Mary Baker Eddy.

Man's first care should be to avoid the reproaches of his own heart, and next to escape the censures of the world. If the last interfere with the first it should be entirely neglected. —Addison.

Great minds had rather deserve contemporaneous applause without obtaining it, than obtain without deserving it.—Colton.

Praise from the common people is generally false, and rather follows the vain than the virtuous.—Bacon.

The silence that accepts merit as the most natural thing in the world is the highest applause.—Emerson.

WORTH TRYING

An American medical journal, urging the greater use of "psychosomatic medicine," warns doctors that they should not be content with a physical check-up of a sick patient, but should also X-ray his personality by means of asking 500 questions. The patient then gets sick of being sick and is ready to call it off.

Insulin, the remedy for diabetes, was discovered just 25 years ago.

VERMILION SCHOOL DIVISION BOARD HOLDS TWO-DAY SESSION

The Vermilion School Division board held its regular monthly meeting on Thursday and Friday Nov. 7 and 8. The following business was dealt with:

BUILDING REPORTS

Islay S.D.: Building now serviced by C.U. Ltd., and furnace installed so that building may have heat for interior work. Millwork not available from factory necessitates delay. Foreman and secretary to visit factory on Nov. 12 for information. Carload of stoker coal delivered.

Deer Lake S.D.: Building completed and barn moved from the Harewood school. School to operate upon the arrival of desks and inspection by sub-trustee.

Ellsworth S.D.: Furnace installed and one coat of stucco completed. Carpenters at present working on interior finish as flooring is available.

McLaughlin S.D.: Report of building committee showed building completed and in use. Heating system to be checked by V. Pardelly, Div. furnace man. Payment of $2000 on account was approved.

Marwayne Teacherage: Building now being used by principal, insulbric work completed, some interior work remaining.

Marwayne: Request for operation of 4th room was tabled until next meeting to allow report on available buildings.

Islay S.D. Caretaking: Tender for work at new building was approved subject to approval of local board.

Morrison S.D. Teacherage: Board decided to retain building at Morrison S.D.

Deer Lake S.D.: It was decided to call for tenders for old school building and barn. Tenders to be forwarded to Div. office.

Transportation: Requests for payment at regular schedule rates were approved for H. Rogocki, K. E. Karlson, Sam Hyatt.

A.T.A. Salary Schedule Committee: Mr. Aalborg presented request for additional A.T.A. fees to be deducted at Div. office.

Messrs. Aalborg, Bruce and Clark attended the meeting to continue negotiations for new salary schedule. It was decided to determine opinion of Div. Local Trustees' Assoc. at Kitscoty on Friday, Nov. 8th.

Sub-divisional meetings are to be held in the various sub-divisions during the first week in December.

Sub-Div. 1, Tuesday, Dec. 3, McLaughlin, 2 p.m.; Sub-Div. 2, Friday, Dec. 6, Kitscoty Hall, 2 p.m.; Sub-Div. 3, Thursday, Dec. 5, Marwayne hall, 2 p.m.; Sub-Divs. 4 and 6, Saturday Dec. 7 at George's Lower Deck, Vermilion, 2 p.m.; Sub-Div. 5, Wednesday, Dec. 4, Clandonald, 2 p.m. Nominations for the office of trustee will be received at the meetings in Sub-Div No. 1 and No. 3.

Annual Convention A.S.T.A.: Mr. Thompson and Mr McFarlane were delegated to attend the convention to be held in Calgary, Nov. 13, 14 and 15.

Victory Bonds: Required resolution authorizing the sale of $5000 Victory bonds for capital account was passed by the board.

Next meeting Friday, Nov. 29th.

Welfare Workers Hold Annual Meeting

AT WALLINGTON HOME

The annual meeting of the Welfare Workers club was held Wednesday, Nov. 6th at the home of Mrs. J. C. Wallington. Seven members and four visitors were present, the latter group included Mrs Smith, Mrs C. Cruthers, Mrs. W. Steele and Mrs. Wisenberger.

Accounts of the various branches of the year's work were given. As the club has lost several of its members during the year who have moved away, not quite so many finished articles were made. The club is very seriously considering affiliating with the Women's Institute so the election of officers was postponed for a month on that account.

It is five years ago that the Welfare club was formed so to celebrate the anniversary of the event, all members and ex-members are having a supper at George's Lower Deck on Nov. 21st and will attend the show following the supper. Every member and former member still in this area should plan to attend and make this a grand party.

Two new members joined the club in the persons of Mrs. Steele and Mrs. Wisenberger. Following the business session, the hostess Mrs. Wallington served lunch.

An interesting feature of the meeting was that roll call was answered by "Why we like the club". The majority liked it because of the good work accomplished in meeting your neighbors at least once a month, and getting different ideas and hints. One member said for the very good lunches always served. The next meeting will be held at the home of Mrs. G. Whitlock on Dec. 4th.

The following is a brief summary of the work done by the Club in 1945-46 nighties, 8 pr. bloomers, 9 pr. socks, 15 sweaters, 10 pr. mitts, 20 dresses, [illegible] apron, 11 pillow cases, 2 pr. pyjamas, 1 jumper skirt, 9 girls' skirts, 1 knitted dress, 4 pr. panties making a grand total of 113 articles.

GUEST STAR

Zara Nelsova, 'cellist of outstanding ability, will appear as guest artist on the Northern Electric Hour on Monday, November 11. The program is heard weekly over the CBC's Dominion and Quebec Regional networks.

Still On The Job

Women Continue To Keep Sharp Eye On Price Control

One thing about women, when they have been given a job to do they stick it out to the end.

A recent Quebec tour convinced Corinne de la Durantaye, assistant director of the consumer branch of the prices board, that both French and English-speaking Canadian women are keeping as sharp an eye on prices and shortages as they did during the war.

"I never thought women as a whole could be so interested in economy problems," said the assistant director, as she told of the crowded meetings where not only the housewives, but business and professional women, came to ask questions connected with shortages and price control.

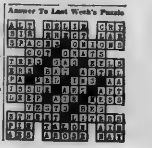
Answer To Last Week's Puzzle



WORLD HAPPENINGS BRIEFLY TOLD

LONDON. — H.M.S. London has presented the city with a new gavel to replace one destroyed in the bombing.

Fire destroyed the Nakat packing corporation cannery near Ketchikan, Alaska, with a loss estimated at $750,000.

Mrs. Catherine Bush, 96, who landed at the London airport recently, is the oldest person ever to fly the Atlantic.

Several thousand steelworkers in Scotland will get two weeks' holidays with pay instead of one week as from next April.

Sir William Tritton, 71, knighted in 1917 for his leading role in the invention and development of the military tank, died recently.

Claims for unemployment insurance totalled 28,555 in September, an increase of 3,440 from August, the Dominion bureau of statistics reported.

Canada's post-war naval force of 10,000 men is not sufficient to protect her coasts, Vice-Admiral H. E. Reid, chief of the naval staff, told a dinner gathering at Bristol, Que.

In a speech marking the 29th anniversary of the Bolshevist revolution, Marshal Leonid A. Govorov declared in Moscow that Russia would "fight untiringly for a lasting, stable and democratic peace."

British Film Drive

Series Of Pictures Showing Britain's Achievement In The Industrial World

The story of Britain's rehabilitation and reconstruction is to be shown to the world in a series of some 160 documentary films. These will be sponsored by the Films Division of the Government's Central Office of Information at an annual cost of $3,000,000. The most important subjects to be treated by these documentaries now planned cover Britain's hydro electric achievements, developments in radio and television, shipbuilding, civil aircraft and scientific instrument making. A monthly film magazine, "This Is Britain", is also issued, featuring three items, one of which has an industrial angle wherever possible.

The films are distributed through two channels — non-commercially through the United Kingdom Governments's various overseas information services and commercially through the best available trade channels. 2699

CONFESSES TO RESTAURANT ROBBERY—Evelyn C. Globaker is being held for questioning by Mobile, Ala., police in connection with a $700 cafe robbery. The woman walked into the police station at Dallas, Tex., and made a statement in connection with the robbery.

Happy since she lost her "Middle-Age Spread"

Found Relief From Constipation

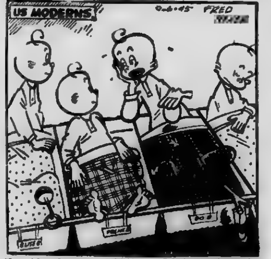
This middle-aged woman had two big worries. She was putting on weight and she was constipated. She read about Kruschen, and it gave her new hope. After three months on Kruschen, she wrote this letter:—

"I had been constipated for some time. Like so many people, I began taking purgatives which in the end only made the constipation worse. Three months ago, I saw an advertisement for Kruschen Salts which gave me new hope. I thought, this is just what I need. I at once bought a bottle, and have been taking Kruschen every morning since. I can tell you now of the benefit received. I no longer suffer with constipation, and because I am more active, the 'middle-age spread', which was worrying me has completely vanished. I seem to have double the energy I used to have."—(Mrs.) A.W.

Constipation and an increasing waistline often indicate a slowing down of inner and outer activity. And when energy sags ambitions fade too!

Kruschen's part is to assist inner organs to be normally active—to clear out the waste matter that can drag down the system. Then how much better you feel. You are active again and unwanted pounds do not gain on you. Try the Kruschen treatment for constipation. 25c and 75c at your drug store.

LIFE'S LIKE THAT By Fred Neher



"I must have been on an awful binge....I don't remember coming here last night."

Newspapers Still Best Media For Advertising

Bureau Of Statistics Give Summary Of Figures

Newspapers still are the best advertising media in Canada, according to a report of the Dominion Bureau of Statistics which, summarizing the activities of 47 advertising agencies in 1945, reveals that of the total billings 65.6 per cent. represented advertising in newspapers, magazines and other printed matter.

Radio advertising accounted for only 19.6 per cent. of the billings while the remaining 14.8 per cent. represented advertising expenditures in other media.

The survey covered agencies of the type which contract for space, radio or other advertising media and which place the advertising for clients on a commission or fee basis.

The total billings for the year 1945 reported by these agencies amounted to $42,471,233, an increase of 15 per cent. over the $36,944,785 reported by 41 agencies in 1944 and 45.3 per cent. over the figure reported by 40 agencies in 1941.

Agencies whose annual billings amounted to over $2,500,000 reported 62.2 per cent. of their billings for advertising in various types of publications.

Disappears Again

Falcon Island In South Pacific Has Been Rising And Sinking For Years

AUCKLAND, N.Z.—That jack-in-the-box island in the South Pacific is gone again.

The crew of a New Zealand government motor vessel, the Maui Pomare, reported that they passed the spot where barren, uninhabited Falcon island, in the Tonga (Friendly) group was supposed to be, but it wasn't there.

The island, which has been rising and sinking in the sea ever since its discovery 80 years ago, is—or was—350 miles from the island of Niuafoo, where a volcano erupted recently and possibly caused Falcon to sink.

First observed as a reef in 1865, Falcon disappeared and reappeared through the years until in 1927 violent eruptions resulted in the formation of an island 360 feet high. Geologists landed there in 1928 and found it composed mainly of ash and rock.

NOT HELPING MUCH

The Vancouver Daily Province says that despite all the warnings of our better sense, we still can't seem to find any better remedy for the high cost of living than doing something that is bound to make it higher.

"No no, Carrymore! You were supposed to rescue Miss Aleer —not the crisp, crunchy, delicious Grape-Nuts Flakes!"

"Sorry, Mr. De Bill—but when I saw these malty-rich, sweet-as-a-nut Post's Grape-Nuts Flakes floating around out there, I guess I got carried away!"

"Well put 'em down over here near me. I could do with some of those carbohydrates for energy; proteins for muscle; phosphorus for teeth and bones; iron for the blood; and other food essentials."

"It's the two grains in Grape-Nuts Flakes that give you all that goodness. Wheat and malted barley are skilfully blended, baked and then toasted for golden crispness, tempting flavor and easy digestion."

"Let's re-take this scene quick and get home for a couple of bowlfuls!"

SCHOOL RECESSES

Need for strict observance of breaks in class routine in school is the subject of a pronouncement from the Department of National Health and Welfare, Ottawa. The health officers point out that recesses should be observed carefully. Class rooms should be given a chance to air, and both teacher and pupil given the benefit of a short spell of freedom from instruction and study.

CHANGES INTO FREIGHTER

MONTREAL.—The Mayflower, official yacht for six United States presidents, is going to end her days as a freighter. An official of the Shaw Steamship Company said the United States Maritime Commission has turned the 50-year-old Mayflower over to Frank Shaw of Montreal whose bid of $20,159.99 was the only one made. Mr. Shaw is marine superintendent of the shipping company.

Local News of Interest

Mr. and Mrs. A. P. Gould of Islay announce the engagement of their daughter Jean Madeline, to Mr. Donald Keith Inman of Islay. The wedding will take place in the Knox United church at Islay on Friday, November 22nd at 3 o'clock in the afternoon.

Mr. and Mrs. A. C. Gillies of Islay announce the engagement of their daughter Christina to Mr. Lawrence Albert Gould, son of Mr. and Mrs. A. P. Gould of Islay. The wedding will take place in the Islay United church at 3 o'clock in the afternoon on Friday Nov. 22.

Mr. and Mrs. Keith Inman wish to extend a cordial invitation to all to attend their reception dance at the Islay hall on Friday evening Nov. 22.

Mrs. F. Steininger and little son Clarence spent a few days last week visiting the former's parents Mr. and Mrs. L. Knies at the family home in Vegreville. They returned to Vermilion Sunday accompanied by Mr. and Mrs. Knies who spent the day here.

Mr. and Mrs. R. L. Burns of Claysmore left last Friday night for an extensive trip to Eastern Canada and the United States to visit relatives and friends. Stopovers are being made at Brandon, Montreal and Toronto. In the States stops will be made at Chicago, Fort Worth and at Mr. Burns' old home town of Gainesville, Texas. The return trip will be made through California, Vancouver and Victoria. Mr. and Mrs Burns expect to be away for three months.

Miss Geraldine Bell left Monday morning for Montreal where she has accepted a position. Gerry was farewelled by many of her young friends prior to leaving.

Mr. and Mrs. W. T. Hardy (nee Yvonne Boyd) formerly of Vermilion and now living at Calgary, are spending their honeymoon in Vermilion visiting friends. They were married on November 9th. The young couple were guest at the home of Mr. and Mrs. C. P. Robson on Wednesday. Yvonne is the youngest daughter of Mr. and Mrs. W. Boyd formerly of the Optimist district.

CARD OF THANKS

We wish to thank all of our friends for the letters and cards of sympathy sent to us in our hour of sorrow and for the beautiful flowers.

Mrs. A. Y. Low, Betty, Tim, Margaret and Robert.

IN MEMORIAM

In loving memory of
Mrs. J. L. Edwards
—who passed away Nov. 19th, 1945.

"Many a day her name is spoken,
And many an hour she is in our thoughts,
A link in our family chain is broken
She is gone from our home but not from our hearts."

—The Family.

IN MEMORIAM

In loving memory of
Mrs Ethel Paulson
—who passed away Nov. 21, 1939.

"What would I not give to clasp her hand
Her dear sweet face to see;
To hear her voice, to see her smile
That meant so much to me.
You left behind an aching heart,
That loved you most sincere-
I never did, nor ever will
Forget you, mother dear."

Mr. and Mrs. Wm. Telford have as their guests their son-in-law and grandson Mr. Gordon Anderson and Dr. Telford Anderson of Seattle. Mrs. Anderson has been visiting her parents for some time. Gordon will be well remembered here being a former business man of the town while Dr. Anderson has the distinction of being the first child born in the Vermilion municipal hospital after its opening back in 1919.

Mr. Curtis H. Wilson who recently moved to B.C. has sold his property at Sardis and has bought property in the city of Chilliwack, just a few doors from the homes of Mrs. A. Larson and Mr. and Mrs. Rex Porter, former Vermilion and Ponoka residents.

What amounted to a re-union of former Vermilion district citizens took place on Sunday Nov. 10th at the home of Mr. and Mrs. Curtis H. Wilson at Chilliwack, B.C. when they had as their guests Mr. and Mrs. J. Currey, Mr. and Mrs. George Currey and Mr. and Mrs. Wm. McCrae, all now residing at New Westminster.

A. M. Watt accompanied by Mr. and Mrs. Tom Stack motored to Edmonton Saturday and attended the Edmonton Canadian-Brandon Elks junior hockey game. Bob Watt starry Vermilion centre lined up with Canadians who handed the visitors quite an artistic trimming.

Mr. Jimmie Howlett of the Imperial hotel at Edson, spent a few days in town last week visiting his family.

Mr. and Mrs. Jack Reid motored to Edmonton last Friday and spent the week end there visiting daughter Frankie who is a nurse-in-training at the Royal Alexandra hospital and son Jack Jr. University student.

Mr. and Mrs. B. A. Wilson left on Wednesday for Burgessville, Ont. They plan to spend the next 8 months in the eastern province.

The Ladies of Holy Name Altar Society are holding a whist party on Thursday Dec. 6th at the Masonic hall, lunch will be served. Admission 35c. 29-30

Chatsworth Chatter

Winter is definitely here at last though the beginning of last week was so mild and pleasant.

A short period of skating was enjoyed on lakes and sloughs for the week previous to the snowfall. A skating party was held at Jim Thompson's on Sunday night Nov. 10. The ice was rather soft but a crowd of 14 skaters enjoyed the evening. Lunch was served after the party.

June Thompson and Eleanor Krause were at E. Thompson's for the Remembrance week end.

Mr. and Mrs W. J. Pooke, Jimmie and Keith were visitors to Jim Thompson's for the same week end.

We are pleased to hear that little Dorothy Tovell who recently suffered accidental poisoning from Black Leaf 40, is well again.

Mr. and Mrs George Pollitt were recent visitors to Vermilion.

Mr. and Mrs Bob McCann have left to spend the winter at the Pacific coast. A surprise farewell party was held in their honor on Friday Nov. 8 at their home.

Jim Thompson has completed the removal of his buildings from [illegible] site.

Jim Panter and M. [illegible] busy working on Jim [illegible] till the bad weather stopped [illegible]

The dance at Chatsworth on Nov. 8th was not very well attended. However an enjoyable time was had and the sum of $6 was raised towards the children's Xmas tree fund. Music and lunch were provided.

[illegible] extended to newlyweds Mr. and Mrs. [illegible] McKeague and to Mr. and Mrs. [illegible]

The A.F.[illegible] meeting held at Chatsworth [illegible] Tovell to the convention.

A dance was held at Ottawa school on Nov. 15th in aid of the Xmas tree.

Interesting Program At W.M.S. Meeting

The W.M.S. of the United church met at the manse Thursday, Nov. 14th for their regular monthly meeting when a very interesting program was held under the guidance of Mrs. Reikie, Mrs. Folk and Mrs. Moyer. A solo was beautifully rendered by Mrs. Folk and the Lord's Prayer was played over the radio. These were followed by interesting talks about India and to conclude the meeting slides containing pictures of Africa were shown and the pictures explained by Mrs. Reikie. Refreshments were served and a social hour was enjoyed.

WEDDING BELLS

McKEAGUE—ANDERSON

A quiet but pretty wedding was solemnized in Edmonton on Saturday, November 9th when Miss Mary Anderson, daughter of Mr. and Mrs. Roy Anderson of Vermilion, became the bride of Mr. John R. McKeague, son of Mr. and Mrs. W. A. McKeague, also of Vermilion. The Rev. A. B. Argue officiated.

Miss B. Anderson, sister of the bride, was bridesmaid. Mr. Arthur Hughes assisted the groom.

The young couple left later on a motor trip to Jasper. On their return they will make their home in Vermilion.

WILSON—ARTHUR

A very pretty wedding was solemnized at the United church, Vermilion, on Wednesday November 6th at 3 o'clock in the afternoon when Edith Helen Wilson, daughter of Mr. and Mrs. Fred Wilson of the Cummings district, became the bride of Lorne Maurice Arthur, eldest son of Mr. and Mrs. Alex Arthur of Auburndale.

The bride was lovely in a blue grey dressmaker suit with black hat and a corsage of red roses. The matron-of-honor, Mrs. Arthur Olson of Wainwright, a sister of the groom, was dressed in a rose-colored suit and wore a corsage of roses and carnations.

Mr. Melvin Arthur, a cousin of the groom, was the best man.

The ceremony was attended by a few close friends and relatives.

Following the ceremony a reception was held at the home of the bride's parents when a buffet supper was served to the guests. The decorations were pink and white streamers and pink and white roses. A lovely three-tiered wedding cake centred the table. Serving was done by Mrs. Brook, Mrs. Robert Wilson and Mrs. Ivan McInnes.

The happy young couple left by car for Edmonton amidst a shower of confetti, where they will spend a short honeymoon. On their return they will make their home on the groom's farm in the Auburndale district.

The very best wishes of all for a long and happily married life are extended to the happy couple.

STEWART—HEADRICK

MACDOWALL. — A quiet wedding was held at the home of Mr. and Mrs. R. J. Headrick on Oct. 28 when their eldest daughter, Laura Alice, became the bride of George Stewart, son of Mrs. Stewart and the late Mr. Stewart of Vermilion, Alberta. Rev. Andrews of Macdowall performed the ceremony.

The bride was attired in a coral pink wool street-length dress with brown accessories and a white corsage of lilies and carnations. The bride's sister-in-law, Mrs. R. Headrick attended her in a pearl grey crepe dress embroidered in pink and black. She wore black accessories and a corsage of pink carnations.

Attending the groom was his brother John Stewart.

Following the ceremony a lunch was served buffet style in the room which was tastefully decorated with bells and pink and white streamers caught here and there with pink roses. A three-tier wedding cake topped with a miniature bride and groom imbedded in pink and white tulle with roses at its base was cut jointly by the bride and groom.

Those attending the ceremony were Charlie and John Stewart of Vermilion, Alta., brothers of the groom, Grace Stewart sister of the groom, Mr. and Mrs. D. Peters and son Donald, the Misses Peggy and Lily Headrick, sisters of the bride, Mr. and Mrs. J.J.F. MacIsaac, Mr. and Mrs. R. Headrick and daughter Marlene, all of Prince Albert, Mrs. W. Smith, Miss Peggy Horan of Saskatoon, Mr. and Mrs. C. Lytle of Macdowall.

Many messages of congratulations and gifts were received by the couple.

Mr. and Mrs. Stewart left on the evening train on a short wedding trip to Saskatoon before proceeding to Vermilion where they will make their home.

East'n Alberta Hockey League Organizes for 1946-47 Season

VEGREVILLE, LLOYDMINSTER VERMILION AGAIN ENTER

The Eastern Alberta Hockey league, which did so much to revive hockey interest in this part of Alberta last winter, will operate again this season and details of organization were carried out at a meeting held in Vermilion. In attendance were representatives from Vegreville, Willingdon, Lloydminster and Vermilion.

Officers elected were:

President—A. M. Watt, Vermilion
Sec.-Treas. — Russell Carroll, Vermilion
Executive—W. E. Caskey, Vermilion; G. Strong and T. Casson, Vegreville; Joe Gallagher and G. Lawson, Lloydminster.

Application for admission to the league from Willingdon was refused as they have no covered rink and travel cross country presents difficulties.

The league schedule calls for 8 home games and 8 games away from home for each team. Play-off arrangements were left for decision at a later date and a great many other details regarding linesmen, referees travelling expenses etc., were settled.

GAMES START DEC. 4

The league schedule opens at Lloydminster with Vegreville as the opposition on Wednesday, Dec. 4th. Vermilion Tigers play their opening game away from home at Vegreville on Saturday, Dec. 7, and the first home game in Vermilion is set for Wednesday, Dec. 11 with Lloydminster supplying the opposition.

The Vermilion Tigers won the championship of the league in 1946.

REPORT OF ROBERT FAIR'S ADDRESS NEXT WEEK

In order to give the complete report of the address of Mr. Robert Fair, M.P., in one issue, the write-up of his meeting here on Thursday evening last, is being held until the next issue of the Standard.

PIONEER FIRM CHANGES HANDS

AMBLER BROS. PURCHASE BERT DUNCAN IMPLEMENT BUSINESS

A business change of more than ordinary interested was completed recently when the pioneer implement firm of W. H. Duncan and W. S. Walden was purchased by the Ambler Brothers, "Reg and Pat" of Mannville. The transaction included everything, building, stock and good will. The new owners plan considerable renovating to the warehouse including the changing of location of the repair shop and providing space for an implement showroom.

This business was started by Bert Duncan back in the year 1917. He came to the district in 1906, homesteading the present Ed Hart farm. He sold the land to Mr. Hart in 1913 and moved to Vermilion. On Feb. 15 1917 he opened the present implement business. He was burned out in the fire of 1918 but rebuilt and continued the business immediately. Two years ago Mr. W. S. Walden acquired an interest in the business and a tractor repair shop was opened in connection. Mr. Walden is continuing with the new owners for one year.

Reg and Pat Ambler, the new owners, have been kept busy so far in their lives, managing and working the Diamond Y ranch of 3000 acres, south of Mannville. They rented the ranch to Gordon Cartier who had worked for them for the past ten years.

Nothing daunted by the housing shortage in Vermilion, Reg and Pat purchased four lots in the east end of town, hired a house-mover and already have two complete sets of buildings, houses and garages on their Vermilion property. The buildings were moved from the ranch but there is still a complete set left there.

In retiring from business in Vermilion Mr. Duncan wishes to thank the public for the very generous patronage extended to him for the past 29 years and bespeaks a continuance of the same for his successors.

On Liberal Association Executive

Reg Mitchell attended the convention of the Alberta Liberal Association in Edmonton last week and was elected regional vice-president.

Former Vermilion Man Dies in Edmonton

Former member of The Loyal Edmonton Regiment, Thomas McDaniel died in a city hospital Saturday, after a brief illness. Mr McDaniel collapsed on a downtown street about a week ago, and had not recovered consciousness up to the time of his death Saturday, Nov. 16th. He was 27 years old.

He is survived by his parents, Mr. and Mrs. P. McDaniel, 11020 127 st., four sisters, Mrs. A. McDonald, St. Albert; Mrs. A. Thorson, Vancouver; Mrs. V. Leonard, Calgary; Miss Breage McDaniel, Vancouver; eight brothers, Patrick, Renfrew; John, Kevan, Roderick, Richard, all of Vancouver; Emmet, Hugh and Frank at home.

Funeral service was held at 10 a.m. Tuesday Nov. 19 with the Rev. Mark Murphy officiating. Burial took place in the Field of Honor in the Edmonton Catholic cemetery.

The deceased lived for many years in the Island Hill district just north of Vermilion where the family resided until shortly after the outbreak of World War 2. Many of the McDaniel boys enlisted immediately, going overseas, and the parents then moved to Edmonton.

Interest Rates on Debenture Issues Lowered by Town

A special meeting of the Council was held Wednesday Nov. 13th with Mayor Morrison and Crs. Boake, Dawson, Bushell, Park, Stephens present.

Mr. H. J. Payne met Council re the sale of Lots 12-14 in Blk. 6 for water reservoir site.

Mr. Payne agreed to make saleable to the town an area not in excess of 100 feet by 60 feet across the southern portion of Lots 12-14 for the sum of $100.

In the event that the Council are able to close the lane situated immediately south of the lots in question, then an area 100' x 40' is to be purchased from Mr. Payne.

Secretary was instructed to draft above proposals for signature by Mr. Payne and the town.

By-Law 16-46 amending Water Debentures interest rate to 3½% and 3¾% was given second and third readings and finally passed, same having been approved by the Board of Public Utility Commissioners.

By-Law 17-46 amending Sewer Debenture interest rate to 3½% and 3¾% was given second and third readings and finally passed, same having been approved by the Board of Public Utility Commissioners.

The following motions carried:

That Haddin and Miles be paid the sum of $3194.85 on account as rendered.

That Lot 2 Blk. 26 be sold to Ambler Bros., and that moving and building permits for 20' x 26' stucco residence be approved. Conditional Sale Agreement to apply.

That request of C. E. Strocher for building 12' x 18' temporary residence on Lot 24 Blk. 1 be refused.

That Conditional Sale Agreement of Lots 1 and 2 Blk. 18 to Roy L. Stone of Islay be approved.

That plan submitted by Orlando Wiebe for building on Lot 30 Blk. 8 be approved.

Secretary was instructed to insert advertisements for debenture tenders at earliest possible date in Winnipeg Free Press, Calgary Herald, Edmonton Journal, Financial Post.

Meeting adjourned.

Time goes faster if you watch your work and not the clock.

Municipality Rents Legion Hall for Office

The Vermilion River Municipal District council have rented the Vermilion Legion hall and on and after Dec. 9th this will be used as the office of the municipality.

The municipal council approached the Legion with a rental proposition, and the Legion, prompted by an earnest desire to see the office problem of Vermilion River M.D. settled, decided in favor of acceptance. As this hall is in continuous use by Legion members whose numbers are now the largest in the history of the organization, the move will mean considerable disruption of Legion activities and the executive and membership of Post 11 are to be highly commended in their very generous and self-sacrificing action.

Vermilion Oil Production 17,720 Barrels

SASKAHEAD AGAIN TOPS

Vermilion oil production amounted to 17,720 barrels from 47 active wells. Five other wells were not producing during the month due to reconditioning. Production for August was 14,173 barrels and for September one year ago was 18,365 barrels.

Largest producer was the Saskahead well which pumped 809 barrels.

Sewer Construction Stops for Winter

The Dominion Construction Co. closed down their work on the extension of the sewer system of the town to the school of agriculture. The working crew left for their homes in Winnipeg Saturday evening. They plan to be back about the middle of May to commence the installation of the water and sewer pipelines for the entire town. They expect to finish the work by fall.

The monthly meeting of the I.O.D.E will be held at the home of Mrs. J. Pettinger on Tuesday evening Dec. 3rd at 8 o'clock.

Check that date on your label now.

"GREEN ACRES"

HORTICULTURAL MEETING

At the annual meeting of the Horticultural society, Dr. Hilton, Professor of Horticulture, University of Alberta, was the special speaker. Prof. Hilton talked mainly on dahlias and glads. He showed some lovely colored slides. There were 11 people present including the speaker.

SALT AND PIGS

When pigs get an overdose of salt they are soon dead as there is no cure. Pigs require salt as much as other animals but not in large doses. Anyone using a commercial supplement does not need to feed salt as plenty is provided. From one to two pounds of salt to 100 pounds of grain is required if no supplement is used.

BACTERIAL WILT

A disease of Alfalfa known as Bacterial Wilt is becoming quite prevalent in Alberta. Plants wilt and die because of the roots starting to rot on account of a disease caused by certain bacteria. When a field is infested it may as well be plowed up and no Alfalfa or other legume sown there for five years.

BANG'S DISEASE

Contagious abortion of cattle more commonly called Bang's Disease is quite common in parts of Alberta. Cows that are infected lose their calves which is a big loss to breeder and rancher. Vaccination of heifer calves up to eight months of age is the only sure method of building up a herd free of this disease.

FEATHER PULLING IN POULTRY

This vice often occurs in flocks that are overcrowded, and where the feed is lacking in mineral, animal or vegetable matter. It often develops into cannibalism with considerable losses in eggs and dead birds. Circulars are available from your D.A. on Poultry feeding and management.

CALF CLUBS

We have to date only eleven boys and girls in the Vermilion Calf club. There should be three times that many. It is a great chance for a farm boy or girl to get into club work with the others. The [illegible] be valued in dollars and cents [illegible] there is good [illegible]

E. H. [illegible]

To the Ratepayers of Municipal District of VERMILION RIVER No 71

NOTICE

Islay Church Scene Of Double Wedding

INMAN—GOULD GOULD—GILLIES

Tall mauve and yellow chrysanthemums formed a very pretty setting on Friday November 22nd at the Islay United church for the double wedding of Miss Jean Madeline Gould, only daughter of Mr. and Mrs. Bert Gould of Islay, to Mr. Keith Inman son of Mr. and Mrs. I. Inman, also of Islay; and Miss Christena Drummond Gillies, daughter of Mr. and Mrs. A. Gillies to Mr. Lawrence Gould, son of Mr. and Mrs. Bert Gould of Islay.

The brides given in marriage by their fathers, entered the church to the strains of the wedding march played by Miss Lila Bowser. Rev. E. S. Reikie officiated.

During the signing of the register Mrs. Mitchell sang, "Oh Promise Me."

Jean was lovely in a light grey wool three-quarter length tunic dress with fuschia accessories. Her corsage was of white carnations and American Beauty roses and her only jewelry was a string of pearls and matching earrings, a gift from the groom. She was attended by Miss Doreen Shaw who wore a light blue wool dress, self colored sequin trim with accessories in brown. Her corsage was of white carnations and small yellow 'mums.

Christena was very becoming in a rosewood wool dressmaker suit with brown accessories. She wore a corsage of salmon pink roses and her gift from the groom was a gold locket.

Miss Betty Gillies, sister of the bride, was bridesmaid and wore a leaf green wool suit with black sequin hat and matching accessories. Her corsage was red rose buds.

Mr. Everett Inman and Mr. Lloyd Gould supported the grooms and Mr. Gordon Gould was usher.

Mrs. Bert Gould chose for the wedding of her son and daughter a black crepe dress with short peplum and sequin trim. She wore a corsage of pink carnations and yellow 'mums.

Mrs. Gillies chose a royal blue silk with black sequin trim and wore a corsage of three pink carnations.

Mrs. Inman wore a blue crepe dress and a corsage of white carnations.

After the ceremony a reception and banquet was given at the home of Mrs. Bert Gould where twenty-six guests were present.

The table was beautifully decorated with yellow and mauve 'mums with a wedding cake at each end.

Pink and white streamers decorated the rooms.

Mrs. Jack Harley managed the tables assisted by Rena Ronaghan and Mary Impult.

The attendants and servitleurs were presented with gold earrings and lapel pins, gifts from the bridal parties.

The toast to the brides was proposed by Mr. Reikie to which the grooms suitably responded.

A reception dance was given in the Islay hall at night when a large number of friends gathered to wish the young couples much happiness.

Mr. and Mrs. Inman will make their future home in Vermilion. Mr. and Mrs. Gould will reside on the groom's farm in the Morrison district.

New Euipment at Parkview Service

Parkview Auto Service have just completed the installation of a costly front end service machine. This equipment provides for complete front end service to all makes of cars and trucks and a general invitation is extended by the management of the garage to call in and inspect the machine. A picture and full particulars are contained in the advertising columns of this issue.

Mrs. W. A. Lamb of Edmonton and formerly of Vermilion, was elected vice president of the Alberta Liberal Association at the convention of that body held in Edmonton last week.

Vermilion Business Men Attend Inauguration

NEW TRAIN SERVICE PROVING POPULAR

Twenty-one business men of the town were in Edmonton Sunday to attend the inauguration of the daylight train service from Edmonton to Vermilion and Lloydminster. The journey home was made on the new train on its opening run, during which time the Vermilion men were guests of Mr. Frank Keefe, general superintendent, C.N.R., Alberta division, in his private car attached to the train for this occasion and at a luncheon served thereon. Mr. P. Rooney, travelling passenger agent, and Mr. E. G. Skelding, superintendent of transportation, were joint hosts with Mr. Keefe. On the trip to Edmonton the local delegation were supplied with a private car by the Canadian National.

The new daylight train service climaxes a combined effort by Boards of Trade at Vegreville, Vermilion and Lloydminster, and already shows signs of being very popular. The train makes the run from the city to Vermilion in 3 hours and 55 minutes and stops only for an instant at each station. It is steam powered and two new air conditioned and very comfortable coaches are provided for the travelling public.

Arrangements for attendance at the inauguration of the train were carried out by the Board of Trade and the Vermilion delegation was comprised of Mayor J.W.G. Morrison, E. M. Stewart, president board of trade, Ashley Cooper, N. N. Bentley, P. J. Richardson, J. R. Boake, Bob Harkness, Tom Stack, Gerald Stephens, Russell Carroll, Ed Corley, Del Moyer, Chas. Spencer, Carl Heckbert, Reg Spencer, Ken Rowe, George Scarboro, Ab Sinclair, Lloyd McFadden, Art Linsdell, Little E. Katz.

Stanley Filipkowski leaves shortly for a six months visit to a sister and friends in Chicago.

Huge Grizzly Bear Is Bought by Jim Howlett

Killing of one of the biggest grizzlies ever seen in that area is reported in the Edson Western Signal. This oversize bruin was shot 25 miles north-east of Edson. Mr. Grizzly was operating in the vicinity of a lumber camp operated by Carlson's. The men evidently didn't appreciate the possibility of having the big boy as a playmate and so a substantial reward was offered for him. The animal was tracked down and a couple of 30-30 bullets did the rest.

Estimated age of the bear was 50 years and his weight 1800 pounds. The paw measurement was 7 inches, with claws 5 inches in length, while one of his teeth was 3½ inches long and 1½ inches wide. Jimmie Howlett manager of the Imperial hotel in Edson, purchased the big fellow and hopes soon to have on display a very handsome grizzly bear rug.

Bob Reid Given Medal For Athletic Prowess

Bob Reid, Vermilion high school student who made a real record at the school division track meet held at Kitscoty June 5th, has now received his medal suitably engraved commemorating his achievement from the teachers committee. Individuals are restricted to four events and Bob won everyone of the four he entered and played a major part in the Vermilion schools obtaining second place at the meet.

Wildmere Winks

We, along with the district wish to extend our heartfelt sympathy to Mr. and Mrs. P. McDaniel and family of Edmonton, formerly of Island Hill district, on the loss of their son and brother Thomas McDaniel, who was a veteran of the Second Great war. Besides his parents he leaves four sisters and eight brothers to mourn his passing. Many will remember Mr. McDaniel Sr., as the scribe for Island Hill a few years ago.

Jim Kennedy of Wildmere had the misfortune to have his saddle horse fall while riding it, breaking a bone in Jim's foot. He was in the hospital for a few days but is now out with a cast on the injured member. Speedy recovery is wished him from everyone.

Congratulations to Mr. and Mrs. Gould (nee Chrissie Gillies) for a long and happily married life.

Seventeen members and ex-members of the Welfare club enjoyed a very tasty turkey supper at George's Lower Deck on Thursday evening last. Owing to some members being unable to attend some of the men were invited. At the end of the meal toasts were given by Mrs. Garnett to the present members, reply was made by Mrs. Gibson. Mrs. Riley toasted the ex-members, answered by Mrs. Jenson. The men attending thanked the ladies very heartily for the fine supper. As it was John (Bud) Batke's birthday he was also invited to supper. After a chat over the doings of the club and thanking George and his staff for such a lovely meal, the ladies attended the show. Following this they left for their different homes well satisfied with the fine evening enjoyed together.

Mrs. Abe Frissell of Battleview is at present visiting her mother Mrs. Moore at Saskatoon, Sask.

J. C. Wallington has sold 12 gilts this fall for breeding purposes, 3 to Frank Gibson of Basswood and 9 to W. J Moses of Vermilion. Apparently some folks are not going out of pigs anyway.

The stores in town are beginning to have that Christmas look again. Like last year, items are very expensive for the quality of the goods.

Visitors to the different homes on Sunday were: A birthday supper was enjoyed at the Batke home for their son Bud and for Mrs. Bob Martin, whose birthday is one day later. Mr. and Mrs. Bob Smith and Diane also attended; Mr. and Mrs. Cliff Cruthers and family were supper guests at the Frank Gibson home; Laurence Graham spent the evening at the Adam Smith home and the writer and family visited a short while at the Fadden home; Mr. Frissell and son Howard were visitors at the same home.

Sunday evening the Wallington's enjoyed a nice visit with George Haines. Going over old days George can tell you about some hard times and hard work which not many of our people today would do. When we hear of such is it any wonder it galls to have to pay out huge sums on income tax. George has gone hungry, ridden the rods and walked 50 miles in a day. He has worked long hours and got very small pay for it. We could tell of many other tales he told us.

Why mothers get grey: The small son of a neighbor got both his hands deep into a pail of syrup.

Mrs. Cliff Cruthers was a visitor at the writer's home on Wednesday afternoon last.

Vermilion, Alta., November 28, 1946.

GENEROUS ACTION OF CANADIAN LEGION POST 11 —

Unselfishness for the promotion and benefit of town and district was displayed last Friday evening when Post 11 of the Canadian Legion passed by a substantial majority of members present, a motion to rent the main part of their hall to the Municipal District of Vermilion River No. 71, thus enabling that body to locate their office here early in December.

It is action such as the above that makes the Legion one of the most highly respected of all organizations. Their willing efforts to co-operate for the benefit of all is further proof of their great desire to work as a unit for the betterment of town, district and above all, nation.

Alberta's mobile chest X-ray clinics, bought with Xmas seal funds, have already examined over 220,000 people.

Story of local curlers at Edmonton will appear next week.

Cold Continues

Cold weather continues and the forecast for Friday is for a little colder although the day will be bright and clear. Highest temperature Friday will be zero.

High and low readings for the past week are:

Day	High	Low
Mon. Nov. 25	1.3	-14.7
Thurs. Nov. 21	3.2	-20.4
Fri. Nov. 22	5	-30.2
Sat. Nov. 23	3.3	-3
Sun. Nov. 24	7.4	-18.5
Tues. Nov. 26	8.7	-10.8
Wed. Nov. 27	2.3	-13
Thurs. Nov. 28		-10.4

1.9 inches of snow fell Wednesday bringing the season's total to 5.6 in.

Statistics supplied by courtesy of the Dept. of Transport Radio Range station Vermilion.

"SALADA" TEA

OUR COMPLETE SHORT STORY—

THEN EVERYTHING STOPPED

By CAROL ELY HARPER

Copyright Wheeler Newspaper Syndicate

WELL, it came out all right—but I tell you, I had to stay awake the rest of the night to keep Nels from getting shot.

I started it. I don't know why, but I'm always starting things.

Chubby doesn't like it. Chubby's my husband. I call him that because he's chubby.

Like that time I went up to the hotel room with Bennie. Bennie is an old schoolmate of mine. I just went up to look at his fishing tackle. Of course I didn't know Chubby was out on the sidewalk looking in and saw me step in the elevator with Bennie. If I'd known Chubby was there I'd have waited for him, of course. Chubby about brained him—

But when the burglar—and Chubby was gone—well—I don't think there was any excuse for Chubby getting so mad over that.

It was like this. We were on the wheat ranch that winter—Chubby thought maybe he could make it pay if he worked it himself—that was before he found out he couldn't and gave up and went back to town—to the hardware store—and the burglar had been breaking into ranches for miles around, robbing off and on the past six months. I was sure our turn was going to come next and I was terribly nervous.

I begged Chubby not to go to the city that night, but he got mad and sore. "Now look here," he said. "You know I've got to go in and get that tractor and drive it out early in the mornin'. And you can't go because you'd just be in the way! This is business!"

"But I'll be all alone!" I wept.

"But you won't be all alone—" he was quite irritated. "Nels was our hired man. "But he sleeps out in the bunkhouse!" I wailed.

"That's near enough!" Chubby barked, not a bit sympathetic. "Now look. I'll leave you the rifle. You sleep with it. If you hear anything, shoot twice. Nels will hear and come on the jump, won't you, Nels?"

"Sure!" said Nels affably, looking up from the tail end of his supper. "Sure! I'll take care of her Chub. You go on into town and don't worry! I'll take care of her!"

So Chub went. He took the automatic with him, in case he should meet with a road holdup. That burglar was sure terrorizin' the country side mighty bad.

Well, when the dishes were washed and the chores done and Nels gone, I went upstairs and I got ready for bed. I put on my long white flannel nightgown. And then I took the rifle right under the sheets and cuddled it. And, believe me, my hand was shakin', but I kept it right on the trigger!

"Now come on, have some guts, Mary!" I told myself. "Cheer up, Mary, old girl!" I laid there in the dark, and I tried to shut out all thoughts except havin' some guts. Right through my eyelids I could see the room was full of crawling shapes. I mean, it looked like it was full of crawling shapes, I was so scared.

Then something made a sound. I don't know what it was, but there was a slitherin' sound, just outside my window. I felt like an earthquake quakin', and my finger come down on the trigger twice. The holes are still in the head board of our bed.

In two shakes of a lamb's tail Nels was there. He was wild eyed and dangerous looking in his night shirt. His gun in his hand, he reconnoitered over the house. He came back.

"There ain't nobody in the house!" he said. "And there ain't nothin' outside. I looked good."

I was still shaking. "All right," I said. "But you're not goin' back to that bunkhouse! You sleep on the couch downstairs!" I went back to bed, with the rifle, again. Nels was sleepin' with his gun, in the dinin' room. His automatic went off awful easy, I remembered, with satisfaction.

All the doors were locked. And I had locked all the windows except the one in the living room that won't lock any more. That window is under my upstairs bedroom window.

It must have been about two hours later when I heard somethin' gettin' in that livin' room window. There wasn't any doubt about it this time—somebody was crawlin' through that unlocked window!"

I was too genuinely scared this time to make a sound. I tried to scream to Nels but my voice was stuck in my throat. I laid there, vocally paralyzed, and shook. Then I heard Nels gettin' up off the couch in the dinin' room, that our upstairs staircase opens onto. I got up courage enough then to slip out of bed, with my rifle.

Somehow I got out on the landing. I had some notion, I think, of helpin' Nels if the burglar took him from behind. Anyway, I was ready to defend myself if the burglar brained Nels and tried to pull anything on me.

I listened. No lights showed downstairs. The burglar didn't even have a flashlight on! Then I heard steps. The steps went, soft, stealthy, from one room to another. Then I heard other steps, followin' the first steps! One man followin' another! It was terrible! I tried to get up my nerve —I just had to help Nels!

Down below the steps--steps went on—around the rooms—slinky—one man stalkin' the other! All this time I was feelin' for the light switch on the landing, but my fingers were so stiff I couldn't find it. Then I found it. Standin' there in my flannel nightgown I switched on the downstairs lights.

Well, what I saw made me faint, so then everything stopped—or I don't know what might have happened! Chubby almost divorced me for it, but I finally got it explained.

No wonder I fainted! When the lights went on, there at the foot of the stairs stood Nels and Chubby—their pistols pointed at each other.

"I thought so!" said Chubby, looking at Nels.

I don't understand why Chubby gets so jealous.

BRITISH SOLDIERS NOT TAKING TO NEW UNIFORMS

LONDON.—Tommy Atkins' new blue dress uniform got a blue reception at its first showing in Albert Hall recently.

Watching a preview of young British soldiers in the new blue tunics, blue trousers, with wide red stripe, and blue beret, the veterans of khaki days thought the new "walking out dress" was not so smart.

An ex-Regimental Sergeant Major said: "I think it could do with a bit of livening up." An ex-officer declared: "Nothing really to attract young men to the army."

But one ex-serviceman liked it. "Jolly—it's easier to keep clean," he said.

PLOWING EXPENSIVE

MCBRIDE, B.C.—Robert Sansom found his fall plowing expensive. He plowed under $1,300 when his wallet dropped from his pocket while operating a tractor. He has a wide field to search, a three acre tract of land on his 380 acre farm here.

DRUG MAY END HEART DISEASE

Penicillin Has Become Effective In Treating Endocarditis

NEW YORK.—Penicillin is effective in prevention and treating one of the most deadly heart diseases, Dr. Homer F. Swift, chairman of the American Council of Rheumatic Fever of the American Heart Association, said at the council's annual meeting.

The disease, he said, is known as sub-acute bacterial endocarditis, an infection that occurs in patients who have rheumatic heart disease. Before Penicillin, it was nearly always fatal.

At least half of the cases of this infection occur after a tooth extraction or an operation of the upper air passages, Dr. Swift said, and he urged national education for dentists and physicians, as well as the general public, in the new use for penicillin.

"If the patient receives penicillin prophylaxis prior to the extraction of a tooth, or any mouth or throat operation, the disease can be prevented," he said. "Where this is not done and the disease develops, penicillin administered in large doses and over a long period of time can cure the majority of cases."

Bacterial endocarditis is a serious infection of the heart valves, he explained, and is caused by one of the streptococcus germs commonly known as "green strep", which is always present in the mouth and air passages. When a tooth is extracted, the bacteria enters the blood stream and grows on one of the heart valves previously damaged by rheumatic fever.

Some Short Names

Limit Of Brevity Is Not Confined To Only Two Letters

Miss Lu, Chinese author and journalist, who measures only four feet, has been described as the smallest person with the shortest name at the Paris conference. In the latter respect, however, she is not without rivals elsewhere. A few years before the war a little Miss Ma was christened in St. Paul's Cathedral, while the United States has a family of some distinction named Elk and Melbourne has a tradesman named Ny. Nor are such two-letter names the limit of brevity. First place in a recent New York telephone directory was held by Mr. A and there used to be a popular restaurant keeper in Paris whose name was O. Manchester Guardian.

HEALTH WEEK IN FEBRUARY

National observance of Health Week in 1947 has been set for the week beginning Sunday, February 2, it is announced by the Health League of Canada which annually sponsors the event in co-operation with departments of health and education throughout the Dominion.

National Social Hygiene Day, a feature of the week's observance will fall on the Wednesday, February 5. This is an annual international event observed in both Canada and the United States. 2700

FARMER FINDS DEER BECAME TOO DEAR

STRAFFORDVILLE, Ont. — Deer! Deer! Deer!

On his way to form a hunting party in this Elgin County village things ran ahead of schedule for farmer Archie Dennis. While Dennis was driving to pick up his friends a deer raced across the road and collided with his car causing damage estimated at $80.

As compensation Farmer Dennis bundled the body of the animal into his auto and deposited it in a garage here while he went to notify police.

The law investigated but found no deer. The interior of the garage was wrecked and damage estimated at $250. A broken window showed how the deer, who played possum, escaped.

Mr. Dennis said he was glad it wasn't a moose.

Are Badly Needed

Many Canadians Have Discontinued Sending Food Parcels To Britain

The Montreal Star says many wartime enthusiasms are prone to fade away as soon as the fighting ceases. One of those enthusiasms is that which led thousands of Canadians to send food parcels to Britons throughout the war. Now fewer parcels are being sent. And the pity of it is that the people of the British Isles need those food parcels more than they ever did before, because the disappearance of reserves has forced a tightening of rationing.

All the theories in the world bring home no bacon unless they are put into practice—and nothing illustrates the power of continued effort so well as the fact that a dime doubled 20 times is $104,857.60.

PARENTS TAKE NOTICE

Marine Sgt. Clarence F. Henchell, 22, Seattle, asserting his Christian name was an impediment to his career, petitioned the Superior Court to change his name to "Richard". "Rightly or wrongly", his petition stated, "there is attached to the name of Clarence a connotation of ridicule, and the name is usually used in connection with, at least, vaccillating characters."

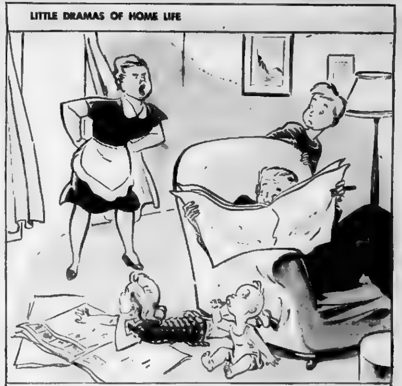
LITTLE DRAMAS OF HOME LIFE



All is quiet on the home front ...then Mom hits the roof!

MOM was the one who could ride out the storms. Little things didn't annoy Mom. She lived for the day, and if everyone else was happy, so was she. Nothing jerky about Mom's nerves. They had regular habits.

So when Mom started to blow up every now and then, everyone wanted to get at the reason. The doctor found it. He said Mom — of all people! — had one bad habit. She was drinking too much tea and coffee — and when the stimulus of those beverages left her, she was cranky.

Your nerves aren't expendable! Drink Postum — for its grand, rewarding flavor — and because it's the perfect way to avoid drinking tea and coffee. Postum contains no caffeine to upset the nerves, heart or stomach. Convenient — made right in the cup — economical — costs less than a cent a serving.

WEDDING BELLS

HORMANN—UPSHALL

A pretty wedding was solemnized at the St. Saviour's church, Vermilion, on Friday November 15th at 2 o'clock in the afternoon when Olive May Upshall, the youngest daughter of Mr. and Mrs. T. G. Upshall of Vermilion, became the bride of Gerhard Paul Hormann of Mannville. The Ven. W. Leversedge officiated.

The bride was becomingly attired in a white satin dress with a long veil and a white wreath. She carried a bouquet of red roses, and was given in marriage by her father.

The bridesmaid, Miss Kate Shoemaker of Mannville, was dressed in white silk and wore a corsage of red roses. The best man was Mr. W. Hormann, a brother of the groom.

A wedding breakfast was held at the home of the bride's parents attended by forty relatives and friends. A beautiful three-tiered wedding cake centred the table.

In the evening a dance was held at Tankerton school attended by about 100 guests.

A shower in honor of the bride was held at the home of Mrs. J. Perkins on Nov. 12th when a very enjoyable evening was spent, and a very large assortment of beautiful and useful gifts was received.

STADEN—NICOLL

A very pretty wedding took place on Saturday, November 16th, when Lois Evelyn, daughter of Mrs. Mary Nicoll, became the bride of Dudley Staden, son of Mr. and Mrs. W. R. Staden, also of Mannville.

The bride, who was given in marriage by her brother, Allan, wore a floor length gown of white sheer, a cowl length veil held in place with a bead band of white roses. Her only jewelry was a gold pendant, gift of the groom, and she carried a bouquet of white and pink carnations.

Miss Faye Nicoll, sister of the bride, was bridesmaid and wore a floor-length gown of pale pink sheer and carried a bouquet of 'mums.

Mr. Bud Staden was best man, and Mr. Ross Ewing, nephew of the bride, was usher.

For her daughter's wedding Mrs. Nicoll chose a brown crepe dress with brown accessories and wore a corsage of talisman roses.

After the ceremony a reception was held at the home of Mr. and Mrs. Len Manz, where a three-tiered wedding cake centred the bride's table; pink and white streamers completed the decoration.

Toast to the bride was proposed by Rev. Mr. Cole to which the groom responded graciously.

The newlyweds left later on a wedding trip, the bride travelling in a blue wool gabardine dress with blue top coat and brown accessories.

On their return they will reside on the groom's farm south of town.

—Mannville Mirror

DAVIES—DAY

In a setting of silver bells and bronze chrysanthemums, a wedding was solemnized at the Baptist church on Saturday afternoon Nov. 16 when Alice Mary, youngest daughter of Mr. and Mrs. F. W. Day, of the Greenwood district, became the bride of Ernest, youngest son of Mr. and Mrs. Frank Davies of Vermilion.

Rev. H. R. Thibideau, rector of the Baptist church, officiated, and Mrs. E. Geake, of Clandonald, sister of the groom, presided at the organ.

The bride, given in marriage by her father, looked charming in a rose wool dress, with brown accessories. Her corsage was of yellow roses and she wore a pearl necklace, the gift of the groom. Her matron of honor was her sister, Mrs. C. W. Bentley, attired in a grey wool dress, trimmed with fuschia and black accessories. She wore a corsage of white carnations.

Mr. Geo. Davies, brother of the groom, was best man.

During the signing of the register, Mrs. H. R. Thibideau gave a much enjoyed rendition of the vocal solo, "The Love of God."

Following the ceremony, the wedding party drove to the farm home of Mr. and Mrs. C. W. Bentley, where the bride's mother and sister, Mrs. Day and Mrs. Bentley, were joint hostesses to a company of some twenty guests. Serviteurs were Misses Mary Bentley and Margaret Bentley. For the occasion, Mrs. Day chose a navy blue dress with corsage of pink carnations. The bride's table, laid in white, was centred by a three-tiered wedding cake, and illuminated by white tapers. Motif for the decorations was white streamers and bronze mums.

Mr. and Mrs. Davies will reside in the Dewberry district. All good wishes for their future happiness are extended to them at this time.

-Lloydminster Times

If all we love is our reputation that won't help to save the nation.

Wildmere Winks

(This bulletin was crowded out of last week's Standard.)

Winter set in with a bang on Friday last and its been snowing and cold ever since. Side roads are now blocked with snow drifts. We cannot complain though as it was nice for a long while allowing everyone to get things done.

Lloyd Howard is attending the 8 weeks' course given returned men at Red Deer, after which he intends getting work in the bush. He has Robert Middlemas doing his chores for the winter. Victor Howard also left for Edmonton last week.

Several other young men of Triangle intend going to the bush for the winter including Frank Clark, Fred Martin and Eric Ruud.

Here is an item forgotten last week. On Nov. 4th Stan Calvert, Joe Clark and Paul Harreuther were out at the writer's hunting ducks. And are they duck hunters too! The writer and family enjoyed a nice visit with the boys afterwards.

Mr. and Mrs. Henry Smith of Thorncliffe are now settled in their new home in Vermilion. Friends and neighbors gathered for a surprise farewell party and presented them with an electric table lamp and a smoking stand. The departing couple thanked everyone very heartily. A nice crowd attended their sale. We wish them many years of happiness and rest in their new home.

Mrs. Smith, Bill and Adam went to Edmonton by car on Saturday. They will visit Alex Smith and family there and then go to Bon Accord to see Norman and wife. Mrs. Smith will go to Calgary from there to see her daughter Mrs. Morand and family but the boys are coming home from Edmonton.

Ray Osterberg bought seven head of calves from Henry Sweeney last week.

We are very glad to hear that Mrs. Herman Eyben is feeling much better; also that Mrs. Bob Martin is on the mend. A speedy recovery to you both.

Margaret Whitlock celebrated her ninth birthday on Friday last when she entertained a number of young folks to supper. Everyone had a jolly time topped by a huge birthday cake and candles. Peggy and Bobby Graham, Doreen Martin and Arthur Wisenberger helped her celebrate as well as her sister Hazel.

"You're starting just the way I did, Billy!"
Like Billy, Mr. Clark started in business delivering papers. He collected Fridays, settled with his publisher Saturdays and placed a portion of his profits in his savings account at the bank. That was 40 years ago. Mr. Clark has been using his bank regularly ever since.

Whether it was delivering papers, working week-ends at the corner store, or doing chores on the farm, you will always remember how proud you were of your first job, your first pay and your first bank book in your pocket. All were earned by your own initiative.

Today, as in the past, young people whose ambition is to get ahead, put their savings in the bank. It is the first step towards an association which can well be vital to business and personal life.

Predicts Biggest Building Year In History For 1947

OTTAWA.—Canada is likely to have the biggest building year in its history in 1947, Reconstruction Minister Howe said in a speech prepared for delivery.

Mr. Howe devoted a major part of his address, broadcast over the trans-Canada network of the CBC in the political free time series, to a discussion of housing problems.

He said that although there now were 30 per cent. more workers in the construction industry than a year ago the 1946 target of 60,000 houses would be short by 5,000 to 10,000. Responsibility was pinned by the minister on strikes which interrupted the flow of materials.

"A survey of unfinished dwellings in municipalities of 5,000 population and over shows, as at Sept. 7, 35,000 units incomplete," he reported. "Special efforts are being made by our priorities officer to bring into occupancy those houses which are 50 per cent. or more complete."

He voiced optimism on next year's outlook.

"I have every reason to believe that 1947 will be by far the biggest building year that Canada has ever experienced. Since war ended the best effort of the government has been directed toward accelerating the production of houses, just as the year 1940 was directed toward accelerating the production of munitions of war.

"Then, as now, there was widespread criticism of the government's failure to produce. I would remind you that after 1940 there was little criticism about the volume of production of war munitions, and I predict that our efforts to accelerate the building of houses will meet with equal success. In saying this I am not minimizing the urgent need for more houses. I am simply trying to emphasize that everything that I know of is being done to meet that need."

Touching on other post-war activities the minister reported that War Assets Ltd. is disposing of surplus war materials at the rate of $20,000,000 a month with a total return to the Dominion so far of $300,000,000. Renegotiation of war contracts had returned $400,000,000.

ANSWERS CRITICISM

Views Of British Commonwealth Not Regimented Says Vincent Massey

CALGARY.—The Rt. Hon. Vincent Massey, former Canadian high commissioner to Great Britain, took issue with critics of the British commonwealth when he addressed a joint Canadian club luncheon meeting here on "Canada's place in a troubled world."

Mr. Massey said the British nations were often accused of forming a bloc or "ganging up" on other states.

"Any experience I may have had in international gatherings would lead me to believe that the British Commonwealth should be peculiarly immune from such charge," Mr. Massey said.

He pointed out that British representatives often disagreed among themselves at international conferences. This fact should re-assure the most sensitive nations that there was little danger of a regimented point of view in the British Commonwealth.

"All through the colonial empire, self-government is being extended today," Mr. Massey stated. "That stubborn belief in freedom which carried the British through the war is not a commodity for domestic consumption alone—it is also an export. She (Britain) remains a bastion of freedom in a world where freedom is still at issue."

Everyone in Canada was a beneficiary of battles fought by Britain for freedom, he said.

CANADA'S SHARE

Liquidation Of German External Assets Will Give Dominion About $15,750,000

OTTAWA.—Canada's share in the approximately $450,000,000 worth of German external assets now being liquidated in neutral countries probably will total approximately $15,750,000 government sources estimated.

This will be in addition to the Canadian share in Germany's internal assets. Of the internal assets the Dominion expects to obtain 10,000 tons of German shipping and 1.5 per cent of Germany's heavy industries.

A Washington dispatch estimated the liquidation of German assets in neutral countries probably would yield approximately $450,000,000 for 18 Allied countries.

SEEKS STATEHOOD

WASHINGTON.—The latest unofficial tally of the vote by which Alaskans approved a resolution seeking statehood is 9,565 to 6,820. It was the heaviest voting in the history of Alaska, which has less than 43,000 inhabitants of voting age.

U.S. SOUTH POLAR EXPEDITION PLANNED—Rear-Admiral Richard E. Byrd (left), seasoned Antarctic explorer, shown with Vice-Admiral Sherman, will shortly direct a U.S. navy south polar expedition to cold weather test aircraft, ships and other naval equipment. Isolated Antarctic region was chosen to allay Russian worries over operations near Soviet territory and assure secrecy.

Announces The Removal Of Wheat Quotas

OTTAWA.—Trade Minister MacKinnon announced the removal of all quotas on the amount of wheat which prairie farmers may deliver to their country elevators.

This means that farmers may deliver as much wheat as they want to the elevators instead of being restricted to a certain number of bushels per acre, according to their district.

Officials said that up to now approximately 90 per cent. of the crop areas were on the maximum quota of 20 bushels an acre, or were entirely quota-free.

Mr. MacKinnon also announced that during the first 3½ months of the current crop year—up to Nov. 15—producers have marketed the exceptionally high total of 201,000,000 bushels of wheat. At Nov. 15, country elevators held 86,500,000 bushels.

"These deliveries and stocks are very gratifying in view of the export demand which now exists," he said, "but all wheat marketed by producers during the present crop year will be required to meet the urgent export demands for both wheat and flour."

Mr. MacKinnon said the Canadian wheat board had increased delivery quotas this fall as rapidly as available storage space and current transportation would permit.

Officials said the early removal of the quotas this fall resulted from the heavy shipments of wheat early this year which cleaned the elevators out of much of the 1945-46 crop.

The quota system of wheat deliveries to elevators is used to avoid congestion and to ensure that farmers at a distance from elevators have as much chance to deliver their wheat as those whose lands are close to the storage depots.

BIRTH RATE DECLINE

Chief Justice McRuer States Thirty-One Per Cent. Of Homes Childless

TORONTO.—Decrease in the Canadian birthrate in the past 25 years was "an alarming truth," Chief Justice J. C. McRuer of Ontario said to a meeting of the Toronto Centre Presbytery of the United churches. Thirty-one per cent. of all homes were childless and there was a tendency to ridicule large families.

President of the royal commission on Christian marriage and the Christian home, the chief justice presented the report of that body. He said the Canadian family is fading away to tiny proportions with 4,318,586 persons 18 years old or under—an average of 1.7 children to each family.

Twenty-three per cent. of families in the Dominion had only one child while only 17 per cent. had more than three. The province of Saskatchewan had the greatest family average, 3.9 children for each family. Quebec was next with 3.0 children, Ontario third with 2.5 and British Columbia fourth with 2.3.

SETS NEW RECORD

British Jet Airliner Makes Fast Trip From London To Paris

PARIS.—The semi-jet-propelled British airliner Nene Lancastrian hopped from London to Paris in 43 minutes establishing a new commercial speed record.

Later, the plane sizzled down the Champs Elysees at rooftop height, with its two conventional gasoline engines shut off. The plane's two jet engines alone shot it through the air at a speed of 310 miles an hour.

The flight down the Champs Elysees was a demonstration arranged in connection with the Paris air show. The London-Paris hop was the first civil flight of a jet-propelled plane.

CANADIAN INDUSTRY

Has Become Third Among Industrial Nations

GRANBY, Que.—Transport Minister Chevrier said that reconversion of Canadian industry from war to peace now is three-quarters completed and more than 1,000,000 former members of the forces and war workers have been absorbed into peacetime positions.

In a speech prepared for delivery before the Granby chamber of commerce, Mr. Chevrier said Canada now was third among the industrial nations of the world and had 1,000,000 more people gainfully employed than in 1939.

Last month there were 138,608 jobs available and 135,969 persons seeking employment. "This figure of unplaced persons is well below normal unemployment in times of relatively high levels of employment," said Mr. Chevrier. "Even during the peak period of the war there were at times as many as 50,000 or more people unemployed."

MANY DESERTERS

LONDON.—Deserters from the British forces still at large total 15,068, War Secretary Bellenger disclosed in the house of commons. Some 13,176 are army men, 1,500 came from the navy, and 392 from the R.A.F.

CHRISTMAS SEALS

BY E. L. ROSS, M.D.

Medical Director, Sanatorium Board of Manitoba

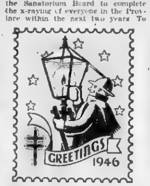
MOST people associate the colorful Christmas Seal with the campaign against tuberculosis but may not know, even though they buy them, the nature and extent of the remarkable work they make possible.

The money raised from the Christmas Seal sale last year paid for the x-raying of 100,000 people in Manitoba. Besides these x-ray surveys of whole communities and municipalities, Christmas Seals provide travelling clinics in thirty centres throughout the Province. They also provide rehabilitation service to patients in our sanatoria consisting of vocational guidance, training and assistance in finding employment.

Tuberculosis is an unnecessary disease for it is preventable and curable. The only means of irradication is prevention which is based on the discovery of sources of infection at an early stage before germs can be spread to others. Treatment begun early results in almost 100% cures. In spite of this knowledge tuberculosis still causes more deaths between the ages of fifteen and forty-five than any other disease.

Tuberculosis in its real early stages does not cause cough, tiredness, loss of weight nor make people feel sick so to find those with the disease before it has reached the symptom stage, before they become sick and before the germ has been passed on to someone else in the family or community, people who are apparently well have to be x-rayed. **The 'all seeing eye' of the x-ray is the only means of discovering tuberculosis at this early stage.**

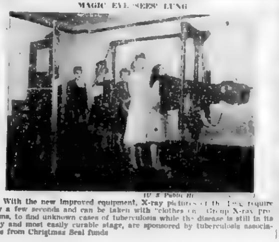
Within the last few years new x-ray equipment that takes pictures on miniature films has made it possible financially to x-ray the whole population and it is the objective of the Sanatorium Board to complete the x-raying of everyone in the Province within the next two years. To



intensify this preventive service another complete mobile x-ray unit is needed and I therefore appeal to all citizens to support generously the sale of Christmas Seals being conducted under the auspices of the Sanatorium Board of Manitoba for the support of travelling clinics, mass x-ray surveys and the rehabilitation of tuberculous patients. Every case of tuberculosis discovered early prevents the infecting of an untold number of others.

Your buying of Christmas Seals is a practical way to [illegible] your Christmas [illegible] and at the same time [illegible] of health and [illegible] from tuberculosis.

MAGIC EYE 'SEES' LUNG



(U. S. Public H[illegible])

With the new improved equipment, X-ray pictures of the lung require only a few seconds and can be taken with "clothes on." Group X-ray programs, to find unknown cases of tuberculosis while the disease is still in its early and most easily curable stage, are sponsored by tuberculosis associations from Christmas Seal funds.

TOURIST ATTRACTION

Jack Miner's Bird Sanctuary Proves To Be One Of The Greatest

WINDSOR, Ontario.—With the fall (November) migration of waterfowl at its peak at the world famous Jack Miner Bird Sanctuary twenty-five miles from here, the Custom officers and Immigration officers at this port of entry today said that "more people coming into Canada ask the way to Jack Miner's than any other place."

All United States and Canada has copied his bird sanctuary idea for conservation of bird life which is a national asset to this country. Although the late Jack Miner passed on two years ago, it is good to know that his sons are carrying on the work more energetically than ever.

Before Jack Miner died he said "What made my bird sanctuary such a success was because I took God in partnership with me." He started to put verses of scripture on his bird bands and in this way he secured the co-operation of The Jesuit Priest and Anglican missionaries in Hudson and James Bay, who acted as his agents in collecting them from the Indians and Eskimos. The verse of scripture on the band gave him the whole-hearted co-operation of every church in North America, the banding of birds gave him the support of every sportsman, and thus the place has become so popular in attracting tourists from all over the world.

POPULATION UP

Province Of British Columbia Passed The 1,000,000 Mark

VICTORIA.—Population of British Columbia has passed the 1,000,000 mark according to figures released by the ration administration of the prices board, making an increase of 145,474 in the last two years.

Ration book No. 6, issued in September, went to 1,019,745 men, women and children. Book No. 5, issued in October, 1944, went to 874,271 people.

Half the increase was in Vancouver city, where a total of 376,839 books were issued, compared with 306,463 in October, 1944.

BOOKS FOR LIBRARY

MONTREAL.—Canadian Legion educational services announced it has handed over a first instalment of 700 volumes in good condition to the restored library of the University of Caen. The Legion hopes eventually to collect 100,000 volumes and $100,000 cash for the university which was destroyed in the Canadian advance through Normandy.

TO WED MARY CHURCHILL—Smiling happily is Capt. Christopher Soames of the Coldstream Guards, seen here, who is to marry Mary Churchill, youngest daughter of Britain's wartime prime minister. Mr Churchill announced their engagement.

Last Canadian Army Outfit Leave Europe

BRUSSELS.—The last Canadian army outfit in continental Europe officially closed its offices here and have started for home six years and 11 months after the first Canadian contingent arrived in the United Kingdom.

This final element of an army which deployed two corps in the European campaigns was formally called "Canadian Section, Headquarters British Army of the Rhine, Northwest Europe," and was under command of Lt.-Col. Ross Heuchan of Hamilton, Ont. The section comprised only 15 officers and 40 other ranks.

Since last June 1 when Canadian Army Occupation Force completed its withdrawal from northwest Germany, this section commanded and administered miscellaneous small Canadian units which remained behind to clean up the army's responsibilities on the continent.

It had three main tasks.

1. The eight Canadian cemeteries in France, Belgium and the Netherlands had to be completed. This now has been done by No. 3 Cemetery Construction unit of the Royal Canadian Engineers.

2. A discipline unit and a section of provost were responsible for rounding up Canadian army deserters in northwest Europe and handling their courts-martial.

Forty-four deserters have not been found. Some of them probably are dead or have found their way back to Canada, but the list is being turned over to the British army which will continue the hunt.

3. The section was responsible for operation of the Canadian wives bureau in the Netherlands, Belgium and France.

The bureau has practically finished its job with about 50 women and children left in Belgium and 150 to 200 in Holland. Their movement will be undertaken by the Canadian government's immigration branch.

Between 2,000 and 2,500 wives, children, dependents and fiancees have gone to Canada from the continent through the wives bureau this year.

HOUSING MATERIALS

Distribution Throughout Canada Is Speeding Up

OTTAWA.—Government agency facilitation of equitable distribution of building materials throughout Canada is progressing with increasing speed, according to representatives of the Central Mortgage and Housing Corporation, the co-ordinator of building supplies, the timber controller and the Department of reconstruction who met together in Ottawa.

Re[illegible] of price ceilings is now taking place throughout the whole level of building materials [illegible] construction [illegible]. The greatest shortages [illegible] have been in the [illegible].

[illegible] the building materials situation is [illegible] temporary [illegible]. The [illegible] Canada [illegible] all [illegible].

The [illegible] great [illegible] large [illegible] steel shapes for [illegible] Canada [illegible] bathtub manufacturing [illegible] expected [illegible].

SHORTAGE OF FEED

VANCOUVER.—A serious egg shortage this winter with possible curtailment of shipments to Britain was forecast by a spokesman for the Western Canada Produce association who said feed dealers now were using reserve holdings of chicken feed and no replacements were coming forward. 2700

Canadian Food Being Shipped To Alaska

OTTAWA.—Trade Minister MacKinnon announced that shipments of Canadian food already have started to move to Alaska which turned to Canada to help meet a shortage created by the United States maritime strike.

He announced that Canadian eggs, poultry, fresh fruit and vegetables have been sent to Alaska and said that arrangements were complete for the immediate shipment from Edmonton of 17½ tons of beef.

Arrangements also have been made with the Canadian Wheat board for the release of flour.

Mr MacKinnon said negotiations were completed with the United States department of agriculture on the meat shipments and it was ascertained that 35 tons of beef would be required to satisfy the immediate demand.

"Of this amount," he said, "arrangement was made the same night for the shipment of 17½ tons from Edmonton, the remainder to go forward as soon as the importers have been designated by the Alaskan authorities."

The minister said the seriousness of Alaska's food situation was made known by telegraph to Canada by the delegate to congress from Alaska and the chambers of commerce in Fairbanks, Alaska, and Prince Rupert, B.C. early this month.

An immediate decision was reached to permit the export of eggs, poultry, fresh fruit and vegetables.

"Normally," said Mr MacKinnon, "only small shipments of foodstuffs are made from western Canada to this area but in this case of emergency Canada was glad to be able to assist."

"NOT A-GRIEVIN'"—Mrs. Kate Rockwell Matson, belle of the Yukon in the "roaring nineties," passed through Vancouver recently on her way to her home in Bend, Ore. "Klondike Kate" was alone. Her 83-year-old prospector husband died in the Yukon while hunting the gold find that was to lead to their retirement. "I'm not a-grievin', no, not a-grievin'," she said. "Johnny wouldn't want me to grieve." Matson's body was found in his isolated cabin 100 miles from Dawson near his prospecting site. Death was from natural causes.

PROSPECTS GOOD

Trappers Expect Big Crop Of Muskrat Pelts In Spring

THE PAS, Man.—A bumper crop of muskrats, possibly an all-time record number of pelts, is expected to be harvested next spring by trappers in northern Manitoba and Saskatchewan.

Estimates from the north country are that the trappers will exceed their 1946 income by more than $2,300,000 as long as the market holds up at the present price of $8 for prime pelts.

Trappers at scattered points throughout the north report that next spring will represent the top curve in the muskrat cycle, and that indications for an exceptionally heavy crop have never been so great.

Increases in the beaver population have also been reported.

BOTH ARE SERGEANTS

OTTAWA.—Two R.C.M.P. corporals, J. J. Somers and his son, Larry, have received promotion to sergeant in the latest list of Mounted Police elevations. The father is in charge of the Ottawa [illegible] station and the son is head of the Montreal narcotics squad. The promotion of father and son under such circumstances is unparalleled.

DISPUTE SETTLED

NEW YORK.—The Big Four foreign ministers broke their month-long deadlock on the future of Trieste and agreed on almost all the major issues which divided the western and eastern Allies on the problem.

OVER MILLION MARK

VICTORIA.—Population of British Columbia has passed the 1,000,000 mark according to figures released by the ration administration of the prices board, making an increase of 145,474 in the last two years.

Party is Held In Honor of Newlyweds

In honor of Mr. and Mrs. Walter Walker whose marriage took place in September, friends and neighbors of the Carleton, Hughes and Claymore districts met at the Hughes school Friday evening Nov. 22nd. Whist was played with Mr. Cliff McCormick as master of ceremonies. The prize winners were Mrs. Clarence Burt, Lyle Robinson, Mrs. Jack Willes and C. Burr. Mr. Joe Hart, spokesman for the gathering, conveyed to Mr. and Mrs. Walker the community's very best wishes for much happiness in their wedded life and presented them with a smoking stand and a coffee table. Walter responded, thanking the community for their good wishes, the kindly reception given his wife in the community and the very lovely gifts. They were then encircled and "For They are Jolly Good Fellows" sung. With Mrs. Cliff McCormick at the piano, community singing led by Mr. Tom Watts was very much enjoyed. A delightful lunch served by the ladies brought the evening to a close.

Town guests were Mrs. H. M. Hildreth and Mr. and Mrs. Tom Watts.

Wildmere A.F.U. Notes

OFFICERS ELECTED

A meeting of the Wildmere Local No. 412, A.F.U., was held Wednesday Nov. 13. There was a fair attendance and being the annual meeting some time was taken up in appointing the officials for the year. Mr. H. E. Ryben was chosen as president for another term.

Mr. J. Wilson was selected as senior delegate and Mr. Roy Garnett as the junior delegate to attend the annual convention later in the winter.

It is hoped that this local will be able to have even a larger membership for the next year.

Don't forget farmers, the Farmers' Union is your voice, so don't forget to sign up and make your voice be heard, not just a whisper. If you don't think so then think about the proposed higher freight rates.

R. Osterburg.

NOTICE

INTENTION OF COUNCIL TO CLOSE LANE

The Council of the Town of Vermilion intends to pass a By-law on Dec. 2nd closing the lane in Block Six (6) at present serving Lots 11, 12, 13 and 14.

Any person claiming that any land in which he is interested as owner, occupier or otherwise, will be prejudicially affected thereby, may petition the undersigned to be heard by Council in regular session at the Town Hall, December 2nd.

GIVEN under my hand this 20th day of November, 1946 in compliance with the Town and Village Act Chapt. 150 R.S.A. Section 222 subsections 3 and 4.

James J. Fert,
29-30c Secretary Treasurer

Sale of Farm Land By Tender

Pursuant to the Order of the Honourable Mr. Justice Shepherd, Sealed tenders will be received for the sale of the North East Quarter of Section Thirty Two (32) Township Fifty Four (54) Range Six (6) West of the Fourth Meridian, in the said Province of Alberta, containing 160 acres more or less subject to all the reservations, conditions, exceptions and provisoes contained in the existing Certificate of Title at the Land Titles Office at Edmonton, Alberta.

The Land is 2 miles (approximately) from the Village of Derwent in the Province of Alberta, the [illegible] clay subsoil. The land is fenced and cross fenced. All the farm buildings are in fair condition. The water supply is from a well.

Tenders must be enclosed in sealed envelopes marked "Tender re Estate of William Stugeryk, Farmer (deceased)" and addressed to Mary Stugeryk in care of Joseph M. Lazarenko, Barrister and Solicitor, Myrnam, Alberta, and must be in his hands not later than 10.00 o'clock noon December 14, 1946.

TERMS OF SALE

Each tender must be accompanied by a marked cheque or cash for 10% of the amount of the tender and the balance paid within 7 days after acceptance of the tender without interest. The deposit of 10% will be forfeited by the successful tenderer if he refuses to carry out the purchase after acceptance of his tender. Deposits of the unsuccessful tenderers will be returned to them after rejection thereof. The highest tender will be accepted. In all other respects the terms and conditions of sale will be the standing conditions of sale in the Supreme Court of Alberta so far as the same are applicable thereto.

For further particulars apply to Joseph M. Lazarenko, Esq., Barrister and Solicitor, Myrnam, Alberta.

DATED at the Town of Vegreville in the Province of Alberta, this 28th day of October, A.D. 1946.

ROBERT H. PHILP
D.C.R.C.

APPROVED:
S. J. Shepherd
Judge of the Supreme Court 29-30c

ISLAY

The 8th annual auction in aid of the church was held Saturday afternoon and most gratifying were the results. The people of the church, town and district assisted well and made it a success. Mr. Ollies was in his usual form, as was Mrs. Inman with the bidding. The ladies in many instances sort of bid the men down. Anyway, we had a real jolly time.

Now the bazaar will be held Dec. 7, Saturday afternoon in the church. Tea will served at small tables. There will be ice cream—Come in, bring your friends and visit over the cups. Pleasant "little ladies" to serve you.

The sudden cold weather struck many of the cars, new ones as well as the old timers. Ask Mrs. Ronnie McFadyen what she thinks. Most provoking to say the least.

"In the Spotlight" more ways than one is what has happened to Miss Margaret Martin. She was among the Eaton employees, veterans of 2nd World War who were entertained by Eaton's in Calgary. We saw Margaret's picture in many papers—and now in the last issue of The Spotlight an Edmonton paper, is Margaret and other girls taken in front of a dinosaur in the park, Calgary. That is almost a pun for Faye McLennan at Halifax.

Wanted — by Ralph Anderson, a pup. The old dog passed on recently.

The annual meeting of Div. 4 of the Vermilion School Division No. 25 is to be held Saturday, Dec. 7 at 2 p.m. in Geo. Capstas' Lower Deck in Vermilion. If you have any criticism, constructive or destructive, you better attend and air them.

WANTED TO BUY—PAIR OF SIZE 12 or 13 skates and boots for little girl. Apply to V.H. COOPER at the Standard office. 30tf

FOR SALE — UPRIGHT PIANO case organ, lovely tone and condition. Price $40. Apply to BOX No. 1630, Vermilion. 30-2

LOST DOG — PART POLICE AND part German Shepherd, short hair, large, ears stand but curl down. Wearing a collar and answers to name of Barney. Reward. W. G. LYONS, phone 312. 30c

FOR SALE — PUREBRED SHORThorn bull, registered, 2 years old. Apply A. B. DICKE, R.R. 3, Vermilion. 30-2

FOR SALE—MASSEY-HARRIS four furrow Disc Plow with power lift; complete with M.H. Parker & Pony Press Drill; drill has clutch control. Also large lumberman's Stove, heavy steel construction and cast iron front; takes 4 ft. logs; good as new. Apply to P. J. DUFFY, 3 mi. South 2 m. East and ½ m. South of the Claymore school. 30-4x

FOR SALE—COCKSHUTT 8 FOOT tiller complete with seed box. Write to BOX No. 1 care of Vermilion Standard. 30-33c

TOWN HOUSE FOR SALE — FOR particulars see D. A. BRIMACOMBE, Real Estate & Insurance. 29-30p

A line from Mr. and Mrs. F. Dowse comments on the marked activity of the town of Vermilion as indicated in the news and advertising columns of the Standard. These former Vermilion folk are now residing at Cedar, B.C., which is in the Nanaimo area of Vancouver Island. Similar to Vermilion the housing shortage is acute and Mr. and Mrs. Dowse have a portion of their home rented to two other families and are themselves living in the basement.

Vermilion River Council Holds Regular Meeting

SELECT VERMILION FOR SITE OF MUNICIPAL OFFICE

The following is a summary of the minutes of the meeting of the council of the Municipal District of Vermilion River No. 71 held in the municipal office, Marwayne, on Wednesday Nov. 13 to Friday Nov. 15 inclusive.

Present, Reeve J. A. Currie in the chair, Councillors G. E. Clay, R. Tossman, J. Leighton, T. W. Lambie and T. Beisheim.

Minutes and financial statement were accepted as read.

Mr. Forrester of Prairie Farm Assistance Branch waited on Council relative to Townships that may be eligible for bonus.

Moved by Cr. Clay that application of Wm. Harrison to operate a retail butcher business in McLaughlin be approved. Cd.

Moved by Reeve Currie that Cr. Beisheim take up with the police department the matter of certain property illegally removed from Municipal land. Cd.

Moved by Cr. Lambie that contract with Willoughby and Mathison to gravel 5 miles on Kitscoty road at 78c per yard and 6 miles on Islay road at $1.40 per yard, be approved. Cd.

By-law for the establishment of a survey from McLaughlin school site thence in a westerly direction to the west boundary of Sec. 25-46-2-4th was carried.

Moved by T. Beisheim that Council adjourn to meet next day.

Council re-convened at 9:30 a.m. Thursday 14th.

Moved by Cr. Leighton that we authorize use of municipal machinery to level the grounds at the Kitscoty dormitory. Cd.

Moved by Cr. Clay that Herd By-law No. 141 be given third and final reading. Cd.

Moved by Cr. Beisheim that Austin 99 motor grader, be ordered from Armco Drainage and Metal Products subject to cancellation. Cd.

Moved by Cr. Tossman that in consideration of the M.D. reserving 4 acres along north line of N.W. 14-50-6-4th, that this parcel be sold to Wm McGinnis for $1000 cash, purchaser to assume the responsibility of fencing. Cd.

Moved by Cr. Leighton that SE 2-1-4-4th be sold to Walter Jorgensen for $525. Terms $200 cash and the balance in two years at 5% interest per annum. Cd.

Moved by Cr. Currie that Lots 7 and 8 in Blk. 2, Islay, with buildings, be sold to James Hepburn for $700 cash subject to transfer of title according to Tax Recovery regulations. Carried.

Moved by Cr. Clay that [illegible] be implemented by locating permanent municipal office in Kitscoty. For: Crs. Currie, Clay, Leighton. Opposed: Crs. Lambie, Tossman, Beisheim. Motion lost.

Moved by Cr. Currie that permanent office site be moved to Lloydminster. For: Crs. Currie, Clay, Leighton; Opposed: Crs. Tossman, Lambie, Beisheim. Motion lost.

Moved by Cr. Tossman that permanent office site be moved to Vermilion. For: Crs. Currie, Clay, Tossman, Lambie. Opposed: Crs. Leighton, Beisheim. Motion carried.

Moved by Cr. Lambie that Secretary Treasurer be authorized to make arrangements to move to Vermilion with the least possible delay. Cd.

Petition was received re building of road from N.E. 24-48-3-4th west 2 miles. Referred to 1947 public works committee. Petition was received from ratepayers re road in Townships 52 and 53, Range 1. Referred to 1947 public works committee.

Moved by Cr. Currie that Mrs. Sally Armishaw be recommended for a beauty parlor license in Paradise Valley. Cd.

Moved by Cr. Leighton that we approve request of town of Lloydminster to the inclusion in town limits of 27 acres along east boundary of S.W. 1-50-1-4th etc. Cd.

Moved by Cr. Clay that we approve Plan No. 270-1406 involving a railway crossing across 8th street in Lloydminster. Cd.

Moved by Cr. Tossman that an additional car load of snow fence be ordered. Cd.

Moved by Cr. Clay that meeting adjourn to meet again on Thursday, Dec 12th, 1946. Cd.

Bowtell Bulletin

The writer certainly enjoyed the turkey supper at the Jenkins' home Thursday night following the wedding of their son. He is the last child to get married but we sincerely hope that it isn't the last party at this home.

Mrs. B. Moore expects to spend a few days in Edmonton this week.

Little Miss E. Perkins celebrated her 5th birthday on Saturday Nov. 23.

Mr. V. DeDelly had the misfortune to lose his pocket book in town recently.

Guests for supper at the Sherwood home on Sunday were Mrs. Cummings and son Pat, Daddy Woodruff and Eddie Rindale.

The dance held at the school Friday night was enjoyed by everyone. Mr. Repp was doorman and Mr. Tom Sherwood floor manager. An intricate step dance was done by Harry Seminuk. Mrs. Jack Seminuk, Mrs. H. Seminuk and Mrs. DeLleuw served supper—and boy oh boy we had sugar and cream in the coffee and cake to top it off just like the good old times folks.

Harold Knutson is very happy these days as he has his car all repaired, home again and in good running order.

It is pleasing to be able to report that Harry Perkins' foot is doing very nicely and that he also expects a brand new artificial foot for his other leg.

CARD OF THANKS

Mr. and Mrs. Henry Smith wish to thank all their friends and neighbors for the farewell party given them on Nov. 8th, and for the lovely presents they received.

IN MEMORIAM

In loving memory of
Mary Armstrong
—who passed away Nov. 22, 1943.
"And while she lies in peaceful sleep
Her memory we shall always keep."
—The Family.

IN MEMORIAM

In loving memory of our brother
Harry Whitlock
—killed overseas Nov. 23, 1944.
"Deep in our heart lies a picture
Of a loved one laid to rest
In memories frame we shall keep it
Because he was one of the best."
—Ever remembered by Willie and family.

IN MEMORIAM

In loving memory of our son and brother
Harry Whitlock
—killed in Holland Nov 23, 1944.
"Just when his days seemed brightest,
Just when his hopes seemed best
God called him from amongst us
For His eternal rest
Sadly missed but God knows best."
—Remembered always by Dad, Mabel and Family.

IN MEMORIAM

Cabot Received Annual Pension Of $100 For Discovering Newfoundland

When explorer John Cabot returned to Bristol in August of 1497 he informed Henry VII that he had discovered, naturally enough, a new-found-land. For his discovery of 42,734 square miles of abundancy Mr. Cabot was paid $50.

But this $50 and a later annual pension of $100 to "hymn that discovered ye new isle" was paid out of the coffers of the people of Bristol. Consequently Bristolites had a good deal to say, most of it bad, about this new-found-land. Thus the name Newfoundland came into general usage.

Unless Newfoundland were pronounced as three separate words the line would not scan and a pronunciation adopted merely to fit the rhythm would make the whole thing ridiculous.

So today the formal pronunciation of Newfoundland calls for three "connected-separate" words with no special accent on any of them. However in conversation Newfoundlanders have a tendency to slur the middle syllable and it comes out as NEWF'nLAND.

DIAMONDS IN INDUSTRY

Diamond wheels are used to grind hard metals and alloys, plastics, fibres, ceramics and glass to very close tolerances; and to cut quartz, shape optical prisms and grind optical lenses.

NEED NO BUTTER FOR FANCY BAKING

Successful Cooking Can Be Made Through Other Fats

The butter ration may be slim, and the grocer may say "no" when begged for shortening, but nevertheless careful housewives still are turning out successful pies and cakes. They're using every kind of fat they can get their hands on as replacement for butter and shortening quantities in recipes.

Experts of the Consumer Section, Dominion Department of Agriculture, Ottawa, say clarified pork fat or lard makes excellent pastry or cakes.

The flavor of fat from smoked pork blends well with meat, and therefore can be used to advantage for pastry for meat-pies or sausage rolls. It can also be used in any recipe for spice cookies or gingerbread which contains spices or molasses.

Any clarified fat or dripping may be substituted for shortening measures in all cooking except baking where large amounts of fat are used and a definite texture is desired.

Chicken fat with its bland flavor and soft texture can be used immediately upon being rendered for all types of cooking.

Beef dripping is too hard to use satisfactorily in cooking, but two cups rendered beef fat melted with one cup pork fat or lard and stirred occasionally while cooling to prevent separation gives a soft pliable fat.

Lamb fat is hard with a distinctive flavor. While not satisfactory for use in baked products, it goes well in the preparation of meat dishes. However, if after clarified lamb fat is mixed with a soft fat in the proportion of one part lamb to seven parts soft fat it can be used in baking.

Veal fat is soft and mild flavored, and when rendered is excellent for cooking. Different fats vary in shortening power. To substitute for shortening use: ⅞ cup clarified pork fat or lard ⅞ cup chicken fat; 1 cup beef dripping.

The zebra is a light brown animal with dark brown or black stripes—not a dark brown animal with light stripes.

BEWARE - - - OF RARE PORK

"And the swine is unclean to you. Of their flesh shall ye not eat and their carcass shall ye not touch."

Such was the admonition given by Moses to the [illegible] Children of Israel more than 2,000 years ago. Moses undoubtedly had some good reason for [illegible] such a law, it being altogether likely that he had noticed that serious illness sometimes followed the consumption of pork. Centuries later Mohammed forbade his followers the use of pork as a food.

Thus millions of people who today adhere strictly to the tenets of certain religious beliefs are spared the possibility of contracting a disease known as trichinosis. Trichinosis is a disease which [illegible] years ago was first recognized as one which resulted from eating pork which had become infested with a worm-like parasite—Trichinella Spiralis.

For those who do eat pork it is imperative that they remember that raw or partially cooked pork is dangerous, that pork and pork products always should be well cooked.

In the year 1835 Sir James Paget, famous English surgeon, was doing a post-mortem, when he noticed that numerous small lime and calcium-like swellings in the muscles were taking the edge off his knife. He took out some of these nodules and showed them to Robert Owen of the Royal College of Surgeons. Owen broke open some and examined them through a microscope. He found that inside each shell-like nodule, not as big as a grain of wheat, was a small coiled up worm, hair-like in size and consistence. He named the worm "Trichina Spiralis" which really means "little hair of a spiral shape".

Today the medical fraternity call this parasite Trichinella Spiralis which means practically the same thing. It is known that Trichinella Spiralis is a very small worm which is a parasite of the pig and which when eaten alive by a human being (as it may be when uncooked or partially cooked pork is eaten) becomes a parasite of the human being and causes disagreeable and often fatal illness known as trichinosis.

The parasite is a very small round worm. The pig is the animal most commonly infected although rats and bears which eat infected pork may also become infected. The young worms or larvae are very small and bore through the wall of the pig's bowel and get into its muscles. In the muscles of the pig these small larvae surround themselves with a sac which after perhaps a year becomes calcified and forms the hard small nodules which Sir James Paget noticed in 1835.

Pigs usually get infected in the first place by eating uncooked pig flesh (pork trimmings) in garbage. Care therefore should be taken to see that pigs are not fed on untreated garbage and that rats are kept away from piggeries, abbatoirs and packing houses.

But once the pig, when he does get infected, has thousands of these larvae all through his body it is impossible by means of any practical method of meat inspection to safeguard the public absolutely. The public must safeguard itself and the only way is to make sure that pork or pork products are well cooked before eating.

Remember rare pork is dangerous.

Build Home On Loot

Portland Couple Face Thirty Theft Charges

PORTLAND, Ore.—A three-room home built with stolen materials was listed today along with household furnishings and extensive wardrobes Sheriff Martin Pratt said were accumulated in a year by a young woman and her ex-husband, charged today with 30 burglaries.

The sheriff said the $10,000 in loot which four deputies spent a night and a day itemizing included a $1,200 mink coat, two sets of silverware, a vacuum cleaner, radios, a portable sewing machine, a typewriter and several hundred houseware articles and clothing.

Sheriff Pratt reported William Franklin Leonard, 41 and his divorced wife Christina Leonard, readily admitted the thefts after their arrest in the home they built a few months ago.

Most of the stolen building materials had been taken from housing project jobs on which Leonard worked daytime during the last year. Sheriff's Deputy Lyle Cocking said the woman would drive a small truck at night to a home where her husband had broken in and together they would haul away the plunder.

Most of the articles were identified as coming from Portland's middle-class suburban homes where the sheriff's officers said a robber who left neat candle drippings had operated for many months. Deputy Cocking said candles were in abundance in the Leonards new home and Sheriff Pratt earlier had reported Leonard admitting his trade was safe cracking, bemoaning leaving his former trade.

The couple married two years ago but divorced five months ago although they still worked together from the home Sheriff Pratt reported.

Sheriff Pratt said Leonard glumly blamed his error in robbing the home of a city detective, a former acquaintance, for his "change of luck" and arrest. The sheriff said Leonard's ex-wife told him Leonard almost killed himself in traffic trying to get to a bridge and throw away a fur neckpiece when he discovered it was taken from the home of City Detective Phillip Stoops. The sheriff quoted Leonard as saying "I've had bad luck ever since."

WORKED AS OFFICE BOY

George Bernard Shaw, renowned writer, worked as an office boy in the latter in a Dublin real estate office at a salary of $4.50 a month, according to the Encyclopedia Britannica.

Interesting Convention Held by Vermilion School Trustees Ass'n

The annual convention of the Vermilion school trustees association was held in the hall at Kitscoty on Friday Nov. 8th commencing at 2 p.m. with J. H. Drew, president, in the chair.

The minutes of the last convention Aug. 13th, 1945, were adopted as read on motion of Messrs. Finlay and Willoughby. Secretary W. L. Brown presented the financial statement showing a bank balance of $27.56.

J. H. Drew reported on the provincial convention held in Edmonton last November and gave a full report covering the addresses given and the resolutions submitted at that convention especially in regard to our efforts to obtain greater support for education from the Provincial treasury. He also drew attention to the constant demand for higher salaries and the support given to this agitation by the educational authorities who addressed the provincial convention. He urged all local authorities and the ratepayers generally to draw the need of more provincial assistance to the attention of the members of the legislature with a view to some relief from the heavy land taxes.

W. L. Brown also reported on the provincial convention. He stressed the general increased taxation throughout the whole province, the serious teacher shortage and the need of more local interest especially on the part of younger men.

Dr. Swift, Deputy Minister of Education spoke on the problems of education from the standpoint of the department. He dealt at length with the teacher problem which has become very serious, analysing the causes and outlining the efforts of the department to alleviate the situation. He also congratulated the board on the Kitscoty dormitory which has brought high school training to many families previously denied them.

PRAISES HEALTH UNIT

Mr. H. E. Spencer addressed the meeting. He gave an interesting account of the work done in the Wainwright Division especially regarding the Health unit of which he spoke most highly. He also reported on the work done by the Canada Educational association and outlined the efforts of this organization to improve educational standard of the whole dominion.

DORMITORY PROVES VALUE

J. A. Smith, superintendent of the Kitscoty dormitory, gave a full report on this project especially as to costs. He clearly proved that the dormitory is providing a unique opportunity for rural students to obtain high school training at cost. That the institution is paying its way financially and in no way causing the increased taxation. He stated that the enrollment had grown until both buildings are badly overcrowded and expressed the hope that in the near future additional accommodation would be available for male students.

TEACHERS' SALARIES

Mr Anders Aalborg, secretary of the Vermilion Local A.T.A., addressed the meeting. He presented the viewpoint of the teachers and disclosed that a difference of opinion existed between his organization and the Divisional Board regarding the question of teachers' salaries. He admitted that the teachers' proposals called for a sharp increase but contended that the profession was underpaid and that substantial increases were in order.

Mr Chas F Thompson chairman of the school board and Mr J. D. Adam, K.C. replied for the Board. They both stressed the fact that the Board is a committee of ratepayers and therefore bound to give some thought to public opinion and to the ability of the average ratepayer to meet the further increase in taxation which would be inevitable if the teachers demands were met.

GENERAL DISCUSSION

A general discussion took place and some interesting facts were brought out. [illegible] approximately [illegible] of the school tax to pay the teachers [illegible] Vermilion School Division [illegible] [illegible] as well as [illegible]

TAX RECEIPTS LOWER

[illegible]

OFFICERS ELECTED

[illegible]

ATTENDANCE DISAPPOINTING

From the standpoint of [illegible] the meeting was a great success but the attendance was disappointing as only 2[illegible] per cent of the schools were represented and about 60 ratepayers present. This is regarded by the executive as very poor encouragement especially as no effort or expense was spared to advertise the convention both by personal contact and through the press.

PREMIER ENDORSES SALE OF T. B. SEALS

Premier Ernest C. Manning today issued a statement commending the work of the Alberta Tuberculosis Associations, and urging the citizens of Alberta to support the Christmas Seal campaign. His statement follows:

"I wholeheartedly endorse the work being carried on by the Alberta Tuberculosis Associations. I sincerely trust that the Christmas Seal campaign of 1946 to raise money for this purpose will be very successful."

Christmas Seal money is used to supplement the work of the department of health in fighting tuberculosis, and includes purchase of the mobile X-ray units, organizing community chest X-ray surveys, rehabilitation of sanatorium patients, occupational therapy in sanatoria, health education and other preventive measures.

Provincial objective for the 1946 Seal sale is $100,000.

Confidence In The U.N.O.

THE UNITED NATIONS' ORGANIZATION, which was formed when the nations concerned were firmly united in the task of winning the war has since that time faced many difficult situations and successfully averted any acute crisis in international affairs. Because of the unavoidable association in the minds of the public between the United Nations' Organization and the League of Nations, there have been many people who have, from the beginning, had little confidence that the U.N.O. would fare any better than did the earlier attempt to unite the whole world in the interests of permanent peace and security. These people could be reminded, however, that nations, as well as individuals, may learn from experience and that the U.N.O., will undoubtedly be a more solid structure, because of the knowledge gained from the workings of the League of Nations.

• • • • •

The Need For More Patience

Mr. Sumner Welles, a former United States Under-Secretary of State, recently gave three lectures in Canada under the auspices of the J. W. Dafoe Foundation. The subject of these addresses, one of which was made in Winnipeg, was "The United Nations in the World of the Future", and in them Mr. Welles asked that people be patient in their attitude towards the U.N.O. He pointed out that although the organization is still in the early stages of its development, it has been able to avert international crisis during the extremely difficult period which followed directly after the war. If, he argued, it can accomplish this successfully, why should we not expect that it would preserve peace and restraint among nations even more successfully in the future?

• • • • •

An Effort To Prevent War

The opinion of Mr. Welles and of many other outstanding students of international relations today is that there is need for realism in facing the existing problems, and for confidence in the future. The United Nations Organization is one concrete effort on the part of people from many lands to find a solution to their difficulties and to avert future wars. Those who will not face the fact that there are grave problems which must be worked out, and others, who look upon the United Nations' Organization as merely an idealistic attempt at co-operation, destined for failure, are both working against their own interests and against our greatest hope for security in the future. "Had it not been for the existance of the United Nations during the post-war period," Mr. Welles said, "I am pursuaded that there would be little, if any, hope today of saving humanity from world anarchy. "If a statesman of Mr. Welles' experience and ability believes this, surely the U.N.O. does merit at least the reconsideration of those who now place little faith in its effectiveness. Confidence, and a realistic attitude on the part of everyone toward the major problems of the times, might go far in improving conditions now and in the future.

NOSE-RUNNING HEAD COLDS DRIED UP QUICK

When a head cold gets your nose running "like a tap" and you have that all-in feeling you'll get almost instant relief with Buckley's Concentrated Capsules. This different, effective prescription-type remedy contains not ONE but FOUR tested, proven, cold-dispelling, pain-relieving ingredients, including Oil of Cinnamon which quickly checks excessive nose-running.

Get a tin of Buckley's Concentrated Capsules today at any drug store only 35c.

These Capsules are unequalled for prompt relief of headaches, neuralgia, periodic pains.

EASILY EXPLAINED

An elderly woman named Martha was famous for her food, especially her apple pie. One evening a guest asked for the recipe. Martha was called.

Beaming, Martha told her secrets. Noting the beautiful scallops around the pie, the guest asked the culinary artist how she contrived to make them so even and symmetrical.

"That's easy", said Martha. "I just use my upper plate."

ITCH CHECKED in a Jiffy —or Money Back

For quick relief from itching caused by eczema, athlete's foot, scabies, pimples and other itching conditions, use pure, cooling, medicated, liquid D. D. D. PRESCRIPTION. Greaseless and stainless. Soothes, comforts and quickly calms intense itching. 35c trial bottle proves it, or money back. Ask your druggist today for D. D. D. PRESCRIPTION.

Should Be Dignified

Steps Being Taken To Make Attaining Citizenship An Impressive Ceremony

The Family Herald and Weekly Star says: Speaking at Granby, Que., a short time ago, the Hon. Paul Martin, Secretary of State, said that a Canadian citizenship week would be observed throughout Canada from Jan. 5 to 11 next year.

This may not convey much to many Canadians, but it will mean a great deal to others. Mr. Martin is the first Secretary of State to appreciate the fact that our present system of admitting aliens to the honor of Canadian citizenship usually lacks much in dignity and impressiveness.

Many readers, born elsewhere than in Canada, have become Canadian citizens by the honorable process of naturalization. In our experience, few of them can look back to the moment when they became "Canadians" with any sense that their neighbors and their community realized the fine and important step being taken as they themselves probably realized it in their own hearts.

Too often the ceremony—if there was any ceremony, has been skimpy, shabby, hurried, and without dignity. It is Mr. Martin's wise intention to change this. He is taking steps to provide a more impressive ceremony for this all-important change in the life of a new Canadian. He wants to give it the kind of solemnity, dignity and beauty which pertains to a church wedding and prevent it from being the hurried, gabbled, dingy process so often seen in a marriage before the registrar.

In this endeavor, every good Canadian should help. Canadian citizenship is a proud thing. It is an honor, a privilege, and it entails many duties as well as rights. Nothing should be left undone to welcome these new Canadians to their new privileges and duties in a manner which suits the importance of the occasion, both from the point of view of the new citizen and of the community into which he is being accepted.

Mr. Martin's suggestion and administration may do much towards this end. But it is the community, with the neighbors, the municipal officials and the local organizations which can really make the birthday of a new Canadian something to be remembered all his life and a contribution to the self-respecting patriotism of all Canadians new and old.

BELATED DECORATION

Recommended 60 years ago in the 1885 Sudan campaign for the Meritorious Service Medal, Capt. J. E. Brown, Carisbrooke, Isle of Wight, 90, has finally received his decoration.

The first motorist to be fined for speeding paid $10 for driving 10 miles an hour.

Price Control And Rationing Information

Q.—How can I obtain the correct purchase price for fuelwood? I believe that our dealer is charging over the ceiling for fuelwood.

A.—All types of fuelwood are still under price regulations and all licensed fuelwood dealers are in possession of up-to-date schedules listing ceiling prices on all varieties of wood and must keep these schedules posted prominently in their places of business. If you wish, you can check fuelwood prices by contacting the nearest office of the Wartime Prices and Trade Board.

—o—

Q.—Are there still coupons in ration book 5 valid?

A.—Sugar-preserves coupons in ration book 5 S1 to S25 are still valid. These coupons will be declared invalid on December 31st and coupon book five will then be of no further use.

—o—

Q.—What dates do we obtain butter in the month of December?

A.—Ration coupons for the purchase of butter in the month of December become valid on December 5, 12 and 26, the coupons being B34, B35 and B36 respectively. On December 31 butter ration coupons B29 to B34 will be declared invalid.

—o—

Q.—What are the numbers of the meat coupons in ration book six that will expire on December 31?

A.—Meat coupons M56 to M63 will expire on December 31.

—o—

Please send your questions or your request for the pamphlet "Consumers' News" or the Blue Book in which you keep track of your ceiling prices, mentioning the name of this paper to the nearest Wartime Prices and Trade Board office in your province.

SMILE AWHILE

The colored preacher called all his flock together and before he started preaching he said.

"Brothers and sisters, you know Ah's been preaching to this congregation for about fo' years now, and every year at hog-killing time, all Ah gets is pigs feet and mo' pigs feet. Now Ah'm goin' to tell you folks som'tin; if Ah preaches to this congregation any longer, Ah simply has got to eat higher up on dat hog!"

• • • •

"Who's the swell man you was just talkin to?" asked Tony, the [illegible].

"Aw, him and me's worked together for years," answered Mickey, the newsboy. "He's the editor of one of me papers."

• • •

Laborer—I dug this hole where I was told to, and began to put the dirt back like I was supposed to. But all the dirt won't go in. What'll I do?

The supervisor pondered, and then said: "I have it. There's only one thing to do. You'll have to dig the hole deeper."

• • • •

Master of House: "Why did you tell your mistress what time I came home last night after I had told you to be quiet about it?"

Maid: "I didn't, sir. She asked me what time it was, and I told her I was too busy getting breakfast to notice."

• • • •

"I want some arsenic for my mother-in-law."

"Have you a doctor's prescription?"

"No—but here's a photograph of her."

• • • •

Catty Friend—Are you sure your husband really goes hunting on those hunting trips he's always taking?

Woman—Oh, yes, absolutely.

Catty Friend—But he so rarely brings any game home.

Woman—My dear, that's what makes me certain that he really goes!

• • • •

His great love made the young man very eloquent.

"You are the most beautiful girl I have ever seen," he murmured. "I long to hold you in my arms, to kiss your lips, your eyes, to whisper in your ear 'I love you!' I ..."

But the businesslike young lady cut him short.

"Well," she suggested, "I suppose it can be arranged."

• • • •

Teacher—Do we eat the flesh of the whale?

Scholar—Yes, ma'am.

Teacher—And what do we do with the bones?

Scholar—We leave them on the side of our plate, miss.

TAKEN FROM NATURE

Supplies were dropped to fighters during World War II in containers copied from the design of maple seeds, and the containers spiraled to earth in the same manner that the maple seed wings its way to earth in spring.

INJURED IN PLANE CRASH—Seventeen passengers and Stewardess Betty Dobson, 25, of Chicago, shown here, were injured in the crash of a United Airlines plane which killed the pilot and co-pilot at Cleveland airport.

To Use Jet Planes

Royal Air Force To Equip Fighter Squadrons

LONDON.—The day of the fighter plane powered by the gasoline reciprocating engine is gone and the R.A.F. will equip all its line and reserve fighter squadrons with jet aircraft as soon as they can be manufactured, an official source told the British United Press.

No more models of the famed Spitfire will be designed, according to the manufacturers. Its place in the forefront of the world's fighting will be taken by De Haviland Vampires, Gloster Meteors, and their successors and competitors now being designed or built, air authorities said.

HOW TO RELIEVE PILE TORTURE QUICKLY AND EASILY

If you are troubled with itching piles or rectal soreness, do not delay treatment and run the risk of letting this condition become chronic. Any itching or soreness or painful passage of stool is nature's warning and proper treatment should be secured at once.

For this purpose get a package of Hem-Roid from any druggist and use as directed. This formula which is used internally is a small, easy to take tablet, will quickly relieve the itching and soreness and aid in healing the sore tender spots. Hem-Roid is pleasant to use, is highly recommended and it seems the height of folly for any one to risk a painful and chronic pile condition when such a fine remedy may be had at such a small cost.

If you try Hem-Roid and are not entirely pleased with the results, your druggist will gladly return your money.

WAR TERRORS MILD COMPARED TO DEER-HUNTING

BURLINGTON, Vt.—Armand Premo, 20-year-old war veteran, is convinced that the terrors of war are mild compared to deer-hunting.

Premo brought home a 250-pound, eight-point deer from the woods in Huntington.

But only after:

He knocked it down with shot from a .22 calibre rifle, threw away his gun and mounted the deer, rode it bareback for 65 feet as it bucked wildly, and slashed it 15 times with a hunting knife before the buck dropped in its tracks.

The bullet wound was superficial. Premo grinned and said:

"I guess I was a little excited."

If Your Nose Fills Up— Spoils Sleep Tonight

Surprisingly fast, Va-tro-nol works right where trouble is to open up your clogged nose—relieve stuffy transient congestion. You'll like the way it brings relief. (NOTE: Va-tro-nol is also good for relieving sniffly, sneezy distress of head colds.) Follow directions in folder.

Farm Wife Worth More Than City Girl

Editor Of Farm Journal Gives Her Reasons

CHICAGO.—A farm wife is worth more to her husband than a glamorized city housewife, a woman editor said.

A farmer's wife is worth $69,000 to her husband during her lifetime. A city wife is worth much, much less—how much less, the editor didn't say.

Gertrude Dieken, editor of the Farmer's Wife Section of Farm Journal, Philadelphia, made the estimate.

She said economists had arrived at $69,000 after a 13-week study of farm wives and their work. Nobody has even bothered to compute a city housewife's value to her spouse, in monetary terms.

"A city wife is worth a lot less," Miss Dieken said.

"A farmer and his wife are in partnership," she said. "They are together most of the time and they work together all day long.

"But in the cities, wives never see their husbands from breakfast to dinner. They don't know what's going on at the office and they don't share in the business." The study showed that a typical dairy farm housewife washed 1,509 pounds of clothes, carried four and three-quarters tons of water and spent 57 hours in her laundry during a 13-week period.

GEMS OF THOUGHT

HIGHER JOYS

Joy is an elation of spirit—of a spirit which trusts in the goodness and truth of its own possessions.—Seneca.

Who bathes in worldly joys, swims in a world of fears.—Phineas Fletcher.

Be faithful over home relations, they lead to higher joys: obey the Golden Rule for human life, and it will spare you much bitterness.—Mary Baker Eddy.

Tranquil pleasures last the longest; we are not fitted to bear long the burden of great joys.—Bovee.

Great joy, especially after a sudden change of circumstances, is apt to be silent, and dwells rather in the heart than on the tongue.—Fielding.

The most profound joy has more of gravity than of gaiety in it.—Montaigne.

The use of postal cards was first suggested in 1865 by the director of the Royal Prussian Post.

Veteran To Bicycle Family 4,000 Miles

To Use Novel Contraption Of Two Machines Welded Together

TAMPA, Fla.—A novel contraption, two bicycles welded together, was being made ready by a Canadian war veteran to transport his wife and three children on a 4,000-mile journey from Tampa to Seattle.

Robert K. Parker, 42, whose lungs were burned when his tank exploded while he was serving with the Canadian Army in France, hopes to make the trip in three months.

While he pedals one bicycle, his wife, Mrs. Emma Parker, 32, formerly a waitress at a Seattle hotel, will ride the other. Two children, Vonnell, their 20-months-old daughter, and the baby boy, Dwight, eight months old, will be carried in a wooden box suspended between the two bicycles. The oldest boy, Dickie, 7, will ride a padded seat in back of the box.

Their suitcases and other belongings will be hung from various parts of the vehicle.

The family came from Seattle to Winter Haven by automobile last month to visit his father, Lawrence P. Parker. Unable to find a place for the five of them in Winter Haven, they tried unsuccessfully to find permanent lodgings in Dade County, where Mr. Parker obtained work in a citrus plant, and in Tampa.

Temporary accommodation was provided at the servicemen's hotel here. Then they ran out of money and sold their car.

Finally Mrs. Parker got the idea of using two bicycles for conveyance back home to Seattle.

Mr. Parker said they planned to leave as soon as he receives his monthly disability pension from the Canadian government.

—S. C. Acheson, who is the instructor in charge of Farm Mechanics work at the Vermilion school of agriculture. A graduate of the University of Manitoba, where he majored in Agricultural Engineering, Mr. Acheson holds an Advanced Specialist's Certificate as a shop instructor and has served on the staff of the Raymond agriculture school and of the Edmonton Technical school. He comes to Vermilion after three years employment on a special wartime project in British Guiana for the Aluminum Co. of Canada.

Celebrate Fortieth Wedding Anniversary

On November 17th Mr. and Mrs. J. E. Wilson Ford of Vermilion celebrated their 40th wedding anniversary quietly at home with their family.

Mr. and Mrs. Ford were both born in Nova Scotia, and were married in the same province. They came west in 1911 and homesteaded in the Tolland district where they farmed until two years ago when they retired to live in Vermilion.

MILITARY NOTES

"A" Company, The Loyal Edmonton Regiment, will parade Wed., Dec. 4th at 19:30 hours at the armories. Battledress, belts and anklets will be worn. All members and persons interested in joining the unit are requested to attend.

New recruits are J. L. Hutchinson, E. J. Poe, R. A. Barnett, M. Haskell, G. R. Webb, C. W. Stephen, J. Klebowsky.

Local News of Interest

Mr. and Mrs. W. Gordon Williams announce the engagement of their elder daughter Noreen, to Mr. Cecil Grant Hetherington, son of Mrs. A.M. Hetherington and the late Mr. Hetherington. The marriage will take place Saturday Dec. 7 in St. Saviour's church, Vermilion.

Mr. and Mrs. Charles David Buchanan announce the engagement of their second daughter, Jean Olive, to Mr. Phillip Swehla, formerly of Saskatchewan. A quiet wedding will take place in the near future.

Mrs. A. C. Linsdell who has spent the past eight months visiting her sister and brother-in-law Dr and Mrs. E. N. East at Victoria, B.C., will return to her home here this week end.

Frank Eyben took delivery of a 1947 model Buick from the local agents Rowe and Spencer early this week and is now driving the beautiful machine. This is the first post-war Buick in the district. Rowe and Spencer also delivered a new Pontiac coupe to Geo. Maxwell.

Mrs. Robert Fair of Paradise Valley spent last Thursday evening visiting Miss M. Knapp of the local high school staff. Mr. Fair, M.P., addressed a public meeting in Vermilion that evening.

A. R. Kaiser is a business visitor to Calgary this Thursday and Friday.

Mr. and Mrs. J. R. Robson were Edmonton visitors Monday and Tuesday making use of the new Canadian National train service.

Indicating continued interest in Vermilion Mr. and Mrs. C. L. Whitby are taking no chances of missing an issue of the Standard and send along their sub for another couple of years. "Whit" says that he had a fishing trip all planned for the morning following the writing of the letter but that as it had started to snow in the meantime he was trying his best to call it off—starting time of the fishing trip was 5 a.m. He does add that up to that time they had been experiencing real Alberta weather with bright sunshiny days. Mr. Whitby hints that he plans to spend a short time around about Christmas in this part of Alberta.

Bob Watt, starry centre of Vermilion Tigers of last year, is making quite a mark playing for the Junior Canadians in Edmonton. Bob is notching goals quite regularly and seems headed for a permanent position on the first string.

Darwin Houston of Edmonton was a visitor to Vermilion and Islay for a few days last week. Although Darwin is still driving his 1928 model Hupmobile, he is right up-to-the-minute in style, having no back seat cushion. Darwin left his car parked outside of an Edmonton business house for a few minutes prior to coming to Vermilion, and when he returned the rear seat cushion was missing. As a result all owners of a certain popular make of car, sold without rear seat cushions, are under suspicion.

ALLANDALE

A dance will be held at Allandale school Dec. 6th. Clandonald orchestra. Proceeds for Christmas concert. 30

Prompt service, no waiting at Lloyd Harris' Barber Shop, two barbers for your convenience. Miss Horbatter in charge of the Beauty parlor. 26tf

Check Books from the STANDARD

Rev. and Mrs. F. A. Phillips arrived last week from Wimborne, Alta., to take over the work of the Christian and Missionary Alliance at Vermilion. Mr. Phillipps formerly held pastorates at Gleichen, Calgary and Red Deer.

Mrs. Gordon Park left via Canadian National last Sunday morning for Ontario where she will spend the next month visiting relatives and friends at Chatham and Windsor.

Mr. and Mrs. Harry Marfleet have gone to British Columbia where they will spend the winter months visiting at the homes of their two sons Charlie and Ken and their daughter Lillian.

Mr. and Mrs. Frank Pilkie left last Saturday for Toronto where they will holiday for two weeks visiting the former's brother Charlie Pilkie. Mr. and Mrs. Frank Pilkie now reside in Edmonton.

Mr. and Mrs. Howard Byers and children, Mr. and Mrs. Eddie Donald of Edmonton were guests at the home of Mr. and Mrs. W. Lyle Robinson on Sunday.

Mrs. Charlie Armstrong who has been living at Windsor, Ont., for the past few years visited in Vermilion last week on her way to the home of her daughter Mrs. L. V. Mead, at Sierra Madre, California, and with whom she expects to reside in future.

Mrs. Henry Eyben returned from Edmonton Friday evening after spending a very enjoyable week there visiting her daughter and son-in-law, Mr. and Mrs. John Taylor.

Mrs. C. Spornitz and daughter Paula left Wednesday for Winfield, Alberta, to spend a few days visiting Mrs. Spornitz' mother. They will then join Mr. Spornitz at the town of Athabasca where they will make their future home. Mr. Spornitz is in charge of the natural gas distribution system recently installed in Athabasca.

ANNOUNCEMENT

Miss Mary Chessick announces the opening of her Beauty Parlor in the former tailor shop on Main street on Monday, Dec. 2nd. Phone 319. 30

CARD OF THANKS

We wish to extend our sincere thanks for the kindness, help and sympathy extended to us during our recent bereavement, and for the floral tributes.

WEDDING BELLS

JENKINS—CUNNINGHAM

A pretty wedding was solemnized at the United church, Vermilion, on Thursday November 21st at 2:30 o'clock in the afternoon when Miss Eva Cunningham became the bride of Richard Jenkins son of Mr. and Mrs. D. Jenkins of Vermilion. The Rev. F. S. Redkie officiated. Mrs. A. M. West presided at the organ.

The bride was becomingly attired in a floor-length dress of white satin, with shoulder-length veil and carried a bouquet of carnations, roses and baby breath. The matron-of-honor Mrs E. Williams wore a dress of ice blue taffeta in floor-length and a shoulder-length veil. Her corsage was of carnations and roses.

Attending the groom was Mr. E. Williams while Mr. George Martin gave the bride away.

Mrs Jenkins, mother of the groom, was dressed in a rose crepe dress of street length.

Following the ceremony a reception was held at the home of the groom's parents when supper was served to the guests. Decorations were of pink and white streamers with a lovely three-tiered wedding cake centering the table. Assisting in serving were Mrs. Jenkins Sr., Mrs. Strange and Mrs Richardson. The guests were Mr and Mrs. E. Williams, Mr. and Mrs D. Moses, Mr. and Mrs. T. Sherwood, Mrs. Richardson and son, Mrs Strang and Harry, Mr. and Mrs L. Playne, Mr. and Mrs. F. Playne and Larry, Jack Hawley, Mr and Mrs. G. Martin, Mrs. Perkins and two children, Mr and Mrs. Robinson and Margaret.

The happy young couple will make their home in the new house just built on the Jenkins' farm. The very best wishes for a long and happily married life are extended to them.

U.Y.P.S.

United Church Young Peoples' society met Sunday Nov. 17 in the church parlors following the evening worship.

Captain William Carey opened the meeting by giving a short prayer. Secretary Miss Evelyn Johansson read the minutes of the last meeting. A sing-song followed with Miss Kay Procter giving great support at the piano.

We would like to thank Mrs. Eley and Mrs. Hill who so generously supplied the lunch.

Lieutenant Robert D. McKerracher closed the meeting with the Benediction.

At our next meeting on Sunday Dec. 1, we hope to be able to welcome the college students.

Again we extend an invitation to all the young people of 16 years and over to come to U.Y.P.S. so please keep in mind the date, Sunday Dec. 1st.

Stagette Notes

The regular meeting of Stagettes was held in the Club room on Nov 25.

Saturday, Nov. 30th the Stagettes will tag downtown for the Red Shield campaign of the Salvation Army, so be on hand folks when the girls make [illegible].

After the business session the remainder of the evening was spent in making Cool-port pies, under Lucy's capable leadership. It took awhile to get the "feel" of the dough, but after a few attempts some very nice specimens were made, adding to the flora already classified. Anyway, we're right proud of our efforts aren't we girls? Yes, even Olga's—after all she did keep the dough well kneaded and we'll have to admit her cherries were a tribute to the art.

Boy Scout & Cub Notes

The Booster club has now a considerable sum of money collected through sales of memberships and the committee is grateful for all the support given by the citizens.

The monthly contest for October in the Wolf Cubs was won by the Grey six headed by Sixer John Stewart. Again full support is asked of parents of the boys to help them with their work at home.

Golf Club Notes

The members of the Golf club wish to thank all who patronized their first annual dance on Nov. 19th and made it a financial success.

The campaign to raise funds for purchase of the land for the new golf course is proceeding satisfactorily and it is assured that the committee will have the required amount in the near future. We can assure everyone that Vermilion will have an A1 golf course next year and continued support is necessary to make it so.

Original Member Is Honored By The Pastime Club

The Vermilion Pastime club tendered Gordon Anderson of Seattle, Wash., and his son Dr. Telford Anderson a complimentary dinner at the Boston cafe on Thursday evening of last week. Mr. Anderson is one of the original members and he got a very warm welcome from the club. Manager Karpey provided a menu that would do honor to any catering establishment. It drew praise from all present and needless to add was most thoroughly enjoyed. After the dinner and the usual half hour spent in going over old times in Vermilion of some 25 or 30 years ago, the members were guests of W. P. Pilkie at the Columbia theatre. A pleasant event of the evening was the admission of Dr. Telford as an honorary member of the Club and for which he expressed deep appreciation and said he would always carry with him pleasant thoughts of his visit to Vermilion. The President, Mr. H. P. Long, presided at the delightful function. Mr. Anderson and Mr. Telford left Monday evening for their home in Seattle.

Incidentally in the report of the annual meeting of this Club last week Mr. Harry Compton was mentioned as being elected vice-president; this should have been Andrew McWilliams instead.

You carry least weight when you start to throw your weight around.

Prospects for Hockey Team Appear Bright

Opening Home Game Wed., Dec. 11

TIGERS AT VEG. SATURDAY

[illegible]

Railbirds who have been turning out to see the Tigers practise are getting the surprise of their lives these days. Crepe hangers would have it that all our hockey talent had left town during the summer but the practices have effectively denied that rumor and there are no less than 18 aspirants giving a very good account of themselves at the work outs under the watchful eyes of Coach Art Wiebe and his assistant Fred Brimacombe.

It's true that several stars of last year's champion squad are missing, but there are a good many newcomers, as well as some former players of considerable ability in there battling for positions. Add to this some very ambitious and energetic youngsters, a star coach like Art Wiebe, and a good club executive — page Manager Sandy Watt and Secretary Tom Stack and the other boys—and you have all the requisites of a first class hockey aggregation.

To get down to hard facts though, Buster Martin, the best goalie in the league, is back there between the gas pipes. He has for an understudy this season, Gordon Arnold, getting his eye back after a 7-year-lay-off. Last year lack of defencemen proved a problem, not so now. Coach Wiebe has the pick of four experienced and husky rear guards. These are Stan Manyluk, Stan and Cheo Waldenberger, both getting into shape after three year lay-offs, Ken Beaton, big newcomer from North Battleford. Fred Brimacombe, out with an injured big toe, recently operated on, expects to be in uniform before the end of the year. With this squad the defence will be well taken care of.

Up in front there are about a half dozen promising youngsters and a like number of seasoned players. In the latter group are Les Williams, Doug Brimacombe, Frank Donald, Les Kreller and Jim Fisk. Three newcomers who will also do a lot to make fans forget stars of formers years are Jack Thorburn, speedy teacher from Edmonton, Hank Reiger and Jim Roxborough of the V.S.A. Then Brent Macnab Jr., Bob Rowe and Dean Caskey are all in there with plenty of youthful energy and ambition. While we don't want to raise hopes too high there is still some chance of both Bob Watt and Ray Spencer returning to Vermilion for the winter.

All this seems to add up to another cup winning Tiger club for 1946-47

FIRST HOME GAME DEC. 11

Vermilion fans will get their first look at the Tigers in action on Wednesday next, Dec. 11 when Lloydminster's newly named Huskies show their wares here. Vermilion goes to Vegreville on Saturday, Dec. 7th

Gould-Shaw Nuptials

AT ST. SAVIOUR'S CHURCH

Baskets of chrysanthemums decorated the St. Saviour's church, Vermilion, for the wedding on Monday November 25th at 4 p.m. of Doreen May Shaw, youngest daughter of Mr and Mrs. John Shaw of Vermilion and Gordon Nelson Gould, son of Mr. and Mrs. A. P. Gould of Islay.

Ven. W. Leversedge performed the ceremony.

Given in marriage by her father, the bride wore a tailored suit of blue wool gabardine, with pale pink accessories, a corsage of pink rose buds and baby mums. Her only jewelry was a pair of gold earrings, a gift from the groom.

Attending the bride as matron of honor, Mrs Dick Bootsman, sister of the bride, chose a wool grey dress maker suit, with navy accessories, and wore a corsage of deep rose carnations and rose buds.

Mr Lloyd Gould was his brother's attendant, with Mr Kenneth Shaw and Mr. Lawrence Gould as ushers.

The wedding music was played by Mrs Keith Inman, sister of the groom and during the signing of the register Mr Keith Inman sang "Always".

Mrs. John Shaw chose for her daughter's wedding a dress of deep rose alpaca weave rayon with matching corsage of roses and carnations, and Mrs Gould, the bridegroom's mother wore a black crepe dress with a corsage of red baby mums.

After the ceremony a wedding supper was served at George's Lower Lunch for 26 relatives of the bride and groom, where the bride's table was centred with a three-tiered wedding cake, flanked with vases of fuschia chrysanthemums.

Ven. W. Leversedge proposed the bridal toast to which the groom responded graciously.

Later a reception dance was held in the Islay hall where a large crowd of Islay and Vermilion friends gathered for a social evening. The happy couple then left for a honeymoon at North Battleford.

LLOYD WINS LEAGUE OPENER

Lloydminster Huskies won the opener of the Eastern Alberta Hockey league on their home ice in a closely contested game against Vegreville Wednesday night by a score of 4-3. Vegreville's team is every bit as good as last season while Lloydminster have at least two outstanding newcomers on their roster. See Lloydminster in action at Vermilion next Wednesday Dec. 11.

BORN To Mr. and Mrs. Walter Trout of Clandonald, Alta. on Nov. 27th 1946 a son (Lester).

Vermilion Flour Shipped All Over World

Flour from the Vermilion flour mill of W. R. Wiebe is being shipped all over the world and since Dec 27, 1945 when the first car was loaded from the new mill, no less than 54 cars of flour have gone from Vermilion to various parts of the globe. 7 cars have gone to Shanghai in China, 2 to Hong Kong, 1 to Taku Bar, also in China, 2 to Brazil and 42 to the United Kingdom. In addition to the flour, 8 carloads of feed have been shipped to St. John N.B. where it is processed and exported.

Carloads to the east contain 800 one hundred pound bags, while cars shipped west contain 560 one hundred and forty pound bags.

At the present time Mr. Wiebe has orders on hand for 4000 bags for China; 2800 for United Kingdom; 1600 for the Phillipines. Besides this many orders have had to be refused, some for as many as 100,000 bags of flour.

Flour bags are impossible to obtain at present and is the big bottle-neck in the milling industry. Strikes in India caused a shortage of jute, while strikes in the States held up [illegible].

It is interesting to note that Mr. Wiebe is the pioneer miller in the industry in the west today and that he is Honorary President of the Western Millers Association.

FUNERAL OF WILLIAM CLELAND

The funeral of William Cleland who passed away Wednesday, December 4th will be held Friday, December 6th at 2 o'clock in the afternoon at the Auburndale church.

Skating Schedule Is Same as Last Year

Skating and hockey schedule for the arena rink has not been quite completed but will be much the same as last year. This means skating on Sunday 2:30 to 4:30; Monday 8 to 10; Tuesday 4:30 to 5:30 and 8 to 10; Wednesday 2 to 5; Thursday 4:30 to 5:30, 8 to 10; Friday 7.30 to 10; Saturday 2 to 4.

Skating Saturday night if no hockey games scheduled.

Complete schedule containing all hockey and skating hours will appear in your Standard next week.

Plans Made For Inter-High School Hockey League

PLAYED IN TWO SECTIONS

On Saturday morning, Nov. 30th a high school hockey meeting was held at Wainwright. Vermilion high school represented by Bob Reed and Jack [illegible].

At the meeting it was decided that the high schools in this district should form two hockey leagues: The South League, including Wainwright, Irma and Viking; and the North League, including Vermilion, Lloydminster and Vegreville. In February a play-off between the top two teams of the leagues will be arranged.

The players on every team will be given the opportunity of registering with the Alberta Amateur Hockey Association. Players doing so will be presented with an Amateur card and a personal record of each player will be filed in Maple Leaf Gardens, Toronto, for the use of hockey scouts who wish to enquire of a particular player. The advancement of each player with such a record on file, will be recorded from time to time on his record. The registering of all players also leaves the High School Hockey league clear to let their teams compete in open competition, and also to ask, if necessary, the Alberta Hockey Association for financial assistance.

It is hoped that play in the North league will commence at least by the beginning of the new year.

Door-to-Door Sale Of Seals Banned

Warning against unauthorized persons selling Christmas seals was issued Wednesday by the Alberta Tuberculosis association.

The association said it had received reports that unauthorized persons were selling the seals in a door to door canvass and keeping money intended to carry on the fight against the disease.

Officials ask householders to receive the seals only through the mails and asked them to return the mail donations in envelopes provided for the purpose. It asked the public to report immediately any seal-selling activities by unauthorized persons.

"GREEN ACRES"

HEREFORD MEETING

On Monday, Dec. 9 district Hereford breeders will meet at the school of agriculture. The banquet commences at 6.30. J. S. Palmer and D. A. Andrew, President and Secretary of the Canadian Hereford Breeders will be the speakers. All farmers interested in Hereford cattle are welcome. Make reservations with your D.A.

CHRISTMAS RECIPES

"Christmas Greetings" is a new leaflet with a host of tested Xmas recipes which are sugar and shortening conscious. It is published by the Home Economics service of the Provincial Dept. of Agriculture and is available from your D.A.

I.O.D.E. LIBRARY MOVED — RINK CARETAKER APPOINTED

The regular meeting of the town council was held Dec. 2 with Mayor Morrison and Crs. Beale, Bushell, Ewen, Kehoe, Park, Stephens in attendance. Mr. H. J. Payne reported on Public Works for November and recommended storing of rink sash to eliminate breakages.

The following motions carried:

That Council approve the proposed lease of Legion hall to M.D. Vermilion River.

That Mrs A. Cameron be granted lunch room concession at the arena rink for the 1946-47 season for the sum of $35 for skating and hockey nights only and Sundays.

That the Vermilion Golf club be given a grant of $100.

Re Plan 4326ET to go on sale as follows: Lot 9, $275; Lots 1, 2, 14 and A at $250 and all other lots at $200. New houses only to be allowed. Minimum dimensions 24ft by 20ft. Regular conditional sale agreement to apply.

That permission be granted to the Ladies' Auxiliary of the Legion to use the town hall basement room until such time as they are accommodated in a permanent meeting room.

That I.O.D.E. be given permission to use the basement of the fire hall for library purposes.

That notice of termination as supervisor of public works be given to H.J. Payne as from this date.

That tender of Williams and Hetherington for caretaking of arena rink be accepted at $116 per month.

That E. Fry be allowed $35 per month for four months for additional help from Dec. 1, 1946.

That the following building permits be approved: H. Allen, garage Lot 20 Blk. 19, $200, Gas and Oil Products Ltd. garage and service station, Lots 4-9, Blk 22, $7500, Mr. Hodgson, residence Lot 3, Blk 26 $2500, R. C. Schurman residence, Lot 12 Blk 27 [illegible]

That the following lot be sold under conditional sale terms to Mr. [illegible] Lot [illegible] Blk 26 $25.

That town and E.I. [illegible] accounts be passed and ordered paid, same having been certified by the Finance Committee.

By-law 1946 closing lane in Blk 6 between Lots 11, 12, 13, for the purpose of utilizing this area for water storage reservoir was given first [illegible] section 223 of Town and Village Act.

Agricultural Society Annual Meeting Dec. 7

The annual meeting of the Vermilion Agricultural society will be held in the Fire hall on Saturday Dec. 7th at 2:30 o'clock in the afternoon.

The affairs of the society and activities for the past year will be reviewed. Everyone is invited to attend.

Toronto Fair Winner Is Guest of B. of T.

W. E. "Bill" Cross, who won first prize with his market type Angus steer at the Toronto Royal show, was the guest of honor at the Board of Trade luncheon meeting Wednesday. Bill gave a short resume of what he considered the highlights of the show and added that he had purchased while there a highly pedigreed Angus bull as his herd sire.

The president E. M. Stewart was in the chair and there were 40 business men present at the meeting. Among the newcomers welcomed was Mr. Reg Ambler who with his brother Pat have recently purchased the Duncan Implement business, Mr. Alex Katz who has been in Edmonton and Mr. J. Anderson of Viking.

Several interesting points were discussed regarding scholarships for the local high school.

I.O.D.E. Library Moved

The Library of the I.O.D.E. was moved on Wednesday to a basement room of the Town hall. This room was recently renovated when it was decided to lodge the library there. The members of the organization looked after arranging the books while the town team did the hauling. Melvin Hill, Frank Davies, Russell Carroll and others assisted in the moving. The library which is in charge of Mrs. Carroll will be open for business there "as usual" on Saturday afternoon.

Jerry Ambler Is World's Champion Bucking Horse Rider

FORMER MANNVILLE MAN

It is interesting to note that Jerry Ambler, a brother of Reg and Pat Ambler who have purchased the Duncan and Waldon implement business, recently won the World's championship for bucking horse riding at Madison Square Gardens in New York. Jerry won the same title back in 1941. He has won the Canadian championship for riding bucking horses numerous times repeating the performance at the Calgary stampede [illegible].

W.B. MIX ADDS NEW EQUIPMENT

W. B. Mix has purchased a General Motors 5-ton tandem truck and tandem trailer capable of carrying a load up to 50 tons and equipped with a 50 ton winch. Bill figures this should just about take care of any load in the Vermilion district.

ISLAY

The C.G.I.T. will hold a Vesper service Sunday, Dec. 15 in the church at 3 p.m. There is a special program for this. Everyone in the community is invited by the C.G.I.T. to attend.

Mrs. J. T. Fyfe had the misfortune to fall and break her wrist on Tuesday.

Mrs. T. Bothwell spent the week end in Vermilion and was accompanied home by Mrs. Sidney Millward and son Donald who have arrived from [illegible] for Christmas.

It is thought the new school will be in operation after the Xmas holidays. Here is hoping, say the teachers.

The new train service is wonderful. It is being well patronized by Islay folk. Seen going Monday at 7:30 were Mr. and Mrs. Jim Allan, Miss Margaret Martin, Mr. Waterfield, the Misses Olds, the Misses McFadyen.

Friday last saw a successful Novelty dance sponsored by the Club. Some of the young folk are still chuckling. The prize for a jitterbug dance was carried off by Miss Mary Woronuk and Mr. Ralph Anderson. A square dance won by Vic Torrance and Mrs. Ott, an elimination dance left Romeo and Juliet on the floor(Marvin Gould and Mrs. Denise Riedwig. There are a few of the many novelyt dances and a very happy time was had.

Skating will be ready in the very [illegible].

Natural Gas Turned On At Athabaska

IN CHARGE OF VERMILION MAN

Natural gas for the town of Athabasca was turned on last Saturday when a real occasion was made of the event in the northern town. The company which holds the franchise is headed by Charlie Withers who is well known as an operator in the local oil field and Walter Thorne, interested in the local gas franchise and oil development.

In charge of the Athabasca town system is none other than Chester Spornitz who has made the family home in Vermilion for several years past. He now has a house at Athabasca and Mrs. Spornitz and Paula left Wednesday to join him there.

THE STANDARD
VERMILION - - ALBERTA
ESTABLISHED 1906
Published Every Thursday Afternoon At the Office, Main St.
S. R. P. COOPER — PUBLISHER

Vermilion, Alta., December 5, 1946.

The average cost of a case of tuberculosis, including loss of wages, clinic service and hospital care, is approximately $5,200. This is a luxury no one can afford. Buy Christmas Seals and help stamp out this disease.

When all available space in the Standard was filled a check-over of news material not yet set to type revealed that Islay hospital board meeting minutes, Chatsworth Chatter, the board of trade notes, school attendance news, and several miscellaneous items, would have to be held until next week.

Teamwork by amateurs can accomplish what even experts hesitate to tackle.

THE WEATHER . . .
Mild winter weather has prevailed all week and forecasts hold out the hope that it will continue. Temperatures have slipped down a little lower at night than most people would imagine the low being 14.1 below on Nov. 29. High readings have been 15.8, practically every day registering right around that mark. Snowfall has been a mere skiff.

Wildmere Winks

Say folks, here's an item that should have appeared [illegible] but the writer didn't hear about it until last Saturday. The Welfare Workers are holding their annual dance and bazaar at Wildmere school on Friday Dec. 6th. Please keep this date in mind and attend the dance Dec 6th.

Billie Smith and Cliff Cruthers drove to Edmonton on Friday to meet Mrs. Smith who was coming back from Calgary. They returned home on Monday of this week.

SAILS FOR ENGLAND
Mrs. Rendell of Triangle is on her way to England. She sailed from New York on the Queen Elizabeth on Nov. 29th. Mrs. Mattoo (nee Evelyn Howard) of Brooklyn, N.Y. read in the Winks that Mrs. Rendell was to sail from New York and so wrote to her offering to help in any way should Mrs. Rendell be spending any time in the big city. We think that was very nice of Evelyn.

Congrats, even if a little late to Mr. and Mrs. Arthur of Auburndale for a long happily married life.

Mr. Fred Arthur and son Melvin of Auburndale were at the writer's to get some Buff roosters recently.

Mr. and Mrs. Frank Gibson and Mary of Hazelwood spent Friday night at the J. Wilson home in Wildmere.

A bee was held to get the curling rink into shape so the winter sport could be enjoyed again. Owing to some being busy and others being away not a very large crowd turned out.

J. Wallington intends leaving this week for Nelson B.C. to see his aged mother who has been sick quite a lot this past summer. On his return he hopes to visit Geo. Bonnechan's at Creston, B.C. and Mrs. Graham at the Calgary end. His sister Mrs. Summers of Darwell is to meet him in Edmonton and will go with him.

Guy Whitlock helped J. Wallington clean grain with the cleaner on Monday.

Another why mother's get grey story —A young toddler was caught eating scraps out of the slop pail; and two very little boys wandering to a neighbors on their own accord.

Funniest thing heard: A soldier and a school girl chatting about travelling. Said the soldier, "Why you can go to any place in the world from Vermilion, don't you know Vermilion is the gateway to Dewberry."

Remember the dance at Wildmere on Friday, Dec. 6th.

Proclamation

WHEREAS Christmas 1946, is the 39th Canada-wide sale of Tuberculosis Christmas Seals and

WHEREAS Tuberculosis is one of the most persistent enemies of our times—killing one person every 90 minutes in Canada alone and causing the death of more men and women between 15 and 45 than any other disease and

WHEREAS In Canada during 1945 more than 5,000 of our most promising citizens died of this disease and

WHEREAS The Alberta Tuberculosis Association and Christmas Seal Committees are waging an intelligent and effective battle against this disease in our community

THEREFORE, I, John W. G. Morrison, Mayor of the Town of Vermilion, do hereby earnestly urge all good citizens of this community to observe the 39th nation-wide sale of Christmas Seals by whole-heartedly supporting the 1946 Christmas Seal Sale, both buying Seals and using them on all Christmas mail to the end that our community which has not escaped the ravages [illegible] may win early victory over tuberculosis and continued freedom from it

December 2, 1946. J. W. G. Morrison,
MAYOR

Statistics Show That Canadians Spending Plenty

OTTAWA.—Heavy spending engendered by high wartime salaries is continuing in Canada and as yet there is no sign of any let-up, a survey disclosed here.

A Dominion bureau of statistics report on retail sales in September indicated that spending is increasing, possibly as a result of more consumer goods becoming available.

Prices board officials said the report—the latest available—was the best indication of what Canadians were doing with their money.

The officials were commenting on a Sydney, Australia, dispatch which said a spending orgy which came in Australia with the end of the war is petering out and people have become sparing both in their pleasures and domestic purchases.

A source in close touch with the business world said that "Canadians who have it still are spending plenty."

A government official said that while Canadians were spending a lot of money on non-luxury goods they were also paying a good deal for entertaining purposes.

For instance, preliminary figures showed the apparent consumption of alcoholic beverages was 20 per cent higher this year than in 1945.

Despite the expenditures, a chartered bank statement showed savings deposits still are rising. At Sept. 31 the savings on deposit totalled $3,-324,145,000 against $3,465,731,000 at Aug. 31 and $2,934,845,000 at Sept. [illegible].

A report on the sales of Canada savings bonds showed that Canadians purchased close to $460,000,000 worth in the first 30 days after the issues went on sale.

The bureau of statistics report indicated that in September Canadians purchased more of just about everything, except shoes. Retail sales generally were 11 per cent higher, but shoe sales were down two per cent.

The Christmas season is expected to bring a marked increase in retail sales and of spending generally.

WINS NOBEL PEACE PRIZE
Co-winner of the Nobel peace prize is Miss Emily Greene Balch, 79, a frail little woman who is undergoing treatment at the Newton-Wellesley hospital Wellesley, Mass. "This is not an award to me," she said after reading the cable telling her of the honor. "It is an award to the organization in which I worked so long, the Women's International League for Peace and Freedom."

$500,000,000 In Gratuities Paid To Personnel

OTTAWA. — Former members of Canada's fighting forces have drawn around $500,000,000 in gratuities and re-establishment credits, a survey of the services showed.

Close to 1,000,000 men and women have obtained benefits, it was shown, with the army outnumbering the combined totals of the other two branches, both in number of beneficiaries and in the aggregate sum received.

The grand total involved to date—which includes applications already approved but not yet actually paid out—is approximately $576,700,000. This is made up of $492,850,000 in gratuities payable directly to discharged service personnel in cash and another $83,850,000 in re-establishment credits, usuable for the purpose of buying business equipment, household articles or the like.

Besides the total for re-establishment credits, further large sums have been paid out in putting veterans through college or technical training and in aid under the Veterans' Land act. The totals for these were not available.

One-time army members so far have collected about $300,000,000. The total number of cases approved for payment by the army is 588,232. Of these, payment has been made to all but 76,421, and these are being paid off now.

In the navy, 103,300 applicants—including some 6,000 Wrens have qualified for a total of $42,850,000 in gratuities. A navy spokesman said it was expected all applications would be cleaned up by the end of the year except for those serving in the interim force, who would be finished up by about next September.

Former air force personnel have made 226,232 gratuities applications with a total payment of around $150,-000,000.

STUDY NEW PLAN OF GRADING WHEAT

Board Of Grain Commissioners Investigating On Protein Basis

CALGARY.—The board of grain commissioners is investigating the possibility and practicality of grading wheat on a protein basis, Dr. D. A. MacGibbon, assistant commissioner of the board of grain commissioners, told the Alberta wheat pool annual meeting at its opening session here.

D. G. MacKenzie, chairman of the board, is head of the investigating committee, said Dr. MacGibbon.

If protein grading is established, he said, the present system might have to be discarded or the system retained with protein content added as a factor and perhaps new grades specified.

He said the present grading system recognizes protein content to some extent as it specifies a predominance of hard, red, vitreous kernels in the top grades and such wheat is usually high in protein. On the other hand where piebald wheat is present it is penalized and that class of wheat is low in protein.

Grading on a protein basis would be injurious to northern districts, Dr. MacGibbon said, and particularly to northern Alberta.

There would be physical difficulties in operating protein grading and it would be more expensive, Dr. MacGibbon said.

Soil content and rainfall are major factors in determining the protein content of wheat, it was explained.

YOUNG VETERANS

Have Crowded Canadian Universities Anxious To Complete Education

OTTAWA.—Young Canadians who have swapped battle dress for campus garb now number more than the Dominion's whole university student body of pre-war days, it was disclosed.

Scattered in 29 universities from coast to coast, veterans pursuing college courses total 35,000, and the department of veterans' affairs said this number was expected to hit 40,-000 next year as more complete matriculation studies. Included are about 2,000 former servicewomen.

An official estimate said there were about 16,000 veterans in their first year at university, 12,000 in second year, 4,000 in third year and 2,000 in fourth. Another 1,000 are taking post graduate courses. In addition, there are 800 Canadian veterans studying in the United States and 200 in Great Britain with the department's assistance.

Veterans enrolled in the University of Toronto total 9,700, more than one fourth of registration in Canada. Other colleges:

University of British Columbia, Vancouver 4,700; McGill, Montreal - 3,300; University of Manitoba, Winnipeg 2,900; University of Saskatchewan, Saskatoon 2,600; University of Alberta, Edmonton—2,300.

HONORS CANADIAN

Bust Of Sir Charles Saunders Unveiled At Experimental Farm, Ottawa

OTTAWA.—The man who developed the wheat that made Canada famous—Sir Charles Edward Saunders—was honored in a ceremony at the central experimental farm here when his bust was unveiled in a building bearing the name of his father, William Saunders.

Sir Charles, who died in Toronto 10 years ago, was best known as the developer of Marquis wheat, but also evolved other varieties such as Prelude and Garnet. He is credited with originating the first important steps in plant breeding in Canada, and agriculture department official estimate that his Marquis wheat has brought revenues of $20,000,000 a year to the Dominion.

U.K. RATIONS TO CONTINUE
LONDON.—Indications that food rationing in Britain will continue for at least another 1½ years came from Rt. Hon. John Strachey, Food Minister. He told a questioner in the House of Commons that ration books through July, 1948, are being printed.

SHOES FOR GERMANS
BERLIN.—Britain is to provide the British zone in Germany with 95,000 pairs of shoes and it is possible that all shipments will be delivered to hard-hit areas by the end of the year, the control commission stated.

PRAIRIE FARMERS TO RECEIVE ADDITIONAL CASH ON 1945-46 CROP DELIVERY

OTTAWA.—Trade Minister MacKinnon announced the completion of arrangements for the payment to prairie farmers of an additional 10 cents a bushel on wheat delivered in the 1945-46 crop year.

In a statement, Mr. MacKinnon said the adjustment would mean the distribution of more than $23,000,000 to producers in the prairie provinces but did not indicate when the payments would start.

The payment results from the new wheat price policy announced by the government last July under which the initial payment on wheat was increased from $1.25 to $1.35 a bushel, retroactive to the 1945-46 crop year. The payment thus applies to producers who delivered wheat to the Canadian wheat board between Aug. 1, 1945, and July 31, 1946.

Mr. MacKinnon said the payment would be made out of the wheat board surplus on 1945-46 operations.

He added that producers would receive the payment through their local elevator agents. When the payment is made, the producer will surrender his 1945-46 producer certificate and will receive instead an official receipt which he should retain in case a further payment is made on board operations during the five-year period from Aug. 1, 1945, and July 31, 1950.

The original producers' certificates as surrendered by producers will be forwarded to the head offices of the elevator companies making the payment and later will be transferred to the board.

Mr. MacKinnon stressed that "under no circumstances" should producers send their 1945-46 certificates to the head office of the board as the payment would be made through country elevator agents.

He said the board now has made available to producers approximately $125,000,000 during the last 30 months in payments in connection with the 1940, 1941, 1942, 1943 and 1945 crop accounts.

Noah used petroleum, in the form of pitch, in building his ark.

FAVOR PLAN

Manitoba Municipalities Approve Car Insurance On Compulsory Basis

WINNIPEG.—A resolution urging that automobile insurance be put on a compulsory basis and that it be issued and controlled by the provincial government was approved by delegates to the 43rd annual convention of the Union of Manitoba Municipalities here.

Other resolutions approved included one asking that the provincial government pay a portion of the liquor control commission profits to the municipalities as a grant to enable them to keep roads in repair.

Delegates approved a resolution asking that the provincial government be requested to increase the legislative grant to an amount sufficient to pay 50 per cent. of the cost of rural education throughout Manitoba.

FISHERMEN HAPPY

All-Time Record Price Being Paid For Lake Winnipeg Whitefish

WINNIPEG.—Lake Winnipeg fishermen will receive approximately $400,000 for whitefish produced during the past summer season, Resources Minister J. S. McDiarmid of Manitoba said here.

An all-time record price of 19 cents a pound will be the unit price for the 1946 catch, he said. The gross amount to be paid fishermen will be the highest in the 64-year-history of the Lake Winnipeg whitefish fishing industry.

Previous record amount was $335,-000 in 1945 when 15-cents-a-pound was paid.

SUIT ESPECIALLY VALUABLE
CHICAGO.—Benjamin Kolkey told Fillmore police that a burglar broke into his home and stole six suits. He expressed hope the officers would find one of them, which he described as especially valuable. In one of the pockets, he said, was $900 in cash.

CHARGED WITH CARELESS DRIVING—Screen Actress Louise Allbritton was charged with driving "negligently and carelessly" in a $53,702 damage suit filed in Los Angeles by Mrs. Mary Sprouts, mother of Margaret Sprouts, 20, who suffered multiple injuries when Miss Allbritton's car struck her Oct. 27.

NOT COMPULSORY

Poles In Canada Need Not Comply With Legation Call

OTTAWA.—Poles in Canada are not compelled to comply with a call from the Polish legation here for a general registration with the Canadian representatives of their home government, the department of external affairs said in a statement.

The department's announcement was prompted by a statement issued by the legation last week calling for a general enrolment of all Polish nationals in the Dominion.

"It should be clearly understood," the department said, "that under Canadian law no one in this country need present himself for registration at the Polish legation unless he wishes to do so. There is no law in Canada which compels anyone to comply with an order on the part of a foreign government to register at its diplomatic or consular offices."

Regarding former members of the Polish armed forces arriving in Canada, the department said it was expected they would remain in this country and eventually become citizens.

SCIENTISTS PLAN "ATOMIC EDUCATION" FOR PUBLIC — U.S. scientists have launched campaign to raise $1,000,000 through public subscription to finance nation-wide educational plan on the social implications of atomic energy. Two sponsors of drive are Prof. Harold C. Urey, left, Chicago, and Dr. Albert Einstein.

FAMILY REUNITED AS PARENTS JOIN "WAR GUEST" CHILDREN — Together after six years is the family of Archer Gowing of Norwich, England. Daughters Beryl and Brenda came to Canada in 1940 as war guests and Queen Elizabeth aided the others to reach Canada recently. From left, Hazel, Beryl, Brenda and parents.

Canada's Wheat Beat World Food Problem

CALGARY.—Canada and the United States together exported about 750,000,000 bushels of wheat, including flour, in the year ending June 30, 1946, George McIvor, chairman of the Canadian wheat board said in an address to the Alberta wheat pool here.

This constituted the largest wheat export in any 12-month period in the history of the North American continent and in addition to these supplies of wheat both countries supplied quantities of other grains for human consumption.

"It was this unprecedented effort on the part of Canada and the United States which broke the back of the world food crisis of 1945-46. The world food problem of last year—one of potential hunger and starvation—was reduced to a problem of inadequate rations in many countries, but the worst that could have happened did not materialize."

Transportation has determined the [illegible] with regard to delivery quotas so far this year he said.

"When navigation closes on the Great Lakes we will not have an adequate stock position in eastern Canada with which to provide for the requirements of our domestic mills and to provide for exports from Atlantic ports during the winter months. Two years ago we had 127,000,000 bushels of wheat in the east at the close of navigation. Last year we had 90,000,000 bushels. This year we will have [illegible] bushels in the east at the close. To maintain even a moderate export movement via Atlantic ports from December to April, it will be necessary to rail a considerable quantity of grain from the lakehead to eastern seaboard during the winter months. This again will represent a transportation problem of considerable magnitude.

"The major difficulty that we have for any rail transportation has been the coal movement to and within eastern Canada. You cannot be critical of those who have sought to secure transportation requirements on a relatively large scale for a deferred movement of this commodity which was essential to the heating of homes and the maintenance of industrial production during the winter months.

"Ever since sufficient wheat became available at country points in Alberta, we have had a good car supply for shipment to the Pacific coast. This movement has been running at near maximum levels. In 1945-46 we shipped about 67,000,000 bushels of wheat through Pacific coast ports. We hope to do somewhat better this year."

Mr. McIvor said that under the circumstances of a current tight supply position and the possibility of future change in that position, the wheat board is continuing a policy of selling its wheat as rapidly as it can be placed in export position.

Such a policy is reassuring to those countries which are obtaining Canadian wheat and [illegible] time of need. It will also assure that Canada will not be over-stocked with wheat when the present sellers' market [illegible].

FEED GRAIN DROP

Agriculture Minister Gardiner Urges Eastern Farmers To Increase Production

NIAGARA FALLS.—Agriculture Minister Gardiner predicted a dwindling supply of western feed grains for eastern consumption and urged eastern farmers to increase their own production of feed if they hoped to maintain their present output of livestock and dairy products.

In an address to the annual convention of the Ontario Creamery association, Mr. Gardiner observed that production of feed grains had been lower in eastern Canada in recent years than immediately before the war while output has been higher in western Canada.

CONTINUES POPULAR

People Know Canada Savings Bonds Are Good Investment

OTTAWA.—Subscriptions in the first month of sales of Canada Savings Bonds surpassed the amounts subscribed in the first and second war loans in 1940 and 1941, a survey disclosed.

From Oct. 11 when the Canada bonds went on sale to Nov. 15 approximately 1,149,[illegible] Canadians subscribed more than $467,223,850. Subscriptions to the first war loan totalled $250,000,000 and to the second $324,945,000.

Biggest previous loan was the $2,-[illegible] Ninth victory loan in 1945.

TOURIST REVENUE
TORONTO.—The Canadian tourist business increased 28 per cent in 1946 in comparison with 1945 and probably resulted in 15 to 20 per cent of Canada's foreign exchange, Leo Dolan, chief of the federal government travel bureau said in an address to the Advertising and Sales Club.

X-ray pictures now can be made through one foot of steel.

Unique Curling Contest In Edmonton on Sunday

LOCAL ORGANIZATIONS CHALLENGE CITY MEN

A unique curling contest between organizations of the town of Vermilion and representative Edmonton rinks was played at the Granite curling rink Sunday Nov. 24th when 21 members of the Vermilion Board of Trade spent the day in the city in order to attend the inauguration of the new daylight C.N.R. train service.

The rinks represented the Vermilion Council, Board of Trade, Curling club, Canadian Legion and C.N.R. Each rink played the corresponding body in Edmonton. The final tally resulted in two tie games, two losses and one resounding victory for the locals.

A really wonderful afternoon was enjoyed at the Granite rink, the curling conditions were perfect, the Edmonton hosts led by President Syd Easton of the Granite club and President Charles Garnett, Edmonton Chamber of Commerce, were hospitality personified. Among the spectators were some score or more former Vermilion people all down to greet their old townsmen.

Details of the games were as follows. Canadian Legion — Skip Carl Heckbert, Reg Spencer, Ken Rowe, Geo. Scarboro, turned in Vermilion's lone victory, defeating Dr. Duncan Stewart, Dr. W. S. Murray, Norman Cameron, Bill Scarth. Score 19-10.

Board of Trade—Skip E. M. Stewart, Ashley Cooper, N. N. Bentley, F. J. Richardson vs. Skip Percy Clement, Jack Sanguin, Fraser Gerrie, Carl Ransom. 14-14 tie.

Canadian National — Skip Ab Sinclair, Lloyd McFadden, Art Lindell, Little E. Katz vs. Skip R. D. Law, P. G. Ramsey, Webb McKeever, Harry Reichert. 10-10 tie.

Curling Club—Skip Russell Carroll, Ed Corley, Del Moyer, Charlie Spencer vs. Skip Syd Easton, Bert Robinson, Geo. Head, Bill Fletcher. Score Edmonton 12, Vermilion 11.

Town Council—Skip Ross Doake, Bob Harkness, Tom Stack, Gerald Stephens vs. Skip Harold Ritchie, Ted Walker, Herb Hawkins, Buzz Jones. Edmonton 11, Vermilion 5.

Mayor Morrison threw the opening rock to start the games and drew one right to the button in the inter-council match.

Arrangements for the outing were carried out by the Vermilion Board of Trade, and the utmost in co-operation was received from Mr. Syd Easton and his Granite Curling club and the various organizations in arranging representative rinks.

DANCING every Saturday night at the Elks hall, only 35c. 46ctf

Hospital Board Holds Regular Meeting

The regular monthly meeting of the Vermilion Municipal Hospital board was held Saturday Nov. 16. Present, Chairman Mr. C. E. Thompson and Messrs. Tucker, McClellan, Parker, Alexander, Macnab and Nestor.

The minutes of the previous meeting were adopted as read.

Cash statement for the month of October was presented by the Sec'y as follows:

Brought Fwd. from Sept.	$7041.90
Oct. Receipts	2272.18
	[illegible]
Less Oct. Disbursements	[illegible]
	$5775.10

The following motions carried:

Tucker-Macnab: That the cash statement as presented by the Sec'y for October be accepted as read.

Parker-Nestor: That L. G. Milligan be refunded $12.30 paid by him to the hospital and subsequently paid to the hospital by the Dept. of Veterans Affairs.

Alexander-McClellan: That the following accounts be passed for payment: P. Brix $97.00, Victor Kay 105.00, Ryan Bros. 10.00, Vermilion Co-op. 367.00, Long's drug 11.10, Claude Brennan 12.00, Revelstoke Sawmill Co. 32.62, Nelson Hide 11.00, Hilyer 21.82, Ferranti [illegible] 1.50, Ingram & Bell 46.32, Dispensary Wholesale 9.75, W.E. McClellan 14.00; Postmaster 2.00, Town of Vermilion 100.00, Brimacombe Bros. 3.00; Northern Hdwe. 19.05, Vermilion Standard 9.75, C.N.R. 37, McLennan and Banks 3.00; Henry Doake 31.00; Postmaster 25.00, L.G. Milligan 12.33, G. Williams 3.75; S. C. Heckbert 6.25; Peter Nestor 10.00, Salaries 1577.50. Total $3200.37.

McClellan—Tucker: That the Canadian Bank of Commerce pay at debit of the account of Vermilion Municipal Hospital Dist. No. 2, Debentures and Debenture coupons of the said hospital which mature Oct. 9, 1946.

And that the action of the Canadian Bank of Commerce in paying Debentures and Debenture coupons presented to them before the passing of this resolution be hereby confirmed.

The superintendent reported as follows: Hospital days 980; Patients admitted 137; Discharged 109; Births 16, Deaths 4; Operations major 10, minor 17. Meeting adjourned.

Vermilion Men Attend Opening of New Daylight Train Service

The above group of Vermilion business men attended the opening of the new fast daylight train service which commenced its first run from Edmonton Sunday Nov. 24th. The photo was taken just before the train pulled out of the Canadian National depot at Edmonton. From left to right appearing in the picture are, standing up—E. G. Skelding, Supt. of Transportation, C.N.R.; Del Moyer; N. N. Bentley; Tom Stack, Ross Doake; Charlie Spencer; E. M. Stewart, F. J. Richardson; Lloyd McFadden; Frank Keefe, general superintendent, Canadian National, Alberta division; Mayor J. W. G. Morrison; P. Rooney, travelling passenger agent; M. J. Dupuis, district passenger agent; J. R. McMillan, superintendent Edmonton div.; Ab Sinclair, C.N.R. agent, Vermilion. In the front row sitting are Little E. Katz; Gerald Stephens, Russell Carroll; Ashley Cooper; Ed Corley; Bob Harkness.

Attendance at the inauguration was arranged by the Board of Trade, and five curling matches at the Granite curling club were enjoyed during the afternoon, a complete story of which appears in this issue of the Standard. Members of the Canadian Legion rink which rang up the lone victory of the Vermilion curlers and which consisted of Carl Heckbert, Reg Spencer, Ken Rowe and Geo. Scarborough are missing from the above picture of the Vermilion delegation. —Photo is by courtesy of the Edmonton Journal.

"Huskies" New Name For Lloyd. Team

Lloydminster Hockey club at a recent meeting re-organized for the season and the name of the team from now on will be "Huskies" with the firm's colors of blue and yellow with the Husky insignia on the front, as carried on the Husky products. The Husky comany is supplying uniforms for the team, also several players.

Officers elected were: Gar Lawson, president; Geo. Ross, vice-president; Frank Milligan, secretary-treasurer; W. Williams, R. Bond, J. Kinney, L. Proctor, S. Salt and A. Lavoid, executive members; Archie Miller, official timekeeper, E. A. Morlidge and S. McNeil, advertising and publicity committee.

Cliff Inley : Vermilion : Manager

"Breakfast is Ready!"

IT TAKES many months, and many people, to "get" a Canadian breakfast. Your coffee may be brought from South America, your tea from the Far East. Your table linen may have come from Ireland, your cutlery and china from England, your oranges and grapefruit from the United States and from the British West Indies.

Canadians buy from people of many races—and sell to them—all over the world. Indeed, a third of every Canadian's earnings comes from selling to people in other countries.

In this trading we do not always sell to the people from whom we buy. That is why we have to find customers.

To assist in finding both buyers and sellers, Canadian banks maintain branches or correspondents all over the world. They gather valuable information about people and markets abroad. They place this at the disposal of Canadian merchants, manufacturers and marketing agencies, introduce them to likely customers, and handle the "paper work" involved in transferring goods and money.

FIVE-YEAR OLD FRIGHTENS GUNMEN—Letting go a big yell to show how he frightened two gunmen as they attempted to hold up a small store in Detroit is Kenneth Piotrowski, 5. When he opened up, the would-be robbers fled.

First Wheat Shipped East 70 Years Ago

Only 860 bushels was the amount and to get it to Montreal for making into flour was a real job. What it meant to Canada and the world in the years since is common knowledge but the details should be kept fresh in our minds and due credit given to those who made our West possible by their pioneering and courage. It was the Ogilvie brothers, Alexander Walker Ogilvie, John Ogilvie and William Watson Ogilvie, who brought the first shipment of 860 bushels of wheat from the plains of promise. Grown by Selkirk settlers of Manitoba, this small but precious cargo was hauled on carts to Winnipeg, portaged down the Red River into the United States and thence shipped by rail to the flour mill of the Ogilvie Company in Montreal. They also exported the first shipment of flour milled under British rule in Canada.

A bird's feather, for its size and weight, is said to be the strongest structure in nature.

ITCH CHECKED in a Jiffy -or Money Back

Just One Advantage

Horse Will Run Away But Motor Car Seldom Does

Those who prate of the "good old days" are wont to point out that a horse would take you home of its own accord, something an automobile can never do. True enough, but on the other hand, a motor car seldom runs away.

Anyone who can remember the horse-and-buggy days recalls the occasional runaways with something akin to horror. There was a thrill to them, but they were terrifyingly dangerous. A panic-stricken horse can become an agency of dire destruction.

Perhaps automobiles are superior in many ways, but at least they never shy at a piece of paper blowing about, take the bit in their teeth and set off down the street at break-neck speed, out of all human control.—Windsor Star.

OUR COMPLETE SHORT STORY—

A Better Place

By VICTOR DI CASTRI

Copyright
Wheeler Newspaper Syndicate

JACKIE worked feverishly on the trench with his spade as the forest fire bellowed a few yards away. Grimly he wished with all the passion of his fifteen years that he had been sent to Reform School instead of to the Mt. View Forestry Camp to fight forest fires. "That stupid old judge with all his crazy ideas about juvenile [illegible], treating me as if I didn't know what it was all about," Jackie fumed.

He looked up at the sun which was a red bull's-eye in the black sky beating into him the fact that he was mortally afraid of the fire and that everyone in the camp knew it. How else could you explain that he didn't have a friend in the camp except Dolly the pet calf? And now even Dolly was gone. Oh yes, every now and then you could still hear the bell she wore around her neck tinkling in the distance but her chances of coming through the fire alive weren't worth peanuts even if the so-called best man in the Camp had gone into the roaring flames to bring her back.

Jackie looked down the line of sweating, anxious faces. One of the fellas said, "Yeah, that's what happens when you make a pet out of an animal. You put 'em up against nature and they ain't got anything to fight with."

And then Higgins, the Camp Superintendent yelled, "Bob's been gone ten minutes now. That's too long. Something's happened to him."

Jackie had forgotten all about Bob. It seemed like an eternity since he had volunteered to go in and bring back Dolly.

Higgins was shouting to one of the other boys, "You take charge here, I'm going in after Bob."

Something snapped inside of Jackie. He didn't like Bob. Bob was like the rest of the fellas, only more so, enjoying their work, thankful that they had been sent to a Forestry Camp instead of Reform School, and as Higgins constantly repeated, "looking forward to the day when they would take their places in society unashamed of their past and hopeful for their future."

Up to this moment Jackie convinced that Bob was out there in the flames for the sole purpose of doing something spectacular so he could brag about it later in the camp. Bob was always being praised for something. Jackie guessed grudgingly that that's how you got to be a Section Leader. Nevertheless, deep down inside Jackie had been almost certain Bob would bring Dolly back alive. And now—

Jackie leaped across the trench as Higgins hollered, "Get back to your job." Then incredulously the Superintendent added, "You can't do that. Come back here."

But Jackie didn't hear. He was listening intently. It was like the night he and his former pals had broken into the bakery. He had told them then that he had heard a sound but they had only laughed. And look where that laugh had got them. In a Forestry Camp. He had heard the sound now even if the crackling flames were trying to convince him otherwise. There just had to be a sound. It was just a matter of listening hard enough. There it was! To the right of him. No, to the left.

His eyes smarted and tears rolled down to the corners of his mouth. He tried to swallow but there was nothing to swallow but smoke. He gasped for air as the flames lashed out at him. Where was Dolly? There was her bell again. It was to the right. He ran, ducked and dragged [illegible] the inferno as Dolly's bell [illegible] in his ears.

And then he had his arms [illegible] her. For a moment he just held her and cried as Dolly [illegible] snuggled close to him. And then he heard a groan. It was Bob, under a tree.

Something in Jackie [illegible] Bob had found Dolly [illegible] [illegible] caught [illegible] knew then that Bob [illegible] the fire to show off [illegible] [illegible]

[illegible] Bob [illegible] A [illegible] the [illegible] closed his eyes.

Jackie never knew [illegible] burning tree [illegible] or how he managed [illegible] through the fire. But everyone was telling Jackie, "You were great." Their pats on the back [illegible] more. Even Higgins said, "I [illegible] you the truth, Jackie, I [illegible] but I've just got to shake the hand of a lad who risks [illegible] a pal."

Jackie clasped the other's hand and tried to say "thanks," but something caught in the boy's throat. It was a new and strange feeling of shame. He hadn't gone in to the fire to save Bob, it had been to [illegible] Dolly. But Jackie knew now that he had sweated out his fear and that in a similar situation he would try and be another Bob.

It was a wonderful feeling to go through fire and come out unafraid. Didn't God say going through fire cured you of something and prepared you for a better place?

OBSOLETE MUNITIONS DUMPED
Under supervision of an Ordnance Corps expert, obsolete ammunition is being dumped in Georgian Bay 50 miles north of Owen Sound by the War Assets Corp. Madeleine Roly is seen with some of the munitions being loaded aboard the S.S. Northern for dumping into 480 feet of water. The ammunition being disposed of ranges from six-inch naval shells to Piat anti-tank bombs.

Used Century Ago

Bronze Chandeliers To Be Installed In British House Of Commons

Bronze chandeliers whose candles gave light for Pitt and Burke will probably carry some of the newer lighting of the new House of Commons, though they have not been seen in the Chamber since the fire of 1834.

They have been bought with that intention by the Ministry of Works from the Tennyson-d'Eyncourt family, in whose Lincolnshire seat of Bayons Manor, Tealby, five of them have been hanging since that date. There were originally eight, but one of the squires of Tealby put three of them in a village school which was burnt down and they were lost.

At the time of the 1834 fire the head of the family, an uncle of Lord Tennyson, was member for one of the London boroughs, and he acquired the chandeliers to light a new banqueting hall. The last occupier of the manor, Mrs. E. C. Tennyson-d'Eyncourt, has gone, after the fashion of the times, to live in a neighboring cottage. She is glad to see the return of the chandeliers to Westminster, and with them the glass candle shades which have all been carefully preserved. —Manchester Guardian.

QUITE UNEXPECTED

Ritchie Roberts, a carpenter, got more compensation than he bargained for in doing repair work at a deserted house in Clinton, Ill. He paused [illegible] through a [illegible] 71 year old $10 bill.

Delicious "SALADA" TEA BAGS Convenient

SMILE AWHILE

During the Sunday morning sermon, a baby began to cry at the top of its voice and its mother carried it toward the door.

"Stop!" said the minister. "Your baby is not disturbing me."

The mother turned toward the pulpit and addressed the preacher: "Oh, he ain't ain't he? Well, you're a-disturbing him."

• • • •

Calling her husband into the kitchen, the worried housewife exclaimed in annoyance.

"Good gracious, Jack! How could you think of bringing that man Robinson home to supper when you know I'm fall cleaning?"

"Hush, m'dear!" said hubby urgently. "He's the only man I know strong enough to help me move the dining-room sideboard."

• • • •

The door of the ladies' hairdressers' shop opened and in came a meek-looking little man twisting his hat nervously in his hand.

One of the assistants approached him.

"What can I do for you, sir?" she asked.

"Er — could you spare a little hair for my shoulder?" he stammered. "I want to make my wife jealous."

• • • •

As they walked home together, Tom told Fred he was going to give his wife a serious talk on economy.

When they met again next day, Fred asked:

"Well, did you give the missus that economy lecture?"

"I did," replied Tom.

"Any results?"

"Yes—er—I'm going to give up smoking."

• • • •

Counsel was cross-examining a farmer.

"Now", he said, "don't quibble. Do you understand a simple problem or not?"

"I do", replied the witness.

"Then tell the court this. If fifteen men ploughed a field in five hours, how long would thirty men take to plough the same field?"

"They couldn't do it."

"Why not?"

"Because the fifteen have already ploughed it."

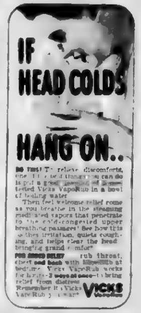
• • • •

"Oh, mummy," exclaimed little Elizabeth, when the dessert was served, "how I wish you had told me this morning that you were going to have ice cream for dinner!"

"Why, dear, what difference would it have made?" asked mother.

"Oh, lots!" replied the youngster, with a sigh. "I could have expected it all day, then!"

It takes [illegible] pounds of coal to make a new suit on blie.



IF HEAD COLDS HANG ON..

DO THIS! To relieve discomforts, one [illegible] is put in [illegible] tested Vicks VapoRub in a bowl of boiling water. Then feel welcome relief come as you breathe in the steaming medicated vapors that penetrate to the cold-congested upper breathing passages! See how it soothes irritation, quiets coughing, and helps clear the head, bringing grand comfort.

FOR ADDED RELIEF ... rub throat, chest and back with VapoRub at bedtime. Vicks VapoRub works for hours—2 ways at once—to bring relief from distress. Remember it's Vicks VapoRub you want.

VICKS VapoRub

Forest Conservation

Is Of Greater Importance Than Placing Embargo On Lumber

Sir Oliver Mowat made the north shore of Georgian Bay a hive of sawmill industry by putting an embargo on sawlogs which were at the time going to cities like Bay City and Saginaw in Michigan but the same north shore is far from being a hive of sawmill industry at this time says the Port Arthur News-Chronicle. It is more noted for its ghost towns. That, however, was not due to the embargo. It was due to cutting without regard to the future. It would appear therefore, that conservation, whether with or without embargo, is more important.

IMPORTANT MEAL

No matter how busy a mother may be, she will find that it pays in more ways than one, to serve a substantial breakfast at home. Health officers of the Department of National Health and Welfare, in stressing the value of a well balanced fresh, morning meal, suggest that this will save the mother a lot of trouble later since "a well-fed child is a happy child" and will not require as much attention later in the day. 2701

Lieutenant Governor Endorses Seal Sale

His Honour J. C. Bowen, Lieutenant - Governor of Alberta, today lent his support to the Christmas Seal sale now being conducted by the Alberta Tuberculosis Association and its local committees.

He said, "I am in the fullest sympathy with the objects of your work, and I heartily support your campaign to raise funds for its accomplishment."

His Honour is intensely interested in the anti-tuberculosis work of Canada's voluntary organizations. He is Honorary vice-president of the Canadian Tuberculosis Association, and Honorary president of the Alberta Tuberculosis Association.

DEWBERRY

We regret the passing of one of our pioneers in the person of Mr. Fred Blair, and extend sincere sympathy to relatives and friends.

The Dewberry Curling club is once again in full swing and are ready for games with any other club. Eight rinks of men have been formed and all curlers look forward to a good season. At outside bonspiels last year our fair town was very successful in bringing home prizes.

The making of ice has been completed in the skating rink and Canada's greatest game is in full swing. Our senior hockey team this season is quite a bit weaker but we challenge [illegible]

Mr. and Mrs. Sol Lemp have left to spend the winter in Edmonton.

Mr. and Mrs. Dave Finlay are visiting friends and relatives in the city.

MORRISON NEWS

Can't find anything to write about now that the weddings are over. What excitement for a while and an uproar! We certainly moved fast—didn't have time to catch cold even. It was a lot of quick work but look what a happy time we all had. Mr. Gillies in his high glee we thought at first it was he who was going to be married again, we caught him looking in glass, I mean looking glass, brushing his hair, putting his tie straight and what not.

Prior to her marriage a shower was held for Jean Gould at the home of Mrs. Bowser. Jean received some lovely gifts and Mrs. Bowser and Lila served a delicious lunch. Sorry you could not get down Lily and Betty.

Mrs. Gillies held a shower for Doreen Shaw two weeks ago, but the writer could not find time to send the news in. Doreen received many very lovely gifts. Did we have cakes that day—every kind nearly.

Last Sunday a turkey dinner was enjoyed at the Bowser home in honor of Betty Gillies. It was her birthday but she won't tell her age. In the evening we enjoyed a visit from Mr and Mrs. Dupuit and family.

Mrs. Fraser of Vermilion came down to attend the wedding, staying a week at the Gould home and certainly enjoyed every minute of it all. It was just like old times, yes the writer had to take a scolding too, but she didn't mind that, hope Mrs. Fraser comes down again soon.

The writer hopes she will find more news for next week, but I seem lost losing three all at one time. Can anyone else [illegible] a headline like that?

Lila and Kenny have gone up to Edmonton to visit Ruby. They expect to return Tuesday.

The double-barred cross is the emblem of the campaign against tuberculosis.

Bowtell Bulletin

A very enjoyable afternoon was spent Wednesday at the home of Mrs. Perkins when a surprise shower was held in honor of Mrs. R. Jenkins, a bride of the previous week. She received a large assortment of pretty and useful gifts for which she thanked everyone in a very [illegible] little speech. That same evening Mr. and Mrs. Jenkins held their wedding dance at Bowtell school where another very good time was enjoyed.

A number from this district attended the box social and dance held at Island Hill [illegible]. Mrs. L. Payne won the basket of groceries and Mr. Searle won the fruit and quilt.

Sympathy is extended to the McDaniel family, now of Edmonton, who were recently bereaved by the death of their son Thomas.

Mrs. Carroll Sr. spent Friday night at the Morrison home.

Mrs. B. Moses visited relatives in Saskatchewan for a few days last week.

Mrs. J. Payne and daughter Kathleen visited Friday at the Robinson home. The writer and husband, baby Frances and Miss Coutts visited Sunday at the home of Mr. and Mrs. Perkins.

Art Renaghan has left for the coast for a visit.

Mr. and Mrs. Tom Sherwood were visitors to Lloydminster on Tuesday this week.

Word received from Mrs. Repp who is visiting in Quebec states that she is having a very good time.

Kitscoty Girl Is Married in Edmonton

PAYNE—JACK

In a double-ring wedding ceremony Saturday evening November 23 in the social room of First Presbyterian church, Edmonton, Lois Georgina, daughter of Mr. and Mrs. George D. Jack of Kitscoty, Alta., became the bride of Mr. Willard O. Payne of Edmonton. Rev. J. MacBeath Miller officiated.

For her nuptials, the bride wore a slipper-length gown of white lace over taffeta with a finger-tip veil caught to a beaded halo. The bodice featured a sweetheart neckline, outlined with orange blossoms which had been worn by the bride's grandmother and mother, and lily-point sleeves. She carried a bouquet of red roses and white chrysanthemums. Mr. Jack gave his daughter in marriage.

Miss Ada Jack was her sister's maid of honor and Miss Mary Preston was bridesmaid. They were gowned in light blue net over taffeta and gold net over taffeta, respectively, with elbow-length gloves and chapel veils to tone. The former carried a bouquet of yellow chrysanthemums and the latter's bouquet was made up of mauve chrysanthemums.

Best man was Mr. [illegible] and the guests were ushered to their [illegible] by Mr. Leonard Stone. Mrs. Ivy Carter played the wedding music and during the signing of the register she played "O Promise Me".

A reception was held at the Cottage Tea Room where the toast to the bride was proposed by Mr. Beck, the best man.

Mrs. Jack, mother of the bride, received in a black sheer afternoon frock with gold accessories. Talisman roses comprised her corsage.

The bride's table was centred with a three-tiered wedding cake embedded in pink tulle.

Mr. and Mrs. Payne left by plane for Whitehorse, Y.T., where they will reside temporarily. For travelling the bride chose a gray wool two-piece dress with a gray topcoat trimmed with black seal. Her accessories were in black and she wore a corsage of red roses.

WEDDING BELLS

GORDON—BOE

Ferns and red geraniums decorated Queen's United church, Mannville recently for the marriage of Miss Nellie Norina Laverne Boe, daughter of Mr and Mrs. Ralph Boe, of Mannville, to Mr Robert Charles Gordon, son of Mr. and Mrs Charles Gordon of Vermilion.

Rev. K. C. McLeod officiated.

Given in marriage by her father the bride wore a slipper-length silk net gown, the bodice fashioned with a round neckline and accentuated by eyelet embroidery. Her floor-length veil was of silk tulle and her flowers of red roses. Her only jewelry was a gold and ruby pendant, a gift of the groom.

Mrs. Rose Ewing, sister of the bride, who was matron of honor, wore azure blue sheer with chapel veil and pink carnations.

Mrs Lloyd Boe, bridesmaid chose pale blue sheer with chapel veil and pink carnations.

AC2 Hugh Gordon, R. C. A. F. brother of the groom was best man and Flt.-Lt. Lloyd Boe, D.F.C. brother of the bride, was usher.

Miss Beth Henderson played the wedding marches and Miss Edna Gordon sister of the groom, was soloist. Miss Gordon sang "Because".

A reception to 130 guests was held later at the bride's home, where the bride's table was centred with a tiered wedding cake banked in roses and carnations.

Rev. K. C. McLeod proposed the toast to the bride to which the groom suitably responded.

Mrs K. C. McLeod, Mrs J. H. Burch

Newly Married Couple To Live in Vermilion

McMANN—RIDDLE

The Rectory of the Blessed Sacrament Parish, Wainwright, was the scene of a pretty wedding on Tuesday November 12th at 7 p.m., when Miss Margaret Josephine Riddle, daughter of Mr and Mrs. C C Riddle of Wainwright became the bride of Mr Harold McMann, son of Mr. and Mrs. J. A. McMann of Wainwright. Rev. Father Ehmann performed the ceremony.

Given in marriage by her father, the bride looked lovely in a floor-length gown of white silk taffeta with full panel skirt. The gathered bodice was styled with a sweetheart neckline and short puffed sleeves accentuated by long silk-net mittens. Her floor-length veil was held in place by a Mary Queen of Scot's headdress and she carried a ribbon-tied bouquet of red roses and white baby mums. A three-strand necklace of pearls and matching pearl gold earrings, gift of the groom, was the bride's jewelry.

Her two sisters, Kathleen and Florence were her bridesmaids gowned in pink sheer and turquoise blue taffeta, sweetheart necklines similar to the bride's, and long silk gloves. They each wore matching chapel veils held in place by dainty wreaths of matching flowers and they carried pink and white chrysanthemums and fern. The bridesmaids' gifts from the groom were a string of pearls and gold signet ring.

Best man was Mr. Lorne McMann of Red Deer, brother of the groom.

The bride's mother chose a two-piece dress of radiant blue crepe with black sequin trim and black accessories. Her corsage was of pink rose buds and fern. The groom's mother wore a rose crepe dress, sequin trim and a blue hat and blue gloves. Her corsage was of pink roses and fern.

After the ceremony a reception to 30 guests was held at the home of the bride's parents. The rooms and archway were daintily decorated with pink and white streamers and bells.

The bride's table was centred with a three-tiered wedding cake flanked by white tapers in silver holders. Bouquets of pink, white and mauve chrysanthemums completed the arrangement.

Assisting in serving at the reception were Mrs. Welsh, Mrs Stinert and Miss Margaret Shotts.

Toast to the bride was proposed by Rev. Father Ehmann to which the groom responded.

Following the lunch Miss Florence Riddle, sister of the bride sang "Always" and "In the Garden of Tomorrow", accompanied by Miss Patsy Madkins at the piano.

After an enjoyable evening was spent by all the happy couple left for a short honeymoon to Edmonton, the bride travelling in a light blue wool dressmaker suit and black accessories, topped with a fur coat. On return they will reside in Vermilion.

Joe Thompson of Tolland is driving a nice looking new Pontiac coupe delivered to him last week by Rowe and Spencer.

Mrs R. H. Scott and Mrs H. Thomas presided at the tea and coffee urns.

Receiving the bride's mother wore a turquoise afternoon dress with a corsage of sweetheart roses. The groom's mother wore a blue wool afternoon frock with a corsage of sweetheart roses.

The couple left for Edmonton on a wedding trip, the bride travelling in a blue wool dress complemented by a corsage [illegible] accessories.

Out-of-town guests included [illegible] Mrs. Norman [illegible] Leitch [illegible] Burch [illegible] Edmonton [illegible] Fort St. John.

The Effect Of Strikes

THE CRIPPLING EFFECT OF STRIKES on Canada's industrial life and on the success of the reconversion program here has been felt in many places. Shortages of materials resulting from these work stoppages have been responsible for a serious drag in the production of necessary articles ranging from nails to trucks, and from men's shirts to soap and glass. As long as critical shortages exist it is clearly in the interest of consumers to maintain price ceilings and other wartime controls since to lift these before the supply is equal to the demand would be to invite disastrous inflation. In spite of controls black markets have sprung up in some parts of the country in [illegible] lumber and other articles in short supply, and it is apparent that a normal peacetime economy will not be restored until production can go forward without hindrance.

* * *

Decline Seen In Industry

The full effect of strikes on the life of the Canadian people was pointed out recently in an address delivered in Winnipeg by Rt. Hon. C. D. Howe, Minister of Reconstruction and Supply. At that time Mr. Howe told of the manner in which steel and coal strikes in the United States, followed by the lake shipping strike, the strike of lumber workers in British Columbia, the soda ash strike in Ontario and the prolonged strike in the Canadian steel industry slowed down construction work, manufacturing and other vital industries which had begun to expand to meet the heavy demand for goods after the war. "The expansion process, which had begun in March, started to falter in May as a result of the strikes," Mr. Howe said, "and since then there has been a decline in many industries."

* * *

Interests Of Many Affected

In solving the problems which have arisen as a result of the strike situation, Mr. Howe suggested that a spirit of co-operation and mutual aid is needed among all those whose interests are involved. Those whose interests are affected include a large group, not only labour, management and the government, but producers and consumers throughout the country whose business interests and standards of living are affected when strikes are declared. All Canadians, no matter what group they represent, look to full employment and a high standard of living as a basis of security and progress in the years to come. In the words of Mr. Howe, these can only be achieved by "new and vigorous types of co-operative action between federal and provincial governments, between management and labor, and between government as a whole and industry as a whole."

Corporal Punishment

McGill Psychologist Emphasizes Positive Disciplinary Methods

A child who is insecure and emotionally unstable will not benefit from corporal punishment, rather he will suffer unnecessarily, declared Mrs. Edith M. Willis, child psychologist, in a statement issued in connection with her course on "Child Development" at McGill University.

Mrs. Willis, a graduate of Stanford University, in an interview recently, advocated spanking as one form of punishment which would be used effectively in certain cases. In her statement she emphasizes positive methods of securing discipline, such as rewards and praise.

Reward and punishment, she stated, are both part of a plan of discipline. "If corporal punishment is used," she said, "it should be used discriminately and only with a child who is old enough to comprehend what is being done to him.

"It should not be done to [illegible] the adult of emotional states, such as anger. The punishment should be carried out at the time the act is going on.

"Rewards which have a close association with the act and which are not given in the form of bribes, are good. Perhaps the simplest and yet most effective reward is social recognition in the form of praise.

"It should be remembered that a good plan of discipline teaches the child to conform to the family dictates [illegible].

"Punishment can be of great harm if [illegible] of the adult does not understand fully children's motivation and also the fact that they are unable to understand as adults.

"Punishment is only a small part of discipline, and children cannot understand many of the adult's methods [illegible] a harmful [illegible] healthy way of teaching children."

THAT'S WHAT SHE THOUGHT

Seldom has such profound banking knowledge been exhibited as was reported recently of a woman who walked into a bank and asked for a cheque book. "I lost the one you gave me yesterday," she said. "However, it doesn't matter though. I took care to sign all the cheques as soon as I got it, so naturally it won't be of any use to anybody else."

THE HEART AT FORTY

While life may "begin at Forty", medical science knows that, after that age, more people die of heart disease than from any other single malady. The Department of National Health and Welfare, in noting this fact, urges special care of the health at approach of middle age, with sensible diet and exercise, and avoidance of strain.

Price Control And Rationing Information

Q.—Has the price of prunes been increased?

A.—The Wartime Prices and Trade Board has announced a four to five cent increase per pound in the retail price of prunes. This increase reflects the recent uncontrolled price rise in the United States, the Board said.

Q.—How many sugar-preserves coupons become valid in the month of December?

A.—There will be three sugar-preserves coupons validated in December. S36 is valid on December 5 and S37, S38 become valid on December 19.

Q.—Is it possible for a civilian to purchase a suit without a priority suit certificate?

A.—After October 30 no priority suit certificates were issued for the purchase of gentlemen's suits. The certificates issued previous to October 30 were to be honoured until the end of December, and thus after that date ex-servicemen and civilians will stand an equal chance in purchasing their suits.

Q.—I am planning on selling my business and as I handle rationed commodities I would like to know if it is necessary to advise the Ration Administration of this.

A.—Any change in the ownership of a business which handles rationed foods must be reported immediately to the local branch of the Ration Administration.

Please send your questions or your request for the pamphlet "Consumers' News" or the Blue Book in which you keep track of your ceiling prices, mentioning the name of this paper to the nearest Wartime Prices and Trade Board office in your province.

Harassed Minds

Psychiatrist States First Twenty Years Of One's Life Is Most Critical

MONTREAL.—The first 20 years are the hardest, and the most critical.

What one learns in the first two decades may condition his feelings of anxiety and guilt for the rest of his life.

This was emphasized by Dr. D. Ewen Cameron, director of the Allan Memorial Institute of Psychiatry, in an address at a parents' meeting in St. George's School, Westmount.

"All of us," he said, "know people who are crippled by anxiety, who cannot make decisions, who take jobs far below their capacity because they cannot stand responsibility.

"All of us know people who are harassed by feelings of guilt over the most trivial things, who are so excessively scrupulous that they can never feel their work adequately completed, so conscience-ridden that they cannot enter with freedom into normal happy relationships."

Dr. Cameron fixed the responsibility on parental and other teaching.

"There is no evidence that the infant is born feeling guilty about anything. Twenty years later he will respond with anxiety and feelings of guilt to a great many things. But every single thing about which he feels anxious or guilty in his 20th year is the result of what we have taught him," he said.

The McGill University psychiatrist warned against the over-use of guilt and anxiety as control measures. "Most of us have little idea of how subtly they are used, how widespread and how strong are their effects. Still fewer have grasped how much damage their ignorant or unscrupulous use may cause."

GEMS OF THOUGHT

MERIT

True merit, like a river, the deeper it is, the less noise it makes.—Halifax.

As plants take hold, not for the sake of staying, but only that they may climb higher, so it is with men.—Beecher.

The world more frequently recompenses the appearance of merit than merit itself.—Rochefoucauld.

How vain, without the merit is the name!—The Iliad of Homer.

Consciousness of right-doing brings its own reward, but not amid the smoke of battle is merit seen and appreciated by lookers-on.—Mary Baker Eddy.

Merit is never so conspicuous as when coupled with an obscure origin, just as the moon never appears so lustrous as when it emerges from a cloud.—Bovee.

COULD CHARGE MORE

People have allowed themselves to be "bewitched by words," Robert R. Hyde, director of the British Industrial Welfare Society said in an address in which he told of a chimney sweep who called himself a "Economist" and charged sixpence more than an ordinary sweep. 2766

CANADIAN EGGS BECOMING HEAVIER

Thanks To Experts In The Poultry Division

This is the story of the humble Canadian egg—the eating kind, of course—which is gradually moving into the heavyweight class.

That means, just in case it skipped your notice, that the egg you ate for breakfast this morning was heavier, healthier and better looking than those you had five, 10 or 20 years ago.

Chances are that it had a tougher shell, though it wouldn't actually bounce if you dropped it, and that the "white" was thicker, too, which means tastier-looking eggs for those who like them poached.

And, to top it off, there are more of the new variety because the Canadian hen is laying them faster.

Credit for this achievement in bringing a better egg to the Canadian breakfast table goes to the men of the poultry production service of the federal agriculture department and a flock of hens known as the blue-bloods of the barnyard.

The experts are the men who administer the department's "record of production" policy, which aims at the improvement of Canada's poultry industry by placing stress on the use of approved, purebred family stock as laying flocks.

The service keeps tab on the production of selected flocks of certified birds and has proved over the years that an average production of 200 eggs and more per bird is possible with the use of selected hens.

The grand champion among all the hens under the service's statistical eye is one which laid 354 eggs in a single year. This was beaten out by a common barnyard hen which produced 356 in a year but proved to be only a freak and of little use in the plan of breeding improved stock.

Production Up Again

Britain's Iron And Steel Output For October Well Above Average

LONDON.—The figures of Britain's iron and steel output during October, which have just been released, show a considerable production achievement in view of the fuel difficulties and limitations of transport.

Both in iron and steel in October the output was well above the average of the three preceding quarters of this year. The weekly average for pig iron was 153,800 tons compared with 147,300 tons in September and the 130,000 tons weekly average in 1938. Steel production in the same month was 254,300 tons (weekly average) compared with 248,500 tons in September and 200,000 tons in 1938.

The annual rate of pig iron output now stands at rather more than 8,100,000 tons compared with 7,600,000 tons in the same month last year. For steel, the figure is 13,230,000 tons compared with 12,700,000 tons in October, 1945.

Exports, although still below the prewar average, have attained a volume more than twofold that of 1945. The October figures are not yet available, but the September returns show that shipments overseas, both of iron and steel, totalled 142,300 tons compared with the 167,300 and 84,200 monthly average in 1938 and 1945 respectively.

BACKACHE
The Plague of Outdoor Men

The outdoor man, whether he be farmer, truck driver, or railway operator, is often subject to backache. This may be the result of exposure to cold and dampness or the result of strain from the jolting and bumping of the vehicle he rides.

To many people, women as well as men, it would be great to be free of backache—one of the most common and annoying of ailments. And here is how you may be relieved of backache and other symptoms of poisons in the blood.

The treatment suggested is Dr. Chase's Kidney Liver Pills. By reason of their stimulating action on both the liver and kidneys, you have two chances to one of getting relief from your backache by using Dr. Chase's Pills. The torpid liver is aroused to action, the kidneys are stimulated and consequently these organs help to purify the blood of the poisonous impurities which bring pains and aches and tired feelings.

Keep regular and keep well by using Dr. Chase's Kidney Liver Pills. 35cts. a box.

Dr. Chase's Kidney Liver Pills

Holds One Record

Great Eastern Only Ship To Have Six Masts And Five Funnels

The following article was written by W. Orton Tewson, in "An Attic Salt Shaker."

The coming of the "Queen Elizabeth" recalls the fact that the "Great Eastern"—a full-rigged ship with auxiliary engines—built one hundred years ago, still holds one record of the shipbuilding world. No other ship has ever had five funnels and six masts!

"Noah's Ark was 300 cubits long, 50 cubits wide, and 30 cubits high; since a cubit is about 18 inches, Noah's Ark must have been a formidable craft 450 to 500 feet long," point out Eric Hodgins and F. Alexander Magoun, authors of "Behemoth: The Story of Power."

"No modern marine engineer had been sufficiently courageous to build a competing ship, until, in 1845, Scott Russell and his associates began, upon the banks of the river Thames, the construction of that premature leviathan known as the 'Great Eastern,'" state Messrs. Hodgins and Magoun. "She was 692 feet long, 83 feet beam (118 feet over the paddle boxes), 58 feet in depth, and 28 feet in draft. Her displacement was some 28,000 tons. It took four years to build her.

"She was a famous and picturesque craft, and a triumph of naval architecture. She had a double bottom (its first appearance), and fifty watertight compartments. Yet for all these physical dimensions, she was tragically under-engined for her size. After living an unhappy and frustrated life, she was—in 1887—turned over to the ship-breakers and her twenty anchors scattered to the seven seas."

Block cuts for printing simple designs can be made by cutting a potato in half, carving the design, and printing by hand.

RATION BOOKS ISSUED PLACES POPULATION AT 12,120,044

The number of ration books distributed for 1946 indicated that Canada's population has increased by 613,389 since 1941.

The Prices Board said that 12,120,044 books were distributed for 1946, compared with 11,658,933 for 1945. Canada's population on the basis of the 1941 census was 11,506,655.

The Board said it could not give details of the population figures by provinces because the territories of ration districts overlapped provincial boundaries.

Robert Fair, M.P., Delivers Enlightening Address at Meeting

REVIEWS THE PAST SESSION OF PARLIAMENT

On Thursday evening last in the Memorial hall, Mr. Robert Fair, our Federal representative, gave a report on the highlights of the last session of parliament. Mr. W. R. Cornish M.L.A. was also expected to be present and address the meeting but was unable to attend on account of car trouble.

Mr. Fair stated he was glad that Great War 2 was successfully concluded and that most of our young men and women were home again and most of them re-established in civilian life. He deplored the fact that by means of The Bretton Woods Agreement chains and padlocks had been placed upon the feet of many Governments. When the legislation was introduced last December the only ones to oppose it were the 13 Social Crediters who forced three recorded votes before finally allowing the measure to pass. Mr. Tommy Church, P.C. of Toronto (Broadview) voted with them on one occasion. All the other parties in the House voted solidly in favor of this enslavement of the people, even though a large percentage of them did not know what the legislation really meant. It was strange, too, to find that the experts of the Dept. of Finance and the Bank of Canada did not agree on the meaning of many sections of the bill. In effect, the legislation brings us back on a certain measure of the gold standard and many of the "experts" in charge will be the same ones who directed our affairs during the "man-made" depression of the thirties. When the pressure of war financing was brought about, we went off the gold standard in June, 1940. Why return to it now? Except to provide control of Governments by monetary methods. In dealing with the Dominion-Provincial Conference he stated that many people expected great things from it—social security, health benefits, improved old age pensions, etc, but as the Conference was finally adjourned without any agreement being reached, these people were greatly disappointed. When the Minister of Finance brought down his budget on June 27 last he reviewed the attempt that had been made to reach an agreement and offered the right to individual provinces to make separate tax agreements with the Dominion government if they desired to do so. Up to the present time only three provinces, Manitoba, Saskatchewan and New Brunswick have completed agreements. These comprise about 20% of the total population so it would seem that the offer of the senior government is not very attractive, partly because of insufficient funds being offered to compensate for rights being given up by the provinces and also the alienation of certain rights of the provinces to which many are violently opposed. The Old Age Pensions offer was for $30 per month without the means test for those over 70 and a similar amount, with means test, for those between 65 and 69 years of age. The Social Crediters at Ottawa and supporters all over Canada, the Alberta government and many other organizations in this province and some other provinces as well, insist that an Old Age Pension of $50 per month be paid, without the means test, to all Canadians over the age of sixty years, without any increase in taxation.

The Wheat Agreement with the United Kingdom was explained in detail and showed that during the crop years 1946-47 and 1947-48 Canada has agreed to sell and deliver to the U.K. a minimum of 160 million bushels of wheat each year at a set price of $1.55 per bushel. In the crop year 1948-49 a minimum of 140 million bushels at a price not less than $1.25 per bushel, price to be fixed by negotiation between the two governments not later than the end of December, 1947 and a similar quantity in the crop year 1949-50 at a price not less than $1 per bushel, final price to be settled as in the previous year. One section of the agreement between the two governments holds out a promise that because we are selling wheat to the United Kingdom at present far below the world price, the U.K. government will have regard to this when negotiating price during the last two years of the contract.

Another section gives the United Kingdom government the right to sell wheat purchased from Canada on any market in the world without restriction as to price or any other conditions. The U.K. reserves the right to purchase a greater quantity of wheat than the minimum mentioned if Canada has available supplies and the contract also calls for a certain quantity of the wheat to be supplied in the form of flour.

DOMESTIC WHEAT POLICY

The Government's domestic wheat policy was announced by the minister of trade and commerce about July 30 last and provides for an initial price of $1.35 per bushel basis 1 Northern at Fort William, Port Arthur, Vancouver or Churchill, for a five year period commencing with the 1945-46 crop year. As an initial price of $1.25 was paid on the 1945 crop, an additional payment of ten cents per bus on all grades will be made as soon as the Wheat Board completes payment of the 1943 participation certificates. When that task is completed the 1944 participation certificates will be paid and no further final settlement will be made until all the wheat delivered during the 1945 to the 1949-50 crop years has been sold. This means that because the Government insists on a five-year pool, many farmers who are still in debt will continue to pay interest on debts they now owe until 1951 or perhaps 1952 whereas if each crop was settled for as soon as sold as provided for in the Canadian Wheat Board Act 1935 many farmers could pay off their debts in the near future as our wheat has been selling for as high as $2.29 during recent days. This means that the Wheat Board holds back 92 cents per bushel, the difference between the initial price and the market price, while the farmer continues in debt and pays interest on debt that should regularly be paid with his money held by the Wheat Board. Mr. Fair, speaking for his party at Ottawa, requested the Government to pay an initial price of $1.55 per bushel and settle for each crop as sold. It is freely admitted that we may soon expect lower wheat prices and adoption of the policy above would give the farmers the benefit of the higher prices for at least a year or two, whereas the Government's policy holds back profits on present sales to pay expected losses on sales during the later years of the [illegible] an open quota [illegible] three remaining years [illegible] the Wheat Board will [illegible] basis of 14 bushels per [illegible] acre" and every effort will be made to find a market for all the [illegible] grown during the contract period.

During past years Mr. Fair and his associates have been advocating the adoption of a policy for agriculture that will give to the farmers of Canada their proper share of the National income. During the years 1926 to 1946 the farmers of Canada, comprising one third of the population received an average of 9.4% of the National income. Taking in the years 1936 to 1946 they received an average of 11.2% and in 1945 the [illegible] total of 8% of the National income which amounted to an average of $[illegible] per farm.

(The remainder of Mr. Fair's address will appear in next week's Standard.)

The war is over, but there remains an enemy at home which will not be defeated [illegible]. Tuberculosis killed nearly [illegible] Canadians last year. Do your part to help stamp out this disease by buying Christmas Seals.

If you hated your [illegible] the way you hate some people, you would have a lot less to do with them. And a lot more to do with people.

TOPICS of VITAL INTEREST

EXPERIENCE OF ALBERTA TOWN OF PONOKA PROVES VALUE OF PASTEURIZATION

Proof of the efficacy of pasteurization of milk is seen in a report received recently by Health League of Canada officials from the town of Ponoka, Alberta.

During a Canada-wide survey in connection with its pasteurization [illegible] Ponoka officials reported a compulsory pasteurization by-law had been passed in the town in 1944 following repeated [illegible] of undulant fever and when it was found that two of the herds used in supplying milk to the town were seriously infected with Bang's disease. Bang's disease or brucella abortus in animals can lead to undulant fever or brucellosis in humans.

It was noted further that since then no case of the [illegible] has been reported.

From this report from Ponoka it is obvious that pasteurization as a means of eliminating undulant fever —a disease the seriousness of which is not revealed in available statistics because of diagnostic difficulties. Undulant fever is a disease which does not show characteristic symptoms.

Nevertheless, undulant fever's toll can be cut through use of pasteurized milk, just as it has been proven that use of pasteurized milk has cut the toll from bovine tuberculosis, scarlet fever, septic sore throat, typhoid fever, paratyphoid and dysentery—all milk-borne diseases.

The example set by Ponoka and some other towns and cities is commendable and encouraging but the problem of eliminating milk-borne disease throughout Canada can be solved only through enactment by the various provincial legislatures of compulsory pasteurization legislation which covers all municipalities and other districts. Only then will the Dominion be assured of a milk supply which is 100 per cent. safe. Ontario at present is the only province with compulsory pasteurization legislation in force.

HANDY HINT

If you want to wait a few days before ironing a freshly dampened blouse, mildew can be prevented if you wrap it in a square of ordinary rubber sheeting and place the bundle in the refrigerator. 2701

HAS NEW IDEA

Doctor Thinks Everyone Should Work As Long As They Like

CLEVELAND, Ohio.—The population of the United States, the statisticians say, will be 150,000,000 by 1980—and this number is expected to include 21,000,000 in the 65 and over age group.

Such a prospect brought an appeal by one medical expert that science should do something about the aged and chronically ill. Dr. Theodore Klumpp, former chief of the food and drug administration of the U.S. department of agriculture, [illegible] that a man or woman should be permitted to work as long as they like.

"We can't plow them as we used to plow under [illegible] potatoes, tobacco and little pigs," he told the closing session of the 74th annual meeting of the American Public Health Association.

Dr. Klumpp said that in the past medical scientists have been more preoccupied with the diseases of youth and childhood but that as a result we now have an adult population that is larger in proportion than it has ever been before.

It promises to grow even larger as the years go by, he said, and by 1980 the 45 years of age and over group will comprise 40.3 per cent. of the population with the 65-year-old group at 21,000,000 or 14.4 per cent.

He said that science should go after such diseases as heart disease, coronary thrombosis, nephritis, arthritis and cancer—which are prevalent in the older-age groups.

Dr. Klumpp also warned of new problems arising out of the invention of new labor-saving devices which he said would be on a scale never dreamed of before.

Just the same, he insisted, those in the older groups should be permitted to continue to give their wisdom and mature judgment as long as they are able to do so.

"Youth can loaf content with opiate dreams of future achievements," he said. "[illegible] we grow older the realities of life are more clearly seen and less easily denied, and as we approach 50 to 60, we can no longer derive solace from the pipe dreams of future achievements."

LINE WAS BENT

Attu, westernmost island of the Aleutian chain, is the farthest west of all United States possessions. Technically, it is in the western hemisphere, but international law bent the international dateline to the west of the island, so that it would have the same time schedule as the rest of the chain.

CARRIED REAL COW

With the public impressed by reports of the luxurious appointments of the Queen Elizabeth, it is fitting to recall that one of the chief advertised attractions of the first Cunarder Britannia, was a real cow, housed in a special deckhouse with padded sides. The animal provided milk for babies and invalids.

Goat skins are important exports of India, Brazil, Java, the Belgian Congo and Russia.

ABANDONED IN TAXI—Montreal police are seeking the parents of this baby who was abandoned in a taxi on Wolf St., in Montreal. The child, seen with a nurse, is being cared for in a hospital while efforts are being made to establish its identity.

[illegible]

One of two girls in a subway train was looking at a newspaper.

"I see," she remarked presently to her girl friend, "that Mr. So-and-So, the octogenarian, is dead. Now, what on earth is an octogenarian, anyhow?"

"I'm sure I haven't the faintest idea," replied the other girl. "But they're an awful sickly lot. You never hear of one but he's dying."

A device has been developed in Australia which automatically makes a scale map of terrain over which it is rolled.

WORLD HAPPENINGS BRIEFLY TOLD

Southwestern Alberta [illegible] beet growers received $10.57 a ton for their 1945 crops, it was shown.

The Swedish Academy has awarded Hermann Hesse of Switzerland the Nobel Literary Prize for 1946.

Alberta's 1946 wheat crop has been estimated by the provincial department of agriculture at 137,000,000 bushels.

At Sept. 30 deserters from the British army of the Rhine totalled 472, War Secretary Bellenger announced.

During the war the British army used 40,000 horses, 130,000 mules, 6,000 bullocks, 16,000 camels, 5,000 dogs and 15,700 pigeons.

As a reward for saving hundreds of Christmas puddings threatened with destruction by fire 20 Bath firemen received a pudding each.

The Royal Military College at Sandhurst, England, is to be known as the Royal Military Academy, Sandhurst, with university status.

The Japanese government will take over operation of several coal mines to determine whether nationalization will increase lagging coal production.

Reflecting improvements in shipping facilities, Argentine corn again is being imported into Canada in large quantities, the Dominion Bureau of Statistics reports.

[illegible]

JOHANNESBURG.—A special series of stamps, one penny, two penny and three penny, issued to commemorate the visit of the Royal Family next year, will be on sale from Feb. 17, 1947, it announced. The stamps, printed alternately in English and Afrikaans, will bear the likeness of the King on the one penny, of the King and Queen on the two penny, and of the two Princesses on the three penny.

CAMPUS QUEEN—Campus queen of western Canada is Marion Albert, 17, University of British Columbia, who was chosen from among eight contestants in Vancouver by three judges from Seattle, Wash. Miss Albert, the youngest and tallest competitor, a brunette, was chosen as 5,000 in Vancouver watched the competition which had two entrants from each of the universities of British Columbia, Alberta and Manitoba and Regina college, Saskatchewan. The contest was the result of a dispute over which campus had the prettiest co-eds.

WORKED TOGETHER 58 YEARS

MILFORD, Mass.—Some sort of a record might be claimed by two octogenarian barbers who have worked side by side for 58 years without a cross word—or a vacation.

SITE IS SELECTED

Norway Erecting Monument To Memory Of Franklin D. Roosevelt

The site for Norway's monument to the memory of Franklin D. Roosevelt has now been selected. The committee has chosen a high point not far from Oslo's city hall overlooking the Oslo Fjord. Close to the proposed site rises Oslo's most famous landmark, the historic Akershus fortress. Over 56,000 kr. have already been [illegible]ted toward the monument which is expected to cost over 300,000 kr., and a committee of outstanding public figures will soon announce the opening of competition among Norway's most famous sculptors.—Norway Information office.

PIGEON ATTACKS BABY

VICTORIA, B.C.—A tame pigeon which attacked a sleeping three-months-old baby, lacerating the infant's face and pecking at its tongue until it bled, was killed by the baby's father, C. Mireau, as it circled for another attack.

Mrs. George H. Stone
—who passed away Dec. 8th, 1944.
"Nothing can ever take away
The love a heart holds dear
Fond memories linger every day,
Remembrance keeps her near."
—Ever remembered by George, Alan and Della.

Mrs. Mike Morrison and 2½ year old daughter narrowly escaped asphyxiation Wednesday evening of last week when carbon monoxide fumes from the exhaust blew back into their standing car. Mr. Morrison had stopped the car at W. J. Little's farm north of town and left the motor running as he was only absent a minute or two. When he returned Mrs. Morrison and the little girl were almost unconscious but were taken into the house and quickly revived. The wind was blowing against the back of the car and blew the fumes under it and up through the floor boards.

I.O.D.E. LIBRARY NOW IN THE TOWN HALL BASEMENT

The I.O.D.E. library is now located in the basement of the town hall. The library is open the usual hours on Saturday afternoon.

W.A. Groups United Church

The W. A. groups of the United church will meet on Tuesday Dec. 10 as follows: Group 1 at Mrs. F. Davis at 3 p.m.; Group 2 at home of Mrs. K. Rowe at 8 p.m.; Group 3 at Mrs. W. Krause at 8 p.m.

Mr. and Mrs. Barney Klashinsky intend leaving about the middle of December for British Columbia to visit friends and relatives for the next three months. Stops are being made at Vancouver, New Westminster, Chilliwack, Victoria and Seattle. Mrs. Klashinsky returned on Wednesday morning this week from Drayton Valley where she visited her daughter and son-in-law, Mr. and Mrs. John McKenzie.

Mrs. R. Cullard of Lloydminster spent Wednesday and Thursday of this week renewing old friendships in Vermilion.

Ed Carson of Edmonton was a recent visitor for a couple of days at the home of his parents, Mr. and Mrs. Ernie Carson.

Mrs. Sidney Millward and son Donald of Victoria, B.C., arrived Saturday morning and will spend the next two months visiting the former's parents Mr. and Mrs. Thos. Bothwell at Islay and sister Mrs. Ashley Cooper in Vermilion.

Do You Remember "The Flycatchers" Baseball Club?

Interesting "Document" is Found

An old list, soliciting donations to the Vermilion "Flycatchers" baseball club, came to light during recent housecleaning operations and renovations at the Canadian National depot. The list is made out on stationery printed for the Canadian Northern and judging from the names of the donors, the subscription list must have been passed round prior to 1914.

Bert McKone's name appeared as Captain of the club and the donations varied from 25c to 50c. Joe McKone, Ind Withorbe and Mr. Talrone headed the list with 50c each, while other names were F. Taylor, N. Taylor, W. Saunders, W. C. Craig, F. C. Long, R. Robertson, R. Robinson, A. Irvin, C. Hindle, Jack Bristow, Frank Doyle, E. Irving, Jas. Craddock, J. Stenson, C. Smith, Robt. Pinkney, W. H. MacKenzie.

The sheet was ruled in three columns but only the first was filled with names. The grand total collected was $5.75.

A pioneer lady of the district, Mrs. Fred Firth, was guest of honor at a surprise party on Nov. 26, the occasion of her 79th birthday. The party was held at the home of her daughter Mrs. W. Pettigrew who was assisted in the duties of hostess by Mrs. Fred Harrington. A lovely birthday cake was baked by Mrs. James Cavil. Mrs. Firth received many gifts and cards from those present and from some who were unable to attend, and a beautiful bouquet of chrysanthemums. Among the guests present were Mrs. J. Cavil, Mrs. E. Carson, Mrs. H. Scott, Mrs. A. Cameron, Mrs. J. Cameron, Mrs. W. J. Fish, Mrs. E. Cheesick, Mrs. Smith, Mrs. Calvert.

Miss Gertrude Graham of Ladner, B.C. has spent the past week in Vermilion, a guest at the home of Miss A. Snaychuk. Miss Graham is on her way to Ontario where she will spend several months visiting at Owen Sound, London and Toronto.

W. R. Wiebe spent several days at Meadow Lake during the past week visiting his mother and his brother Herman. Herman has just returned from a visit to Hot Springs, New Mexico with a side trip into Mexico where he attended a bull fight. This form of amusement didn't appeal at all to Mr. Wiebe as there was too much cruelty involved. He brought back a novel gift for his brother Bill which has to be seen to be appreciated.

Mrs. M. McDowell now residing at Windsor, Ont., says that the family look forward eagerly to receiving the Standard which arrives every Tuesday morning.

R. H. Brennan left Tuesday morning via Canadian National for Vancouver where he will spend the winter months. Bob winters at the coast but summers in Alberta.

Mr. and Mrs. Jack Grant Sr. of the Elnheim district left Wednesday for Vancouver where they will spend the next six months. Mr. and Mrs. Grant also spent last winter at the coast.

The W.M.S. of United church will hold a tea and sale of needlework and home cooking on Saturday Dec. 14th at the home of Mrs. Dr. Scott from 3 o'clock to 6 o'clock. All are welcome. 21-2c

Salvation Army's annual Christmas program will be held on Monday Dec. 23rd. 21-2c

MILITARY NOTES

"A" Company, The Loyal Edmonton Regiment, will parade Wed., Dec. 11th at 19:30 hours at the armouries. Battledress, belts and anklets will be worn. All members and persons interested in joining the unit are requested to attend. New recruit J. A. Ross.

Prompt service, no waiting at Lloyd Harris' Barber shop, two barbers for your convenience. Miss Herbener in charge of the Beauty parlor. 20ctf

Stagette Notes

South side Reporter. Tuesday night Dec. 3rd the Stagettes gathered in the club room for their weekly meeting.

Soon after the singing of the Club song no less than 2 dozen knitting pins rapidly picked up a tune all of their own. Such ambition one seldom ever sees in one group. No idle moments.

The lengthy business period brought forth work for all Stagettefully concerned.

For the benefit of those who were working and curling, may I say the drawing of names for the Xmas party was extended until next week. Be on hand girls.

The so-called lecture Marge gave on "Diamonds" last fall is apparently being disregarded. However, congratulations girls.

Helen presented the bride to be with a lovely pale yellow wool blanket and card signed by all sister Stagettes after which Noreen very graciously responded.

During the course of the evening many thoughts were centred on the 24th of this month. Yes, we hope to have our Holly Frolic again this year providing everyone is willing and the weather permitting. Watch for the posters and more definite notes.

RIVERTON

Mrs G Mathison and her sister Minnie, who has been visiting her, have left for Minnesota for the winter months.

Mrs Les Needham and two daughters are going to spend the winter with the former's aunt and uncle in Cheney, Washington.

There are quite a number on the hunting list. Ben Timonson went west with some others from Dewberry. Harold, Rob and Tom Hyatt went north of Edson.

Tom Wirachowski is home from the hospital. He suffered a broken foot when a horse fell with him.

We hope Mr Staley is feeling better now after a three weeks' stay in hospital.

The Ladies Aid did very well with their annual bazaar. There was approximately $100 cleared. A nice lunch was served and the dance was enjoyed by all.

We extend our deepest sympathy to Mr. and Mrs. G. Fitzpatrick on the sudden passing of Gordon's father.

Mr and Mrs W Mathison and Mrs. Baker were Saturday shoppers to Vermilion.

A short while ago the district had the pleasure of having Mrs. Mary Hines (nee Ward) come for a visit. She stayed two weeks and her visit was enjoyed by all.

Skating and Curling Rinks In Operation

Season's activities have commenced at both skating and curling rinks. Skating got underway on Saturday afternoon last, Nov. 30 while curling in an opening mixed bonspiel commenced Tuesday evening.

Gordon Williams and Grant Hetherington are icemakers and caretakers of the skating rink. Ted Marfleet is in charge for the winter at the curling rink and Darrel Currah has assisted him in making the ice.

IT'S SMART to buy Maxwell House Coffee in the *Super-Vacuum Tin.* Vacuum-packed by the Vita-Fresh Process, it's just as fresh as when it left the roasting ovens.

Tigers Lose Opener In Exciting Game

HUSKIES NOW AT TOP OF THE LEAGUE

A great third period rally by the Vermilion Tigers who overcame a 3-goal deficit to tie the score was the feature of the opening home game of the Eastern Alberta Hockey league Wednesday evening. The visiting Lloydminster Huskies slipped in the winning goal to take home the two points and also the league leadership. The locals admittedly got two bad breaks, one was when the goal judge couldn't see the puck which certainly seemed to be over the Lloyd goal line, and the other was that the winning goal was scored during a lull as the players eased up expecting the whistle to blow as Savoie and Beaton pulled each other down on the ice.

It was a good game, and the crowd kept down to 300 by the cold weather, was well satisfied with the display the Tigers gave against a very strong and smart Husky team. Both outfits played hockey all the time and the two penalties to each team were for very minor unintentional offences. Two former Vermilion players now resident at the Border town, George Washington, goalie and Len Messier centre, lined up with the visitors and gave a very good account of themselves.

As this was the opening home game of the season here Mayor Morrison centred the puck to start the action. President Gar Lawson of the Huskies and Sandy Watt, president of the league each greeted the crowd over the loudspeaker before the game.

Russell Carroll was referee in charge and Frank Spooner of Lloydminster was linesman. Ronnie Barwick handled the mike.

Line-Ups

HUSKIES—Washington, Riley, Miller, Kinney, Mills, Thoreson, Savoie, McLean, Messier, Larkins, Atkinson, Graham.

TIGERS — Martin Manyluk, Neuburgh, Beaton, Thorburn, Williams, Brimacombe, Macnab, Fisk, Donald, Reiger, Kreller, Caskey.

Goal Summary

Lloydminster—Larkins (Riley), McLean (Savoie), Kinney (Atkinson) Atkinson (Thoreson).

Vermilion—Brimacombe (Williams) Williams (Reiger, Brimacombe), Reiger (Brimacombe).

Penalties were meted out to Thorburn, Thoreson, Miller, Donald.

Next league game in Vermilion Saturday Dec 21 when the Vegreville Rangers make their first appearance of the season here.

Lloydminster has 2 wins, Vegreville 1 win and 1 loss, Vermilion 2 losses.

SKATING RINK SCHEDULE

SUNDAY—Skating 2:30 to 4:30 p.m.
MONDAY—Pee-Wee Hockey 4:30 to 5:30; Midget Hockey 7 to 8 p.m.; Skating 8 to 10 p.m.
TUESDAY—Skating 4:15 to 5:30; Senior Hockey 6:30 to 8 p.m.; Skating 8 to 10 p.m.
WEDNESDAY—Skating 3 to 5:30; Pee-Wee Hockey 6:30 to 8:30 p.m.; Midget Hockey 8:30 to 9:30 p.m.
THURSDAY Skating 4:15 to 5:30; Senior Hockey 6:30 to 8 p.m.; Skating 8 to 10 p.m.
FRIDAY—Skating 4:15 to 5:30, and 7.30 to 10 p.m.
SATURDAY—High School Hockey, 9:30 to 10:30 a.m.; Pee-Wee Hockey 10 30 to 11:30 a.m.; Skating 2 to 4:30.
Saturday Night — Skating if no hockey game.

ROXBURGH BREAKS RIB

Reed "Jim" Roxburgh, who turned in a nice game on defence for the locals last night, suffered a broken rib late in the third period when he took Miller out of the play. Jim was staging a comeback after five years away from the game. Everyone hopes that his ribs are the quick healing variety for the Tigers need him back there on defence.

Horsemen Purchase Thoroughbred Stallion

At the Walter Swan Farm, Dewberry

Two local horse fanciers Walter Swan and Homer Campbell, have purchased the thoroughbred stallion "Squarelands" from Saskatoon, Sask. "Squarelands" is a beautiful horse standing 16 hands high and solid black in color. The stallion is now at the Walter Swan farm north of Islay.

OBITUARY

ALEXANDER NICHOLS

On Dec 1, Alexander McKenzie Nichols, of Woodbend, Alberta, passed away. He is survived by three brothers and three sisters, Alfred R Nichols of Tolland, Alberta, John W Nichols of Duffield and A. L. Nichols of Chipman; Mrs James Irwin of Lakefield Ontario, Mrs W E Cairns of Edmonton and Mrs G C Siddall of Hanna, Alberta.

The deceased was well known in the Vermilion and Tolland districts where he had resided for many years and was the inventor of a gold digging dredge which proved a big success on the Saskatchewan river. The funeral services were held from the funeral chapel of Foster and McGarvey, Rev. A. J McQueen of Robertson United church officiated.

An international plan is under way now to prevent depression. Canada, the United Kingdom and the United States are preparing forecasts for 12 months ahead on what can be expected in the way of employment, exports, production, public works and private capital investment. The forecasts will be exchanged and action taken to prevent any threat.

Vermilion Mourns Death of Pioneer

WILLIAM TELFORD PASSED AWAY SUNDAY, DEC. 8th

A leading citizen and business man of Vermilion from the early year of 1907 to 1916, then a successful farmer in the Allandale district until he retired two years ago at the age of 77, William Telford passed away at the hospital Sunday night December 8th, at the age of 79 years, 6 months. He had been ailing all year.

Mr. Telford was born on May 15 1867 at Bryson, Quebec. He moved to Manitoba in 1890 and had hotel businesses in Winnipeg, Portage le Prairie, and Winnipegosis. It was from the latter place that he came to Vermilion in 1907. He at once became interested in business and purchased the Alberta hotel, now known as the Parkview Apartment block and operated in conjunction with the present Vermilion hotel. In 1916 he disposed of his business, buying farm land north-east of Vermilion in the Allandale district. Here he carried on successful mixed farming operations. He had for many years a very fine dairy herd of Holsteins.

Mr. and Mrs. Telford farmed until two years ago, when they sold their farm and effects and moved into Vermilion and purchased a home.

Mr. Telford in his younger life, was a great curler and participated in many of the big bonspiels in the west. He was one of the moving spirits in having a curling and skating rink built here in the early days of the town and was a past president of the curling club. He was also a past president of the Vermilion Agricultural society.

He supported Liberal policies in politics and was a member of the Masonic order.

Left to mourn his loss are his sorrowing widow, one daughter Mrs. Muriel Anderson of Seattle, two grandchildren, Dr. Telford Anderson of Seattle and Miss Shirley Anderson of San Francisco, Calif.

Funeral services were held Wednesday afternoon at 2 o'clock at the United church and interment took place at the Vermilion cemetery. A complete obituary will appear next week. Moyer Bros. carried out the funeral arrangements.

Scientists are working day and night in an effort to find a cure for tuberculosis.

Vermilion District Holds Cattle Breeders Meetings

Shorthorn and Hereford breeders in the Vermilion - Lloydminster district held two well attended meetings at the school of agriculture, Vermilion during the past week.

The evening programs commenced with banquets, after which out-of-town speakers discussed the cattle industry. The placing and later discussion on classes of breeding heifers was an unusual and highly successful addition to the program.

At the Shorthorn meeting, J. W. Durno, of Calgary, prominent auctioneer and western fieldman for the Shorthorn Breeders association was the principal speaker. W. L. Robinson was chairman.

The Hereford Breeders had J. S. Palmer of Marsden, Sask., and D. A. Andrew of Calgary as guests speakers. Mr. Palmer is president and Mr. Andrew is secretary of the Canadian Hereford Breeders association. The chairman was J. S. Cross.

The meetings were addressed also by Principal Bentley and J. L. Kerns of the school of agriculture staff and by E. H. Buckingham District Agriculturist. A. A. Mitchell of Lloydminster discussed the placing of the class of Hereford heifers and J. Stevens of Vermilion, judge of sheep at the recent Royal Show Toronto, told about the 900 sheep on exhibit there.

The organization of the meetings and the arrangements were handled by District Agriculturist E. H. Buckingham.

Red Cross Notes

Workroom Now in Basement of The Town Hall

The Red Cross workroom is now located in the basement of the town hall building. Work may be taken out or completed work handed in on Saturdays 2:30 to 5 p.m.

The Ways and Means committee wish to acknowledge with thanks the sum of $7.74 collected in the Red Cross box in the liquor vendors.

Mrs Arthur Butler and little daughter Penny of Lethbridge spent from Friday evening to Monday in Vermilion, guests at the home of Mr and Mrs. E. M. Stewart.

"GREEN ACRES"

TARTARY BUCKWHEAT

This weed is slowly but surely spreading over the district. It is one of the hardest weeds to keep under control and losses in grain yields are high. Farmers should guard against buying seed grain containing Tartary buckwheat seeds.

SHIPPING FEVER

Shipping fever is effecting many cattle herds throughout the district. Reports indicate that it is mostly the acute type of the disease although the chest is affected in some cases. Sick animals should be protected from the weather and inoculated.

SERUM OR BACTERUM

When animals have contracted shipping fever it is necessary to use the serum inoculation. Serum will protect well animals for a few days only. Bacterum inoculation does not become effective for a week or so but it keeps cattle immune to the disease for several months.

PIGS NEED VITAMINS

In winter when greenfeed [illegible] available for pigs vitamins must be supplied in some form or pigs become unthrifty, [illegible] Alfalfa hay and fish oil will provide the required vitamins. [illegible] feeding are available at DA office.

D.A. CONFERENCE

All next week your DA will be attending the [illegible] of District Agriculturists [illegible]

[illegible]

Noreen Williams Becomes Bride of Grant Hetherington

An evening wedding was solemnized Saturday December 7th at seven o'clock in St. Saviour's Anglican church, when Noreen Williams elder daughter of Mr. and Mrs Gordon Williams, became the bride of Mr Cecil Grant Hetherington, son of Mrs A. M. Hetherington and the late Mr Hetherington. The altar was banked with white and yellow mums and ferns making an attractive setting for the ceremony, which was performed by the Ven. W. Leversedge, D.D.

Entering the church on the arm of her father, the lovely bride wore a dress of white net with full skirt and silk jersey top, fashioned with a sweetheart neckline. Her veil of silk net, was worn by both her mother and grandmother at their weddings. The bride's bouquet was of American beauty roses and ferns. Her jewelry was a string of pearls and pearl ear rings, gifts of the groom.

The bridesmaid, Miss Norma Williams, sister of the bride, wore a dress of pink sheer, and carried a bouquet of deep pink carnations and ferns.

Mr. Lee Williams, brother of the bride, attended the groom. The ushers were Ed Williams and Keith Hetherington.

Mr. Fred Brimacombe was organist. During the signing of the register Miss Elaine Ewanuik sang "I Love You Truly."

The reception held immediately after the wedding ceremony was attended by fifty relatives and friends. Receiving with the bride and groom were Mr and Mrs. Williams and Mrs. Hetherington.

Mrs. Williams, mother of the bride, chose a blue wool two-piece suit with matching hat. Her corsage was of red and white carnations and fern. Mrs Hetherington wore a dress of rose crepe with black hat and corsage of deep pink and white carnations and fern.

Red and green holly with white and yellow mums decorated the reception rooms. The bride's table was laid with a crocheted lace cloth centred with a three-tiered wedding cake flanked by ivory tapers and white mums.

Mrs. Hamilton grandmother of the bride presided at the tea table. Assisting in serving were the Misses Helen Kish, Lyda Currah, Chrissie Romanuk, Elaine Ewanuik, Muriel Smith, Frankie Reid.

Miss Norma Gibbons and Miss Carole Bushell displayed the wedding gifts.

Mr. John Reid proposed the toast to the bride, to which the groom responded. A telegram of congratulations was received during the evening from Audrey and Noreen Wellman of Edmonton.

Following the reception the happy young couple left for Edmonton where they are spending a short honeymoon. For travelling the bride wore a rust wool two-piece dress topped with a green coat trimmed in black fur and with black accessories.

On their return Mr and Mrs Hetherington will reside in Vermilion for the winter months.

Out-of-town guests present at the wedding [illegible] Mr and Mrs Frank [illegible] Misses Norma Williams, Frankie Reid, [illegible] Mrs E Taylor [illegible]

[illegible]

Extra Train Service For Christmas

[illegible] will be [illegible] Vermilion and Lloyd [illegible] Christmas eve, Tuesday [illegible] Wednesday [illegible] to the [illegible] of those [illegible] to travel those [illegible] The train will [illegible] on the [illegible] as the daylight [illegible] the regular train [illegible] those [illegible] each week.

Christmas Issue of Standard Next Week

RESERVE YOUR ADVERTISING SPACE AT ONCE

Next week's Standard will be the Christmas issue, and will also be the last issue of 1946. The Standard will not be published Christmas week.

Regular advertisers are asked to have their changes of advertisements in the Standard office not later than Monday noon, one full day earlier than usual. It is likely that every ad in the paper will change—and it takes a lot of time to set type for upwards of 50 advertisements.

CHRISTMAS GREETING ADS

Firms not advertising regularly but who desire a Christmas greeting advertisement, should call the Standard office No. 44 and reserve space at once. The advertising staff is prepared to help you with your ad.

Roy Kent Retires From the Vermilion School Div'n Board

At the annual sub-divisional meeting of the Vermilion school division held at Marwayne last week W. Lloyd Brown of Islay was elected by acclamation to fill a vacancy created by the decision of Mr. Roy Kent to retire from the Board.

Mr. Kent spoke briefly thanking his supporters and asked for the closest co-operation for his successor. Both school superintendent E. C. Miller and secretary J. R. Robson testified as to the value of Mr. Kent's service during his term of office.

Election in Sub-Division 1

An election is being held in subdivision 1 where Charles H. MacKay of McLaughlin, seeking re-election, is being opposed by Percy Howe of Rivercourse.

Exhibition Hockey Game on Tuesday

ST. PAUL TO MEET LOCALS [illegible]

In an effort to round the promising Vermilion hockey squad into their true form some exhibition games will be played between regular league fixtures. The first of these is scheduled for Tuesday night when the fast travelling St. Paul outfit will be at the Vermilion arena to give the Tigers a thorough going over.

Admission prices are the same as for the league games and reserve seats are available at the Creamery. See the display advertisement for full particulars.

W. I. is Formed in Wildmere District

On Wednesday afternoon of last week the Wildmere and district Welfare Workers club held its last meeting under that name at the home of Mrs. Whitlock. At 2:30 that afternoon the Welfare Workers were succeeded by the formation of a branch of the Women's Institute.

Mrs. R. Culford of Lloydminster, district convener of the W.I., attended and gave a very interesting talk on the constitution of the W.I. so that all considering joining would know just what was required and expected. Only two ladies present had ever belonged to a W.I. branch before. The following officers were elected:

President—Mrs. John Wilson
1st Vice-Pres.—Mrs. W. J. Garnett
2nd Vice-Pres.—Mrs. H. Rathe
Secretary—Mrs. Frank O'Keen
Treasurer—Mrs. R. Martin
Directors—Mrs. W. Steele, Mrs. G. Whitlock, Mrs. J. C. Wallington

The first meeting as the W.I. will be held Thursday Jan. 2 at the home of Mrs. J. Wilson.

All old business of the Welfare Workers was completed before Mrs. Culford took the chair. Mrs. P. Jenson, president of the Vermilion W.I. attended the meeting and Mrs. Ford from town also came along.

Mrs. Ford donated two quilt tops to the Wildmere W.I. for which she was heartily thanked.

Following the completion of all business Mrs. Whitlock served a very tasty lunch.

From now on the Wildmere Welfare Workers club will be officially known as the Wildmere Women's Institute.

Cold Wave Strikes; Thursday Morning Coldest of Winter

Temperature sank to 14.5 below here this Thursday morning at 8:30 o'clock for the lowest of the season. Continued cold is the forecast with some snow on Friday.

The following high-low readings tell the story—

Day	High	Low
Thurs. Dec. 5	18.8	-5.1
Fri. Dec. 6	19.4	-2.2
Sat. Dec. 7	27.2	6.8
Sun. Dec. 8	19.6	-1.2
Mon. Dec. 9	8.2	-14.2
Tues. Dec. 10	20	-7
Wed. Dec. 11	-7	-14.2
Thurs. Dec. 12	[illegible]	[illegible]

—Statistics supplied by courtesy of the Dept. of Transport Radio Range station and weather bureau, Vermilion.

Expiry Dates On Ration Coupons

All sugar-preserves S coupons Nos. 1-25 in ration book 5 will expire on Dec. 31, 1946, the WPTB announces. In addition meat coupons M Nos. 56 to 62, butter coupons B Nos. 29-34 in ration book 6 and all evaporated milk coupons bearing a beaver [illegible] will expire on that date.

These coupons may still be used by a supplier for a period of 14 days after the expiry date, officials said. However, they may only be used for purchasing supplies until Jan. 7, after which they must either be deposited to the credit of his ration coupon bank account or surrendered to a bank in exchange for a bank transfer voucher on or before Jan. 14, 1947.

Three-Day Course in Milk Pasteurization

Dairy plant, public health and milk control personnel as well as others with specific interests in milk pasteurization are invited to attend a short course at the University of Alberta on December 19, 20 and 21, offered jointly by the Dept. of Dairying, University of Alberta, the Alberta Department of Health and the Dairy Branch of the Department of Agriculture.

Topics for discussion and demonstration will include milk-borne disease and the protection offered by pasteurization, the basis for pasteurizing temperatures, chemical and nutritional effects, costs, types of pasteurizers with their specifications and control, public health inspection and control, government services, legal aspects, tests common to the milk plant, etc.

Each attendant at the course will be expected to make his own arrangements for living accommodation. Meals at popular prices are available on the University campus.

Registration will take place at 9 a.m. Thursday Dec. 19, at the Dept. of Dairying, University of Alberta, Edmonton, and enquiries should be mailed to that address.

Check that date on your label now!

THE STANDARD

Vermilion, Alta., December 12, 1946.

FIREPROOF YOUR XMAS TREE

Danger of your Christmas tree catching fire can be greatly diminished by standing the tree in a solution of water, calcium Chloride and and ammonium sulphate for several days before decorating the tree. These ingredients can be obtained from your druggist and the cost per tree is only a few cents.

The liquid is drawn up the trunk, and the sooner the solution is used after the tree is cut the more effect it will have.

There were 80 lives lost from Xmas tree fires last year in the United States and 2000 non-fatal fires set from the same source. In Edmonton this year every tree sold has a tag attached giving simple instructions on how to fireproof the tree. The method is not fully effective but it does take the tree out of the highly inflammable class.

Arena Schedule Emphasizes Skating Hours

Attention of everyone is directed to the skating and hockey schedule of the arena rink which appears elsewhere in this issue of the Standard. This will appear in larger form next week and reprints will also be available at the rink.

It will be noted that there are plenty of afternoon skating hours especially adaptable for children after school. In fact there is only one afternoon, Monday, that there is no afternoon skating. There is also early skating Friday evening commencing at 7:30.

The generous number of skating hours in the afternoon is something of an experiment, and general use of them by large numbers of children particularly will ensure the plan being effective in succeeding years.

Any Person Here Interested in Handling $1,000,000 Project?

SUCH IS VERMILION'S FAME

Vermilion prides itself on being widely and favorably known as a town with progressive ideas but little did the citizens realize that its fame had travelled far enough to attract attention of the kind it apparently has in London, England. Such is the case however as Secretary F. J. Richardson of the Vermilion Board of Trade has received a letter from a company called "General Trade Clearings Ltd., of London, stating that said company was now in a position to offer for sale a wire rolling mill with a capacity of 1,000 tons per week of 120 hours. After describing the plant in detail the letter ends with the following paragraph:

"The complete installation ready for operation, and including all electrical gear will cost the buyer something less than £200,000 (nearly one million dollars). The mill should be of particular interest to any large steel works or rolling mills seeking such additional equipment, and it would be appreciated if any likely firm in your area could be advised of this offer. Having regard to the magnitude of the proposition, it will be appreciated if you would inform only companies of a financial standing capable of handling a transaction of this importance."

Now then gents — line up on Mr. Richardson's right and no crowding [illegible]

Check that date on your label now!

Ten Cents Extra Payment on Wheat

The Government announces it will pay ten cents a bushel extra on 1945-1946 wheat. All Searle Agents are empowered to list farmers' Participation Certificates and make application for immediate payment. The Searle Grain Company is proud to know that the petition for higher prices which it recently circulated among farmers had much to do with winning this extra ten cents. Take all your 1946 Participation Certificates quickly to the nearest Searle Agent.

Plan To Make German Zones Single Area

NEW YORK.—Secretary of State James F. Byrnes predicted that preliminary discussions of Germany would probably be little more than agreement on future procedure.

Byrnes made his statement at a press conference called to announce the details of the American-British plan for economic fusion of their occupation zones of Germany. The plan makes the United States and Britain "equal partners" in treating the two zones as a single area.

Byrnes and British Foreign Secretary Ernest Bevin in a joint statement said:

"The agreement contemplates an economic program designed to make the area self-sustaining in three years. By this program it is expected not only to decrease the cost of occupation of the area but also to make possible the gradual restoration of a healthy non-aggressive German economy which will contribute materially to the economic stability of Europe."

The agreement includes a promise by the two governments to increase the present ration standard for Germany from 1,550 calories to 1,800 calories as soon as the world food supply permits.

Byrnes admitted that the immediate cost to the American taxpayer under the plan to fuse the two zones will be greater—approximately $100,000,000 more in 1947 than it would have been if the two zones remain separate. But he explained that at the end of three years under the unified plan it is expected that the two zones, by operating together, would attain economic self-sufficiency. He said that would be impossible if the two zones remained separate.

Byrnes admitted also that he had not consulted members of congress who will be responsible for approving higher appropriations in the next year or so. He appeared confident, however, that congress could be persuaded that in the long run economic fusion will cost the American taxpayer less.

NEW AMBASSADOR

President Truman Appoints Treasury Undersecretary Gardner To Great Britain

WASHINGTON — President Truman appointed Treasury Undersecretary O. Max Gardner ambassador to Great Britain at a time when this country and Britain are engaged in a major diplomatic struggle to preserve democracy in Europe.

Gardner, former governor of North Carolina, succeeds W. Averell Harriman, who quit the important post at the court of St. James to become secretary of commerce in Mr. Truman's cabinet.

The president told his news conference that Gardner would take over the London embassy as soon as possible. He said he had given no thought to appointment of a successor in the treasury undersecretaryship.

Gardner's appointment, like all others made by the president while congress is in recess, will be subject to confirmation by a Republican-controlled senate in January.

STORY IS DENIED

Britain Not Making Plans For Military Pact With America

LONDON.—A source high in the Labor government said Britain is not formulating plans "for any sort of a military pact with America which would commit one or the other to any definite action in the event of certain eventualities."

He denied an assertion in the Communist newspaper Daily Worker that Britain was about to enter secretly into a 10-year de facto military alliance with the United States, in which Britain would supply the fighting men and the United States would provide arms.

The informant said that any negotiations now in progress between the two countries involved only integration of armaments. He said there is little to add to Prime Minister Attlee's statement that the proposed agreements on armaments integration are being considered within the framework of the United Nations and that Mr. Attlee had hoped Russia would be a participant.

SHOWING DECREASE

Board Of Grain Commissioners Reports Drop In Wheat Stocks

WINNIPEG.—Visible stocks of wheat in store in Canada the week ending Nov. 28 were 134,600,000 bushels, a report of grain commissioners indicated. This was a decrease of 1,000,000 bushels from the last week and compared with 204,800,000 at the same time last year. Pacific coast wheat stocks totalled 3,500,000 bushels and 2,700,000 bushels were at the Atlantic seaboard position.

NEW TRADE COMMISSIONER

VANCOUVER.—Paul Sykes, newly appointed Canadian trade commissioner to Singapore, said here that Canada is making a strong bid to restore her rich pre-war trade with the Orient.

FOUR LIVES LOST IN TRAIN WRECK—Wrecking crane lifts locomotive truck which lay across the body of Engineer J. O. Logan after the Saskatchewan train collision which took the lives of four men.

German Science Valuable Aid To United States

WASHINGTON.—An estimate that German and Austrian scientists have saved the United States more than $750,000,000 in basic research in rockets alone was made by the war department in announcing that some 7[illegible] additional experts would be brought to the country.

Detailing for the first time the employment of former enemy brainpower, an announcement said the scientists had advanced American research in several fields from two to 10 years.

Since September, 1945, the number put to work for the United States, principally at Wright field, O., and the white sands rocket-proving ground in New Mexico, has grown to 270. The total is to be increased to about 1,000 as soon as transportation arrangements are completed. Some already have sailed from Bremen.

The scientists and technicians include the former chief designer for the Messerschmitt aircraft works and the technical director of the Nazis' wartime Peenemunde rocket proving ground on the Baltic. They came to the United States voluntarily.

Others have been hired by Russia and Great Britain but those countries have disclosed neither the exact numbers nor the work in which the scientists are engaged. It recently was announced a group is en route to Canada.

Lifting the secrecy in effect for more than a year, the war department last month permitted interviews and photographs of the 86 at Wright field and 118 at Fort Bliss, Tex., and the nearby white sands proving ground. A formal announcement issued as these were released for publication said:

1. Some are helping design a new high-speed, lightweight diesel engine intended primarily as a prime mover for light, high-powered locomotives, but adapted to marine and other use.

2. The men who developed the ribbon parachute are helping improve this device for high-speed landing of cargo and men, and for slowing down aircraft in landing and diving.

3. Others are helping in perfecting heavy-duty equipment of German design for fabrication of light metals. One scientist turned over "invaluable" reports on techniques for aeronautical research.

4. Still others are engaged in developing aircraft wind tunnels, consolidating information on jet propulsion as related to rotary wing design and on synthetic petroleum production. The latter includes hydrogenation of coal to produce synthetic petroleum products, carbonization of coal and oil shale, and synthesis of gas by the German "fischer tropsch" process.

HONOR VISCOUNT ALEXANDER

LONDON.—The king has appointed Field Marshal Viscount Alexander of Tunis, one of Britain's wartime leaders, now governor-general of Canada, and six other leading war figures, to be Knights of the Garter, Britain's highest order of knighthood, the government disclosed.

FLY DRUG FOR PREMIER

CAIRO.—A special United States army plane arrived here from Germany with a quantity of the drug streptomycin for Premier Ismail Sidky Pasha, who is ill.

LEAD SHIPS LEAVE

U.S. Navy's Expedition Is On Its Way To South Pole

ABOARD THE U.S.S. MT. OLYMPUS.—The lead ships of the United States navy's expedition to Antarctica steamed through Hampton Roads Dec. 2 and headed for the South Pole.

A cold wave which hit Norfolk chilled some of the sailors' enthusiasm for the four-months trip of exploration and scientific-military testing, but generally the departure moved smoothly.

The flagship Mt. Olympus, the icebreaker Northwind, the seaplane tender Pine Island and the destroyer Brownson left the Virginia port with supplies sufficient to last eight months if necessary.

Four thousand men, under the command of Rear Admiral Richard E. Byrd of previous polar expedition fame, make up the amphibious expedition.

DUCKS GO WEST

Alberta Man Claims They Fly Over Rockies To Pacific Coast

WEMBLEY, Alta.—B. Hamm of this northern Alberta town claims to have obtained proof that ducks fly over the Rocky mountains from the Peace River district to the Pacific coast.

Last year Mr. Hamm banded 1,111 ducks and has received 120 returns including 87 birds killed on the Pacific coast. This year Mr. Hamm, who has a fine collection of stuffed birds and animals, [illegible] ducks and is waiting further proof of the ducks' flight westward.

Wembley is about 210 miles northwest of Edmonton.

BUYING SHIPS

BUENOS AIRES.—Navy ministry sources said Argentina is planning to buy abroad within the next year an aircraft carrier, a cruiser, three submarines and landing craft for a battalion of marines.

Urges Set Up Of Training Pool For Health Plan

WINNIPEG.—A training pool to be set up by the four western provinces to look after common needs in such fields as the training of dentists, medical and psychiatric social workers, dietitians and medical specialists was advocated in the report of a special committee of the Rockefeller Foundation released here by the Manitoba government.

In view of the comparatively small populations in the western provinces the report said that it would be uneconomical and unnecessary for each to establish training institutions of all categories.

A joint planning commission set up by the governments and the universities of the western provinces, was recommended as a medium whereby plans could be considered for the overall requirements.

The report suggested an essential preliminary step would be for each province to set up its own joint government-university planning committee.

The Rockefeller committee, asked by the provincial government and the University of Manitoba last June to examine existing and planned health measures in the province, lauded the Manitoba health plan as the "most realistic approach in Canada that we have knowledge of for the provision of better health services."

While praising the setup planned under the 1945 provincial Health Services act, the committee made a number of recommendations designed to hasten the act's implementation.

It urged that a full-time professor of social and preventative medicine be appointed at the University of Manitoba, together with necessary assistants. The appointment of full-time heads for surgery, medicine, obstetrics, gynaecology and roentgenology in the medical faculty was also recommended.

MOST VALUABLE THING

ST. THOMAS, Ont.—Thieves who entered the city laundry here didn't want money or valuables, all they wanted was shirts. They opened three parcels of laundry and removed five shirts, ignoring the remainder of the parcel's contents.

STUDENTS MEN ASIDE—Mrs. Florence Paton, Labor member for Rushcliffe, Nottingham, is one of 12 chairmen [illegible] by the Speaker of the House for the current Parliament [illegible] school teacher [illegible] the first woman to get such an appointment.

WINS WITH LABOR IN N.Z.—Prime Minister Peter Fraser and his Labor government have been returned in New Zealand with a slightly reduced majority. Nationalist party will form opposition.

ALBERTA LIVESTOCK HITS NEW RECORD

Valued In Excess Of $3,300,000 Was Handled

CALGARY.—Livestock valued in excess of $3,300,000 was handled through the Alberta stockyards during November to set an all-time record for livestock handlings for any month, officials of the Alberta Stockyards company said.

The exact value of the stock handled amounted to $3,351,437. Not included in this total were the hundreds of thousands of dollars worth of livestock handled directly by the local packing plants.

GOING TO OXFORD

Young Alberta Veteran Named Saskatchewan's Rhodes Scholar For 1946

SASKATOON.—Saskatchewan's 1946 Rhodes scholar is James Albert McDonald of St. Albert, Alta. Announcement of the award was made by the selection committee in Saskatoon.

Mr. McDonald, a 27-year-old veteran of the Second Great War, is the son of Mr. and Mrs. J. D. McDonald. He served six years in the navy and graduated this spring with great distinction in arts and sciences.

At present he is taking honors in economics. At Oxford he will study advanced economics.

COMING HOME SOON

Balance Of Canada's Overseas Troops Will Be Back Shortly

OTTAWA.—All but a handful of Canada's overseas troops will be back home by mid-January, army authorities said.

There are now 1,800 troops overseas, it was estimated, and the bulk of this number—1,020—sail for Canada Dec. 10 on the liner Samaria. Another 600 will leave Jan. 8 on the Aquitania.

About 150 servicemen have indicated their intention of taking their discharges in England and staying there. The others will remain in the United Kingdom on duty as Canadian army liaison officers.

PRODUCTION BOOSTED

LONDON.—Britain's export-or-die campaign resulted in increased production of steel, motor vehicles and merchant ships in October, the official monthly digest of statistics disclosed. Employment in September totalled [illegible] or 30,000 more than in June, 1946, while registered unemployed were 250,000 against 1,[illegible] for the same pre-war month.

Farmers May Be Asked To Cut Wheat Acreage

OTTAWA.—The Dominion-provincial agricultural conference recommended that Canadian farmers seed only 24,000,000 acres to wheat in 1947 for a 1,900,000-acre reduction from the 25,9[illegible] acres seeded this year.

Announcing 1947 farm production targets at the end of a three-day meeting, the conference also recommended that oats acreage be boosted to 11,310,200 acres from the 11,162,700 seeded this year and that barley acreage be increased almost 20 per cent to [illegible] from this year's total of 6,730,[illegible] acres.

The conference agreed that the barley acreage should be increased through some incentive yet to be determined. There had been suggestions during the conference discussions that a bonus be paid to farmers for every [illegible] acre [illegible] to barley.

The [illegible] the output of feed grains and barley reflected the emphasis placed during the conference [illegible] on the need of providing more feed if farmers were to maintain output of meat and dairy products.

The recommended rye acreage for 1947 was [illegible] six per cent below the [illegible] acres seeded in 1946.

The conference recommended that the prairie provinces put 18,811,100 acres in summerfallow—land left idle for a year as a conservation measure—compared with the 18,[illegible] acres summerfallowed this year.

The target for mixed grains, grown principally in Quebec and Ontario, was placed at 1,453,400, a four per cent gain over this year's total of 1,399,[illegible] acres.

STRIKE IN EIRE

Means No Sugar If Factory Employees Will Not Resume Work

DUBLIN.—Harassed housewives will go without sugar for Christmas and confectionery, jam-making and allied industries will be at a standstill unless employees of Eire's four sugar beet factories return to work.

In defiance of their unions employees have been on strike several weeks seeking improved pay and working conditions. Provisional agreement was reached with the Irish Sugar company but workers repudiated it.

Deadlock now prevails. The company, backed by the government, will negotiate only with the unions. The workers, despite union orders to return, say they won't go back until they get what they regard as a satisfactory offer.

SIMPLE TO READ

Pilot Can Tell Distance From Ground By New Radar Device

OTTAWA.—A radar device to enable an airplane pilot to tell his distance from a ground station by a glance at a dial has been developed by the national research council.

As simple to read as an automobile dashboard instrument, the installation gives a flier his position "to a high degree of accuracy even when he is unable to see the ground," the council said.

Preliminary models have been tested extensively and an experimental installation on a Canadian airline now is under way.

THIEVES NABBED

Police Have Arrested Fifteen Members Of Robber Gang In Russian Zone

BERLIN.—The German State Railways announced that flying columns of railway police, together with Russian military police, have arrested 15 members of robber gangs which have been holding up trains in the Russian occupation zone.

There have been more than 500 attacks on trains in the Russian zone and the attacks have been declining, railway officials said. They reported 47 gang robberies and 22 single [illegible] during October.

WINS OWN FREEDOM

LONDON.—A sheep dog testified in its own behalf recently.

The dog's master insisted the animal was docile and invited the magistrates to see for themselves.

A magistrate left the bench and stroked the dog, said to be a public nuisance. Accused wagged its tail politely.

Verdict: Not guilty.

RULE INVOKED

TORONTO.—A rule of the American contract bridge league was invoked by A. M. Sobel of New York, tournament director, to bar a Trinidad Negro, 41-year-old Leon Beard of Port-of-Spain, from playing in the Toronto Whist club's annual Ontario bridge tournament here.

R.A.F. CHAPEL BURNED

BIGGINHILL, Kent, England.—The R.A.F. chapel built here in 1943 as a memorial to 500 dead and missing pilots in the Battle of Britain has been destroyed by fire. 2788

ROMANIAN ELECTION "NOT SATISFACTORY" TO U.S. AND BRITAIN—[illegible] after voters had cast a majority of ballots in their favor are Petru Groza, left, Romanian premier, and Gheorghiu Dej, secretary of the Romanian Communist party. U.K. and U.S. observers are reported dissatisfied with the elections.

Bowtell Bulletin

A very enjoyable afternoon was spent at Mrs. Fenton's home on Wednesday when the Busy Bees held their December meeting. Considerable discussion took place regarding the Christmas tree entertainment which will be held Dec. 20th in the form of an amateur night. If you have a child who can sing, dance or recite or entertain in any form whatever, please get into touch with Mrs. Sherwood so a program may be made out. Mrs. Schoof is kindly making the 100 bags required.

The next B.B. meeting will be held at Mrs. McGinnis', lunch by Mrs. Walker and Mrs. J. Simonuk.

A dance will be held in the Bowtell school on Friday Dec. 13. O. Repp doorman and T. Sherwood M.C. Patty, Isabel and Marion are the lunch committee.

The writer and family enjoyed a visit from Mr and Mrs. Gow Wednesday evening.

Dick Payne has purchased a new truck and sold his former one to Joe Payne.

Mr. and Mrs. Dedelly were Sunday visitors at the Jones' home.

Harry Perkins arrived home Friday and expects to remain here until early in January when he returns to the hospital in Edmonton.

Noticed around: Two bachelors getting along fine, Mr. Repp and Robert; Tom Sherwood purchasing a registered Hereford bull from Jack Cross; Quite a number ill with flu; Everyone getting ready for Xmas; Hugh Rose out buying some cattle in the Bowtell district; Charlie Pefford thinking of visiting Calgary and Creston in the near future; Mr. and Mrs. F Robinson busy moving to their farm — Last but not least, congrats to all of the newly weds in town and district.

MORRISON NEWS

Our meeting was held at the home of Mrs Gillies on Wednesday.

Mr and Mrs. Dupuit and family were supper guests at the Gillies' home, also Bill and Len Chrisnie and Laurence the same evening.

A number of Morrison people went to Islay Tuesday night to see the play, "Coon Town" presented by the Dewberry players. Dewberry has certainly some singers and actors both and the play was much enjoyed by all.

The writer hears that Mr. Arthur Romaghan has gone to the coast for a holiday—don't get your feet wet Art, and you will need an umbrella as according to all reports it is really wet out there right now.

The roads are still open and every one is hoping the weather will be nice for the Xmas season. We will miss our tree and concert at the old school this year, but we will try and give you a laugh or two on Dec. 27th.

ETHELWYN NEWS

It is a long time since we have been in the news and now everyone's thoughts are very much on Xmas — how time flies. Two dances and a whist drive have been held in the Rye school with proceeds in aid of the Xmas tree fund. All have been quite successful financially and the children are thus assured of a nice treat.

Congratulations to Mr. and Mrs. Donald MacLellan on the birth of a daughter.

Mr. and Mrs. John Grant have gone to Victoria for the winter.

Mr and Mrs. Chris Jacobson have returned to their home here after spending several weeks with the latter's brother, Donald Morison at Lac la Biche.

Mrs. Attfield, Robin and Sydney have gone to Victoria to spend Xmas with Mrs. Attfield's mother.

Sincere sympathy of a large circle of friends is extended to the MacNeil family on the death of their mother and grandmother.

Mr and Mrs Gallagher are planning to move shortly to their new home in Clandonald. The family is busy getting the house there ready for their parents. Mrs Gallagher is slowly improving in health.

It might be a bit early but the writer of this column wishes the readers of the Standard, the Editor and staff, a very Merry Christmas and a Happy New Year.

C.N.R. Offers Low Fares for Xmas and New Year's Holidays

WINNIPEG. — Special low railway fares will again be available for the Christmas holiday season, according to Wm. Stapleton, passenger traffic manager, Canadian National Railways. For Christmas, tickets will be available on Dec. 23, 24, and 25, and will be good to return until midnight Dec. 26, or first available train. The same low fare will apply over New Year's and tickets will be on sale on Dec. 30, 31 and Jan. 1, with a return limit of midnight, Jan. 2, or first available train.

For those who have a longer vacation, taking in both holidays, the railways offer a rate of one way fare and one half for the round trip, with tickets on sale from Dec. 20, 1946 to Jan. 1, 1947, inclusive, with a return limit of midnight, Jan. 7, 1947.

These low fares will apply between all stations in Canada and tickets will be good in all classes of accommodation.

OUR COMPLETE SHORT STORY—

THE DUMMY'S COAT

By ANN HARRIS

Copyright
Wheeler Newspaper Syndicate

PAT strode doggedly down the street. Where he was going he did not know. All he knew was that he was hungry and had to eat.

He looked this way and that way, his head turning from side to side. He saw people, warmly dressed, gaping at shop window displays or rushing home. He was cold, too. The air was raw and biting, snow came down in sleet, and his coat was thin and ragged. He pressed his hand to his stomach to ease the gnawing there and cried out "I've got to eat! I've got to eat!"

The sound of his voice startled him. A few persons looked up as they passed, but none offered him so much as a penny.

On and on he went, hoping to find a friendly restaurant. Suddenly he stopped, while his eyes bulged. On the sidewalk stood a dummy. It was an ordinary store dummy, but Pat stared at it, fascinated, and ran his tongue around his lips. Never before had he been interested in dummies, but this one, within easy reach of his hand, had a brand-new overcoat upon its back.

Pat's fingers twitched. Silently he moved toward it, then stepped quickly away, leaving the dummy standing there coatless.

Looking straight ahead now, he hurried on. At the corner he turned into Elm street, over to Warren, then into Oak, and down toward the river.

Satisfied, at last, that he was not being followed, he examined the coat. It was soft and warm and the price tag read $30.00. He tore off the tag and threw it away. The pawn shop near the docks would give him $5.00 for it without question. Already he was tasting a good dinner.

Before entering the pawnshop he cautiously looked in through the window, jerking himself back abruptly. At the rear of the room a tall, lean man was inspecting the books of the shop. Pat recognized him as Jack O'Hara, a plain clothes man from headquarters, and retreated hastily.

"Glory be!" he ejaculated. "Glory be!"

Where should he go now? He couldn't eat the coat, and his stomach was clamoring for food.

Once before, he recalled, he had been befriended by Ross Jennings, bar man at an uptown club. Perhaps he would give him something for the coat, even if it were nothing more than something to eat. He just had to eat.

Ross was busy when Pat arrived at the club house, but seeing Pat's excited manner he led him to a small, private room to one side.

Quickly Pat explained that he wanted to sell the coat.

Ross felt of its texture and tried it on. "I don't need a coat," he said after a few minutes, "but I know a man who might buy it. I'll tell you what I'll do. I'll give you $15.00 for it, but if he doesn't want it you'll have to take it back."

Pat nood dumbly. He couldn't speak.

"Wait here," Ross told him. "I'll have the money for you in a minute."

Ross went out and Pat sank weakly into a chair. Fifteen dollars was [illegible] amount to him. He was glad that he had not been able to pawn the coat.

Ten minutes passed and Ross had not returned. Pat was growing anxious. What was keeping Ross? All at once he heard loud voices and shrill cries, mixed with the sound of splintering wood and running feet.

What was going on? Pat opened the door a trifle. To his consternation, the outer room was filled with police, who were wrecking the place.

"A raid!" Pat gasped, as he pushed the door shut and bolted it. "A raid!"

Snatching up the coat he ran to the window and looked out. It was a big jump, yet he would have to risk it. He landed on his side, but the thick, heavy overcoat lay beneath him. Only one ankle felt somewhat stiff as he got to his feet.

Dashing through the yard, he sprang over the fence, then over another until he came into a side street. Still clutching the coat, he ran with all his might toward Main street, where he mingled with the crowd and paused to catch his breath.

Looking backward he caught sight of a policeman in the distance, and began to run again. The coat had become a burden by this time. He no longer desired it and wanted to throw it away. But where? He couldn't throw it into the street. Why hadn't he dropped it beside a fence? He couldn't sell it anyway. Something was always interfering.

He tried to leave it on a mail box but a newsboy yelled to him that he had forgotten something. Inwardly longing to throttle the boy, he raced back and grabbed it.

Again glancing behind him, he thought he could see a number of police. Where they after him? Terrified, he sprang forward. He was breathing heavily now, while the injured ankle had begun to pain. Gritting his teeth, he pushed on. The harder he ran, though, the more his ankle hurt. He had gone only a short distance further when a sharp stab of pain brought him to a stop. He couldn't run any more.

Frantically he looked about for a place to hide, when he noticed an old man standing timidly at the curb, and an idea flashed into his mind. It might help him elude the police. Forcing a smile he approached the old man, took hold of his arm, and guided him slowly and carefully across the street.

"Thank you," the old man quavered, "thank you," and to Pat's surprise pressed a quarter into his hand.

For a moment after the man had gone Pat stood still, his eyes opening wide at what he saw. Right in front of him, just as he had left it, was the dummy he had robbed. Without realizing it, he had come back to the same spot.

He rushed to it joyously and slipped the coat around its shoulders, where it belonged.

Immediately a great change came over him. He straightened up as the weight of guilt dropped from him, and raised his head. Drawing in a deep breath of air, he blew a kiss in the direction of the police and laughed derisively.

Holding the quarter tight within his grasp, he walked painfully but triumphantly down Elm street and over to his favorite hot dog stand.

BURGESS

Can Get Tough

Man Found Out British Courts Are Not Always Lenient

By Canadian standards, British courts are perhaps lenient in the matter of driving offences. But, says the Brandon Sun, when they decide to be tough, they are very tough indeed. Recently, a 29-year-old London man appeared at Old Bailey, charged with driving an auto while disqualified from holding an operator's permit. (He had been convicted previously of another offence and his permit suspended.) He was also charged with using a permit not his own.

He was sentenced to two jail terms of six and twelve months (to run concurrently) and in addition, was fined $800. His permit was suspended for life. His father, who had lent the son his own permit, was fined for his part in the affair, $1,200.

JAPANESE SOLDIERS DID NOT KNOW WAR OVER

MANILA. A group of 24 armed Japanese soldiers who claimed they did not know the war was over surrendered without resistance to Filipino military police on Pandananan island in the southwestern Philippines, it was announced.

Two captured Japanese officers from a Manila prisoner of war camp appealed to the stragglers by loud speaker. One of them finally negotiated the surrender.

The stragglers had four mortars, two automatic rifles, various small arms, bayonets and a large amount of ammunition.

The Chinese imperial cookbook contains 96 volumes and weighs a ton. It is said to be the largest cookbook in the world. An abridged edition of the same work contains 18 volumes. 2702

BY AIR, LAND OR SEA—IN ONE VEHICLE—A vehicle that soars in the air, rolls over land and glides through water to combine the attributes of a helicopter, motor car and cabin cruiser, will be ready in the 1950's, even if "it's a little far-fetched for today," C. P. Farr of Toronto, its inventor, predicts. A plan made of the strange vehicle is shown above.

BRITAIN MUST HAVE TROOPS SAYS MR. ATTLEE

LONDON. — Britain must retain enough trained servicemen to carry out her "heavy and responsible tasks in many parts of the world," Prime Minister Attlee said in a country-wide broadcast.

"We must not throw away what was won with so much blood and sweat," he said. "We can not reduce our forces too low without endangering our ability to do our best to establish peace and security in the world and support the United Nations."

SELECTED

RECIPES

CEREAL MARSHMALLOW SQUARES OR FAVORS

- ¼ cup butter
- ½ pound marshmallows (about 2½ dozen)
- ½ teaspoon vanilla (if desired)
- 1 package oven-popped rice cereal (5½oz.)

Cook butter and marshmallows over hot water until thick and syrupy. Add vanilla; beat thoroughly. Put cereal in large greased bowl and pour on marshmallow mixture, stirring briskly. Press into greased shallow pan. Cool. Remove from pan; cut into squares or fancy shapes using sharp cookie cutters. Yield: 24 2¼-inch squares.

CHOCO-SWEETS

- 12 ounces (about 2½ cups, chopped) semi-sweet chocolate
- 3½ cups all-wheat flakes

Melt chocolate bits over hot but not boiling water. Add all-wheat flakes, mixing until well-coated with chocolate. Drop by spoonfuls onto waxed paper or spread in shallow greased pan to one-fourth inch thickness, and when cool, cut into squares. Yield: 10 candy patties or squares.

Inventions Wanted

Canadian Patent Office Will Give Exclusive Rights For Seventeen Years

OTTAWA.—If you've got any ideas on a new kind of ice cream goblet, handcuffs or embalming apparatus, don't keep them to yourself. The Canadian Patent Office here will give you a monopoly on your invention for $25 - if it's new - and the exclusive right to make what money you can from it for 17 years.

First of all, though, be certain you've got an "invention". It must be "any new and useful art, process, machine, manufacture or composition of matter" or an improvement of one of these before your brain-child can be filed away with the approximately 430,000 other patents that have been collected by the Patent Office since 1824.

Furthermore it isn't cricket to borrow an idea from a neighbor or a friend. Before making an application for a patent the applicant must swear he is "the first and true inventor." So if you've been intending to patent some of those handy gimmicks your inventive neighbor has perfected but doesn't seem to care about, just forget it.

Though many of the inventions are simple things like the new style golf bag, mechanical coin changer and shirt folding table patented along with about 140 other items last week, your chances are much better of becoming a second Edison if you can come up with something more scientific like a new synthetic resin, some electronic electric apparatus or a photographic color sensitizing emulsion.

Canada's inventors who [illegible] father discoverers of the first [illegible] in pioneer days turned their talents to devising gadgets and simple labor saving devices. The first Canadian inventor was Noah [illegible] of Quebec City who [illegible] and got patent Number One [illegible] washing and fulling [illegible]. Last week the patent office [illegible] up Number 437,[illegible] for a [illegible] fish landing net.

Early [illegible] [illegible]

It isn't the formula for a more powerful atomic bomb but merely man duplicating an invention nature hasn't bothered patenting: a membrane standing [illegible] the shell of an egg.

BANK HEADS EXPRESS GUARDED CONFIDENCE IN CANADIAN FUTURE

George Spinney, B of M President, Discusses Labor's Legitimate Aims

B. C. GARDNER, GENERAL MANAGER, REPORTS SUCCESSFUL YEAR

Montreal, Dec. 3.—A tone of confidence concerning the future of Canada, tinged with a warning against over expansion of business and concern at the present level of taxation, featured the presidential address of George W. Spinney, C.M.G. at the recent 129th annual meeting of the Bank of Montreal.

Speaking at the same meeting, B. C. Gardner, general manager, observed that more than 100,000 new savings accounts had been opened with the bank during the past year and added that deposits under all headings reached a new year-end high of $1,736,000,000—an increase of $123,000,000 over the previous year.

Reviewing the economic and social aspects of domestic and international events during the past year, Mr. Spinney looked to a future which he viewed with guarded optimism. He noted that "in an age of flux there are some economic realities and basic values that do not, and cannot, change.

"No device or formula can produce wealth and well-being without work, enterprise and the assurance of reward. No mere document replete with cleverly devised sections, sub-sections and exceptions, can ensure fruitful co-operation between individuals or between nations lacking the confidence that can grow only from fair and honourable dealing."

Labor's Legitimate Aims

Commenting on the modern tendency to speak of labour as a "force," a "factor," or a "cost element," the President said he preferred to think of labor "as the same people who were so largely responsible for this Dominion's spectacular war-time production record and who made their contribution, too, in the front line. These are citizens who want a better life for themselves and for their children. They want to look to a future free from fear of unemployment. They do not want another war. In all these things they are no different from their fellow Canadians."

Although there had been "dark days of labor exploitation" in the record of history, he felt that "progressive management today is fully alive to the vital necessity of good labor relations founded on mutual recognition of rights and responsibilities."

General Manager's Address

In his address to the meeting, B. C. Gardner, general manager, noted satisfactory progress in the country's reconversion program, accompanied by a minimum of involuntary unemployment.

Mr. Gardner reported an increase in the volume of personal loans and in loans to farmers, municipalities and school districts. He sounded a note of caution in respect to inventories for commercial concerns and suggested "a conservative inventory policy is advisable under present conditions."

Sincere appreciation of loyal and efficient services was offered by the General Manager in commenting on the work of the B of M staff which now numbers more than 8,000, an increase of nearly 40 per cent over prewar complement.

"During the past year," he said, "we have had the pleasure of welcoming back many members who were absent on military service," and added that "in addition to former officers of the bank, we have engaged some 110 young men from the Armed Services not previously in our employ and in setting their initial salaries, the years spent in the forces have been credited as banking service."

SMILE AWHILE

After pulling up a young lady who was driving a car, the policeman said to her sternly:

"And, miss, did you know that not only were you on the wrong side, but you were travelling at 50 miles an hour in a built-up area?"

"Oh, isn't it marvellous?" explained the sweet young thing. "And I only learned to drive yesterday."

* * * *

She was anxious to learn the latest news about her neighbor's accident, and turning toward her husband, who was immersed in the evening paper, she said: "Henry, can you see anything in the paper about Mr. Jones running over his mother-in-law?"

"Not yet," replied Mr. Peck. "I haven't come to the sporting news."

* * * *

Two cyclists pulled up for the night at a hotel.

"Well, I think," said the host, "that you will have a comfortable night. It's a feather bed."

At two o'clock in the morning one of the cyclists roused his companion.

"Change places with me, Dick," he groaned. "It's my turn to lie on the feather."

* * * *

[illegible]

"Sorry, miss," replied the conductor. "But don't you worry; you can pay me the twopence another time."

"But you may never see me again."

"Well, what's the odds?" he said, meaning to be gallant, "I won't break my heart if I don't."

* * * *

[illegible]

* * * *

The aggressive wife of a meek little man was lauding her husband over the coals for having made a fool of himself when some friends called. He sat in dejected silence.

"And don't sit there," she shouted, "making faces at me in your pockets either."

This Double-Duty Nose Drops should save you much misery. Try it! Works fine! You'll like it!
VICKS VA-TRO-NOL

The other day I had one of the usual rows with the wife. "All right, I'll show you!" I told her. "I'll commit suicide!"

"All right," she said, "but don't forget to turn off the gas when you're finished."

* * * *

"I have a note from your schoolmaster in which he tells me that you are last in a class of 30 boys, Tommy."

"I'm sorry, Dad, but it might have been worse."

"How could it have been worse?"

"It might have been a larger class."

THE FIRST LESSON

Thinking his son was now old enough to begin to learn the secrets of commerce the successful business man started:

"There are two things necessary if you want to succeed, my boy: These are honesty and sagacity."

"What's honesty?" asked the lad.

"No matter what happens or how adversely it affects you, always keep your word once you have given it."

"And sagacity?"

"Never give it."

Many boys have been started in waste paper baskets which [illegible]

Sixteen Years Ago To-day

Interesting Items Gleaned from the Files of The Vermilion Standard

16 YEARS AGO TODAY — 1930

Dec. 11, 1930

Weather has been much too warm for ice making and at curling rink and skating arena this business is at a standstill. There hasn't been any frost for a week.

There are 139 students in attendance a the high school and 278 at the public schools of the town.

While on a hunting trip 135 miles to the north Percy McKone bagged a fine specimen of a black Siberian timber wolf, a very rare animal.

Wm. Telford was elected president of the Agricultural society and Wm Steele vice-president.

Thirty-two Years Ago Today

Dec. 9, 1914

German cruisers Scharnhorst, Leipzig and Gneisenau were sunk off the Falkland Islands on Dec. 8th by a [illegible]

Wm. Steele is leaving for Almonte Ont., to spend the next 3 months.

Mayor W. J. Seed was elected for 1915 by acclamation and G. E. Hayward, Jas. Hunt and John Law were elected to the council by acclamation. Retiring councillors were Roy West and Wm. Raddatz. J. D. Stephens and W. P. Pilkie were elected to the school board by acclamation.

Geo. Maggs Jr. and Geo. B.P Brown are running for councillor in Div. 4 and candidates in Div 6 of Vermilion Valley are Jas. W. Gould, John W Graham and A. M. Sorenson.

Chatsworth Chatter

Most roads are open for car traffic yet and we are hoping that there will be no winds as even light drifting will block east and west roads. In many places the cars are running on the sides of the east and west roads as the road itself is blocked.

Our weather is behaving very nicely—hope it continues so, at least [illegible] Xmas.

After the last snow skating on the lakes came to an end, though it would not be very difficult to clear it off.

Mrs. Letha Howey of Innisfail, has been visiting with Mr. and Mrs. Ludwig since Nov. 11th. She planned to [illegible] last week end.

Little Sheila Branham is a patient in the hospital having undergone an operation for appendicitis recently. Mrs. Branham was also ill in hospital.

George Klashinsky has gone to work at a sawmill west of Edmonton.

Mrs. Klashinsky is visiting Mr. and Mrs. John McKenzie at Drayton Valley.

The Garlick house — quite an old landmark of the Chatsworth district was moved away to Lloydminster recently.

Miss Monaghan is holding a dance and raffle of an all wool hand-made hooked rug at the school this Friday in aid of the Xmas tree fund. It is hoped that a good crowd will attend.

The school children are enjoying hot cocoa at school each day.

The local school trustees attended the convention at Mannville on Tuesday 26th.

Miss Monaghan spent the past week end at Lloydminster.

Mrs John McKeague a recent bride was guest of honor at a miscellaneous shower held at Mrs. Arnold Maggs on Tuesday, ov 26th. 17 ladies were present and a social afternoon was enjoyed. During the afternoon Mrs McKeague received a number of useful and beautiful gifts wheeled in by little Misses Fay and Sylvia Wilson. The carriage decorated with pink and white streamers was piled high with gifts. Mrs Maggs assisted by Mrs Bert Moses and Mrs School served a delicious lunch.

Mrs Matt Farkash and Frank spent last week end in Edmonton.

Bob Robson is helping Harry Good to get in a winter's supply of wood.

Mrs. Jim Cameron is home from the hospital with her new baby son.

Minutes of Islay Municipal Hospital Board Meeting

The regular monthly meeting of the Islay Municipal Hospital Bd. was held in the hospital on Nov 9. All members present.

Moved by Mr Wood that the minutes and financial statement as read be adopted. Cd

Moved by Mr Waterfield that the letter from S. C. Heckbert re liability insurance assessment be tabled pending additional information being available. Cd.

The Secretary reported completion of the contract with Workmen's Compensation Board for the current year with a credit to the hospital of $51.18 on the next year's coverage.

Moved by Mr. Portsmith that the Secretary write a letter of thanks to Miss Keith, Matron and the Board of the Vermilion Municipal hospital for the valuable assistance rendered in handling our sterilizing during the period our machine was waiting for repairs. Cd

Correspondence from the WPTB advised that no legal recourse was open to the Board through the price ceilings administration in respect to order given J.H. Connor & Sons for a 48" ironer at $[illegible] later raised to $[illegible]. The Board ordered cancellation of the order.

Moved by Mr. Waterfield that accounts and salaries be paid as approved. Cd

Moved by Mr Portsmith that Matron's report be adopted. Cd

Moved by Mr. Wood that account of J Colton for repairs to sewing machine be [illegible]. Cd

Adjournment to meet Dec. 7 at [illegible] p.m. Cd

Matron's report: In hospital [illegible]. Admitted 33. Discharged 35. Still 6. Births [illegible]. Deaths 1. Operations major 2, minor [illegible]. Hospital days [illegible]. Receipts $[illegible].

Salaries staff $[illegible]. Board members $[illegible].

World Food Supplies

A YEAR AGO THE WORLD FOOD SITUATION was very grave and authorities were apprehensive as to what might happen in parts of Europe and Asia before another crop was harvested. Disaster and famine such as was expected by many people was averted but the distribution of food was a gigantic problem and much hope was centred on this year's harvest. In the main grain producing countries there was a bountiful crop this year, the volume of wheat production being greater this season than in any year since [illegible]. In spite of this however, it appears that there is still anxiety over the world food supply and that the situation this year may be as critical as it was in 1945-46.

* * * * *

Reserves Have Been Used Up The reason for this continued shortage of grain is attributed to the fact that all reserve supplies of wheat and other grains have been utilized to meet the desperate need of the people in the famine stricken countries. As a result we are now living in a situation which one [illegible] as from hand to mouth in respect to grain supplies. Had there been poor crops this year the [illegible] would have undoubtedly been desperate. As it is it is hoped that we may weather the coming [illegible] successfully. Those in close touch with this matter are of the opinion that a disaster can be averted during the next year and if the next harvest is a good one the situation will for a time at least, have been successfully met.

* * * * *

Problem Is Of Wide Interest As a major food producing country [illegible] largest contributors to the work of the United Nations Relief and Rehabilitation Administration Canada has a great interest in all problems connected with present and future developments in respect to food production and marketing. At the time the whole question is under discussion in the councils of the United Nations and these discussions should be followed closely by the people of this country. There are many world problems to take up the attention of the public today but it should not be forgotten that the question of world food supply is a very vital one and one which, in the opinion of many people, is closely connected with the preservation of world peace.

SPENDING ORGY PETERING OUT

Shops Report Falling Demand For Goods Other Than Essentials

SYDNEY, Australia.—A spending orgy that came in Australia with the end of the war is petering out and people have become sparing both in their pleasures and domestic purchases.

Returned service personnel have spent their deferred pay received on discharge either on their rehabilitation or on a holiday before resuming civilian work. Civilians are thought to have spent their war savings.

Sydney night clubs report a big drop in attendance. Except for Friday and Saturday nights when they are still crowded, attendances are said to be only about half of what they have been, though food and service have improved.

Shops also report falling demand for goods other than essentials. Hotel-keepers, whose bars do big business, say that their sales are steady but there is no wild spending.

Bookmakers in Sydney and Melbourne report that people are betting on the horses in modest sums instead of big wagers that used to go around the ring. Melbourne bookmakers estimate their takings at a recent important race meeting were down 30 per cent. though attendance at the track was larger than a year ago. Totalizator figures are also down.

There has been a decline in savings deposits with banks. Deposits with trading banks dropped by about $10,000,000 in June. Deposits with the government-controlled Commonwealth Bank after reaching record figures in July have fallen from a monthly average of $20,000,000 to [illegible].

[illegible] TO OBTAIN MONEY

CHICAGO.—Sixteen-year-old David Ruge, who said his ugly face caused him so much grief that he tried to extort funds to have it corrected, received a $1,000 cheque from an Ohio industrialist and will soon have his plastic surgery operation.

The youth recently won probation on a charge of attempted extortion after he had admitted he sent a letter to a former employer threatening to kill his two children unless the father paid $5,000. Ruge said his friends called him "monkey face."

Miss Jessie Binford, head of the Juvenile Protective Association, who has charge of a fund for the surgery, said the Ohio donor asked that his identity be kept secret. She declined to say how much money the fund received from sympathizers, but added the boy will soon have his operation.

[illegible]

YOKOHAMA.—A shipment of 1,212 bales of raw silk, the first to be exported to Britain since the end of the war, will be loaded aboard the transport Empire Fraser.

MANY NEW GADGETS FOR HOUSEHOLD USE

An Efficient Filter For Keeping Refrigerator Fresh And Sweet

The number of household gadgets, large and small slated to appear on the market is sure proof that we're [illegible] in the [illegible] days of peace again. Many of the new items are made of metal, aluminium, or stainless steel.

In this [illegible] is an efficient filter for keeping the interior of your refrigerator fresh and sweet by absorbing food odors. It's a long narrow, perforated aluminium container filled with pellets of "activated carbon". It looks almost like a flat sheet of the metal and is suspended under any shelf in the refrigerator by means of little hooks.

The carbon grains or pellets with [illegible] of coconuts which have been burned to a charred state. These take up many times their own volume of odorous gases and will not wear out for at least five years. You remove the gadget when defrosting the refrigerator, and once in a while you slip it in the oven and bake it a short while to restore its dryness. Otherwise you leave it alone.

Its makers claim it will protect butter, milk, and ice cubes from having an "off taste", and that it prevents mingling of flavors and transfer of taste from one food to another.

From time to time there have been a number of little gadgets intended to help the constant reader keep his place in his book. Along comes a new one made of metal and designed to clamp to the back cover. An extension arm which slides back and forth and from which a small metal tab depends fits down over the page you want to turn to next time. It's easy to adjust it to fit the next chapter.

MIMICKED HIMSELF INTO LOVE

SOUTHAMPTON, Eng.—Eighteen years ago an English boy named Leonard William Naylor mimicked the American accent of a 15-year-old girl he heard talking in the yard next to his home.

The tiff they had over that was patched up and they became friends. When Lucille Greenham of Detroit went home after visiting relatives here, she began writing to Naylor.

Three years later she visited here for a short time, and saw him again. After a courtship of 15 years conducted by mail, Naylor and Miss Greenham were married.

Figure It Out

News Items Such As This Are A Bit Confusing

The Charlottetown Patriot says: We read in an exchange, "James Brown is much better after being kicked by a horse." Of course what is meant, Mr. Brown is recovering, and feeling better after a horse kicked him. No, that does not make it read right yet, [illegible] that it did Brown good by the horse kicking him, and if the horse hadn't kicked him he would not be feeling better, and again, if he wasn't kicked, he would be the same as before and not feeling better. Well, what the Dickens are we trying to say? Moral—Keep away from that horse's heels.

Real Silk From China

Australia Is Buying All That Can Be [illegible]

SYDNEY, Australia.—Chinese silk now being sold here is being flown from Hongkong to Sydney in 42 hours. [illegible] being snapped up from samples even before it passes the customs.

The factories are only now getting into full production, as many looms were destroyed by the Japanese. Prices, now prohibitive, should start to fall as production rises.

Nylons stacked 10 feet high at a Sydney store will be sold shortly—but they are parachutes, not stockings. Designers consider them suitable for modern swim-suits and evening dresses. About 200 nylon 'chutes will be sold and as many fine woven silk ones.

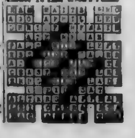
Answer To Last Week's Puzzle



LITTLE DRAMAS OF HOME LIFE

Pop was writing the household cheques ...and suddenly blew his top!

IT was as quick as that! All was serene in the household, with the Male Parent working in his den, the rest of the family scattered around. Then, all of a sudden, Pop exploded like a landmine.

What had happened to Pop? – Was it the bills? – no, they came every month. Was it the [illegible]? – no, Pop usually took them in his stride. Was it – yes, this sounds like it – a caffein hang-over? For Pop had been going it rather strong for tea and coffee recently.

Watch your nerves! Drink Postum – for its grand, rewarding flavor – and because it's the *ideal* way to stop drinking tea and coffee. Contains no caffein to over-stimulate and upset you. Convenient – made right in the cup – economical – costs less than a cent a serving.

"MAMIE O'ROURKE, YOU'RE LOOKING STRAIGHT INTO THE EYES OF A LITTLE PIG. JUST BECAUSE YOU LIKE YOUR AUNT MARY'S GRAPE JELLY ON A SLICE OF BREAD IS NO REASON WHY YOU SHOULD TRY TO EAT A WHOLE LOAF OF WIEBE'S BREAD."

WIEBES BAKERY

Death and Funeral of William Cleland

William Cleland, well known resident of the Auburndale district for the past 20 years, passed away at the Vermilion Municipal hospital on Wednesday, December 4th after a short illness.

The late Mr. Cleland was born at Ballykeel Ednagonnel, Hillsborough in Ireland on November 18, 1878. He and his family came to Canada in 1926 settling on a farm in the Auburndale district which has since been their home and where the deceased won the esteem and respect of a wide circle of neighbors and friends.

The funeral services were held at the United church, Auburndale on Friday, December 6th at 2 o'clock in the afternoon, interment being made in the Auburndale cemetery. The Rev. E. S. Reikie of Vermilion officiated.

The pall-bearers were Messrs. J. J. Eyben, Frank Eyben, Hugh Mickimmin, Lawrence Samuelson, Angus Fraser and Perry Richardson.

Left to mourn the loss of a loving husband and father are the sorrowing widow, three daughters and three sons—Mrs. D. Richardson of Flatbush, Alberta; Mrs. Alex Smith of Edmonton; Miss Isabel Cleland of Vermilion; William, Harold and Albert all at home. There are three grandchildren, Fred and Bob Richardson and Scott Smith. A sister Miss E. J. Cleland lives in California.

The sympathy of their many friends is extended to the family in their sudden bereavement.

Beautiful floral tributes were received from the following: The Family, Ellen J. Cleland, Alex, Ellen and Scott; Mr. and Mrs. Frank Eyben and family; Staff at Stephens; Mr. and Mrs. A. Everett, Harold and Lucienne, Lloyd and Ruth; Mr. and Mrs. Lawrence Dahl; Capt. and Mrs. J. Little, Frances and Eddie, Marie and Glenn; Bob and Mary Harkness; Alf and Agnes; Mr. and Mrs. Larsen and Gordon; the Macnab Family; Mr. and Mrs. Mabury and Matt; Don and Agnes; Mr. and Mrs. A. G. Caron; the Adam Smith Family; M. W. Patterson and R. Moffatt; Mr. and Mrs. Herman Eyben and Mr. and Mrs. Gordon Green; Autumn Leaf W. A. group; Mr. and Mrs. Henry Eyben, Henry and George, John, Florrie and family; Autumn Leaf A.F.U. local; Mr. and Mrs. S. Samuelson, Ingwald and Elmer, Lorentz and Theresa, Dave and Lillian, Bernard and Selma; Mr. and Mrs. J. J. Eyben and family; Mrs. B. Fraser and Edward, Mr. and Mrs. Angus Fraser, Mr. and Mrs. Alex Arthur and family; Mr. and Mrs. Fred Arthur and Melvin; Mr. and Mrs. Cecil Kennedy, Mr. and Mrs. Garth Hetherington; Mr. and Mrs. Percy Richardson, Mr. and Mrs. J. H. Green and Chester, Mr. and Mrs. Bruce Hattison, Mr. and Mrs. James C. Green, Mr. and Mrs. H. MicKimmin, Mr. and Mrs. Robert MacGowan and Dan, Hector Lawrence.

Meyer Bros. were in charge of the funeral arrangements.

U.G.G. TO PAY 2½ MILLION DOLLARS

FARMERS TO GET ACCUMULATED [illegible]

United Grain Growers Limited will pay out two and a half million dollars in patronage dividends. Authority has now been received from the Minister of Finance to pay out this amount which has been accumulating in a reserve fund since 1941. This information was received from Mr. R. S. Law, President of the Company, Winnipeg, by Calgary officials.

This brings to an end for the time being a dispute which the Company has had with the Income Tax [illegible] with respect to the treatment of co-operatives organized on the Rochdale plan and which paid a nominal [illegible] of interest on share capital. Although the right to pay patronage dividends was given this Company as early as 1915 the Income Tax Department on the advice of the Department of Justice, ruled that sums paid as patronage dividends were not exempt. The Company paid out $[illegible] in this way in the 1940 crop, but the Department [illegible] the full amount. The Company appealed and pending decision in the appeal set aside in special reserve various amounts in succeeding years. The Government has now allowed the whole amount. All customers who sold grain through a U.G.G. elevator between Aug. 1st, 1941 and July 1st, 1946 will now receive cash dividends based on their sales each year in that period.

It is interesting to note that this Company will have paid out to western farmers, including these [illegible] sum of $[illegible] in patronage and share dividends. During its long history it has also paid out large sums as grants to [illegible] farm organizations and [illegible] to other co-operatives.

Veg. Trims Vermilion

Vermilion Tigers, last year's league champions, failed to find the range at Vegreville last Saturday night and took a 10-3 trimming from the Rangers of that town. The Rangers were really clicking while the Vermilion management, experimenting as they had to with various lines and combinations of players failed to find the answer as just who should line up with whom. A few games under their skins though will make a big difference both in individual and team play. The locals were also playing without the help of a few of their seasoned players and Coach Art Wiebe was still away.

It will be remembered that the Tigers didn't set the league on fire with the way they started a year ago but they were right there in the top spot when the play-offs were finished.

Vermilion goal-getters at Vegreville were Roxborough from Doug Brimacombe and Macnab; Jack Thorburn from Bob Rowe; Doug Brimacombe from Roxborough.

Former Vermilion Girl Married At Victoria

WARING—REED

St. Saviour's Anglican church, Victoria West, was the scene of a pretty wedding on October 5th when Ethel Marie, daughter of Mr. and Mrs. F. M. Reed, Shore Acre Road, Sidney, B.C., became the bride of Charles Henry Waring, son of Mr. and Mrs. H. Waring, Roseborough Avenue, View Royal, Victoria. Rev. D. Kendall officiated. Given in marriage by her father, the bride was lovely in a white chiffon floor-length gown with full skirt gathered by a wide waistband on to a shirt waist bodice appliqued with silver sequins. Her chapel veil was held by a scalloped lace coronet and she carried a shower bouquet of red roses and swainsona centred with gardenias. Her only ornament was a gold locket, a gift of the groom. Miss Ruth Craven as maid of honor wore a blue taffeta floor-length gown with sweetheart neckline and short sleeves. Her shoulder-length veil was held by a Mary Stuart headdress and she carried an arm bouquet of chrysanthemums and carnations. Mr. A. R. Waring was best man and Mr. William Reed and Mr. James Nott ushered.

Following the ceremony a reception was held at St. Paul's Naval and Garrison hall, Esquimalt, where a two-tiered wedding cake centred the bride's table. The toast to the bride was proposed by Mr. H. Rogers. For a honeymoon in Vancouver the bride chose a turquoise blue suit with matching hat, black accessories and corsage of pink rosebuds and gardenias. Mr. and Mrs. Waring will make their home at [illegible] McClure St., Victoria. —Daily Colonist, Victoria.

Chatsworth Chatter

Roads [illegible] for [illegible] the time [illegible] Monday [illegible] roads are quite slippery.

Mr. [illegible] held a meeting at the [illegible] school on [illegible] to report on [illegible]

Portable X-Rays Aid To Soccer Players

Makes Speedy Diagnosis Of Player's Injuries

LONDON — A portable X-ray unit for enabling a speedy diagnosis of a player's injuries has aroused the interest of trainers in the soccer world. Tottenham Hotspur, London's professional division club, instigated the idea. One of their most ardent fans, Edward Barber, is an X-ray expert and when the Spurs are playing at the White Hart Lane Ground he always is present with his outfit stored in his automobile.

If a player is injured during a match and Trainer George Hardy thinks that the injury may be serious Barber is summoned to the dressing room and takes a photograph of the injury. He then drives home, develops the plates and in less than two hours the prints are placed before the club doctor for his opinion.

This speedy attention to a player's injuries has greatly helped the club doctor in his treatment of the players. It has proved a valuable time saver for the club, as quick diagnosis and treatment frequently cut down the period of absence of the injured player from the first team.

Several league football clubs are already making inquiries into the possibility of having a similar outfit available at their own grounds, especially as the lengthy absence of a key man may jeopardize a team's chances.

NEW ZEALAND APPOINTS TRADE COMMISSIONERS

AUCKLAND, N.Z.—New Zealand has decided to appoint trade commissioners in New York, Montreal, Sydney and Melbourne. Officials carrying out these duties have in the past had tourist and other functions to attend to in addition, but will in future be able to concentrate solely on trade and industrial matters.

Senior trade commissioner in North America will be at New York, with a commissioner working in conjunction with him at Montreal. The Montreal position has been filled by J. A. Malcolm who was New Zealand supply liaison officer at Melbourne. He is already on his way to Montreal.

EXPENSIVE TASTE

BEATTYVILLE, Ky.—It was give and take for Mrs. Mary Dunigan's cow. The cow was giving her milk, while it was taking $130 in currency she had in a tobacco sack and chewing it. So explained Mrs. Dunigan in an affidavit when she brought a well-masticated batch of bills to a Beattyville bank to have it exchanged for more usable notes. Mrs Dunigan said the cow snitched the money bag from her pocket while she was busy doing [illegible]

Sugar cane is a giant grass, sometimes attaining a height of 20 feet.

Health League of Canada presents Topics of Vital Interest

LEAGUE STRESSES RESPONSIBLE WORK OF FOOD HANDLERS

Realizing that one of the most important, but neglected, health education opportunities lies in the restaurant field the Health League of Canada has developed a program for restaurant health education.

The program is concerned primarily with the instruction of employees in high standards of work habits as a protection to themselves and to the public.

This plan is based on the principle of co-operative effort between the three chief interests concerned—the health department, restaurant management, and the Health League. In an article—"Eating Out"—in the November-December issue of the magazine "Health" Mr. H. C. Rhodes, Director of the League's Division of Community Health Service, emphasizes the responsible nature of the work done by food handlers. The article describes details of the plan.

The co-operation of the local medical officer of health is first obtained. Key restaurant operators are then invited to take part in the program. This group, along with the health department and Health League representatives, form an Advisory Committee on Restaurant Health Education.

Restaurant operators interested in the plan are invited to enroll their staff as members of the Health League, entitling them receive the League's informative monthly publication "Health News". A set of special posters covering a wide range of subjects in the disease prevention field are provided the restaurant by the League.

A short course of instruction is arranged, to be repeated as often as necessary, at which employees are shown films dealing with restaurant sanitation, service and food protection. A suitable speaker is provided by the health department.

INDIAN WEAVERS

Arizona's Hopi Indians are the only tribe in North America in which weaving is a man's art. Best known of the various cotton garments now made by the Hopi are the white wedding robes woven by every groom for his bride, the women's ceremonial robes, and the dancing kilt and sash.

"To Feel Right — Eat Right"

WORLD HAPPENINGS BRIEFLY TOLD

R. H. Turk has been appointed bargemaster to the King, a position vacant since 1942.

Eight thousand tons of barley—first shipment from Turkey to alleviate the food shortage in India—arrived recently at Karachi.

Herbert Morrison, lord president of the council, says smoke pollution costs Britain about £50,000,000 ($200,000,000) annually.

A report by the board of grain commissioners at Winnipeg indicated that the western barley crop will meet the quality standards required of it.

Among those who congratulated Mrs. Addie Gotham Shaver of Lyons Falls, N.Y., on her eightieth birthday was her mother, Mrs. Mary Wilder Gotham, 97.

More than 600 clocks stolen by the Germans during the war from Belgian municipal buildings and churches have been recovered in a hiding place near Hamburg.

Until the permanent post-war strength of the Royal Australian Air Force is decided, the R.A.A.F. will keep on 13,000 men, according to a federal government announcement.

Under a voluntary plan which rewards them with United States citizenship if they prove worthy, approximately 800 German scientists and technicians have been taken to U.S. to work.

HIGH CIVILIAN AWARD

In New York, Sir William Stephenson, a native of Winnipeg who directed British security co-ordination in the western hemisphere throughout 1940-45, received the Medal for Merit, the highest civilian award of the United States government.

A calory is a unit of energy almost equal to the energy, in the form of heat, required to raise a weight of 300 pounds to a height of 10 feet.

JAILED AFTER FIRE, FREED TO DIE—When specialists testified he will die within a year from an incurable disease, Barnett Walansky, former owner of the Cocoanut Grove, was freed after serving three years and seven months of a 12-to-15-year prison term for manslaughter. He was released on the eve of the fourth anniversary of the holocaust at the Boston night club that took the lives of 490 patrons.

Want Larger Bonus

Sugar Beet Growers Have Sent Petition To Finance Minister

Manitoba sugar beet growers have joined those of Alberta, Ontario and Quebec in petitioning Finance Minister Ilsley to increase the bonus on sugar processed from Canadian beets. This would increase the price to beet growers from the present $11 a ton to $12.50 a ton in 1947.

Herbert Sulkers, Manitoba vice-chairman of the growers, said that the request, if granted, would increase the present bonus of $1.10½ to $1.35½ a ton on home grown sugar beets delivered at processing plants.

SYNTHETIC PERFUME

It took nearly 25 tons of violets to make a single ounce of the natural oil used in perfume, until a short time ago. Today, the violet odor is produced synthetically.

BEAVER TRAPPING

First Time In 20 Years Newfoundland Permits Hunting

ST. JOHN'S, Nfld.—For the first time in 20 years the Newfoundland government has decided to permit the hunting of beaver, which in 1920 were threatened with extermination.

The government, estimating that the beaver population now has reached 50,000, has decided to issue beaver hunting licenses to about 800 trappers. Each trapper will be allowed to take 10 pelts which will be turned over to the department of natural has completed the marketing.

On delivering the pelts the trapper will be paid $15 a pelt. He will be paid the balance after the department has completed the marketinig.

It is estimated that the pelts will each bring about $40.

Another New Textile

Is Washable, Very Durable, And Both Light And Warm

ROCHELLE, N.J.—A new washable fibre made from nylon which will resist mussing, moths, fungi, mildew and alkali should reach the market next year, a textile specialist told the American Association of Textile Chemists and Colorists here recently.

Specialist Dr. L. L. Larson said the new fibre should have a "fundamental influence" on the textile industry. Now produced experimentally, the fibre combines dimensional stability with durability, and is both light and warm.

The first zoological garden was established in China about 1100 B.C.

Tremendous Job

China Is Going To Turn Yellow River To Original Course

According to Collier's, China will soon begin work on the reversion of the Yellow River to its original course from which it was diverted in June, 1938, causing it to flood 800 square miles and stop the advance of a large part of the Japanese army. Before the tremendous job of getting this unruly river back into the 800 miles of its former bed can be started, more than 150,000 persons who have settled in it will have to be moved.

LUNCH IS SERVED IN A FLASH!—Is yours a home where the family troops in for the noonday meal with hungry looks in their eyes? If so, you're probably a ready listener for new suggestions concerning luncheon menus. Your mornings are probably filled to the brim with household tasks and there's just not time to fuss over the noon meal. That's why we've picked for this month a casserole of hearty baked beans served with spicy Mincemeat muffins, and popped into the oven after the breakfast dishes are done. The muffins can be made in a jiffy and there you have it — a hearty wholesome meal [illegible]

Mincemeat Muffins

1 cup all bran
¼ cup milk
1 cup prepared mincemeat
2 tablespoons shortening
¼ cup sugar
1 egg
1 cup sifted flour
3 teaspoons baking powder
½ teaspoon salt

Combine all bran, milk and mincemeat; let soak about 5 minutes. Blend shortening and sugar; add egg and beat well. Stir in the bran and mincemeat mixture. Add dry ingredients which have been sifted together, stirring only until liquid and dry ingredients are combined. Fill greased muffin pans two-thirds full. Bake in moderately hot oven (400 deg. F.) about 25 minutes. Yield: 12 muffins (2½ inches in diameter).

Clandonald Family Moves to Oyen

Mr. John Rose and family, well known residents of Clandonald for the past 19 years, left on Friday of last week for Oyen, Alberta, where they will make their home in future. Mr. Rose has purchased a restaurant business there.

Mrs. J. Bristow and son Dalton of Islay, spent the week end visiting the former's sister Mrs. A. Cameron.

Mrs. Lloyd Dowdell left Wednesday night via Canadian National, for Smith Falls, Ont., where she will visit her mother and sister. She will also visit friends in Ottawa.

Harry Gibbs of Edmonton who is looking very well, spent Friday in Vermilion.

Miss Leslie Robson returned to her teaching duties this week after three weeks' absence due to undergoing an appendectomy. Mrs. A. Larose was substitute teacher during that time.

Prompt service, no waiting at Lloyd Harris' Barber Shop, two barbers for your convenience. Miss Hofbauer in charge of the Beauty parlor.

Local News of Interest

Mr. and Mrs. Cameron Mitchell of Islay, wish to announce the engagement of their eldest daughter Dorine Yvonne, to Mr. Frederick Steinhauer son of Mrs. Geo. Steinhauer and the late Mr. Geo. Steinhauer. The wedding will take place on Sunday Dec. 22nd at the home of the bride's parents.

Mr. and Mrs. Cameron Mitchell of Islay will hold a reception for Yvonne at their home on Sunday Dec. 22nd, from 3 to 6 p.m. Friends and acquaintances please accept this invitation to call and have tea with them.

Mr. and Mrs. Wes Waldenberger plan to leave Monday for Rainy River Manitoba, where they will visit the former's mother for the ensuing three weeks. This is the first occasion in 40 years that Wes has had the opportunity to spend Christmas with his mother.

Mr. and Mrs. Bob Hagen of Edmonton have spent the past week visiting at Clandonald and Vermilion.

Mr. and Mrs. E. Corbett of South Edmonton and formerly of Vermilion, have announced the engagement of their youngest daughter, Joan Mary, to Mr. Edward David (Johnny) Fordman, son of Mr. and Mrs. M. Bordman of Waterloo, Ont. The wedding will take place in January.

The members of the Holy Name Parish Altar Society wish to thank all those who attended their card party held at the Masonic Temple on Thursday, Dec. 5, making it a successful affair. Ladies' first prize donated by the Noonan Sisters Victory Shop was won by Mrs. Allan Fleming; Gent's first prize donated by the Vermilion Service Station, A. Larose proprietor was won by Mr. Wm. McLaughlin; Consolation prizes, donated by Mr. and Mrs. Wm. McLaughlin were won by Messrs. Brower and Larose. The door prize was won by Mrs. Ed. Deschaneau.

A party that was a 100 per cent surprise was held in honor of Mrs. Annie Cameron on Sunday evening when all unbeknown to her a number of friends invaded her home. The occasion was in honor of Mrs. Cameron's birthday which was on Monday, and a very enjoyable social evening was spent.

On Tuesday evening of last week the local Masons staged a very enjoyable card party and dance. The hall was well crowded. During the evening Bro. E. L. Crawford formerly of Vermilion now of Grande Prairie, showed some wonderful views of the Peace River country, the Alaska highway and Mr Crawford's own home flower garden. The latter views were particularly interesting giving a close range view of a most wonderful setting of floral beauty. The machine was operated by Mrs Crawford whose artistic color photography drew much praise and attention.

Jim Swanson who has spent the last summer prospecting at Yellowknife and other northern points returned home this week.

Just to show his hockey boys that his thoughts were with them even though he was a good many miles away, manager coach Art Wiebe wired from Regina before the hockey game Wednesday evening and wished the hockey team the best of luck.

Art, and Maurice Fallow flew back from Chicago in a 4-passenger Stinson Voyager plane. They were grounded for several days due to poor flying conditions but were due to arrive at Vermilion and Edmonton on Thursday afternoon.

CARD OF THANKS

We wish to thank Dr. Stephens, Miss Keith and the staff of the hospital for the kindness and care given our husband and father in his illness, also our friends and neighbors for the many acts of help and expressions of sympathy received during our bereavement.

The Cleland Family

CARD OF THANKS

We wish to offer our sincere thanks to the people of Clandonald and district for the many favors we have received during our stay in the village. We carry away with us the most kindly of feelings for our Clandonald friends and neighbors.

John Rose and family

The W.M.S. of United church will hold a tea and sale of needlework and home cooking on Saturday Dec. 14th at the home of Mrs Dr. Scott from 3 o'clock to 6 o'clock. All are welcome.

Many Affairs Honor Bride-Elect

Prior to her marriage on Dec. 7th Miss Noreen Williams was guest at many affairs arranged in her honor.

On Tuesday evening Nov. 26th Mrs. J. C. Nugent and Mrs. Nat Goodman were hostesses at a miscellaneous shower held at the home of the latter's parents, Mr. and Mrs. P. Briz. The evening was spent in playing games and after a delightful lunch, a beautifully decorated basket was brought in and presented, containing a wide assortment of pretty and useful gifts.

Among those present were Mrs. J. C. Nugent, Mrs. Nat Goodman, Mrs. Leo Kreller, Evelyn Kreller, Mrs. L. Donnelly, Connie Martin, Lyda Currah, Helen Kirk, Norma Gibbons, Mrs. Olive Harris, Mrs. A. M. Hetherington, Mrs. P. Briz, Mrs. M. Diven, Mrs. B. Martin, Jean Wiebe, Olga Manyluk.

On Wednesday evening Nov. 27th Mrs. Baden Anderson and Mrs T. Conboy entertained at the home of the former in honor of Miss Williams. The bride-elect received many beautiful gifts.

Among those present were Mrs. Anderson, Mrs. Conboy, Mrs. K. Rowe, Mrs. H. Reid, Mrs. O. Burns, Mrs. R. Douglas, Mrs. J. Hunter, Mrs. K. McDonald, Mrs. C. Martin, Mrs. R. Spencer, Mrs. S. Bagan, Mrs. D. Logan, Mrs. A. Pinchbeck, Mrs. J. Wiebe, Mrs. H. Scott, Mrs. G. Williams, Mrs. Hetherington, Mrs. L. Haine, Mrs. J. Cavil, Mrs. G. Capalon.

On Tuesday evening Dec. 3, members of the Stagette club at the regular meeting presented Noreen with a gold wool bed throw.

W. M. S. TEA

The W.M.S. Tea to be held at the the home of Mrs. Hudson Scott on Saturday Dec. 14th is to help meet the allocation for overseas parcels. Everyone is welcome. Please come. 22c

New R. A. M. Chapter At Wainwright

Some twenty members of the Vermilion Chapter, Royal Arch Masons, went over to Wainwright on Wednesday evening of last week to attend the ceremonies in connection with the institution of a Chapter of Royal Arch Masons there. The new Chapter is named the Parklands Chapter and starts off with a fine roster of members. Several Grand Chapter officers were present on the occasion and assisted in the induction ceremonies. After the close of the Chapter the visitors were guests of the local Companions at refreshments which were followed with several addresses.

Early Christmas Seal Returns

"Most encouraging" was the way Eric Connelly, President of the Alberta Tuberculosis Association, characterized returns during the first four days of the current campaign.

"It looks as if we are off to a good start," Mr. Connelly said, "but, naturally, it will be some time yet before we have any real indication of how fully the people of Alberta are co-operating to make this drive a success."

Mr. Connelly said that almost without exception people this year are buying all the Seals sent to them and that some are contributing substantially more than two dollars. He said results so far suggest that the public is determined to place its full support, financial or otherwise, behind the current fight to eradicate tuberculosis from this area and to prevent its recurrance in the future.

Salvation Army's annual Christmas program will be held on Monday Dec. 23rd. 20-2c

Alta. Dairy Convention

Dates of the Annual Convention of the Alberta Dairymen's Association have been set for Feb 11th, 12th and 13th at the Palliser hotel, Calgary. Committees are now working on details and arrangements for speakers are under way.

Various sections of the Association will meet during the Convention to discuss their particular problems, and [illegible] members will unite in general session to consider problems affecting the industry as a whole. Full particulars will be available at an early date.

What about that Label date?

Islay Boy to Spend Winter in the North

Allan Smith, 16-year-old son of Mrs. Susie Smith of Islay, left on Monday last week for Dawson Creek, B.C. He will join his uncle Mr Ted Bensmiller there, and spend the winter trapping and hunting. Allan who is an ardent amateur hunter, keenly anticipates his winter in the north.

Board of Trade Notes

At the board of trade meeting of two weeks ago Mr Robert Langdale was presented with the Board's $50 scholarship awarded to the Vermilion school of agriculture student adjudged to have made the greatest contribution to the academic, social, literary and athletic life of the school during his first year. The presentation was made by President F. M. Stewart and Mr. Langdale made a very witty and appropriate speech in reply.

Another prize, that donated by Craig Bros. was also presented to the winner Robert Masson, for the best work, first year, in animal husbandry.

The meeting of Wednesday, Nov 27 attracted the usual good attendance 17 being present. Ashley Cooper acted as chairman.

A short talk was given by J. L. Stephen of the V.S.A. describing the Royal Winter Stock show at Toronto. Mr. Stephen was one of three men selected from Alberta to judge at the show. He is rated the best judge of sheep and swine in Canada, and has judged at the Toronto Royal on many occasions.

Mr Stephen was wittily introduced by Mr J. L. Kerns who brought in a little of "Jock's" background in a very interesting manner.

Mr Stewart president of the Board, expressed sincere appreciation to the Canadian Legion Post 11 for their generous action in renting their hall to the M.D. of Vermilion River for office accommodation.

Two new committees appointed by the board were a National Affairs committee composed of Frank Walker, chairman, J. L. Kerns, E. C. Miller and a War Memorial committee with Dr. A. R. Kine as chairman, Gordon Ross, Fred Brimacombe and C. T. Heckbert as members.

Death and Funeral of Mrs. Catherine MacNeil

Mrs. Catherine MacNeil, a resident of the Ethelwyn district for many years passed away on December 3rd at the home of her daughter, Mrs. N. MacInnes at Vancouver.

Mrs. MacNeil was born on the Island of Barra, Scotland, on February 4, 1867. The family came to Canada twenty years ago and settled in the Ethelwyn district. They lived here until six years ago when they moved to the west coast. Mr. MacNeil predeceased his wife in 1939 and surviving members of the family are four daughters, Mrs. A. MacDonald, Mrs. D. MacDonald, Mrs. N. MacInnes, Mrs J. MacLellan and three sons, Malcolm, Neil and John, all of Vancouver. There are eight grandchildren.

The remains were brought to Clandonald where the funeral services were conducted by the Rev. Father MacPhee. Interment was made at [redacted]

Members of the family in attendance at the funeral were Mrs. A. MacDonald, Mrs. N. MacInnes, Mrs. J. MacLellan, Malcolm MacNeil, John MacNeil and granddaughter Mary-Anne MacNeil.

The pall-bearers were Messrs. Michael Morrison, John MacIntyre, Donald MacIntyre, John MacNeil, Allan MacDonald and Hughie O'Rourke.

Pipe Major MacMillan and Piper Donald MacLellan piped the Funeral March, and Mr. D. MacLellan played the "Last Post" at the graveside.

Floral offerings were received from: The Family; Howard Shank; Fred Henry, Mr. and Mrs. L. MacNeil; Mr and Mrs. A. Youngson; Mr. and Mrs. F. Ballot; Mr. and Mrs. A. Currie; the MacIvor family.

Thos. Henderson Re-Elected to Board

VEGREVILLE SCHOOL DIVISION

Thos. Henderson of Mannville was re-elected trustee for sub-division No. 5 of the Vegreville school division, by acclamation. Mr Henderson has been a member of the board since 1938. Terms run for three years. Personnel of the Vegreville S.D. board remains the same as last year.

PATRONAGE DIVIDENDS

FORTY Years ago this farmer-owned Company was founded on the principles of the world's original Co-op society — "The Rochdale Pioneers" — Its object — SERVICE TO THE FARMER!

FOR THE PAST SIX YEARS UNITED GRAIN GROWERS LTD. HAS FOUGHT CONSISTENTLY FOR EQUALITY OF TREATMENT IN THE APPLICATION OF INCOME TAX TO COOPERATIVES

While the issue was being decided at Ottawa, the Company allocated and held in reserve each year certain money for the payment of Patronage Dividends.

THE COMPANY IS HAPPY TO ANNOUNCE IT HAS NOW BEEN AUTHORIZED BY THE FEDERAL GOVERNMENT TO PAY OUT IN CASH ITS PATRONAGE DIVIDEND RESERVE OF

Two Million five hundred Thousand Dollars

All customers who delivered grain to a U.G.G. elevator between August 1st, 1941, and July 31st, 1946, will receive in cash, Patronage Dividends based on their deliveries for each of these 5 years.

THIS AMOUNT INCLUDED WITH PAST PAYMENTS OF SHARE AND PATRONAGE DIVIDENDS PAID IN CASH TO WESTERN FARMERS BY THE U.G.G. SINCE 1906, WILL MAKE THE VAST TOTAL OF

EIGHT MILLION DOLLARS

Confidence of the Farmer in the U.G.G. has made possible this outstanding record.

UNITED GRAIN GROWERS LTD.

Wishing You a Merry Christmas

Rangers Here Saturday

Art Wiebe, Stan Waldenberger and Bob Watt to Strengthen Tigers

GUNNING FOR FIRST VICTORY OF THE SEASON

Coach Art Wiebe of National hockey league fame, will line up with the Tigers Saturday night when the Vegreville Rangers make their first appearance of the season at the local arena at 9 p.m. Along with Art will be Stan Waldenberger, defence mate of Art's in years gone by, getting back into the game after an absence of about 5 years, and Bob Watt, starry centre of last year's champion Vermilion hockey crew. This might be Bob's only appearance on the ice here this season as he is scheduled to go to the Olympic games at Prague, Czecho-Slovakia with the Edmonton Junior Canadians providing present arrangements are carried out.

With this very noticeable strengthening of their line up the Vermilion Tigers are hopeful of gathering up their first two points of the present schedule even though they are pitted against the Vegreville Rangers who trounced the Lloydminster Huskies 12-4 at the western town Wednesday evening.

One thing is certain, there will be a sell out crowd at the arena Saturday to see the former Chicago defence star in action, and a game that should rank as good as any in the season is practically a certainty.

Former Vermilion Man Is Elected As Commissioner

OF DAWSON CREEK, ALBERTA

Dawson Creek, B.C., reports that J. Gordon Wilson had been elected there as village commissioner. Mr. Wilson formerly lived in Vermilion where he incorporated the Wilson Freighting Co., and was among the first to start the hauling of wheat by trucks from farms to the elevators.

Mr. Wilson came to Dawson Creek the report states in 1942 from Edmonton to open a branch office of Wilson Freightways Ltd. which company operated a great quantity of freight during the construction of the Alaska highway. Prior to going to Edmonton he was manager of several livestock co-operatives in Alberta including one at Vermilion. He also for a short time, was truck controller for the province.

He has sold his interest in Alberta and now operates several saw mills, a wholesale lumber yard and a coal mine in Dawson Creek and district.

Mrs. Wilson is the daughter of Mrs. J. Pinchbeck and the late Mr. Pinchbeck.

Many Affairs Honor Miss Helen Kirk

In compliment to Miss Helen Kirk whose marriage to Mr. [illegible] McKitrick, takes place in the near future, several showers have been held in her honor. Last Tuesday night, Dec. 10 Miss Lyda Currah was hostess at her home when some 25 guests were present to honor the bride-to-be. Games were played [illegible] musical numbers played by Mrs. S. Manyluk. Refreshments were served by Miss [illegible] and several of Helen's fellow employees of the local A.G.T. staff on Monday Dec. 16th bride-to-be was feted at a shower at the home of Misses Beth, Helen and Kay Noonan. Some 25 guests were present. Mrs. Harold Moyer rendered some delightful numbers on the piano for the occasion.

WILL BROADCAST "A CHRISTMAS CAROL" ON CHRISTMAS EVE

During Christmas week the Alberta Wheat Pool will again present over four radio stations, Charles Dickens' immortal story "A Christmas Carol" with Lionel Barrymore in the leading role. This famous presentation never grows old.

All interested are reminded of this radio feature to be presented on the stations and at the times hereinunder given.

Complimentary Dinner For Retiring Member School Division Board

Roy Kent Completes Eight Years as Trustee; On M.D. Council 14 Years

Roy Kent, member of the Vermilion school division board for the past eight years and who is retiring at the end of 1946, was the guest of honor at a complimentary dinner extended to him by the members and officials of the board on Tuesday evening. The event was held at George's Lower Deck on the occasion of the last meeting of the year.

Besides being a member of the school division board for eight years, Mr. Kent served as councillor of the former Vermilion Valley municipality from 1930 to 1944.

Chairman Charles E. Thompson paid tribute to Mr. Kent's work as a member of the board as did the division superintendent Mr. E. C. Miller. Mr. Thompson then presented the retiring member with a handsome end table as a token of remembrance from the members of the board, the school superintendent and school secretary-treasurer.

Mr. Kent expressed his appreciation of the honorary dinner and presentation, gave his reasons for retiring from the board and dealt briefly with some of the work which he had hoped to accomplish before retiring.

Salvation Army Plan Special Services for Christmas Season

The Salvation Army will hold special services over the Christmas and festive season.

On December 22nd a Carol Service will be held at 7:30 p.m. This will also be a candle service.

December 23rd at 8 p.m. will be the annual Christmas program and the Rev. E. S. Reikie will act as chairman.

December 31 a Watch Night service will be held.

All are invited to attend and to keep the proper Christmas spirit at this festive season.

Sincere Christmas greetings are extended [illegible] the [illegible] Salvation Army.

Confirmation Service St. Saviour's Church

On Friday Dec 13th at St. Saviour's church, the Bishop of the Diocese conducted a Service of Confirmation when a group of boys and girls solemnly renewed the promises of their baptism in the fold of Christ's church, and pledged themselves to loyalty within its fold.

The service seemed more impressive by reason of the wise counsels given to the group by His Lordship who is an expert in such matters and the congregation of older members found themselves much moved by his obvious sincerity, and by his appeal for day by day consecration to the service of Jesus Christ.

The well known and beautiful hymns heartily sung, carried their own message to all who were present.

Those confirmed were Mrs. C. Hodgson, Misses Edna Sweeney, Glenda Scott, Audrey Watts, Joyce Hodgson, Marian Pilkie (Florence Simonsen, to the regret of all present was unable to attend, owing to the illness of her sister), and Ken Buckingham, Bill Williams, Kenneth Miller and Allen Pilkie.

It is expected that all members of the group will join with the whole congregation at one of the services of Holy Communion on Christmas Day.

Vern Voss Sells Popular Cafe Business

Vern Voss has sold the popular "Vee" cafe and the new owners are John Iwaganiuk formerly of Viking and Mike Maychuk. The change was effective the beginning of December.

Canadian Legion Activities

The Branch held its December meeting in the Armouries on Th[illegible] Dec. 12. It was our first meeting since we moved out of our own [illegible] and despite the cold weather there was a fair number of members in attendance. Plans had been [illegible] a smoker after the meeting but [illegible] temperature made the [illegible] [illegible] that.

During the meeting nomination of officers for 1947 was held with a large slate standing for the [illegible]. Further nominations will be called at the January meeting and the el[illegible] will take place at that time.

Com[illegible] C. Heckbert Albe[illegible] [illegible] gave [illegible] report [illegible] Paul [illegible] Drum[illegible] where [illegible] branches [illegible]

DON LOGAN TO HEAD ELKS, 1947

$600 Contributed to Children's Play Ground Fund — Christmas Hampers for Needy Cases

Chief item of business in a heavy agenda at the regular meeting of Vermilion Elks last week was election of officers for the year 1947. The election resulted as follows:

Exalted Ruler Bro. Don Logan
Leading Knight Bro. Henry Powell
Loyal Knight—Bro. Stanley Waldenberger
Lecturing Knight—Bro. [illegible]
[illegible] Treas. Bro. Robt. Harkness
Inner Guard Bro. Ted Eley
Tyler—Bro. Victor Tillett
Trustee Bro. Vernon Cooper

Remaining offices and committees will be filled by the new executive by appointment at the next regular meeting on January 14 at which time installation will take place with D.D.G.E.R. Bro. Gordon A. Park in charge.

A large amount of routine business was dealt with during the evening including numerous requests for donations, reports of officers and special committees. The sum of $300 was voted to the playground committee for further improvements to equipment making a total of $600 so far contributed by the Vermilion Elks.

A special committee was elected to investigate and deal with local distress and Christmas hampers for the Yuletide season as several cases of need have been brought to the attention of the Lodge.

The meeting was one of the most largely attended of the year.

Regent Drilling Crew Returns to Vermilion

[illegible] Christmas [illegible] Vermilion [illegible]

NO "STANDARD" NEXT WEEK

There will be no Standard next week as the issue of December 26th has been cancelled. Christmas Day, Wednesday, [illegible] Boxing Day Thursday, [illegible] that it would be impossible to issue the paper at the usual time even had the Editor and staff the desire to attempt it.

Owing to the flood of good wishes the business firms desired to extend to the people of the town and district, the paper is issued a day late this week. The fact that there are four more pages than usual should compensate for there being no edition of your hometown newspaper during Christmas week.

Stores Close Boxing Day, and Also Day After New Year's

Stores in Vermilion close for two days at Christmas and two days at New Years, following a custom inaugurated by the Retail section of the Board of Trade a few years ago. Early closing Saturday evenings commences December 28th and continues for the months of January, February and March.

Board of Trade Meetings Cancelled

Board of Trade meetings usually held Wednesday each week have been cancelled until Wednesday January 8. The next two Wednesdays are Xmas and New Year's.

School Holidays

Vermilion school division schools close for the Christmas vacation on Friday evening Dec. 20th and will reopen Monday Jan 6th. This gives two full weeks vacation, the longest possible at Christmas time.

The Glow of Yule Logs

reflects the spirit of Christmas in a manner which best expresses our sincere good wishes to everyone.

In this brief, simple message, we wish to convey our Christmas Greetings, and we trust that you will accept them in the true meaning in which they are presented. May the new year hold for you every success and may your every ambition be realized

Hearty Christmas Greetings
To the Citizens of Vermilion and District from the Executive and Members
. . . . of . . . .
The 'Teen-Agers Canteen

Pictured above are the officers of the Vermilion Teen Agers Canteen. They are from left to right, starting at the top row: Louise Baddock, president; Clayton Reeves entertainment committee; Harold Bush E, vice-president; Second Row—Pat Shaughnessy social committee; Leona Maxwell, entertainment com.; Joyce Bouman, advertising com.; Third Row—Joan Caron, social com.; Elaine Deachinuk, advertising com.; Helen Kirk social com.; Bottom Row—Willy Bell, advertising com.; Connie Bushell, entertainment com.; Velma Fish sec-treasurer.

'Teen Agers Elect Officers for 1947

The 1946-47 executive of the Teen Age Canteen of Vermilion opened their sessions on Nov. 7th by a mass meeting held in the Masonic hall where the important points of the constitution were read as follows:

Membership: All persons of the ages 13 to 21 inclusive [illegible] female may be members of the Teen Age Canteen.

Executive: The executive shall consist of: President, Vice President, Secretary Treasurer, a social committee of 3 persons, an advertising committee of 3 persons, an entertainment committee of 4 persons, at least one representative of the business group, a reporter from the business group to report news.

Term: The term of the executive is from the first of September to the end of June of the following calendar year.

Meetings: The executive is to hold a meeting at least once a month.

The executive will have published the minutes of each meeting in the Standard.

Frequency of Functions: Should circumstances prevail about 12 social functions should be held per year.

Admission: Admission to any Canteen function will be set by the committee in charge of this particular matter.

Conduct of Members: No person who is under the influence of liquor or is in any way disorderly may remain in attendance at the function.

Chaperons: At every social function of the Teen-Agers at least one male chaperon must be present.

(All executives must run the club according to this constitution.)

We would like to extend our thanks to Dr. Scott, our guest speaker, for the excellent speech in which he informed us that we were to be granted the use of a club house in the near future. Ian Taylor was also present at the meeting.

The new executive would like to extend to the Vermilion high school and public school teachers a standing invitation to all the Teen-Age functions. We sincerely hope that they will come to them and also take an interest in our Canteen.

The following are the officers of the 1946-47 executive:

President—[illegible]
Vice-President: Harold Bushell
Sec-Treasurer: Velma Fish
Entertainment Committee—Clayton Reeves, Leona Maxwell, Connie Bushell, Joan Caron
Social Committee — Pat Shaughnessy, Elaine [illegible]
Advertising Committee — Willy Bell, Joyce Bouman
Business Reporter — Elaine [illegible]
Business Representative — Helen Kirk

After the show on Saturday evening attend the dance at the Elks hall. An enjoyable social hour or two for only two bits. [illegible]

Dominion Issues 1946 Year Book

Annually becoming larger as the dominion expands its national activities, the Canada Yearbook of 1946 has just been issued by the dominion bureau of statistics with 1,224 pages.

Packed with information about the social, economic and physical aspects of Canada, the big blue book holds much matter and is a popular seller as 12,000 copies have been printed to meet the demand from within and without the country. It is cloth bound, except for 2,000 copies in paper covers which are issued at half price to students.

An official compendium of information, the yearbook [illegible] of statistics on [illegible] mountains, waters, parks, population, [illegible] trade, transportation, finance, [illegible] social welfare and general conditions. There are several special articles on recent developments.

This publication will be supplied to the public by the King's Printer, Ottawa, at the price of $2 per copy. By a special concession teachers, university students and ministers of religion may obtain paper bound copies at $1 each. Applications for paper bound copies should be addressed to [illegible] Bureau of Statistics, Ottawa.

Every cent raised through the sale of Christmas Seals is spent on the specific job of fighting tuberculosis. There is yet much work to be done.

Huge Volume of Good-Will Advertising

STANDARD ONE DAY LATE

The Standard is one day late this week, going into the post-office Friday instead of the usual Thursday evening.

The delay was caused by the good-will felt by the business men of Vermilion for the people of the town and district, which found expression in the huge volume of Christmas greeting advertising contained in this 16-page issue of the Standard. Absolutely no canvassing was done for the advertising contained, every ad was entirely voluntary.

Read these advertisements, they reflect the feelings of the various business firms of the town, everyone of which might well be a friend of [illegible]

There will be no issue of the Standard next week, but don't be just a headline reader, keep this copy until you have really read it over. It will last a long while and recompense in part for there being no paper Christmas week.

Mother Nature's Children Up To Strange Tricks

Gopher Caverts on Snow Drift at 30 Below — Badger Finds Difficult Footing on Icy Road — Cat Naps Under Car Hood.

A gopher caverting in the snow at 30 below zero, a badger finding very difficult travelling along the slippery road and having a truck go over him without rumpling a hair of his hide, and a big alley cat selecting the warm block of a car engine as a nice place for a nap, are the strange tricks which children of Mother Nature have been up to around Vermilion recently.

Harvey Brown could hardly believe his eyes last Thursday when he saw a gopher running about in the snow as if it was the most natural thing in the world for him to do. The temperature that day was around the 30 below mark. The little rodent was [illegible] Larsen's down south. When the boys stopped the truck to get a good look at him, the gopher ran to a hole, stood up straight for a second, flicked his tail and down he went, maybe for the rest of the winter. He might have been improvident like the grasshopper of story book fame, but then again according to the encyclopedia gophers don't bother much with eating during the winter months they just have a really long sleep. An idea that appeals strongly to a good many human beings.

Badger Finds Travelling Difficult

Both the news editor and Cliff Porter agreed that it was time that all good badgers were having a long winter's nap, at least they couldn't see much reason for being up and around during the sub-zero weather last week, but other bystanders who listened to the story claimed that badgers don't do that, they stay out and about all winter. Anyway, Cliff Porter, driving his big truck into town along the south highway which was rather slippery, overtook a badger who was having a difficult time getting traction on the icy surface of the road, he wasn't getting anywhere fast, and was slipping here and there. Not wanting to hit the badger, about the best gopher catcher there is, Cliff managed to straddle the tough animal, passing right over top of him without mussing a hair of his hide. A close "shave" for M.

Paging Wimpy — Cat-Lounge. Could Have Been Result From That One

Seeking a warm spot for a nap on Wednesday, a big old cat sized up Irvine Bell's new Hudson. Mr. Tom sat on the fender for a few minutes and perhaps sensed the heat from the engine. At any rate he jumped down and made his way under the projecting radiator grill, disappearing entirely. The peculiar act luckily was observed by Gerald Stephens through the store window. He went to investigate and found Mr Puss settling down quite comfortably on the still warm block of the engine with his tail in very close proximity to the fan. Realizing that Mr Bell would be in for a big surprise should he start his car with the cat under the hood, not to mention the surprise the cat would have got, Gerald sent the alley bum on his way. He couldn't help wondering just what would have happened if no one had observed the cat's peculiar action.

Annual Meeting of the Vermilion Women's Institute

The annual meeting of the Vermilion W. I. was held at the home of Mrs. Kehoe on Dec. 4th. The annual report was read and adopted. Treasurer's report showed a balance of $68.25. Following the reports the chair was taken by our district convenor Mrs. R. Culford. New officers for the year 1947 were elected as follows:

President—Mrs. P. Jensen
1st Vice-Pres.—Mrs. R. B. Spencer
2nd Vice-Pres.—Mrs. D.M. Hildreth
Secretary—Mrs. A. Hofte
Treasurer—Mrs. W. J. Bell
Directors—Mrs. L. Kehoe, Mrs. G. Dunsmore, Mrs. E. T. Rooks.

It was decided to have an executive meeting on Dec. 11th to plan a program for the first three months of 1947. The meeting closed by repeating the mizpah after which a delicious lunch was served by the hostess.

W.I. REPORT FOR YEAR 1946

During the year 1946 the Vermilion W.I. has held 11 meetings, 10 regular and one executive. The average attendance for the year was 8 members. There are twelve regular members in the W.I.

Activities of the year: In January a dance was sponsored by the W.I. to raise funds to carry on during the year. The total sum of $68.38 was realized.

The sewing instructress from the V.S.A. gave us a talk and exhibition of handicraft in March.

At the next meeting Mrs. Hildreth gave us a talk on the benefits of Spirella corsets.

In May, our district convenor Mrs. Culford paid us her official visit. She gave us her report on the W.I. conference held in Edmonton. Also advised us re the convention to be held in July at the V.S.A. This event was a highlight for the Vermilion W. I. A very pleasant day was spent during which lunch was served and photos taken. Vermilion group took first prize on the individual thrift problem and second on the table exhibit.

No meetings were held [illegible] August and September.

In October our secretary Mrs. Marfleet after serving in this capacity for 11 years resigned, as she planned on spending the winter at the coast. Much credit is due her for holding the organization together during the years when it was hard to get officials to carry on the W.I. due to sickness [illegible]

A talk on the status of women in Alberta was given by Miss McIntyre from the Dept. of Extension. This was much appreciated.

A display of shell-craft was shown by Mrs. Riley at our last meeting.

Work Accomplished: For the Navy League of Canada we have knitted and shipped 6 scarves, 12 prs. socks and 1 sweater. 9 housewifes were made for women of Holland. A parcel of food was sent to a family in England. Layettes and children's clothing were made according to the projects of our magazine.

Donations amounting to $45 have been given out, namely $20 towards the Legion building fund, $10 to the Cancer fund, $10 to the Vitamin fund and $5 to the Xmas Cheer fund. Approximately $20 has been spent on material and wool for garments and food for parcel.

On the whole the year 1946 has been very inspiring and enjoyable to each member of the W.I. A warm feeling of friendship exists among the group and all are looking forward to the year 1947.

Judges Prepare To Make Awards

With end of this week judges will prepare to make awards of $18,760 in cash prizes to farmers who are competitors in the Western section of the 1946 National Barley contest.

None of the regional provincial prizes in the Western section will be announced until after the new year. In Saskatchewan and Alberta these awards will be in January.

The Brandon Winter Fair will be the climax of the contest with the announcement of winners of the big prizes in the inter-provincial contest.

Everyone in Alberta should be X-rayed annually for tuberculosis because early discovery of the disease means early recovery. Mass X-ray surveys are financed largely through the sale of Christmas Seals.

YOUNG STAR

Miss Natalie Minunzie, talented soprano and winner of the Toronto Conservatory diamond jubilee scholarship, will appear as guest artist on the Northern Electric Hour on Monday, November [illegible]. The program is heard weekly over the Dominion and Quebec Regional networks of the CBC.

$50 Million Used By Salvation Army In War Services

TORONTO. — After seven years of strenuous activity, The Salvation Army War Services Department is being wound up by the end of the year according to Lt. Col. Wm. Dray, O.B.E., head of the department.

During the war years, Salvation Army War Services handled more than $50,000,000 in its work in behalf of the armed forces in Canada and abroad. Its [illegible] in the field [illegible] in every [illegible] from coast to coast [illegible]

"I hope it will [illegible] for The Salvation Army War Services Department to be revived," said Col. Dray, "but if it should be [illegible] again the operational plan is ready at a moment's notice. This plan was built up and perfected by experience in two great conflicts."

Overseas, Canadian Salvation Army personnel served [illegible] with the troops. Across Canada a [illegible] of centres for armed forces personnel was operated [illegible] meals, [illegible] moving pictures, [illegible] religious services, [illegible] huts and halls, entertainments, personal [illegible] and the provision of sleeping [illegible]

Col. Dray was awarded the O.B.E. for his work [illegible]

"Home is the Sailor, home from the Sea, and the Huntsman home from the hill."

* * * * * *

This is the season when the word "Home" means so much to everyone. Nothing is better than having the family together for the holiday season, and everything moves to making this possible.

As we push back the rushing times, our thoughts turn to the fine community in this Vermilion district, and the many friends we have, hoping we have in some measure been responsible for the betterment of the community. And so we say a very sincere "THANK YOU," and extend our very best wishes to you and yours for a

Merry Christmas

AND A HAPPY NEW YEAR

from the Staff of the

Northern Hardware Co.

Limited.

Tom Watts . Ronnie Barwick . Pat Clark and Bill Martin

WOODVALE

We have been unable to get any news in for the past four weeks and hope this bulletin will reach Vermilion in time to wish the Editor and staff and the readers of this column a very Merry Christmas and Happy New Year. It is already, at time of writing very Christmasy weather with the temperature well below zero. Maybe we'll have a mild spell towards the end of he month which will make the yuletide visiting a real pleasure. Last year it was around 10 below the night of the school concerts, may the children have a better night this year, they work so hard for their respective concerts and should have a real good attendance.

To go back to the month of November all the mighty hunters returned home some with elk, deer or moose and some with nothing, to find out that deer have been right around their home places! Chester Rankin got his toes so badly frozen the first day he was hunting out west that he has been in the hospital ever since. Luckily it looks as if, with the good care received, that no amputation will be necessary, but it was a close shave.

Congratualtions to Mr. and Mrs. Harry Turner and Mr. and Mrs. D. Ford with their new baby sons. Our population keeps growing and all the newcomers have been boys so far.

Mrs. Laura Green visited her niece Joyce Fodness at Holden in November and went on to Edmonton to see her sisters and friends there. The writer went to see her daughter in Calgary a little later in the month. Mrs. C. Potter left for Edmonton where she will spend the winter with the rest of her family. Mr. and Mrs. A. Erkford and little daughter are living at the Potter home at present. Mac Tarves left for his home in New Westminster and hopes to be back again in the spring.

One of the Polish veterans who arrived in Vermilion came to work in the Woodvale district. Much beribboned for his youthful age, he is cheerfully adapting himself to the 6th country since he fled from Poland in 1939, and is applying himself vigorously but not very hopefully to learning the English language. finds it very hard, but it cannot be as bad as Polish. Try to get your tongue around his name for instance. It is Wladyslaw Wasylkiewicz. Well, try again anyway!

The Gaston Watson Red Cross auxiliary met on Dec. 7th at the home of Mrs. C. McGrath. Eleven ladies struggled with a cotton filled quilt, hoping they can get wool again for the next one. It was decided to send $5 to the Kinsmen Club again this year and after a much appreciated lunch and visit, everyone left in the darkness. Luckily there was a moon and visibility good. The next meeting will be at the home of Mrs. H. Portsmith on Jan. 22.

The school children at Woodvale will have a Xmas party in the evening of Monday 23rd. How they will entertain their parents and guests has so far been a well kept secret.

Once again—Merry Christmas and Happy New Year!

Special attention is drawn to the limited hours during Xmas and Boxing day, and New Year's and Jan. 2 when gasoline can be secured in Vermilion. The schedule appears in a display advertisement in this issue of the Standard.

IN MEMORIAM

In loving memory of

Mrs. John Welsh

who passed away Dec. 21, 1945.

In our hearts she is fondly remembered

Sweet memories cling to her name
Those who loved her in life sincerely
Still love her just the same.

—Ever remembered by her loving husband and family.

WITH

Kindest Thoughts

AND

Best Wishes

FOR A

MERRY CHRISTMAS

Mrs. Daisy M. Hildreth

SPIRELLA FOUNDATION

ISLAY

Islay Curling Club Organizes for Season

At last Islay men have organized for the curling season. Ice is being made and good progress reported. Officers are: President — R. Martin; Vice-President — Harry Young; Sec.-Treasurer—Bob Bell; Ice Committee—Paddy McGuigan, Sol Kohen, I. Inman. Anyone wishing to curl, hand in name to Bob Bell before Dec. 27.

[illegible] WEDDING

Last week, Thursday, Mr. and Mrs. John Robinson, who live south of Islay, celebrated their 50th wedding anniversary. Miss Joan Robinson, a granddaughter was home from Fort Saskatchewan for the occasion.

The Bazaar held Dec. 7th by the Knox W.A. was a fine success. $153 was realized. The W.A. is very grateful to all who patronized the bazaar and tea and to those who helped by contributions. We thank the girls who served the tables, it was a busy afternoon for them.

VESPER SERVICE

The Vesper service by the C.G.I.T. group given in the church Sunday was a very beautiful service. The girls and their helpers did well.

Bright light pours forth from the windows of the new school, fluorescent lighting having been installed. It throws a beacon light. What a change from the dingy, one roomed schools of yesteryear.

A wedding dance was held in Kenilworth school last Friday for Russell Buchanan and his bride (nee Helen Lumley).

Mr. Henry Lumley and family of Dewberry have moved to Vanesti, having bought the Harry Elliott land.

We notice Miss Velma Hatton assisting Mr. Fyfe in the post office these busy days.

Mr. Bill Purves shut the doors of his garage the other day, deciding to leave his car there till spring. He was using a little live heat to start it—the heat hopped about and so did Mr. Purves.

Mr. and Mrs. George Purves have gone to Vancouver for the winter months. Jim Carey left for a warmer climate too and will be in California some of the winter.

We are glad to report Mrs. Bert Hutchinson doing well now. She is in the Lamont hospital. Report comes that Mr. Landells is improving.

As long as one case of tuberculosis exists in a community no person is safe. Help seek out these danger spots of infection by buying Xmas Seals.

IN MEMORIAM

In loving memory of our dear husband and father

William Cummings

—who passed away Dec. 21, 1942.

"Gone dear father gone forever
How we miss your smiling face,
But you left us to remember
None on earth could take your place.
A happy home we once enjoyed—
How sweet the memory still—
But death has left us a loneliness
The world can never fill."

—Ever fondly remembered by his loving wife and family.

IN MEMORIAM

In loving memory of our dear husband and father

Philip Dawson

—who passed away on Dec. 22, 1940.

Remembrance is a golden chain
Death tries to break but all in vain,
To have, to love, and then to part
Is the greatest sorrow of one's heart.
The years may wipe out many things.
But this they wipe out never—
The memory of those happy days
When we were all together.

—Every remembered by his wife and family.

Local News of Interest

Mr. C. Dyer of Turner Valley, Alberta, wishes to announce the engagement of his only daughter, Evelyn Joan, to Mr. Frank Alexander Manyluk, son of Mr. and Mrs. Abe Manyluk of Vermilion. The wedding will take place Monday December 30, at Turner Valley.

Dr. and Mrs. W. H. Scott expect their two daughters home for Xmas. Margaret who is attending Mount Royal college, Calgary, will arrive on Friday while Miss Lola Scott is flying from Vancouver and will arrive here Monday.

Mrs. Edna Taylor of the France Public Service offices left on Monday evening on a three weeks' visit to Chicago and Lake Forest, Illinois.

Mrs. Patch of Doan's Millinery shop left Monday evening to spend the next three months visiting at Windsor and other points in Ontario.

Mrs. P. H. Castle drops the Standard a line and says that she is still very much interested in all of her friends here, in spite of not finding much time to write to them. She sends along Christmas Greetings to all.

Several new Mercury Tudor sedans are in evidence around town this week. George Webb and Sons received a carload of the fine looking cars and delivered one to W. L. Roebuck, one to Wilson Bros., and George himself has one.

Saturday Dec. 14th was an important day for little Miss Brenda Ball, daughter of Mr. an Mrs. R. J. Ball. Brenda was 5 years old that day and many of her little friends helped her to celebrate the occasion at a very happy party.

Mrs. Wm. Robson left for her home in Winnipeg last Saturday morning after spending some time with her sister Mrs. William Telford. Mrs. Telford expects another sister, Mrs. Mary Robinson, also of Winnipeg to arrive on Friday this week, to spend two weeks here.

Miss J. Roycroft who has been living at New Westminster has moved to Innisfail for the winter months.

CARD OF THANKS

Mrs. Telford and daughter Muriel wish to thank the many kind people who visited the late Mr. Telford while he was a patient at the hospital, and for the many expressions of sympathy, helpful acts and beautiful floral tributes received in their bereavement.

CARD OF THANKS

St. Mary's Jr. W.A. Clandonald wish to thank all who so kindly helped, by giving of their time and donations, towards making the J.W.A. bazaar the success it was. [illegible] many thanks.

Clandonald J.W.A.

BRIDGE AND WHIST

Bridge and Whist party on Fri[illegible], Jan. 3 at 8.30 sharp in the Masonic hall. All Masons and their friends are cordially invited to attend. A dance to follow. Refreshments. Admission 50c each. 23

Merrie Christmas!

LLOYD HARRIS wishes to thank his many friends and customers for their loyal patronage and to wish them one and all A Very Merry Christmas and a Happy 1947. These sentiments are echoed by M[illegible] [illegible] 1

Fight T.B. with Christmas Seals

Attention of milk consumers is directed to the fact that milk will not be delivered on Christmas Day and New Year's Day, also that the dairy itself will be closed. Lay in an extra supply of milk the day before Xmas. See advertisement for full particulars.

Mrs. Gordon Anderson who has spent the past four months with her mother Mrs. Wm. Telford, left by car on Tuesday on the return trip to her home in Seattle.

W. B. Hilford was a recent visitor to Lashburn where he gave a recital on the new electric organ just installed in Lashburn United church.

Charlie DeFord is leaving this week for Trochu where he will spend Xmas at the home of his daughter and family, Mr. and Mrs. R. D. Greig. Charlie will go from there to Calgary to visit his daughter Mrs. W. W. Gow and then on to Creston to visit at the homes of Mr. and Mrs. George Roenaghan and Mrs. R. Roebuck. He expects to return to Vermilion about April 1st.

The ladies of St. Saviour's W. A. wish to take this opportunity of thanking all those in Vermilion and district who gave donations or helped in any way to make their bazaar and tea such a success.

The following interesting extract is taken from a recent issue of Western Workers Witness: "The Christian and Missionary Alliance church at Wimborne, Alberta, has made rapid strides under the consecrated ministry of the Rev. and Mrs. Phillips. There has been spiritual growth and development and the church property has been greatly improved. The summer Bible schools were wonderfully successful. At Curlew the people expected 5 or 6 children but 21 attended regularly and the parents were delighted with the work. Bro. and Sister Phillips have now accepted a call to Vermilion and the Rev. and Mrs. W. H. Newman have taken on the work at Wimborne."

Miss Josephine McLaughlin spent Sunday visiting the R. M. MacCrimmon family at Scotford Farm, Fort Saskatchewan.

Ellef Johnson of the [illegible] ing Co. plans to leave Saturday night for the family home in Minnesota where he will spend Christmas at home for the first time in 1[illegible] years.

[illegible] Wednesday morning for his old home in Port Arthur. [illegible] left the [illegible] port [illegible] years ago and this is his first trip back.

NOTICE

The [illegible] Transport will [illegible] their last run to Edmonton before Christmas on Monday, Dec. 23. [illegible] regular Tuesday trip [illegible] cancelled. [illegible]

Salvation Army [illegible] program will be held on Monday, Dec. 23rd. [illegible]

Profit and Permanency

Weed control, the use of fertilizers, suitable tillage machinery and correct cropping practices are all means to the same end: that of soil conservation and the best possible use of our agricultural lands.

Valuable information on correct cropping practices is provided in the bulletin Cropping for Profit and Permanency — a publication of the Dept. of Extension at the University of Alberta. The writers, A. G. McCalla and W. E. Bowser, tell us that a permanent system of crop production can and should be followed not only on a few but on all Alberta farms. In the bulletin, a summary is presented of climatic and soil conditions and cropping practices for each part of Alberta are outlined.

The publication "Cropping for Profit and Permanency" can be had either from the Dept. of Extension, University of Alberta, or from the Alberta Department of Agriculture.

It costs seven times as much to cure a case of tuberculosis as it does to find it. Christmas Seals perform a valuable service in helping to finance constant efforts in all parts of Alberta.

Merry Christmas!

We take genuine pleasure in laying aside the routine of business to send our many friends the heartiest wishes for the Holiday Season.

Geo. C. Webb & Son

Season's Greetings . . .

CHRISTMAS MESSAGE —

I hear the bells on Christmas Day
Their old familiar carols play
And wild and sweet
The Words repeat
Of peace on earth, good will to men.

Christmas is one annual event that makes life worth living. Its festive season strengthens the ties of affection for our families and our friends.

Christmas gives us a new, bright sense of the glory and significance of life. We see with clearer eyes the beauty and meaning of human faces, the majestic pattern of the coming and going of the seasons, the wonder of the daily pageantry of work and play, the glory of sunlight over a far-flung countryside, sunset over the brooding rockies, the roar of a city.

We cannot build an ivory tower and cultivate our souls in indifference to the dark tumult on every side. But we can build a democracy in liberty and in peace—a kind of life that shall be most desirable to all men.

Christmas renews our hopes and courage and rekindles the better instincts in humanity. It provides a fountain of goodwill, inspiring continuing efforts for a better world.

—"The Budget."

Christmas Seal Reminders in Mail

MAKE YOUR RETURNS TODAY

"Reminder Cards" are being mailed by the Alberta Tuberculosis Associations and local Seal Sale committees to recipients of all unanswered Xmas Seal letters according to Eric Connelly, President.

"The Associations have found", he said, "that in the rush of Christmas preparations, people often forget to send their contributions and appreciate a notice reminding them of their oversight.

"Since the sale opened Nov. 25, we have received $20,000 which is 30 per cent of our quota. We expect that the reminder cards will bring a prompt response from enough outstanding letters to enable the Associations to go ahead with their 1947 tuberculosis control program. The work of the Associations is supported by numerous small contributions, rather than a few large contributions. It has become a Canadian tradition for everybody to unite in the fight against tuberculosis by buying and using Christmas Seals."

Extra Train Service For Xmas Eve and Christmas Day

EDMONTON. — The Canadian National Railways has arranged additional train service over the Christmas holiday between Edmonton and Lloydminster, Edmonton and Whitecourt, according to M. J. Dupuis, district passenger agent. Train for Lloydminster and intermediate stations will leave Edmonton at 5 p.m. Dec. 24th while the train from Lloydminster and intermediate points will arrive Edmonton noon on Christmas day. Both trains will stop at all stations, on regular schedule.

Some people make fools their best friends.

Our Sincere Thanks

IN THIS OUR FIRST CHRISTMAS IN BUSINESS AT VERMILION
We want to express our grateful appreciation for the great volume of business extended to us.

We hope to merit a continuance of your patronage, and we take this opportunity of extending to you all

A MERRY CHRISTMAS

FULL OF GOOD HEALTH, GOOD CHEER, GOOD FORTUNE AND FRIENDLY COMPANIONSHIP

Vermilion Residential Street Catches Visitor's Eye

While on a recent visit to Vermilion J. L. Deakin, provincial editor of the Edmonton Journal was attracted by the many new residences here and took a photograph of the above block on First street North, this is looking with the property of W. P. Pilkie east from the tennis courts, commencing.

Suffering China Calls

to Canadian Farmers

WAR has spread wreckage and suffering among the 500,000,000 people of Canada's Pacific neighbor—China.

Blasted from farms and villages, millions of Chinese families are homeless, hungry and in rags, dying daily from starvation and disease. China was first to feel the Fascist onslaught. For eight terrible years—from July, 1937 to August, 1945—China heroically breasted the aggressor's hordes. Two years longer than any of her allies!

Farmers Call to Farmers

To-day, China presents a heart-rending spectacle to Canadians mercifully spared the ravages of enemy guns and bombs. And especially to Canadian farmers!

About 85 per cent. of China's 500,000,000 people are peasant farmers. To the scourge of Japanese planes and artillery have been added, in many districts, flood or drought, and shortage of seed grain. Besides the need for food, clothing, medical supplies, hospital equipment, there is urgent need for reconstruction of farms and homes.

Canada's Aid Essential

During the war, Canadians, through The Chinese War Relief Fund, sent China some $2,654,000 in money and over 1,464,000 pounds of used clothing valued at some $2,930,000. But the aftermath of war can be more terrible than war itself. The world-wide relief work of the United Nations Relief and Rehabilitation Agency (UNRRA) ends March 1st in China. The burden will fall on voluntary agencies. So Canadian Aid to China (formerly The Chinese War Relief) is making a national appeal. *This is an urgent call to Canadian farmers to support this effort.*

How YOU Can Help

To make it more convenient for YOU to participate, all Elevator companies have been authorized to receive donations of part of grain deliveries as Aid to China.

When you deliver grain to your Elevator, simply tell the Elevator Agent how many bushels you wish to donate to Canadian Aid to China.

The aim is one per cent. of the storage capacity of each Elevator. Will YOU help to make this possible?

Enlightened Self-Interest

This appeal is to our common humanity as citizens of the One World from which to-day we dare not isolate ourselves. In helping to rehabilitate the Chinese, we are hastening a return to world health and progress.

But we may well remember that China is not only a World Neighbor of Canada, but a good potential customer for our products. In helping her recover from her war wounds, we are building goodwill and laying the basis of profitable relations in the days to come.

WHAT TO DO

When you deliver grain to your Elevator, simply tell the Elevator Agent how many bushels you wish to donate to CANADIAN AID TO CHINA. Your Agent will make out a ticket in the name of CANADIAN AID TO CHINA for your donation. Official Receipts will be forwarded to you from your Provincial Headquarters for income tax purposes.

No cheques to write, no cash to pay, no mailing to do. It's as simple as that!

CANADIAN FARMERS, BE GENEROUS! CHINA, A GOOD NEIGHBOR, NEEDS YOUR HELP!

This is the only national appeal to be made in Canada during the next twelve months for Chinese relief.

23 CURLING RINKS START THE SESAON

HERE THEY ARE, BOYS

The Vermilion Curling club has started the season with the largest number of rinks on record, 23 in all, with at least one more to be formed immediately after the Christmas activities are over. This year a new departure in forming the rinks was undertaken in that the skips were elected by popular vote, they were then given time to secure their own choice for third man. All the names of the remaining curlers were placed on the board and were drawn off in turn.

OBITUARY

WILLIAM TELFORD

Funeral services for the late William Telford were held on Wednesday December 11th at the United church at 2 o'clock in the afternoon. Interment followed in the Vermilion cemetery. The Rev. E. S. Reikie conducted the services. The impressive ritual of the Masonic Order was carried out at the church and the graveside.

The deceased passed away on Sunday, December 8th, after being ill most of the year. Mr. Telford was born in the province of Quebec at Bryson on May 15, 1867. He moved as far west as Manitoba in 1890 and was in business at Winnipeg, Portage la Prairie, and Winnipegosis. He moved to Vermilion in 1907 and immediately became interested in business, purchasing the Alberta hotel. This he operated until 1916 when he disposed of the business and moved to his farm in the Allandale district. He carried on very successful mixed farming operations until he retired two years ago and he and Mrs. Telford moved back to Vermilion and purchased a home.

Mr. Telford was a member of the Masonic Order, a past president of the Vermilion Curling club, past president of the Vermilion Agricultural society, and was keenly interested in the welfare and progress of Vermilion and district.

The pall-bearers were Messrs. J. C. Cross, F. Corley, L. Amos, J. W. G. Morrison, M. Hill, R. Jory.

Left to mourn his loss are his sorrowing widow, one daughter Mrs. Muriel Anderson of Seattle, two grand children, Dr. Telford Anderson of Seattle and Miss Shirley Anderson of San Francisco, Calif.

Beautiful floral tributes were received from the following: Loving Wife and Family, Jack and Jean, Bill and Hilda, Mr and Mrs. Loyal Amos and family; Mr and Mrs Dave Duncan; Mr. and Mrs R. Norton, Mr. and Mrs C. Robinson; Henry and Nell; McKone Family, Mr and Mrs Melvin Hill; Mr. and Mrs W. B. Wiebe, Mr and Mrs J. W. G. Morrison; Mr and Mrs. R. Parker and family, Mr and Mrs W. P. Pilkie, Billie and Bert, Mr and Mrs Owen Burns, Bob and Patsy, Mr and Mrs R. Butler and family, Mr and Mrs Kaiser and family, Mr and Mrs V. Wayne, Harry Dean, Mrs. Petch, Mrs. Carroll, Russell and Evelyn, Beth Witherbe; Mr. and Mrs Akins, Barwich, Mr. and Mrs H. Hedstrom and Elma; Kate and Len, Joseph and Ann Payne, Mr. and Mrs Albert West, Mr. and Mrs Elmore Stewart, Mr and Mrs F. C. Long, Mr and Mrs. Carman Long, Mr and Mrs R. Jory and family, Mr and Mrs A. Sinclair, The Macnab Family, Mr and Mrs Geo Whitson, Mr and Mrs W. B. Williams and family, Mr and Mrs Evans, Gib and Jessie, Mr and Mrs Mark Norton, Mr and Mrs Geo Whyte, Mr and Mrs W. Barr, Mr James Barr, Mr and Mrs C. [illegible], Mr and Mrs M. Barr, Mr and Mrs Wm Mayers; Alf and Grace Seattle, Mr and Mrs. Don Taylor and family, Mr Alex Taylor, Mr. and Mrs. [illegible] Spencer, Mr and Mrs Wallington and children, Mr. and Mrs. B. C. Hebert, Mr and Mrs W. Steele, Mrs Edna Taylor, Mr and Mrs Buckingham, Mrs Kehoe, Evelyn, Maurie, Leona and Bill, The Rochford Family, Mr and Mrs F. Firth, Mrs Jessie King, Mrs F. [illegible] and family, Mr and Mrs G. [illegible], Mr and Mrs James Cavil, Mr and Mrs McLellan, Mr and Mrs A. Pinchbeck, Mr and Mrs Ort Strome, Ralph Strome, Mr and Mrs McCorkbridge, Mr. and Mrs Reeves, Mr and Mrs Hall, Mr and Mrs Fraser, Mr and Mrs Seddon, Mr and Mrs Richardson, Mr and Mrs Mange, Mr and Mrs Dalman, Mr and Mrs McIntyre, Mr and Mrs Frank Pitts, Rowe and Spencer, Brimacombe Bros., Vermilion Lodge No. 60 A.F. & A.M., Royal Arch Chapter No. [illegible] Vermilion, Vermilion Pastime club, Vermilion Old Timers Assoc., Vermilion Agricultural Society.

Meyers were in charge of the arrangements.

The rinks made up now are as follows, and the regular draws commenced Tuesday evening. Skips are named first and the rest of the names may or may not be in order.

King, Crabb, Beresford, Hawker; Stewart, A. Cooper, Part, D. Wilson; Corley, Amos, Corson, Hicks; Hochbert, Clarke, Scarboro, J. Klashinsky; Moffatt, Currah, M. Norton, Tillott; Banks, Dalgliesh, C. Spencer, Bentley; Barr, F. Cooper, C. Hochbert, Mayhew; McFadden, McLaughlin, McDonald, Welsh; Manz, Calvert, Ross, Molesy; Carroll, Meyer, Good, Pettinger; R. Spencer, Beresford, Logan, Manyluk; A. Currah, Stephens, Steinhauer, Polk; Webb firm rink; Park, Long, Powell, Grafton; Martin, Harris, R. Cooper, Pulleyblank; M. Hill, Art Lindell, Wayne, Holte; K. Rowe, Ridington, Pinchbeck, Reikie; Ford, Dyck, Simonson, Davidson; Adam, Mitchell, J. Reid, Fooks; Parker, Morrison, E. Miller, Chomyk; Harkness, Paddock, Parker, Krause; Petrie, Bell, Preston, Kalwoist; Walden, McLean, Sobey, Reeves.

Ab Sinclair and Alf Kaiser have entered a rink to commence functioning after Christmas, and a number of other curlers not yet placed on rinks will be called on as rovers for the time being.

SUNDAY SCHOOL XMAS TREE AND PARTY AT ST. SAVIOURS

The annual Christmas tree and party of St Saviours Sunday school will be held in the Parish hall on Monday afternoon Dec. 23 at 1 o'clock.

Wildmere Winks

Don't forget the social evening at the school for the children and grown ups on Friday Dec. 20th. The W. W. I. are giving treats to the kiddies.

We along with the community extend deepest sympathy to the Nichol family on the loss of their brother Alex. He lived for many years in the Triangle district.

Congrats to Mr. and Mrs Ray Otterberg (nee Betty Sweeney) for a long happily married life. They were married on Saturday Dec. 14th. Welcome to Wildmere Betty.

As this is our last news bulletin until 1947 we wish our Editor and staff our many readers and fellow scribes a very Merry Christmas and a Healthy Prosperous and Happy New Year.

In recent word from our better half at Nelson, B.C. he said that his mother was very sick. She must be feeling better as no further word has come.

Stagette Notes

The stagettes were cordially invited to the J. Robson house on Tuesday night.

The business period was short, just reminding everyone of duties for the coming week.

Girls get your eye catching posters up for the dance on the 20th.

The Xmas party got under way in short order and a number of grand prizes went to several more brilliant stagettes. Kay managed the program very well and also the piano key board. The lunch committee really put on a spread, everything one could wish for, with the exception of turkey of course. Lucky for Mr. Robson he came home when he did, and we hope he didn't think us too rude to take possession while he was out. We really all had a wonderful time and thanks again to Mr and Mrs. Robson.

Folks—don't miss the Holly Frolic dance on Thursday Dec. 26th

Mrs. Marie Emsland plans to leave this week end for Penticton, B.C. where she will visit her three sons Roy, Frank and Chris. She will also visit her daughter, Mrs. George Van den Dolder in Vancouver. Mrs. Emsland will be away three months.

Mr and Mrs. Einer Anderson of Islay plan to leave on Dec. 30th for Long Beach, Calif., where they will spend the winter months. They will also visit at several other points, including Vancouver and plan to return home about the first of March. The trip is being made by plane.

Pete Tulodzieski now has a towing service at the beck and call of anyone needing a tow in this cold winter weather. Pete is ready to go anywhere at any time and can be contacted by phoning 222. See his advertisement elsewhere in this issue.

FOR SALE—W30 INTERNATIONAL tractor, rubber on front, steel on rear. Good condition. Apply to H. M. JABLONSKI, Derwent, Alta. 22

A special train will be run from Edmonton to Vermilion and Lloydminster on Christmas eve, Tuesday Dec. 24 and [illegible] Xmas day Wednesday Dec. 25th for the accommodation of those wishing to travel these particular days. The train will run on the same hours as the daylight [illegible] so as the regular train misses these days each week. 22-1

Death of Former Vermilion Minister

The death took place at Lloydminster last week of Rev. Percy H. Roberts who was well known in Vermilion in the early 20s when he was pastor of the Baptist Disciples of Christ church, now owned by the Christian Alliance congregation. Mr. Roberts went from here to Lloydminster where he resided up to the time of his death. His wife predeceased him several years ago. Since his retirement from the ministry of the Baptist church there Mr. Roberts devoted much of his time to the Boy Scouts movement, in which he achieved great success.

Completion of Address By Robert Fair, M.P.

SERIOUS TIMES

In conclusion, Mr. Fair stated that we are living in very serious times and that the people all across the country are not satisfied with the Government's policy of taxation and regimentation. Those two combined are forcing sabotage of our production as the people will not produce at full capacity while a heavy portion of the production is confiscated for taxes. The results of the by-elections in Pontiac, Portage la Prairie and Parkdale are proof of this. Pontiac, formerly held by a Liberal was won by a Social Creditor, the first in Quebec. Portage, formerly held by a Liberal, and Parkdale, where a Prog.-Con. resigned, were both taken by the Prog. Conservatives.

NATIONAL DIVIDEND

When the Family Allowance legislation was before the House of Commons only a few members spoke against it and when a recorded vote was called by the Liberals, the vote was 139 in favor and none against. This means that all parties in the House voted in favor of a National dividend for all Canadians up to the age of 16. The present Government taxes all the people of Canada to pay this allowance and thereby do not place one additional cent of purchasing power in the hands of the people. Social Creditors would issue debt free credit to do the job and in this manner place about 250 million dollars of increased purchasing power in the hands of the people. If a dividend is good for Canadians up to 16 years of age why not extend it to all our citizens and watch our people prosper. The present policy of taxation and regimentation is heading the people towards some form of dictatorship aided by the Bretton Woods agreement. Why not adopt the policy of Social Credit which will enable ALL to live in a Christian Democracy where we can enjoy a high standard of living with FULL PERSONAL FREEDOM? Think it over.

A sound home is one which doesn't break within and cannot be crushed from without.

Message from Santa Claus

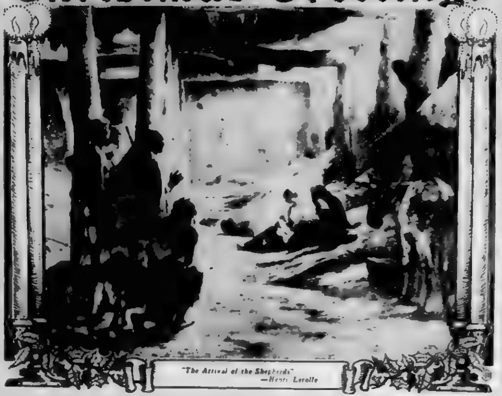
ATTENTION, ALL GIRLS AND BOYS IN AND AROUND VERMILION —

We have just received a special message from Santa to say he will not be able to visit you at Craig's Big Store this year.

He says it's all on account of there being so much scarlet fever and mumps in town. It's really too bad, but he says to tell you he will be right on the job to see that you all get your presents at home on Christmas morning.

Craig Bros. Ltd.

Christmas Greetings



"The Arrival of the Shepherds"
—Henri Lerolle

Britons To Enjoy Brightest Christmas In Seven Years

LONDON. — Londoners, now deeply immersed in the biggest Christmas shopping rush for seven years, are happily convinced of one thing: they have seen lots worse Christmases in the past than this one.

Santa Claus has been on the job in the West End's big department stores for two or three weeks. The first Christmas trees arrived at the Covent Garden market and they promise to be plentiful this year. Stores are piled high with the biggest stocks of the best toys Britain's youngsters have seen since 1938.

Despite these delights, thousands of Britons are planning to spend Christmas abroad. At the Swiss legation in London, queues of 400 people daily line-up for visas to the brightest oasis of plenty and prosperity in all Europe.

Legation officials expect to be handing out 700 visas a day by the end of this month but for the majority who will be staying home, the festive prospects are at least much brighter than at any time since the war started.

There will be extra meat, fats and sugar. Bakery stores will be selling decorated cakes for the first time since early in the war. There is a better supply of continental wines than at any time since 1939 though Scotch whisky is [illegible]

Canned fruit which hasn't been on sale at all for over a year, will be in the stores again. For the first time in eight years, it will include canned pineapple, a delicacy which Britons had almost forgotten about.

Small allocations of dried fruits have made it possible for most housewives to rustle up a plum pudding. Even turkeys will be more plentiful than in recent years — though there still won't be enough to go round and a fair-sized bird will run to $20 or so.

For the very fortunate, here are a few of the gifts which can be bought: a four-wheeled, hand-propelled rn. about for the 12-year-old boy. Mounted on small bicycle wheels, it has a sliding seat and is propelled by a long handle, working something like a rowing machine. The price $70.

Hand made table lamps with shades made from 200-year-old parchment documents, the base fashioned from wood salvaged from the blitzed House of Commons and decorated with the hand-carved figure of Henry VIII or Queen Elizabeth, in materials obtained from the Commons building. These sell at $60.

Aluminum ashtrays made from metal salvaged from German aircraft destroyed during the battle of Britain six years ago, and engraved with Royal Air Force crests. These are selling rapidly at $8.

TOYS AWAIT BOY

Nine-Year-Old Richard Marlowe Missing From Home Since 1944

TORONTO. There's a closet full of clothing and a trunk packed with children's toys in an Etobicoke township house that await their owner, 9-year-old Richard Marlowe who has been missing from his home since July 1944.

Richard, youngest of a family of [illegible] was last seen by his mother on his way home from the corner drug store with a friend. He never reached home and police, neighbors and school friends found no trace of him in a search that was carried on for weeks.

All but Richard's immediate family have long given him up for dead but the Marlowes are still waiting for the fair haired blue eyed youngster to come back. An extra stocking hangs beside the fireplace every Christmas and his presents are being saved for his return.

A CHRISTMAS GRACE

We thank Thee, Father, for the night
And for the pleasant morning light
For rest and food and loving care,
And all that makes the world so fair

Christmas Spirit Of Old Time England

During the 1400's and 1500's before the Puritans got the upper hand, the golden age of English hospitality reigned. At Christmas time castles and manor houses were filled by the score and the hundred.

Kinsmen and neighbors were there and on certain days the tradesmen and tenants, for all were equal at this season. The butler could dance with the mistress if he had the nerve to ask her. And he usually had after the wassail.

The great halls were a din of geniality. There was light almost enough to pierce the wood smoke. And there were the savory aromas: Roasting beef, toasting mutton, fowl and brawn (the flesh of the wild pig which had been caught and fed good grain to the point of arousing his suspicions; too late, of course).

The dark ale flowed and added its voice—by proxy—to heighten the noise. At the peak of all this there was brought in the Yule log, a relic, incidentally, of the Scandinavians' pagan worship of Thor. With a brand from last year's log the new one was fired.

The light from these roaring flames would shine out through portals opened to the knocks of carolling and wassailing bands who more often than not, were brought into the hall to eat of nutmeg cakes and brawn and mustard.

ORIGIN OF RED AND GREEN DECORATIONS

The use of green at Christmas time is understandable when it is recalled that the idea of decking churches, houses, shops, etc., centres around the use of evergreens. This custom antedates the Christian era and apparently is a survival of the Roman Saturnalia, when inhabitants of Rome ornamented their temples and dwellings with green boughs.

Red, which is regarded as the most cheerful of all colors, is said to react most quickly on the optic nerve. Decorations available at the winter solstice include holly, the berries of which are red.

King To Make His Traditional Broadcast

LONDON—The King will make his traditional Christmas broadcast to the Empire from Sandringham at 10 a.m., EST, Christmas Day, it was announced at Buckingham Palace.

FIRE PROOFING CHRISTMAS TREES

Christmas trees of themselves may be fire hazards. While freshly cut trees do not ignite easily they soon become dry and constitute a fire hazard [illegible] the amount of resinous substances they contain. At the same time the danger of fire may be obviated if not entirely prevented through chemical treatment. On the other hand, Christmas trees are marketed rapidly after being cut so that chemical treatment is not always practicable.

However it has been proved that [illegible]

[illegible] shape, and placed in a receptable containing the solution and left in a room of moderate temperature [illegible]

[illegible] flame.

Junior Seed Fair

The Provincial Junior Seed Fair, open to all farm young people of Alberta between the ages of 12 and 22 inclusive, will be held in Calgary on Jan. 23, 24 and 25. Prize lists are being printed and will be available at an early date.

Substantial prizes are offered for quart samples of wheat and oats, for feed and malting barleys, and for flax. In addition the sponsors of the various grain clubs offer gold watches as special prizes for top awards.

There is a class for a 25 bushel lot of malting barley in which only samples taken from larger lots will be exhibited. These samples must be taken by officials of the Dept. of Agriculture.

Detailed information respecting the Seed Fair can be obtained from District Agriculturists or from the Alberta Dept. of Agriculture, Edmonton.

DEWBERRY NEWS

The Australian climate is so moderate that people upon greeting one another do not comment on the weather. We must say however that it is very cold here and cannot help but mention it.

Most of our local big game hunters have returned with their full limit of game. We hear Edsel Jones was lost for a day and a half while tracking down a wounded moose. Coyotes are quite numerous in the game region. North of Lea Park local cattle ranchers have put a good private bounty on wolves which have been killing quite a number of cattle, including a government bull.

The Dewberry A.F.U. Local 135 has nominated four delegates to attend the forthcoming annual covention of the A.F.U. They are Walter Parker, George Connon, Fred Collins and John Andersen. Motions will be hotly debated we are sure and we hope it will mark the beginning of security for the agricultural man.

The hamlet schools this year are putting on the biggest Xmas concert ever to be held in the hall. Just watch for the date.

Miss Smith, one of our local teachers, intends leaving for the east after the holidays and we hope her position can soon be filled.

Our modern outdoor skating rink is now equipped with the newest machine in amplified music. This makes skating more enjoyable.

The speed record for unloading coal must surely be held by Dewberry people. Just drop off a carload and whis-bang—all gone.

And now a Happy Christmas to you all and may the merry spirit of the yuletide remain with you always.

A.M.A. Urges Bridge Safety Measures

Painting and repainting of guard rails on highway bridges and also the approaches has been urged in a resolution adopted at the recent annual meeting in Edmonton of the Alberta Motor Association. The use of luminous paint has been suggested.

The A.M.A. also is urging painting of a centre line on paved and other similarly hard surfaced highways as a further step to assist the safe operating of motor vehicles.

Recently bridge accidents which resulted in fatalities have occurred in different western provinces. Possibly some of these could have been avoided had the guard rails or the approaches been adequately marked.

The A.M.A. feels that this is a need in Alberta where there are thousands of bridges which are in use every day for the operating of motor vehicles and other types of vehicular traffic.

Since 1927, the year the Canadian Tuberculosis Association held its first Seal Sale the death rate from tuberculosis in Canada has been cut 45%.

Christmas Britain's Gayest Festival

Customs of the Season

Christmas is and always has been Britain's greatest and gayest festival. Even back in the Middle Ages a visiting French priest, Pere Cyprian, marvelled at it; declaring that in Britain Christmas was kept "with greater ceremony than any other realm in Europe." It has always been the feast of the family and the fireside. In olden times hospitality was extended to all a landlord's tenants too. The great noblemen and landowners were at this season allowed to dress their heralds in their own livery—forbidden all the rest of the year; and they kept open house for all their tenants. The Yule log was brought in from the woods with dancing and rejoicing, and the thick Christmas candle lit. Then there was singing, games were played, and the Mummers performed plays. In many places a Lord of Misrule was elected to direct the festivities, and everyone including the nobleman himself, was subject to his commands. One of the oldest Yuletide traditions is the singing of Christmas carols. Many English carols are very old and very beautiful. And groups of young people from clubs, schools and the churches still go round singing them in the weeks before Christmas. Usually the money they collect is given to charity. Some localities have their own carols. For instance, much bombed Coventry, England, is the home of "Lully, lulla, Thou little tiny child", and after the terrible raid of 1940 the people of Coventry gathered among the ruins and sang this hymn. Christmas bells are rung by churches on Christmas morning. Houses are decorated with holly, mistletoe and evergreens, the traditional mince pies and plum pudding—so far as they are available today—are still eaten. Gifts are exchanged.

Chest X-raying of industrial workers is advocated as "economically and humanely profitable" in the educational campaign to control tuberculosis, which is financed largely by Christmas Seals.

MAGIC CHEESE BISCUITS

1½ cups flour
½ cup milk
½ tspn. salt
2 tspns. Magic Baking Powder
1 tbspn. shortening
6 tbspns. grated cheese

(When half-baked, place square of cheese on top of biscuits for extra flavor)

Sift dry ingredients together; cut in shortening. Mix in cheese lightly; add milk slowly. Roll out on floured board to ½-inch thick; cut with small biscuit cutter. Bake in hot oven (475°F.) 12 to 15 minutes. Makes 12.

Coal Strike In British Columbia Has Lasted For 93 Years

NANAIMO, B.C.—Coal strikes can be long affairs. One has been going on here for 93 years and the men are still out.

Henry Castillou, K.C., of Vancouver, told the Nanaimo Pioneers' Society about it.

Indian miners went on strike in 1853, and a native has never worked in the mines here since.

The Indians were hired to dig coal for His Majesty's ship Cormorant. They received four shillings a day, plus presents for their chiefs, but they soon quit, demanding higher pay. There was no settlement.

Mining methods were crude, the miners being lowered into the shaft in a big tub.

Mr. Castillou described the walkout as the "longest coal miners' strike in history."

PROTEIN OF WESTERN WHEAT IS WELL MAINTAINED

The average protein content of the 1946 Western wheat crop is 13.8 per cent according to the latest crop bulletin issued by the Laboratory of the Board of Grain Commissioners. This figure is exactly the same as that for the 1945 crop, and 0.2 per cent. higher than the mean for the past 20 years.

Protein values examined by provinces show that there are differences in provincial figures between this year and last. Values for Manitoba and Saskatchewan are higher by 0.9 and 0.3 per cent. and for Alberta lower by 0.7 per cent. this year.

	West Can	Man	Sask	Alberta
1946	13.8	13.2	14.4	13.2
1945	13.8	12.3	14.1	13.9

OUR COMPLETE SHORT STORY—

ROSARY OF REMEMBRANCE

By HILDA W. CAUFIELD

Copyright Wheeler Newspaper Syndicate

AN age has passed since I received the official telegram. Though it marked the end of a cycle in my life, that day does not stand out in my mind as a day of horror, for I did not believe the message. You could not be dead, you who were the most alive and vital person I had ever known. Besides, your gay whimsical letters came that week and the next. Then there were no more letters.

Nothing, only silence. The realization must have come gradually, till finally I accepted the belief that you were dead.

With that realization, it suddenly seemed terribly important that I should know how you came to death. Were you blown to bits by the explosion? were you struck by falling debris to suffer before the end, or did you cling to a bit of wreckage till numb fingers relaxed and you sank down and down into the green depths of the sea? Feverishly I wrote to names and addresses of survivors gleaned from newspaper lists. Sometimes no answer came. Those that did were sympathetic but not helpful. None could tell me what it seemed I must know.

When all these possibilities were exhausted and I accepted the fact that the knowledge I craved was not for me, the dullness of desperation settled on my spirit through long days and longer nights. The horrible thought that soon you would be forgotten in the world of men and women possessed me in waking moments. Immortality in some distant sphere seemed too cold and remote a hope to offer any comfort.

The children could not sympathize. True, they demanded attention and care, diverting my mind from its torture, but to them you were only a bright and gallant picture on my dresser. You had never seen Ronnie, and Janet was too little to remember you even from your last leave.

I longed passionately for some gift or talent to perpetuate your memory. If only I could paint a beautiful portrait of you, or if I could dedicate sonnets or prose tributes to you, or compose a grand musical aria in remembrance. I ached for the ability.

. . . " 'round thee with the breeze of song
To stir a little dust of praise."

But I had nothing, only the children. I was glad beyond words that I had them, glad that we had not let the war hinder plans we had made that summer for marriage in the autumn. At our ages it would have been foolish to postpone it, even though knowing you as I did, I was certain you would soon leave me. But I would have loved you less if you had hesitated in that.

Your leaves were times of happiness, exquisite even in memory. Yes, I had memories so many so perfect. Like pearls of a rosary I counted them over, treasuring each one, beginning with the first time brother Rob brought you home to visit.

That was a magic week. At its end came our first good-bye. Others followed, each with a little shadow on its sweetness, for you carried away something of my heart, and left a little of yours with me.

I shall always remember our last good-bye, the poignantly lovely moment when you tipped my chin to look in my eyes as you whispered,

"I love you forever."

I could only whisper in return the pledge,

"Forever."

And when the mist of tears cleared away, you were gone.

Thus, I counted the pearls, always turning back when I came to the cross. I could not kiss the cross.

The memories were sweet, but I knew that I who had loved you so dearly could not always keep you vivid in memory.

"If you grasp memory with too heavy a hand
You will destroy memory with all its glory

You will be left with only the worn dead story
You told yourself of the dead."

So the agonizing days of a long winter dragged on and on into spring.

Perhaps it was with the spring that a truer sense of values came to me. I can't claim any vision or revelation or message from you. Perhaps the real idea of your immortality reached me with the spring, for the upsurge of new life all around must surely bring a corresponding upsurge of hope in the heart. I only know that one day in the garden with Janet and Ronnie bending over the tulips you planted the thought came to me that these children were your immortality. The idea came quite simply and quietly as if it had been in my subconscious mind a long time and only flowered to light in the spring sunshine seeing your tulips and your children all in one picture. The children were you, and you were they, here and alive. Seeing them, people would think of you. Of Ronnie, they would say, "He has the same dark eyes as his father, lost with the "Anasra," you know." And of Janet, "Looks like her mother, but has the characteristics of her father, lost with the "Anasra," you know."

You would not be forgotten.

The thought opened up all sorts of delightful possibilities. Suddenly, I wanted to sing and dance and be gay as I had not felt for months. A burden was lifted from my heart. Now, counting the pearls of remembrance, I could kiss the cross.

Now it is full summer. I write to you often. Never having had much life together, I like to think you have only gone a little farther away for a little longer time. I feel closer to you now in my new happiness than I did in my grief, for you were always so happy and gay.

On sunny afternoons I lie out under your beloved white birch and look into the blue sky overhead. Sometimes great white clouds float about like ships. I imagine you leaning out from a cloudship in the sea of sky, and shouting down, "Hi, Sweet, is everything okay with you?"

And I wave back and answer, "Everything's okay, Ron."

TRAPPERS USE PLANE TO HUNT COYOTES

Ex-United States Army Flyers Use Ski-Equipped Aircraft

OGEMA, Sask.—Air warfare on coyotes is being waged today in this prairie district 50 miles south of Regina by two commercial hunters equipped with a tiny ski-equipped aircraft and a shotgun.

The men, Irving Larson, 23-year-old ex-United States army flyer and Walter Colly, 36, both of Stanley, N.D., have a license to hunt the animals in Canada.

The plane swoops over the prairie buck-brush within a 30-mile radius of Ogema searching out the animals and Colly shoots them while Larson manoeuvres the plane.

The hunters land the aircraft beside the shot animals and skin them on the spot. They have shot up 11 in one morning and the pelts are worth $12 each.

The air hunters say the coyotes stand up on their hind legs as the aircraft swoops low trying to ward off the attack.

Profitable Industry

Experiment In Developing B.C. Shellfish Has Been Success

The news is good from the "nursery" in the cold, deep lagoon 80 miles north of Burrard Inlet.

More than 1,600 lobsters were "planted" there last spring by the Dominion Government, and now federal fish scientists report the experiment is prospering. The newcomers to this coast are lively and healthy and are developing eggs which promise the gourmets a steady diet of a new and delicious B.C. shellfish.

Paralleling this development is renewed interest in the Queen Charlotte Island crab fisheries which have been carried on in a small way for years.

The toothsome shrimp which flourishes in a number of beds along the Coast also is winning attention and promises to invade new markets before long.

These developments indicate the birth of a new and profitable industry and illustrate how British Columbia's unsuspected resources can be tapped by a little ingenuity and imagination.

No longer will the menus offer Lobster A La Newburg. They will boast Lobster A La Vancouver, Vancouver Province.

Perfect Hands

Four Bridge Players Too Startled To Make Bid

LONDON, Ont. Four perfect bridge hands were dealt in a friendly game here. The miracle didn't end there—they were dealt in order of value from clubs to spades. Tak Gakemura dealt himself the clubs. Other players were Mary Motkai, Fred Kagawa and Arthur Nomura. Everyone was so startled there was no bidding. [illegible] and Miss Matsumo [illegible].

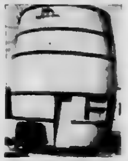
Story About British Sergeant Proves That Self Control Pays

Stressing the moral advantages which the community gains from the fighting services, where discipline teaches men and women to exercise self control, Sir Philip Joubert, Director of Public Relations at the Air Ministry, relates this story from Germany at a recent Chamber of Commerce luncheon in London. A Sergeant, whose duty it was to lead a British convoy, went up to his commanding officer and said, "What do you do about this sir?" He explained that at a crossroad while he was stopping traffic to let the convoy pass an old woman had spat at him.

"What did you do?" his commanding officer asked. "I gave her a bar of chocolate sir." "And what did she do?" "She burst into tears."



BARREL FOR HOME—When he couldn't find a home for his family, Ardell Hagen moved into this 20-foot-high barrel, formerly a beverage stand, near Devils Lake, N.D. A hamburger stand takes the first floor, with 14-foot diameter living quarters on the second floor.

SELECTED

RECIPES

BUTTERSCOTCH SURPRISE CAKES

- 1½ cups sifted Swans Down cake flour
- 1½ teaspoons baking powder
- ¼ teaspoon salt
- [illegible] cup butter or other shortening
- 1 cup sugar
- 2 eggs, well beaten
- 2 squares Baker's Unsweetened Chocolate, melted
- ½ cup milk
- 1 teaspoon vanilla

Sift flour once, measure, add baking powder and salt, and sift together three times. Cream shortening, add sugar gradually, and cream together until light and fluffy. Add eggs and beat well. Add chocolate and blend. Add flour alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Turn into greased large cupcake pans, filling them about ⅔ full. Bake in moderate oven (350 deg. F.) 20 to 25 minutes or until done. Makes [illegible].

When [illegible], remove cone-shaped piece from centre of each cup cake. Fill hollow with Jell-O Butterscotch Cream Filling and replace top.

Other fluffy fillings or frostings may be used to fill Surprise Cakes. Or these chocolate cup cakes may be served [illegible] frosted or topped with [illegible].

Jell-O Butterscotch Cream Filling

- 1 package Jell-O Butterscotch Pudding
- 1¼ cups milk
- [illegible] cup cream, whipped or [illegible]

Place pudding powder in saucepan. Add milk gradually, stirring constantly. Cook and stir over low flame until mixture comes to a boil [illegible] stirring occasionally. Fold in whipped cream. Makes 2½ cups filling.

How to Whip Light Cream

- 2 tablespoons cold water
- 1½ teaspoons granulated gelatin
- 1 cup light cream
- Few grains of salt

Add water gradually to gelatin in small bowl, mixing well. Heat and stir over boiling water until gelatin is completely dissolved. Remove from boiling water, add cream and salt, and mix. Place in bowl of ice and water and whip at once with rotary egg beater 5 to 7 minutes, or until mixture begins to hold shape around side of bowl. Remove from ice water and stir gently with spoon until smooth. Serve, or store in refrigerator until needed, stirring well before [illegible].

[illegible] refrigerator instead of [illegible]. When [illegible] beat until light and fluffy. Return to refrigerator to set slightly.

BRITISH COLUMBIA'S TOURIST TRAFFIC NEARLY DOUBLE

VICTORIA.—British Columbia's tourist traffic for the first 10 months of the current year almost doubled that of 1945, the department of trade and industry reported.

To October 31 total American cars entering the province was 160,495 as against the 1945 total of 90,317.

For Canada as a whole the 10 months figures were 1,384,000 foreign cars, an increase of 79 per cent.

Warning!

WATCH YOUR CHIMNEY!

During winter weather, ice forms on the tops of chimneys. This creates a hazard if the crust of ice is heavy enough to check free ventilation.

Users of both coal and gas would do well to look at the chimneys in their homes and make sure there is no interference with the draft. Anything that prevents the fumes of burnt coal or gas being carried off freely may cause serious trouble. If fumes are prevented from escaping into the air they are apt to seep out into the house and affect the people.

Ordinary care in tending winter fires is all that is usually needed to avoid accidents.

30,000 Vitamin Pills For School Pupils

Elementary school pupils of Vermilion have started to consume 30,000 vitamin pills. The huge order of pills supplied at cost by the Department of Health, arrived six weeks ago and are being given to the children at the rate of one per day per pupil during the months beginning November and continuing until the end of March. Supplying vitamin pills during the winter months for the prevention of colds is becoming quite a general practice in schools in Alberta. It was commenced in Vermilion one year ago.

At the beginning of November inoculation and vaccination were under way safeguarding the school children as much as possible against contagious diseases.

There are now 496 young people attending Vermilion elementary, intermediate and high schools. These are divided as follows:

Elementary, grades 1 to 6 — 297
Intermediate, grades 7, 8, 9 — 102
High school, grades 10, 11, 12 — 97.

Overcrowding is evident in the Gr. 7 room which has an enrollment of 42 students.

Arrangement was made by the Board for an adequate drinking water supply on each floor of the elementary school, also for a piano in the grade 4, 5 and 6 room.

Present at the school board meeting, held on Tuesday, Nov. 19th at which the above facts were brought out were trustees Jack Reid, Carmen Long, Jas. Adam and Ashley Cooper, Sec'y Chas. Robinson, School Superintendent E. C. Miller and Div. secretary Jas. R. Robson.

Well-fed Children

Those mothers who are plagued by their children, demanding attention throughout the day, may find a word of wisdom in a reminder from the Child and Maternal Health Division of the Dept. of National Health and Welfare, that a "fed child is a happy child."

No matter how busy a mother may be, she should find time at the beginning of the day to serve a substantial breakfast. The value of a well-balanced morning meal is illustrated in the performance of all members of a family, but is particularly noticeable in the behavior of the younger ones.

If youngsters have had a hearty breakfast, they will be less likely to worry for a "snack" between meals. They will play happily and need less attention, so that mother can get on with her other chores.

Buy Christmas Seals.

Regular Meeting Of the Vermilion Hospital Board

The regular monthly meeting of the Vermilion Municipal hospital board was held on Saturday, Dec. 14th. Present: The Chairman, Mr. J. C. Tucker and Messrs. Hunter, Alexander, Macnab, McLellan and Parker.

The minutes of the proceeding meeting were adopted as read.

Cash statement for November was presented as follows:

Bal'd. from Oct.	$5,767.90
Plus Nov Receipts	4,532.85
	$10,300.75
Less Nov. Disbursements	3,940.17
	$6,360.58

Cash statement for November was adopted as read.

Douglas Brimacombe was appointed as auditor for the year 1946 at a salary of $100 per annum.

The following accounts for November were passed as read and ordered paid when O.K.'d by chairman:

Mrs. Wm. Telford $37.85; Mrs. W. Clark 2.30 Craig Bros. 109.91; E. Katz 366.38; Mrs. L. Klaskinsky 6.07; Northern Hdw. 22.05; Vermilion C'ty Dairy 101.19; C.N.R. 2.14; Nelson Hill Hdw. 61.77; R.H. Norton 57.70; Long's Drug store 10.22; Johnstone Walkers 60.75, T. Eaton Co. 31.03; Dispensaries Ltd. 30.70; Fisher & Burpe 12.07, Stanley Brock 3.25; Greer Agencies 10.00; Ed. Journal 9.00; H. H Cooper 4.70; Alta. Tels. 10.25; F. J Richardson 7.50; W. C. Mart'n 96.50, Franco Public Service 341.36; Brimacombe Bros. 2.20; Town of Vermilion 117.95; A. Tuey 3.00; W.J. Fisk 1.00; McCaskey's 165.00; Salaries 1,992.50 Total $3,408.03.

The Superintendent reported as follows: Hospital days 1,504; Patients admitted 120; Patients discharged 130; Births 14; Deaths 0; Operations major 12, minor 22.

Meeting adjourned.

Wildmere Winks

(Crowded out last week)

We along with the community wish to extend our deepest sympathy to Mrs Cleland and family of Auburndale on the loss of a loving husband and father who passed away Dec. 4. Mrs Smith went to Edmonton to stay with Mrs. Alex Smith's little boy so the latter could attend her father's funeral on Friday afternoon last.

On Sunday another pioneer, Mr. Wm. Telford was called to his well-earned rest. He lived to see vast changes in Vermilion and surrounding country. Even when retired he chose to make Vermilion his home. "God closed the book" "Well done good and faithful servant, take now thy rest." We extend our heartfelt sympathy to his sorrowing wife and daughter.

Welfare Workers sale and dance held at the school Friday evening was a success both financially and for a good time. Mr. Eyben and Mr. Banks auctioned off the work and everything sold well. J. Bathe was M.C and Mr. and Mrs. Everett Inley supplied the music. About $90 was realized from the sale, quilt and door. Miss Mary Watson of Hindville held the lucky ticket on the quilt.

Mr. Rendell received a cable from Mrs. Rendell in England saying she had arrived there. From all reports the Queen Elizabeth had a very rough crossing. Mr. and Mrs. Gilholme of Edmonton, we understand, were unable at the last moment to go owing to Mr Gilholme taking sick.

Congrats to Mr. and Mrs. Joe Tiffinger of Rosewood on their recent marriage and best wishes for a long and happily married life. A charivari party was held on Sunday evening for the newlyweds.

Several boys of the curling club from Wildmere have been enjoying games in town lately. They are hard at work making ice on the rink here so the big game will soon be on again.

Roy Dibben of Rosewood is home again after working for awhile at Nordegg, Alberta.

MERRY · CHRISTMAS · 1946

This Christmas is a Good Christmas!

Beneath the lighted trees, eager children unwrap
their precious gifts. In hearths from the Maritimes to
British Columbia, warm fires glow. There is food on our
tables, laughter in the air and happiness in our hearts.

Canada has earned this good Christmas,
these good things. They are ours to enjoy because we have
walked the middle road. We have kept our sense of values. We have
been moderate in our pleasures . . . moderate in our
spending . . . moderate in all things.

This Christmas is a good Christmas, and
The House of Seagram is happy to share the joy of all Canadians
as we and you this year say, "Merry Christmas."

THE HOUSE OF SEAGRAM

Battle River M. P. Reviews Past Session House of Commons

The following completes the survey given by Robert Fair, M.P. for Battle River, of the last session of the House of Commons. This report was delivered to a Vermilion audience a short time ago.

INCREASE IN PRICE OF FARM MACHINERY

On the question of the increase in the price of farm machinery he stated that the business of the house was adjourned so that this vexed question could be discussed. He pointed out that during the 1937 an 1938 sessions the Agriculture Committee of the House of Commons investigated the price of farm machinery and decided that there was no justification for the prices that were being charged, and the Government threatened to take action unless machine companies reduced their prices but before the investigation was completed further increases in price took place. The Government took no action. Early this year the implement manufacturers made application to the Wartime Prices and Trade Board for permission to increase their prices by 27½ per cent and after some investigation they were given permission to increase prices by 12½%. The Minister of Finance stated that the WPTB had made a good deal for the farmers as the manufacturers wanted 27½% and were allowed only 12½%. On the question of shortage of farm machinery it was pointed out that in 1945, out of a total production of 46.4 million dollars worth of farm implements 20.2 million dollars worth were exported to 71 different countries all over the world. During the first 6 months of 1946, $16,262,000 worth was exported while in 1939 farm implement export amounted to only $3,419,000. Perhaps it should be noted here that implements sold abroad were not subject to price control and this may be some of the reason for the heavy exports while Canadian farmers were compelled to go without. Social Crediters believe in supplying our home market first and then export the surplus, bringing back goods in return for our own use.

VETERANS CHARTER

The speaker laid special emphasis on the passage of 15 bills which now form what is called the Veterans Charter. Early in September, 1945, a special Committee composed of 60 members of the House of Commons, all of whom had seen service in Great Wars 1 or 2 or both, was set up to deal with legislation affecting Veterans. This Committee held many meetings in the fall of 1945 and during the last session held 74 regular Committee meetings as well as some sub-committee meetings and the members deserve a lot of credit for the excellent work they did. An outstanding member of that Committee was our Mr. Quelch, the member for Acadia, who is also an authority on money and agriculture. Most of the recommendations of the committee were accepted by the Government and embodied in legislation but a few of the recommendations were turned down. Among these was one introduced by the speaker which would have the effect of guaranteeing present prices for all agricultural products until all those members of the Forces who settled under the Veterans Land Act had paid off their loans. He felt this would be only fair as the price of land, livestock and implements purchased by them is based on the present price of grain, livestock and other farm products. High purchase price and low selling price caused the failure of many of the veterans of Great War 1 who settled under the old Soldier Settlement Board and we cannot afford to allow our new veterans to suffer injustices piled on to them like the old soldier settlers.

COSTS OF GOVERNMENT — INCOME TAXES

In dealing with the budget the speaker pointed out that at the beginning of the war our National debt was approximately 3½ billion dollars and it cost about 500 million to administer the affairs of the country, including payment of interest on the National debt. At the end of March, 1946, our total Dominion debt stood at 19 billion, 5 million. Including only the unmatured funded debt and the refundable portion of personal income tax and excess profits tax, the debt stood at $16,867,000,000. During the years 1944 and 1945 our annual expenditures amounted to over 6 billion per year and the estimated interest on the National debt for the current fiscal year is $467,000,000. The financial cost of the war up to March 31st last was $18,701,000,166. This, of course does not take into consideration the loss of human life human suffering and devastation of property. These cannot be figured in dollars and cents. Because about 97 per cent of our National debt is owed within Canada many people seem to think that there is nothing to worry about—that we owe the debt to ourselves. What are the facts? As an example figures tabled in the House of Commons by the Dept. of Finance showed that during the 3rd and 4th issues of the Victory Loans, less than one third of 1% of the purchasers bought more than 63% of the value of the bonds. This is definite proof that a very large percentage of the people of this country will have to pay interest to a comparatively small number. Millions of dollars worth of these bonds have been bought by the chartered banks who enjoy the privilege of creating credit based on the ability of the Canadian people to produce goods and services. Why did not the government use the Bank of Canada in the interests of the people to issue the necessary [illegible] National debt [illegible] heavy income taxes both personal and corporation are still the [illegible] single persons [illegible] the [illegible] There are many details of this [illegible] which space will not permit [illegible] to say that Social Crediters advocate taxation only for the purpose of drawing off surplus purchasing power. This [illegible] applies to social credit administration where credit would be issued as required to equate production and consumption. Under the present system the National debt can never be paid off and our future if the system is continued will find us paying forever increased taxes living in state of unrest and uneasiness than [illegible] debt for some dictator, perhaps masquerading under some innocent name.

The Housing Problem

HOUSING CONTINUES TO BE A FOREMOST PROBLEM in all parts of Canada and it appears that it may remain so for some time yet. The seriousness of the [illegible] grave [illegible] everyone. Particular attention has been directed to the plight of veterans and their families and that is indeed one of the darkest aspects of the whole problem. There is no one who would [illegible] the right of [illegible] who served in the armed forces [illegible] a home, yet there are many thousands of civilians and their families whose situation in respect to housing [illegible].

* * *

Situation Is A Complex One

The problem is a complex one and it cannot be said that efforts have not been made to solve it, both by the government and by many organizations and individuals throughout the country. The Dominion government drew up a program providing for the building of between fifty and sixty thousand dwellings in the years 1946 and 1947. Although [illegible] large [illegible] still not provide the [illegible] it is [illegible] likely that more than half of the proposed number of houses will be completed. In spite of the fact that the [illegible] builders report that between thirty [illegible] thousand dwellings which are now under construction [illegible] have been ready in the early winter will [illegible] shortage of materials.

* * *

Are Hindered By Shortages

It was [illegible] government housing project which the [illegible] for the greatest relief from the housing shortage [illegible] the part of private [illegible] individual [illegible]. They too have been hampered by shortage of [illegible] by a sharp [illegible] Hon. C. D. Howe, Minister of Reconstruction, forecast last summer that by the spring of 1947 the housing situation would likely be [illegible] per cent tighter than it was in March 1946. This is not a pleasant [illegible] but [illegible] apparently one which will have to be faced. There are many theories as to what should be done to solve the problem [illegible] the solution depends largely on the building of new homes and to speed up building it will be necessary to increase considerably the supply of essential materials and to train workers in the building trades. It has also been suggested from many quarters that all non-essential construction should be curtailed at this time. Whatever measures are taken, it is apparent that we cannot look to an early end of the present housing shortage.

NEW ZEALAND AND U.S. SIGN AIR PACT

Propose Three Services Bi-weekly Between The Two Countries

WASHINGTON — The United States has signed civil aviation agreements with Australia and New Zealand, the first to be reached with those countries. This brought the total of such agreements to 26.

Pan American airways began a scheduled air route to New Zealand in 1940 under an agreement with that country, but there never has been any scheduled commercial airline service between the United States and Australia.

The Australians have purchased several four-engine planes and are ready to begin service to Vancouver, B.C., by way of Honolulu and San Francisco.

In a statement issued after the signing Norman Makin, Australian ambassador, said the two agreements with the one between the United States and Great Britain "set the stage for the full operation of British Commonwealth Pacific airlines" which proposes shortly to begin three services bi-weekly between Australia and the United States and one between New Zealand and the United States.

In Ancient Days

Hats Worn By Women Were More Fearsome Than Modern Type

Modern man whose wife's new hat causes him to shudder in horror, would have been fit to be tied had he lived in ancient days when women's hats were something to fear. Research shows that one ancient feminine headgear consisted of a set of horns edged with miniver and interlaced with pearls. Another style resembled a towering steeple. To top them all was a precariously perched schooner in full sail on the towering coiffure of an 18th century duchess reveals an article in the current issue of C-I-L Oval.

Beaver, once popular in hat making, has been replaced by straw, silk, wool, plastics and nylon. The universally used material is felt. Felt was discovered centuries ago by accident, the article states. A man who had a long journey to make on foot, stuffed wool in his shoes to make walking less painful. On arrival at his destination he found the fibres matted together as the result of moisture, pressure and heat. These same principles are still applied by Canadian hat manufacturers in felt making.

CANADA YEAR BOOK

The Dominion Bureau of Statistics, Ottawa, announce the 1946 Canada Year Book is now available for distribution by authorization of the Hon. James A. MacKinnon, Minister of Trade and Commerce. This publication will be supplied to the public by the King's Printer, Ottawa, at the price of $2.00 per copy. This volume contains valuable data for the business man, the student and the general reader summarizing for them the chief Dominion and Provincial Reports and Publications on many subjects such as trade, transportation, finance, education, social welfare, etc. Get your copy which is available now.

GULPED CASTOR OIL AMONG OTHER THINGS—It took a stomach pump to put little Roland Michaud on his feet again after the lad got into the family medicine chest and swallowed 30 aspirin tablets, a bottle of cough medicine, bottle of cod liver oil and a bottle of castor oil (guess he couldn't read that label).

SMILE AWHILE

A teacher was trying hard to convey the meaning of the word "impression" to his scholars. "Boys, I have an impression in my mind. Can anyone tell me the meaning of the word now?" he asked.

"Yes sir," answered a smart little fellow.

"Well, what is it?" asked the teacher.

"A dent in a soft spot," was the boy's reply.

* * * *

Not for the first time the burly, unshaven Sikes found himself in the dock.

"Aren't you ashamed of yourself," said the magistrate sternly, "to be in this court so often?"

"Well, sir," replied Sikes, with a genial leer, "what's good enough for you is good enough for me."

* * * *

"What is an orphan?" asked the teacher. None of the children seemed to know.

"Well, I'm an orphan," said the teacher, as a cue.

A hand shot up and the owner explained: "An orphan is a woman that wants to get married and can't."

* * * *

Having received from his tailor a bill and a note reading: "Please remit by return—31st notice," Stanley Brooke replied: "Dear Sir—I do not remember ordering a suit such as you mention. If I did order it you certainly never made it for me. If you did make it I never got it. Furthermore, if I got it I must have paid for it. And if I didn't, I can't."

* * * *

"Mrs. Williams always asks the price of anything new that I happened to be wearing," said Mrs. Brown. "Rather a cheek, don't you think?"

"Decidedly," replied Mrs. Black. "What has she been trying to find out recently?"

"She wanted to know how much I paid for this dress."

"What an inquisitive creature she must be. How much did you tell her?"

* * * *

"Mother, who is that man?" asked little Bessie McSquently, after seeing her smile and nod to the Reverend Stanby, who was passing the house.

"That's the gentleman who married me, darling."

"Then," pondered Bessie, "what the heck is dad doin' round our house so much?"

* * * *

"Mummy," asked the small son of the house, "Daddy wouldn't murder anybody, would he?"

"Why certainly not, dear. What makes you think so?" asked the horrified mother.

"Well, I heard him in the cellar just now saying 'Let's kill the other two [illegible]'"

* * * *

A kind-hearted English vicar one day observed an old woman laboriously pushing a perambulator up a steep hill. He volunteered his assistance and when they reached the top of the hill, in answer to her thanks:

"Oh, it's nothing at all. I'm delighted to do it. But as a little reward, may I kiss the baby?"

"Baby? Lor' bless you, sir, it ain't no baby; it's the old man's beer."

CANADA'S CATTLE

Cattle on Canadian farms this year (census taken June 1) are fewer by 3.5 per cent than in the record year of 1945. Milk cows numbered 3,912,000 and other cattle 6,471,000, making a total of 10,383,000. Last year's total was 10,756,000. 2705

BELGIAN WOMEN NEAR VICTORY

May Get To Vote In Next National Election

(By A. Veysey in Chicago Tribune)

BRUSSELS, Belgium. — Belgian women are about to win their war. This war, of course, is with the Belgian men. While Belgium as a nation has spent half its history under the thumb of Spain, Austria, France, Holland, or Germany, Belgian women always have been under the strict control of their men.

"When a woman marries she has no more rights than a child," said Dorothy Moore, 2315 Harrison st., Evanston, Ill., cultural relations attache at the American embassy here.

For years suffragettes have been working quietly, worming their way into political parties. This female fifth column is now firmly imbedded and Belgian women for the first time probably will take part in the next national election, three years hence.

All four political parties in Belgium in the last week have agreed to let women vote for national officers. For a while the Communists and Socialists stalled, trying to defer the women's vote until 1957.

These parties were afraid that if the women got voting power they would go sentimental and vote for Leopold III, the present king. He is living in Switzerland with his war time commoner bride, waiting for a "call from the people." However, the women went to the polls in local elections last week and they voted the same way their husbands did last winter. So now the parties are ready to let the women vote in the next national election. A bill to give the women the vote is now before parliament and is scheduled for action late this month.

The suffragettes, however, are working for much more than political freedom, said Miss Moore, whose office they constantly besiege, seeking clews on how American women became equals under the law with American men.

At present, as for generations past, the married Belgian woman cannot own property, cannot have a bank account, cannot have charge accounts at stores, cannot even order telephone changes unless they get written permission from their husbands.

Because of this, marriages are preceded by long consultations between lawyers of both families, culminating in wordy documents which detail in francs and centimes exactly what the wife shall do for the rest of her life.

There is one advantage women get out of this subjugation, however. That is this: Should a woman do something wrong, she is legally not responsible. So the wronged person must sue her husband. Suffragettes see no need for a change here.

GEMS OF THOUGHT

PURPOSE

What men want is not talent, it is purpose, not the power to achieve but the will to labor. —Lytton.

It is not enough to be busy; so are the ants. The question is: What are we busy about?—Thoreau

The question for each man to settle is not what he would do if he had means, time, influence and educational advantages, but what he will do with the things he has. —Hamilton Wright Mabie

When you are so devoted to doing what is right that you press straight on to that and disregard what men are saying about you, there is the triumph of moral courage. —Phillips Brooks

Unselfish ambition, noble motives, and purity, these constituents of thought, mingling, constitute individually and collectively true happiness, strength, and permanence. —Mary Baker Eddy

The secret of success is constancy to purpose. —Disraeli

Is Under Attack

Prickly Thistle Has Again Become Agricultural Menace In Manitoba

The sow thistle, prickly, yellow-blossomed weed described as Canada's most serious agricultural menace, is under attack by the Manitoba Weeds Commission.

Virtually eliminated in the drought years of the 1930s, provincial agriculture department officials say it has returned with successive seasons of good rainfall and shortages of labor and machinery with which to combat it.

The weed, whose long, running roots push through the soil to kill thousands of dollars worth of grain annually, flowers late in June and soon afterward spreads its seeds—as many as 19,000 from a single plant.

H. E. Wood, supervisor of the Government's program, said the chief object was to make farmers aware of the menace and to impress upon them that destruction would have to be on a province-wide basis.

According to Government files, the first sow thistle was recorded on a farm near Cartright, 95 miles southwest of Winnipeg, in 1896. Little attention was paid to the weed at that time and it spread northwest into the Red River valley region. By the 1920s the blight was killing a considerable portion of the Manitoba crop annually.

Drought aided by grasshoppers and the increasing availability of cultivating machinery pretty well destroyed the thistle in the pre-war years. By last season, however, it had returned after several summers of good moisture, labor shortages and scarcity of new machinery.

Principal recommendation to farmers, Mr. Wood said, was to encourage regular post-harvest fall plowing, often delayed until spring during the war. Other measures more effective in the long run were to cultivate frequently during summer fallow and to seed all road allowances where the sow thistle prospers unhindered by plows. Careful summer-fallow plowing could eradicate [illegible] single season.

It was found, he said, that the thistle roots, when broken up by a plow, were capable of growing again into separate plants, but frequent plowing kept the soil loose enough to prevent roots taking hold.

[illegible] spread of the thistle from neighboring Saskatchewan [illegible].

In addition to its publicity program the Government is experimenting with newly-developed weed killers, including the much-touted 2-4-D.

Approximately 3 million seals go to islands of St. Paul and St. George in the Bering Sea in the summer, the only land they ever touch.

Local Red Cross Notes

At a recent meeting of the Vermilion Red Cross the work convenor reported a shipment of 96 articles (knitted and sewn) to the Edmonton headquarters on Dec. 2nd.

It was agreed that annual meeting be held Jan. 30th 1947 in basement of the town hall.

Would-be donors of meat coupons etc. are reminded that certain numbers will expire shortly and it would be appreciated if those intending to give coupons would turn them in before expiry date. A. E. Katz is still accredited receiver of same on behalf of Vermilion Red Cross.

Through the Canadian Red Cross Society, information has been received regarding an organization in the United States of America, namely C.A.R.E. (Co-operative for American Remittances to Europe Inc.) a non-profit Corporation, whereby parcels may be sent to individuals in Europe at a cost of $10 per parcel.

C.A.R.E. packages may not be sent to military addresses. Only addresses showing street, city, and country are acceptable. Prisoners of war outside of enemy territory may not receive CARE packages. Packages addressed to prisoners of war in Germany and Italy will be delivered subject to local rulings. Displaced persons may receive CARE packages provided they have no military address. All cheques or money orders should be made payable to CARE, 50, Broad Street, New York 4, New York, U.S.A. It is necessary to make payment in U.S. dollars. The secretary of the Vermilion Red Cross will be pleased to give any further information which she has at her disposal.

Minutes of Islay Hospital Bd. Meeting

The regular monthly meeting of the Islay Municipal hospital board was held in the hospital on Dec. 7 at 2 p.m. All members in attendance.

Moved by Mr. Waterfield that the minutes and financial statement be adopted as read. Cd.

Moved by Mr. Portsmith that orders be placed for 5000 feet of plasterboard for the nurses' residence. Cd.

Application of Mrs. A. L. Isert, R.N. was approved, duties Dec. 16th.

Moved by Mr. Portsmith that correspondence re Mrs. Gallagher from the Vermilion Hospital board be tabled for an indefinite period. Cd.

Moved by Mr. Wood that patients accounts outstanding be written off to the end of 1936 as assets, said decision in no way to prejudice Board's previous policy to collect all outstanding accounts regardless of age. Carried.

Moved by Mr. Wood that Matron's report be adopted. Cd.

Matron's report: In hospital 6; admitted 21; Discharged 25; S.I.H. 2; O.D. patients 6; Births 2, Deaths 1; Operations minor 2; Hospital days earnings $210.05, Receipts 183.50.

Moved by Mr. Waterfield that the accounts and salaries as approved be paid. Cd.

Adjournment to meet Jan. 4, 1947

Urge Safe Driving In Yuletide Season

Close observance of the need of safe driving, particularly during the Christmas season when traffic is heavier than customarily, is being urged by the Alberta Motor Association.

Many accidents can be avoided if motorists and pedestrians give careful heed to the principle of Safety First at all times.

Such hazards as skidding, defective brakes, blinding headlights also should be guarded against at this season. At level crossings more than usual care should be exercised to avoid the danger of accidents.

Everyone should co-operate with the desire of making this festive season one that will be marked by a minimum of accidents. Here is a poem, written by 11 year old Elmira Pihowich, of Waskatenau, Alta. which has impressed A.M.A. officials:

"Would you who drive a truck or car,
Upon your mind carry the scar
Of some poor child that you had maimed
Because the right-of-way you claimed?
Remember to stop and Look and Listen
So that for some a Christmas tree will glisten.
That is a plea, to you and me
Keep the Yuletide accident free."

About 750 children under 15 years of age die of tuberculosis each year in Canada. Christmas Seals support education programs in high schools which include X-ray surveys to detect tuberculosis in its early stages.

AT THE PEAK of freshness — that's Maxwell House Coffee in the Super-Vacuum Tin. It comes to you with all its extra-rich flavor sealed in by the wonderful Vita-Fresh Process.

RIVERTON

There was a whist and bridge drive held recently in the school. It was well attended and the evening was completed with a nice lunch and a dance.

The U.F.A. have nominated a committee of five to go to Vegreville to see about the power line that is supposed to go through next year.

Mr. Staley would like to thank the Ladies Aid very sincerely for the lovely parcel he received while in the hospital.

Islay District Locals

Mrs. Nellie Coombe spent a few days last week with her mother Mrs. Wyndham Gould. Mrs. Gould who is 93 years old this month is still able to be up daily and enjoys the news on the radio and in the papers.

Mr. and Mrs. Perry Golby and little daughter have moved to the old house of her parents for the winter, and perhaps to settle there in the near future. Mrs. Golby's father Eli Coombe was down to visit them last week from Edmonton where he now resides.

The nice weather makes it easy to get around. One hopes it will stay fine as at time of writing, until after the holidays.

The young folk are hoping the new school now under construction will be finished by the new year, the old building has become very cold. One wonders when school busses will be running to accommodate all pupils. Some children are walking long distances over snowy trails in cold weather in order to get an education.

Industry will either be the cradle or the grave of post-war democracy.

People who can't get their own way [illegible] a noisy nuisance or a silent menace.

Not in the sense of custom only, but with a genuine appreciation of our pleasant associations during the last year, we extend to you our best wishes for an Old-Fashioned

Merry Christmas
AND A

BIGGEST EATERS

[illegible] Three men contested the [illegible] biggest eater in Bayonne [illegible] died of indigestion and the two others are seriously ill in a hospital, the Petit Cte Noir said. The three sat down to a meal consisting of an enormous steak, a rabbit, and 10 pounds of beans. Shortly after leaving the table [illegible] collapsed and died, a second was struck with paralysis [illegible] had had a heart attack.

LIVED TO BENEFIT

Harvey R. Senior, 96, Albany, Ill., lived to collect his own insurance policy. He received a check for $1,011.00 for a policy taken out in 1911 when he was 61. Mortality tables show only three out of 10,000 persons live to be 96. 2783

Chinese Dream Of Home Becomes Reality

Six Hundred Residents Of Canada Sail For Land Of Birth

VANCOUVER.—Long held dreams of a return to the eastern land of their birth became a reality recently for more than 600 Chinese residents of Canada as they embarked on the first leg of their long journey, many to seek families scattered by long years of strife, others going home to die.

They came from far-flung regions of the Dominion west of Montreal to join this biggest exodus since 1939 when war restrictions put a clamp on travel. Most were men, and most were [illegible] going home to stay. But about 10 per cent will return, when their business in China [illegible].

As they boarded the train here for [illegible]

[illegible]

[illegible] of Pacific shipping.

Fantastic Idea

Chicago Inventor Believes Cities In The Air Are Feasible

Inventor Leonard Z. Plebanek suggested a new solution for the housing shortage. He wants to build cities in the air.

Plebanek, president of an invention engineering firm and founder of the [illegible] club of Chicago, said an [illegible] propelled [illegible] a few [illegible] the [illegible] earth.

[illegible] has invented a cookie-making machine, a peanut machine, a gadget that mends runs in women's stockings, permanent waving machines, juke boxes, photo-electric rifle games and [illegible].

Now he wants to [illegible] in the air and take his neighbors with him.

[illegible] could fly south [illegible] the [illegible] winter and [illegible] of the world [illegible] he said.

If residents of [illegible] like [illegible] government [illegible] they [illegible] to a better [illegible] he said.

[illegible] just building castles in the air either. It can be done.

But Plebanek said he was willing to make a modest beginning on his housing [illegible] project. He offered to start by building individual houses [illegible] speed of [illegible] miles an hour. He figures he could build two and a half [illegible] houses for $1,500 each [illegible].

The houses would be [illegible] shaped with a [illegible] where the [illegible] would be and [illegible] in the [illegible]. The living quarters would be in the front [illegible] with heat supplied by [illegible] airplane-type heaters.

There are all kinds of possibilities [illegible] Plebanek said. "It means [illegible]

Wives, for instance, could [illegible] the house to the top of their office buildings and then spend the day shopping in the city. At night they could propel their home to a secluded spot in the sky away from noisy neighbors.

And on vacations they could fly to a nice quiet stream, moor the house to a tree and fish from the [illegible].

EELS TO BECOME FOUNDATION FOR NEW FISH INDUSTRY

SYDNEY, N.S.—Eels, long, wriggling snake-like fish, one of the tastiest of sea foods to some people and the very sight of which makes others shudder, promise to become the foundation of a new fish processing industry at South Bar, near here.

Pickled eels, smoked eels, all kinds of prepared eels are what Stan MacLeod, Sydney businessman and promoter of the new South Bar fish processing plant, intends to pack for Boston, where they are regarded as a great delicacy. The only trouble is that it is only during December that they are plentiful there. The Italian Americans, in particular, go for the eels in a big way.

GIVES LIFE TO SAVE BIRDS

WAYLAND, Mass.—Jacob Goodman, 69, collapsed and died as he liberated 100 rare birds from their cages in his burning home. Goodman, who kept the birds as a hobby, succeeded in freeing all of them before he died. The blaze destroyed Goodman's five room house.

SASKATCHEWAN HEALTH SERVICES—If you have registered and paid your fee, you'll receive one of the Hospital Services Cards passing through this machine in the tabulation office of the Saskatchewan Health Services Planning Commission. Saskatchewan residents have until December 1 to register and pay, but should not wait until the end of the month to avoid delay and disappointment. Rural residents should register at their municipal offices or ask municipal secretaries for forms, which should be completed and sent back with the fees.

Vermilion Agricultural Society Elects Officers

1947 PLANS ARE MADE

The Vermilion Agricultural society in annual meeting has laid plans to further enhance the value of Vermilion Exhibition to the community. Officers reports, given to the membership, indicated that the 1946 fair broke all previous records as regards attendance and interest manifested in the show rings. Prizes paid to livestock and other exhibitors were the largest for several years.

BOYS' AND GIRLS' CAMP

The Boys' and Girls' camp, held at the Provincial school of agriculture was reported to be the largest affair of its kind held in Western Canada and proposals were advanced which will doubtless result in a greatly broadened short course for the young people of the district in 1947. N. N. Bentley and the staff of the school were complimented for the excellent co-operation given the fair board in 1946.

PROVINCIAL SHORTHORN SHOW

Beef cattle directors gave a report in connection with the Provincial Shorthorn show held at Vermilion in conjunction with the exhibition for several years past. The 1946 show brought out the largest exhibit of purebred Shorthorns for the history of the Vermilion fair and evidently met the approval of the Shorthorn association which unanimously voted to repeat the show at Vermilion in the forthcoming season. A number of Edmonton exhibitors have intimated a desire to show Shorthorns at Vermilion in July 1947 and additional space is to be provided to house this interesting display.

LIGHT HORSE SHOW

Evidence of increasing interest in the exhibit of light horses at Vermilion, which is rapidly taking the primary position in respect of light horses in Western Canada, was indicated by the numerous requests for additional classes and a separate committee has been set up to outline an up-to-date prize list, in which scope for the showing of light and heavy hunters, standard breds, American saddle horses and other types will be enlarged in order to broaden the field of competition and increase the interest of the public.

LADIES' PRIZE LIST

Mrs. Mabel C. Mooney was again elected to the chairmanship of the ladies committee and a meeting is being held before the end of the month to outline the prize list for hall exhibits. This will be published immediately after the beginning of the new year, giving all prospective exhibitors ample opportunity to prepare their exhibits.

OFFICERS ELECTED

The management of the work of the Vermilion society will be under the following officers

President—Norman McClellan
1st Vice-Pres.—W. L. Robinson
2nd Vice-Pres.—W. H. Duncan
3rd Vice-Pres.—W. D. Williams
Sec'y Manager—S. C. Heckbert

Directors—Manson Barr, Wm. Barr, Jas Bennett, N. N. Bentley, C. N. Brennan, John Bryden, E. H. Buckingham, Homer Campbell, Wm Chase, W. R. Cornish, M.L.A., John S. Cross, Gilbert M. Crouch, G. E. Conroy, Frank Eyben, Andrew Gillies, E. W. Hart, J. H. Hart, H. Haverslew, F C Heckbert, Ted Hebuh, W. R. Jory, J. L. Kerns, L. L. Kohse, A. McMillan, D. McGrath, H. R. Parker, Jas. R. Robson, Dr. W. H. Scott, J. C. Tucker, Jack Stephens, Geo. Moggy, Ray Williams, Donald Wilson, Jas H. Winters

Associate Directors—Douglas Clark, Ted Cornish, H. Eyben, Jr., J. C. Foy, Gordon Gould, Chester Crouch, Gordon Larson, Oswald Harle, Clarence Lysons, J. Kenneth Reid, Chas. Stewart, David Tovell, Pat McLaughlin

Ladies' Committee—Mrs. Mabel C. Mooney, Convener, Mrs. Wm. Barr, Mrs. E. H. Buckingham, Mrs. J. Bryden, Miss Grace Bury, Mrs. W. H. Duncan, Mrs. S. C. Heckbert, Mrs. E. C. Miller, Mrs N. McClellan

Lloydminster Huskies Here January 11th

The next league game scheduled for Vermilion ice will be Saturday Jan. 11th when the Lloydminster Huskies make their second appearance of the season here. The local Tigers have one league game in the meantime, playing at Vegreville this Saturday, Jan. 4th.

Scouts and Cubs Hold Banquet

As a wind-up to their fall activities and as a special Christmas treat, the Vermilion Boy Scouts and the Cubs held a banquet at George's Lower Deck on Friday Dec 13. This was attended by 31 boys. Scoutmaster Gordon Ross, Cubmaster Dr King and K. G. Urquhart, secretary of the Boy Scout Association of the town. The only ceremony connected with the evening was the presentation of prizes to the Brown Six, headed by Sixer [illegible] for the November competition.

The event was thoroughly enjoyed by the boys and all present wish to thank Mr George Capotes for the excellent meal served, everything that tempts and delights a boy's appetite being in ample evidence.

H. L. Dean plans to leave Friday morning of this week for Eastern Canada on a buying trip. He will also visit relatives at Windsor and Toronto while away.

New High Mark In Town Tax Collections

MUNICIPAL ELECTIONS LOOM

Members of the Town Council and town officials are in a cheerful mood this week. An all-high record was established in the amount and collections of taxes made during the year. Over $56,000 were collected from all sources, leaving less than $2000 outstanding most of which it is anticipated will be handed in before the annual meeting. The business tax has been collected in full and $1000 by way of poll taxes. No doubt the fine record of the town, financially, contributed a great deal to the sale of the $184,000 debenture issue at 101, the highest on record of any town issuing debentures in the province in 1946. It is expected the light and power plant will also show another all-high record for the year. In speaking to the Mayor he attributed the fine record in tax collections to the energy and efficiency of Secretary Part and his staff, and to the fact that ratepayers [illegible] paying councils. In the old days he said if the arrears outstanding were brought down to $25,000 or $30,000 councils felt they were performing miracles. Incidentally the pot is beginning to simmer with regard to the make-up of the next Council. Councillors Park and Bushell are the retiring members and the Mayor's term is also expiring this year. Elections for the new council will be held on Feb. 10th. The annual meeting at which the council will give account of its stewardship will be held on Friday, Jan. 31st and nomination for candidates on Monday Feb. 3. The first meeting of the newly elected council will be held on Monday, Feb. 17th.

Islay Man Dies From Injuries In Accident

DEATH OF ROBERT HENRY BELL

Robert Henry Bell, well known Islay business man, died Friday morning December 27th from injuries received when he was thrown from a sleigh the Saturday previous, Dec. 21st.

The accident occurred when the sleigh which Mr. Bell was driving stopped suddenly on running onto some loose gravel. The unexpected stop threw him out of the sleigh and he fell on his face and head. The accident happened right in the village as the deceased was driving from the lane onto the road. He sustained severe facial and head injuries.

Mr. Bell was a well known business man of the village living there for the past 14 years, being an elevator and oil agent. He was a veteran of the first world war and a member of Post 11 of Canadian Legion.

He leaves his wife and two daughters to mourn his loss to whom the sincere sympathy of the community is extended. Funeral services were held Sunday and interment was made in the Soldiers' plot at the Vermilion cemetery.

Wilson Sisters Married In A Double Ceremony

CHAPMAN—WILSON
JENSEN—WILSON

The Bible Institute Baptist church of Calgary was the scene of a very pretty double wedding on the evening of December [illegible] at 8 p.m., when Miss Winnifred Wilson of Vermilion became the bride of Mr. Frank Chapman of Cloverdale, B.C., and Miss Miriam Wilson became the bride of Mr George Jensen also of Vermilion. The brides, both daughters of Mrs David E. Brown of Vermilion, were each given in marriage by an older brother, Winnifred by Mervin Wilson of Airdrie and Miriam by David Wilson of Calgary.

Dressed similarly the brides looked lovely in dresses of blush satin, their veils of embroidered net, held in place with heart-shaped halos of orange blossoms.

Winnifred's dress was styled with high neckline and Peter Pan collar and full bodice with wide sash from the sides tying at the back. The pointed sleeves were full at the shoulders and tight from the elbows to wrists. The full skirt ended in a long train. She wore a locket gift of the groom and carried a bouquet of Talisman roses sprinkled with baby mums.

Miriam's dress with sweetheart neckline, was trimmed down the front and on frilled shoulders and hips with French lace. It fitted snugly to the hips with self-covered buttons down the back. Her skirt also ended in a train. The frills and pointed sleeves were trimmed with tiny pleats. She wore a double string of pearls gift of the groom and carried a bouquet of red roses sprinkled with baby mums.

The maids of honor Miss Freda Ingle of Calgary and Miss [illegible] Strohschein of Wetaskiwin, were gowned in triple sheer of medium blue, with matching net veils and they wore corsages of pink carnations. The bridesmaids Miss Evelyn Wilson, sister of the brides, and Miss Mildred Mix, cousin of the brides, both of Vermilion, were gowned identically in pink triple sheer and carried bouquets of white carnations.

The ceremony was performed by candlelight, Rev W. J. Laing officiating. A friend, Ray Markel of Edmonton acted as best man for Mr Chapman and Mr Jensen's brother Christopher Clarke of Islay was his best man.

The bridal music was played by Mrs. Esther Gilbert. The soloist was Mr Cyril Hutchinson who sang very appropriately "A Wedding Prayer".

Elwood Hill, Walter Wilson and Donald Richards were the ushers.

Following the ceremony a reception was held at the Empress hotel. The brides' table was centred with a three-tiered wedding cake topped with mauve baby mums. Following the meal Mr Cyril Hutchinson led in some singing of familiar hymns while Mrs. David Wilson accompanied at the piano. This was followed by the reading of telegrams of congratulations to the Chapmans from Philadelphia, Penn. and Charlotte, N. Carolina, their mission headquarters. The Chapmans then gave an inspiring word concerning their prospective missionary work in Africa.

Both couples left on short honeymoon trips and then came to Vermilion for the Christmas holidays after which Mr and Mrs Chapman will leave for Philadelphia, New York and then to Spanish [illegible]. Mr and Mrs Jensen will return to [illegible] school at Islay.

"GREEN ACRES"

POLISH VETERANS

On Saturday night the Brunswick hotel entertained the Polish veterans who are now working on farms in this district. It was a very nice gesture on the part of the management as these men are strangers in Canada. We all welcome them and hope they do well.

FIRE PREVENTION

Many tragedies have occurred recently when farm homes burned down. A check-up on chimneys, stove pipes, etc., may prevent a destructive fire. Furthermore it pays to take out fire insurance for every building on the farm.

LOSSES FROM PESTS

The losses from insect and plant disease pests to grain crops and farm animals is unbelievable. There is a sure control for nearly every agricultural pest. Circulars on this subject are available at the D.A. office.

MEDICINE CHEST

Every livestock owner should have on hand a supply of several medicines for treating farm animals. Epsom salts, raw linseed oil, [illegible] of iodine and a good [illegible] are only a few of the drugs recommended. Just a few days ago the life of a calf was saved by using "blood stopper" which is available at every drug store.

IODINE FOR SOWS

Feeding potassium iodide to sows is essential in this district if strong pigs are to be born next April. Mix one ounce in one gallon of water and give one tablespoonful per day in the chop. This little expense and trouble pays big dividends.

WEED CONTROL

During the long winter evenings farmers who have weed problems would do well to study weed control so that plans can be made to fight these robbers of farm profits. What do you know [illegible] 2 4 D and Sodium Chlorate? Circulars are available at the D.A. office.

Vermilion Receives Highest Bid of Year for Debentures

REFLECTS EXCELLENT FINANCIAL STANDING

The town of Vermilion has recently sold the entire $184,000 issue of water and sewer debentures dated Dec. 1, 1946, by tender to Bell Gouinlock and Co. of Toronto at a firm bid of 101.8 and accrued interest.

This is the highest bid for municipal debentures received by any town in the Province of Alberta in 1946 and reflects very favorably the excellent standing of the town's financial position.

These debentures are of serial type and mature at the rate of $6000 per year for 22 years and $6500 for 8 years.

The short term debentures in the total amount of $60,000 bear interest at 2½% and all mature Dec. 1, 1956. The longer term debentures in the amount of $124,000 bear interest at 3¾%.

Bids were received from five financial houses.

Lovely Home Wedding Takes Place At Islay

STEINHAUER—MITCHELL

A very pretty wedding of widespread interest was solemnized on the afternoon of December 22nd at 3:00 p.m. at the home of Mr. and Mrs. C. C. Mitchell when their eldest daughter Dorine Yvonne, became the bride of Frederick Steinhauer, son of Mrs. Marie Steinhauer and the late Mr. George Steinhauer also of Islay, Alberta. The Rev. G. C. Driver of Kitscoty conducted the ceremony for which the living room arch had been decorated with pink and blue streamers, and hung with silver wedding bells.

Given in marriage by her father, the bride wore a dressmaker suit of French Grey trimmed with silver sequins, complemented with rose and black accessories. A corsage of pink roses was pinned at her shoulder. Her only articles of jewelry were the traditional (something borrowed), a sterling silver bracelet over 100 years old, and (something blue), a pair of lovely handy ole earrings.

The Misses Carole and Cherrill Mitchell, twin sisters of the bride, attended as bridesmaids. They wore twin dressmaker suits of powder blue with black accessories. Their corsages were of pink carnations.

The best man was Mr. Edward Steinhauer of Gleichen, brother of the groom. Mrs. W. L. Roebuck played the wedding music. During the signing of the register Miss Barbara Richardson of Vermilion sang "Because". Twenty-five guests were present at the ceremony.

Following the ceremony a public reception was held at the home of the bride's parents for 60 guests. Receiving, the bride's mother chose an afternoon frock of flat crepe in turquoise, trimmed with black sequins with a corsage of white mums. The groom's mother Mrs. M. Steinhauer was frocked in a two-piece ensemble of blue green, with corsage to tone.

The bride's table, laid in lace, was centred with a three-tiered wedding cake, topped with a silver wedding bell, under an arch of blue and pink streamers.

Mrs. A. H. Sweet poured tea, while Mrs. Einar Anderson was in charge of refreshments. Assisting in serving were Misses Patricia Torrance and Marianne Purves.

At 7:00 p.m. twenty-five guests attended a turkey dinner in honor of the bride and groom at the home of Mr. and Mrs H. G. Young. Hostesses were Mrs. Young, Mrs. Wm Purves and Mrs. Jas McClelland. The toast to the bride was ably proposed by Mr. John T. Fyfe, with response by the groom.

Later the happy young couple left for a short honeymoon trip at Edmonton and Calgary. For travelling the bride chose a two-piece ensemble of moss green, trimmed with black persian.

On their return they will make their home in the Islay district.

'Youth for Christ' Rally January 10th

D. E. Fairfax, noted colored singer will appear at a 'Youth for Christ' rally at the Masonic hall, Vermilion on Friday, Jan. 10th at 8 p.m. Every one is welcome. 34-5

Another Gopher Braves Wintry Blasts

Lack of Wheat Last Fall May Be the Cause

Another gopher is upsetting Mother Nature and this one was observed after the Christmas snowfall eating wheat spilled on the road at Beachville school. He was seen by Buster Harle and his father who claim that the little rodent was really [illegible] having a good meal.

An explanation of the appearance of gophers in mid-winter which is a very peculiar happening is that there was very little wheat in the south area last fall. It was hard hit by the July frost and apparently gophers didn't find enough to last them over the winter.

Board of Trade Meeting Wednesday, January 8

Next Wednesday Jan. 8th sees the first meeting for 1947 of the Vermilion Board of Trade. It will commence with the luncheon at 12:15 noon followed by the business session. All citizens of the town and country, and visitors, are cordially invited to attend.

Wintry Weather

Very mild weather and wide open roads from all parts were enjoyed for the week prior to Christmas resulting in all local shopping records being shattered, the rush continuing until the very last minute.

The weather changed Christmas day and real winter, with considerable snow and drifting, has prevailed for the past week. The lowest temperature was 16.1 at 2 a.m. Saturday Dec. 28th. The warmest registered since Christmas was 4.8 above on Tuesday Dec. 31.

Prospects on Thursday morning were for slightly warmer temperatures.

A number of local news items were crowded out this week. These will all appear in our next issue.

The Question Of Immigration

THERE ARE INDICATIONS that at the coming session of Parliament one of the most important questions to be considered will be that of immigration. There is growing interest throughout the country in this subject, and [illegible] measures have been taken by the government in respect to it. Recently an Order-in-Council was passed making it possible, under certain conditions, for relatives of Canadians to enter this country. It has also been announced that some special immigration officers had been sent to Europe because of the need for Canada to take a part in the solution of the refugee problem there.

• • • • •

"Open Door" Is Not Favored

There is no suggestion even on the part of those most strongly in favor of an expansive immigration program to institute a "wide open door policy" such as existed here during the early part of this century. A senate committee on immigration which has made a close study of the problem proposes a plan of "selective attraction". Under this plan, immigration officers would be stationed in Europe to interview prospective settlers there; relatives and friends of Canadians would have priority in entering this country and the immigration act would be revised to allow for the finding and selection of immigrants. The report further proposes a vigorous administration to encourage the free movement of desirable types of settlers into Canada.

• • • • •

Shortage Of Labor In U.K.

One factor that is expected to affect any program of immigration which may be introduced here is the acute manpower shortage in the United Kingdom. It is reported that officials coming from the United Kingdom are unwilling to discuss immigration at this time, but it is considered probable that when Canada's policy in regard to this matter is clarified it will be found that people in the United Kingdom may be discouraged from leaving to live elsewhere because of the urgent need for all available labor to carry out post-war projects there. Whatever may develop in the future, it is apparent that there will be much interest both here and abroad, in any discussions which may take place in parliament in connection with this important problem.

"Why Didn't I Do This Before!"
If your nose ever fills up with stuffy transient congestion—next time put a little Va-tro-nol in each nostril. Quickly congestion is relieved, breathing is easier. Va-tro-nol works right where trouble is to relieve distress of head colds. Try it! Works fine! You'll like it!

Britain's Oldest Peer

Was Given Only Few Hours To Live Ninety-Eight Years Ago

The London Daily Mail reports that Britain's oldest peer, Lord Hayter, [illegible] because the doctors gave him only a few hours to live, has died at Chislehurst aged 98. He had been refused a life insurance policy at the age of 21 because of his delicate health. Eventually he became deputy chairman of the company that refused him. He was the ninth man in London to have a telephone number.

London's Knighted by Queen Victoria, Lord Hayter was the oldest knight bachelor (1875) and the oldest baronet (1900) as well as being the oldest peer. He was, so far as is known, also the oldest volunteer in the Kingdom, having been a cadet in one of Lord Truro's London regiments at the age of 12.

A One-Man Show

No Large Committee Was Needed To Welcome Distinguished Guest

During the 1944 presidential election campaign Governor Dewey was scheduled to make a radio speech originating in a small mid-western city. The network with which the local station was affiliated sent the following telegram to the station owner:

"Gov. Dewey arrives Monday at 9.25 p.m. Please have on hand at railroad station your general manager, [illegible] director, special events director, chief announcer and chief engineer."

The station owner wired back: "Don't worry. I'll be there."

[illegible]

Might Have Been Rich

Miner Did Not Know The Walls Of House Contained Gold

When Jack Smythe heard the wonderful stories of quickly-won wealth which drifted back from the Victorian goldfields he forsook his carpenter's tools and made his way to Ballarat. For the next two years he drifted from field to field without success. Smythe was a proud man. He had seen his friends win fortunes from the earth whilst he had acquired only enough gold to secure necessities. They had succeeded. He had failed. Finally he decided to retire to an obscure part of the country. He chose Tambuk, in Victoria, a place where he knew there was a worked-out mine near which he could make his home. He built his home from clay taken from the disused pit. There he lived in happiness until his death. Later, a neighbor decided to convert the ground where the house stood to a cornfield. The house was demolished—and as it crashed, the gaze now ingrained in the bricks, tiny specks of gold. The bricks yielded several hundred ounces—the place Smythe had built his home from an unanswered [illegible] mine. Fate had allowed him to live in near-poverty in a house worth thousands of pounds, records Cavalcade Storyteller Radio Program, of Australia.

EXTRA BARS NEEDED TO KEEP PRISONER IN CELL

BOONEVILLE, Ky. — A teen-age boy so small that the jailer said extra bars had to be placed on his cell was being held on a murder charge here.

Judge J. M. King said he ordered Lester Little, 14, held on the charge under $5,000 bond in connection with the fatal shooting of the boy's cousin, Price Little, 22.

Sheriff Charles McIntosh said the extra bars were put on the cell to keep him from slipping through. McIntosh said the shooting occurred after the Littles became involved in an argument over a [illegible] while engaged in a shooting match.

[illegible] THOUGHT

They had been married only a month and he had left for a few minutes while she prepared a salad in the kitchen.

Suddenly a piercing scream rang out and he rushed to the kitchen, prepared to face he [illegible] [illegible] is the matter darling?" he panted.

"It's a caterpillar," she gasped. "Oh Fred, what if I had been in the house alone!"

A BIG DIFFERENCE

AUSTRALIAN SOLDIER ESCAPES BEHEADING

Tells Of Harrowing Experience Under Japanese Custody

TOKYO. — An Australian soldier told the International War Crimes Court that he had lived through a Japanese officer's attempt to behead him—"I felt a heavy, dull blow on the back of my neck"—and eventually had crawled to safety after recovering consciousness to find himself buried in a shallow grave.

He was the first witness called when Australians began the final phase of the international prosecution which began last June 3.

The soldier, Colin Fleming Brien, 23, of Sydney, New South Wales, said his botched "execution" took place after he was captured, wounded, in battle near Singapore early in 1942.

A platoon of Japanese [illegible] and 15 Japanese officers stood in parade formation in a jungle clearing, Brien testified, while "I was searched, then the officer who brought me to the clearing said in English: 'You are going to meet your God'".

Brien was ordered to sit down with his feet and legs in the shallow grave, his wrists were tied behind his back and a towel tied over his eyes. The officer, sword in hand, loosened Brien's shirt collar and bent his head forward.

"After a few seconds I felt a heavy dull blow on the back of my neck" he continued. "I fell over on my right side. Then lost consciousness.

"When I regained consciousness I was lying at the bottom of the grave underneath clods of earth. I had a large wound in the back of my neck, and was covered with blood.

"I lay there for about an hour. I could not use my hands, and the only way I could get out was to lever (move) the pile of clods with my feet. I managed to dislodge them and crawl out, and staggered into the jungle grass where I lay all day."

That night, he testified, he managed to untie his wrists. After three days, he reached Singapore where he surrendered to civil police who handed him over to their Japanese masters.

He recuperated in Changi prison hospital, and remained in various prisoner of war camps at Singapore until the end of the war, he added.

WILL TAKE YEARS

John Cunningham, chief test pilot of the De Havilland Aircraft Company of England and a British night flyer ace of the war, said it will be at least 10 years before man solves the problems of flying faster than the speed of sound.

NEW MEDICAL DISCOVERY SUCCESS

Waste Blood With Penicillin Provides Great Curative Jelly

CLEVELAND. — Penicillin mixed with hemoglobin, the red coloring matter of human blood, is curing wounds and sores where nothing else succeeds, not even pure penicillin, it was reported to the American College of Surgeons.

Lt.-Col. Felix Jansey, of Northwestern University, Chicago, said the discovery was made in two U.S. Army hospitals in England, which were short of medical supplies and on their own initiative tried for new uses of what they had.

Waste blood, of no use to anyone, was one thing these hospitals had in abundance. They extracted the hemoglobin, in the form of a red, sticky powder. They mixed it with water, making a jelly and into this jelly they mixed penicillin.

The mixture was placed directly into wounds. The cases at first were only those wounds which had failed to heal with all other available treatments. Penicillin, given internally, had failed. This was because in the blood the penicillin does not get higher than a certain concentration, and this concentration was not strong enough to kill some kinds of germs, which are highly resistant to penicillin.

But in the red blood mixture, the military surgeons placed a much stronger concentration of the wonder drug. In most cases, only one application of this penicillin in human jelly had to be used.

Col. Jansey said no bad effects of any sort had been reported. Hemoglobin, itself a human tissue ingredient, has a naturally stimulating effect on tissue growth.

In the hemoglobin the penicillin is released slowly. Pure penicillin did not have the same good effect in wounds, both because it was absorbed too rapidly and because it was irritating to the wound.

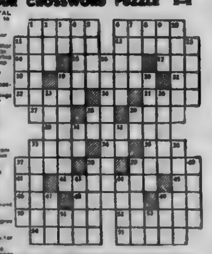
Dr. Herbert Conway of New York, reported that tattooing changes the color of the dark, bluish, smooth birthmarks known as port wine stains to nearly normal skin color. Wine has nothing to do with these disfigurations.

For tattooing a color is selected that will nearly change the port wine shade to that of ordinary skin. Dr. Conway said that tattooing does a spectacular job of changing the color of a skin graft to match that of the area where the graft is placed.

Tin, one of the earliest metals discovered, is mentioned in several books of the Bible.

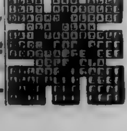
FIRE IN ELEVATOR KILLS ONE—One man died and damage estimated at $50,000 was done in this spectacular blaze which broke out in a grain elevator at Parkhill, Ont., and destroyed the elevator and a chopping mill. The new pumper shown in action, delivered to the village fire department only a few days previously, was credited with halting spread of the fire.

OUR CROSSWORD PUZZLE



[illegible]

Answer To Last Week's Puzzle



BACKACHE
The Plague of Outdoor Men

The outdoor man, whether he be farmer, truck driver, or railway operator, is often subject to backache. This may be the result of exposure to cold and dampness or the result of strain from the jolting and bumping of the vehicle he rides.

To many people, women as well as men, it would be great to be free of backache—one of the most common and annoying of ailments. And here is how you may be relieved of backache and other symptoms of poisons in the blood.

The treatment suggested is Dr. Chase's Kidney Liver Pills. By reason of their stimulating action on both the liver and kidneys, you have two chances to one of getting relief from your backache by using Dr. Chase's Pills. The torpid liver is aroused to action, the kidneys are stimulated and consequently these organs help to purify the blood of the poisonous impurities which bring pains and aches and tired feelings.

Keep regular and keep well by using Dr. Chase's Kidney Liver Pills. 35cts. a box.

Dr. Chase's Kidney Liver Pills

FUNNY and • • • • OTHERWISE

An American soldier in England was giving some illustrations of the size of his country. "You can board a train in the State of Texas at dawn," he said impressively, "and 24 hours later you'll still be in Texas."

"Yes," said one of his English listeners, with feeling. "We've got trains like that here, too."

• • • •

The young wife greeted her husband affectionately when he returned from the office.

"Poor darling!" she said. "You must be tired and hungry. Would you like some nice soup, followed by nice tender chops with golden-brown potatoes and green peas, and then mushrooms on toast?"

"No, darling", her husband answered firmly, "let's save the money and eat at home."

• • • •

A Negro who had been exploring chicken coops heard that the sheriff was after him. Hastily he sought the railway station and asked for a ticket to the end of the line on the fastest train.

"Our fastest train left just ten minutes ago," he was told.

"Well", gasped the Negro, "jes' give me a ticket an' point out de track!"

The weary father was marching up and down at 1 a.m. with a wailing infant in his arms, when there came a knock at the door. It was the tenant from below, carrying a pair of new shoes.

"I say, old man," he said, "while you're about it, you might break these in for me."

• • • •

"Is there anything you fancy to eat before the execution?" asked the warden.

"Yes, mushrooms," said the condemned man. "I've always been scared to try them in case I'd be poisoned."

• • • •

Two sweet young things were discussing affairs of the heart.

"So you've accepted Tom?" said one acidly. "I suppose he didn't happen to mention that he had previously proposed to me?"

"Well, not exactly," replied the other blandly; "but he did confess that he'd done a lot of silly things before he met me."

• • • •

The offices of the inspector of taxes and the collector of taxes were in the same building.

A woman who got into the lift said to the liftboy: "Taxes."

"Collector or inspector?" asked the boy.

"Taxes, please," replied the lady.

"Now look 'ere, ma'am," said the liftboy. "Do yer want ter pay or just 'ave an argument?"

• • • •

A young man, after eight years' absence abroad, alighted at his home station and despite his expectations there was no one there to meet him. He then caught sight of the stationmaster, [illegible] since boyhood, and he was [illegible] to extend a hearty greeting when the other spoke first.

"Hello, George!" he said. "Goin' away?"

• • • •

Scot (seeing his first hockey game) - And do yon laddies chasing about the ice get paid?

Friend - Oh yes, big salaries.

Scot - And the lad between the posts. Is he paid, too?

Friend - Certainly, highly paid.

Scot - Wouldn't it be cheaper to board up the wee place?

People became so interested in golf that they were neglectful of their archery practice, so Scotland imposed a ban on golf in 1491.

SUES MRS. TRUMAN—Mrs. Bess Truman, wife of the U.S. president, has been named defendant in a $10,000 damage suit by Mrs. Nelle Motley Pearson, shown here, of Atravasso, Mo. Principal defendant is Henry J. Nicholson, designated as driver of a car belonging to Mrs. Truman which was involved in an accident in [illegible]. Pearson allegedly died from injuries. Mrs. Truman was not in the car.

Hitler Considered Churchill Strong

WASHINGTON. — Adolf Hitler considered former British Prime Minister Winston Churchill "to a certain extent a strong man", captured German documents revealed.

Notes of conversation between Hitler and his Axis partner Benito Mussolini in 1944 near Salzburg, Austria, were published in the State Department's weekly bulletin.

Hitler, who was telling Mussolini about the Axis' troubles due to the surrender of Italian Marshal Pietro Badoglio, said he was convinced that "countries and peoples at all periods could be represented by individual men."

"The Russians had their Stalin." Hitler was quoted as saying. "It was the misfortune of France that no great man had been discovered there. To a certain extent Churchill was also a strong man and one thought of Italy only in connection with the Duce."

GEMS OF THOUGHT

COURTESY

Courtesy is love in trifles, and where love [illegible] counterfeits may [illegible] itself is not. —George Jackson

The small courtesies sweeten life, the greater ennoble it. —Bovee

There is a courtesy of the heart, it is allied to love. From it springs the purest courtesy in the outward behavior. —Goethe

When the heart speaks, however simple the words, its language is always acceptable to those who have hearts. —Mary Baker Eddy

The courtesies of a small and trivial character are the ones which strike deepest to the grateful and appreciating heart. —Henry Clay

All doors open to courtesy. —Thomas Fuller.

Crowded Agenda For Royal Tour Of South Africa

LONDON.—When the King and Queen with Princesses Elizabeth and Margaret go to South Africa in February they will be launched on a 10-week tour as crowded if not more strenuous than their tour of Canada in 1939.

"Looks as if South Africa will stand still for the first few days," said an official at South Africa house, Trafalgar square. "Everyone seems to be going crazy over the preparations. And the fact that the princesses are going, too, has added considerably to the general excitement."

South Africa will be the third imperial tour undertaken by their majesties and the second since their accession to the throne. In 1927 as Duke and Duchess of York they travelled to New Zealand and Australia. In 1939 as King and Queen they visited Canada.

The crowded programme of public functions, travel and sight-seeing opens in Capetown Feb. 17 when the royal family disembark from H.M.S. Vanguard, latest-built British capital ship, and proceed to a pavilion erected on the quayside. There they will be received by the governor general, Hon. G. B. Van Zyl, Prime Minister Smuts and members of the cabinet. The mayor of Capetown and the mayors of surrounding municipalities will present addresses of welcome.

From there on they will traverse thousands of miles of the union with state visits to British protectorates, a week in southern Rhodesia and nine nights in Pretoria—the nine days being spent in travel to neighboring towns. From Pretoria, the party will visit Johannesburg, Pietersburg and Standerton, the constituency of Prime Minister Smuts.

In Johannesburg the Aero Club of South Africa is planning a special king's cup air race under the King's patronage with Johannesburg as starting and finishing point and a prize of 5,000 pounds ($20,000) to attract international competition.

Most of the trip, as in Canada, will be made aboard a special royal train, preceded by a pilot train. The royal train will consist of 14 coaches, eight of them new vehicles. The rest comprising lounge, kitchens, diners and van will be drawn from the existing South African luxury base train now in service.

On their return to Capetown, April 20 a state ball will be held in honor of Elizabeth's 21st birthday which falls on April 21.

SOLDIERS HELD

Four From Britain Practically Held Under Arrest In Yugoslavia

BELGRADE. - British embassy representatives here so far have not been allowed to see four British soldiers arrested several months ago by the Yugoslavs, an embassy spokesman said.

The four soldiers, he added, "strayed into what the Yugoslavs say is their territory at various times since last August."

"We have made repeated and energetic representations to the Yugoslavs, but so far have failed to get any satisfaction.

"As far as the embassy knows, they are being held under arrest but have not been charged."

MANUSCRIPT FOUND

Valued Possession Of Trieste Library Located In New Jersey

NEW YORK. - The New York Herald Tribune says that a 14th century manuscript copy of Petrarch's "Africa", a valued Trieste library possession that disappeared during the war, has been located in a thread-[illegible] shop in Union City, N.J. The newspaper says that Walter Rockstoner, 26, a former soldier, was found to have the book, having bought it from an Italian who may have stolen it.

[illegible] BY SLITTING WINDPIPE

EAST ORANGE, N.J. — Tommy [illegible], 4, was reported recovering after an emergency operation performed at home by his physician uncle with a nine-inch kitchen carving knife to relieve the boy from choking to death on orange seed and pulp.

Tommy's uncle, Dr. Thomas A. [illegible], [illegible] the boy's windpipe to permit respiration while the [illegible] Tommy on the living room couch.

An ambulance later took Tommy to hospital where a specialist removed the seed and pulp.

TRAIN IN BRITAIN

[illegible] be trained principally in Britain, War [illegible] told the house of [illegible] suggested [illegible] as possible alternative sites. [illegible] said the cost of sending troops to Canada would be prohibitive, even if Canada were prepared to make arrangements for training British soldiers.

2705

MANITOBA CHIEF JUSTICE

J. B. Coyne (above) of Winnipeg has been appointed chief justice of the supreme court of Manitoba, it is announced from Ottawa. The new judge was president of the Canadian International Relations association and did a great deal of supreme court work in Ottawa.

DIDN'T WORK

Man-Made Meteorites Failed To Leave Rocket

LOS ANGELES. - Science's first attempt to launch man-made meteorites into the earth's upper atmosphere with a German V-2 rocket was classed as a failure by Dr. James A. Van Allen, John Hopkins university physicist, a key figure in the experiment.

Arriving here after witnessing the firing of the rocket at White Sands proving ground, Van Allen said a time device in the rocket's warhead apparently had failed and that none of the metal fragments actually was shot out from the rocket.

DIVORCE RATE ALARMING

LONDON. — Dr. Henry Wilson, bishop of Chelmsford, told Britons that divorce is increasing so rapidly in the United Kingdom that it soon will "be as common in this country as in the U.S.A." Bishop Wilson wrote in his church publication that the rate of divorce "is causing great alarm, even in circles which are not concerned with the religious side of the question."

NEW TRAINING CO-ORDINATOR

Appointed co-ordinator of all Canadian army training, Col. W. R. Mencel, 29, will plan the policy for individual training commands as methods are framed to meet the needs of the atomic age. At the age of 27, he was the youngest brigadier in Canada's history and commanded a fighting armored brigade.

Announces Lifting Of Controls On Coal, Coke And Solid Fuels

Reconstruction Minister Howe announced that all controls on coal, coke and solid fuels terminated Dec. 31.

Mr. Howe said that while the control on the fuels will be lifted, a coal administration under the Prices Board will be appointed to regulate the price of coal, coke and solid fuels.

"It is understood that the new administrator of coal, coke and solid fuels will be J. E. Van Buskirk, president of the Commodity Prices Stabilization Corporation," said Mr. Howe.

In making the announcement, Mr. Howe said that for the first time in some four years he was able to give a "confident and reassuring forecast" of Canada's fuel supply situation.

Present stocks of bituminous coal for industrial use are satisfactory and, when augmented by the rail shipments that are usual during the Winter months, should be sufficient until the opening of navigation.

Similarly, total shipments of all types of domestic fuel to date are equal to those of last year. Deliveries of anthracite from the United States to Canada should continue at a satisfactory rate.

The mild weather of the Autumn and early Winter has kept stocks in householders' bins at normal levels and there was some evidence to indicate that these stocks were larger than in previous Winters.

The reassuring picture now was in contrast to that of last June when coal strikes in the United States and a shipping strike in Canada made it appear that Canada would face the Winter with a probable shortage of 3,500,000 tons of coal.

When the shipping strike ended efforts were concentrated on the movement of coal from the United States. In addition the movement of fuel from Western and Eastern Canada to Central Canada was increased. The result was that at the close of navigation the earlier deficit had been fully restored.

Mr. Howe paid tribute to the work of Ernest J. Brunning, coal controller, Ian MacLaren the assistant controller, and their associates in the central and regional fields.

New Operation Defeats Phantom Limb Pain

Does Away Imaginary Arm And Legs Of Amputees

CLEVELAND.— A new operation to get rid of phantom limbs, the imaginary arms and legs of amputees, which nevertheless are really painful, was reported to the American College of Surgeons.

These phantom limbs last for weeks or months and occasionally for years. A man with one leg gone will have the sensation perhaps that it is doubled under him, and he is sitting on it and it hurts. Or he has the sensation that a missing arm is stretching rigidly aloft with the fingers cramping.

The best reason surgeons can give is the fact that after the nerves are cut at the amputation point, their ends afterward grow a little. They grow into the scar, the end of the stump limb. The nerve tendrils curl around, seeking to make unions with other nerves in the lost stump. This in theory is why the amputees have the phantom leg sensations.

Several surgical operations have been used. The new one was reported by Dr. Louis G. Herrmann, of the University of Cincinnati college of medicine. He ligates, or ties off the severed nerve ends about an inch from the stump. This prevents the tendrils presumably from growing down into the scar. He said the results indicate that this ligation is of considerable importance in preventing occurrence of the phantom limb pain.

RECALLS ENVOY

Britain's Ambassador To Spain, Sir Victor Mallet, Back In London

LONDON. Britain's ambassador to Spain, Sir Victor Mallet has been recalled to London, it was authoritatively learned.

Sir Victor has been instructed to notify the Spanish government of his recall and to return to London as soon as possible.

The recall conforms with the recent recommendation of the United Nations general assembly that ambassadors and ministers of member states should be withdrawn from Madrid.

The Spanish government has decided to take parallel action by withdrawing Domingo de las Barcenas, Spanish ambassador to London.

Canada Supplies Most British Wheat

Provided Nearly $200,000,000 Of Britain's Purchases During 1946

LONDON. Board of trade figures showed that although Canadian wheat shipments to the United Kingdom have been delayed recently by transport difficulties, the dominion supplied five-sixth of British purchases in the first 11 months of 1946.

Canada provided nearly £50,000,000 ($200,000,000) of Britain's total wheat purchases of £61,200,000.

Canadian shipments in the first 11 months of this year totalled 107,000,000 bushels of wheat compared with 88,000,000 bushels in the first 11 months of 1936 and 117,000,000 in the same period of 1945.

Although shipments were down in later months this year, immense exports to Britain were arranged at the time of greatest need in the spring and early summer when Canada scraped the bottom of the barrel to send all possible wheat supplies across the Atlantic.

The value of United States shipments in the 11-month period was £9,750,000 [illegible] Argentine shipments £2,000,000.

In wheat products, meal and flour, Canada supplied £11,600,000 of the total value of £13,250,000 imported by Britain.

Bacon exports from Canada at more than 2,2[illegible] hundredweight were [illegible] hundredweight from 1945 but Denmark, only other [illegible] provided only 750,000 hundredweight.

QUADRUPLETS BORN TO BRITISH WAR BRIDE

BALTIMORE. — A 25-year-old British war bride of a former [illegible] ex-army sergeant gave birth to quadruplets, three boys and one girl, in Baltimore's St. Agnes hospital.

Doctors say the mother, Mrs. Charles Henn, Jr., and the four babies are "doing fine". She is the former Dorothy Geast of Edmonton, London, and has been in the U.S. only since last March.

The father is a 28-year-old bookbinder for a Baltimore stationery firm. The young couple have one other child, a one-year-old son, John.

The majority of Finland's more than 3,500,000 people make their living by farming and dairying.

HUXLEY WILL DIRECT UNESCO FOR TWO YEARS—Appointed director of the United Nations educational, scientific and cultural organization for a period of two years, Julian Huxley is seen at his desk in the hotel Majestic, Unesco's headquarters in Paris.

CANADIAN DOLLAR RATE ESTABLISHED

OTTAWA.—The government has passed an order-in-council establishing the Canadian dollar at its present value of parity with the United States dollar until further notice, it was learned authoritatively.

This action is necessary under legislation passed at the last session of parliament to continue the war-born foreign exchange board. The Exchange Control act becomes effective Jan. 1 and requires that the dollar rate be fixed by order-in-council.

While the order does not in itself mean any change, informed sources said it did serve to emphasize that the government was not planning to revalue the dollar and would be, in effect, a denial of recent reports in some financial quarters in Canada and the United States that revaluation was impending.

SEEK FUNDS FOR CHURCHILL STATUE

Model of a memorial to Britain's war-time prime minister, Winston Churchill, which Charles H. Davis, Cape Cod, Mass., has proposed to the mayors of 14 towns on the English channel is shown here. It is suggested that it be erected on the Dover cliffs, and Davis said in New York that he plans a U.S. campaign to raise from $1,000,000 to $2,000,000 for the work.

Trans-Canada Highway Is Urgent Problem

OTTAWA.—One of the most pressing post-war problems that confronts Canada is further extension of all-weather, hard surfacing and maintenance of the Trans-Canada highway system from coast to coast.

At present a state of complete confusion appears to exist concerning improvement of this national highway system which is partly under dubious federal and partly under actual provincial responsibility.

In some provinces, the national highway is completely hard surfaced. In others, it is hard surfaced only in part. In one province, Saskatchewan, there is no all-weather hard surfacing at all on this main highway, only gravelled treatment with some "black top" surfacing.

No federal [illegible] have been made for this [illegible] except within or on connections [illegible] the national parks since [illegible]. In the pre-war years the federal government made financial contributions to each province as a share of constructing the national highway. The [illegible] the federal [illegible] department of transport [illegible] the expenditures. The provinces assumed responsibility for [illegible] of the highway [illegible] in a bad state of repair due to inability of provincial governments to supply [illegible].

A [illegible] definite [illegible] of the respective [illegible] between the dominion and the provinces was proposed in the federal government's green book put before the dominion-provincial conference last summer which ended in a dead-lock. In these proposals, the federal government promised if specific agreements were reached, to provide:

Assistance to provide new access roads to undeveloped mining and forest resources.

Assistance for the construction of transportation facilities of national importance including the Trans-Canada highway, international connections, and approaches to national parks.

In practice the federal government, despite lack of specific agreements with the provinces has provided assistance and in some cases all the funds for new roads to mining developments and connections with the national parks. But nothing has been done toward further developing the nation ocean to ocean highway.

This is one of the main problems, therefore, which demands more immediate co-operation between the federal and provincial governments in the allocation of tax revenues.

LASTING PEACE

Foreign Secretary Bevin Believes Russia Is Ready To Co-operate

LONDON. Foreign Secretary Bevin expressed the belief that Russia has shown herself ready to co-operate with other countries and that complete peace is within grasp of the world.

The foreign secretary, who returned from United Nations and Big Four foreign ministers meetings in New York, said in a broadcast speech that Russia realized there was "a desire for complete understanding."

"There is throughout the world a readiness to co-operate with her and see her develop her system in her own way with the recognition that others equally have the right to their own way of life," he declared.

Defining the new role of Great Britain, Bevin said the war has left two great powers predominant—the United States and Soviet Russia. Great Britain lies midway in geography and way of life.

WAR TRIALS HIGH

Over Twenty-Four Thousand Persons Have Been Tried For War Crimes

LONDON. The United Nations war crimes commission announced that 24,[illegible] persons have been tried for war crimes in British, United [illegible] Czechoslovak and Polish courts. The figures for Poland and Czechoslovakia [illegible] totals of persons charged [illegible] and [illegible].

[illegible]

QUICK ACTION OF GUEST AVERTS HOTEL FIRE

HALIFAX. An unidentified guest averted a possibly serious fire in the [illegible] hotel on [illegible] street. The guest noticed smoke coming from one of the hotel's [illegible] rooms and quickly rang up the [illegible].

Firemen said the blaze was confined to a mattress in an unoccupied room and was easily extinguished but that it could have been serious if it had not been noticed early.

Ontario's New Lieutenant-Governor And Wife At Home

New lieutenant-governor designate of Ontario, Mr. Ray Lawson of London, Ont., noted industrialist and philanthropist, is pictured at home with Mrs. Lawson, one of his two daughters, and a grandchild. Ontario's new "first lady" is at left. Daughter Jean, wife of Dr. John T. Kennedy, is at right, while little "Wendy" Kennedy is seated on the new lieutenant-governor's knee. Mr. Lawson is reputedly one of Canada's richest men. He will take office on December 26.

Going . . Going . . GONE!

—AND AS 1946 takes its departure, we are left with mingled emotions and memories. But above all we realize how profoundly thankful we should be for the Blessing of the Almighty in granting us Peace and Plenty.

With this realization paramount in our minds and our faith fast in our fellow-man, we face the New Year filled with hope, not only for ourselves but for each and every one of you, without whose support and good-will we could not have enjoyed such a splendid combination of effort as has been ours.

THANK YOU!

A HAPPY NEW YEAR!

OBITUARY

ELZIE O. DOW

On December 16th, Mr. Elzie O. Dow passed peacefully away at the age of 71 years after many years of suffering. He was born in Portage County U.S.A. on October 7th 1875 and came to Canada in July 1912. For the past four years he has lived in Vermilion.

Left to mourn his loss are his loving wife, five sons and two daughters. There are ten grandchildren and one great grandchild. Four sisters and one brother live in the United States.

The funeral services were held in the Salvation Army hall on December 19th. Captain Carey officiated and was assisted by Lieut. McKerracher. The hymns chosen were favorite ones of the deceased. A duet, "Will There be any Stars in my Crown" was sung by the Captain and Lieutenant.

The pallbearers were the five sons, Earl, Jay, Barney, Lorne and Roy, and son-in-law Art Tuey.

Beautiful floral tributes were received from: The Family; Mr. and Mrs. George Capatos and Mr. and Mrs. Cavil, The Nelsons, McKenzies and Willeis; Staff of George Capatos; Mr and Mrs. Elliott; Bert Keyes of McLaughlin. Mr. and Mrs. Bellingham and family.

Interment took place in the Vermilion cemetery. Meyer Bros. were in charge.

CARD OF THANKS

We wish to thank the many friends who sent cards and messages of sympathy in our bereavement, also for the beautiful floral tributes. Special thanks to Dr. King, George Capatos and staff, and the ladies of the Vermilion Legion. We wish to extend special thanks to the following for their faithful visits and many acts of kindness to our loved one during his many years of illness, the Officers of the Salvation Army, Mrs. Bellingham, Mrs Adamson, Mrs. Nolin and Ma [illegible]

Mrs E. Dow and family.

ROBERT HENRY BELL

Funeral services for the late Mr. Robert Henry Bell, beloved husband of Hilda Louise Bell of Islay, who passed away at the Islay hospital Friday December 27th, were held Sunday afternoon at Islay. Services were in charge of the Canadian Legion of which Mr. Bell was a member, with the Ven. Archdeacon Leversedge and Rev. R. S. Beikie, officiating. Interment took place in the soldier's plot at Vermilion cemetery.

The pallbearers were Messrs. C. C. Mitchell, G. Purser, J. Bristow, W. Waterfield, A. E. Pinchbeck, S. C. Hockbert.

Many beautiful floral tributes were received from: His Loving Wife, Janey, Sandra, Colin, Jen and family, Frank and Bee; Mother and Dad; Brothers and Sisters, Nephews and Nieces, Vermilion Branch Canadian Legion, B. A. Oil, Vermilion; The Curling men, Kitscoty; Mr O. Bruce, Alberta Pacific Grain Co.; Islay Curling club; Sunday School; Women's Auxiliary; Mr. and Mrs. Bert Hutchinson, Vic and Dolly; Eddie and Denise Riedale; Mr. and Mrs. [illegible] Simmons; Mr and Mrs Garfield Simmons, Harry Maunder; Jean and Charlie Robertson, Catherine and [illegible], Mrs. Evelyn Paterson, Indian Head, Sask.; Waterfield Families, Mr and Mrs. J Fyfe; Mr and Mrs. Alf Jack, Mrs. Dave Jack; Mr and Mrs J Bristow, Beryl and Frank, Mr. and Mrs McNeely and family. Manson Bros. Dr and Mrs Sweet; Mr and Mrs L. Buchanan and family, Tom, Winnie, Pat and Owen Torrance; Mr. and Mrs L. Carey; Young Family Islay, Lorne, Nellie and Patsy Wilson. Cam Clare Mitchell and girls, Harold Agnes and girls, Marwayne Citizens; Mr and Mrs Jim Allen, Harry and Annie Young; Mr and Mrs John Young, Mr and Mrs Alf Hollingsen.

He leaves to mourn his loss besides his loving wife, two daughters, Janet and Sandra, two sisters, Mrs. Frank Hall, Sintaluta, Sask., and Mrs Colin Farrell, Marwayne.

CARD OF THANKS

We wish to express our sincere thanks to the many friends and neighbors for their helpful acts, expressions of sympathy, and beautiful floral tributes received in our bereavement. Special thanks to Dr Sweet, Dr Hasinoff and matron and staff at the Islay hospital.

Mrs. Robert Bell and daughters Janet and Sandra.
Mr and Mrs. Colin Farrell
Mr and Mrs. Frank Hall

WEDDING BELLS

ROSS—HUTCHINSON

NEW WESTMINSTER, B.C. — A double ring ceremony was quietly solemnized at Queen's United church manse before a fire place decked with ferns on December 7th at 4 o'clock in the afternoon, when Miss Lois Augusta Hutchinson, daughter of Mr. and Mrs. Randolph Hutchinson of Vermilion, Alberta, was united in marriage to Mr. Victor Laurel Ross, son of Mr. and Mrs. Ross of Portman Road, New Westminster, B.C.

For her wedding the bride wore a dark brown gabardine dressmaker suit with lime green accessories. Her hat was brown felt model with a lime green ostrich plume. A corsage of gardenias and fern completed her ensemble. Her only jewelry was jade earrings and necklace, a gift of the groom.

Miss Edna Hutchinson, as bridesmaid wore a gray gabardine dressmaker suit with brown accessories. Her corsage was carnations and fern.

Mr. Walter Seig of Salem, Oregon, attended the groom.

Following the ceremony a reception was held in the Russell hotel. Later the newlyweds left for a honeymoon at Seattle and Victoria.

The young couple will make their home in Vancouver.

Edmonton Canadians Defeat Tigers 5 - 3

A SPARKLING ENCOUNTER

Edmonton Canadians of the city's junior hockey league invaded Vermilion last Saturday night and defeated the Tigers 5-3 in a sparkling encounter. The visitors are a very fast bunch of skaters, full of energy [illegible] flash a neat brand of combination of the kind that really gets places, but they had to travel hard all the way to down the Tigers who gave by far their best performance of the season.

The crowd, kept down to 202 paid customers by the frigid weather, had plenty to enthuse over, seeing a real hockey game.

Ray Spencer who lined up with the Tigers spearheaded the attack and figured in all three goals, scoring 2 and assisting in the third. Bob Watt scored the other and two assists went to Lee Williams and 1 to Watt.

For the Canadians the scoring was Bradshaw from Pearce; Ringrose from Matthews; Meunier from Matthews; Meunier; Slater from Ringrose and Matthews.

Lineups

CANADIANS — Milner, Palmer, M. [illegible] Meunier, Fleming, Bradshaw, [illegible] W. Lopal, Ringrose, Slater, Matthews.

TIGERS—Martin, Wiebe, Manyluk, Macnab, Williams, Spencer, Watt, Waldenberg, Donald, Brimacombe, Coroen, Caskey.

Fred Brimacombe refereed and handed out six penalties for minor offences. Russell Carroll was linesman.

DOUGLAS E. MAXWELL — PROPRIETOR

Warning!

WATCH YOUR CHIMNEY!

During winter weather, ice forms on the tops of chimneys. This creates a hazard if the crust of ice is heavy enough to check free ventilation.

Users of both coal and gas would do well to look at the chimneys in their homes and make sure there is no interference with the draft. Anything that prevents the fumes of burnt coal or gas being carried off freely may cause serious trouble. If fumes are prevented from escaping into the air they are apt to seep out into the house and affect the people.

Ordinary care in tending winter fires is all that is usually needed to avoid accidents.

•

If any houses are troubled with moisture inside, please notify your Gas Company.

Jean Maggs Married At Victoria

On Friday evening Nov. 29th at Metropolitan United church, Victoria, B.C., in a setting of white chrysanthemums in tall standard baskets, Jean Anne, second daughter of Mr. and Mrs. George J. Maggs, Vermilion, Alberta, exchanged nuptial vows with John Alan Day, son of Mr. and Mrs. J. Day, 1941 Ash street, in the presence of Rev. [illegible] A. E. Whitehouse who performed the ceremony. Mr. E. Holloway played the wedding music and while the register was being signed Mrs. Dorothy Pugh sang "Through the Years".

The bride, charming in a gown of brocaded satin with double net overskirt, fashioned with sweetheart neck and short sleeves, was given away by Mr. J. K. Keating. Her veil fell from a Mary Stuart headdress trimmed with orange blossoms, her filmy net veil appliqued with small satin bows. She wore long net mitts, a heart-shaped pendant of seed pearls with matching earrings, the gift of the groom, and carried a bouquet of red and white carnations centred with gardenias and rosebuds, to complement her ensemble.

Her attendants were Mrs. Ethel Keating as matron of honor in a gold crepe gown with mauve hat and accessories, who carried an arm bouquet of mauve chrysanthemums; and Miss Gertrude Friese, gowned in turquoise taffeta with headdress and net gloves to match, and carrying a bouquet of gold chrysanthemums with contrasting streamers. The flower girl was Miss Mavis Barter in a peach moire taffeta frock with bandeau of white flowers in her hair, and a colonial bouquet to complete her dainty costume. The best man was Mr. Donald Chadderton, and ushering were Mr. Don Shaw and Mr. Ernie Law.

The reception was held at McDonald hall, Fort street, where Mrs. Maggs, Mrs. Day and Mrs. Dalia Armstrong, of Detroit, grandmother of the bride, received with the young couple, beneath a decorated archway. Mr. Eugene Phillion proposed the toast to the bride.

The lace-covered table, centred with the three-tiered cake, was decorated with white chrysanthemums and lighted white tapers.

Leaving for a honeymoon in Vancouver and Seattle, the bride wore a turquoise crepe dress with brown fur coat, brown accessories and corsage of roses and gardenias. They will make their home at 422 Gorge Road.

Attention of all members of the Ladies Auxiliary to Canadian Legion is directed to the fact that the next meeting will be held in the basement room of the town hall at 8.15 p.m. Monday evening Jan. 6th.

People don't enrich life when they just look for a rich living.

VERMILION ALBERTA

Bowtell Bulletin

Some of these items may be a little on the aged size folks due to the Xmas holiday vacation. First of all we extend best wishes to everyone for a bright, happy and prosperous New Year.

We wish to extend deepest sympathy to the family of the late Mr. Wm. Telford; also to Mrs. Riedale whose father died at Victoria; to the sorrowing widow and little children of the late Mr. Bob Bell of Islay.

The Simenchuk boys have caught 3 coyotes recently and Leslie Sherwood caught another.

Mr. Kay of Onion Lake spent a few days visiting his daughter and family, Mrs. F. Robinson. He was on his way to Edmonton to visit his son Ken who is in hospital in the city.

Mrs. L. Gow is the owner of a fine looking new washing machine and Mr. Gow has a new car.

A very good time was enjoyed at the amateur night held at the school. Santa was more than generous this year and had a tree well loaded with gifts. Mr. McGinnis was M.C. and Mrs. McGinnis is to be thanked for supplying the music for the carols. A talented singer in the person of Mr. H. Schoof was discovered in our midst.

Next Busy Bee meeting will be held January 9th at the home of Mrs. McGinnis.

Visitors to their homes in this district for Xmas from distant points were Miss O. Gow, Calgary; Miss Molly Fenton, Streamstown; Miss M. Morrison, Edmonton.

Mrs. M. Robinson spent a few days with her son and family, then she journeyed on to Edmonton for a short visit with her daughter and family Mrs. B. Sanders. She then returned to her home at Onion Lake.

Daddy and Syme Woodruff were guests for Xmas dinner at the Rochfort home.

Isabell Sherwood spent three days of last week visiting her uncle and aunt Mr. and Mrs. A. Coutts of town.

Due to the 45 below weather some $15 was taken in at the dance held at the school Friday night.

Mr. and Mrs. Schoof and children spent a few days recently visiting Mr. Repp and Bob.

Logan Gow is an Edmonton visitor this week.

Quite a number have been ill lately among these were Neal Harrison with bronchitis and Mrs. Fenton with flu.

Harry Simenchuk is running a brush-cutter on the Dupuitt farm for Hardy Ford.

Mr and Mrs B. Riedale were Xmas day visitors with Mr. and Mrs E. Riedale of Islay.

What about that Label date?

Vermilion River M.D. Holds Regular Meeting

The following is a summary of the minutes of the regular monthly meeting of the council of the municipal district of Vermilion River No. 71, held in the municipal office, Legion hall, Vermilion, on Thursday Dec. 12, to Saturday Dec. 14.

Present: Reeve J. A. Currie in the chair, Crs. G. E. Clay, R. Tessman, J. Leighton, O. H. Quist, T. W. Lambie and T. Belsheim.

Minutes of previous meeting were accepted as read.

REQUISITIONS

Moved by Cr. Leighton that the following requisitions be paid: Vermilion S.D. $47,891.45; Two Hills School Div. $2285.06; Lloydminster school $324.00; St. Paul School Div. $2219.42; Lloydminster hospital $8500; Elk Point hospital $1108.56; Vermilion hospital $1611; Islay hospital $[illegible]. Carried.

Moved by Cr. Lambie that accounts approved by Finance committee be passed for payment. Cd.

Annual Meeting Sat. Feb. 15th

Moved by Cr. Lambie that ratepayers meeting be held on 3rd Saturday in February at 1 o'clock in the afternoon in the Elks hall, Vermilion.

Moved by Cr. Clay that Elks hall, Vermilion be deleted and Kitscoty hall Kitscoty be inserted. Amendment carried.

Letter of Appreciation to Legion

Moved by Cr. Clay that letter of appreciation be tendered Vermilion Post Canadian Legion for their cooperation in providing office space for the Municipal District. Cd.

A large number of by-laws approving sale of land were given three readings and carried.

Moved by Cr. Leighton that an advance of 90% on accounts as presented, be made for gravel hauling and loading on Dorrandale road and Islay hamlet projects, pending verification of accounts by checker in office. Cd.

Moved by Cr. Leighton that no supervision accounts be allowed on these projects. Cd.

Moved by Cr. Clay that 4000 feet of 12 inch, 1000 feet of 15 inch, 500 feet of 24 inch, 200 feet of 30 inch culverts be ordered from Armco Drainage and Metal Products. Cd.

Moved by Cr. Lambie that an order be given to Industrial Road Equipment Co. for one 512 motor grader superseding former order for 412 motor grader.

Moved by Cr. Currie that meeting adjourn until 7 p.m. Council reconvened at 7 p.m.

Moved by Cr. Currie that Cr. Quist, Cr. Belsheim, Cr. Leighton, be appointed a committee to negotiate with Vermilion School Division for heated storage for motor grader and also to dispose of surplus municipal supplies. Carried.

Moved by Cr. Tessman that S.E. 25-50-6-4th be sold to Wm. Strachan Vermilion, for $900 cash. Cd.

Moved by Cr. Tessman that N.E. 12-50-6-4th be leased to Jas. Powell in 1947 for $3[illegible]. Cd.

Council adjourned for 15 minutes, to reconvene at 7:30 p.m.

LEASE LEGION HALL

Moved that the M.D. lease Legion hall, Vermilion for use as office from Dec. 1, 1946, to Dec. 1, 1947. Terms as according to provisions of lease as presented to Council.

Moved by Cr. Quist that previous motion selling N.W. 14-50-6-4 to Wm. McGinnis be rescinded, and the following substituted therefor: "That the N.W. 14-50-6-4th be sold to Wm. McGinnis for the sum of $250 reserving unto the M.D. 66 feet along the north line of the said quarter section being 4 acres more or less, to be registered as an easement. In consideration of reduced price said Wm. McGinnis to assume responsibility for extra fencing involved." Cd.

Council adjourned to re-convene on Friday morning at 9 o'clock.

Moved that Municipal office Marwayne be made available for use of visiting doctors until further notice. Carried.

Moved by Cr. Currie that Council accept responsibility for payment of any inoculations done by Dr. Hemstock for residents of the M.D. Cd.

Moved by Cr. Currie that permission be given Commoil Oil to lay a temporary gas line on road allowance between Sec. 10 and 11 Twp. 50, Rge. 1, W4th in accordance with conditions specified by their solicitor, Mr. V.U. Miner. Cd.

Council adjourned to reconvene at 1:30.

Moved by Cr. Leighton that authorization be given the Reeve, Deputy Reeve and Sec.-Treas. to transact banking business with the Bank of Commerce at Vermilion. Cd.

Moved by Cr. Tessman that S.E. 10-49-6-4th be sold to B.E. Lyons for $1200 cash. Cd.

Moved by Cr. Leighton that council adjourn until 7:15.

Moved by Cr. Quist that application be made to Dept. of Public Works to gravel road between hamlet of Islay and highway No. 16. Cd.

Machinery care: Moved by Cr. Quist that the following committees be appointed — Cr. Leighton, Warco motor grader; Cr. Currie Caterpillar No. 12; Cr. Lambie and T. Wilson Adams motor grader. Cd.

Moved by Cr. Currie that Cr. Quist and G. E. Clay be appointed a committee re repair of construction equipment. Cd.

Moved by Cr. Leighton that we now adjourn to meet at 8:30 a.m. Saturday Dec. 14. Cd.

Council re-convened at [illegible] Saturday morning.

Moved by Cr. Currie that Cr. Lambie be authorized to secure material for repairing washout on Elk Point hill. Cd.

Moved by Cr. Leighton that Council accept 2 lots offered by town of Vermilion for storage purposes. Cd.

Moved by Cr. Tessman that Council adjourn until second Thursday in January, 1947. Cd.

Annual Re-union of 49th Batt. and Loyal Edmonton Regiment

All men who served with the 49th Battalion, C.E.F., in World War 1, or with The Loyal Edmonton Regiment in World War 2, are invited to attend the annual re-union banquet of the 49th Battalion Association, to be held in the Macdonald hotel in Edmonton Saturday Jan. 4, Brigadier J. C. Jefferson, CBE, DSO, ED, president of the Association, has announced.

This is the 32nd anniversary celebration and banquet. It will start off with a get together in the mezzanine floor dining room at 6:30 p.m., the "fall in" will be sounded at 7:15 p.m. and dinner will be served in the main dining room at 7:30 p.m.

New members are asked to wear their berets, but medals will not be worn. Tickets will be on sale at Mike's newsstand in Edmonton at the usual price of $1.50 each. Out of town veterans planning to attend should make their arrangements as soon as possible as hotels in the city are exceptionally busy at this time of year.

Asks Damages for Injuries to Child

Alleging carelessness on the part of the school division in not providing adequate supervision Robert Roy, of Minburn, district resident, is seeking $2,250 special and general damages against the Vegreville School Division No. 19, for injuries received by his daughter, Lana Roy, during a school recess.

The statement of claim filed Friday by the law firm of Duncan, Craw and Johnson alleges that the school authorities failed to provide adequate supervision of the playground at recess period and that his daughter suffered a fractured thigh when struck by a swing. The accident occurred last September. —Ed. Journal

WORLD HAPPENINGS BRIEFLY TOLD

The steamship Royal Ulsterman is back on the Glasgow-Belfast route after six years' war service.

Because of staff shortages students at a new teachers' training college had to perform kitchen duties.

Trans-Pacific Air Service between Australia and Vancouver may soon go on a weekly basis radio Australia [illegible]

The museum of the Public Record Office where the Domesday Book is kept, has been reopened after the wartime shutdown.

Food imports to Germany from the United States during the last quarter fell about 30 per cent short of requirements for the United States occupation zone.

The bureau of labor statistics said the food bill of the average moderate-income city family with United States rose almost 15 per cent from mid-October to mid-November.

Moscow radio said that Yugoslavia had demanded a [illegible] purge of Nazi elements within the present government of Austria prior to conclusion of any peace treaty with that country.

World's oyster opening title is claimed by Ernie Simpson, who is well known to patrons of London's sea food restaurants. He has opened 6,000,000 oysters and his average time is six a minute.

Newest Small Plane

Carries Four Passengers And Can Travel 150 Miles An Hour

A United Kingdom aircraft company has just produced a remarkable new aircraft. Known as the Gemini, it is a twin-motored machine designed for private owners and as an air taxi or ambulance, reports the Empire Digest. It has ample room for four people and their luggage. The speed is one hundred and fifty miles per hour. The manufacturers claim that the Gemini is a good jump ahead of contemporary light air craft, and London press correspondents who were present at a recent demonstration of the plane seem to agree with them. Ease of handling and [illegible] able freedom from noise and vibration are two qualities about which they are very enthusiastic. The outstanding feature of this twin-engined machine is, however, its wonderful one-engine performance. In the demonstration the pilot flying one engine is able to make steep turns and climbs with the machine under perfect control. It is this feature in particular which is expected to make Gemini one of the most popular machines for the private flier, above all in the more difficult flying areas, i.e. mountainous or jungle regions.

ON INSTALMENT PLAN

PRINCE RUPERT, B.C.—Twenty-four juveniles, including two girls, have 11 months to make good payment of $800 for property damage here last Hallowe'en. The juveniles, chiefly high school students, were convicted in juvenile court and Judge W. D. Vance ordered them to pay the damage, each to contribute a share, and he put them on suspended sentence for 11 months. It was the worst Hallowe'en damage in the history of the city.

Quinine was used in primitive family medicine chests for hundreds of years before being accepted in orten-[illegible]

V-2 Lights Desert

Scientist who helped develop the proximity fuse, Dr. L. J. Paddison holds an army rifle-grenade with which man-made meteorites were shot from the German V-2 rocket sent skyward at White Sands, N.M., proving grounds.

When the German V-2 rocket streaked skywards in a night test at White Sands, N.M., flames from its jet engines lighted the desert for three miles and residents 150 miles away reported seeing a red glow in the sky. None of them saw with the naked eye "shooting stars" from explosives the rocket carried. These artificial meteorites were formed when a test of the explosives was made.

Natural Conditions

Air Found Best For Testing Out New Types Of Planes

A supply ministry spokesman said that Britain's newest aircraft, jet-propelled and otherwise, likely will be tested in Canada and other parts of the British commonwealth and empire before final designs are fixed.

Cold weather and other tests will be made in Canada where modern British machines including the jet meteor have already been flown in the north under conditions of severe cold. Such tests have been made with the co-operation of Canadian authorities.

"We try to do as much as possible in wind tunnels but it has been found that tests under natural conditions in varying climates are helpful," the spokesman said.

Several revolutionary aircraft designs are being developed by Britain and it is anticipated that Canada probably will see them in action as soon as [illegible]

Australia has more species of ants than any other continent.

Health League of Canada presents Topics of Vital Interest

YOUR FEET NEED CARE AND EXERCISE

Take care of your feet because they are your means of getting around.

As a first-aid to tired feet, a foot-bath should be a must in before-bed routines. Warm water, plenty of soap lather worked up with a hand brush, followed by a cold plunge or spray will remove the day's accumulation of dirt, perspiration and dead skin that [illegible] on the feet.

Toenails should be brushed briskly and an orangewood stick should be used on them. A wet pumice stone rubbed over the softened corns and callouses will insure comfort. A piece of moleskin or a felt ring properly placed retards the regrowth of these annoying excrescences. Use of razor blades on the feet is always dangerous.

The following exercises, if performed exactly as outlined can be of great benefit in strengthening weakened muscles and in rejuvenating feet suffering from fatigue. Choose one or two which you can do comfortably and do them every morning first thing out of bed. Three minutes at most is all the time you need. At the start do each exercise five times. As your feet become more proficient increase the number of movements until you can comfortably do each exercise twenty-five times.

To Strengthen Foot and Leg Muscles

Place two chairs close together. Sit in one with your legs extended over the other so that the heels are free and the feet are about twelve inches apart. The following motions are performed with the feet only, the legs being held perfectly still:

1. Bring the feet up. 2.—Curl the toes down. 3. Push the feet down. 4. Turn feet inward attempting to touch soles together. 5.—Pull feet well back holding for a few seconds, and then start all over again with No. 1.

To Strengthen the Muscles Supporting The Arch—

Take the same position as in the previous exercise. Turn feet inward, making the soles touch. Hold for a count of five, then relax.

To Restore the Metatarsal Arch—

Stand on a large book with toes extended over the edge. Pull the toes down attempting to touch the side of the book with the underside of the toes. Hold for a count of three. Relax. The picking up of small objects with the toes is another useful exercise.

For Fatigue and Pain in Calf and Knee Due to Muscular Tension—

Stand shoeless with feet parallel and body erect, facing a wall. Place hands on wall at shoulder height and allow the entire body to approach the wall slowly, making certain the heels remain on the ground. Hold for a count of five. If properly done, tension will be felt at the calves. Increasing the distance between yourself and the wall increases the severity of this exercise.

To Feel Right — Eat Right!

PANDA FOR PAMELA—When the military hospital at Peterboro, Ont., burned, ex-Artillery Sergt. Jim Jourdin lost $800 worth of belongings, among them a Panda Bear for his two-year-old Pamela. A store-to-store search left Jim still without a Panda, and the prospect for Pamela's merry Christmas looked blank indeed. But Pamela's faith in Santa Claus was saved when a Niagara Falls, Ont., man unexpectedly provided a twin substitute.

New Passports

Separate Documents Are Now Required By Husband And Wife

Major changes in the issuing of Canadian passports came into effect January 1, as follows:

1. The cost will be raised from $2 for a new one and $1 for a five-year renewal to $5 and $2.50.

2. They will indicate that the bearer is a Canadian citizen, rather than a British subject.

3. Separate passports will be obligatory for husband and wife, who formerly travelled on a joint document.

The citizenship regulation is in line with the Canadian Citizenship Act, which comes into force January 1.

The new arrangement for husband and wife is aimed at facilitating their travel in other countries. Previously, when a Canadian couple landed in a foreign country and wished to travel from there to different countries, this could be done only by one of them. The one without the passport would be [illegible]

Raising of the passport price follows the postwar broadening of the spheres in which Canadians may travel. During the war, about all an ordinary citizen could do with a passport was to get into the United States, and accordingly lower rates were posted.

New Knights

Viscount Alexander Among Those Honored By King George

LONDON.—The King invested six new knights with the Order of the Garter. They received their decorations kneeling, in the presence of the Queen and Queen Mary, at Buckingham Palace.

Those installed, in the first such ceremony of the Order ever to take place outside St. George's Chapel at Windsor, were Lords Addison, Cranborne, Mountbatten, Alanbrooke, Portal and Montgomery.

A seventh new knight, Viscount Alexander, Governor General of Canada, was unable to be present.

Have you ever tried dropping ice cubes into hanging plants instead of watering in the usual manner? It will save time and mess.

QUITE A PROFIT

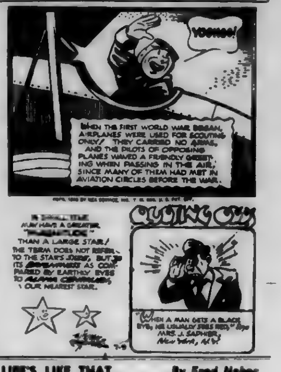
In a consignment of apples a fruit grower of Westmeath, Eire, recently sent to Dublin was one which had been split and a note giving his address inserted, the London Sunday [illegible] relates. The note read: "I got this apple for a penny. How much did you pay for it?" The grower received a reply from a Dublin woman saying a trader had the nerve to charge her 9d for it.

REASON FOR YELP

St. Thomas Times-Journal is somewhat annoyed because the W.P.T.B. won't let the bakers resume their slicing of bread. We heartily join the St. Thomas chum in this yelp, says the Ottawa Citizen, it being our job to put the family breadknife in trim when it's used for sharpening pencils, prying the lids off cans and chopping the ice off the steps of the back stoop.

THIS CURIOUS WORLD

By WILLIAM FERGUSON



YOOHOO!
WHEN THE FIRST WORLD WAR BEGAN, AIRPLANES WERE USED FOR SCOUTING ONLY! THEY CARRIED NO ARMS, AND THE PILOTS OF OPPOSING PLANES WAVED A FRIENDLY GREETING WHEN PASSING IN THE AIR, SINCE MANY OF THEM HAD MET IN AVIATION CIRCLES BEFORE THE WAR.
A SMALL STAR MAY HAVE A GREATER "MAGNITUDE" THAN A LARGE STAR! THE TERM DOES NOT REFER TO THE STAR'S SIZE, BUT TO ITS BRIGHTNESS AS COMPARED BY EARTHLY EYES TO ALPHA CENTAURI, OUR NEAREST STAR.

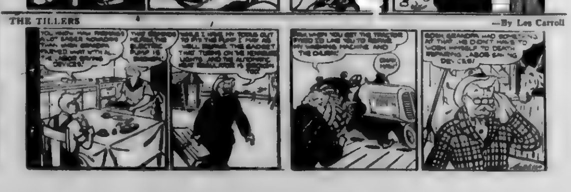
THE TILLERS

—By Les Carroll



A NEW ROLE FOR PUMPKIN

The pumpkin is at its height and from many a warm kitchen is wafting an aroma of spicy pumpkin that's on its way to becoming a pie, a pudding, or—and here's something new—a deliciously exciting cup cake. [illegible] surprise. They're so [illegible] welcome any time! [illegible] your favorite icing or no, whichever way you like them best. Or top them with sugar-free Honey Meringue!

Spicy Pumpkin Cakes

[illegible] cup shortening
1 cup sugar
2 eggs
[illegible] milk
1 cup cooked pumpkin
[illegible] cup all bran
1½ cups sifted flour
4 teaspoons baking powder
1 teaspoon salt
1 teaspoon cinnamon
[illegible] teaspoon nutmeg
[illegible] teaspoon cloves

Beat shortening until creamy; add sugar gradually and blend well. Add eggs and beat thoroughly. Combine milk, pumpkin and bran. Stir into first mixture alternately with sifted dry ingredients, beating after each addition. Spoon batter into greased cup cake pans, filling about two-thirds full. Bake in moderate oven (350 deg. F.) about 25 minutes. Cool and spread tops with Honey Meringue Topping. Yield: 20 cup cakes [illegible]

Honey Meringue Topping

[illegible] cup honey ⅛ teaspoon salt 1 egg white beaten

Heat honey over hot water. Pour over egg white, add salt. Beat until thick enough to spread.

—OUR COMPLETE SHORT STORY—

MABEL WASN'T TALKING

By HOWARD BECKLER

Copyright Wheeler Newspaper Syndicate

WHOEVER made that crack about the orneriness of women, knew what he was talking about. This sage remarked that there is only one thing on earth easier for a man to do than eat a T-bone steak smothered with onions, and that is start a ruckus with the wife.

Now take the case of Mabel and me. That's the wife, Mabel. She isn't talking to me at present. And for what? That's what gets a guy down. For what?

At the time this happened, I was out of work, but Mabel was dragging home her forty a week and we were ticking along all right. I was getting to be quite a meal hustler. No sir, my cooking wasn't bad. At least, we never had to call for the stomach pump.

Then one morning the ice man gives me a silly grin and simpers, "Have you finished your Spring cleaning as yet, Mr. Nelson," and he laughed like he felt something was very funny. He was referring to me Joe Nelson, and for some reason his little quip spoiled my whole day, couldn't put my heart into my cooking, so I decided to drive downtown and pick up Mabel at work. I figured we could have a barbecue somewhere along the line.

Mabel was late coming down from the office, and when she arrived there was a tall, handsome goober walking with her. They stopped close to the car, but Mabel didn't see me. Mabel said, "It's been a wonderful day in my life, doctor. I'll never forget it." After that she shakes hands with the guy.

He says, "Indeed you shouldn't, Mrs. Nelson." And it seems like he is never going to leave go of her hand. I am getting ready to climb out and slap him down, when he finally drops it.

This doctor leaves. I toot the horn at Mabel and she comes over to the car, all smiles. Not me. I am feeling ugly. If I do say so, Mabel is a nifty number, and I am jealous as the next one. But I don't mention this doctor, and neither does she. That's what gets in my craw. Mabel was never one to hold anything back on me.

We had a barbecue. It was lousy, or maybe it was just the way I was feeling.

Mabel said, "What's the matter, hon?" She hands me that golden smile of hers, but it doesn't register.

The next night, I have a swell feed all fixed up. I am feeling like a heel. I think I'll square myself with Mabel for acting like a moron. The phone rings at six o'clock. "Gosh, I'm sorry, hon." It is Mabel. "I've got to work a little overtime. I'll be home about ten."

That was that. I sat down alone to eat. Mabel got home right at ten. She seemed happy about something, but I was ugly again. We didn't do much talking. Things were getting me down.

I went over to the club for a game of handball one morning, and Bill Sparrow says, "I see your wife at Bolono's having supper Tuesday night with some gent. Looked old enough to be her grandpappy."

I gulped and said, "Yeah, it was."

Tuesday was the night Mabel had to work until ten. I figure maybe I can't blame Mabel much. Architects are a dime a dozen. That's my racket, and my future is about as bright as a London fog. But it hurts just the same. Especially when you feel the way I do about Mabel.

It's funny how a guy will hang on like a puppy dog, when he sees the chips stacking up against him. I called for Mabel every night after that, but I never caught her with the doctor again. She didn't have any more dinners with the old gent either. And Mabel is feeling like a million all the time. She's kidding me and laughing and joking all the time. If she'd been a little sad about things, I probably would have felt better. It was getting me down lower and lower.

"How about a game of cards with Jane and Eddie Drew?" Mabel asks me one night.

"No thanks," I tell Mabel. This Jane Drew is a big gossip monger and I don't care for her. "I'm going out tonight."

"Where?" Mabel wants to know. I didn't answer her. I walked out and slammed the door after me like a ten-year-old. I went down and bowled a couple games. Some blonde sat side of me in the club bar lounge, and asked me if I was lonesome. First I told her to scram, and when she didn't I bought her a couple of drinks. I was lonesome. Lonesome for Mabel.

Mabel was still up when I got home. She didn't act sore.

"It's getting you down, Joey," she said. "Being out of work is getting you down. But that's all over now. I've got a surprise for you, Joey. In fact, I've got two surprises for you."

"Ugh!" I grunted. I was not listening very hard.

"The other night, when I said I had to work, I was out to dinner with old Mr. Prescott. He's an old friend of my dad's, Joey. He's the biggest architect in town. And he called up while you were out tonight, and said I should send you down to see him Monday. He's got a job for you."

I guess my face changed colors, and my tongue wouldn't work. I couldn't say anything. Mabel kept right on talking.

"And it's a good thing you're getting a job, because I have to quit mine pretty soon."

"Quit?" I manage to say.

"Yes. You see I went to the doctor the other day and . . . well, there's going to be three in the Nelson family, Joey, that's all."

"Aw, gee, Mabel," you can imagine how I felt. The whole world was right again. Things were cleared up like magic. I was a rotten pup for thinking what I'd been thinking, but of course I could never say anything to Mabel. It wouldn't be right. She'd think I didn't trust her anymore.

Everything was wonderful. The telephone rang. Mabel answered it. She was gone quite a while.

"That was Jane Drew," Mabel said. She sounded like the end of the world was here. "No wonder you didn't want to play cards with Eddie and Jane tonight. They saw you sitting at Tony's bar with some blonde hussy!" Mabel started to bawl after that, and I am sitting there speechless again.

Mabel isn't talking to me at present. And for what? That's what gets a guy down. For what?

GIRLS ENTERING WOMANHOOD...

Poland Has Plans

Hopes To Increase Food Production And Raise Living Standards

Poland has adopted a three-year plan to raise industrial output in 1949. The nation's chief efforts will be directed toward increasing the production of food, clothing and footwear, to raise the level of nutrition and general standards of living among the majority of the people. The regained territories have provided considerable industrial resources which the government is now quickly developing. Poland's three-year plan shows the resilience of spirit of the Polish people. Over 1,000 textile plants have been restored, as well as 25 of the 53 wood pulp mills destroyed by the Germans. Coal output has already been increased and the production of electrical power will soon reach pre-war standards.—Toronto Star.

CANADA PROVIDES $2,177,245 OF BUDGET

Total of $67,180,000 Approved By U.N. General Assembly

NEW YORK.—The United Nations General Assembly approved budgets for 1946 and 1947 totalling $67,180,000 of which Canada will provide $2,177,245.

The budget is divided as follows:

Administrative budget for 1946, $19,390,000, Canada's share 3.35 per cent.

Administrative budget for 1947, $27,740,000, Canada's share 3.20 per cent.

Working capital, $20,000,000, Canada's share 3.20 per cent.

Canada has already contributed $1,000,500 of her share in these budgets.

The United States will carry the heaviest load with an assessment of 39.89 per cent of the total.

Assessments on other nations ranged from 11.48 per cent, for the United Kingdom, 6.34 for Russia down to .04 per cent, for a number of small nations including Iceland, Costa Rica, Haiti, Paraguay and Nicaragua.

A separate budget for the International Refugee Organization set up by the UN, will cost $151,060,500 for operations and $4,800,000 for administration.

Canada's share of these two items will be $5,287,717 and $153,600, respectively.

FIRST WOMAN MAYOR—First woman mayor of Prince Rupert, B.C., Nora E. Arnold, shown here, won the election with a four-vote majority over Mayor H. D. Daggett. An alderman in the 1946 council, she is a [illegible] teacher now in the real estate business.

Advancing With Times

British Scientists Are Turning Their Attention To Latest Research

The Empire Digest reports that in Britain today scientific research is being harnessed to the needs of industry, and scientists who during the war produced such ideas as jet-propulsion, penicillin, radar, rocketry, the radio-proximity shell fuse and a considerable part of atomic fission data, will now turn their attention to research that will keep Britain abreast of the latest advantages in commercial technology. Among the scientific wonders now out of the blue-print state and in active development by United Kingdom technicians and scientists are jet-driven locomotives, a trans-Atlantic air plane that will cruise 500 miles an hour and weigh more than [illegible] pounds, new radar [illegible] that will make roads, railways and ports [illegible] accident free, new adaptations of penicillin and DDT that will make people healthier and crops more fruitful; and a liner of the "Queen Mary" type driven by atomic power.

The Easy Way

Long Rest Not Necessary If People Would Relax Frequently

The Royal Bank of Canada Bulletin says: It is amazing what can be done by just relaxing. It may not be necessary to take a long vacation if a man now [illegible] pace at periods during the day, loosen his necktie and shoelaces, put his feet up on the desk or on a chair and let the world roll by for two or three minutes without worrying about it. It has been found that a good proportion of persons who suffered heart attacks of the [illegible] severe nature [illegible] adopted [illegible] measures of [illegible] and [illegible] enjoying [illegible]

KNIFE-FORK COMBINATION FOR ONE-ARMED—[illegible] armed is the purpose [illegible] Callow, himself a veteran of World War I [illegible] Hill Military Hospital since 1917 [illegible] alyzed, listened to the complaints of fellow patients who had [illegible] tated. To help him, Callow devised the tool. It is a combined knife and fork, scimitar-shaped, with the cutting edge on the outside and [illegible] ment by rolling the knife back and forth. The device has been [illegible] found satisfactory by several one-armed veterans at the hospital.

World's Masterpiece, "Last Supper", Doomed

Exposure To Wind And Rain During War Causing Corrosion

MILAN, Italy.—A jumble of faded colored blots is all that remains today of one of the world's great masterpieces, Leonardo da Vinci's "Last Supper".

Exposure to wind and rain after Allied bombs partially destroyed the refectory of Milan's church of Santa Maria delle Grazie where Leonardo created his greatest work of art has irreparably added to the damage caused by chemical agents through the centuries.

Leonardo's greatest mistake was to paint his fresco on an extraordinarily damp wall with self-invented untested pigments. The blotched remnants proved they were a failure.

[illegible] already [illegible] spreading swiftly over the painting at the time of the great plague in 1626 when the entire interior of Santa Maria delle Grazie was covered with a thick layer of white plaster. The "decorators", however, luckily spared the supper but [illegible] of the fresco and the church got steadily worse until 1937. In that year the Italian Government agreed to restore Santa Maria delle Grazie with the financial aid of designer Sen. Ettore Conti.

What little [illegible] of the fresco was a mere [illegible] duty as experts already were firmly [illegible]

Town Mourns Passing of Mrs. J. W. G. Morrison

Margaret MacKenzie Morrison, beloved wife of Mr. J. W. G. Morrison, Mayor of Vermilion, passed peacefully away in her sleep Monday morning January 6th, at the family home.

The deceased came to Vermilion as a bride in August 1920 having been married at Dartmouth Nova Scotia on the 21st day of July, 1920. She was the daughter of the late William and Mrs. MacKenzie and was born at Moncton, New Brunswick, on May 19th, 1874.

Three years ago from overwork in connection with war efforts, she suffered a serious nervous breakdown from which she never fully recovered. Sunday evening accompanied by Mr. Morrison she attended services at St. Saviour's and appeared in good spirits. When her husband got up in the morning he found that Mrs. Morrison had peacefully passed away in her sleep.

Besides her husband Mrs. Morrison leaves to mourn her loss one brother George MacKenzie, one nephew and two nieces in Dartmouth, N.S.; one niece in Toronto and two nieces in Vancouver, one of whom Mrs. Maxine Wittingenstein arrived in Vermilion to attend the funeral.

The deceased was a graduate of the Truro Normal school and in science of the Nova Scotia Technical school. She taught school for several years in her home town of Dartmouth and was also an accomplished pianist and violinist. Mrs. Morrison was an active worker all her life in connection with the Presbyterian church and for the past few years with St. Saviour's Anglican church, and the Missionary Society of the United church. She was also a member of the local branch of the I.O.D.E.

The deceased had a wide circle of friends who will mourn her passing. She was always found doing something for the comfort or happiness of others.

The funeral was held Wednesday afternoon from the United church, the Rev. E. B. Reikie and the Ven. W. Leversedge D.D., officiating. Interment was at the Vermilion cemetery.

A complete obituary will appear next week.

Messages of sympathy were received by the bereaved husband from many parts of Canada.

Islay Couple Celebrate Golden Wedding

Mr. and Mrs. John W. Robinson, old time residents of Islay district, celebrated their golden wedding anniversary on December 26th, 1946. They were guests at a lovely chicken supper given in their honor by members of the family. The table was centred with a three-tiered wedding cake. There were 36 guests present. Owing to bad roads and cold weather their eldest daughter and family, also several old timers, were unable to attend.

John W. Robinson of Rawdon County of Hants in the province of Nova Scotia and Ellen Brennan of Ardoise, County of Hants, Nova Scotia, were united in marriage by the Rev. Avery A. Shaw of Windsor, N.S., on the 26th day of December 1896. They came to Alberta in the spring of 1910 where they have since resided.

They have two sons, Gordon of Islay and Alfred of Kehnee. One son Clarence died in 1931 at the age of 14 years. There are also four daughters, Mrs Margaret Tessman of Hindville, Mrs. Helen Barber of Earlie, Mrs. Minnie Watt and Mrs Ethel Skinner of Islay. There are 29 living grandchildren.

Mr. and Mrs. Robinson received many fine gifts and cards from friends. The family presented them with a lovely davenport.

Special Meeting of The Town Council

HIGH BIDS RECEIVED FOR DEBENTURES

A special meeting of the town council was held Friday, Dec. 20th with Mayor Morrison and Crs. Bushell, Brooke, Hanson, Kober, Stephens in attendance.

Mr K. S. Blair of Jas. Richardson and Sons was in attendance. Meeting was called to open tenders for $184,000 water and sewer debentures.

The following tenders were received:

Toole Peet and Co. Calgary firm bid $99.478 plus accrued interest.

Carlile and McCarthy Ltd. Calgary — firm bid $100.26 plus accrued interest.

Tanner and Co. Ltd. Calgary option at $99.564.

Jas. Richardson and Sons Edmonton — firm bid $100.125 plus accrued interest.

Bell Gouinlock and Co. Toronto firm bid $101.06 plus accrued interest.

The following motions carried:

Brooke — Kober: That Bell Gouinlock and Co. Ltd. tender at $101.06 for $184,000 debenture be accepted as per offer.

That action of public works chairman in ordering grader blades be confirmed.

That Lot 2 Blk. 14 be sold on conditional sale agreement terms to D. and J. Stewart, Mannville for $25.

That the secretary be authorized to pay all accounts presented by Dec. 21st, 1946.

Meeting adjourned.

ANNUAL MEETING OF CLANDONALD LEGION

Local Men Buy New Way Cleaning Plant

NOW OPEN FOR BUSINESS

Two well known local men, Vern Voss and Aldous Kent, have purchased the New Way cleaning plant and have already re-opened the business. The cleaning plant is a great convenience and the news of it being in operation again will be learned with satisfaction by the general public.

The plant will be under the personal management of the new owners, Mr. Voss and Mr. Kent, and they have secured a reliable and experienced staff. A pick-up service is being arranged and a repair department is also being carried on in connection with the business.

Attention is directed to the opening announcement in the advertising columns.

U. Y. P. S. Elect Officers for 1947

United Church Young Peoples held its first meeting for 1947 on Sunday evening Jan. 5 in the church parlors.

The meeting was brought to order by a prayer given by Rev. Reikie. The minutes of the last meeting were read and adopted. The election of officers for 1947 were as follows:

President—Elaine Swachuk
Vice-President—Kay Proctor
Sec.-Treas.—Evelyn Johansson
Program convener—Clayton Reeves
Social committee—Marion Johansson, Molly Maloney, Marion Rogers.

A discussion was held on the following subjects: Debates, Educational Programs, Dramatics and other recreational activities.

The meeting was ended by the Benediction. While lunch was being prepared everyone heartily took part in a sing-song.

The next meeting will be held on Sunday Jan. 19 in the United church parlors immediately following evening worship. The evening will be led in an educational as well as recreational direction by a quiz contest.

We extend an invitation to all the young people of 16 years of age and over of Vermilion as well as those from out of town.

TIGERS CRASH WIN COLUMN

DEFEAT VEGREVILLE 4 TO 2 HUSKIES HERE SATURDAY

Vermilion Tigers crashed into the win column of the Eastern Alberta Hockey league when they defeated the Rangers on their own ice 4 goals to 2 last Saturday evening before a near capacity crowd.

The victory puts the Tigers right back into the running for the league title and a bang-up game is in sight here Saturday night when they clash with the Huskies of Lloydminster.

Each team notched one goal in the first period, Bob Watt scoring from Lee Williams and Panech for the [illegible].

In the second Bob Watt added two more, the first on assists from Lee Williams and Doug Brimacombe and the second assisted by Brimacombe. The Dowhaniuks combined to cut down the lead, the period ending 3-2.

In the last period Lee Williams and Spencer combined for the lone goal, Lee doing the scoring.

Eight hundred people witnessed the game while there were fully 50 people from Vermilion in attendance.

Vermilion line-up was: Martin, Waldenberger, Wiebe, Manvick; Williams, Spencer, Watt, Reiger, Thorburn, Brimacombe, Macnab, Donald.

T. Umphreys refereed, Russell Cartell lineman.

LEAGUE STANDING

Eastern Alberta Hockey League

Team	P	W	L	Pts.	F	A

Vegreville	5	3	2	6	24	20
Vermilion	5	1	4	2	15	26

Reserve Seats Available For Hockey Games

OBTAINABLE AT THE RINK OR AT CREAMERY

For those interested there are 150 reserve seats for individual hockey games still obtainable before each game. These may be obtained from Mr Tom Stack at the creamery any time, or at the rink immediately before the game. The cost of the reserve seat is 25c extra to the rush [illegible]. 35-6

"GREEN ACRES"

OLLI BARLEY

This variety has been used with good success around Edmonton as a clean up crop for wild oats. It is an early variety and can be cut before the wild oats shatter onto the ground. The recommended plan is to give one or better two cultivations in the spring to start and kill wild oats then seed Olli barley after June 1st or even as late as June 15th. Orders are being taken by all elevator agents for Olli barley.

BOYS AND GIRLS CLUBS

It seems more difficult right around Vermilion to get boys and girls into club work than any place I know. This indifference means that the young people here are losing something that boys and girls in other parts of the province are glad to seize.

The beef club has barely enough members to function. The Wheat club needs 10 members. Can we start a pig club here? Let me know what you would like.

ORDERS FOR SEED

Every year several farmers come to me in the spring for Registered seed and usually it is all sold out. There is no doubt that a change of seed pays good dividends so if you want some pure seed — Thatcher wheat, Victory, Ajax or Larain oats and Olli, Titan, Newall or O.A.C. 21 barley see your elevator agent. He has prices and order forms.

BABY CHICK ORDERS

The hatcheries are loaded up with orders for baby chicks and are also to refuse further applications.

Farmers in this district are ordering more and more baby chicks every year which is a sure indication that they find it pays. It is a side line that fits in very well with grain growing. Catalogs and price lists are available at the D.A. office.

ORDERS FOR TREES

Anyone wishing to get fruit trees should order immediately. Last year supplies were exhausted during the winter and many people were disappointed. Hardy varieties of apple, crabs, plums, cherries, apricots and even pears are now available. Farmers and town gardeners should not forget about strawberry plants and raspberry bushes. Catalogs can be seen at the D.A. office.

Wainwright and Elk Point Business Men Entertained

BY VERMILION BOARD OF TRADE —INTERESTING ADDRESS BY W. R. CORNISH M.L.A.

The Vermilion Board of Trade acted as hosts to citizens from Elk Point and Wainwright at the regular Wednesday noon luncheon meeting in an interchange of visits between the boards of trade of neighboring centres and at which matters of common interest to all were discussed. W. R. Cornish, M.L.A. was also the guest of the Vermilion Board on this occasion.

Mr. J. V. Jacobson, school principal of Elk Point carried greetings from that town and expressed his thanks for hospitality extended to the members of his party. Accompanying Mr Jacobson were D. C. Nelson, H. R. Mann, Paul Petrenko, Carl Nissen, Paul Stepa, F. C. Keligee.

Spokesman for the Wainwright party was their newly elected president of the Board of Trade Dr. J. D. Wallace, who hoped that more interchange of visits would result from this occasion. With him were L. C. Tory, H. Walker, W. E. Coleman and W. C. Huntingford.

Mr. W. R. Cornish, M.L.A. spoke briefly but touched on several points of considerable interest to the meeting. Speaking of roads he mentioned the need of a north-south highway giving all weather access to the north country, and divulged that it was the intention to shortly limit commercial fishing in Cold Lake and to retain that resort for angling.

In regard to agriculture he expressed the thought that much more attention would have to be given to hog breeding and feeding if Alberta was to retain or increase its export market when times returned to normal. One way to do this was to establish breeding centres at which it would be possible for hog raisers to obtain suitable breeding stock. This is a similar system to that of Denmark where strict supervision, not only of hog breeding, but also of hog feeding, is carried on, resulting in a widespread demand for Danish bacon.

In closing his remarks Mr Cornish expressed his willingness to do whatever he could to help the people of his constituency. "I am at your beck and call at all times" he said, and any way that I can be of service will be willingly done.

Attendance at the meeting was 46 and a very choice luncheon was served by Mr Capston. Another visitor present was Mr. S. T. Hubbard of Edmonton who attended with his son-in-law Mr Brent Macnab. Present for the first time were R. C. Acheson of the V.S.A. staff, and Keith Inman a new member of the staff of the Nelson Hill hardware. President E. M. Stewart of the Vermilion Board was chairman.

Machine Shop Business Sold

Halvore Jahre, owner and manager of the Vermilion Foundry has sold the machine shop (welding and blacksmithing) part of his business to Harkins Bros. Harkins is a well known local boy having farmed successfully in the Carlton district until last fall.

Mr. Jahre retains the foundry business and is engaged now in casting iron covers for the manholes in the town water and sewer system.

The services of Ernest Isaacheson formerly employed at the machine shop have been retained by the new machine shop owner Mr. Bros.

Health and Recreation Has Interesting Programme

[illegible] New Year's [illegible] Monday night [illegible] P.T. [illegible]

The Alberta Health and Recreation [illegible] work together [illegible] exercises which one prefers, [illegible] while the other [illegible] Folk Dancing [illegible] games which [illegible] with enthusiasm.

These free physical [illegible] are held every Monday and Thursday evenings in the [illegible] gym under the direction of Vince Hewlett. And [illegible] a bath [illegible] we have [illegible] as we have full use of the two showers on these nights.

A. A. Melvin of [illegible] spent Tuesday and Wednesday in town this week.

Town Lady Falls; Suffers Broken Hip

Mrs. Hugh Evans fell on the slippery street after leaving the Co-op store last Saturday afternoon, and suffered a broken hip in the fall. Streets were icy and treacherous as a result of the prevailing thaw at that time.

Mrs Evans is now in hospital and progress is reported as favorable.

National Film Board Itinerary

The National Film Board itinerary for next week in the Vermilion district is as follows:

Wednesday, Jan. 15—Marwayne.
Tuesday, Jan. 14—Streamstown.
Monday, Jan. 13—Paradise Valley.
Thursday, Jan. 16—Islay.
Friday Jan. 17—St. Andrews.

Attend Military Conference in Edmonton

Captain W. H. Scott, chairman of the Citizens committee and Capt. D.A. Brimacombe, O.C. of the Vermilion Company The Loyal Edmonton Regiment, were called to Edmonton Tuesday to attend a conference whereat latest developments affecting army units in the Western command will be outlined to reserve forces. Major-General F. F. Worthington, G.O.C. Western Army command will be the chief speaker. He will also deal with reorganization plans, recruiting, reserve forces citizens committees and armory construction.

Held Up at Moore's Drug Store, Calgary

THUGS GET $00.00

Unmasked bandits entered the drug store owned and operated by Mr. and Mrs. Campbell Moore (nee Jean Beecroft) in Calgary on Monday night and while one held Mrs. Jean Moore at bay with a revolver the other rifled the cash register of $00 in bills.

Police combed the district immediately after but no arrests were made.

MORRISON NEWS

All the kiddies are back at school and every one of us is glad that the weather has warmed up so much. It was certainly not conducive to [illegible] the Christmas holidays.

Mrs. [illegible] the Vermilion hospital and we all hope that she will soon be well and home again. We are sorry to hear of Mrs. Evans [illegible] but a speedy recovery is wished her.

On Friday evening a jolly crowd of [illegible] journeyed to the home of Lawrence and Chrissie Gould where a very enjoyable evening was spent playing games and talking. By all reports the lunch was just too [illegible]. Anyway we think so as the party never broke up until about 2.30 a.m. It is pleasant to have Clara Hilliard back with us again; makes it seem like old times.

Lila Bowser has been ill in bed and hopes are extended that she will soon be well and around again.

Jurayne Schock was a Christmas visitor at the home of Rena Ronaghan. [illegible] Ronaghan is home after a very enjoyable trip through the States.

Vera, Fred and Ronny Playne were dinner guests at the home of Mr. and Mrs. John Maire on Sunday. Mr. and Mrs. Bowser and Mr. and Mrs. B. Gould were dinner guests at the McLelland home Sunday. Mr. and Mrs. [illegible], Betty, Mr. and Mrs. B. Gould, Lawrence and Chrissie were supper guests at Albert Dupuit's Saturday evening.

This may be a little late but we extend best wishes to everyone for a very happy New Year.

Mrs. Walter Gunn and son [illegible] spent Christmas with her parents Mr. and Mrs. F. L. Wilson at Wainwright.

Ted Riley was an Edmonton visitor this week.

Mrs. John Arnold left Wednesday Jan. 8th for New Orleans, La., from there she will go to Picayune, Mississippi, to visit her mother, sisters and brothers. She will also visit an aunt who lives in Jackson, Miss., and an uncle at Mobile, Ala. On her way home she will visit her grandmother who lives at Chicago. Mrs. Arnold will be away about two months and this is her second trip to the States within a year. She accompanied her husband in June last on a visit to his relatives in Minnesota and Wisconsin.

The Standard regrets that an advertisement containing New Years greetings from Lorne, Neil, John and Ted of Vermilion Motors was mislaid and didn't appear in last week's issue of the Standard.

Emil Wener, now of Vancouver, is spending the holiday week in town with his family and also with a view to clearing up his interests here. Mr. Wener is now engaged in the hotel business in the coast [illegible] of the proprietors of the [illegible] on [illegible] street [illegible] of Vegreville.

—Vegreville Observer

Sudden Death of Former Mission Alliance Minister

Mr. Albert Cooper, former minister of the Alliance chapel here, died very suddenly of a heart seizure on Jan. 4th while visiting friends at Midway, Alberta. Mr. Cooper had spent the Christmas holidays visiting at the home of Mr. and Mrs. W. B. Mix in Vermilion. He was interim pastor of the chapel here for a period of six weeks during the fall months following which he has been at Two Hills. He was 56 years of age and was born in Oxford County, Ont.

The funeral service was held at the Alliance chapel, Vermilion on January 7th, the Rev. E. A. Phillippe officiating. Following the service the body was taken east for burial at the family home at Tillsonburg. Moyer Bros. were in charge of arrangements.

Floral tributes were received from the following:

Susie, Dave, and family; Herman, Leta and children; Harold Wilson and family; Mr. and Mrs. Ray Hutchinson and Elaine; Mr. and Mrs. Harvey Anderson and family; Mr. and Mrs. John Illkow and family; Friends of Two Hills and Brosseau; Bill Hazel and family; Friends of Alliance chapel, Vermilion; Isabel and Albert.

Appreciates Stagette Christmas Parcel

Angus Crawford wishes to take this means to thank the Stagettes of Vermilion for the perfectly wonderful parcel which was personally delivered to him Christmas eve. The parcel was a large one, complete with Xmas wrapping with individually wrapped items containing fruit, fruit juices, cakes, cookies, ham, and about everything that one could imagine. The parcel and its contents were truly fit for a king to open and partake of. Angus says that he cannot express in words how he appreciated this kindly gesture of the Stagettes which arrived too when he was ill in bed and under the Doctor's care making it all the more acceptable.

Mild Weather Prevails

Very mild weather has prevailed all week with little frost registered even at nights. Curling and skating rinks were closed for a day or two each due to lack of Jack Frost. High for the week was Saturday Jan. 4th with 41.2. No sub-zero temperatures have been registered since Friday night of last week, this week's low was 9 above on Wednesday morning. A trace of rain Thursday morning was the only precipitation.

The present mild weather seems due to continue although cold air moving over the northern Peace River area might reach this area.

Statistics supplied by courtesy of the Dept. of Transport Radio Range station and weather bureau, Vermilion.

Vegreville Observer Increases Sub. Rate

The Vegreville Observer has now increased the yearly subscription rate to $2 and in this connection states that the increase should have taken place at least three years ago in order to make some small effort to keep pace with rapidly increasing costs in materials, labor and living costs.

Special Meeting of Allandale A.F.U.

A special meeting of the Allandale Local, Alberta Farmers Union, will be held Wednesday Jan. 15th at 8 p.m. at Allandale school. Mr. Orville Armstrong and other delegates will give a full report of the annual A.F.U. convention being held in Edmonton this week. Matters to be discussed include the proposed 30% increase in freight rates.

This meeting is of vital interest to all farmers and all union and non-union farmers are asked to attend. Lunch will be served. 35

"Dear Milkman: Please Leave $2.00 Loan"

Personal Touch 90% of Success in Retailing Cow Product

(Vancouver Daily Province)

By Donovan Pedelty

"Dear Milkman,

When you leave my milk, knock on my bedroom window and wake me. I want you to give me a hand to turn the mattress.

P.S.—Hope you don't mind.

R.S.D."

This was a note left for the milkman on Route 22 of one of the large Vancouver milk distributing areas.

The milkman obliged. The milkman always does, enquiries go to show except when the request is for something beyond his power.

"Ninety per cent of the success of a milk route is in the personality of the milkman," said a city milk executive Leslie Golman. "Even if a company were to offer better milk for less, most people would continue to buy their dairy products from the man they like."

For this reason many of this firm's men have been delivering the milk (and presumably turning the odd mattress) on the same routes for 20 years. For no reason connected with household chores they have to be physically fit.

"A case of 12 quarts of milk weighs 64 lbs.," said Mr. Golman, "and besides they have to work in all weathers, often wet through. But each man's route is his own business. He gets a basic wage and commission. He runs it like his own business. But that may not be why the men often mend the kids' toys on their routes."

It is known that at a certain house on Route 44 the milkman nips down into the basement and fills up the sawdust hopper every morning. His customer is a lame old lady.

"Dear Milkman," wrote one customer, "My back door is open. Please put milk in refrigerator, get money out of cup in drawer and leave change on kitchen table in pennies because we want to play Bingo tonight."

Why wouldn't he? This sort of service lifts milk-leaving out of the routine. But a man was compelled to decline with regret when a customer left this note:—

"When you get your horse in the morning, I wonder if it would be too much trouble to get me a sack of manure . . . ."

It may not have been too much trouble, but the laws of this fair city do not like milk and manure on the same wagon. However it was considerate of this lady to add "Hope this won't put you to any inconvenience."

Customers are not always so considerate of the milkman. Sometimes they forget he exists by selling milk. One left a note reading "When you leave milk please put in scoops of coal on the furnace, let the dog out, and put ten newspapers inside the screen door. P.S.—Don't leave any milk." This milkman had evidently oversold his personality and undersold his products.

Among objects obligingly left with the milk along this firm's routes have been (on request) lacrosse game tickets, cigarettes and a loan of $2. The customers' varied pleas — of course reproduced anonymously — have made an amusing window show at 8th and Cambie.

Only outstanding undairylike request this firm's milkmen have ignored read: "George is out of town until next Thursday. If you are free tonight drop around about 7. P.S.—Don't bring your horse and wagon."

THE STANDARD
VERMILION - - ALBERTA
ESTABLISHED 1906
Published Every Thursday Afternoon
At the Office, Main St.
S. R. P. COOPER — PUBLISHER

Vermilion, Alta., January 9, 1947.

TOWN TAXES —

An idea prevailing that town taxes are not overdue until April 1st of the following year is decidedly wrong — according to the town act taxes are overdue when not paid in the current year—but no penalty is added until April 1st of the following year. Taxes not paid in 1946 are carried over into 1947 on January 1st as arrears of taxes.

Furthermore a resolution unanimously adopted at the Union of Alberta Municipalities convention, requested the Dept. of Municipal Affairs to amend the town act so that the penalty be imposed on the 2nd day of January each year.

CANADIANS ARE WAITING, MR. ABBOTT —

Business leaders are waiting hopefully for possible tax relief from the new minister of finance, Hon. Douglas C. Abbott, The Financial Post observes. They base their hopes on a speech made by Mr. Abbott at Lennoxville, Que., about a month ago.

Said Abbott: "In the transition period from war to peace, tax reduction gives a greater incentive to work and to produce . . . . the best way to reduce taxes is to reduce expenditures and every effort is being made to eliminate unnecessary government expenses . . . . Large revenues can be raised with moderate tax rates, but only if we succeed in maintaining a high level of employment and national income."

Announcement by the Alberta Tuberculosis Association that year-end receipts from the Christmas Seal sale totalled $75,000 reminded a great many of us that we hadn't sent in our Christmas Seal contribution.

With $100,000 as the 1946 objective, it is clear that a great deal more money still needs to be raised if the war against T.B. is to be carried on as effectively as in the past, here in Alberta.

Nearly a third of our population has received a free chest X-ray with the Mobile Units bought by Christmas Seals. Thats over 250,000 people. But on the basis of an average contribution of $1.50, only 50,000 Albertans have contributed so far this year.

Of all the money-raising campaigns we have, and they are many, we like the Christmas Seal appeal best. There is no high-pressure canvassing, no appeal to our gambling instinct, no offer of entertainment — nothing is offered but an honest, intelligent, intensive effort to fight tuberculosis with every dollar that is voluntarily given. And there is hardly a family in Alberta that has not already received some benefit from the work of the Association.

Lets all get behind this campaign, and put it over the top! Contributions may still be sent, to the local committees, or to the Alberta Tuberculosis Association, 340-7th Ave., W., Calgary.

Mannville Mirror Ceases Publication

In the last issue of 1946 Editor W. J. Whitehouse announced that the Mannville Mirror after weathering the troubled seas of small-town journalism for 12 years, would cease publication. High costs of materials and relatively small income were given as the reasons. Mr. Whitehouse will continue with his job printing business for some some at least.

Canada's death rate from tuberculosis in 1945 was the lowest on record. Despite this 5,800 Canadians died of this disease. This is too heavy a toll to pay to a disease which can be conquered. Your support of the Xmas Seal campaign will help bring tuberculosis under control. Have you sent your contribution?

Wildmere Winks

The writer is commencing her 15th year as writer of this column. It was Jan. 9th 1932 that she wrote the first news bulletin under the heading of Wildmere Winks, little thinking that 1947 would see her still writing the Winks.

Very best wishes for a long and happily married life are extended to Mr. and Mrs. M. Winge (nee Mrs. Clara Carlson) who were recently married and who have left to make their home in Portland, Oregon.

Christmas has gone past and a new year has started but we cannot miss mentioning the party held at the school for the children. About 40 children gathered with their parents and friends. Games were played, some kiddies recited and sang a few Christmas songs. Santa came in right after to find a well laden tree. Lunch was served after the gifts were given out.

Earl Graham spent Xmas with his children at the Wallington home and New Years visiting his wife at the San at Calgary.

Children are back at school after their long [illegible]. Anne and Noel Garnett at Basswood, Irene and Albert Kyben of Wildmere, have returned to the agricultural college and Dorothy Bathe of Basswood to high school in Vermilion. Berna Seuffert of town spent the holidays visiting her aunt and family Mrs. Bob Martin of Wildmere.

Lloyd Howard returned home from Red Deer just before Christmas.

Our W.W.I. held its first meeting at the home of Mrs. John Wilson on Thursday afternoon last with all members and one visitor present. Our president spent some time reading the rules and constitution of the W.I. Several committees were chosen, also topics for our educational part. A committee was elected to make out a year's program. Parcels of food are being sent to England. Next meeting is to be at [illegible] Feb. 6th. After the meeting closed with the Mizpah Mrs. Wilson served a tasty lunch.

Mr. and Mrs. Ray Osterberg of Wildmere held their wedding dance at Basswood school on Friday last with a good crowd attending. Every one had a jolly time. Their many friends and neighbors made it a "shower of gifts" as well and many beautiful and useful presents there were. Mr. and Mrs. Everett Isles furnished the music with J. C. Wellington as M.C. We all wish the happy couple a long happily married life.

Freddie Martin of Wildmere lost a purse on Saturday Jan. 4th containing $21 and would appreciate it if the finder would return same.

John Wilson and Roy Garnett are delegates this week to the A.F.U. convention in Edmonton. Mr. Herman Kyben motored to the city and the boys went with him. Laurence Graham also is a city visitor this week.

There will be a dance and shower in Basswood school on Jan. 17th for Mr. and Mrs. Joe Tilinger. Everyone welcome.

Curling has commenced at Wildmere, the boys are now playing twice a week.

Our road was blocked but the road maintainer came along and it is now open to town again.

LOST — BLACK LABRADOR PUP 6 months old, "Mac" in vicinity 2 miles south of Borradaile. Notify Wm. H. Davies, Borradaile or the Standard office. Suitable reward. 35

Charters, of Brampton, Ont., [illegible] with a new 1946 Pontiac sedan by members of the association at their annual convention at Halifax. Shown above is Dr. Hugh Templin, of Fergus, Ont., (left) immediate past president of the C.W.N.A. presenting the keys to Mr. Charters.

"SALADA" TEA BAGS
So handy

OUR COMPLETE SHORT STORY—

BULLFROGGER

By LEALON MARTIN, JR.

Copyright Wheeler Newspaper Syndicate

STEADILY the Mary Jane pushed the blunt barges, heavy with oil for Cincinnati, against the down sweep of the Mississippi's brassy current. Her big diesel throbbed, the deep throaty sound of a good engine.

Cap'n Tom Leatherwood, coming into the wheel house to start his trick, granted she was a fine little tug. For a tug went. She'd made good time since Jim had swung her away from Baton Rouge, where her barges had been pumped full of oil, but to Cap'n Tom a tug was just a tug. Not a sweetheart like the Johnson City.

"I'll take her now, Jim," he told the other pilot.

As he settled himself upon the tall stool behind the wheel, he remembered that this was an occasion. His first full shift as a long trade pilot! Him a long trader! He still couldn't believe it.

"But this here's temporary. I'm a bullfrogger," he assured himself. He tugged his cap down firmly and spat into the swirling, cocoa-brown water to emphasize the point. Loyally, he turned his thoughts to the Johnson City.

There was a ferry for you! Twenty years regularly shuttling to and fro across Old Al—and never once had she let him down. Carried goodness knows how many thousands of folks across the Mississippi. And their cars and wagons and livestock and what not. Without a bad accident in all that time! 'Twas something to make a man feel real pleasant. Cap'n Tom jiggled the Mary Jane's wheel ever so slightly, caressingly, the way he used to do the Johnson City's.

A record like that was hard to the Pilots in the long trade, running up to St. Louis or on to Cincy or to Pittsburgh laughed at bullfroggers. But Cap'n Tom had always been more than satisfied to be just a ferry pilot. The long traders' kidding never had fazed him.

"Just a big old bullfrog!" Long haul men used to rag him, same's they always did ferry men. "All he does is hop from shore to shore!"

He had ragged right back, and they'd never bested him. Nevertheless, Cap'n Tom reckoned now, it was mainly stubbornness that had kept him running the Johnson City long as he had. He'd maintained her right on schedule, losing money or not, even when many days there weren't a handful of passengers all told. The day of the ferry was about ended on the Mississippi. Chiefly it was the bridges. Bridges! Cap'n Tom sighed. Great arches of steel spanned the River everywhere now—New Orleans, Baton Rouge, Natchez, Greenville, Memphis, Cairo, St. Louis . . . where once there'd been no crossing except for the bullfroggers and their ferries. And more bridges were coming.

Still, he'd run the Johnson City on, even after Mr. Menger's visit.

The booming River traffic that had multiplied a hundredfold the number of hated tows that puffed up past his ferry landing with oil or sulphur and down again with steel or pipe had caused that visit. Cap'n Tom had heard about the shortage of long trade pilots. But that had nothing to do with him. He was a bullfrogger, stem to stern. As such he'd end his days.

And so he had turned Mr. Menger down cold. The barge line man had argued for an hour, trying to persuade him.

"The River's doing a big job," Menger had said, "and we need men like you who've been on the River for years."

The plea hadn't moved Cap'n Tom. But a newspaper story a few days later had. "SEVERE WINTER DRAINS OIL STOCKS," the headline ran, "RIVER OIL BARGE INCREASE URGED."

As always with anything that mentioned the River, he'd read the article carefully. Storms and the worst winter in years meant that the East needed more oil. There wasn't enough to meet needs—and one of the reasons was a lack of River pilots. Barge lines could haul more oil, if they had more pilots. "Unless stocks can be built up," the story ended, "the coming months will be critical. Many schools may be forced to close."

That had done it! Cap'n Tom could not abide the picture of children cold and schools closed when he could do a bit, even a tiny bit, to help. He had gone directly to the phone.

"Decided take you up on that piloting job," he told Mr. Menger, "but only temporarily, y'understand."

And here he was, piloting a tow. Cap'n Tom looked sideways as he heard someone coming into the wheelhouse. It was Pete, the cook.

Cap'n Tom cleared his throat in anticipation of a hearty argument over the respective merits of bullfrogging and long trade piloting. But before Pete had the door well shut Cap'n Tom saw the ferry poke her bow out and there was no time for anything else.

They were rounding a sharp bend and he himself was running the point true. But the ferry, contrary to river rules, swung out from shore, on their port side, when the Mary Jane and her tow were already half through the stretch. Cap'n Tom had himself played tricks, with the Johnson City, to aggravate uppity long traders. But he'd never set out deliberately to wreck a tow like this ferry man was doing. Couldn't the man see?

Disaster was rushing down upon his tow with every churn of the paddlewheel of that angling, clumsy ferry! The frogger couldn't get out of the way now. Cap'n Tom knew to a fine hair's breadth what a ferry could or couldn't do. This fellow had miscalculated his drift. He could almost feel the crushing impact—and a thousand-foot tow is no canoe for manoeuvering—but Cap'n Tom went into action.

A jerk on the whistle cord . . . quick orders to the engine room . . . a sure, deft hand on the wheel . . . big knotty fingers moving upon its spokes with the sure grace of a surgeon's touch.

And the little Mary Jane answered valiantly.

Slowly, slowly, the long, sluggish tow served. The ferry slid by inches away. Cap'n Tom delivered a magnificent barrage of words upon the hapless ferry. Finally he stopped for breath and turned to Pete.

"Why, why . . ." he stuttered. "Did you see that bullfrogger. Why . . ."

"Great sakes, Cap'n Tom!" Pete's grin was wide enough to split his face. "You're a long trader now yourself. For sure!"

Cap'n Tom's anger fizzed. For a long moment he stared at the cook. Then he nodded.

"Well, temporarily, anyhow," he said—and added what was really important in his mind. "Say, did you notice how the Mary Jane handled there?" He patted the big wheel gently and a slow smile creased his face.

"There's a sweetheart!" said Cap'n Tom.

"I Know Just How You Feel"

"I know because I have been that way myself. I have been so chronically tired that I thought I would never feel well again. However, I found that Dr. Chase's Nerve Food soon gave me new pep and energy and put me on my feet."

Tired feelings, indigestion and loss of sleep are quickly relieved by Dr. Chase's Nerve Food.

BRIGHTEN THE MEALS WITH BISCUITS
MAGIC BAKING POWDER
MAGIC

MAGIC'S ORANGE MARMALADE BISCUITS

2 cups sifted flour
½ tsps. salt
4 tbspns. shortening
4 tspns. Magic Baking Powder
1 egg
½ cup milk
¼ cup orange marmalade

Sift dry ingredients together. Cut in shortening until mixed. Beat egg slightly in measuring cup, add milk and marmalade to make ¾ cup and add to first mixture. Roll out about ½ inch thick, cut with floured biscuit cutter. Top each with a little marmalade, bake in hot oven (450°F.) about 15 minutes. Makes 16.

New York Corporation Offers A Typewriter Which Is Errorless

NEW YORK — An "errorless" typewriter with a standard keyboard which prints an entire line at one time has been developed by the Associated Development & Research Corp., N.Y. Robert S. Wallach, president, announced.

He said the machine is electrically driven, but that it does not type directly on the paper.

Instead, he said, it sets up a line which is visible just above the keyboard before printing. If an error occurs the operator can correct it before the line is printed.

GUEST PIANIST

Appearing as guest artist on the Northern Electric Hour on Monday (January 13), Reginald Godden will be featured in piano works by Tschaikowsky and Chopin. Mr. Godden's professional career started at the age of fourteen as pianist in a theatre for silent pictures. For many years after that, he was teamed up with another musician and both gave duet recitals in Canada and the United States. For the past several years Mr. Godden has been appearing as soloist in both countries.

The Northern Electric Hour is heard weekly over the CBC's Dominion and Quebec Regional networks.

WOODVALE

Another year has come and gone and now we have to get used to writing 1947. The new year in these parts was ushered in with rather unpleasantly cold weather, but for most of us it did not mar the Yuletide festivities, although we imagine that the people who had to shovel their cars out of snowdrifts after a traditional Christmas dinner must have felt a bit uncomfortable. The roads surely blew full of snow in some places on Christmas day and have not improved since.

The children had their party at the school on the 23rd and entertained their guests with recitations and singing. Santa paid a visit too and distributed a great many presents and candy. Johnny Brown who was looking him over very seriously finally asked him where he had lost one of his fingers. Luckily he did not ask where Santa had acquired his foreign accent. After a tasty lunch all went home quite pleased with the evening's entertainment.

Our own and the community's congratulations go to Mr and Mrs Roger Watt to whom a baby girl was born. Margaret named her new sister Marilyn Ethel, we hear, and a very pretty name it is.

Chester Rankin is home again after almost a month in the hospital. His toes have healed very well though he has to be careful not to freeze them again.

Mrs. Potter and the boys returned before Christmas and now Mr and Mrs A Pickford and baby will be leaving soon for B.C. Maxine Dixon left for Toronto the Saturday before Christmas to stay with her sisters there.

Raymond McQuid went to a lumber camp in Ontario this fall but came [illegible] again before Xmas. Keith King and Florent Van Wageningen left for the west coast and a lumbercamp on Read island on Jan. 4th. The young folks who spent the holidays at home have all left again now, most of them expect to be back again at Easter.

Harold Webber came down a few days before Christmas to help his uncle at the store where they are still [illegible].

[illegible] Freeman is staying with Mrs Gladys Walters helping to nurse and with the housework at the same time she is visiting her friends in the district.

[illegible] - Lessons in the [illegible]

See Fresh Demands Car License Cuts

Demands for lower motor car licenses in Alberta are scheduled to be voiced at meetings of branches of the A.M.A. to be held this month and early in December.

Annual reports are expected to show that the A.M.A. now has a total membership in excess of 21,000, making it one of the strongest organizations in the [illegible]. This year's membership is far ahead of 1945.

The A.M.A. has continued to press for a reduction in car licenses and also that all motor revenues should be specifically devoted to highway maintenance and construction purposes.

Had millions of dollars collected from motorists by various provincial governments been spent exclusively on highways, Alberta now would have a highway system that would challenge comparison with any province or state at the present time.

In the U.S. more states are following the trend to ban by legislation the diversion of road funds to other than highway purposes.

After the show on Saturday evening attend the dance at the [illegible] hall. An enjoyable social hour or two for [illegible] two [illegible]. 46stf

gate to the convention of that organization in Calgary from Jan. 11-14.

Mrs. Russell Smith is home now after a lengthy stay in the Vermilion hospital and we were sorry to hear that she might have to go back for another operation after gaining some more strength. Doreen will soon have to undergo an appendix operation.

Coming home in the wee small hours on New Year's day we noticed a very big and rather reddish looking star just above the horizon in the east. It seemed too big to be true and when we stopped to have a better look it still had a starry appearance but the core was a wavering bright light and we still are wondering what it could have been, just hope it was not a house burning somewhere way off in the hills as it was a very cold and windy night.

Our best wishes for a very happy married life go to Mr and Mrs R. Osterberg (nee Elizabeth Sweeney), rather late but just as sincere. Congratulations also to Mr and Mrs Fred Nichols (nee Gladys Aiken) who were married on the 26th.

ETHELWYN

Christmas has come and gone and didn't the weatherman treat us rough for the holidays. Some families from the district left home on Christmas morning with cars to spend the day with friends and returned the next day by team and sleigh. Christmas night was a bad one to be out in.

We are pleased to hear that Mr McDonald of Dewberry and Tony Christiansen are home from the hospital.

Mr. and Mrs. Gallagher are now settled in their new home in Clandonald.

Mrs. Attfield, Sidney and Robin have returned from their holiday at the coast. Mrs. Orleski and Nicky have also returned from their holidays.

Mr and Mrs. Chris Jacobsen left last week for Vancouver where they will spend the rest of the winter.

Word is heard that the snow plow will soon be out on the road and it is indeed needed. The writer and family shovelled plenty of snow on New Years day.

May 1947 bring happiness and success to everyone.

Tuberculosis can be well entrenched in the body before symptoms appear. If used in time, the X-ray will find tuberculosis in time for recovery. Christmas Seal funds are used to find persons with the disease.

'Youth for Christ' Rally January 10th

DOUGLAS E. MAXWELL — PROPRIETOR

Dominion's 1946 Foreign Trade Sets Record

By HON. JAMES A. MacKINNON
Minister of Trade and Commerce

OTTAWA — As a direct consequence of the war Canada's foreign trade in 1946 was at the highest level of any peacetime period in history. The aggregate value of imports and exports for the year was, roundly, $4,200,000,000. While this represents a 20 per cent. decline from the wartime peak in 1944, the value of trade is three times as great as the average for the five years immediately preceding the war.

The total value of exports approximated $2,300,000,000 with 40 per cent. of the total going to the United States and 25 per cent. to the United Kingdom. While in many respects the familiar patterns of our peacetime trade have not yet been re-established, it is interesting to note that the United Kingdom and the United States continue, as in pre-war years, to take a much greater portion of Canada's total exports than all other countries combined.

Before the war they absorbed approximately 75 per cent. of Canadian exports, with the United Kingdom taking the larger share. In 1946 this relative position was reversed, with the United States becoming the chief purchaser. The remaining portion of Canadian export trade was widely diffused. Important markets were found in British Empire countries, Europe and Latin America.

Canadian products were in keen world demand to alleviate the urgent needs of areas devastated during the war and to meet the specialized needs of re-established peacetime industry in many countries. Canada's primary industries continued to play a leading role in export trade. Forest products formed the largest single group in 1946, with the bulk going to the United States. Food products, principally wheat, flour, meat, cheese and eggs formed a large part of the exports to the United Kingdom and to Europe.

Imports for consumption were valued at around $1,900,000,000, the largest annual value in Canadian history. With national income remaining high, and with wartime restraints on purchasing in part removed, consumer spending in Canada reached a record height. Imports of consumer goods were directly affected by this demand, and the increased demand for goods produced in Canada resulted in larger industrial requirements for raw materials, fuels and capital goods. The United States continued to be the principal source of imports.

Despite the re-opening of the pre-war channels of trade, goods have not yet become available in normal volume from elsewhere. This point is emphasized in the statistics of imports from the United Kingdom which accounted for about 9 per cent of the Canadian total in 1946, as compared with 18 per cent before the war.

Domestic prosperity in Canada is closely related to export trade. The structure of our economy requires the maintenance of stable export markets for the products of the great primary industries: agriculture, lumbering, pulp and paper, mining and fisheries. The capital plant of these industries has already been built up and their productive capacity is far greater than domestic capacity to consume. Consequently violent fluctuation in foreign demand for Canadian goods, whatever the cause, inevitably reacts in the most unfavorable way upon business conditions throughout the Dominion.

For the time being, foreign demand for Canadian goods is almost [illegible]. This demand, however, is not backed up by effective purchasing power, particularly in those countries ravaged by war. Their capital accumulations of foreign exchange were dissipated during the war, and the current account credits from normal trading have not yet recovered enough to provide them with sufficient foreign exchange to cover even their most urgent needs.

UNDER AGREEMENT

Polish Funds In Britain Being Held According To Pact

LONDON. — The foreign office denied a statement by the Polish embassy here that Polish funds were being wrongfully withheld by Britain.

A foreign office spokesman referring to a charge that Britain refused to release $80,000,000 deposited here for the duration of the war by the Bank of Poland said the sum involved was $28,000,000. Conditions for the return of the money were set forth in an Anglo-Polish financial agreement which has not yet been ratified [illegible] he added.

A condition of the ratification, the spokesman said, was the observance of various terms of the Potsdam agreement including the holding of free and unfettered elections in Poland.

United States Intends To Dump Potato Surplus

WASHINGTON. — United States agriculture department officials predicted that millions of bushels of frozen and rotten potatoes will be dumped under government instructions during the next several weeks.

They will be part of the 1946 crop surplus of nearly 100,000,000 bushels.

Officials estimated the government's final loss on the surplus will amount to around $80,000,000. The explanation is this:

Under wartime legislation, the agriculture department underwrote the 1946 crop of potatoes as well as many other farm products. It assured farmers that they would get at least 90 per cent. of parity — the theoretical price determined to be equally fair to producers and consumers.

The potato trouble developed when the crop turned out to be about 100,000,000 bushels larger than the department had planned for and about that much larger than estimated consumer requirements.

When this surplus became apparent, potato prices tumbled, and the department was left to carry out its legal obligation to assure growers at least 90 per cent. of parity.

To do this the department bought large quantities of potatoes and resold them to commercial firms — such as distillers — who otherwise would have used some other commodity.

Then the department loaned money to other potato growers at the guaranteed figure and asked them to store the crop just in case the price went back up.

It didn't. And it is from the loan stored potatoes that heavy losses are anticipated.

Agriculture Secretary Clinton P. Anderson said recently 20,000,000 bushels were sold to distillers of beverage spirits and 6,100,000 to industrial alcohol distillers for use in making synthetic rubber, anti-freeze and similar products.

About 525,000 bushels were sold for export to famine areas abroad. Efforts were made to send larger quantities to those areas but their perishability and relatively high transportation costs discouraged the course.

PLAN CAMP BOYCOTT

VANCOUVER. — Harold Pritchett, [illegible] district president of the International Woodworkers association, announced that nine Queen Charlotte Island logging camps would be boycotted by approximately 500 loggers until operators meet union demands for fares and a differential wage increase retroactive to Jan. 1, 1946.

PEACETIME ARMY AND NAVY GETS UNDER WAY

OTTAWA.—The Canadian army in 1946 discharged 250,000 and repatriated more than 100,000 of the men and women who brought it wartime lustre and, simultaneously, began erecting the basic framework for a potential peacetime force of 25,000 regular and 180,000 reserve soldiers.

A year-end review issued by army headquarters was dominated largely by the tasks of repatriation and demobilization; but it was dotted, too, with the establishment of the new system of five regional commands, with the opening training and research skirmishes against the wilderness of the north, with the formation of a brigade group as the nucleus of any new fighting army, with the announcement of educational qualifications designed to put the new force on a high mental plane.

Last January there were 110,000 Canadian servicemen and women still overseas. All but approximately 1,000 now have been returned.

Repatriation officials also had to find transportation for half that many wives and children of Canadian servicemen.

More than 250,000 men and women left the army. Most of these veterans now are re-established on Civvy street.

The year saw disbandment of the Canadian Women's Army Corps. In all, more than 21,000 women and girls served with the C.W.A.C. at home and in the Mediterranean and European theatres.

OTTAWA. — Completion of demobilization, a steady reconversion to peacetime requirements and the inauguration of a new training program ashore and afloat occupied the Royal Canadian Navy during 1946, naval service headquarters said.

Estimating that 9,000 of its peacetime complement of 10,000 officers and ratings have been taken on strength, the navy said applications for entry or re-entry are amounting to more than 2,000 a month, of which about 300 a month are being accepted.

It noted that the pre-war handful of destroyers and minesweepers has been replaced by a modern fleet including an aircraft carrier, two cruisers, destroyers, frigates and algerine escort vessels. A second aircraft carrier will be added late in [illegible].

Naval bases at Halifax and Esquimalt, B.C., have been steadily adapted to new requirements and training of the first of the target of 18,000 reserve personnel is being carried out at 19 naval divisions across the Dominion.

The first major peacetime training cruise was that of the cruiser Uganda which made the 18,000-mile voyage around South America early in 1946. Later Uganda and the destroyer Crescent took part in training cruises off the coast of British Columbia and in Alaskan waters.

Skin Disease Treated Successfully

QUEBEC. — The Chronicle-Telegraph said in a news story that calciferol, medical term for vitamin D2, discovered by Dr. Charpy of France, in July, 1943, has been used successfully for the first time in Canada by two Quebec skin specialists in the treatment of lupus, an ulcerous skin [illegible].

Dr. Emile [illegible], chief dermatologist of Quebec Hotel Dieu hospital, and Dr. Jean Grandbois, his assistant, the Quebec specialists, said the drug has been used in several cases of tuberculosis of the skin over the past four months and that patients showed "major improvements" after treatment.

RESCUED IN HOTEL FIRE— When the extension ladder was half a floor short, a fireman [illegible] into a ninth floor window [illegible] hotel fire in [illegible] and carried a woman guest [illegible] to other firemen [illegible] safety. Several hundred guests were forced into the street.

PARCEL POST RATES REDUCED TO U.K.

OTTAWA. — Postmaster General Bertrand announced "considerable reductions" in parcel post rates from Canada to the United Kingdom.

Under the new scale the rate will be 24 cents for the first pound with an additional 15 cents charge for each pound up to 10 pounds, a $2 charge for parcels over 10 pounds and up to 15 pounds, and $2.50 for parcels over 15 pounds and up to 20 pounds.

The existing parcel rates are 24 cents for the first pound with 18 cents for each pound up to 10 pounds, $2.50 for parcels over 10 pounds and up to 15 pounds, and $3 for over 15 pounds and up to 20 pounds.

Mr. Bertrand said the appreciable saving made possible by the new postage rates will greatly facilitate the sending of gift parcels by Canadians to friends and relatives in the United Kingdom.

Over Twelve Million Canadian Citizens

OTTAWA. — Legally speaking, a whole new race of people were born on New Year's day when approximately 12 million persons residing in Canada [illegible]

[illegible]

GETS THE TURKEY

VANCOUVER. — [illegible]

[illegible]

NOTED SPORTSMAN DEAD—P. J. Mulqueen, noted Canadian sportsman and a former chairman of the Ontario Athletic commission, died at his home in Toronto, Ont., recently. In his younger days Mulqueen was active in lacrosse and rowing circles but for several years he has enjoyed a number of official appearances in the sports world.

Canada's Labor Picture Appears Bright For 1947

OTTAWA. — Canada's employment situation is remarkably good, confounding the pessimists who prophesied widespread idleness, Labor Minister Mitchell said in a recent message.

Expressing hope for gradual [illegible] industry in 1947, the minister said reconversion had moved with expedition and "considering what we may have expected in the way of post-war problems I feel that we have come through the first 16 months much better than might have been anticipated."

Reports from a large group of employers showed employment this year was more than 15 per cent higher than in 1939. In the manufacturing industries the increase was more than 60 per cent, while in logging it was more than 150 per cent.

We are further fortified of course in having the protection of unemployment insurance against particular situations of temporary unemployment. Before the war we had built up no social measure of this kind.

Without being too optimistic, one may look to 1947 with confidence. Apart from seasonal setbacks which were to be expected in late 1946, the general level of employment shows no tendency to drop. On the contrary there are factors which should make for a continuance of the present level. We still have many shortages which can be overcome only by increased production.

Further Cuts In Income Taxes Likely

OTTAWA. — Now that Finance Minister Abbott has forecast a balanced budget and possibly a surplus in the fiscal year which ends March 31, the country will demand further cuts in income taxes, observers agreed.

The government [illegible] to accede to [illegible] the big decision it must make is what form these cuts will take. [illegible] a good way would be to boost exemptions [illegible] married persons from $1,500 to $2,000 and [illegible] persons from $750 to $1,000.

[illegible]

$240,403,175 PAID OUT IN FAMILY ALLOWANCES

OTTAWA. — The health department reported that its welfare branch paid out $240,403,175 in family allowances in 1946, an average of approximately $4 a month for each of the more than 3,000,000 children eligible.

The [illegible] statement reviewed the department's activities during the year which it said had been marked by an extension and consolidation of its work.

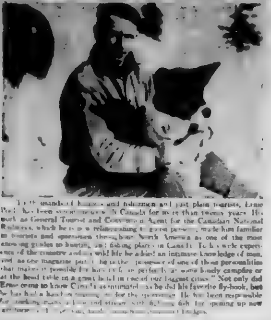
GRANTS AMNESTY—Gen. Joseph T. McNarney has announced that [illegible] Nazis have been granted [illegible] the taint of Hitlerism in a [illegible]. The [illegible] were affected perhaps a third of all the Germans. [illegible] statutes [illegible] by the Germans. Also affected were [illegible] who suffer from a more [illegible] disability.

Governor-General's Personal Christmas Card A Family Photo

Personal Christmas cards with a picture of himself and family, as shown here, were [illegible] Viscount Alexander, governor-general of Canada, this year. A Toronto photographer [illegible] prints.

[illegible] with his camera is photographer who took the [illegible] chosen by His Excellency. It was taken the first day the viscount [illegible] Canada.

"MR. CANADA" RETIRES



To thousands of hunters and fishermen and just plain tourists, Ernie Pool has been synonymous with Canada for more than twenty years. His work as General Tourist and Convention Agent for the Canadian National Railways, which he is now relinquishing to go on pension, made him familiar to tourists and sportsmen throughout North America as one of the most amazing guides to hunting and fishing places in Canada. To his wide experience of the country and its wild life he added an intimate knowledge of men, and as one magazine put it, he is the "possessor of one of those personalities that makes it possible for him to fit in perfectly at some lonely campfire or at the head table in a great hotel in one of our biggest cities." Not only did Ernie come to know Canada as intimately as he did his favorite fly-book, but he has had a hand in [illegible] for the sportsman. He has been responsible for stocking many a lake and stream with fighting fish, for opening up new [illegible] lodges.

SCHOOL-CHILD CARE

For families with school-age children, the Child and Maternal Health Division of the Department of Health and Welfare, Ottawa, has drawn up the following "Safety Rules" which, it says, should become the order of the day in every household:

1. Adequate rest, plus a properly balanced diet, will set up safeguards against the hazards of ill health.

2. Never allow a child to go to school without breakfast. This invites trouble.

3. Allow sufficient time in the mornings for proper toilet habits, dressing, eating (not just stuffing)—and caution the child against traffic hazards on the way to school.

4. Make sure your child receives the "booster" dose of Diptheria toxoid. Diptheria still kills Canada's children.

5. Protect your child with Vaccination. Smallpox is almost a thing of the past here, but it can return if all children are not vaccinated.

6. Teach your child to drink at least three glasses of water daily. This aids in elimination of waste and poisonous products by washing the body tissues.

7. Dirty handkerchiefs spread disease. Teach your child the safe way—use of sanitary tissues.

8. Clean hands and clean [illegible] average. Ensure this several times daily plus a tub bath at least weekly.

Sceptic: "I could have made a better world than this."

Sage: "That's why God put you here—go to it."

Notice to Creditors and Claimants

IN THE ESTATE OF JEREMIAH O'SULLIVAN, late of Vermilion, in the Province of Alberta, Clergyman, Deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above-named Jeremiah O'Sullivan who died on or about the 29th day of October 1946, are required to file with the undersigned at his office 607 Tegler Building Edmonton by the 1st day of March 1947 a full statement duly verified of their claims and of any securities held by them, and that after that date, the Executor will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to his knowledge.

MUNICIPAL DISTRICT OF VERMILION RIVER, No. 71

LANDS FOR SALE

The following lands are offered for sale by the Municipal District of Vermilion River, No. 71:

N. E.	Sec. 6, Twp. 50, R. 5, W4th M.
S. W.	Sec. 30, Twp. 55, R. 2, W4th M.
N. E.	Sec. 10, Twp. 55, R. 1, W4th M.
N. E.	Sec. 21, Twp. 49, R. 6, W4th M.

Thos. Wilson, Secy-Treasurer,
Vermilion, Alberta. 35x

Stagette Notes

The Stagettes gathered in the Club room for their first meeting of 1947 with a very good attendance.

After the singing of the club song business got underway in the usual manner.

Greeting cards and letters were received from other clubs all over the Dominion, also many cards of appreciation.

Don't forget the coffee girls for next week.

Look for posters and further information regarding the whist drive and dance coming sometime soon.

Thanks are extended to each and everyone who helped to make the Holly frolic a success.

DEWBERRY

After a long lay off we are back again and hope to give you more news of the district for the New Year.

Very changeable weather did not hault the crowd from attending the Christmas concert also the wedding dance on New Years day. Before Christmas it was 30 above and on New Years night 35 below zero.

We offer congratulations on two occasions today. One to Mr and Mrs. Albert Dunnill who celebrated their silver wedding on Dec. 29th; the other to Mr and Mrs. Milo Hodgson (nee Iris Dunnill) who were married New Years day. Nearly 300 people attended the wedding dance despite the 35 below weather.

The Dewberry hockey team played to a 1-all tie at Clandonald Sunday. The return game will be at Dewberry Friday night.

Several of our truckers have gone to the lumber camps to haul lumber. These include Dick Schritt, Orville and Raymond Fleming.

Billy King and Alfred Christman have gone to High Prairie by car where they have jobs sawing pulp wood.

Mr and Mrs. Albert Dunnill intend leaving shortly for a visit to Vancouver.

Mrs. John Anderson is visiting her parents at Sudbury, Ontario.

Mrs. Fred Collins of Hazeldine is leaving shortly for England where she will renew friends and relations of childhood days.

A gentle reminder to all those people who do their kicking at home—the annual meeting of the Vermilion River M.D. will be held at Kitscoty Feb. 15th.

An important meeting of the Dewberry A.F.U. local will be held the first Saturday in February when it is hoped to have one or two councillors present.

Think not of the quantity of New Years resolutions you have made but of the quality of them. Do unto others as you would have done unto yourself—a good motto for the feeling of brotherly love to one another.

Buckets of Money

Strange things happen at post office counters. One of the strangest was when an old farmer handed a bucket full of money over the counter with the remark that there was a thousand pounds ($4,000) for the Bank and National Savings. The somewhat dazed clerk, more used to bags than buckets as money containers, counted the money and found only £900 ($3,600). The farmer asserted that he had counted the money only that morning, and he was sure it was £1,000. The clerk made another count and still it was only £900. The farmer then had a brain-wave: "The wife has given me the wrong bucket."

Bowtell Bulletin

Miss E. Korluk of the University spent the Christmas holidays at the family home at Borradaile.

Mr. and Mrs. E. Jones and Mr. and Mrs. Perkins and family were New Year day guests at the Dodolly home.

E. Williams is a patient in the hospital at time of writing having had his tonsils out.

Mrs. L. Payne is a patient in the hospital at present and Mrs. Evans had a bad fall on the sidewalk at the Co-op store suffering a broken hip. Best wishes to each for a speedy recovery and return home.

Mrs. H. Simcoe and children spent last week visiting relatives at Derwent.

Mr. and Mrs. Rochford and family visited Wednesday at the Arnold home. Mrs. Arnold expects to leave in the near future to visit her parents and relatives whom she hasn't seen for some years.

Mr. and Mrs. F. Robinson and Margaret were dinner guests at the home of our dear old friend Barney Powell. The writer was again told what a swell cook Barney is.

At time of writing Baby Maggs is on the sick list.

Mrs. Fenton is now the owner of a power washing machine, her son Jack gave it to her for a Xmas present.

We wish to thank Mrs. Gannon who kindly donated a pound of coffee for the Busy Bees' next dance.

Mr. and Mrs. Maggs were Sunday visitors at the Arnold home.

31 Sask. Farmers In Barley Wins

To Announce Alberta Winners Later This Month

Thirty one Saskatchewan farmers got into the prize money in the provincial awards for that province in the $25,000 National Barley contest sponsored by the brewing and malting interests. Winners were announced at the Provincial Seed Fair at Saskatoon Jan. 7.

The honor of having produced Saskatchewan's best sample of malting barley in 1946 went to J. A. Wylie, Norquay. Mr. Wylie won the $100 regional prize in his region and was presented with an additional cheque for $400 for having won the provincial championship.

The other three provincial winners in Saskatchewan were Richard Platte, Nipawin, awarded $200; Henry Bauche, Antler, $200; Clifford S. Errat, Saltcoats, $100.

Winners of the big cash awards will be announced at the Brandon Winter fair in Manitoba which starts March 31st. There are four interprovincial prizes, $1,000, $500, $300 and $200.

Regional and provincial winners for Alberta will be announced later this month. In Manitoba the regional and provincial awards will not be known until the interprovincial prizes are announced at the Brandon Winter fair.

"Wheat Fever" Brings Drought Danger

Saskatchewan farmers are getting "wheat fever", growing large crops and not returning enough nutrients and organic matter to the soil, according to Dr J. Mitchell, soils department head at the University of Saskatchewan.

Dr. Mitchell is reported in The Financial Post as warning that should [illegible] which have been above average in recent years, return to normal drought would follow. He advocated large alfalfa crops as a counter measure.

Check that date on your label now!

School Div. Board Members are Guests of Board of Trade

AT LUNCHEON WEDNESDAY

The members and officials of the Vermilion school division were guests of the citizens of Vermilion at a board of trade luncheon Wednesday noon. The president of the Board, E. M. Stewart was in the chair and there was a nice attendance of 44.

E. C. Miller, superintendent of the school division, introduced the guests which included the chairman C. E. Thompson, W. R. Kent, A. McFarlane, J. D. Adam, C. E. MacKay, all board members and J. R. Robson, secretary-treasurer of the division.

Mr. Stewart welcomed the visitors and spoke of the great value of the work on which the board members were engaged, noting too that they expended a great deal of time and energy on behalf of the public in carrying out their duties as school board members.

In replying to the welcome on behalf of the school board, Mr. Charles Thompson gave a brief summary of the outstanding points covered since the formation of the large school division in 1939. He mentioned the trend towards centralization, the teacher shortage, and stated that the average teachers salary was now just twice what it was in 1939. Salaries were now sufficiently in line with that of other vocations he thought, to attract more into the profession and also to lure back some who had drifted away from teaching. Mr Thompson congratulated the board of trade for its progressiveness and activity, also for its efforts on behalf of the agricultural population of the district.

Mr Stewart then mentioned that one member of the board, Mr Roy Kent, was retiring after 8 years as trustee, much to the regret of everyone who knew him. Mr Kent had served on the council of the old M D of Vermilion Valley from 1920 to 1944, giving him a record of public service seldom equalled.

Mr. Kent spoke briefly acknowledging that he had not accomplished all that he had hoped but that at some future time, providing the people wanted him, he might return to help in some form of municipal government.

CARD OF THANKS

Mr Martin McBride would like to thank Dr. Sweet, the matron and the entire staff of the Islay hospital for their care and kindness during his recent illness. Thanks also to the Allandale W.A. and all those good friends who sent cards and Christmas treats.

Mr. and Mrs McBride would also like to thank all those good people who helped in any way at this time: Billie Cross for transportation to and from the hospital, Bill Armstrong and sons for hauling feed; special thanks to Mrs. Ernie Strang and daughter Caroline. During all that bitter weather Caroline came every evening to do chores and spend the night with Mrs McBride, returning home in the morning to look after her baby sister so that her mother could come to milk and look after the stock as well as doing many other kind acts. All the money in the world cannot equal good neighbors.

Mrs Strang and Billie Cross have each very kindly offered to take some of the cattle for the winter so Mr McBride will be able to have a good rest.

Tuberculosis [illegible] problem. [illegible] buted for Christmas Seal [illegible] money [illegible] will be spent for hospital bills.

Health League of Canada presents Topics of Vital Interest

BOILS—DON'T NEGLECT THEM

Increased knowledge and more effective treatment methods have helped medical science in its fight against boils.

In recent years the application of four important germ-destroying drugs, the sulfonamides penicillin streptomycin and [illegible] has proved effective in many cases.

Dr William Bolton, of the Bureau of Health Education American Medical Association, wrote in a recent issue of Hygeia that application of x-rays also had proved to be satisfactory in numerous instances.

He revealed that complicated investigations have shown that in some boils there is a slight variation from normal in the chemical reaction of the skin, in others excessive collections of secretion, forming a special culture bed for germs, and in still others a slight excess of sugar content in the skin cells. These latter however were definitely not diabetic.

Anemia A Factor

Among other general conditions found to be responsible for boils are anemia, a run down condition and excessive fatigue. It has been stated that a protein-poor diet occasionally may be responsible or under activity of the thyroid gland. Recurrent minor infections of the skin predispose to flare-ups, resulting in the formation of boils.

Normal skin harbors many germs, the majority of them being harmless. However, germs such as the staphylococcus group which cause boils may be present and cause trouble.

Dr Bolton, in his Hygeia article said that "invasion of the skin by these germs takes place often through almost invisible breaks. Also, the germs frequently start their trouble within the tiny opening of sweat glands of the special oil-producing sebaceous glands. Because the latter are associated with hair follicles, boils are observed most commonly on hairy areas of the skin."

It also is known that boils come on areas exposed to friction from clothing.

Three standard rules are generally followed in the treatment of boils [illegible] surgical understanding of the way in which boils are fought by the body. The rules are:

(1) Never cut a boil too early if it is to be cut at all,
(2) never attempt to squeeze or press out the contents, and
(3) if a cut is made never cut widely.

If you are a sufferer from recurrent boils, it would be a good idea to see your physician concerning immunization against boils.

However, in the average case all that is needed is a dressing protection. Frequently germ-destroying ointments may be indicated, if for no other reason than to prevent spread of infection to adjacent portions of the skin.

Boils are serious and should be treated by a physician or under a physician's supervision.

MINNEAPOLIS MAN RUNS AUTO RE-STYLING AGENCY

MINNEAPOLIS Minn — Jerry Stageberg 22 runs an automobile "re-styling" agency here.

Aware that people are tired of their old cars but can't get new ones Stageberg remodels their automobiles. A complete "re-styling" includes removing all chromium, changing radiator grille design and lowering the top about four inches. The trunk handle also is removed and the license plate put under glass. Result: a low, powerful-looking streamlined automobile.

Stageberg said that the general idea is to smooth up the surfaces of the vehicles by removing anything that protrudes.

MERE MAN STARTLED BY GLOWING HAIR-DO — "Now I've seen everything," said startled cameraman when he saw this phosphorescent Christmas tree hair-do worn by Roxanne North of Kansas City. The design, dreamed up by Dorothy Woolery for a special beauty school Christmas party, was declared a glowing success. The treated hair glimmers green, the top-of-tree star amber and the little slips of paper, various other colors.

Mental And Physical Control Prevents Accidents

TORONTO — "All of us voluntarily or involuntarily are 'copy cats'," states R. B. Morley, general manager of the Industrial Accident Prevention Associations, in a "memorandum issued to industrial executives throughout Ontario.

Speaking of accident prevention in industry, Mr. Morley says, "Each of us is affected by the conduct of people with whom we associate. Our conduct may readily be taken by someone else as a model for his own."

Emphasizing that accident prevention calls for mental and physical control, he says, "If we want things to be right it matters what we do and how we do it. Everything which lowers standards in the safety movement has a bad effect on accident experience. Everything which raises the tone has a good effect. Getting things right and keeping them right is accident prevention."

SELECTED RECIPES

CHEESE SQUARES

Mix the large recipe of baking powder biscuit dough, adding 1 to 2 cups grated American cheese to flour mixture. These require added liquid. Allow about ¼ cup more milk to give the soft dough desired. Roll out and cut in squares or crescents. Brush with milk, sprinkle with paprika. Bake as directed. Serve with butter, or top with creamed ham as a main dish.

EVER-READY BISCUIT MIX

Save time—keep biscuit mix on hand to use when needed, for biscuits, pie tops, or shortcake.

12 cups (3 qts.) sifted flour
4 tablespoons Calumet baking powder
[illegible] teaspoons salt
2 cups (1 lb.) shortening

Mix this triple-recipe of baking powder biscuits all but the liquid. Place in glass jars or crockery bowl; cover lightly with a cloth or plate to allow circulation of air and store in a very cool dry place. Keeps well for 3 to 4 weeks.

To use: Measure 3 cups biscuit mix into bowl. Add milk gradually until a soft dough is formed. (Takes about ⅓ cup milk.) Then knead, roll, and bake in the usual way for biscuits or a shortcake. Makes 15 to 18 biscuits.

For a meat pie top, use 2 cups biscuit mix and add about ½ cup milk.

In ancient Greece, health was considered one of the highest goods, and disease a great evil that made man [illegible]. 2708

Royal Bank Assets Reach New High

Total Now Over $2,130,000,000. Deposits Stand At $1,900,000,000. Commercial Loans Increased

The steadily increasing momentum of Canadian business, both at home and abroad, is clearly reflected in The Royal Bank of Canada Annual Balance Sheet for the year ending November 30th published recently.

Total assets which last year topped the $2 000 000,000 mark for the first time have again increased to the new record level of $2 131 974,000. Deposits by the public excluding Dominion and Provincial Government deposits, are substantially higher, having increased more than $171 000,000. It is understood that the greater part of this increase is in interest bearing deposits in Canada a clear indication that the scale of private savings is being well maintained.

The bank's investments in Government and other public securities, totalling $1,000,880,229 include $100,000,000 of Government securities other than Canadian, of which the greater portion is in United States and British Government securities. Investments in other bonds, debentures and stocks, now standing at $83,300,620, have increased by some $22,000,000.

A sharp reduction of call loans in Canada as compared with a year ago is noted. The volume of loans under this head in 1945 was abnormally high, due in large measure to the Victory Loan campaign last year.

The upward trend in Commercial Loans and Discounts in Canada, noted in last year's Report has continued, the increase under this heading amounting to $25 000 000. This figure, however does not accurately reflect the substantial increase in strictly commercial loans made by the bank in the Dominion during the period under review, because included in the figures of the previous balance sheet were substantial loans to borrowers for the purchase of Victory Bonds. This factor was of much less importance in 1946. Commercial loans by the bank's foreign branches totalling $105,964,911 also show a substantial increase of $17,000,000.

The liquid position of the bank is, as usual, very strong. Liquid assets now total $1,009,741,166, equal to 51.09 per cent. of the bank's liabilities to the public.

Profits for the year, after the usual contribution to the Pension Fund Society and appropriation for Contingency Reserves, amounted to $6 906,386. Of this amount $2,055,000 has been set aside for Dominion Government taxes and $820 401 for Bank Premises, leaving a net profit of $4,020,985. This figure compares with $3,000,047 the previous year. Out of Net Profits $2,800,000 was set aside for dividends, an increase of $700,000 for the year, and $1 220 985 carried forward to surplus, resulting in a balance of $6,467,414 in this account. From this amount $5,000,000 has been transferred to Reserve Fund, leaving a balance of $1,467,414. There has been restored to the Reserve Fund an amount of $18 000 000 which had been transferred to the bank's inner reserves as a precautionary measure in 1932 and which was not required.

HELD RE-UNION DINNER

LONDON.—Three hundred of the men of whose exploits little was heard during the war—men who operated behind the enemy lines destroying enemy aircraft on their own airfields—gathered for a reunion dinner of the Special Air Service.

Animal stars earn about $500 weekly when at work in motion pictures.

EX-G.I. LEGAL OWNER OF GOERING BROOCH—Once owned by Hermann Goering, dead Nazi war criminal, this $8,000 diamond brooch is now the legal property of Marcus Roberts, 30, Louisville, Ky., veteran shown here, who bought it in Germany from another G.I. Its origin in Germany has been traced by U.S. federal authorities.

Many Claimants For Land At South Pole

LONDON.—The scramble for the possession of the earth's last unclaimed land areas—the regions around the South Pole—promises to reach its climax during the next few months after being interrupted by the war.

The chief contestants are the British, who sent a party of 12 scientists [illegible] several weeks ago, and the United States, which despatched Admiral Byrd from Norfolk, Virginia, on December 2 with the most lavish Antarctic expedition in history. But Britons are well aware that the contest isn't merely two-sided. There are many other claimants in the field.

In The Times, the diplomatic correspondent lists these claims, many of which he says are conflicting and obscure.

Chile, the Argentine republic, Norway, France, Australia and New Zealand all claim some parts of the Antarctic territory. In many areas, these claims overlap and conflict.

Britain claims certain clearly defined territories known as the Falkland Islands dependencies, though these are also claimed by Argentine "by right of geographical propinquity"—a right, the correspondent points out, which has no basis in law.

Parts of these dependencies are also claimed by Chile, so that there is a three-way tussle. The United States officially neither makes nor recognizes the claims to domination.

The Norwegian, Australian and New Zealand claims are fairly generally recognized. Not so, however, are certain claims made by Nazi Germany before 1939. In that year, Luftwaffe planes flew over the Princess Astrid land and dropped Swastika flags. "But," says The Times, "German pretensions have never been seriously considered."

MALAYA TO HAVE NAVY

SINGAPORE.—Malaya is to have its own royal navy for the first time in history. It was disclosed here that appropriations have been approved for the formation of a "royal Malaya navy" in the 1947 estimates and the training of the nucleus of the force has already started.

Manitoba Fire Hero Given Humane Award

Credited With Saving Carberry Boys Trapped In Forest Fire

CARBERRY, Man.—A 22-year-old Carberry resident, Peter Kramarchuk, received a parchment from the Royal Canadian Humane Society, in recognition of his support and assistance to six Carberry boys trapped in a forest fire last April 20.

Mr Kramarchuk, a veteran of the R.C.A.F., is credited with having saved the boys' lives by leading them in digging a silt trench where they took shelter until the fire had passed over.

Five of the six youths concerned were present as the presentation arranged by the Brandon sub-division of the Royal Canadian Mounted Police, was made by Mayor B. W. Caldwell of Carberry. They were: George Naismith, Collins Court, Trevor Caithness, John Gibson, Wesley Whitelaw and Stuart Bradford.

The sixth, Bill Elliot, is now a patient in the Winnipeg General hospital but is reported to be making good progress. He was carried to safety by Kramarchuk, though the latter was himself badly burned. The other boys were all treated for burns at Brandon General hospital but made good recoveries.

Kramarchuk was credited with keeping up the boys' courage by telling stories and jokes as the wall of flame neared the trench and passed directly over their bodies.

Mr. Kramarchuk, a scout master, was awarded the Bronze Cross of Scouting, highest scout award, last summer, during the visit of Lord Rowallan, chief scout. Residents of Carberry had previously presented him with a gold watch.

WORLD HAPPENINGS BRIEFLY TOLD

St. Paul's Cathedral repair appeal fund has reached £80,000 ($320,000).

Canadian-made utility furniture soon will be on sale at Leeds, England.

It is planned to link the whole of Britain by a new and faster automatic teleprinter service.

A violin made in 1740 by Lorenzo Guadagnini, pupil of Stradivarius, was auctioned in London for $5,000.

Germany has a population of 64,706,106 persons or approximately 5 million less than when Hitler led her into World War II.

A group of 120 Polish refugees in Tel Aviv, Palestine, petitioned the government for permission to go to the Philippines.

Gen. Sir Miles Dempsey, commander of British forces in the Middle East, will retire July 1, the war office announced.

The Canadian government has rescinded its 1941 regulations prohibiting the importation into Canada of goods from Japan or of Japanese origin.

A New York book publisher sends out word that the last chapter of a new book had been left out and "the mistake was not discovered for some time."

The insignia of the order of the Garter, a blue velvet garter and star with St. George in gold slaying the dragon—will be sent by the king to Viscount Alexander governor-general of Canada.

Highlights of The Canadian Citizenship Act

On January 1st, 1947, the Canadian Citizenship Act came into effect. The Act was proclaimed on July 1st, 1946, and as the Canadian Citizenship Bill, was piloted through the House of Commons by the Hon. Paul Martin, Secretary of State.

The outstanding features of the Act are:

1. For the first time, our naturalization statute states that a Canadian citizen is a British subject.

2. A native-born Canadian, or a British subject domiciled in Canada, brides of Canadian servicemen, and all those who now possess naturalization certificates, are declared to be Canadian citizens immediately.

3. The bill provides for the establishment and recognition of Canadian citizenship. Formerly the only definition of Canadian citizenship was to be found in the Immigration Act. In future, all Canadian passports will carry the words, "Canadian citizen", a right which in various circumstances was not general before.

4. The bill maintains and recognizes the status of British subject with the advantage that Canadian citizenship papers will be supplied upon request after the legal period of residence. Once in possession of citizenship papers they will have the right of entry into Canada and the right to Canadian diplomatic protection.

5. Women who marry Canadians will qualify for Canadian citizenship one year after establishing residence.

6. Recognition of the status of British subjects is shown in clauses which provide that all British subjects now in Canada are declared to be Canadian citizens. Certificates will be issued upon application. Non-Canadian British subjects coming to Canada will obtain certificates in the the same way after establishing legal residence. No court room ceremony will be necessary.

7. The bill recognizes the right of women to decide their own nationality. Previously women have been classed as persons under a disability and automatically assumed the nationality of their husbands. A Canadian woman who marries a man of any other nationality may retain Canadian citizenship if she so wishes.

8. Non-Canadians who served in the Canadian armed forces outside of Canada, qualify for citizenship after one year of such service.

9. Naturalized Canadians will lose their citizenship if they stay out of Canada for a period of six years or more. Canadian citizenship can be retained in such cases only by an official endorsement on a passport or certificate of citizenship.

10. The bill provides for encouragement of education in citizenship for those applying for naturalization. It is intended that the ceremony of naturalization shall be conducted with fitting dignity and solemnity.

DEEP BREATHING

Stressing the fact that disease means decay and stagnation breeds disease, health authorities at Ottawa recommend deep breathing to sweep out the lungs and air passages with fresh air. They advise deep breathing exercises several times a day for health conservation.

The World of Wheat

By H. G. L. STRANGE
Director, Research Department,
Searle Grain Co., Ltd.

DIFFICULTIES WITH DIFFERENT PRICES

Great Britain, under the Wheat Agreement, is to be supplied with 160 million bushels of wheat for each of two years which is around 60 million bushels a year more than Britain in the past has used of Canadian wheat. But Britain is given the right to re-sell anywhere she desires any surplus of Canadian wheat she does not need for herself. Mr Strachey, the British Minister of Food has just announced that some of this Canadian wheat is to be supplied to Germans in the British Zone of Occupation and to the people of Mauritius, Ceylon, and Malta at $1.55, and that some quantities of this surplus will go to India also at $1.55. Mr Strachey further announced that Britain will also supply South Africa with some of this Canadian wheat but at the world price (which at the moment is $2.22 a bushel) and that Canada will receive the difference in price on the South African sales.

So we see that some countries of the British Commonwealth of Nations and Germany, will receive wheat at $1.55. These discriminations in prices I suggest are not calculated to create much goodwill for Canada as a supplier of world wheat.

Tigers Drop Fourth League Hockey Game

SCORE 4 TO 1 — BIG CROWD ATTENDS GAME

(Crowded out last week)

The big crowd of 777 actual paid admissions to the Vegreville-Vermilion hockey fixture Saturday Dec. 21 was treated to a real game and while bemoaning the fact that the Tigers were on the short end of the count admitted freely the visitors were a very fast outfit who flashed an amazing brand of combination and team work.

Art Wiebe appeared on local ice in a game for the first time in a good many years and contented himself by playing a strictly defensive game. Stan Waldenberger came out of retirement and centred one of the forward lines and set up Vermilions lone goal. Bob Watt was back at his old spot of centre and Ken Corson re-appeared on a local line-up for the first time in a good many years also.

The highlight of the game was no doubt the picture goal scored by Waldenberger and Doug Brimacombe. Stan carried the puck from centre ice, beat the Ranger defence cleanly by some wizard-like stick handling, drew the goalie well out of his net and slipped over a lovely pass to Doug Brimacombe who completed the spectacular effort.

Russell Carroll was referee and T. Umphrey of Vegreville was linesman.

Lineups

RANGERS — Waytkiw, Fonich, Pasch, Berman, Pilczuk, A. Klein, Hantiuk, Charuk, H. Klein, W. Dowhaniuk, G. Dowhaniuk, J. Easton, Henderson.

TIGERS — Martin, Macnab, Manyluk, Wiebe, Waldenberger, Corson, Donald, Watt, Brimacombe, Thorburn, Beiger, Cooley.

New C.N.R. V-President

M. A. METCALF

—M. A. Metcalf, C.B.E., newly appointed vice president and executive assistant, Canadian National Railways, is one of the best known and most popular of Canadian transportation men. Mr. Metcalf has been with the company for 37 years since he started as a junior clerk in the operating department of the Canadian Northern Railway. His rise has been steady and in August 1943 he was appointed executive assistant to the president, to which position he now adds the duties of vice president.

Lisping - Stammering

More than half the children who stammer or stutter in early school years eventually overcome the handicap. Stammering, which is more common among boys than girls, is the result of a spasm of the muscles associated with speech and indicates some emotional disturbance, often traceable to bad environment or to faulty training.

Lisping is due to tongue-tie, cleft palate, hare-lip or maladjustment of the teeth. It can be helped considerably and the cure lies primarily in sympathetic co-operation of parents and teachers with medical advisers.

There's no use talking a lot about people unless you think a lot of them and for them.

BE FIRM! Always insist on Maxwell House Coffee. It's *Radiant-Roasted* by a special process that captures all the *extra* flavor and goodness of the superb Maxwell House blend.

SUN SUBSTITUTES

Since cold weather makes sun-bathing difficult and since, nevertheless, [illegible] is necessary to health, authorities of the Dept. of National Health and Welfare, Ottawa, recommend, during cold weather, such foods as milk, cheese, fish, and where necessary, some fish oil in the diet to ensure intake of this vitamin.

Suffering China Calls

to Canadian Farmers

WAR has spread wreckage and suffering among the 500,000,000 people of Canada's Pacific neighbor—China.

Blasted from farms and villages, millions of Chinese families are homeless, hungry and in rags, dying daily from starvation and disease. China was first to feel the Fascist onslaught. For eight terrible years—from July, 1937 to August, 1945—China heroically breasted the aggressor's hordes. Two years longer than any of her allies!

Farmers Call to Farmers

To-day, China presents a heart-rending spectacle to Canadians mercifully spared the ravages of enemy guns and bombs. And especially to Canadian farmers!

About 83 per cent. of China's 500,000,000 people are peasant farmers. To the scourge of Japanese planes and artillery have been added, in many districts, flood or drought, and shortage of seed grain. Besides the need for food, clothing, medical supplies, hospital equipment, there is urgent need for reconstruction of farms and homes.

Canada's Aid Essential

During the war, Canadians, through The Chinese War Relief Fund, sent to China some $2,654 000 in money and over 1,464,000 pounds of used clothing, valued at some $2 979,000. But the aftermath of war can be more terrible than war itself. The world-wide relief work of the United Nations Relief and Rehabilitation Agency (UNRRA) ends March 1st in China. The burden will fall on voluntary agencies. So Canadian Aid to China (formerly The Chinese War Relief) is making a national appeal. *This is an urgent call to Canadian farmers to support this effort.*

How YOU Can Help

To make it more convenient for YOU to participate, all Elevator companies have been authorized to receive donations of part of grain deliveries as Aid to China.

When you deliver grain to your Elevator, simply tell the Elevator Agent how many bushels you wish to donate to Canadian Aid to China.

The aim is one per cent. of the storage capacity of each Elevator. Will YOU help to make this possible?

Enlightened Self-Interest

This appeal is to our common humanity as citizens of the One World from which to-day we dare not isolate ourselves. In helping to rehabilitate the Chinese, we are hastening a return to world health and progress.

But we may well remember that China is not only a World Neighbor of Canada, but a good potential customer for our products. In helping her to recover from her war wounds, we are building goodwill and laying the basis of profitable relations in the days to come.

WHAT TO DO

When you deliver grain to your Elevator, simply tell the Elevator Agent how many bushels you wish to donate to CANADIAN AID TO CHINA. Your Agent will make out a ticket in the name of CANADIAN AID TO CHINA for your donation. Official Receipts will be forwarded to you from your Provincial Headquarters for income tax purposes.

No cheque to write, no cash to pay, no mailing to do. It's as simple as that!

CANADIAN FARMERS, BE GENEROUS! CHINA, A GOOD NEIGHBOR, NEEDS YOUR HELP!

This is the only national appeal to be made in Canada during the next twelve months for Chinese relief.

Canadian Aid to China

Your grocer recommends it.
—we guarantee it.

A Popular Appointment

THE APPOINTMENT OF Mr. Francis Michael Forde to the post of Australian High Commissioner for Canada has aroused much interest in this country. During the war bonds between Canada and Australia were strengthened in many ways. Both dominions had special [illegible] operations in the Pacific and under the Commonwealth Air Training Plan, [illegible] of Australian airmen received [illegible] not only learned a great deal about Canada during their stay in this country, but they made the many Canadians with whom they came in contact more familiar with conditions in our sister dominion "down under." Thus there is more than usual interest in the appointment of a prominent Australian to the post of High Commissioner for Canada.

* * * * *

Was Deputy Party Leader

Mr. Forde who is 56 years old is described as a veteran parliamentarian. He represented a federal division in Australia for 24 years and for five years before he had been a member of the Queensland state legislature. From 1922 until his retirement last September because of personal defeat in the Australian general election, Mr. Forde had been [illegible] leader of the Labor party and in an early Labor government he was minister of trade and customs, and acting minister of markets and transport. When the Labor party came into power in 1941 Mr. Forde became the deputy prime minister and for some time in 1945 following the death of Premier Curtin he was the head of the government.

* * * * *

Held Post Of Army Minister

During the critical years from 1941 to 1945 Mr. Forde held the army portfolio in his government and he [illegible] headed the Australian delegation to the San Francisco Conference in 1945. Known for his pleasant personality and his ability as a public speaker, Mr. Forde will without doubt be a popular figure in public life in Canada during his term of office here and in addition it is clear that he brings both wide experience and outstanding ability to his new position. It is with pleasure that the people of Canada look to a strengthening of the friendly bonds between this country and Australia in the years to come.

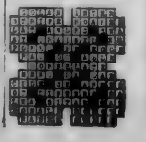
Answer To Last Week's Puzzle



Price Control And Rationing Information

Q.—Will you list for me the ration coupons which become valid in the month of January?

A.—There are five meat coupons validated in January, M66, M67, M68, M69 and M70. Two sugar-preserves coupons become valid, S39 and S40. Four butter coupons are also validated, B37, B38, B39 and B40.

Q.—My father has been in the hospital for a week and may have to stay there for several more days. Should I surrender his ration book to the hospital authorities?

A.—Every patient staying for more than two weeks in a hospital should surrender his ration book to the hospital authorities.

Q.—The Wartime Prices and Trade Board recently made an announcement about the payment of charge accounts. Would you please advise me when payments are to be made on charge accounts.

A.—Persons buying on charge accounts after the 25th of the month may be allowed until the 10th day of the second month following the purchase before payment of the account becomes due.

Q. How much has the prices of cars and trucks been increased?

A. Effective December 18 a ten per cent increase in the consumer price of new Canadian-made passenger automobiles, and an increase of seven per cent. in the consumer price of new Canadian-made commercial vehicles was permitted by the Wartime Prices and Trade Board.

FUNNY and OTHERWISE

"How did you know your husband won $500 playing cards?"

"He talks in his sleep."

"How did you get it away from him?"

"I walk in my sleep."

* * * *

It is claimed by certain authorities, that dark-headed men marry first. It is suggested in other quarters that it is the light-headed ones.

* * * *

Prosecutor (to witness)—Did you assail the plaintiff with an access of irascible sentiments?

The witness stared.

Judge (admonishing the witness) —Go ahead and answer.

Defendant—Dunno 'bout any 'rascibility. I just punched the guy on the jaw.

* * * *

Sitting in a concert hall waiting for the concert to begin, a man, seeing a little boy in front of him looking at his watch, bent forward, and asked: "Does it tell the time?"

"No," answered the little boy, "you have to look at it."

* * * *

At the meeting of a local council there had been some discussion regarding the type of milk which should be provided for the school children.

To conclude the debate the chairman rose portentously to his feet.

"Gentlemen," he declared, "what this town needs is a supply of clean, fresh milk, and the council should take the bull by the horns and demand it."

* * * *

In the smoking room of the big hotel the first had been boring every one with tales of the great deeds he had done.

"Well, now," said an Englishman at last, "suppose you tell us something you can't do, and by Jove I'll undertake to do it myself."

* * * *

Husband: "My dear wife, I have taken you safely over all the rough spots of life, haven't I?"

Wife: "Yes, I don't believe you missed any of them."

* * * *

"Thank you," replied the flood, "I cannot pay you bill here."

"Talk about persistence. Three times he asked me to kiss him and three times I refused."

"Then what happened?"

"Oh, well—one can't go on like that!"

TRAINING SHIPS ON GREAT LAKES

OTTAWA.—The government has announced a new interpretation of a century-old treaty between Canada and the United States to permit the stationing of naval vessels on the Great Lakes by either countries for training purposes.

The treaty involved is the Rush-Bagot Agreement of 1817, drawn up after the war of 1812 to regulate the presence of naval vessels on the Great Lakes as a means of settling specific problems arising from that conflict.

The new interpretation, announced simultaneously in Ottawa and Washington, results from an exchange of notes between the two governments.

In effect, this interpretation will continue the practice which developed during the Second Great War of both countries maintaining naval training vessels upon the lakes.

Canada took the initiative in the new step in a note sent by Hume Wrong, Canadian ambassador at Washington, to Dean Acheson, acting secretary of state, Nov. 16 in which he said discussions had taken place in the permanent joint defence board on the stationing of vessels on the lakes for the purpose of training naval reserve personnel.

EUROPEAN REFUGEES—Arriving with other refugees from U.S. occupation zones in Europe, Mrs. Blanka Zweren and her daughter, Anna, get their first look at their new homeland from a porthole of the S.S. Marine Marlin as it docked at New York. They will live in Chicago.

PROGRESS WAS SLOW

The destructive power of explosives only gradually increased after gunpowder was first used in firearms about 1346. TNT, first used for military purposes in 1902, is barely twice as strong as black powder was six centuries before.

About Relaxing

"I used to think I was just naturally nervous and tense. But I found out that it was the caffein in tea and coffee that kept me from relaxing."

People like that should try Postum. It's one grand drink—rich-flavored, hearty, with an appeal that's all its own.

What's more, you can drink Postum and relax like a kitten! Postum contains no caffein, nor any other drug to key up nerves or affect heart or digestion.

Postum is made instantly in the cup, just by adding boiling water or hot milk. Try it!

GEMS OF THOUGHT

LAW AND JUSTICE

Our human laws are but the copies, more or less imperfect, of the eternal laws, so far as we can read them.—James Anthony Froude.

There is but one law for all, namely, that law which governs all law, the law of our Creator, the law of humanity, justice, equity—the law of nature and of nations.—Edmund Burke.

I believe in obeying the laws of the land. I practise and teach this obedience, since justice is the moral signification of law. Injustice denotes the absence of law.—Mary Baker Eddy.

A law is valuable not because it is law, but because there is right in it. —Henry Ward Beecher.

Law is the embodiment of the moral sentiment of the people. —Blackstone.

What we seek is the reign of law, based upon the consent of the governed and sustained by the organized opinion of mankind. Woodrow Wilson.

STRAPLESS AND STRAPPED

A New York store offers a "strapless" evening gown at $1,200. The wearer of one of these obviously won't be strapped, but her husband may.

CATCH SMUGGLERS BY RADAR

Another wartime device originated by Britain has a peacetime role. The customs and excise authorities are assembling a fleet of trawlers and minesweepers especially equipped with radar, an invention by Britain which played so vital a part in wartime aeronautics to defeat smuggling. Radar gear will enable customs' ships to detect smugglers' craft in the thickest fog and overhaul them when [illegible] they would be helpless from poor visibility.

KIDNEY ACIDS Rob your Rest..

Many people never seem to get a good night's rest. They turn and toss—blame it on "nerves"—when it may be their kidneys. Healthy kidneys filter poisons and excess acids from the blood. If they fail and impurities stay in the system—disturbed rest often follows. If you don't rest well get and use Dodd's Kidney Pills. Dodd's help the kidneys so that you can rest better—and feel better. 126

RAW FURS

[illegible] western Canadian [illegible] we want to be the people who [illegible] the best returns, the [illegible] your heavy [illegible] Badger, skunk [illegible] shipment valued [illegible] or more. [illegible]

Helen Kirk Bride of Mr. Ross McKitrick

In a setting of blending chrysanthemums and fern in the Vermilion United church on Monday, December 30th, Miss Helen Kirk, youngest daughter of Mr. James Kirk, became the bride of Mr. Ross McKitrick of Calgary. The Rev. E. Sinclair Beikie officiated. The wedding music was played by Mr. W. B. Elford.

Given in marriage by her father the bride wore a gown of white sheer, made with a fitted bodice which featured a sweetheart neckline and short sleeves which were complemented by long lace mittens. Her full length veil was gathered to a bandeau of orange blossoms and she carried a bouquet of mauve chrysanthemums and fern. Her only jewelry was a single strand of pearls.

Miss Lyda Currah attended the bride as bridesmaid. She was gowned in sky blue silk with which she wore a matching calot with a fingertip veil.

Best man was Mr. W. Gowdie and the ushers were Mr Paul Bedard and Mr George Davis.

After the ceremony a reception was held at the Noonan home where 30 guests were received by Mrs. Kirk who wore a floor-length gown of black chiffon velvet with a black lace jacket and a corsage of mauve baby chrysanthemums.

The bride's table was laid in a handworked linen cloth and centred with a tiered wedding cake embedded in white tulle and flanked by colored tapers.

Toast to the bride was proposed by Mr. J. K. Swanson.

The newlyweds left later by car for Calgary, the bride travelling in a wool dress topped with a turquoise coat trimmed in red fox fur. Her accessories were in black.

Out-of-town guests were Mrs. Eddie McLuskie and Miss Nan McLuskie of Edmonton, Mrs. Jack McLeod, accompanied by Jack, Christine and Theresa, all of Edson.

Messages of congratulations were received from Mr. and Mrs. Walter McIntosh, Edmonton, the bride's brother-in-law and sister; and from the groom's brother and sister in Calgary.

Vows Exchanged at Turner Valley Church

MANYLUK—DYER

Spruce boughs and lighted candles were the setting of a pretty wedding which took place in The Lewis Memorial United church of Turner Valley on December 28th at 5 p.m. when Miss Evelyn Mary Dyer of Turner Valley exchanged nuptial vows with Mr Frank Manyluk of Vermilion. The Rev. T. M. Karpoff of Turner Valley performed the ceremony.

Given in marriage by her father the bride wore a floor-length gown of white tulle over satin with sweetheart neckline and buttoned down the back. French lace trimmed the long sleeves and bodice. Her floor-length veil was held in place by a beaded crown. She wore a double string of pearls, gift of the groom and carried a bouquet of red roses.

Mrs. Norma Alger attended the bride as matron of honor. She wore a floor-length gown of yellow taffeta with yellow mittens complementing the short sleeves. She carried a bouquet of white carnations tied with mauve ribbon matching her coronet of baby mums.

The bridesmaids were Miss Olga Manyluk and Miss Elsie Way. Miss Manyluk wore a floor-length gown of sky blue [illegible] over sheer with a shoulder-length veil held in place with a coronet of blue feathers. She carried a bouquet of white carnations. Miss Way wore a floor-length gown of pink sheer with a matching shoulder-length veil held in place with a coronet of pink feathers. She carried a bouquet of white carnations.

Mr Harold Dyer attended the groom as best man and ushering were Mr Harry Alger and Mr Pat Webster.

The wedding music was played by Miss Georgina Hemsworth. During the signing of the register Mrs. Mary White sang "Always."

Following the ceremony a reception was held at the Legion hall where fifty guests were in attendance. The toast to the bride was ably proposed by Mr R. J. Widney with response by the groom after which the bride and groom cut the three-tiered wedding cake.

Mrs. Widney who acted as the bride's mother wore a black frock with matching accessories complemented by a corsage of red carnations. Mrs. Manyluk mother of the groom also wore a black frock with matching accessories and carried a corsage of red carnations.

The bridal party later left for Calgary where the bride and groom spent their honeymoon. On return they will reside in Vermilion.

LOCAL NEWS

Mr. Ethridge Webber and Mrs. M. Webber of Tolland had the pleasure of exchanging New Year greetings by long distance telephone from Toronto Ont., on New Year's night and talked with Fred Webber, Mr. and Mrs. Roy Webber and their son Orvin. Mr. and Mrs. Fred Webber were visiting in Toronto during their Christmas vacation.

Mr. and Mrs. P. J. Keitges of Elk Point have announced the marriage of their only daughter, Dolores Elizabeth, to Mr. Evan Jones, Jr., eldest son of Mr. and Mrs. Evan Jones of Viking. The wedding took place on December 27th.

Mrs. Shrigley has now taken up residence in Edmonton where she intends to reside in future. She is living at the home of Mr. and Mrs. Bob Hagen at present.

Elks Install New Officers

HEAR REPORTS OF YEAR'S WORK —DONATIONS AMOUNT TO OVER $1400.00

With installing officer D.D.G.E.R. Bro. Gordon Park in charge, officers of Vermilion Lodge, B.P.O. Elks for 1947 were duly installed at the regular meeting held on Tuesday evening. Bro. Park was assisted by Bro. A. J. LeRossignol as Asst. Installing Officer, and by Bro. J. J. Part, secretary pro-tem. Following are the members who will guide the destinies of Vermilion Elks for 1947.

Exalted Ruler—Bro. Don Logan
Past Exalted Ruler—Bro. G. A. Park
Leading Knight—Bro. Henry Powell
Loyal Knight—Bro. Stan Waldenberger
Lecturing Knight — Bro. George [illegible]
Historian—Bro. Russell Carroll
Chaplain—Bro. R. Barwick
Sec.-Treas.—Bro. R. Harkness
Esquire—Bro. Frank Welsh
Inner Guard—Bro. Ted Elley
Tyler—Bro. Victor Tillett
Trustee—Bro. Vernon Cooper.

Previous to the installation ceremony Bro. J. J. Part, retiring treasurer, presented the financial statement for the past year, showing the Lodge to be in a most healthy condition. It was he stated perhaps the best statement ever presented during his 11 years as treasurer. Chief items of expenditure for 1946 were over $[illegible] for donations and charitable work and $400 toward the race program of the Vermilion Fair. $200 was given towards purchasing equipment for the kiddies playgrounds in the east and west ends of town.

Letters of thanks were read from recipients of Elks Christmas gifts. The case of a young returned man, recently married, whose home and entire contents just a day previous to their moving in, was destroyed by fire, was brought to the attention of the Lodge, and as a result the dance committee was instructed to arrange for a benefit dance, total proceeds to help towards re-establishing the young couple.

Following the installation of the new officers business was proceeded with including appointment of standing and special committees.

The Elks will again sponsor the feature horse race at the Vermilion Fair to the extent of $500, while provision was made for substantial financial support to Pee Wee hockey and playground committees.

ELKS RING PRESENTED TO RETIRING SEC.-TREASURER

A most pleasing event of the evening was the presentation to Bro. James J. Part, retiring after 11 years of continuous service to the Lodge as secretary-treasurer, of a splendid Elks ring. The presentation was made on behalf of the members by Bro. Don. Taylor, who spoke of the splendid and conscientious work done by Mr. Part and of the growth of the Lodge during his term of office. Bro Part was taken completely by surprise and expressed his deep thanks for the honor given him. He had, he said, enjoyed doing what he could for the Lodge and had spent many hours of fellowship as a member during his term of office.

A substantial luncheon was served at the conclusion of business.

St. Saviour's W. A. Hold Annual Meeting

ACTIVE YEAR REPORTED — OFFICERS ELECTED

The annual meeting of St. Saviour's W.A. was held at the Rectory on Thursday, Jan. 9th, when the secretary, Mrs. E. Sweatman, presented an excellent report of the past year's work. The officers elected for 1947 were:

President—Mrs. W. Leversedge
1st Vice-Pres.—Mrs. J. R. Robson
2nd Vice-Pres.—Mrs. A. G. Sinclair
Secretary—Mrs. A. V. [illegible]
Treasurer—Mrs H. Reid
Little Helpers Secretary—Mrs K. H. Buckingham
United Thank Offering Secretary—Mrs. Hodgson
Flower Fund—Mrs. Manyluk
Dorcas Secretary and Prayer Partner—Miss Grace Bury
Educational Secretary — Mrs. G. [illegible]
"Living Message" Secretary—Mrs. A. G. Sinclair.

NEW SCHOOL OPENS at ISLAY

At Last we have moved into our new public school. It is a fine building, one that should make us all proud to have in the village. If environment tends to make good or bad citizens then this school should turn out very good citizens indeed. With a bit of co-operation from parents and children this lovely building may well be kept in its present condition.

Mr Anderson and Miss Beesie have gone to Edmonton for a few days.

Mr Clarence Robertson is in charge of the Alberta Pacific elevator at present.

Charlie Robertson sold a fine bunch of cattle the past week. A fine price too.

Fulton Terrance has been engaged as janitor of the new school.

Donald Maclnnis left for his home in Halifax, N.S.

Who do you suppose has a pair of kittens called Alex and Frankie?

Curling to Start in District Championships

H. R. Parker has been appointed umpire in charge of the draw for district number 9 for the McGavin Ltd trophy district curling championship. Any rink may enter this competition, play downs in each club are completed and the winners of the various clubs then meet. The ultimate winner of this district goes to the Edmonton bonspiel and meets the winners of the many other districts in a special competition.

Included in district 9 are Mannville, Vermilion, Islay, Kitscoty, River course, Paradise Valley.

The annual meeting of the Clandonald Legion Post 146 will be held Saturday Jan. 25th at 4 p.m. in Clandonald. 36-7

Farm Home, Contents Destroyed by Fire

SEVERE LOSS IS SUFFERED BY YOUNG VETERAN AND BRIDE

Mr. and Mrs. Angus MacDonald, a young soldier and his wife of the Clandonald district suffered the loss of their newly renovated farm home and complete furnishings by fire on Thursday, Jan. 9th. The young couple were married last July and had not yet taken up residence in their new farm home which had just been renovated and furnished. In fact they would have moved in the next day and the fire occurred while Mr. MacDonald was away to bring his wife to their home. They had no inkling of the disaster until they drove within sight of the location of the house. Included in the loss were a large number of wedding presents.

Mr. MacDonald served in the second great war as a corporal in the Royal Canadian Engineers and spent five years overseas taking part in the campaigns of Sicily, Italy, and the offensive on the western front. He returned to Canada and received his discharge in September 1945.

Super Hockey Fixture Wednesday, Jan. 22nd

EDMONTON A. C. VS. TIGERS

A super hockey attraction has been arranged for Wednesday next week, Jan. 22nd commencing at 8:30 p.m. when the Edmonton Athletic Club Juniors meet the Vermilion Tigers. Please note that the game will start at 8:30.

Admission is 50c and 25c and reserved seats may be procured at the creamery anytime, and at the rink the night of the game. If you want your general admission ticket to avoid having to wait in line at the rink you may get this at the creamery anytime also.

The game will give Vermilion and district fans an opportunity to observe Memorial Cup class of hockey right on our own ice, and will also serve to show just how good the hockey is that our boys are playing.

TIGERS DEFEAT HUSKIES ON HOME ICE

SCORE 5 TO 4 IN OVERTIME

Vermilion Tigers defeated Lloydminster Huskies again Wednesday night at the Border-town 5-4 in overtime. Brent Macnab Jr. scored the winning goal at 9:55 of the extra 10 minute session, taking a pass from Stan Waldenberger. Other Vermilion marksmen were Doug Brimacombe from Bob Watt in the 1st; Art Wiebe unassisted, Les Williams unassisted, and Williams from Watt in the 2nd, giving Vermilion a 4-0 lead as the 3rd period started. The Huskies tied it up and forced the game into overtime with the Tigers coming through in the pinch to take the two valuable points.

A very large crowd of hockey fans accompanied the Tigers, two busses being loaded as well as numerous private cars making the trip.

Coming home the hockey bus was forced into the ditch by a road hog and turned over. Fortunately no one was injured beyond a severe shaking up and a few bruises.

LEAGUE STANDING

Eastern Alberta Hockey League

Team	P	W	L	Pts.	F	A
Vegreville	6	4	2	8	41	33
Vermilion	7	3	4	6	32	36
Lloydminster	7	3	4	6	29	29

Vegreville Rangers Here on Saturday

TIGERS HAVE CHANCE TO SHARE LEADERSHIP

Vermilion Tigers will have a chance to share the league leadership when they clash with the Vegreville Rangers here Saturday night. Vegreville is sitting on top of the heap at present but the Tigers have rung up three straight victories. These wins put Vermilion on even footing with Lloydminster and within striking distance of the Rangers.

Check that date on your label now!

"GREEN ACRES"

AGRICULTURAL BOARD

On Saturday the Agricultural Service Board of M.D. of Minburn met at Mannville. Among other things it was recommended that a Warble Fly control campaign be organized, that summerfallow notices on 3000 acres of thistle infested land be rigidly enforced, that farmers be urged to crop weedy land with an early barley such as Olli, that more weed meetings be arranged at country schools, that farmers be warned to be on the watch for the new weeds Leafy Spurge and Hoary Cress and that the supervisor organize a campaign to check the spread of Tartary Buckwheat.

ORDERS FOR BEES

It would appear that package bees are going to be more scarce than ever this year. Everyone requiring bees should place orders immediately. The price for bees will be higher but what is $2 more when the extracting time comes around.

PLOWING SNOW

One enterprising farmer in the Clandonald district has ridged the snow in his fields so that more will be caught from later storms. This is recommended practice as a great [illegible] more moisture is obtained from the piled up snow drifts.

BLACKLEG INOCULATIONS

Our provincial Veterinarian Dr. P. R. Talbot advises that calves be inoculated for blackleg before the herd is turned out on summer pasture. He further states that this inoculation protects the animals only for about six months hence all the calves should be done again at weaning time. When calves are inoculated at six months of age or older the immunity lasts for the life time of the animal. It is therefore recommended that two inoculations are necessary if full protection is to be obtained.

CROPPING FOR PROFIT

A new publication issued by the University of Alberta entitled "Cropping for Profit and Permanency" is now available at your D.A. office. This booklet contains 55 pages of vital information for grass growers. It was written by W. Earl Bowser, a former Vermilion boy. During these long winter evenings a little time taken to read this publication will be time well spent and will pay dividends in the management of your farm.

Holy Name Parish Welcomes New Pastor

REV. FR. McQUAID APPOINTED TO VERMILION

Rev. Fr. P. W. McQuaid newly appointed pastor of Holy Name parish, was guest of honor at a social held by his parishioners on Monday night in the Masonic hall. Prior to his appointment here, Rev. Fr. McQuaid spent four years with the Canadian Army Chaplains, serving one year in Canada and three years overseas. Previous to that time he was parish priest for some 19 years at Leduc.

Mr. George Martin was master of ceremonies with Mrs. Hugh Brown accompanying at the piano for the musical numbers. Misses Glenna Martin, Frances and Kay O'Donnell, Eileen Shattuck, Eileen and Bridget Toner took part in the latter, while two comical numbers were rendered in his usual jovial manner by Mr. George Martin. Rev. Fr. McQuaid then thanked all in well chosen words for welcoming him here. Later refreshments were served. Mrs. Hugh Brown, Mrs. Jack Carroll, Mrs. H. McMann and Mrs. John Toner were in charge of arrangements.

Variety of Matters At Council Meeting

The regular meeting of the town council was held Jan. 13th with Mayor Morrison and Crs. Boake, Bushell, Dawson, Stephens present.

The following motions were passed:

That this Council, in compliance with Section 16 (3) of the Alberta Assessment Act, do hereby adopt the assessment of land and buildings or improvements made in 1946 as the assessment for the current year of 1947.

That Franklin Press, Toronto, be given contract, printing debentures for Sewer and Water at $1.04 each as per offer.

That the Mayor and secretary be authorized to execute agreements with C.N.R. re Sewer and Water lines under right of way as submitted to the Council.

That the Curling club be granted the use of the skating rink for Feb. 24, 25, 26 and 27.

Re off-schedule games. Hockey club is to arrange for these games with the Rink committee. All expenses are to be paid and net proceeds to be split 50-50 between the Hockey club and town. Any deficit to be borne by the Hockey club.

That the Mayor and secretary be authorized to sign agreement re option on land between C.I.L. and Town of Vermilion.

That Plant employees be granted a salary increase of 10% retroactive to Jan. 1st 1947 with time and a half for all statutory holidays and overtime.

That Lot 1 Blk. 47 be sold to R. B. Spencer for $25 on conditional sale agreement.

That the following moving and building permits be authorized: Vermilion School Division Lot [illegible] Blk. 21 garage 26x40; C. E. Calvert Lots 1-16, Blk. 28 residence $3,[illegible]; N. B. Wiebe move 12x24 shed to Lot 7 Blk. 9 and improve same; Ambler Bros. move garage Lot 21 Blk. 5.

That Vermilion Athletic Assn. be granted use of rink on Feb. 4 1947, for hockey tournament for $15.

That J. Brimacombe be appointed Returning Officer for 1947 and A. C. Heckbert be appointed auditor for [illegible]

OBITUARY

MRS. MARGARET MacKENZIE MORRISON

The funeral services of the late Margaret MacKenzie Morrison, wife of Mr J. W. G. Morrison, and who passed peacefully away at her residence on Monday morning January 6th took place Wednesday afternoon from the First United church. Rev. S. M. Reikie minister of that church and Rev. Dr. Leverredge, Rector of the St. Saviour's Anglican church officiating. The choir was under the direction of Mr. W. B. Ellard and sang "Lead Kindly Light" and other hymns, favorites of the deceased. The floral tributes were massed in front of the pulpit and were beautiful in effect. All the seats in the church were filled with people come to pay their last respects to the departed. Seated with Mr. Morrison were Mrs. Maxine Wittingenstein of Vancouver, niece of the deceased, Mrs. Helen Walls of Drumheller, niece of the sorrowing husband, Mrs. Kate Redmond and Mrs. Barbara Hill, both long-time friends of the deceased. The pall bearers were Messrs. Melvin Hill, E. M. Stewart, R. W. Bushell, Kenneth MacDonald, W. P. Pilkie and S. C. Hockbert. The interment took place in the beautiful Vermilion cemetery on a rise overlooking the town which the deceased loved so well and in which she had resided for over 25 years and taken part in social and church life of the community. The services at the graveside were brief and taken part in by both Mr. Reikie and Dr. Leverredge. The funeral arrangements were in charge of Moyer Bros.

Beautiful floral tributes were received from the following:

John, Brother George and family; Aunt Christy and Girls; Maxine; Clara and Willa. Vermilion Town Council and Citizens. A.F. & A.M. Lodge No. 24, Vermilion; Vermilion Chapter A.F. & A.M.; St. Saviour's W.A.; Holy Name Parish; Vermilion Women's Institute; Frog Lake Chapter I.O.D.E.; Vermilion Fire Brigade; Staff at the Power House; Vermilion Agricultural Society; Canadian Legion Vermilion Branch; Ladies Auxiliary to the Canadian Legion; Vermilion Old Timers Association; Telephone office staff; Pastime club; B.P.O.E. Lodge Vermilion; Mr. and Mrs. Melvin Hill; Mr. and Mrs. A. West and Mr and Mrs Elmore Stewart; Mr and Mrs. S. C. Hockbert; Mr. and Mrs W. P. Pilkie, Billie and Bert Pilkie; Mr. and Mrs. K. VERMILION . . . ALBERTA
ESTABLISHED 1920
Published Every Thursday Afternoon
At the Office, Main St.
S. R. P. COOPER — PUBLISHER

Vermilion, Alberta, January 16, 1947.

PRAISE FOR VERMILION BOARD OF TRADE—

The following is a portion of an editorial which appears in this week's Wainwright Star: "The Editor, along with four other delegates from Wainwright had the occasion to visit Vermilion and be a guest of the Vermilion Board of Trade last week, and there is little doubt that the reason our sister town is such a booster is because of their very strong Board of Trade.

"Wainwright has the opportunity to make Wainwright a booster town through its Board of Trade but not until the town gets behind the organization and backs and works for it to the limit."

A PROBLEM FOR ALBERTA —

The newspaper reports from Edmonton of the meeting of the Alberta school teachers, during the Christmas holidays, should be a cause of concern to all parents in Alberta.

According to the figures given there is a shortage of approximately 2300 teachers in this province and between 14 and 20 percent of the children are receiving their education by mail. This is a serious situation.

The reason for this shortage of teachers is according to reports, the smallness of the salaries and the lack of assurance of a promising future.

It is impossible to expect the municipalities to assume a larger share of the cost of schooling and therefore it is up to the government to shoulder the additional burden.

It is generally recognized that the progress of a nation depends upon the soundness of its educational facilities. This being the case there should be no argument as to where the duty of the government lies.

THE WEATHER . . .

The week from Thursday last turned mild, got cold for Monday and Tuesday, mild Wednesday and Thursday with the forecast for cold again Friday. Here are the warm and cold spots for the week.

Day	High	Low
Thurs. Jan. 9	26	16.5
Fri. Jan. 10	24.8	10.2
Sat. Jan. 11	17.8	0
Sun. Jan. 12	9.2	5.3
Mon. Jan. 13	-8.0	12.2
Tues. Jan. 14	-11.3	-22.6
Wed. Jan. 15	14	-22.4
Thurs. Jan. 16	34	

The low point for Friday is forecast as 15 below with the warmest Friday 5 below. Considerable snow is expected within the next 24 hours with high winds shifting from west to the north. Heavy drifting is already in evidence Thursday.

Stagette Notes

Tuesday Jan. 14th the Stagettes gathered in the club room for the second meeting in the new year.

The cold weather had no effect on keeping any of the girls home. We had a very good attendance, which all helps to win the goal we are aiming for at the next convention.

After the singing of the club song the minutes were read, while busy hands and nimble fingers didn't lose any time at sewing, knitting, etc., making every minute count and worth while.

Girls, our handicraft meeting was put off until Jan. 28th owing to the Bonspiel dance on the 21st.

Mrs. Henry Powell was our guest speaker for the evening. She took us on a trip to England. It was all very interesting and I am sure we all learned a great deal. We were very glad to have you Mrs. Powell and thanks again for coming.

After the repeating of the club creed we went to the Boston for lunch.

Tigers Win from Huskies

CLOSE 2-1 DECISION SATURDAY NIGHT FOR LOCALS

Vermilion Tigers took a closely contested league game from Lloydminster Huskies at the local arena last Saturday night by a close 2-1 count. The game was an exciting one, made more so by the large number of Lloyd supporters present taking exception to the strict but impartial refereeing of Fred Brimacombe. Three of the more ardent Husky fans even hurled their hats onto the ice surface at one stage of the proceedings.

The Tigers had a distinct edge in the opening period and did everything but score. The visitors opened the scoring with their lone goal in the second period when Savoie picked up a loose puck and beat Hunter. They held this advantage going into the third when Les Williams of the Tigers scored twice, the first unassisted and the second on a pass from Bob Watt.

Paid admission numbered 257. Fred Brimacombe was referee and Frank Spencer linesman.

Lineup

LLOYDMINSTER—Nelson, Kinney, Riley, Miller, Thoreson, Adkinson, Mills, Larkin, Sunderland, McLean, Duffield, Meunier, Savoie.

VERMILION—Martin, Wiebe, Manyluk, Waldenberger, Watt, Brimacombe, Williams, Reigner, Donald, Macnab, Thorburn.

Summary—Goals, 2nd period, Savoie. 3rd, Williams; Williams from Watt.

Penalties—1st period Meunier; 2nd, Duffield, Thoreson, Thoreson; 3rd, McLean, Miller, Savoie, Thoreson, Williams.

MORRISON

OUR COMPLETE SHORT STORY—

HEAD OF A FAMILY

By ONA FREEMAN LATHROP

Copyright Wheeler Newspaper Syndicate

JONATHAN Kell sat on the stoop of his neighborhood drugstore fanning himself with his old Panama. Hot again today. He'd have to order extra ice-cream. All the neighborhood kids would be wanting cones before night. Good thing he had come down early to sweep out. Nothing to stay home for anyway, and his customers depended on him being there any time of the day or night. Old Mrs. Jones forgot her prescription yesterday, and the new baby-bottles were in for Nancy Weston. He must go call her, but first he'd wait for the postman across the street.

As he waited, his eyes followed a young couple coming down the block. Something about the girl made him think of Allie May. A little twinge of sorrow rubbed the old wound afresh. It had been lonely going, without Allie May. If only—but the doctor had said it might happen to anyone.

Lyle Browning handed him the mail, a piece at a time. "Your usual quota of circulars, Jonathan, but there's one letter. Hot today, eh?" And he went his way, hitching his heavy mailing bag higher on his wet shoulder.

Jonathan recognized the writing. It was from Jen, his sister in Camden. He knew, too, exactly what she'd say again. Yes, here it went.

"Why don't you close up that grubby store and come live with me? You could find something to do here, and there's no sense in living there alone." Only this time she added a new argument: "You should be ashamed during this housing shortage to keep that nice little house standing there empty except the few hours you sleep. Or, if you won't do that, I'd better sell or rent mine, prices being what they are, and come down there. There's no sense in us using two perfectly good houses, as scarce as they are nowadays." That was Jennie, or rather, it was old Grandfather MacDougal coming out in her. Jen knew how much farther she could stretch her savings if he would come live with her. But his little store was all that made life worth living, now that Allie May was gone.

Neither did he want Jen living in Allie May's little house, using Allie May's pretty things. Jen had never liked Allie May—said she was too soft and kittenish to be a fit wife for Jonathan. She'd be for cleaning out all those things in the attic. He could just hear her now.

"Sentimental foolishness, that's all. Cart those things out, or sell them to a second-hand store."

Well, he wouldn't have it! But that thing she'd said about the housing shortage bothered him. He'd been having a nagging, guilty feeling lately every time he heard of some new family hunting a house. Well, it was his, wasn't it? His and Allie May's, and no one had any right.

The young couple was even with his stoop now, and more than ever the girl reminded him of Allie May. It might have been the way her brown shiny hair curled away from her temples in the moist heat. Or it might have been the way she walked—slipping along with short steps that could never match her man's, and holding to his arm to steady herself. The sharp little twinge of loneliness shot through his heart again, as he remembered the walks he and Allie used to take those last weeks.

"We'll do whatever the doctor says, Jenny, so everything will be just right," she'd tell him. And then nothing had been right.

He got up quickly to go in. The couple hesitated and then turned in. He held the door open grudgingly. He'd hoped they would go by and leave him alone with his memories.

"Kind of hot this morning, isn't it?" the young fellow was saying. "We decided we needed something to cool us off. Been walking all over town and Alice here needs to rest. What'll you have, honey? I'll take a coke but you'd better have ice-cream. It's more nourishing." And he gave Jonathan a proud, knowing wink.

Jonathan hurried to set the order before them. But they were in no hurry, it seemed.

"You don't know of a furnished house to rent, I suppose? We've looked everywhere but not a chance. This morning we tried just knocking at one door in each block to see if we could uncover any leads. But it's no use. Nobody wants babies nowadays, it seems. So when they see Alice they shake their heads. Of course, being head of the family, I'd go alone, but Alice says that wouldn't be fair play. Besides, I want her to pick the place. She knows about south exposures for sun-baths and all those things. And we won't be able to afford a buggy. I just started in a job at the factory and it will take all we can scrape up for the doctor bills."

He was an open-faced kid, with a disarming smile and a hopeful look. And Alice—Alice looked more than ever like Allie May with her pink tongue daintily savoring the ice cream. Allie May used to eat ice cream exactly like that—nights when he'd bring home a pint to tempt her appetite. He winced. He was being a sentimental old idiot, but he couldn't help it. He took down the key to the little white house, and took off his white apron.

"How'd you like to go around the corner and look at my little house? I've been thinking I ought to rent it to some nice young couple, that needed one enough to take care of it well."

"What? You mean you—Well, I'll be. . ." they stared at each other unbelievingly, then hugged each other crazily. But—but what will you do, sir?" they remembered to ask.

Jonathan was thinking fast himself. What would he do? Go to Jen's and give up the little store? Never! He glanced back to the store-room in the rear.

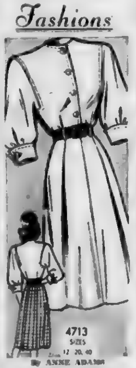
"Oh, I'll fix me a place. It'll be handy staying right here in the store. My customers sort of depend on me at all hours of the night and day. Just one thing, though. I'll need something that's in the attic."

They stopped smiling rapturously at each other to answer. "Why certainly. Anything you want. What's in the attic?"

He grinned shyly as he led the way. "Well, for the most part, it's stuff you'll be able to use. There's an old cot up there that I'll take for a bed, but the rest you're welcome to use when you need it. Bassinet, buggy, one of those new-fangled bath-tables, high-chair. You see, I once was head of the family, too."

But the tear he wiped away surreptitiously as they turned the corner was a tear of joy as well as of sorrow as he listened to their "Oh's" and "Ah's".

Fashions



By ANNE ADAMS

Smart New Classic

Looking for smart new details in a classic? Note these in Pattern 4713: squared-off lower armhole, deep cuffs, soft skirt pleats. Use all one fabric or contrast.

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions.

Pattern 4713 comes in sizes 12, 14, 16, 18, 20, 40. Size 16 takes 2⅞ yards 54-inch fabric.

Send twenty cents (20c) in coins (stamps cannot be accepted) for this pattern. Write plainly Size, Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermot Ave. E., Winnipeg, Man.

BRITISH HARDTACK

Hardtack, or "iron rations", for the British army consists of an eight-ounce cake made of cocoa, cocoa butter, milk proteins and sugar. The cake is sufficient to keep a man alive for 48 hours. 2707

Safety Rules In The Event Of Fire

Fires in hotels and other large buildings on the North American Continent recently have taken many lives. A large number of the deaths have been attributed to "loss of head during the emergency". Fire underwriters, after careful investigation of the tragedies, have recommended several fire safety rules which have saved many lives in the recent hotel holocausts. Here are some of the more practical rules to follow in the event of a fire in a hotel, or any large, multi-storied apartment building:

Read carefully all instructions to guests posted in hotel rooms. Trace the route to the nearest escape stairway.

If there is a fire, close transom at once. Fumes from the smoke-filled corridor enter the room through the transom. These fumes are poisonous and kill quickly.

Feel door for heat, then open door slightly fitting hand across the crack to test whether a hot draft is entering from the corridor. Hold head away to avoid hot gases. Brace foot against door to prevent rush of hot gases from forcing door open.

If corridor is filled with hot gases, close door tightly, using any means to stop any openings or cracks through which smoke can enter. Use wet towels to plug crack under door, or bedclothes and mattresses. Flames will require half an hour to burn through a heavy wooden door.

After all openings to the door are plugged and the room is free of smoke, sit by window and await rescue or extinguishment of fire. Open window slightly to get fresh air.

SELECTED

RECIPES

NOVELTY COFFEE CAKE

1½ cups sifted cake flour
1½ teaspoons baking powder
½ teaspoon salt
4 tablespoons butter or other shortening
3 tablespoons sugar
1 egg, unbeaten
½ cup milk
½ cup sugar
1 teaspoon cinnamon
2 tablespoons milk
2 tablespoons melted butter

Sift flour once, measure, add baking powder and salt, and sift again. Cream butter, add sugar and cream well. Add egg and beat thoroughly. Add flour alternately with milk, beating well after each addition. Turn into greased [illegible] pan. Sprinkle with mixture of sugar and cinnamon. Bake in moderate oven (350 deg. F.) 25 minutes. [illegible] mixture of milk and butter [illegible] and bake 5 minutes longer [illegible] done. Cut in wedges [illegible] Serve warm.

HAMBURGER PIE

3 tablespoons [illegible]
1 tablespoon fat
1 pound [illegible] beef
2 cups [illegible]
1½ teaspoons salt
Dash of pepper
1 teaspoon [illegible]
Potato topping

Fry [illegible] brown well. [illegible]

Turn [illegible] large casserole [illegible] Topping and bake in hot [illegible] deg. F.) 20 minutes to brown [illegible] 6 to 8.

PREDICTS BUILDING RECORDS

WASHINGTON.—United States industry and government officials forecast record-smashing construction activity in 1947, the Commerce Department predicting nearly $12,000,000,000 worth of building [illegible]. Private industry now is performing nearly 90 per cent of all construction, which this year will amount to about $15,000,000,000.

In early France only the queen and the wife of Henry II was allowed to wear red velvet.

QUICK COOKING BY RADIO WAVES

WASHINGTON.—Quick cooking by radio waves received official authorization.

A U.S. company asked the Federal Communications Commission to set aside a frequency within which its "radarange" might be operated. The company said it could grill frankfurters in 8 to 10 seconds by electronic cooking. It testified at recent hearings before the F.C.C. that [illegible] and biscuits can be baked in [illegible] seconds and hamburgers with onions can be cooked in 35 seconds.

The Commission set aside the 2450 megacycle frequency for such cooking devices. The frequency also may be used industrially for drying plywood, curing rubber and plastics, surface hardening of metals and other operations.

It may also be used by doctors for diathermy machines. These already are operating on three other wave lengths.

The Commission reported that if electronic heating devices are not assigned to particular frequency paths they interfere with broadcasting. Testimony showed that emergency police calls have been blanketed out for almost half an hour by such interference.

Saved By Ski Poles

When her friend crashed through the ice on the Napanee river, Mary Jane Hatton, nine, saved her from drowning. Mary Jane, shown here, stretched out on the ice, dug in with her toes to keep from being pulled into the water and using her ski poles pulled her friend to safety.

Donna [illegible], 11, seen here, went through the ice on the river at Napanee [illegible] grasped [illegible] and hung on until the ski poles held by Mary Jane Hatton were within reach.

Women Parachutists Fought Germans

Worked On Special Missions Before Being Captured, Murdered

HAMBURG, Germany.—First full story of three British women parachutists who fought the Germans together in France and died together before a German SS firing squad in Ravensbruck "horror" camp without revealing a word of the secrets of British airborne special missions emerged here at the trial of 16 camp guards.

The British women murdered at Ravensbruck were named at the trial as Mrs. Violette Szabo, 24, recently posthumously awarded the George Cross; Mrs. Lilian Rolfe, 28-year-old attractive brunette daughter of a wealthy Rio De Janeiro family, and Mrs. Danielle Williams, whose real name was Denise Bloch and whose parents live in Passy, France.

The three, who had dropped before D-Day on special missions in different areas of France, met for the first time since their capture in Fresnes prison in Paris from where they were sent by train to Ravensbruck.

On the same train were 37 British officers who had been working on special missions with the French resistance.

Mrs. Szabo risked her life to crawl to the British officers with bottles of [illegible] water.

Before capture she had fought it out with a Sten gun against the Gestapo until her ammunition was exhausted.

Mrs. Rolfe, who was dropped into France before D-Day as a wireless operator with the Resistance Movement, carried on alone after her superior officer was arrested and supplied vital information to London.

The three women managed to stay together even in hard labor gangs where the severe work broke Mrs. Rolfe's health.

Together they heard the death sentence read to them by the camp commandant and together they were tied to a stake and shot in the back of the neck.

SHANTUNG INDUSTRY IS BEING REVIVED

Before the war a Chinese peasant woman would [illegible] years' [illegible] of her hair for a [illegible]. In New York the hair brought about $2 a pound. The heads of four average American secretaries would yield about a pound. Chinese, especially Shantung hair, [illegible] widely used in America for wigs, toupees and hair [illegible] was [illegible] during the war. Recently Shantung [illegible] that [illegible] was being [illegible] about $2,000,000 worth has already been shipped to America at an average high of $10 a pound.—New York Times.

PRODUCTION OF FRENCH AUTOMOBILES INCREASING

PARIS.—French passenger car production is increasing from month to month, but the average French citizen has only a slim mathematical chance of getting one of the new automobiles.

A spokesman for the French Ministry of National Economy said the government hopes to double present production figures in 1947 but that it would continue the present policy of allocating 80 per cent of the output for export.

He said France is greatly interested in obtaining new foreign markets for its cars to help build up desperately needed foreign exchange balance.

By the end of the year it is hoped to have the output up to 3,000 cars monthly and to 4,000 a month next year.

Vermilion Red Cross Branch Greatly Praised For Work

Following are extracts from a letter acknowledging most recent shipment of goods to Edmonton.

"What a wonderful shipment you sent us, we appreciate it so much. We were delighted to get all of your beautifully knitted things. The boy sweaters too, will be most useful, in fact everything was just what we needed. Please thank all members who gave so much time to this excellent sewing and knitting."

The Work convener and committee hope that this appreciation of work well done will rouse workers to take out more material or wool as they are most anxious to clear out stock on hand.

The semi-annual meeting of the National Central Council was held in Ottawa last November. Their Excellencies the Governor-General who is President of the Society and Lady Alexander, were present. He paid particular tribute to the millions of food parcels sent to prisoners-of-war, stating that many young men owe their lives and health to these parcels. He said that he and Lady Alexander were proud to be associated with the C.R.C.S. and hoped the Society would continue to grow and flourish for the future good of Canada and for those who served so nobly during the war.

In the two-day session matter Red Cross peace time work including outpost hospitals, National Blood Transfusion service, First Aid, Veterans' Services, Swimming and Water Safety was reviewed and plans formulated for expansion.

It is anticipated that the new blood transfusion service will open in Vancouver on Jan. 20th.

Mrs. C. McEachren presented report of the National Women's Work committee and indicated that increased effort would be required to fulfill the needs of destitute Europe. For shipment abroad the program calls for: 10,000 layettes, plus additional clothing for children under two years; clothing for 10,000 girls and 10,000 boys, ages 2-16 and quantities of underwear, nightwear and sweaters for women.

Supplies amounting to $1,142,275 have already been shipped from the National clearing warehouse in Montreal during the past 9 months for use in Europe and Great Britain, with a fraction retained for use in Canada.

$9,000,000 Highway Program for Alberta

More than $9,000,000 for highway expenditures is planned for this year by the provincial government under a broad program of road improvements announced by Hon. W.A. Fallow, minister of public works.

Much of this will depend on the availability of material and equipment, according to information received by the Alberta Motor Association. Nevertheless, the provincial authorities are confident that many major projects will be completed.

Hard surfacing of main routes in different parts of the province is planned. This includes work on the Jasper highway and on the Trans-Canada highway in Alberta.

Between Calgary and Banff, work undertaken in 1946 will be resumed while east of Calgary the 25-mile stretch of highway to Strathmore will be hard-surfaced. Work also is projected on the Lethbridge-Coutts highway and other routes in southern Alberta.

Officials of the A.M.A. who have contended for years that all motor revenues should be spent on highway construction and upkeep are keenly interested in the government's program and are awaiting further details.

Donate Food Coupons

The Food Information Committee points out that many Canadians who have friends and relatives abroad will wish to continue sending individual parcels. In addition, however there are some things everyone can do. They can buy only for needs, avoid waste and surrender meat coupons to their local ration boards. To date the meat coupon program has enabled the Canadian Meat Board to make available to UNRRA an additional 850,000 pounds of meat. The same principle of voluntarily refraining from buying wheat, cheese and eggs, as well as meat, is the most efficient method of releasing food for shipment.

Totalitarianism steps in when more and more people take less and less responsibility for their country.

Life full of self is always empty.

Revision Seen Of Tax Pacts With Provinces

OTTAWA.—A source close to the federal cabinet said that the government, in an effort to prevent a breakdown of dominion-provincial taxation negotiations, likely will strive to equalize proposed subsidy payments to the provinces for use of major tax fields.

He made the statement while commenting on speculation which has spread since Premier McNair of New Brunswick announced publicly that his government had suspended tax negotiations with the dominion because British Columbia has been given more favorable treatment than his province.

The source said it was possible the government would act on a suggestion of Premier Garson of Manitoba and call in the five provinces with which agreements have been negotiated for new talks.

Mr Garson, commenting in Winnipeg on Premier McNair's announcement, said the assurances [illegible] Manitoba, Saskatchewan and New Brunswick, the first provinces to agree in principle to new taxation pacts, that they would receive concessions if it were thought that another province had received more favorable treatment.

Under the provisions of the draft agreements, New Brunswick, Manitoba and Saskatchewan were to be paid subsidies of $15 per capita. On the other hand, British Columbia and Prince Edward Island, which signed agreements later, were offered subsidies amounting to about $21 per capita.

The federal source said that the cabinet, at its regular meeting, probably studied and possibly accepted Mr Garson's suggestions, although a conference, which all five negotiating provinces would sit in on at once, was unlikely.

He believed the government would continue its policy of dealing individually with the provinces, although it was possible that the five premiers would come to Ottawa at the same time to permit fast consultation on any contentious points which might arise.

Ontario, Quebec, Alberta and Nova Scotia have not negotiated any agreement, although the latter two provinces have individually discussed the possibilities of a new agreement.

Figures Reveal Foreign Trade Off Balance

OTTAWA.—Year-end foreign trade figures reveal Canada in 1946 made its biggest export sales on credit and its biggest import purchases for cold cash which, as one trade official agreed, is not a happy way of doing business under ordinary circumstances.

Parliament which resumes Jan. 30 is likely to hear plenty of questions asked as to how long this situation is likely to continue and what it will do to Canada's reserve of United States funds, which stood at $1,500,000,000 at the beginning of 1946.

Canada imported from the United States in 1946 goods to an estimated value of $1,332,000,000 and exported to that country an estimated $837,000,000 exclusive of gold. If the gold exports totalled $100,000,000, as seems probable it would leave $375,000,000 to be provided from other sources including the tourist traffic.

It has been estimated [illegible] tourists spent $200,000,000 in Canada last year but during the same time Canadians spent large sums [illegible] visiting United States.

The difference [illegible] cans spent in Canada and Canadians spent in United States may not help the Canadian exchange situation by more than $65,000,000 it is said, which would leave the remainder to be provided by other sources at around $300,000,000.

Final figures may show that Canada has favorable balances in her trade with some South American countries which would be paid for in United States funds. If that turns out to be correct it will also lessen the drain of Canada's nest-egg of American funds.

Foreign trade in 1947 may prove [illegible] of Canada's holdings of American dollars. The United States demand for maximum imports of Canadian newsprint is likely to [illegible] gold production may be somewhat greater in this country as the labor situation eases. The outlook in fact is bright for an overall increase in Canadian exports to her neighbor this year.

Canada is starting the New Year with 86 trade commissioners and assistants spread over the world as compared with 61 when the war broke out. They will be looking not only for markets in which to sell Canadian goods but also for goods in foreign countries Canada can advantageously purchase.

First Canadian Citizenship Certificate Given Premier King

Canada's No. 1 citizen, Prime Minister Mackenzie King, left, accepts Canada's first certificate of citizenship from Chief Justice Thibaudeau Rinfret in Ottawa as National Citizenship week was launched. Under a law, effective Jan. 1, residents of the Dominion of Canada are recognized as full-fledged "Canadian citizens", as well as being British subjects.

KILLED BY TRAIN—Struck by a passenger train while walking along the C.P.R. right-of-way at Deux Rivieres, Ont., Doreen Brown, 19, was instantly killed. She had been employed as a radio announcer in Sudbury for four months.

CANADA DOING ITS BEST, SAYS STRACHEY

LONDON.—Food Minister Strachey said at a press conference that the Canadian government is "doing the very utmost as it always has" to move wheat supplies in full volume to the United Kingdom.

He said it was a "tragedy" for both Canada and the United Kingdom that more could not have been moved to the seaboard from the head of the lakes by water during the shipping season and now the main movement had to be via Vancouver. This Pacific coast movement, however, "is going very smoothly," he added.

Strachey said he had no comment to make on a statement made recently by James MacKinnon, Canadian trade minister, that Canada's contract for 160,000,000 bushels of wheat would be met by the end of the crop year, July 31 next.

The food minister added that he anticipated there would be no difficulty in obtaining wheat in Canada after the Great Lakes were open in the spring and movement to the seaboard was facilitated.

Australia's Program To Eliminate Drouth

SYDNEY, Australia. — The New South Wales government has initiated a 15-year plan to make the state the largest and richest agriculturally in Australia—free from drouth.

The plan, most important to a country like Australia with limited water resources and subject to recurrent drouths, aims to secure the futures of primary industries by water conservation and the maximum economic utilization of water resources.

The program calls for the construction of 18 dams and storages, flood mitigation and river protection works.

Work already has started on some dams but the government's capacity for major undertakings is limited by manpower and material shortages. Nevertheless it plans to spend about $6,000,000 this 5 annual year on a number of important conservation projects which form part of the long-range plan.

BRITISH SOLDIER HAS PLENTY OF TROUBLE

NORWICH, Norfolk, England. Can love conquer the law as easily as it conquered the Alps?

That's the question for Stanley Edwards, 25-year-old British soldier, and his 24-year-old Italian sweetheart whom he smuggled over the Alps, across France and into England only to be caught in a hut they were living in near here.

Now she awaits possible deportation, and he is in the hands of a military escort.

BRITAIN PLANS TO CONTROL FUTURE LAND DEVELOPMENT

Measures To Replace Acts Dating Back To 1907

LONDON.—The government announced the details of a revolutionary town and country planning bill which delegates control of all future real estate development in Britain to state-appointment planning authorities.

The bill is expected to be approved in principle in the House of Commons before the end of the month.

In a white paper explaining the measure the government expressed the view that "any resulting increase in land value is to be collected in whole or in part by the state, in the form of a development charge, which must be paid or secured before the development is carried out.

The measure will replace half a dozen piece-meal planning acts dating back to 1907, but will leave unchanged a new towns bill under which the government hopes to relieve congestion by building a series of small cities of 30,000 to 60,000 people a few miles outside major metropolitan areas.

The bill also will not affect the comprehensive land charter introduced recently under which the government intends to boost agricultural efficiency by government supervision and even dispossession of farmers disregarding government advice.

The government insists that the three bills are not nationalization of the land, raising the speculation that the series of laws for new towns, agriculture and town and country planning might replace a plan for national ownership of the land long advocated by many Labor members.

MANY FIND JOBS

WINNIPEG.—A total of 191,140 persons, 132,638 males and 58,502 females, were placed in employment in the prairie region during 1946, Fred J. White, region 1 superintendent, unemployment insurance commission, said here. Employers placed 156,440 orders with prairie regional offices during the year.

WEDDING BELLS FOR MARY—Marriage of Mary Churchill, shown here, youngest daughter of Britain's wartime prime minister, and Capt. Christopher Soames of the Coldstream Guards will take place Jan. 11 it has been announced.

FRENCH PARATROOPS USED IN FIGHT

PARIS.—French forces used paratroops and amphibious warfare for the first time in the current northern Indo-Chinese hostilities to capture a bridgehead in the city of Nam Dinh, a French communique from Saigon reported.

The Saigon headquarters said that parachutists were dropped at dawn to secure a landing place for other French troops being ferried down a river near the city in small boats.

"The landing fully succeeded," the communique said.

But it added that French troops seeking to mop up in the city ran into numerous Viet Nam barricades which "made progress of our troops difficult."

FIVE-DAY WORK WEEK

BERLIN.—All Berlin business shops except those dealing in food and medicines have been ordered on a five-day business week under a tightened electric power conservation program. The business day also was shortened to eight hours.

SOLEMN CEREMONY HELD IN JAPAN

Canada Dedicates Cemetery For Soldier Dead

OTTAWA.—With solemn ceremony Canada has dedicated a cemetery for the eternal rest of 137 of her sons who died as prisoners of war of the Japanese.

It lies in a quiet wooded glade at Hodogaya, Japan, on the eastern fringe of Yokohama in the Canadian sector of a British Commonwealth war cemetery. The New Zealand and Australian plots lie nearby.

All but two of the Canadian dead were soldiers taken prisoner in the fall of Hong Kong Dec. 25, 1941. The other two were naval men taken there too. All 137 met their deaths largely through Japanese negligence and brutality chiefly at the notorious Niigata camp whose commandants and guards now are under trial.

They lie buried between flowered pathways and beneath simple gleaming white crosses in a sector dedicated Nov. 6 when a nondenominational service was attended by some 40 Canadians, almost the entire Canadian community in Japan together with representatives of both British and United States army forces. Both Protestant and Catholic services were conducted, followed by the placing of wreaths, the firing of a salute by an honor guard of Royal Welsh Fusiliers, Last Post and Reveille.

Lt.-Col. John A. Baxter of the Winnipeg Grenadiers, himself a prisoner of the Japanese and directly in Japan in connection with the work on Canadian war graves, arranged the service and also placed a wreath on behalf of the officers and other ranks of "C" force, the Canadian Hong Kong contingent.

All wreaths were placed on a temporary monument erected in the centre of the cemetery, suitably draped with a large flag and topped with a white cross bearing the inscription "Canadian Section."

OTTAWA.—Canada's lumber camps despite labor increase of 15 per cent over last year, still are in need of more than 10,000 woodsmen, Arthur MacNamara, deputy minister of labor said.

GROMYKO APPOINTED DEPUTY FOREIGN MINISTER—Appointment by the U.N. security council of a commission to work out disarmament plans within three months is asked by Andrei Gromyko, newly appointed Soviet deputy foreign minister and key figure in atomic decisions, shown here with his wife and two children.

Byrnes Has Been Succeeded By Gen. Marshall

WASHINGTON.—James F. Byrnes, 67, resigned as secretary of state and President Harry S. Truman chose Gen. George C. Marshall, who guided the military fortunes of the United States during the war, to succeed him.

The senate unanimously confirmed Gen. Marshall's appointment, approval coming with breath-taking speed after the senate waived its own rule requiring that nominations lie over one day before confirmation. Approval without even a personal appearance before the committee was a tribute to the five star general of a kind [illegible] senate [illegible].

Byrnes [illegible] had warned [illegible] down and that he [illegible] the [illegible].

Gen. Marshall, army chief of staff during the war, is serving a special presidential mission to China.

The Pennsylvania-born Virginia educated Gen. Marshall takes over the job of helping make peace secure at a time when Republicans have taken over congress. In the [illegible] he has [illegible] political connections.

This was not believed to be the reason for the change however. The senate which rules heavily on foreign relations already had shown a disposition to follow Byrnes policies.

The [illegible] post was a surprise. It had been known that Byrnes had shown signs of fatigue [illegible] the age but the 67 year [illegible] looked [illegible].

[illegible] Byrnes [illegible] was the [illegible] a string of distinguished posts. He had served as a senator, as a supreme court justice and as assistant president to Franklin D. Roosevelt in the role of war mobilizer.

With senate confirmation of Marshall all the change means that Marshall [illegible] next in line for the presidency during the next [illegible]. Because the late President Roosevelt died in office there is no vice-president and the state secretary heads the line of succession under the constitution.

Gen. Marshall turned 66 last Dec. 31, having retired earlier as chief of staff.

The White House made public an exchange of telegrams in which the President accepted with great reluctance and heartfelt regret Byrnes' resignation to become effective Jan. 10.

Canada May Import Butter To Keep Stocks Up

OTTAWA.—The government was reported to have decided to import butter from New Zealand, possibly in the shortage period that develops seasonally at the tail end of the winter to maintain the individual Canadian ration at its present rate of six ounces daily.

The question of purchasing New Zealand butter came before the cabinet in November but was discarded at that time when it became apparent that stocks and production were temporarily sufficient to maintain the ration.

It was said that level reports since then, however, have indicated a reduction in the ration would become necessary later this winter. At the present rate of production a reduction would be necessary if supplies were not forthcoming from some point outside Canada.

One reason why the cabinet was [illegible] in November to buy New Zealand butter was that this would [illegible] supplies to Britain which [illegible] most of New Zealand's output. However, it was understood that arrangements have been made with Britain and Australia [illegible] import of New Zealand butter for the Canadian [illegible].

It was thought [illegible] that the [illegible] would [illegible] of pounds [illegible] Canada [illegible]. This might [illegible].

Meanwhile [illegible] was [illegible] the availability of retail butter [illegible] after April [illegible] the [illegible] butterfat [illegible].

[illegible] at a press conference last week that before that date the government would review [illegible] subsidies on [illegible].

[illegible] said that if the subsidy [illegible] it was likely [illegible] make up the difference, which amounts to approximately 4½ cents a pound of butter. This would lift retail butter prices from their present level of approximately 49 cents a pound to around 53 or 54 cents.

RAW VEGETABLES

Need for inclusion of vegetables, literally raw, in the winter diet is the subject of comment among Ottawa health authorities. They declare that a cold-salad, for instance, is both healthful and palatable, and that vegetables are essential to diet, in the winter as well as at other seasons.

EAR TROUBLES

Head colds may be followed by ear infections. National Health authorities at Ottawa advise sufferers from chronic head colds to consult their doctors so that these infections may be cleared up before they can cause more serious trouble.

Wildmere Winks

Our spring-like weather has caught cold again. It was a welcome break in the winter. Easter is early this year so winter should not last so long.

Congrats to Mr. and Mrs. Chas. Goul of Triangle on the birth of a daughter Jan. 9th at the Vermilion hospital.

Herman Ryben, John Wilson and Laurence Graham returned home from Edmonton on Friday evening last. All enjoyed themselves very much. Roy Garnett stayed a few days longer to visit with friends in the city.

Several Wildmereites and some from Beauvoord attended the show Blue Skies in Vermilion last Friday night.

Lloyd Howard and Bud Batke were Edmonton visitors last week.

Mr. Aubrey Rendell of Triangle received word last Tuesday from Mrs. Rendell in England saying her father passed away on Dec. 27th. She is returning to Canada as soon as she can as she does not like it over there at all. No matter what amount of clothes she wears she is freezing all the time. The weather has been severe and there is so much fog and dampness. Everyone here extends heartfelt sympathy to Mrs. Rendell in [illegible]. One thing it was nice she had a visit with her father before he passed away.

While in the city last week Laurence Graham called for a short visit at the Gilholme home. They told him they are leaving for England in March.

Earl Graham is now working at the Blue Room cafe in Camrose. If any Vermilion folks happen to be in Camrose he would be pleased to see them.

Peggy and Bobby Graham visited at the Cruthers home on Sunday afternoon.

We wish Mrs. Cleland and all other sick friends a speedy recovery. Mrs. J. Wilson has also been on the sick list, but is now on the mend we are pleased to say.

RIVERTON

May I take this late opportunity to wish all our readers a successful New Year.

The Ladies Aid was held on Thursday at Mrs. MacLean's. With such grand weather there were over 20 in attendance. Business was taken care of and a nice lunch served.

Elva Hackett was home from college for two weeks.

Mr. and Mrs. Spicer have gone to Vancouver for the remainder of the winter.

Roy Parr is back from Canoe, B.C. visiting with his grandparents.

Mrs. Clayton Hanson spent a week's holiday in Chauvin visiting with her parents.

Mr. and Mrs. Gordon MacIntosh and family spent two days visiting their relatives here. Betty Maltais was home for a few days at Xmas.

Mrs. Cecil Sinclair spent a few days in the district during the holiday season.

Allan Hyatt, Henry Elliott, Cecil Sinclair and Jim Elliott have returned to Cold Lake for the rest of the winter.

Letters to the Editor

Vermilion, Alberta, Jan. 11, 1947.
Mr. S.B.P. Cooper,
[illegible]
Dear Mr. Cooper:

The members of St. Saviour's W.A. have asked me to convey to you their sincere thanks for having published various items in connection with the Auxiliary's activities during the past year.

Yours sincerely,
Olive B. Smith, Secretary
St. Saviour's W. A.

"PICKINGS - by Pick"

Gratitude of the multitudes should be expressed to the local hockey association for lifting the arena rink out of the doldrums. In the past there has usually been a deficit opposite it but in the latest financial report there is a tidy surplus — Due mainly to the great hockey season last winter. Encouragement to the association should be readily forthcoming from the town council and other town bodies. While on this subject of the arena it is suggested that a light be placed at the entrance to the reserved seat section—it might prevent a nasty fall on the steps there.

●

Figured I would look over the curling competitions to see what rinks were advancing in the season's play but found that nobody knew of any such animal. Seems the boys simply play a few unrelated games during the regular schedule and hope to get their competition in the annual bonspiel. I still think the more competition in a competitive sport the better that sport becomes.

●

To any nature-lovers who might have noticed the influx of rusty-breasted birds recently, they were Pine Grosbeaks, a winter visitor to this part of the country. They might easily be confused with Bohemian Waxwings, not through looks but by similar winter habits. Really a pretty bird, and they make short work of any dried fruits or seeds left hanging on trees.

●

While on the subject of feathered friends this heavy snow is a bit tough on them so any scraps of food placed out of reach of stray dogs and cats would be a great help. Tie a few pieces of suet in your trees and listen to the thanks of the Chick-a-dee.

●

What is more pitiful than a homeless cat in the dead of winter? Some sort of handy place for painless disposal of batches of kittens or unwanted cats is needed from a humanitarian standpoint. We license dogs to keep down the strays—Why not the cats?

●

As the popular song goes "Rumors are Flying" concerning a lot of things about town. Must be a civic election coming up shortly. Just a parting thought.

The Car You'll Drive Tomorrow

Harold T. Youngren, vice-president and director of engineering of the Ford Motor Co., is reported in The Financial Post as making these predictions about the automobile of tomorrow:

More streamlining, lower silhouette, wide bodies.

Air conditioning (only in more expensive models at first).

More window area, better all-round visibility.

Shorter engines and higher compressions.

Front wheel drive or engines in the rear.

Fully automatic transmission in all models.

T.C.A. To Take Over Trans-Atlantic Service

MONTREAL.— When a big four-engined airliner lifted from the runway of a Montreal airport the first day of the month bound for England, it wasn't just another daily flight to Prestwick and London. Its significance was it marked the 1,000th crossing of the Atlantic for Trans-Canada Air Lines. The fact was remembered for the passengers by the presentation of small silver trays bearing the airline's crest and an inscription.

Within the next two months the present operation of the Trans-Atlantic service for the Canadian Government will cease and T.C.A. will take over the operation through a subsidiary company. It will use the new North Star type of 40-passenger airliner now being built at Montreal.

Former Vermilion Girl Married in Edmonton

Attractive in its setting of white chrysanthemums and pink carnations was the marriage of Miss Mary Joan Corlett, daughter of Mr. and Mrs. E. Corlett, of South Edmonton, to LAC. Edward David (Johnny) Bordman, R.C.A.F., son of Mr. and Mrs. M. Bordman, of Waterloo, Ont., which took place in a recent evening ceremony in St. Stephen's College chapel. Flt. Lt. E. Gilbert officiated.

Flt. Lt. Gilbert is a son of Rev. Mr. Gilbert who married the bride's parents on Jan. 5, 28 years ago in Vermilion.

Given in marriage by her father, the bride wore a slipper-length gown made with a full double-net skirt and a satin bodice styled with a sweetheart neckline and long sleeves which tapered over the wrists.

Her floor-length veil was held in place with apple blossoms and she carried a bouquet of red roses and white chrysanthemums. A pearl and diamond pendant, which belonged to her grandmother, was worn by the bride.

Miss Ethel Hisey attended the bride as maid of honor, and Miss Gladys Hawkins as bridesmaid. Miss Hisey was gowned in blue net, the short sleeves being complemented with long blue gloves. She wore a matching chapel veil and carried a bouquet of red roses and white carnations. Miss Hawkins chose a gown of pink sheer with which she wore a chapel veil to tone and carried a bouquet of pink and white carnations.

Best man was LAC. Ralph Stebbe and the usher was Mr. Jimmy Hudson. Miss Evonne Lobb played the wedding music and Miss Carol Parson sang "I Love You Truly", during the signing of the register.

A reception to 25 guests was held after the ceremony in the East Edmonton hall, where Mrs. Corlett, the mother of the bride, and Mrs. R. Isherwood received with the bridal party. Mrs. Corlett wore a two-piece green suit complemented with brown accessories and a corsage of red roses. Mrs. Isherwood chose a two-piece ensemble in green tweed, with which she wore black accessories and cream roses on corsage.

The bride's table was centred with a three tiered wedding cake flanked by bouquets of chrysanthemums and [illegible].

Toast to the bride was proposed by Mr. T. Hudson.

Mrs. T. Hudson presided and Misses Mildred McPeat, Esther Hudson, Gloria Hawkins, and Doreen Isherwood, assisted in serving.

LAC and Mrs. Bordman are residing temporarily in Edmonton.

At the reception Mr. Hudson presented the bride's bouquet to her mother on the occasion of her 28th wedding anniversary.

Check that date on your label now!

George Law Is First To Register

FOR PEACE-TIME BLOOD TRANSFUSION SERVICE

The Vancouver Sun of Jan. 8th carries a story and picture of George Law formerly of Vermilion and now of Vancouver. The story under the picture reads as follows, "Veteran blood donor George Law, who gave nine pints of blood to the Red Cross in wartime, and blind and deaf Charles Crane, also a wartime blood donor, were among the first to register, as a membership campaign for the peacetime Red Cross Blood Transfusion service got under way today. Canada will be the first country in the world to maintain such a service, which will supply whole blood or plasma free of charge to all who need it."

George is pictured talking to the blind and deaf Mr. Crane on the latter's hand when the reporter took the picture. It appears that Mr. Law always a great worker for the underprivileged when in Vermilion, has continued his good efforts at the coast.

Chatsworth Chatter

We are certainly enjoying the mild weather, hope it keeps nice as winter seems so much shorter when we get a few weeks of good weather.

School re-opened today (6th) after the 17 day holiday which is about the longest the children can remember.

Some cross roads are blocked but main roads are open to car traffic yet. Those living off the Ottawa road have snow-plowed (with varied plows) as the snow is fairly easily moved even with home-made plows.

Miss Margaret Tovell, nurse-in-training at the University hospital in Edmonton, was home for the Xmas holidays.

Miss Violet Tovell helped at the post office during the Xmas rush.

Joe Farkash, Jr., has been busy at the building of his new house. The carpenters have been out during the mild weather.

Mr. R. Good and Mr. M. Tovell are delegates from the Chatsworth A.F.U. local to the convention, being held in Edmonton this week.

Borrow More To Buy Farms

Since the Canadian Farm Loan Board began operations in Saskatchewan in 1925, a total of 4,115 loans amounting to $9,752,000 have been made to farmers and $6,077,000 has been repaid, according to The Financial Post.

Out of every 100 borrowers in the province 93 had no first mortgage interest arrears at March 31, 1946. In the last fiscal year borrowers paid $675,000 on account of principal.

New Expedition To Mount Everest

British Party Has Every Confidence Of Being Successful

A new attempt to conquer Mount Everest is being planned by a British party and the expedition will be "the best equipped ever yet organized." An Australian officer of the R.A.F. and a United Kingdom doctor in the R.A.M.C. will cooperate in the preparation of this venture. Both have expressed themselves confident of success, since compared with previous attempts—their expedition will have the advantage of all those various methods and equipment for cliff-scaling and assault perfected during wartime in training and carrying out [illegible] operations.

Other experience gained in the war by Air Rescue parties in reaching wounded survivors stranded in almost inaccessible places on mountains and by parachutists and other special Air Force units will be placed at their disposal. Self-heating foods, specially designed climbing suits, and modern oxygen apparatus will also prove invaluable aids. Oxygen equipment has been carried on previous attempts but had the great drawback of weight and cumbersomeness. The present day model overcomes both these difficulties.

NEW CANCER TEST

MOSCOW. The Soviet newspaper Izvestia announced that cancer is being detected here by the examination of a single drop of blood. The account said the method, perfected by A. P. Potolskaya in Moscow, utilized a radiation of ultra violent waves of extraordinarily weak intensity. The announcement did not claim that it works in every case but said that in tests on 600 persons suffering from various infections this simple, easy method proved positive.

The giant tree frog grows to a length of three to five inches, compared with two inches for other tree frogs.

Any Time Is Snack Time For A Porpoise

HALF TON "ROYAL FISH" BEACHED—A "fish" weighing 1,000 pounds and with "a tongue similar in size and color to a bullock," caught in a sprat-ing net (for fish like sardines) by Charles Richardson, 62-year-old fisherman, is a 13-foot dolphin, a mammal noted for its changes of color when dying. The dolphin, under an ancient British law, is a "royal fish", one which when beached on British shores becomes the property of the King. Whales, sturgeon and porpoises are other "royal fish".

Holland's Struggle Back To Normal

Flooded Low Lands Have Been Reclaimed And Have Yielded First Harvest

THE HAGUE. Government statistics tell the story of Holland's struggle back to peacetime conditions. Industrial production, which suffered an [illegible] wartime decrease of 50 per cent, [illegible] between 60 and [illegible] per cent of 1938 figures.

The great polders, low-lying land reclaimed from the sea at Wieringermeer and Walcheren, flooded when the Germans blew the dykes, have been [illegible] the salt-water damage [illegible]. These areas have yielded their first harvest.

Of the country's 250,000 slightly damaged houses 270,000 have been permanently or temporarily repaired. A program to build [illegible] emergency [illegible] and 6,000 temporary [illegible] has produced 4,000 houses and [illegible] with every likelihood of the program being completed before the end of the year.

Temporary housing for homeless urban dwellers now 6,000 homes built, while a program to erect 10,000 permanent homes this year is well under way.

Bridges Replaced

Of the 181 most important railway bridges destroyed during the war 130 have been replaced. All canals and rivers are again navigable, and the inland port of Amsterdam has long been accessible to sea-going ships.

Production in certain commodities has exceeded the 1938 figures, especially where these are produced for export. Phosphates, for instance, have reached 167 per cent of their 1938 output, while lead tubing and sheet lead average 108 per cent, cement 100 per cent, and chocolates, which go to Scandinavia principally, reached 110 per cent.

Brickyards production is less than 50 per cent of pre-war and collieries are delivering 80 per cent. of their 1938 coal.

It is estimated the over-all cost of living in Holland is 100 per cent. over the 1938 level, while average rise in income is 100 per cent. Exceptions include agriculture, where laborers now earn 240 per cent. of their pre-war wages.

PRODUCTION OF PLUMBING SUPPLIES TO INCREASE

OTTAWA. Canadian builders will find it easier in 1947 to obtain needed plumbing and heating equipment, official sources said on the basis of a survey just completed among manufacturers.

One spokesman said a 25-per cent. over-all increase probably would be shown in output of valves, fittings, pipe pumps, plumbing fixtures, heating boilers and radiation supplies. Improvement would be particularly noticeable [illegible] year when production reached its 1947 peak.

Production of boilers and furnaces was expected to advance from 26 to 32 per cent, while the output of stoves and fans also was said to be due for a substantial increase.

Hoping To Change Yuletime To Weekends

New Calendar Would Bring Christmas On Monday And New Year On Sunday

The people of the world, who for the last 200 years have been complaining about the Gregorian Calendar's habit of putting Christmas and New Year's holidays in the middle of the week rather than at the end and so shortening their time off, are looking for solution next year from the World Calendar Association of New York.

If the body's plans for a new calendar based on the solar year go through, each year will begin on Sunday, January 1, and the business year the next day. Christmas Day would come on Monday every year and if the countries of the world followed the association's suggestions their national holidays would also fall on the first of the week, making more longer week-ends.

A new holiday would be set up by those adopting the new calendar at the end of December called Year-End Day, which would be dedicated to world unity and brotherhood, co-operation and understanding. Every four years another world holiday would come in June called Leap Year.

Already 14 nations of the world have approved the new calendar and the association is hoping to get the approval of the United States and Canada and of the United Nations for world-wide adoption.

Under the present Gregorian calendar the year's quarters are unequal in length and each quarter begins and ends on a different day and so does each month. Each year it has to be reprinted. The new calendar would make the quarters equal in length and have each quarter of 91 days begin on Sunday and end on Saturday. Month dates would always fall on the same week-days, and each month would have 26 days plus Sundays.

This up-to-date civil calendar is planned on the familiar basis of the 12-month year and with each quarter having three months. The first month of each quarter, though, has 31 days and the other two 30 days each. Thus the pattern for each quarter—31, 30, 30, would repeat itself regularly four times a year. This would give January, April, July and October 31 days each and other months 30.

Health LEAGUE of CANADA presents TOPICS of VITAL INTEREST

WALKING, THE GREAT UNIVERSAL EXERCISE

Walking is excellent medicine for all ages—it cures cold feet, hot heads, pale faces and bad tempers.

Such is the admonition in a "Walk and Keep Fit" pamphlet issued by the Toronto Central Y.M.C.A.

"The body is built to be a going concern," the pamphlet says. "Walking is nature's great universal exercise and is available to all without cost or taxation."

Walking is necessary because some form of exercise is fundamental to health. A brisk walk of two or three miles daily, in all but the most severe weather, is one of the best investments there is in personal health. Such exercise will pay dividends in a sense of buoyant, happy fitness.

It is true there is inherent resistance to disease and sickness but there is also acquired resistance. A daily walk of two or three miles will strengthen this resistance.

Correct Way To Walk

Walk and stand with toes pointing straight ahead so that the big toe seems to have a grip on the ground. Carry weight forward from heel to toe pressing on toes.

Posture is of distinct importance in walking. Keep toes pointing straight ahead, abdominal muscles flat and firm, chest wide with good expansion, head well balanced, and chin in.

Swing arms vigorously from the shoulders.

Walking Shoes

The fundamental principle in the care of the feet is the maintenance of freedom of motion of toes and ankles in locomotion.

Shoes should have straight inner lines from heel to toes, soles as wide as soles of feet when standing, snug fit about arches and heels, loose over the toes. The heels should be low.

[illegible]

Persons living within two or three miles of their places of work should walk both ways.

If they live beyond this radius, they should use transportation only to get them within the two or three-mile radius.

Remember, neglect of some form of regular exercise invites disease.

COULD NOT FAIL TO REACH DESTINATION

A Bulgarian musician, who had not been able to communicate with his father in Bulgaria, wrote telling that he now had a new address. Since the father had only a sketchy knowledge of English, the son instructed him: "Your letter will reach me if you will just copy and address printed at the top of this letter." In due time came a letter, faithfully addressed:

STREET CAR BARBER SNIPS GIRLS' LOCKS—Busy barber on Washington, D.C., street cars has been snipping the tresses of unsuspecting girl passengers, five girls have reported to police. Joan Reid uses a mirror to view the four-inch section cut from her hair, she said, as she rode home on a trolley.

MAX BENTLEY AMONG TOP TEN ON SPORT LIST

LOS ANGELES.—Max Bentley, starry centre ice player of the National Hockey League Chicago Black Hawks, was named one of the 10 outstanding athletes of the year in the United States recently.

The Delisle, Sask., player was honored in absentia at a banquet here by the Los Angeles Times which made the awards for the fourth consecutive year.

As far as scientists have been able to determine, working with stone is man's oldest craft.

PREDICT POPULATION OF U.S. TO DECLINE

COLUMBUS, Ohio. — The United States may expect a population decrease of 40,000,000 in the next century while oriental peoples will multiply two-fold, delegates to the 20th annual convention of the National Council of Geography Teachers were told.

Speaking of the U.S. 100 years hence, O. E. Baker, University of Maryland geographer, asked:

"Can 100 million people living in relative luxury, and with an abnormally high proportion of aged persons, keep out one to two billion people in the Orient possessing an industrial power many times greater than at present?"

Russia's population, too, will continue to climb, Professor Baker said, reaching about 300,000,000 or more, and bringing European population to 1,000,000,000; all consolidated, probably, under one government.

MANY BRITISH CATTLE [illegible]

LONDON.—Nearly 800 cattle have been slaughtered in Dorset and Somersetshire but officials said there was no sign of abatement of a foot and mouth disease outbreak of unusual virulence.

Experts have found the incubation period is about 48 hours, compared with the usual four to seven days. They have located the farm where the outbreak originated and most cases were traced to a heifer from this farm sold at an auction of tested dairy cattle. More than 100 cattle were sold at this sale and were scattered through Southern England.

The biggest loser was a cattle owner who had 303 beasts slaughtered.

Regular Meeting of Islay Hospital Board

W. G. URQUHART AND HARRY PORTSMITH ANNOUNCE RETIREMENT

The year end meeting of the Islay municipal hospital board was held in the hospital on Jan. 4 at 2:00 p.m. All board members in attendance.

Moved by Mr. Wood that minutes and financial statement be adopted as read. Cd.

The secretary was instructed to place orders for finishing material for the residence.

Moved by Mr. Wood that secretary attend audit; that 15% verification of patients accounts be requested at audit; and that the auditor's statement be published in the Vermilion Standard as well as 200 copies for distribution.

Moved by Mr. Waterfield that the non-ratepayers contract fee be raised to $8.00 per year and that notices of rates be advertised. Cd.

Moved by Mr. Portsmith that the account of Mrs. Doothman in the Edmonton General hospital be accepted under the terms of the referred patients' agreement, less the amount payable by Government Health services. Cd.

Moved by Mr. Waterfield that the accounts and salaries as approved be paid. Cd.

Moved by Mr. Wood that Matron's report be adopted. Cd.

Advance notice of retirement from the Board was given by Mr. W. G. Urquhart, Chairman, and Mr. Harry Portsmith representatives for Divs. 4 and 1 respectively. The February meeting will complete their terms of office.

Adjournment to meet Feb. 8., 2 p.m.

Matron's report: In hospital 2; admitted 27; discharged 28; remaining 1; births 2; deaths 1; operations, major 1, minor 5; Out patients 2, hospital days 270; earnings $357.50; receipts $3,504.30.

The World of Wheat

By H. G. L. STRANGE
Director, Research Department
Searle Grain Co., Ltd.

THE HIGH COST OF PRICE SECURITY

Throughout the world there seems to be at the moment a wave of thinking that Governments somehow should provide "security" for all of us. In some countries attempts are being made to provide that security. In Britain for instance the Government has guaranteed set prices on certain farm products. In return, however, the farmers have had to give up to the Government the entire supervision and control of their farming operations. Those farmers who in any way do not live up to the [illegible] Government regulations may be heavily fined or imprisoned or may have their farms taken from them. The first case under the new Act was that of a farmer from Spalding, Lincolnshire, Mr. Ralph Bishop, who was sent to prison for four months and fined $6,000 for sowing 6 acres of a certain crop more than the Government regulations permitted. One can only wonder how long the sturdy independent British farmers will submit to having their complete operations controlled and dictated by [illegible].

What a birthright of hard won liberty, freedom and independence these British farmers have forfeited for "a mess of pottage" of temporary price security.

One wonders what the British farmer will buy with their extra price one half as precious as the freedom and liberty they have given up.

Removal of heavy warm clothing indoors in winter is urged by health authorities.

POSSIBLE COMPENSATION FOR HIT-RUN VICTIMS

Manitoba is considering extending its highway safety-responsibility law, to provide compensation for victims of hit-and-run motorists, says The Financial Post. The Western Canada's Underwriters' Association has recommended the Manitoba law, and has voiced hope other provinces will adopt similar systems.

New Colors Picked For Motor Plates

Alberta's color combination for 1947 motor vehicle number plates will be white letters on a black background according to information which the Alberta Motor Association has received from the provincial secretary's department.

This is regarded as a most popular color combination and easily identifiable [illegible]

Alberta's color scheme also will be in use in Quebec, Nova Scotia and Prince Edward Island.

British Columbia will have green letters on a white background, and Saskatchewan black on orange. Manitoba and also Ontario will have black lettering on an aluminum background. New Brunswick will have cream on brown.

As has been the practice for several years, there will be only one number plate issued for each vehicle to be attached to the rear of the car.

It is expected that the province will return to the two-number plate system in 1948 when materials to manufacture a greater number will be available. Many of the states continue to issue only one number plate.

Honors For Canada

CANADA HAS REASON FOR BEING PROUD of the honors won by three [illegible] in the recent hay and grain show, run in connection with the [illegible] show at Chicago. It is not a new thing for Canadians to carry off top honors in such events but it is commendable that they [illegible] these awards indicating that Canadian farmers progress with the times and are able to show the grains they produce to advantage in competition with the best from all parts of the world. The winning of awards for the honor alone may not be of great importance but what it represents in regard to the industry and progress of the [illegible] is of the greatest importance.

* * * * *

Have Overcome Many Hazards

It was interesting to note this year that the "Wheat King" turned out to be instead a "Queen", Mrs. Amy Kelsey of Erickson, B.C. To her and to the other Canadian winners of top awards [illegible] of Dawson Creek, B.C., and Gordon McArthur of Stayner, Ont., goes credit for outstanding achievement. It is true that Canada has good soil and a suitable climate for growing grain crops, but Canadian farmers also face many difficulties in their work and it has been necessary for them to overcome many factors, frost, rust, insects and erosion and countless others, in developing the finest wheat and other grains in the world.

* * * * *

Reputation To Be Maintained

It is well known that the success which has come to Canadian producers of wheat and other grains has been due in a large measure to the results of agricultural research, both on the part of farmers [illegible] and by universities and government research bodies. There is growing recognition of the importance of research to the success of farming and more and more farmers are taking advantage of the technical information available to them through government agencies and the extension departments of our universities. It is apparent that competition in all types of production is to be keen in the post-war world and Canadian farmers have an enviable reputation which they will no doubt strive to maintain. Their record at [illegible] Chicago indicates that their efforts are likely to keep them well in the forefront in the production of the finest grain crops.

Well-Dressed Women Bandit Robs Bank

ST. LOUIS.—Robert B. Walden, a teller at the United Bank and Trust Company, told police he was held up in the bank and robbed by a well-dressed woman who escaped with $582. The woman executed the hold-up so quietly that a customer standing behind the woman did not realize what was happening, he said.

The woman, described as slender and about 35, waited in a line of [illegible], drew a pistol from beneath her silver fox fur coat when she reached his window, Walden reported.

"Hand it over, [illegible] the place is covered," Walden quoted her as saying. The teller said that when he hesitated she added "I'm not kidding, hand it over."

Walden opened the cage and handed her a bundle containing 582 one dollar bills, and the woman, whom he described as a brunette with [illegible] [illegible] of the bank. Walden said. He told police [illegible] in an [illegible] after he accepted a deposit from the man who had been standing behind the woman at the time.

Lobster Fishermen Having Hard Luck

YARMOUTH, N.S.—Lobster fishermen of western Nova Scotia, who set their traps at the opening of the Dec. 1- May 1 season in hopes of repeating last year's $1,000,000 harvest, gloomily conceded that without exceptionally good spring fishing conditions many will show a loss for the six months period.

Winter storms have played havoc with traps causing losses estimated at 30-40 per cent along the 30 miles of shore-line between here and Meteghan where fishermen had only 11 fishing days in December. Near Yarmouth, some fishermen reported a 100 per cent. loss in gear.

Meanwhile because of the scarcity of lobsters caused by the loss of gear, prices have moved up to 65 cents a pound from the 30-cent figure quoted at Dec. 1.

Most of the lobsters caught are being shipped by coastal craft to Boston but some are moving by air freight.

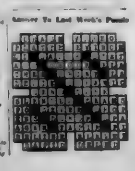
Answer To Last Week's Puzzle



Price Control And Rationing Information

Q.—I have lost my ration book. Will I be able to get another book?

A.—Get in touch with your Local Ration Board and report the loss of your book. You will be issued with temporary rations. If your book does not turn up within 20 days, a new book will be issued. It will be necessary for you to make a sworn statement or an affidavit before a lost book can be replaced.

—o—

Q.—Must ration books of deceased persons be turned back in to the Local Ration Board?

A.—Yes, a deceased person's ration book must be turned in to a ration board or ration branch.

—o—

Q.—I was married last week. Will the Ration Board want my change of name and address?

A.—When you change your name and address this should be reported to the Local Ration Board.

—o—

Q.—There was an announcement made by the Wartime Prices and Trade Board recently in connection with tea and coffee prices. By how much were these commodities increased in price?

A.—Effective January first, tea and coffee prices were raised. Maximum price increase in coffee is four cents a pound, while tea, sold in quantities of less than half a pound will increase by eight cents, and there will be an increase of ten cents a pound on all tea sold in quantities of half a pound or more.

—o—

Please send your questions or your request for the pamphlet "Consumers News" or the Blue Book in which you keep track of your ceiling prices, mentioning the name of this paper to the nearest Wartime Prices and Trade Board office in your province.

Canada Club's Gift To Westminster Abbey

Two Chairs For Exclusive Use Of The King And Queen

The London Times reports that the gift of two chairs to Westminster Abbey for the use of the King and Queen was announced at a dinner given by the Canada Club to welcome the new High Commissioner for Canada, Norman Robertson. Lord Greenwood, who made the announcement, said there was no record of any such chairs in the history of the Abbey for the use of the Royal Family. The club wished to present the chairs as a perpetual memorial of the Canada Club to commemorate their connection with the Abbey. All that they asked was that the chairs should be as fine as they could possibly be made. Accepting the gift, the Dean of Westminster pointed out that, although there were certain historic chairs in the Abbey for the use of the King and Queen, there were no chairs that could be used on ordinary occasions when the King and Queen wished to worship there.

TOO HOT FOR HOT CLUE

DETROIT.—Detroit police had a hot clue recently, but it melted. Policemen investigating a safe robbery found a footprint in the snow, carefully picked it up and transferred it to a cooler at police headquarters. The cooler wasn't cold enough.

GREEK KING'S SISTER FLIES OCEAN TO N.Y.—Sister of King George of Greece, Princess Irene, seen here, arrived at LaGuardia Field, New York, aboard a plane from Paris.

Forecasts Rockets To Travel 6,000 Miles

Maj.-Gen. Lemay Says United States Within Shooting Distance

BOSTON. — Maj.-Gen. Curtis E. Lemay forecast that by 1960 rocket weapons with a 6,000-mile range will place the United States within shooting distance of any industrial country.

Even now conventional airplanes flying the Polar route could subject the United States to attack "directly from the home grounds of any of our potential enemies," said the air forces chief of development and research.

"A 5,000-mile arc from our vital industrial area swung across the polar regions takes in all Europe and most of Asia," he told the American Association for the Advancement of Science.

If the Germans could, in 1944, as they did, produce a missile which would travel 70 miles high, 3,000 miles an hour and deliver 1,000 pounds of explosive nearly 200 miles away with considerable accuracy, it is probable that any of the principal industrial nations of the earth can, by 1960, develop a controlled air weapon that will deliver several tons of explosive with great accuracy over ranges of 3,000 to 6,000 miles.

Armed with atomic explosives these will be powerful weapons.

If another war comes, said Lemay, the United States will be the first to be attacked and hostilities will start with bombs and guided missiles falling on the United States."

He said research and air power must be maintained at maximum condition during peacetime since there will be no time to prepare and tool up industry for war production.

GEMS OF THOUGHT

PREJUDICE

The great obstacle to progress is prejudice.—Bovee

There is nothing respecting which a man may be so long unconscious, as of the extent and strength of his prejudices.—Jeffrey

The prejudices of ignorance are more easily removed than the prejudices of interest; the first are all blindly adopted, the second willfully preferred.—Bancroft

None are too wise to be mistaken, but few are so wisely just as to acknowledge and correct their mistakes, and especially the mistakes of prejudice.—Isaac Barrow.

The public sentiment is helpful or dangerous only in proportion to its right or its wrong concept, and the forward footsteps it impels or the prejudice it instils.—Mary Baker Eddy.

Fortunately for serious minds, a bias recognized is a bias sterilized.—A. Eustace Haydon.

Diner—I believe you're right. I ordered a small steak.

* * * *

A young man whose knowledge of cards was vague was roped in to complete a bridge four.

He committed his first mistake by throwing away a king on a trick already taken by his opponent's ace.

"Good heavens!" bellowed the young man's partner, "a king doesn't usually beat an ace."

"I know," stammered the beginner, "but I thought I'd let it have a try."

PLAYING "SOLDIERS", FALLS 200 FEET—Unconscious after a 200-foot fall, Norman Allan, 12, Hamilton, Ont., lay for 30 minutes at the foot of Scarboro Bluffs, just outside of Toronto, while firemen and police struggled along the icy cliff base to rescue him. He suffered a possible fractured skull and broken arm. His condition is described as critical. The boy slipped over the cliff while "playing soldiers".

Used to be Bilious and Constipated

But Happy Days Here Again Since Relief was Found

Bilious attacks, headaches and constipation made life a burden to this mother of ten children. Then she started on a simple plan which she has never regretted. For ten years, the "little morning dose" of Kruschen has helped to keep her well, as she tells in this letter:—

"I have put my faith in Kruschen [illegible] at least ten years. I used to suffer with nasty bilious spells, headaches and constipation. I wish [illegible]. I am 46 years old and have had ten children. Thanks to my little morning dose of Kruschen I am free from constipation and I feel fine."—Mrs. C. H., Coventry.

It is reasonable to ask why this woman's headaches, constipation and biliousness were so happily relieved by Kruschen. The answer is that Kruschen is made up of six minerals or salts and when you take Kruschen regularly for a while, your stomach, liver, kidneys and your digestion are benefited. And that—as you know—is a big help in keeping regular and feeling fit. All druggists have Kruschen Salts, price 25c and 75c. Try them yourself and take just enough to suit you as a morning dose.

YELLOWKNIFE UNDERTAKES MILLION DOLLAR PROJECT

EDMONTON.—Hon. J. A. MacKinnon, Trade Minister, said here a $1,000,000 modern sewerage and waterworks system will be undertaken immediately at the town of Yellowknife, N.W.T., northern mining centre.

He said the plan is designed to meet demands of a future population of 10,000. At present there are some 3,000 in Yellowknife.

MOTOR BOAT CHURCH

A motor boat which can seat a congregation of fifty has been sent to the Northern Fjords of Norway, where the Germans carried out systematic destruction of churches and dwelling places. The "floating church" moves on from place to place and the local pastor conducts his services on board for the two or three weeks it remains in his parish. 2707

"Bossie" Big Time Business

"Bossie" as a milk factory is certainly going places these days as modern chemistry adds one by-product to another to the ever-increasing list; such things as plastics, textiles, paper coating, paint, glue, fertilizers, pharmaceuticals, insecticides, penicillin, dye and explosives. The value of dairy products produced in Canada during 1946 topped the budget for the whole Dominion in 1930. In fact, it exceeded four hundred million dollars which represents an annual turnover in excess of that of the iron and steel industry, the pulp and paper and the automobile industry, and twice the annual value of the gold mining industry, according to the Agricultural department of the Canadian National Railways. There's gold in bossie and it would seem the problem is to meet the normal consumption requirements in dairy products, which are estimated at around 16 billion pounds of milk for 1947.

Do you find your heart sinking? Perhaps it's of stone.

Bowtell Bulletin

First a correction, it was Mrs. [illegible] who donated coffee and not Mrs. Gannon as stated last week.

The last Busy Bee meeting was held at the home of Mrs. [illegible] with 16 members present. Mrs. [illegible] roll, our auditor gave a most interesting report. Mrs. Walker reported on the Christmas treats and stated there was $3 left over which will go towards the children's picnic in [illegible] and this amount will be turned over to Harry Perkins. The Busy Bees have a balance of $[illegible] to commence the year's work.

A dance will also be held [illegible] school this Friday and the committee in charge is Mrs. Fenton, Mrs. [illegible] rison and Mrs. DeLeeuw. Mrs. Moss won the monthly draw. Place of the next meeting is Mrs. Morrison's, lunch by Mrs. Maggs and Mrs. Moss.

Mrs. Repp is expected home this week end from eastern Canada.

Mr. and Mrs. Fry were dinner guests Jan. 7th at the home of Mr. and Mrs. H. Simenchuk.

Mr. and Mrs. Kereluk were recent visitors at the Walker home. Mr. and Mrs. Moses visited at the Moss home.

Harry Perkins went to Edmonton this week.

Roads are now very heavy for the school buses.

The writer, husband and Frances were dinner guests Friday at the home of Mr. and Mrs. Perkins. Visitors to the same home Thursday evening were Mr. and Mrs. D. [illegible] and family.

MORRISON NEWS

Our roads [illegible] that we could travel around and of course the same old story [illegible] comes Mr. [illegible] snow has not covered the old highway and the school bus finds the roads pretty bad for travelling. We thought that they were going to keep the roads in good condition [illegible] [illegible]

Mr. and Mrs. Bushwell, Clara and [illegible] home of [illegible] Sunday Mr. and Mrs. M. Clelland were dinner guests also.

[illegible] only [illegible] The [illegible] at Christie [illegible] member [illegible] to attend [illegible] get your [illegible] day night.

TRANSPARENT AUTO TOPS

A Detroit firm is bringing out a [illegible] vision plastic top for [illegible] cars, The Financial Post reports. The top is formed in one piece of [illegible] Plexiglass and can be made clear or in transparent shades of red, blue or green.

[illegible]

It is nice to see Mrs. J. Payne driving their truck now.

Don't forget our feathered friends. Now that the snow is so deep the little Chickadee [illegible]

Attend Legion Banquet In Edmonton

S. Carl Heckbert was chairman at the banquet held by the Canadian Legion at the Macdonald hotel, Edmonton, last Saturday evening where-at Maj. Gen. C. B. Price, president of the Dominion command of the Canadian Legion was guest of honor. Attending the event also from Vermilion were R. B. Spencer and Chas. Heckbert, president and secretary respectively of the Vermilion Post of the Legion.

LOCAL NEWS

Mr and Mrs P [illegible] announce the engagement of their youngest daughter, Gladys to Mr Alan Potter [illegible]

Mr and Mrs. E Stanford, 1987 Davenport Road, Toronto, announce the engagement of their eldest daughter Florence to LAC Harold Heidebrecht, son of Mrs. George Heidebrecht and the late Mr George Heidebrecht of Vermilion.

Mrs. Maxine Wittingenstein who came to attend the funeral of her aunt, the late Mrs Margaret MacKenzie Morrison, left Saturday morning by C.N.R. for her home in Vancouver. She was accompanied to Edmonton by Mrs Helen Walls, niece of Mr. Morrison, returning to her home in Drumheller. Mrs. Walls as Helen Morrison attended high school at Vermilion some years ago and met several of her school chums while in town.

Mrs George Keech and daughter Linda who have been visiting at the home of the former's parents Mr. and Mrs. K. E. Rowe, are leaving by plane Friday for Aylmer, Ontario.

J. W. Muir of Islay returned from Ontario on Wednesday morning where he has spent the past two months visiting boyhood scenes at Dundalk where several members of his family still live, and at Toronto.

W. M. Dalgliesh returned home last Thursday after visiting his mother in Calgary.

The W.M.S. of the United church will hold a tea at the home of Mrs. S. C. Heckbert on Wed., Feb. 12th. 36-7c

CARD OF THANKS

We wish to thank the many friends and the Riverton Ladies Aid for their contributions of flowers and their help during our recent bereavement.

Mr. Harold Hyatt

CARD OF THANKS

I wish to thank most sincerely all those who sent cards and messages of sympathy and condolence in my bereavement, and to those who expressed their sorrow at the passing of a friend with beautiful floral tributes.

I wish to thank also Dr. and Mrs. Sandford, W. P. and Billie Pilkie, Melvin and Mrs. Hill, Kenneth and Mrs. MacDonald for their kindness, sympathy and assistance during these trying days.

I feel that Mrs. Morrison now having passed on, her good works and deeds will live on and be long remembered by her numerous friends. I thank you all.

J. W. G. Morrison

IN MEMORIAM

In memory of my mother

Mattie Wilkerho

—who passed away Jan. 16, 1945

Two dear bright eyes, a tender smile

A loving heart that knew no guile
Deep trust in God that all was right
Her joy to make some other bright
If [illegible] suffering one she knew
Some gentle act of love she'd do
No thought of self, but of "the other"

I know He said "Well done dear mother"

—With Love, Beth.

OBITUARY

MRS. MARY ANN HYATT

On December 31st, Mrs. Mary Ann Hyatt passed away at the age of [illegible] years. Her husband predeceased her in 1934. She had lived in the Riverton district for 25 years.

Left to mourn her loss are seven sons, three daughters, forty-seven grandchildren, forty great grandchildren, one sister and one brother.

The funeral service was held in Riverton school on January 3rd. Rev. Richards officiated. The hymns, My Faith Looks Up to Thee, Rock of Ages and Nearer My God to Thee, were sung.

The pallbearers were Mr. W. S. MacLean, Mr Pete Hanson, Mr. Jack Hanson, Mr Vern Sinclair, Mr. C. Haskell Sr., Mr. Bill Hanson.

Interment took place in the Dewberry cemetery.

There were floral wreaths from the family, many friends and the Riverton Ladies Aid.

Olds Agricultural College Students Visiting Vermilion

HOCKEY GAME ON SATURDAY

A party of 26 students and two instructors from the Olds school of agriculture will arrive in Vermilion today for a week end visit at their sister school. Chief purpose of the trip is to encourage a spirit of friendly inter-school interest and competition. The trip is being made by special bus entirely financed by student funds.

Included in the Olds contingent will be a girls' basketball team and boys' basketball and hockey teams. The boys' basketball game will be played on Friday evening at 9:00 o'clock and will likely produce one of the best demonstrations of the game to be seen in Vermilion in recent years. The girls' basketball game will be played on Saturday afternoon and the hockey game is scheduled for 8:00 Saturday night in the town arena. The games are open to the public and it is expected that a good crowd will attend.

In addition to the sports contests, a program of other activities has been planned for the visitors. A public speaking contest will precede the basketball game on Friday evening and after the game there will be a lunch and sing-song. The visiting students will attend classes along with their hosts on Saturday morning and later in the afternoon will inspect the various classrooms, laboratories, shops and the livestock.

A return visit by our students is being planned for next year.

VERMILION WINS FOUR STRAIGHT

TRIM VEGREVILLE 8 TO 1

The Art Wiebe coached rampaging Vermilion Tigers won their fourth straight game Saturday night when they rode roughshod over the Vegreville Rangers by an 8-1 count. The Tigers lost their first four starts and then reversed proceedings winning four straight. The victory put them into a temporary tie for top place in the league standing with Vegreville, until Monday of this week when the Rangers won from Huskies 9-8. Vermilion is idle until Saturday Jan. 25 when they go to Vegreville.

The Tigers' victory on Saturday came as a result of a really scintillating display of team work and this is borne out by the fact that there were 20 scoring points rung up on the eight goals they scored. Every goal was a combination effort and the boys were pulling off smart play after smart play all evening. The second string, although not getting any of the goals, also enjoyed a decided margin on the play when they were on the ice and only tough luck kept them from adding to the scoring total.

Bob Watt with 5 goals and 2 assists headed the scoring parade, Les Williams notched three goals and helped in two others, Doug Brimacombe figured in on no less than 6 assists with defencemen Wiebe and Waldenberger getting an assist each. Demonstrating that combination and team play was the keynote of their success three players received points on four of the eight counters.

Walter Dowhaniuk scored Vegreville's lone goal on Berezan's pass.

The Tigers went out in front 44 seconds after the game started. Put the total up to 3-0 at the end of the first, 5-0 the time the second was completed and coasted home in the third with the Rangers scoring the lone marker.

Flierak gathered in the sole penalty for tripping.

Russell Carroll was referee and Mike Ponech linesman.

The crowd was the biggest of the season, there being 971 paid admissions. Adding players, officials and ice cleaners to this number meant over 1000 people in the arena.

Lineups

VEGREVILLE—Cekaliuk, Ponech, G. Hantiuk, Flierak, Berezan, J. Hantiuk, Klein, Charuk, G. Dowhaniuk, W. Dowhaniuk, Henderson, Easton.

VERMILION—Martin, Wiebe, Waldenberger, Manyluk, Watt, Williams, Brimacombe, Rowe, Cashes, Reiger, Martuk, Donald.

Summary

1st period: Watt (Waldenberger); Watt (Brimacombe); Williams (Watt).

2nd period: Watt (Williams and Brimacombe); Watt (Brimacombe and Williams); Watt (Brimacombe); Williams (Watt and Brimacombe); Williams (Wiebe and Brimacombe).

3rd period: Veg. W. Dowhaniuk from Berezan.

General Meeting to Consider Living War Memorial

The War Memorial committee of the Board of Trade has called a meeting to be held in the Elks hall at 8 p.m., on Thursday, Feb. 6th.

All interested in discussing the question of a War Memorial for Vermilion are invited to attend. It is proposed to discuss ideas on this and appoint a committee to carry out the details of such a program. Further notice will appear later.

Saint Mary's Church, Clandonald, Holds Annual Meeting

GOOD ATENDANCE — GRATIFYING REPORTS

The annual meeting of the congregation of Saint Mary's The Virgin Anglican church in Clandonald was held on Wednesday Jan. 15th. The night was very cold but a large attendance assembled.

It was certainly very gratifying to hear the reports of the different organizations read one after another. The church can feel thankful to all the people who attend and give their support. A lot is heard about church union, in St. Mary's the congregation certainly is composed of all denominations, and the Christian spirit of 95 per cent is shown by attendance and their support. This is the spirit that will be the means of bringing a lasting peace to the world.

The church starts the year with a clean sheet and shows a very substantial balance in all the departments. The officers elected were:

Minister's Warden—T. J. Sender
People's Warden—R. A. Stockwell
The Vestry—G. Turner, J. Deans, H. Drake, C. Stockwell, W. Seal.
Delegate to Synod—R. A. Stockwell, alternative Wm. Seal.

Entertainment — G. Turner, chairman; Building—T. J. Sender, chairman; Envelope Sec'y — Mrs. Mary Stockwell; Organist — Mrs. M. E. Brant; Sunday school teachers—Mrs. Brant, Mrs. W. Seal, Mrs. E. Simpson, Miss E. Rochester; W.A. representative to Vestry—The President, Mrs. F. Hartwell; Jr. W.A. Leader — Mrs. Wm. Seal.

The annual meeting of the Vermilion Board of Trade will be held Wednesday next at 12:10 noon in George's. Yearly reports will be received and officers for 1947 will be elected. E. M. Stewart has completed his year as President so that a complete slate of new officers will be proposed by the nominating committee.

"GREEN ACRES"

SEED TESTING

Grain growers can test their own seed by planting 100 average kernels in a flower pot or tin can. Water moderately but keep moist and keep in that part of the house where it is not hot or where it does not freeze. Count only strong plants at 8 to 10 days. A germination of 90 per cent is required.

SHELTER BELT TREES

There is no doubt that a good shelter belt protects the farmstead from cold winds in winter and provides shade in summer. It makes a home where before it was only a house. A well-treed farm brings a much higher price when offered for sale. Both the Dominion and Provincial governments offer trees free of charge. See your District Agriculturist for application forms.

PURE BRED SWINE

Wanted—A farmer in this district to raise pure bred Yorkshire pigs. I doubt if there is another district in the province without a breeder of good registered "Yorks". Opportunity is knocking at your door.

LAYING MASHES NECESSARY

Last week a local farmer informed me that he was highly satisfied with the increase in egg production from feeding a balanced laying mash. This man got one egg from 76 hens on Jan. 3rd, the date he commenced feeding the purchased laying mash. On Jan 15th just 12 days later he gathered 25 eggs.

EARLY VARIETIES

Several farmers north of town grew the new variety of oats named Larain. They all report being well satisfied with the performance of this variety. One farmer reported cutting a good crop just 83 days after seeding. The germination is 98 per cent which means it was cut before the frost. Early varieties are certainly worth growing in this country.

CONSTRUCTION OF DUGOUTS

Farmers in this district are slow in taking advantage of the P.F.R.A. assistance plan for constructing dams and dugouts for stock watering. Payments up to $150 are made to farmers for doing the work themselves. Applications should be made immediately if you plan on construction work this year. You can get full particulars from your District Agriculturist.

R. H. Buckingham, D.A.

Price of Meals Advance Vermilion Restaurants

COFFEE NOW 7c — 10c IN BOOTHS

Prices of meals in Vermilion will advance on Saturday morning according to an official announcement by the restaurant proprietors contained elsewhere in this issue of the Standard. Meals priced below 50c go up 5c and those above 50c a little more. The whole story will be told on the new menus at the various eating houses Saturday morning.

Coffee maintained at 5c in town throughout the war now advances to 7c at the lunch counters and 10c in the booths. There will be no service in the booths at less than 10c.

The general advance in the price of meals and lunches is a very moderate one and is not calculated to put a very big dent in anyone's pocketbook.

J. H. T. McLean Is Transferred To Milk River

LEAVES THIS FRIDAY

J. H. T. McLean, accountant in the Canadian Bank of Commerce branch here for the past seven years has been transferred to the bank at Milk River in southern Alberta, where he has been appointed manager. He leaves Friday for his new post. Mrs. McLean will follow next week.

Mr. and Mrs. McLean have both been active in Canadian Legion and Red Cross work, Mrs. McLean being secretary of the Legion W.A. for several years and was also a member of the executive of the I.O.D.E. Mr. McLean was treasurer of the Red Cross association, a member of the Legion and was a keen curler. They leave behind a host of friends who are sorry to see them go.

Mr. A. M. Cumming formerly of Provost is the new accountant here, taking over on Friday.

Mr and Mrs. Cumming and two children will occupy the former McLean residence.

E. Sweatman New President Canadian Legion Post No. 11

MAKE $50.00 GRANT TO BURNED OUT VETERAN

The annual meeting of the Vermilion Branch of the Canadian Legion was held [illegible] Jan. 13th [illegible] slate of officers for 1947 was elected as follows:

Hon. President — Mayor J. W. G. Morrison
President — E. Sweatman
1st Vice-Pres. J. B. Rogan
2nd Vice-Pres.—Geo. Martin
Executive—T. Watts, S.C. Heckbert, A. E. Pinchbeck, J. E. Clark, B. Rindale, S. H. Manyluk, L. Mayhew, R. Allan
Sgt. at Arms—K. MacDonald

The full ceremony of installation of officers will be held at the February meeting for the first time in the history of the Branch.

Com. R. B. Spencer, the retiring president thanked the members of the Branch for co-operation received during the year.

Secretary C. T. Heckbert outlined the financial statement for the year just completed which showed a substantial gain in the Building fund. He [illegible] on all members of the Branch and appeals to the public as a whole to notify him of any jobs of any kind which might come to their attention. At the present time there are an increasing number of veterans in Vermilion who are unemployed. The co-operation of all members and the public is solicited in this connection.

As a result of the recent disastrous fire which destroyed all the personal effects of Mr. and Mrs. C. K. Nelson, a veteran of the 2nd world war, a motion was carried granting them $50 to help them get re-established.

Legislation has now come into effect whereby second world war veterans may secure loans up to $3000 for the purchase or improvement of businesses. Complete details are now available.

ELKS SPONSOR BENEFIT DANCE

THIS SATURDAY NIGHT

Vermilion Elks are sponsoring a dance in their hall on Saturday of this week, Jan 25th, total proceeds of which will be in aid of two families in the district whose homes were recently destroyed by fire. Admission tickets are being sold at 25c each. Everyone is urged to purchase one or more to help this worthy cause. The [illegible] has volunteered the music free of charge and it is hoped that a goodly sum will be realized from the event.

George D. Shields Passes Away

A well known resident of the town for many years, George D. Shields, passed away at the hospital on Monday January 20th after an illness of several months. He was in his [illegible] year.

Funeral services are being held on Thursday afternoon at the [illegible] [illegible] cemetery.

Letters to the Editor

[illegible]

The Editor,
Vermilion Standard,
[illegible]

[illegible] Vermilion [illegible] [illegible] follow Co-ops [illegible] [illegible] for their loyal support and assistance.

[illegible] wish them a continuing [illegible] success and satisfaction [illegible] accomplishment that has characterized the [illegible] efforts since [illegible]

To the [illegible] closely associated with me through the years of my service may I express my thanks and compliment them on a job well done.

At the special request of the Board of Directors I have agreed to remain [illegible] short time to render what assistance I may in an advisory capacity but my term of employment was terminated as at January 18th 1947.

C. A. [illegible]

Annual Meeting of Town Ratepayers Friday, Jan. 31st

TOWN, SCHOOL AND HOSPITAL MATTERS TO BE DISCUSSED: IN MASONIC HALL

The annual meeting of the ratepayers of the town of Vermilion will be held in the Masonic hall on Friday evening, Jan. 31 commencing at 8 o'clock sharp.

Reports will be given by Mayor Morrison and the chairmen of the various committees of the town council. Each councillor has jurisdiction over a committee so will have an opportunity to speak.

Vermilion Centre school district matters and those of the hospital will also come under consideration and discussion.

Nomination Day Monday, Feb. 3rd

Nominations will be received by returning officer John Brimacombe at the town hall between the hours of 11 a.m. and 12 o'clock noon Monday Feb. 3rd for the offices of Mayor, two councillors, and two school trustees.

Mayor Morrison has completed another straight stretch of ten years in the chair, as well as serving six years in a like capacity previously.

The terms of councillors R. W. Bushell and Gordon Park expire. Mr. Bushell has served on the council for six years and Mr. Park for three.

On the school board Chairman Don Taylor and trustee Jack Reid have completed further two year terms making two nominations for trustees necessary.

James D. Adam is the Vermilion Centre S.D. representative on the Vermilion school division board being elected last year for three years.

H. R. Parker is hospital board member and sits for another year on his present term.

NURSES WIN CAPS

Three student nurses from Vermilion, Miss Norma Williams, Miss Frankie Reid and Miss Vivian Taylor received their nurses caps at the Royal Alexandra hospital on Saturday following the successful completion of their three months probationary period. Mr and Mrs. Jack Reid and Mr and Mrs Gordon Williams motored from Vermilion to attend the interesting ceremony.

COPY HELD OVER

Some very interesting news was crowded out this week, including a V.S.A. item concerning important visitors, report of Citizenship address at Board of Trade meeting, and locals. News material seemed to pile up Wednesday afternoon by which time half the Standard is printed and there wasn't a thing could be done about it. This will all appear in our next issue.

THE WEATHER . .

Clear mild weather with the thermometer riding well above the zero mark even at night has been enjoyed this week.

Annual Meeting Canadian Legion Women's Auxiliary

At the annual meeting of the Women's Auxiliary of the Canadian Legion, Post 11, the following slate of officers were elected for 1947:

President—Mrs. H. J. Clarke
Im. Past Pres.—Mrs. Harry Scott
1st Vice-Pres.—Mrs. E. Bowe
2nd Vice-Pres.—Mrs. A. Fleckbeck
Secretary—Election at Feb. meet.
Treasurer—Mrs. O. Williams.
Council—Mrs. Cavil, Mrs. Tom Dick, Mrs. Tom Watts, Mrs. A. Manyluk, Mrs. B. Riedale, Mrs. S. C. Hochbert.
Standard Bearer—Mrs. Cameron
Auditors—Mrs. A. Sinclair, Mrs. J. Robson

Mannville, Vermilion Curlers Clash In Triple Header

Vermilion rinks turned back two Mannville quartets at the curling rink Tuesday evening but the third visiting rink scored a decisive victory over their local opposition. Skips and scores were: Moffatt 13, McFadden Mannville 11. Lloyd McFadden 11, Manx, Mannville 7; Spencer 1, Gerhart, Mannville 13.

Tigers Win 6 to 4 In Exhibition Game

Vermilion Tigers defeated the Edmonton Athletic Club "B" Juniors 6 goals to 4 in a very good game at the arena Wednesday evening. A more complete report will appear in our next issue. Attendance was near the 700 mark.

Bowtell Bulletin

The sympathy of the entire district is extended to Mrs. Riedale and family who were bereaved by the death of Doris. Although she was seriously ill a year ago she had made progress toward recovery during the summer months only to fail again during the winter. The end came very suddenly at the family home Saturday night. One wonders why a young girl of 16 years is taken but God moves in a mysterious way his wonders to perform.

Jim Miller is to be congratulated for seeing that the children reach school at Islay. When the roads became blocked with snow and the snow plow failed to appear to open up the school bus routes, Jim used a team and sleigh to reach the village school. It is too far to make the return trip and come back at 4 p.m. by team so Jim just has to wait in Islay from morning until 4 p.m., rather a long and tiresome wait we would say.

The Bowtell school bus has been unable to make the round trip as the old highway is blocked. Two school buses planned to use the old highway between Islay and Vermilion and it seems too bad the plow doesn't function more often.

Due to bad weather and roads the dance advertised for Bowtell wasn't held.

Letters to the Editor

(This paper does not hold itself responsible for opinions expressed by correspondents.)

Vermilion Alta., Jan. 21, 1947.

Mr. Editor:

I desire to draw to the attention of the citizens of Vermilion and district generally the great need of a mortuary at the local public cemetery. The plan to be estimated for the required months, say from November to May. The needs are urgent: viz., in attending the funeral of your departed relative or neighbor the building will protect you from the icy winds and the tramping through knee deep snow and also when the frost is out of the ground in the spring the grave can be dug with care and the transfer be made under proper supervision as required by law.

The annual meeting of the ratepayers will be held on the 31st. Have a discussion of this important matter.

Yours truly,
Ratepayer

New Assistance Is Offered To War Veterans

OTTAWA.—The Veterans Business and Professional Loans act, passed at the last session of parliament as a measure to encourage financial assistance to veterans at low rates of interest, is proclaimed, Veterans Minister MacKenzie announced.

Proclamation of the act was withheld while regulations for administering it were re-drafted, the minister said. This task now has been completed in co-operation with the department of finance and the Chartered Banks of Canada.

The loans under the act will be available to veterans who have received war service gratuities but have not already been given assistance under the Veterans' Land act. The veterans may apply for the loan for the following purposes:

1. For purchase of a business or partnership.
2. Purchase or repair of machinery, tools, instruments or other equipment of business.
3. Construction, repair or alteration of, or making of additions to, any building or structure used or to be used in the carrying on of business.
4. Any purpose as prescribed which may be deemed to benefit the veterans' [illegible]

Loans will be made for varying purposes, depending on the size of the loan and the individual circumstances of the borrower. The maximum term will be 10 years and the rate of interest five per cent. The act defines business as including trade, industry or profession.

The banks themselves will be guaranteed by the government against loss up to 25 per cent. of the overall aggregate amount of loans up to $1,000,000 and 15 per cent. thereafter. They may follow the normal lending procedure but the act permits the banks to take additional lending security.

Loans made within five years up to a maximum of $25,000,000 are guaranteed under the act.

"It should be made clear that this legislation does not mean the government itself is lending money to veterans," said Mr. MacKenzie. "The loans will be made by the Chartered banks and the banks themselves will decide on the credit status of those applying. These loans will be facilitated by the guarantee against the proportion of possible loss as provided by the new act. Veterans are therefore advised to make their applications directly to a Chartered bank."

STRESSES NEED OF INDUSTRIAL WEST

VANCOUVER.—Rt. Hon. James G. Gardiner, minister of agriculture, called for industrial development throughout western Canada in an interview here.

"Development from here to Winnipeg has to come—and if the industrialists will not do it, the people will take over and see that it is done," the minister declared.

"It is my opinion industry should be developed all over western Canada and especially from Vancouver to Calgary."

Mr Gardiner said that often, in the past, large industries bought up smaller localized industries and closed them up to provide selling fields for their own products instead of opening up and developing new territories.

"There would be no use talking of enterprise operating industry if they continued to do it as they had in the past," he said bluntly.

"We need some sensible people in industry."

ICE ANAESTHETIC PROVES SUCCESSFUL

WINNIPEG.—An unusual surgery operation using ice as the only anaesthetic has been performed at Deer Lodge, Man., hospital on Sgt.-Maj. John Alexander, 79-year-old veteran, it was learned here. A gangrenous foot required amputation of his leg through [illegible].

Dr. W. L. [illegible] superintendent, said a regular anaesthetic was not used [illegible]. This is believed to have been the first use of ice as an anaesthetic for an operation of this nature in Winnipeg, he added.

Sgt.-Maj. Alexander said he was not able to see what the doctors were doing but he could hear them "sawing away."

WILL GO ON TRIAL

VENICE, Italy.—The British supreme command in Italy announced that Field Marshal Albert Kesselring, former supreme German commander in southeast Europe, will go on trial for war crimes before a British military court in Venice next month.

[illegible]

AMSTERDAM.—A New York-to-Amsterdam flight record was set by a Dutch Constellation aircraft which completed the 3,[illegible]-mile trip in 11 hours four minutes, compared with the previous record of 12 hours.

FRENCH TRY GENERAL FOR WAR "MURDERS"—Senior German military commander in the occupation of France, Gen. Otto von Stulpnagel is being tried by a French military tribunal in Paris. He was brought from Germany recently and is accused of responsibility for a long list of murders and other acts of violence.

Immigration To Canada Is Increasing

OTTAWA.—Immigration into Canada has already been reversed in major degree from the emigration from Canada during the war.

For the nine months, ending Sept. 30, 1946, a total of 58,992 immigrants entered Canada, according to figures of the department of immigration.

This compares with only 15,[illegible] who entered Canada in the same nine months of 1945 and with 22,722 immigrants into Canada for the full year of 1945.

Of this total of 58,992, those of British racial origin—English, Irish, Scots and Welsh, totalled 43,272. That compares with 12,000 for the same nine months of 1945 and 14,677 for the full year 1945.

Of course, this 43,272 of British racial origin included the wives and children of returning veterans, most of whom have now arrived.

But against this decline, their is a significantly rapid rise in immigration from the United States.

Thus of the total of 58,992 immigrants arriving in Canada in the nine months ending last September, 8,649 were from the United States. That 8,649 of American immigrants coming to reside permanently in Canada compares with only 4,382 for the same nine months of 1945 and with 6,394 for the full year 1945. This rate of American immigration is increasing.

Subtracting the immigrants of British racial origin and those from the U.S., a total of 51,921 from the total of 58,992 who came to Canada in the first nine months of 1946, leaves 7,071 immigrants from other countries, nearly all from Europe.

But this 7,071 does not include the nearly 4,000 Polish soldiers brought to Canada for farm work who are not yet counted on an immigrant basis. If these 4,000 Poles were counted, it would bring the total of newcomers to Canada in the first nine months of [illegible].

Still more significant, however, is the rising tide of Canadians returning to Canada, mostly from the United States.

In the nine months ending Sept. 30, 1946, a total of 3,3[illegible] Canadians returned to Canada compared to only 1,978 in the same nine months of 1945 and 2,6[illegible] for the full year 1945.

NEW SELLING PHASE BY WAR ASSETS

OTTAWA.—War Assets corporation has entered a new phase of selling activity with inauguration of warehouse "inspection and bid" sales, E. R. Birchard, vice-president in charge of merchandising for the corporation [illegible].

[illegible] warehouse sale is decided on, goods for sale are arranged in lots convenient for inspection. They are small enough to permit buyers of limited means to compete with larger [illegible].

Following the inspection period four days are allowed for reception of bids, after which the highest bidder is notified of acceptance of his offer provided the price is equitable. Unsuccessful bidders also are informed of non-acceptance of their offers. Special mobile units have been organized to handle these sales and each [illegible] information section.

COMPLETE PARATROOP COURSE

OTTAWA.—Seven officers and two other ranks of the Canadian army active force baled out of a plane over Camp Shilo, Man., recently to complete their paratroops course and become the first of Canada's peacetime active force to qualify for their "jump wings", defence headquarters disclosed.

World's Major Armies Is Estimated At 11,000,000

Russia Has Largest

WASHINGTON.—The second year of peace finds an estimated 11,000,000 men and women in the world's major armies.

This figure is based on a compilation made by Maj. Hal D. Steward of El Paso, Texas, mainly from United States war department intelligence reports, for an article in the current issue of the [illegible] cavalry Journal.

Maj. Steward, a cavalry officer, stressed that the report does not pretend to be wholly accurate since secrecy and evasion cloak the strength of some countries, notably Russia which is believed to have the world's largest army at present.

The five major world powers have an estimated total of 8,850,000 including 2,700,000 in the Chinese national army. In addition, communist China is reported to have nearly 1,000,000 [illegible].

Maj. Steward estimates the Russian army now numbers about 3,000,000. China comes next with about 2,700,000 regulars in the national army, Britain third with about 1,500,000, the United States fourth with 1,300,000 and France fifth with 150,000.

One of the largest armies, he said, is maintained by Yugoslavia—nearly 800,000, of whom 10 percent are women.

BRITAIN CURTAILS COAL DELIVERIES

LONDON.—Faced by the most serious fuel crisis in the country's history, the British government has announced an over-all cut in coal deliveries to industry.

Sir Stafford Cripps, president of the board of trade, admitted to a press conference that the [illegible] drive might be affected though it is hoped not seriously. Any unemployment caused by the cut would be "very small—practically nothing."

Domestic fuel supplies will not be cut and electricity and gas plants will be given "enough coal to work full out"—but even the iron and steel industry and industrial coke ovens will be short of requirements by an estimated 300,000 tons weekly.

In addition to the industrial cut, Sir Stafford said that hotels, restaurants and movie theatres might have to use less electricity and coal but there will be no further dimming of street lighting.

Fuel Minister Shinwell who also met with the press said that allocation would be put on a "realistic scale"—about half the previous allocations.

CEILING REMAINS

No Change In Price On Gasoline And Tractor Distillates

OTTAWA.—While the import subsidy on crude oil is being withdrawn, federal officials said price ceilings on gasoline and tractor distillates would remain as at present.

The subsidy is being removed, it was stated, in line with government policy to withdraw this type of wartime assistance generally as soon as possible.

It was understood some protests against the subsidy removal, chiefly on the ground it might affect gasoline prices, had been received. It was emphasized that no price increases beyond the existing ceilings would be permitted.

SHIPS CARRY WHEAT FOR ITALY

WASHINGTON.—Six American ships carrying army wheat to Germany have been ordered to proceed instead to Italy to stave off famine and food riots, it was disclosed.

This was revealed as Italian premier Alcide de Gasperi prepared to fly to Rome armed with assurances of other United States financial and economic aid for his war-impoverished country.

Assistant Secretary of War Howard C. Peterson [illegible] war department had received an urgent request from the stated department to give the United Nations relief and rehabilitation administration all possible aid in relieving the "acute distress in Italy."

The ships are carrying about 50,000 tons of wheat originally destined for American forces in Germany.

The announcement came after the export-import bank had disclosed its "willingness" to extend $100,000,000 (M) in credits to restore and expand certain segments of Italy's export market.

BUTTER PRODUCED IN 1946 DOWN

OTTAWA.—The dominion bureau of statistics reported that creamery butter production in December totalled 10,292,000 pounds against 10,505,000 pounds in December 1945 bringing production for the whole of 1946 to 270,150,000 pounds against 293,541,000 pounds in 1945.

Of the December figures the bureau said declines in production were reported in all provinces except Quebec and Ontario, which showed advances of 9.7 and 9.5 per cent, respectively.

The bureau said an appraisal of the creamery butter situation over the first four months of 1947 indicated that, on "the basis of present levels of rations and allocations, prospective supplies will be approximately 11,000,000 pounds below requirements."

BYRNES RETIRES AS SECRETARY OF STATE—Gen. George C. Marshall (right) is shown with James F. Byrnes whom he succeeds as secretary of state. Failing health forced Byrnes [illegible] Marshall has spent the last 13 months in China as a special representative.

PALACE OF SOVIETS BUILDING RESUMES—Russia is to resume construction on the Palace of the Soviets [illegible] as the world's tallest building with a height of 1,365 feet which was interrupted during the war, Moscow radio [illegible].

Great Britain To Support U.S. Atomic Stand

NEW YORK.—Authoritative sources said that Great Britain will support the United States in insisting atomic energy control be given priority over general disarmament if there is a showdown with Russia in the United Nations security council.

Russia is insisting that "all phases of world disarmament be taken up immediately by the 11-power security body. She is opposed to giving priority to atomic energy control.

The United States argues that atomic energy control should be given top consideration on the grounds that if there is an international system of protection from atomic weapons, the problem of lesser weapons should not prove insurmountable.

Delegates believed the basic argument over priority may be resolved [illegible] security council meets.

Under the Russian proposal, atomic energy would be included in disarmament discussion but without any special priority such as the United States deems necessary.

An American source said the United States delegation wanted the security council to consider the report of the atomic energy commission as the first action under the U.N. assembly's resolution calling for world-wide disarmament.

"A" CIRCUIT FAIR DATES SET

The Western Canada association of exhibitions known as "A" circuit and the Western Canada Fairs association, "B" circuit, met recently at the Fort Garry hotel, with vice-president J. Charles Yule in the chair.

The dates for "A" circuit for 1947 are as follows:

Brandon: June 30 to July 4, a 5-day show.
Calgary: July 7 to 12.
Edmonton: July 14 to 19.
Saskatoon: July 21 to 26.
Regina: July 28 to August 2.

Dean Grant MacEwan of the University of Manitoba was chosen as chairman of the attractions committee, Arthur H. McGuire of Calgary to head the [illegible] C. F. Wilson of Saskatoon to handle livestock. Saskatoon [illegible] represented by A. M. [illegible] in charge of the [illegible] J. F. Sweeney, of Regina [illegible] for racing.

[illegible] W. Shaw [illegible] Alberta is officiating as president [illegible] Keith Stewart of [illegible] secretary.

Where There Is A Will There Is A Way

[illegible] Frank Morgan, Chicago dance [illegible]

[illegible]

[illegible] Morgan [illegible] which [illegible] to make [illegible]

For example. The wife is about to go shopping for a new hat hubby can't afford, says Morgan; this calls for [illegible] a very friendly [illegible] dancing [illegible] her."

Or there is a disagreeable chore to perform that could start an argument. Preface the chore with a rhumba, Morgan urges, and no fight [illegible].

Production Of Stock Needed Says Gardiner

CALGARY. — The government, working in co-operation with farm organizations, has made "every provision" for the farmer collecting his reasonable proportion of the national income, Rt. Hon. James G. Gardiner, federal minister of agriculture, told the United Farmers of Alberta annual convention.

"The only question remaining," he went on, "is as to whether that is what the whole farming community desires. The gross income can be increased by producing to the limit that which brings in the most cash and the net income by producing what pays best."

Questioned after his formal address on the government's policy toward inducing greater barley production, Mr. Gardiner said an announcement would be made after his return to Ottawa. He pointed out that the provinces and the farm organizations represented in the C.F.A. proposed that there be an acreage subsidy of $5 per acre on all land put into barley and that present equalization payment come off and the price remain the same.

The government is "considering" this proposal he said and will either provide an acreage subsidy or increase the price.

After giving figures to show the great effect of increased livestock production on farm income during the war years, Mr. Gardiner advised farmers to stay with livestock.

If a farmer sells his feed grain to Denmark or the United States or the brewery just because he can get a little more for it and closes up that part of his plant which pays the best profits, he should not be surprised if Denmark and the United States and the brewery force him to take a lower price when he no longer has a market for hogs, beef or dairy products in Britain.

"The only way farmers can get and maintain their reasonable share of the national income, granted they have an assured market and reasonable price, is through mass production of what they have a reasonable market for and preferably the finished product such as cattle, hogs and eggs. If we want our share of the national income, it is in our hands. We have the market. We have the price.

"We can only hold the market and the price if we supply the demand for the finished product rather than pass on the raw materials to some one over whom we have no control."

The minister discussed wheat policy at length and criticized the attitude of the grain exchange to export policy.

He quoted a grain exchange advertisement: "what guarantee have you that because you accept a lower price now you will get a higher price later."

And his answer: "All I can say in reply is that I personally discussed the matter with the British officials and their minister. They are agreed that we are entitled to have possible losses in the first two years made up in the last two. They have so stated in the contract.

"I have at least as high a regard and respect for the word of the British government as I have for that of the grain exchange and I know the western farmers have a much higher regard for the British government whatever party heads it."

TRACTOR TRAIN BRINGS FOOD

THE PAS, Man.—A second provision-loaded caterpillar train—eight tractors drawing 32 sleighs—crawled toward the mining and Indian settlement of God's Lake 290 miles east of The Pas to dispel for the winter the threat of another enforced fish [illegible] the [illegible] residents.

Bad weather which interfered with the operation of the caterpillars and the dwindling of supplies on the shelves of the settlement's sole store [illegible] in the [illegible] 14 white and 900 Indian [illegible]. They were forced to go on an almost 100 per cent. fish diet.

The first caterpillar train was hailed joyously by practically every resident. Extra help was employed at the store [illegible]. No sooner were the shelves stocked than the eager Indians emptied them.

TO REDUCE PRICE OF CITIZENSHIP PAPERS

OTTAWA.—Loud protests from numerous Canadians who object to paying $5 apiece for the new Canadian citizenship certificates for themselves and their wives have caused the government to change its mind. The $5 fee is to be reduced, it was admitted by Hon. Colin Gibson, secretary of state.

Mr. Gibson was not certain yet how much the fee would be cut. It may be the certificates will be reduced to $1 or even given free to native-born Canadians. Foreign-born, naturalized Canadians may still be charged the $5 fee.

BUTTER RATION TO STAY . . .

There is to be no cut in the Canadian butter ration of six ounces per person per week nor will there be any immediate increase in the retail butter prices. This announcement was made from Ottawa last week. It was also intimated that if butter became scarce, supplies would be imported from surplus producing areas, possibly New Zealand. —"Budget"

Moved by Cr. Quist that mowing attachments with heavy brush bar be ordered from Allis-Chalmers. Cd.

Moved by Reeve Currie that Cr. Lambie be allowed two months absence. Cd.

Moved by Cr. Leighton that car load of snow fencing be divided equally in the 7 divisions. Cd.

Meeting adjourned.

Letters to the Editor

(This paper does not hold itself responsible for opinions expressed by correspondents.)

Vermilion, Jan 16, 1947

Editor, Vermilion Standard,
Dear Sir:

I think I should head this letter Lost, one Community Spirit, finder please return to the King Edward district."

It seems that there is no community spirit left at all in the King Edward district and it's about time some of us took note of it and try to get it back. A community without any community spirit might as well be dead. Our community spirit should start from the school which as a rule is the centre of the district, starting with the little plays etc., which the teacher puts on for the children. Therefore the teacher should first of all have a hundred per cent backing from the parents of the children. It is the opposite at King Edward. It seems that the efforts of our teacher to get something going for the children is always given the cold shoulder by responsible parties connected with the school. First at Christmas the teacher tried to have a concert for the children. That was turned down. (Why, I don't know.) The next best thing she could do was to put on a bingo party to raise some money for a little party for the children on the last day of school before the Christmas holidays. That was also ridiculed by the same parties. Nevertheless the teacher put her little party on for the children and believe it or not, just 3 families turned out from the King Edward district and a wonderful turnout from the adjoining districts. So you see the teacher had backing at least from outlying districts and practically none from the district in which she taught. I think it's about time King Edward woke up and did something about supporting our teacher instead of putting obstacles in her way. It seems that King Edward school has had a bad name in this respect for quite a while and I feel assured that if we would only get out and meet our teachers [illegible] would soon be wiped off the slate.

Sincerely,
A King Edward Subscriber

WORLD HUNGER

Even before the war more than half the population of the world was seriously under-nourished, a survey by the United Nations Food and Agriculture Organization discloses.

To provide food enough to maintain everyone in normal health the survey estimates that there must be a 100 per cent increase in the world's milk supply, 46 per cent increase in meat and 163 per cent increase in fruits and vegetables. —"Budget"

OUR COMPLETE SHORT STORY—

"BACK FIRE"

By JOHN DOROUI

Copyright Wheeler Newspaper Syndicate

THE minute the door swung open everyone in the office knew that the Duncans finally had gotten themselves a boy. One arm cradled a box of cigars and under the other rested five pounds of candy, as Joe with tired eyes but a beaming face proudly announced, "You should see his legs already. Who said there'd be only one All-American in the Duncan family?

On the two previous occasions Joe's wife had presented him with young Duncans. Each time it had been a girl. And very cute young ladies they were too—aged two and four now—and much loved, but neither could hope to play halfback for Eastern State as dad had.

"Here you are, boys," Joe continued, after shaking hands all around, "one to a customer. Better use a toothpick on the last half inch of these 'cause they cost me half a buck apiece. And for the girls—five pounds of the best sweet stuff I could find. Hop to it, and by the way, Bee," this to his secretary, "save me a couple of those cigars for Mr. Kramer. He and I have some things to talk over when he gets back this afternoon. And, oh say, where's Tony?"

His eyes held a devilish gleam as from his vest pocket he pulled another cigar, seemingly identical to those in the box only everyone knew it wasn't exactly identical. They all recognized the symptoms of Joe's most obvious failing. Though quite popular with the office force, he could have commanded greater respect and popularity had he been able to lay off his practical jokes. His big infectious grin and general air of never having quite grown up naturally drew people to him, but even his best friends knew they weren't immune to an occasional hotfoot or a slap on whatever part of the anatomy sunburn had made the most tender.

Tony wasn't hard to find, for having heard the news he was hurrying toward Joe with outstretched hand. "Con-grash-ulaishun, Meestair Joe," his face beamed his pleasure. "I'ma vera happee to hear you getta whatta you wanta." Tony was genuinely glad for Joe and he showed it.

That was why the crowd melted away from around the two of them. They all liked the good natured little Italian janitor, who never seemed too busy to empty a wastebasket or perform some menial task that no one else had time to do. A certain amount of sympathy too was mingled with their liking for Tony who had not always been a janitor. In the old country he had been a gardener; here he had developed quite a landscaping business until arthritis and dampness of the earth during the spring and fall had forced him to seek employment indoors.

Tony took the proferred cigar and immediately ruined the situation for Joe by remarking, "Thanks you, Meestair Joe. I'ma hope you don'min' if I'ma smoka heem aftair suppair tonight. I'ma always say a gooda seegar always tasta best aftair a spaghett' and a gooda red wine." Joe was obviously disappointed but knew that insistence on immediate action with the cigar would make a bad situation worse so with a shrug of his shoulders and a muffled "Okay, Tony," he turned and walked away.

Joe mooned around the office for about an hour before admitting that the all-night vigil and nervous tension had worn him down. He needed sleep badly but before he left he instructed Bee to make an appointment with Kramer for the following morning. It would be better that way. He'd be fresh and sharp in the morning and would be able to give the old boy a real argument, if one was necessary, and knowing Kramer he knew there would be an argument.

Joe's thoughts were on the morrow as he wearily drove home. Kramer had resisted his demands for a salary increase for almost a year. Three times he'd talked to him and three times the results were negative, but Joe was not a quitter. He felt he'd learned more about the old man each time and thought he could make him give in tomorrow. He knew a lot depended on the mood he was in and the setting in that respect would be almost perfect. On the way out of the office Bee had told him that Kramer had just returned from a vacation in Florida with a first place trophy he'd won in a golf tournament. Golf fiend that he was, Kramer couldn't help but be in a mellow and expansive state of mind for several days at least.

Mood wasn't all of it though and Joe knew he'd have to give out with good hard facts. He [illegible] the advent of his third heir would prove to be lever enough to dislodge Kramer from his previous [illegible] position. Hospital and doctor expenses, normal rise in living because of the new [illegible] and some sort of trust fund to [illegible] college education for the boy [illegible] when he gazed across the highly polished desk into the old man's shrewd and calculating eyes. Joe's heart [illegible] from both weariness and effort as he tried to fit the pieces into a logical pattern. He was almost certain that he could swing the deal but his knowledge of Kramer's attitude in the past [illegible] to worry him. [illegible] the holes in Kramer's [illegible] and experience had [illegible] that [illegible] he was glad there were such [illegible].

Joe [illegible] that [illegible] and totally rehearsing his speech [illegible] the [illegible]

well as the fronts, put on a freshly cleaned gray suit and tied a Windsor knot into a new gray green tie; more green than gray for somewhere he'd read that green was restful and relaxing to the eye. That's the way he wanted Kramer, calm and relaxed.

In the hall outside the office he almost ran over Tony, broom in one hand, dust pan in the other. The memory of yesterday afternoon returned as he stopped and said with a slightly sheepish grin, "Good morning, Tony. How was the cigar?"

It was Tony's turn to look sheepish and as he squirmed and shifted from one foot to the other, Joe felt a slight pang of remorse for his seeming embarrassment although he couldn't deny he somehow enjoyed it.

Tony spoke. "Well, I'ma tella you, Joe. I'ma no cana tell if sheesa good ceegar or not." Joe's grin grew wider. He should have pushed the load in farther, let Tony get a little enjoyment of the cigar at least.

"You see," Tony continued, "sheesa like dis. Lasta night da bigga boss heeso calla me inna offuse and aska me to do som' landscape work for heem. You know, but em inna couple [illegible]. Heesa seen my seegar and I'ma tella heem you have new bambino. Heesa say he no getta no seegar so I'ma giva heem mine [illegible] don min'."

LEFTOVERS TRANSFORMED

Last night's leftover roast makes tonight's "Magic" Meat Rolls

2 tbs. soft butter
1 cup chopped leftover meat
2 tbs. chopped onions
2 cups flour
4 tsp. Magic Baking Powder
½ tsp. salt
4 tbs. shortening
⅔ cup milk, or half milk and water

Mix meat, onion, butter. Sift together dry ingredients, cut in shortening, add liquid to make soft dough. Turn on floured board, knead lightly. Roll ½ inch thick, spread with meat mixture. Roll like jelly roll, cut in slices. Bake on baking sheet in hot oven 475° F. for about 14 minutes. Serve with tomato sauce.

THOUSANDS READY TO SETTLE IN CANADA

LONDON.—The Evening Standard said that if the Canadian government reopens its immigration offices in Liverpool, Glasgow and Belfast there will be a flood of applications.

The newspaper added that in Liverpool alone shipping companies have a waiting list of 100,000 waiting to go to Canada.

The story, which was featured prominently on the front page, said an average of 100 persons a day made inquiries about Canadian immigration in London and 5,000 were awaiting shipping in Ulster.

Saskatchewan Birds Facing Starvation

WEYBURN, Sask.—Game birds in this south-central Saskatchewan district are facing starvation due to a heavy crust atop deep snows, reports reaching here said. Birds are unable to dig through to ground food.

One district farmer said he was able to pick up a starving pheasant and others reported that the usually wary birds including prairie chickens and Hungarian partridge were coming straight into farmers' yards looking for food.

Herb Comstock, game warden, said the Department of Natural Resources has authorized purchase of grain to feed the birds.

Ventriloquism is thought to have been practiced by the Jews during their captivity in Egypt when a mystic voice was heard during the worship of Osiris.

Miraculous Cure Of Incurable Disease

VERONA, Italy.—Villagers of Verona's tiny suburb of San Pietro in Legnano reported the miraculous cure of 18-year-old Anna Modenese who had suffered from a goitre and neck tumor which was considered incurable.

The young woman is said to have followed her new year's dream in which she saw the apparition of Ste. Teresa.

The Saint appeared to her, the girl said, carrying a baby completely dressed in green and promised to cure the girl if her father would swear to forget.

When she awakened the girl called her family to her bedside and neighbors said the cure began almost immediately.

Today she was reported completely cured and physicians said the incident was "outside the bounds of science."

Wildmere Winks

Baillie Holte returned to town on Friday after doing chores for John Wilson the past two weeks.

Mrs. Ray Osterberg of Wildmere was called to her home in Thorndale a week ago owing to her mother being very sick. She came home on Sunday and reports her mother still quite ill.

The dance and shower for Mr. and Mrs. Joe Tilinger at Rosewood last Friday was a very enjoyable affair. Owing to heavy roads not a very big crowd attended. The happy couple received a nice lot of useful gifts for which they heartily thanked everyone. Beverly Lewis and George Steward furnished the music. J.C. was M.C.

Congrats to Mr. and Mrs. Urban Holman of Tolland on the birth of a baby girl at the Vermilion hospital.

John Wilson has had a very sore mouth since returning home from Edmonton. Glad to say he is somewhat better at time of writing.

Lloyd Howard and Roy Garnett returned home on Wednesday last from Edmonton.

Bob Middlemis who has been staying at Lloyd Howard's has now gone to work at Ray Preston's in Tolland.

Mrs. Chas. Goal of Triangle came home on Saturday from the hospital with her baby daughter.

Mr. and Mrs. Cliff Cruthers and family visited Sunday afternoon at the Eyben home in Wildmere.

Mr. and Mrs. Ray Osterberg and Billie Smith were visitors at the Walbington home on Sunday.

One day not so long ago we stopped in at the Northern hardware in Vermilion — One's first impression on entering was of files around honey. Manager, clerks and others were gathered around something on the counter. It was a 1907 edition of the Edmonton Journal we believe they were looking at. It contained the pictures of Vermilion at that time, important buildings and businessmen of the town. The writer would have liked to had more time to give it a real once over.

Our road to town is blocked again but we have promise of the snow plow coming out any day now. Mail has to be routed by team from the west highway.

Yes Bowtell, the birds sure do enjoy a bit of fat on a tree. We are glad "Pick" mentioned cats in his column—it is about time something was done for or with those stray animals—only the last time we were in town a wee kitten was being kicked out of a store and left to the mercy of some dog or dogs to tear it to pieces.

NOTICE

IN THE MATTER OF The New Way Cleaners, of the Town of Vermilion, in the Province of Alberta.

WHEREAS PETER VINCENT EASTWOOD, CHARLES PROULX and ELMER MARTY, formerly owners of The New Way Cleaners in the Town of Vermilion, in the Province of Alberta have sold the said business and it is necessary that all creditors of the said firm be paid;

TAKE NOTICE that all persons having claims as at January 8th, 1947, against the New Way Cleaners of the Town of Vermilion in the Province of Alberta, are required to file their claims with me within two weeks of the date hereof, after which time the purchase monies will be distributed to the persons lawfully entitled.

DATED at the City of Edmonton in the Province of Alberta this 22nd day of January A.D. 1947.

Annual Meeting of W. A. at Clandonald

Mrs. F. Hartwell Elected President

The annual meeting of the Women's Auxiliary of the church of Saint Mary the Virgin was held at the vicarage, Clandonald, on Wednesday Jan. 8th. After all reports for the year 1946 had been read, it was to say the least, the best year in the history of the church. This gives great credit to the President and her willing helpers.

The following officers were elected:

President—Mrs. F. Hartwell
Vice-Pres.—Mrs. W. Currie
Secretary—Mrs. C. Stockwell
Treasurer—Mrs. [illegible]
Dorcas Sec'y—Mrs. W. Seal
Living Message—Mrs. C. White
Little Helpers—Mrs. W. Brant
Jr. W.A. Leader—Mrs. W. Seal.

The W.A. held their bazaar a short time ago which proved to be a very successful affair taking in the amount of $235. The members of the W.A. time and goods to make it such a great success. They also wish to thank those who from far away places sent their gifts to help. Later on they hope to send to each person by mail a letter of thanks.

After the meeting they all enjoyed the little get-together, leaving just in time to get the supper ready for their husbands and children — (perhaps). This year of 1947 many improvements are to be done to the church and the vicarage. It is hoped that all will rally around the president and make the year of 1947 the biggest and best yet.

The members of the W.A. wish to thank the Editor and staff of the Vermilion Standard for their kindness in putting the news items in this well read paper.

"PICKINGS - by Pick"

Seven degrees above zero, 7 inches of snow, plus appeals to go easy on fuel gas make it a tough winter at Vancouver. Meanwhile on the other coast we have Atlantic gales and storms. Even in the Texas grapefruit belt zero weather returns. All this combined with blizzards in Manitoba and Saskatchewan sort of makes me glad that I am wintering in Alberta.

●

Now that Skip Howard Wood and rink from Winnipeg have driven home the new Hudson coaches from N'pawin we pause to sympathize with whatever rink picked up that inevitable booby prize, a set of casseroles . . . I know how they must feel because I once won such a "critter".

●

It was a tragic picture to see the people of London being put to further hardships by the outlaw strike of dock workers and truck drivers. Surely arbitration methods can be used there quite easily for haven't they a "labor" government holding sway?

■

To illustrate the growth of Vermilion—it wasn't many years ago that the feasibility of consolidating the town by moving the south side bodily into the town proper was seriously considered. A few years previous to that a plebiscite was held on the question of erecting a four-room high school, which fortunately, the ratepayers refused. In its place our modern 8-room structure was built and now even it is overcrowded.

●

The worth of any election campaign organization can be ascertained by summing up what each individual in that organization has contributed to the welfare and advancement of the town.

●

We note the new light in the arena but also note that the council is perfectly willing to split 50-50 on profits on exhibition games but any loss incurred is to be borne entirely by the sporting—and I do mean sporting—side. Many may not realize it but great interest is shown on the north line in our hockey, one town being represented by over a hundred fans at each game. A little extra effort to hold and cultivate that interest in Vermilion's sport activities is forthcoming from everyone.

●

Support the benefit campaign now on, disaster can happen anywhere. Aid will be highly appreciated both by the recipients and the organization carrying on the campaign.

Tuberculosis is caused by a germ, the tubercule bacillus, discovered in 1882 by Robert Koch. The germ is transmitted from one person to another. Often people who do not know they have the disease give it to members of their family or their associates at work.

Sixteen Years Ago To-day

Interesting Items Gleaned from the Files of The Vermilion Standard
16 YEARS AGO TODAY — 1931

Jan. 22 1931

The council chamber of the town hall was filled to capacity Monday by ratepayers who responded to the request of Mayor Fallow to meet the council and discuss matters pertaining to the much talked of artificial lake in the Vermilion river valley projected by the Alberta Power Board. The citizens were unanimously in favor of committing the town to a share in the cost of the scheme.

A sure sign of the mild winter is the fact that they are still pitching horse shoes daily at Dave Kennedy's filling station.

A fire completely destroyed the residence in the east end of town occupied by Mr. and Mrs. George Hill. The house belonged to the British Investment Co.

Canadian Citizenship

WITH THE COMING OF THE NEW YEAR Canadians have acquired for the first time the legal status of Canadian citizenship. The Canadian Citizenship Act which came into force on the first of January now gives the people of this country the right to describe themselves on passports and other legal documents as Canadians. British citizenship which all Canadian citizens have held in the past and will continue to hold under the new regulations is a privilege which few people would [illegible] but at the same time there is [illegible] that most Canadians find satisfaction in at last being able to claim legal citizenship in the country which is theirs either by birth or by adoption.

• • • • • •

Act Of Faith In The Future

The new Citizenship Act has been called "an act of faith in Canada and in Canada's future." Certainly it is timely for Canadians to give thought now to the meaning of their citizenship and to the privileges and responsibilities which go with it. During the war the great potentialities of Canada's resources, both human and material, were at last fully realized and her status as a nation increased enormously. A high degree of unity was achieved both in the armed forces and at home, as people from all parts of the country learned to work together in a great common purpose. Like most countries Canada is now seeking to set a course politically and economically in the post-war world and amid the problems and uncertainties of the times there is need, indeed, for a continuation of the national consciousness born during the war and for the people to continue to work together as Canadians in building for the future.

• • • •

Contribute To National Life

One highly commendable feature of the new Citizenship Act is that now new Canadians who have qualified for citizenship take part in ceremonies which impress upon them the meaning of their new status. There are perhaps none who will welcome the change as much as the new citizens themselves. Most of them [illegible] looking upon Canada as a place where there was freedom and opportunity which they did not have in their native lands and formal recognition of their qualification for full citizenship will mean much to them. We may be proud indeed of the people of many races who claim Canadian citizenship and contribute so richly to all phases of our national life. The new Citizenship Act has marked a milestone in Canada's development as a nation, and much of her future depends upon the manner in which all Canadians guard the privileges and fulfil the duties [illegible]

KIDDIES COLDS yield quickly to a brisk rub with BUCKLEY'S WHITE RUB

Thousands Immunized In Quebec City Drive

QUEBEC CITY, Que.—More than 6,000 children were started on the way to complete immunization against diphtheria and whooping cough in the last few weeks as a result of an intensive [illegible] based on the [illegible] of the Health League of Canada in co-operation with provincial and city health officials.

It is the hope of the sponsors of the [illegible] that more than 25,000 city and district children will have been [illegible] against the menace of these two diseases by next spring.

Clinics have been set up in the city's 30 parishes. Municipal authorities are supplying the necessary [illegible] and hundreds of volunteer workers, doctors, nurses and others are participating.

The [illegible] ready [illegible] the district [illegible] the [illegible] advertise and on the first day [illegible] were contacted as mothers with carriages and children congregated around them. One observer said the scene at one clinic reminded him of a Christmas bazaar [illegible]

Needless Fires

Great Number Of Them Caused By Careless Cigarette Smokers

Some cigarettes, dropped or discarded, continue to burn to the last wisp of tobacco and paper, others die quickly of themselves.

Obviously those of the first type are much the likelier to cause trouble if tossed into a wastepaper basket or allowed to fall into a sofa or bed or cushioned chair. Even a short butt of this type will hold fire for several minutes while the other sort extinguishes itself almost at once.

So very large a proportion of our needless fires are attributed to cigarettes that one wonders whether the [illegible] should not consider giving all varieties the treatment which apparently some varieties [illegible]—Ottawa Journal.

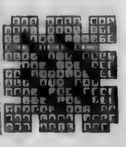
Answer To Last Week's Puzzle



AUTOMOBILES STILL PRICE CONTROLLED

The Prices Board gave a break, for what it was worth, to the Canadians who still dream of getting a new car.

Motor vehicles, including cars, motorcycles, trucks and trailers, remained within the grip of price controls in the latest Government decree of decontrol. Thus they remained within legal maximum price limits although new car prices were recently allowed to rise 10 per cent.

Bound to the ceiling, too, were pneumatic tires and tubes, storage batteries and bicycles and their parts as well as motor vehicle parts and accessories.

FUNNY and • • • • OTHERWISE

Miss Flurry, I wish you would not write personal correspondence during office hours. Letters can get mixed in a most annoying way.

"Why, what's happened, Mr Storm?"

"Here's a complaint in today's mail from the Wheeler Company. They say they ordered a shipment of axle grease and then got a letter from us saying that we were sending them loads of love."

• • • •

Although it was getting late, the lovers still lingered in the shadowy hall of her ancestral mansion. It was obvious she was pleading with him about something, but in vain.

"It's no use, darling," he said in a broken voice; "I simply can't face your father to ask him for your hand."

"You needn't be frightened of facing him, dear," replied the girl cunningly; "the great danger is when you turn your back."

• • • •

Customer—A dozen eggs, please.

Grocer—We have first grade eggs, second grade eggs, third grade.

Customer—Don't bother any further. Just let me have some that have graduated!

• • • •

"Is that young man courting you, Ethel?" asked her aunt.

"Not exactly; but he's approaching step by step."

"How do you mean?"

"Well, the first time he called he spent the evening with my autograph album on his knee."

"Yes, but—"

"The second time he nursed my dog. Last night he took my little brother on his lap. So you see, he's gradually working around to my turn."

• • • •

First Business Man—"Since I bought a car I don't have to walk to the bank to make deposits any more."

Second Business man — "You drive there eh?"

First Business man—"No, I don't make any."

• • • •

A young widow put up a costly monument to her late husband, and had inscribed upon it: "My grief is so great that I cannot bear it."

A year or so later she married again and changed the inscription to read: "My grief is so great that I cannot bear it alone."

2708

"UNCLE SUGAR'S" GIFTS BAFFLE [illegible]

Puzzled by windfall, Arthur Dunn Denver street car operator, looks at latest $50 entry in his bank book. The U.S. government deposited $450 to his account since last June, and he can't find out why.

WORKERS WILL HAVE TO STAY ON JOB

Canada can get caught up on production in 1947 if workers stay on the job, Labor Minister Mitchell said on his return from a month-long trip to the West Indies and South America.

"Our problem is one of continued production at a price that will permit mass production," he said. "If we stay on the job and keep turning out the things Canada needs, we need have no fears for the future."

Tanned and fit after his first holiday since 1941, Mr. Mitchell said he returned with the conclusion "that Canada is the best country in the world to live in."

• The firefly is not a fly but a beetle.

SUBMARINES TO HELP COAL SHORTAGE

LONDON.—The Admiralty called out its submarines to generate power and light for royal dockyards, saving the dockyards' coal for industry in Britain's fuel crisis.

An admiralty spokesman said 30 more submarines would be assigned and each could generate about 1,000 kilowatts a day. They burn oil. A weekly saving of 2,000 tons of coal was envisaged.

Several factories have closed and others are threatened because of the fuel shortage.

During the war, submarines were used to feed the Italian generating station at Naples after the Germans were driven out of the city.

Several miles of cable will be necessary to link up the submarines with the dockyards.

GEMS OF THOUGHT

UNITY

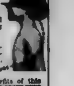
Men's hearts ought not to be set against one another, but set with one another, and all against evil only. —Carlyle

The multitude which does not reduce itself to unity is confusion, the unity which does not depend upon the multitude, is tyranny.—Pascal

Individuals, as nations, unite harmoniously on the basis of justice, and this is accomplished when self is lost in Love—or God's own plan of salvation.—Mary Baker Eddy

Jesus throws down the dividing prejudices of nationality, and teaches universal love, without distinction of race, merit, or rank.—Geikie

Whoever in prayer can say, "Our Father", acknowledges and should feel the brotherhood of the whole race of mankind.—Tryon Edwards.



ACTS 2 WAYS TO RELIEVE MISERIES OF BRONCHITIS

Now get real relief from coughs, soreness and congestion of bronchitis—this double-action way that actually

WORKS 2 WAYS AT ONCE
PENETRATES deep into bronchial tubes with soothing medicinal vapors.
STIMULATES chest and back surfaces like a warming poultice.
KEEPS WORKING FOR HOURS

To get all the benefits of this combined PENETRATING-STIMULATING action, just rub throat, chest, and back with Vicks VapoRub at bedtime. Instantly VapoRub goes to work—2 ways at once as shown above—to ease bronchitis coughing, loosen congestion, relieve muscular soreness, and speed restful, comforting sleep. Often by morning most of the misery is gone. Get relief from bronchitis distress tonight with double-action, time-tested Vicks VapoRub . . . Try it!
VICKS VAPORUB

SHIPS DREAD AREA NEAR SABLE ISLAND

Collier's Magazine says the world's greatest menace to navigation has long been Sable Island, which lies 85 miles east of Nova Scotia. By slowly sinking since its discovery in 1497, this island has shrunk in size from 14,000 to 20 square miles. Consequently, as it has become surrounded by hundreds of miles of dangerous reefs which are usually enveloped in fog and swept by irregular currents, some 1,000 ships have been wrecked in this "graveyard of the Atlantic."

NEW FASTER ACTING ROYAL DRY YEAST

Add New Fast Rising Royal to water. It starts working in 10 minutes!

New Granule Form Saves Time! Saves Work! Scores New Baking Success!

No fussing with "setting bread" the night before when you're tired and "not up to it." No risk of overnight baking failure because of temperature changes. New Fast Rising Royal lets you do your whole baking in a few hours in the daytime when you can watch the dough.

New Fast Rising Royal stays full strength, ready for use on your pantry shelf for weeks. Try New Royal Fast Rising Dry Yeast today. At your grocer's.

4 packets in each carton. Each packet makes 4 large loaves.

I hold the BAG!

The new Lipton's Tea Bags are convenient . . . economical . . . and give you all the brisk flavour of Lipton's Tea . . . never wishy-washy, . . . always fresh, lively and full-bodied. Every Lipton Individual Measured "Service" Tea Bag provides two full cups of brisk tasting Lipton's Tea.

$7.50 Fee Is Set for Special Hospital Ratepayers

The regular monthly meeting of the Vermilion Municipal Hospital board was held on Saturday Jan. 11. Present Chairman Mr. C. B. Thompson, and Messrs. Tucker, Alexander, Parker, Macnab and Mosser.

The minutes of the previous meeting were adopted as read.

Cash statement for December was presented by the Sec'y as follows:

Brought Fwd. from Nov.	$ 6,980.56
Plus Dec. Receipts	4,081.56
	$10,462.12
Less Dec. Payments	[illegible]
	$ 6,606.23

The cash statement for month of December as presented by the Sec'y was adopted as read.

Macnab—Alexander: That the fee for special ratepayers be $7.50 for the year 1947. Cd.

The following accounts were passed for payment: Stephens Ltd. $218.25; Co-op store 161.90; Brimacombe Bros. 2.45; Craig Bros. 19.27; Vermilion City Dairy 105.46; L. Kluchinsky 14.00; Northern Hdwe. 2.90; C.N.R. [illegible]; Town of Vermilion 116.08; C.N.R. 1.96; 10.33; Long's Drug store 13.33; Nelson-Hill Hdwe. 27.75; W. J. Fisk 5.75; J. R. Jones 27.00; J. B. Mix .50; Postmaster 15.00; Vermilion Standard 13.36; Franco Public Service 141.91; F. J. Richardson 10.75; A. C. Hochbert 165.00; Salaries 1,610.00. Total $2,762.36.

Parker — Macnab: That we ask Douglas Brimacombe to quote rates on additional insurance of $10,000 on hospital contents and $20,000 on the hospital building. Cd.

The Superintendent reported as follows: Hospital days 883; Patients admitted 107; Discharged 114; Births 16; Deaths 3; Operations major 5, minor 10.

It is good business to spend money to wipe out tuberculosis. It would be far cheaper in the end than to go on bearing the terrific cost of caring for the tuberculous. The Christmas Seal fund still needs your dollars.

Islay District Locals

Mrs. N. Coombe, George Coombe and Percy Golby returned last week from a trip to Edmonton after having spent a week with Raymond Coombe and family who live at Forest Heights. Icy roads going up made driving [illegible] but recent snowfalls improved conditions for the return trip. A moose was observed going through the Park and later on a ring-necked [illegible] pheasant was seen crossing the road.

Mrs. P. Golby and daughter Barbara visited with Helen Coombe during Percy's absence.

The children are now attending the new school at Islay. The Morrison bus was out of commission for a time, a team and covered sleigh conveying the children to school until repairs were made.

Democracy supplies demand. Dictatorship demands supply.

Farewell Party For Mr., Mrs. G. Edwards

About 45 friends gathered at the home of Mr. and Mrs. D. A. Edwards on Wednesday Jan. 15th to farewell Mr. and Mrs. Garnett Edwards and two children on the eve of their departure for England. A very enjoyable evening was spent tinged a little with regret that this young family was leaving the town to make their future home in England.

Garnett grew up in the Maughan district, enlisted early in the war and spent five years overseas being wounded several times. He married in England and at the cessation of hostilities Mr and Mrs Edwards and two children took up residence in Vermilion living here for the past year. They subsequently decided to return to England and left for overseas on Friday Jan. 17th to make their home at 21 Little Twitton, Cooden (near Bexhill) Sussex, England.

IMPORTANT GOVERNMENT NOTICE
Respecting Price Control

The Wartime Prices and Trade Regulations (Order in Council P.C. 8528 of November 1, 1941) established basic period maximum prices for goods and designated services. These regulations were passed under the authority of the War Measures Act and continued in force under the National Emergency Transitional Powers Act, 1945.

From time to time these basic maximum prices have been varied or the fixed maximum has been suspended in the case of particular goods and services by Orders issued by the Wartime Prices and Trade Board under the authority of the above Regulations. A few days ago a substantial number of suspensions from price control was announced.

I believe it is desirable therefore that a summary should now be published of those goods and services on which a legal maximum price remains in force under the provisions of the Wartime Prices and Trade Regulations so that all citizens may be given an opportunity to inform themselves of the law.

The complete price control regulations are contained in Wartime Prices and Trade Board Order No. 684 which is available to the public at any office of the Wartime Prices and Trade Board, and to which reference should be made for exact details.

Douglas Abbott
Minister of Finance.

Summary of

GOODS AND SERVICES REMAINING SUBJECT TO MAXIMUM PRICES

Under Wartime Prices and Trade Board Order No. 684

FOODS

- All flours, flour mixes and meals.
- Yeast.
- Bread, bread rolls, biscuits and bakery products.
- Processed cereals, cooked or uncooked, including breakfast cereals, macaroni, vermicelli, spaghetti, noodles and other alimentary paste products.
- Rice.
- Pot and pearl barley.
- Shelled corn, but not including popping corn.
- Dried peas, soya beans, dried beans except lima beans and red kidney beans.
- Baking powder.
- Starch.
- Sugar, sugar cane syrups, corn syrups, grape sugar, glucose.
- Edible molasses.
- Honey.
- Maple products—1946 production.
- Candy, confectionery and caramel.
- Tea, coffee, coffee concentrates.
- Cacao beans, cocoa butter.
- Cocoa and chocolate and beverage preparations containing cocoa or powdered milk.
- Soft drinks and soft drink concentrates, except mineral, sparkling or spring waters in their natural form.
- Malt, malt extract, malt syrup.
- Vinegar.
- Black pepper and white pepper, and substitutes containing black or white pepper.
- Butter
- Casein
- Cheddar cheese, processed cheese and cream cheese.
- Concentrated milk products of all kinds.
- Ice cream.
- Prepared salad dressings; salad and cooking oils.
- Salt
- Fresh apples—1946 crop.
- Raisins, currants, prunes, dried dates, dehydrated apples.
- Tomatoes, tomato sauce, tomato paste, tomato pulp, [illegible] catsup, chili sauce, when in hermetically sealed cans or glass.
- Canned pork and beans, canned spaghetti and canned soups.
- Canned corn, canned peas, canned beans excluding the lima and red kidney varieties.
- Canned apricots, canned peaches, canned pears, canned cherries, canned plums.
- Fruits and vegetables in the two preceding items when frozen and sold in consumer size packages.
- Jams, jellies, marmalades.
- Meat and meat products, not including game, pet foods, and certain varieties of cooked and canned meats and sandwich spreads.
- Sausage casings, animal and artificial.
- Live and dressed poultry; [illegible] poultry and canned poultry sandwich spreads.
- Eggs in the shell; eggs frozen or powdered.
- Canned salmon, canned sea [illegible]
- [illegible] vegetable fats including [illegible] and shortening.

CLOTHING

- Men's, youths' and boys' suits, pants, coats and other clothing except fur coats.
- Fabric caps.
- Men's, youths' and boys' furnishings, as follows: shirts, collars, blouses, underwear, pyjamas, night shirts and dressing gowns.
- Women's, misses', girls', children's and infants' garments of all kinds (except fur coats) and of any material (except pure silk).
- Brassieres and foundation garments.
- Women's, misses', girls' and children's accessories as follows: dickies, bibs, bolters, neckwear, collars, cuffs and aprons.
- Children's and infants' headwear of all kinds, except misses' millinery or hats made from fur felt.
- Knitted wear of all kinds for either sex, including undergarments, outer garments, hosiery, stockings, socks and headwear, but not including pure silk garments, silk stockings or women's and misses' millinery.
- Handkerchiefs.
- Work clothing, including aprons, for either sex.
- Uniforms for either sex.
- Sportswear for either sex, but not including bathing suits and bathing caps.
- Rubber clothing, rubberized clothing, waterproof, showerproof and oiled clothing, except specialized industrial clothing.
- Gloves, gauntlets, mitts and mittens of all kinds for either sex, except those designed as specialized sports equipment or for specialized industrial uses.
- Diapers and diaper supports.
- Footwear of all kinds and of any material.

HOUSEHOLD AND OTHER TEXTILES

- Auto and travelling rugs, awnings, bath mats, bedspreads, blankets of all kinds, [illegible] fronts, card table [illegible] comforters, curtains, [illegible] forms, dish cloths, [illegible] towels, drapes, [illegible] face cloths, hammocks, luncheon sets, mattresses of all kinds, napkins, pillows, pillow cases, pillow forms, quilts, rails, sheets (including ticks and [illegible] covers [illegible]), shower curtains, silence cloths, sleeping bags, swings, table cloths, tents, throw-overs, towels, wash cloths, window blinds, window shades.
- Slip covers for furniture; covers for baby carriages, bassinettes, cribs, cushions, mattresses, ironing boards and toilet seats.
- Pads for baby baskets, baby carriages, card tables, chairs, ironing boards, mattresses and playpens.
- Bags for household use, garment bags, haversacks, dunnage bags.
- Tarpaulins and other protective coverings of canvas.
- Scrap fabrics, including used scrap fabrics except wiping [illegible]
- Floor rugs and mats chiefly [illegible]
- Table and shelf oilcloth.

DOMESTIC FUEL

- Coal, coke and briquettes.
- Wood fuels, sawdust and charcoal.

HOUSEHOLD EQUIPMENT AND SUPPLIES

- Cooking stoves and ranges, but not including rangettes.
- Electrical and gas refrigerators.
- Washing machines.
- Furnaces, fire-place heaters and other heating equipment except portable electric heaters.
- Jacket heaters and other water heating equipment.
- Plumbing and sanitary equipment as follows:
  - (a) All pipe and fittings of a type and size suitable for installation in domestic heating or water systems.
  - (b) All equipment known commercially as "plumbers' brass".
  - (c) Other plumbing and sanitary equipment as follows— bathtubs, closet bowls, commodes, closet seats and hinges, chemical closets, closet tanks, household water softeners, household water [illegible] laundry tubs, septic tanks, sinks, shower baths, soil pipe and fittings, wash basins.
- Domestic sewing machines.
- Soap and soap compounds.

MOTOR VEHICLES AND ACCESSORIES, BICYCLES

- Motor vehicles, including parts and accessories, as follows: passenger motor vehicles designed to carry less than ten persons; motorcycles; trucks and trailers used with trucks.
- Automotive truck bodies.
- Pneumatic tires and tubes.
- Storage batteries, except for specialized industrial uses.
- Bicycles, parts and accessories.

CONSTRUCTION PRODUCTS

- Lumber of all kinds.
- Millwork such as doors, sashes, windows, stairs and gates.
- Plywood and veneers.
- Pre-cut lumber products designed for use in residential or farm buildings, but not including fully pre-fabricated buildings.
- Gypsum board and gypsum lath.
- Wallboards and building boards.
- Insulation products, but not including pipe and boiler coverings.
- Builders' lime and plaster.
- Cast iron soil pipe.
- Nails, staples, rivets, bolts and nuts.
- [illegible]
- Building wires and wiring [illegible]

AGRICULTURAL MACHINERY, IMPLEMENTS, EQUIPMENT AND SUPPLIES

- Practically all items of farm machinery, including planting, seeding and fertilizing equipment, plows, tillage implements and cultivators, haying machinery, harvesting machinery, tractors, wagons, dairy machines and equipment, sprayers and dusters.
- Articles of barn and barn yard equipment.
- Incubators, brooders, poultry feeding and watering equipment.
- Stationary gas engines.
- Beekeepers' supplies.
- Harness and harness hardware.
- Barbed wire and other fencing wire and fences.
- Horseshoes and horseshoe caulks and tacks.
- Binder twine.
- Wheelbarrows.
- Feeds and feed products of all kinds except [illegible] meat, pet foods, oyster shells and poultry grit.
- Agricultural limestone, hydrated lime and chemical fertilizers of all kinds.
- Gopher poisons.
- Seed beans and seed peas.
- Grains as follows: wheat, barley, oats, flaxseed, buckwheat, rapeseed, sunflower seed, grain screenings.

RAW AND PROCESSED MATERIALS

- Basic iron and steel products and [illegible] iron, cast iron, scrap, ingots, bars, plate, rods, and wire.
- Primary, secondary and fabricated mill forms of the following [illegible] metals and their alloys [illegible] antimony, copper, lead, nickel, tin and zinc.
- Tractor distillates and gasolines.
- Crude rubber, synthetic rubber and lattices, reclaimed rubber.
- Basic industrial or agricultural chemicals.
- Dyestuffs, pigments and oxides.
- Plastic sheeting and other plastic shapes for further processing.
- Crushed or burnt limestone.
- All fats and oils, including Vitamin A oils, of animal, vegetable or marine origin but not including cod liver oil when bottled for sale at retail.
- Natural occurring animal and vegetable waxes, but not including polishes.
- Glue stock, glues and adhesives.
- Starches.
- [illegible] fabrics, except pure silk fabrics.
- Bobbinet, dress and curtain nets and netting.
- Yarns and threads, except pure silk, for the knitting and weaving of fabrics.
- Fibres (natural and synthetic) except pure silk fibres used in the manufacture of yarns and threads, and waste products from processing.
- Sewing, embroidery and crochet yarns, threads and floss, except pure silk.
- Rubberized, plastic and other coated fabrics.
- Elastic yarns, [illegible] and webbing.
- Cotton, wool or hair felts.
- Down and [illegible] including decorative feathers.
- Hides and skins from animals, reptiles or fish, of a type ordinarily processed for use as a leather.
- Leathers and synthetic leathers of all kinds.
- Sheepskins when long-tanned, but not further processed than combed or sheared and coloured on the flesh side.

PULP, PAPER AND PAPER PRODUCTS

- Pulpwood.
- Wastepaper.
- Wood pulp except
  - (a) [illegible] grades
  - (b) [illegible] grades [illegible] bleached sulphate
  - (c) Duracel
  - (d) groundwood and unbleached sulphite grades sold for the manufacture of newsprint or hanging paper.
- Newsprint paper except when sold by manufacturers thereof.
- Certain paper products of book, writing, light weight and specialty paper mills such as bond and stationery paper, duplicating paper, book and writing paper, Bristols, uncoated blotting paper, cover paper and most papers for converting purposes.
- Papers used for converting or printing purposes made wholly or partly of bleached or unbleached Kraft pulp and Kraft board.
- Paper board used in the manufacture of solid fibre or corrugated shipping cases.
- Boxboard grades of paperboard, except for wrapping newsprint paper or making newsprint cores.

CONTAINERS AND PACKAGING MATERIALS

- Containers, packaging and wrapping devices of a type used for the sale or shipment of products, when made in whole or in part from wood, metal, a textile fabric or solid or corrugated fibre board, and partitions and interior parts used in conjunction therewith.
- Multiwall sacks.
- Corrugated or solid fibre board sheets or rolls used for wrapping or packaging.
- Cotton cordage.

SERVICES

- Transportation of goods and [illegible]
- Warehousing, dry storage of general merchandise and household goods other than wearing apparel, cold storage, including rental of lockers and ancillary services such as processing charges in cold storage plants.
- Household laundering services.
- Supplying of meals or refreshments for consumption on the seller's premises, the supplying of beverages (except alcoholic beverages) by purveyors of meals or refreshments, the supplying of meals with sleeping accommodation for a combined charge, but not including the supplying of meals, refreshments or sleeping accommodation by an employer to his employees, directly or through a servant or agent.
- The service of printing, the packing or packaging or any other manufacturing process in respect of any goods subject to maximum prices, when performed on a custom or commission basis.

USED GOODS

- Scrap goods, except scrap rubber and wiping rags.
- Household mechanical refrigerators, stoves, ranges and other cooking or heating appliances, electric washing machines, domestic sewing machines.
- Bicycles.
- Motor vehicles as follows:— passenger motor vehicles designed to carry less than ten persons; trucks of all kinds; trailers used with trucks.

Any material shown above processed for incorporation into, or any fabricated component part of any of the above goods is subject to maximum prices. Also any set which contains an article referred to above is subject to maximum prices even though the remainder of the set consists of articles not referred to.

The foregoing is only a convenient summary of Board Order No. 684. It does not give the full legal text. For full details of the law reference should be made to the Order.

D. Gordon, Chairman
Wartime Prices and Trade Board

No cricket or other games is to be allowed on Sundays in parks at Newport, Wales.

The town council of Stranraer, Scotland, plans to buy 100 scrapped flying boats and use the aluminum for toys.

The London Daily Express said Winston Churchill has virtually finished his memoirs covering the last 10 years.

Leith, Scotland, which used to export 2,500,000 tons of coal a year is going to import [illegible] from Newcastle, England.

The Oregon Journal, Portland, said it plans to operate a helicopter from the roof of its new building [illegible] news and picture coverage.

Harold J. Laski, former chairman of the British Labor party, said in Brussels that "Russia wants peace and we must try to reach that peace with her."

Tailors in London are being asked to co-operate in efforts to stamp out dishonest dealings [illegible] which have assumed such proportions that the trade is greatly perturbed.

Canada's shipbuilding industry thriving as never before in peacetime started off 1947 with a backing of orders [illegible] [illegible] a survey showed.

WAR BRIDE CHARGED IN THEFTS—Blonde British war bride whose marriage was annulled last year, Mrs. Betty Margaret Pitt, shown here, is held by New York police on charges of burglary, grand larceny and possession of burglar's tools. Police said she admitted a series of thefts because she wanted to wear fine clothes and [illegible] well and estimated total value of loot, clothes, jewelry and cash, taken from hotel rooms at more than $25,000.

SELECTED

RECIPES

EGGLESS CHOCOLATE CAKE

- 2 squares unsweetened chocolate
- 1 cup milk
- 1¾ cups sifted Swans Down cake flour
- ¾ teaspoon soda
- ½ teaspoon salt
- 1 cup sugar
- ⅓ cup butter or other shortening
- 1 teaspoon vanilla

Combine chocolate and milk in top of double boiler and cook over rapidly boiling water 5 minutes, stirring occasionally. Blend with rotary egg beater. Cool. Sift flour once, measure, add soda, salt and sugar, and sift together three times. Cream shortening, add flour mixture, vanilla and [illegible] and stir until all flour is dampened. Then beat vigorously 1 minute. Bake in greased and lightly floured pan, 8x8x2 inches, in moderate oven (350 deg. F.) 50 minutes, or until done. Spread with Quick Chocolate Frosting.

Quick Chocolate Frosting

- 2 squares unsweetened chocolate
- 1 can (14 or 15 ounces) sweetened [illegible]
- 1 tablespoon water
- Dash of salt
- ½ teaspoon vanilla

Melt chocolate in top of double boiler. Add condensed milk gradually, mixing well, then add water and salt and blend. Cook 5 minutes over rapidly boiling water, stirring constantly. Remove from fire. Add vanilla. Cool. Makes enough frosting to cover tops of two 9-inch layers, two 8-inch layers (generously), or top and sides of 8x8x2-inch cake or 8x4x2-inch loaf cake. Or enough to cover tops of 2 dozen medium cup cakes.

Note: Three squares Baker's Unsweetened Chocolate may be used for darker, richer flavored frosting. Increase water to 2 tablespoons and cook only 3 [illegible].

ARTISTS CAN NEVER DRAW SNOWFLAKES

The Victoria Times says: More fragile than the filigreed ice traceries which form on windows in the heavy frost, the snowflakes can hold their purity but briefly. Theirs is a quick-changing life individual as they drift from the clouds, falling softly in a silence that becomes almost tangible, to lose identity in the temporary white blanket they spread upon the land. Yet in their short transit each is a model of nature's artistry, a symbol of supreme harmony of line that defies imitation by man's most skilled hands.

FIND ROMAN COINS

STOCKHOLM. — Fifty-six Roman gold coins dating from [illegible] to [illegible] A.D. were found recently in a field in Oland, second largest Swedish island in the Baltic. Representing a current gold value of almost $335, the coins constitute one of the biggest finds ever made in Sweden.

Health LEAGUE of CANADA presents TOPICS of VITAL INTEREST

HEALTH LEAGUE ANSWERS PASTEURIZATION CRITIC

A correspondent of the North Battleford, Sask. Optimist recently wrote to the editor of that newspaper on the subject of milk pasteurization. It is evident from the letter that the correspondent, Mr. Jerome Ternier, does not think much of milk pasteurization.

The Health League of Canada, which is campaigning to obtain pasteurization legislation in the eight provinces presently without such laws, hastens to reply to Mr. Ternier. Ontario is the only province with such legislation in force.

Mr. Ternier, as an individual, may not endorse pasteurization of milk, but against his opinion are ranged those of the Canadian Medical Association, the British Medical Association, the Canadian Public Health Association and the American Public Health Association. All these associations endorse and urge universal pasteurization of milk as a great disease eliminator and a life-saving device. Their arguments are based on scientific fact.

The fact that the Canadian Medical Association is in favor of pasteurization should take care of Mr. Ternier's contention that "some of our local doctors are in doubt as to the improvement in North Battleford's health situation since enactment of a pasteurization by-law."

It is known that raw milk harbors germs which can cause bovine tuberculosis, typhoid fever, undulant fever, septic sore throat, paratyphoid and the fatal diarrhoea of infancy. Mr. Ternier refers to only one of these diseases, undulant fever. He intimates that the suggestion that the farmer's cow is responsible for an outbreak of this disease would be [illegible].

In reply the Health League would like to point out that one major cause of undulant fever is the drinking of raw milk obtained from cows suffering from Bang's disease (contagious abortion). In an article "Mystery Crippler" in a recent issue of Maclean's Magazine, Dr. M. C. Hanberg said that "undulant fever is a foremost public health problem [illegible] and its continuance feeds upon public indifference and ignorance in regard to the dangers of raw milk."

[illegible]

[illegible] bathing difficult and more nevertheless, the sunshine Vitamin is necessary to health, authorities of the Department of National Health and Welfare, Ottawa, recommend during cold weather such foods as milk, cheese and fish, and, where necessary, some fish oil in the diet, to ensure intake of this Vitamin. 2700

LESS AMPUTATIONS IN SECOND GREAT WAR

Report Shows 2,000 Cases Compared With 3,500 Of First Great Conflict

Statistics compiled by the Department of Veterans Affairs offer an interesting comparison of the "living" amputation cases in the Canadian armed forces during the First and Second Great Wars.

Giving round numbers for comparative purposes, a report available shows there were 2,000 amputation cases resulting from the recent conflict while 3,500 soldiers lost limbs in the First Great War.

In the previous hostilities, Canadian troops were engaged with the enemy from Langemark in the spring of 1915 until Mons was re-entered in November, 1918. Canadian land forces were fighting in North West Europe for approximately 11 months from the "D Day" landing on the Normandy coast, during which period there were 1,200 amputation cases. Many of those wounds were due to anti-personnel land mines.

Ratio figures have also been developed to show relative losses of legs and arms in both wars. In the first war the loss of a leg was two and a half times more frequent than the severing of an arm. In the second war, leg amputations were three and a half times greater than arm losses. This comparison has been taken to mean that relatively more Canadian soldiers stepped on something during the fighting of the Second Great War.

The statistical review follows the recent announcement that 1,980 veteran amputees of the last war had been classed as available for employment or training. Of this total 248 cases were still in hospital at the end of October.

REAL CO-OPERATION

A sample of real municipal co-operation is reported from Manitowoc, Wis., where to make room for a new washing machine manufacturer the mayor leased the City Hall, moved out his own office, the city council, fire department and the library.

FLIES FROM LONDON, GIRL, 15, TO MARRY—Fifteen-year-old Mary Batwell of Reading, Eng., who flew to the U.S. from London to marry former U.S. Sergt. Paul Sinclair, 22, of Youngstown, Ohio, telephones on arrival at LaGuardia field. She met her fiance at a dance in England when she was 13 and has her mother's approval for her marriage. The couple will live with Paul's parents until "she becomes accustomed to U.S. ways."

The mechanism of Big Ben, giant London clock, includes a 13½-foot pendulum and numerals two feet high.

FOR THAT COLD RUB IN... MINARD'S "KING OF PAIN" LINIMENT

COW WINS OVER HORSE IN FIGHT

EAST HAMPTON, Conn.—Farmer Harley Flood told how a horse and a cow battled to the death all by themselves in his barn.

Flood said both animals were tethered when he closed the barn. When he opened it, he said, both were loose and the horse was breathing with difficulty.

Examination showed a puncture wound in the horse's shoulder and there was blood on the cow's horn. It was apparent, he said, that the animals started to fight. It was necessary to destroy the horse but the cow [illegible].

MORE OATS ACREAGE

In view of probable feed grain requirements, the Dominion-Provincial Agricultural Conference decided to recommend that the oat acreage for 1947 should be increased to the 1946 recommended level of 14,310,200 acres. Generally speaking, oat production is carried on for the benefit of the domestic market with only a small percentage finding its way into export channels. Prices for Western oats during the present crop year are subject to a floor price of 45 cents and a ceiling of 51½ cents. In addition, all Western oats marketed are eligible for an advance equalization payment of 10 cents per bushel.

OUTDOOR PLAY BEST

Wise people prefer to play and enjoy themselves outdoors rather than in confined rooms. Health authorities approve recreation and amusement, as necessary relief from work and worry. They particularly endorse outdoor play, when possible.

SORE THROAT DUE TO A COLD EASED ASPIRIN EASE [illegible] GENUINE ASPIRIN IS MARKED THIS WAY

SOUND BEAM BOX FOR THE SIGHTLESS

Dr. William Elkin, New York College professor, has reported development by three students of a new device intended to aid the blind in detecting obstacles and estimating distances.

The instrument, developed after two years' research, was described as a "sound beam box" about the size of a flashlight. Elkin said it still was in preliminary stages of development.

The box houses an electronic tube used to send out a directed beam of high-frequency sound. This reflects only obstacles directly in the path of a person and excludes other sound in the area.

The beam thus "hands a bell" on any obstacles in the path of a blind person.

Waste nothing. Famine fighters are recognized by clean plates, empty garbage cans.

YOUR EMPTY BEER BOTTLES

The shortage of bottles is acute. In order to maintain the current supply, Brewers of Alberta request your co-operation in returning empties. Don't keep empty bottles around the house. Apart from taking storage space, they represent cash to you. If you live in points where Branches are located (see below) phone for a pick-up, or deliver them yourself. If you live in points where such Branches are not located, ship your empties to the nearest point, "freight collect". Payment will be forwarded to you, promptly. Get out your empties, and turn them into Cash!

Mannville District Residents Celebrate Silver Wedding

Mr. and Mrs. Ralph Emsland of the Ramsey district were taken completely by surprise on Saturday evening Jan. 11th, when about 50 friends and relatives gathered to celebrate their silver wedding anniversary. A very enjoyable time was spent in playing games and contests. During the evening a mock wedding was performed much to the amusement of those present, after which the happy couple were presented with a lovely three-tiered wedding cake, lighted by 25 candles and carried in by their granddaughter Karen. Mrs. Henderson, on behalf of the district presented the couple with a purse of silver. They also received many lovely gifts from relatives and friends. A bountiful lunch was provided by the ladies of the community. The enjoyable affair was brought to a close by all joining hands and singing "For They are Jolly Good Fellows". The couple responded with touching words of thanks.

Local Elks Honor Departing Member

Make Presentation to Mr. and Mrs. Mel Seithun

Following the hockey game Saturday night last some fifty members of the local Elks Lodge and their wives gathered in the hall to bid farewell to Mr. and Mrs. Mel Seithun who left this week to reside in Camrose. A substantial luncheon was served, during the course of which Bro. Fred Firth and E. R. Bro. Don Logan presented Mr. and Mrs. Seithun with appropriate gifts from the Lodge as marks of the esteem in which they are held. Bro. Seithun has been a very active worker of the Lodge in Vermilion for the past few years and regret is general that they are leaving the district.

DANCING every Saturday night at the Elks hall, only 25c [illegible]

WHIST DRIVE AND DANCE

A whist drive and dance under the auspices of the Stagettes will be held in the Elks hall on Tuesday Feb. 4th commencing at 8.15 p.m. Admission is 50c each. Everyone welcome. 37-4c

UNION

There will be a dance at Union January 31st. Proceeds in aid of the Junior Red Cross. Good music and everybody welcome. 37

Death of Doris Riedale

There passed away at the family home at Borradaile on Saturday Jan 18th, Doris Marjorie Riedale, 15 year old daughter of Mrs. Mary Riedale and the late Mr. B. J. Riedale.

The deceased suffered a serious illness one year ago, and while she seemed to make progress towards recovery during the summer, gradually failed during the fall and winter months.

The funeral services were held at St. Saviour's church Wednesday afternoon and the obituary will appear in next week's Standard.

The sympathy of a wide circle of friends is extended to the sorrowing mother, brothers and sisters in their bereavement.

Farm Home Is Destroyed by Fire

A residence located on the farm of E. W. Hart and occupied by Mr and Mrs. C. K. Nelson and family was completely destroyed by fire last Thursday afternoon and all contents of the house and personal belongings were lost. Six children in the house at the time made their escape from the burning building, the two oldest carrying the two youngest kiddies in their arms. The oldest one is 7 years of age.

The father and mother had been absent from the house but a very few minutes, going out to the farm yard to right a hay rack which had partly blown over in the high wind prevailing when their attention was attracted to the burning house by the screams of the children.

Mr. Nelson is a veteran of the 2nd great war and has been employed on the farm of Mr. Hart for some time.

STAGETTE NOTES

The regular Stagette meeting was held Tuesday night in the club room. It was definitely a business meeting and we have lots of work to do in the next two weeks, girls.

The whist drive and dance will be held in the Elks hall on Feb. 4th. There will be grand prizes for whist, lunch will be served and dancing immediately after. Folks don't miss it, come one and all and enjoy yourself.

Girls, remember those all important posters.

The handicrafts meeting takes place next week, don't forget the list of articles needed, one item is a paint brush. Perhaps it would be a good idea to bring a pair of scissors or two as we may have a few moments to work on the Banner. It would be nice to finish it before our next occasion.

Creighton W. I. Meets

MANNVILLE — On Jan. 9th the Creighton W. I. met at the home of Mrs. C. Johnson. Eight members and three visitors were present. Various reports of the year were read, and money from goods for a sale were paid in.

About $30 was cleared from lunch served at the Imperial Oil picture show in Mannville early in December. The meeting of officers was postponed until February owing to small attendance.

After the business was ended and owing to there being no December meeting held, the members spent a happy 15 minutes exchanging Xmas gifts. A very dainty lunch was served by the hostess and the meeting adjourned.

The annual meeting of the Clandonald Legion Post 106 will be held Saturday Jan 25th at 8 p.m. in Clandonald. 36-7.

HOCKEY TOURNAMENT TUESDAY, FEBRUARY 4th

NINE TEAMS ENTERED — NORTHERN HARDWARE TROPHY GOES TO WINNER

Everything is in readiness for the hockey tournament open to country, hamlet and village teams which is being held at the Vermilion arena on Tuesday, Feb. 4th. The first game is scheduled for 10 a.m. and play will continue throughout the day until the final is completed in the evening. The winners will receive a cash prize of $100 and the second prize is $50. To the best team will also be presented the Northern Hardware Co. silver challenge trophy, emblematic of the district championship.

Teams entered on Wednesday were Innisfree, V.S.A., Fenwood, Clandonald, Paradise Valley, Minburn, Willingdon, St. Paul, Mannville. Entries do not close until Friday.

The big event has been arranged by the Vermilion Amateur Athletic association and entries are made to A. M. Watt.

As an added attraction and to make the day a real holiday, Manager W. P. Pilkie of the Columbia will run a continuous show starting at 2 p.m.

IT'S CARNIVAL TIME AGAIN!

Will Be Featured by Carnival Queen Fancy Skating, Costumes, Races
FRIDAY, FEBRUARY 21st

The Vermilion annual carnival sponsored by the public and high schools is to be held at the Vermilion arena on Friday Feb. 21st.

Featured will be fancy skating, fancy costumes, races and the crowning of the carnival queen. Candidates for Queen are representative of town, college and school. Respectively they are, Elaine Ewakniuk, Oma Marler and Grace Isley. Shortly you will be asked to buy a ticket which will give you the opportunity to vote for your favorite.

A new system of judging will speed up the costume judging considerably. Prizes are bigger and better and there are classes and races for everyone. The complete list of events will appear in next week's issue of the Standard.

Oma Marler Represents V.S.A., Carnival Queen

Students of the Vermilion school of agriculture have chosen Miss Oma Marler as their candidate for Queen of the Vermilion Ice Carnival. Oma is a popular Home Economics student of the "two-in-one" class. She is the daughter of Roy C. Marler, well known dairy farmer and swine breeder of the Bremner district. She has a brother attending the V.S.A. this winter. Two other brothers and a sister were in attendance during the 1940-41 term.

Students are looking forward to the Carnival and the opportunities it offers for the costume competitions. Plans are being made for a [illegible] parade to gain support for their queen candidate and to publicize the Carnival.

Splendid Work by Red Cross Branch

Reports Given, Officers Elected at Annual Meeting

The annual meeting of the Vermilion Branch of the Canadian Red Cross Society was held Jan 20th in the town hall.

Splendid annual reports were given and the treasurer reported the local Branch as being in a very satisfactory financial condition.

Miss Oldenburg reported on the Jr. Red Cross work being done in the public school. The secretary read reports on Jr. Red Cross work from the Hughes school and also reported on the work done by the Carleton Hughes-Claysmore auxiliary.

Mrs Heckbert reported that the Bowtell Busy Bees had contributed 56 articles to the Red Cross last year and Mrs Miller spoke of the work being done by the members of the Knit Wit club.

Mr. McLean resigned as treasurer due to the fact that he has been transferred to Milk River. The meeting extended Mr. McLean a vote of thanks and he takes with him our best wishes for his future welfare.

The Publicity convener in giving her report, voiced appreciation of the co-operation given during the past year by the Vermilion Standard.

Officers elected for 1947 are:

President — Ven. Archdeacon W Leversedge D.D.

Vice-Pres.—Mrs. E. C. Miller

Secretary—Mrs. E. H. Buckingham

Treasurer—Mr. J. Ross

Finance—Mr. T. Dick

Work Convener—Mrs. M. Hill

Packing—Mrs. S. C. Heckbert

Ways & Means—Mrs. T. Dick

Publicity—Mrs. D. Moyer

Jr. Red Cross—Miss Oldenburg

Relief — President and Secretary.

Mr. J. R. Robson, Mrs. Miller

Campaign Manager—W. P. Pilkie.

The next meeting will be held on [illegible]

FLASH

Official news was received at this office, that the Russian occupied part of Germany was opened for relief parcels, effective Jan 15th. Packages at various prices can now be ordered by number through the Vermilion Branch of the Red Cross. Place your order now.

Review of the Town's Financial Position

The Standard, in the following article, presents its annual review of the town's financial position as revealed by the financial statement:

Ratepayers will have received their copies of the [illegible] financial statement [illegible] will be gratified to note that practically 10 per cent of the taxes levied at the beginning of the year had been collected by Dec 31st. The substantial sum of just over $5[illegible] had rolled into the town coffers on account of taxes leaving only $1977 as due but uncollected at the end of the year. This is in very sharp contrast with the position in 1937, when more than $28,000 was shown in this category.

Sale of lots by the town accounted for the receipt of $2[illegible] in 1946 and the grant made by the Utilities to the municipal revenues totalled $4[illegible]. The sum of $11,678, allocated from the Utilities Reserve fund for water and sewer installation was also acknowledged in the statement and earmarked for the construction of the much needed additional facilities.

In the main the receipts in other departments were quite similar to those of former years, chief items being receipts on account of professional and business licenses in the sum of $546.50, building permits $[illegible], dog taxes $243, gas and wiring permits $72. Fines and costs netted the sum of $825.35, while rentals received from houses owned by the town accounted for $[illegible]04.41. Provision of titles to those who purchased lots brought a further $[illegible]21.95 and the frontage tax in connection with concrete sidewalks $[illegible]. Miscellaneous receipts were about $[illegible]00, while the earnings of the arena rink jumped to approximately $1900, showing quite a substantial increase over the recent years.

Payments made by the town, based on the budget established at the beginning of the [illegible] were for general administration $[illegible]; protection of persons and property $[illegible]; public works $[illegible]; sanitation and waste removal $[illegible]. Items for the conservation of health totalled $[illegible], while expenditures for public welfare approximated $[illegible]. A school requisition of $[illegible] called for a levy of 28 mills, while the hospital requisition demanded $[illegible] an increase of about $500 over the previous year.

Outlay of the arena rink was $[illegible] leaving net receipts of almost $[illegible], probably the first time in the history of the rink that payments were substantially less than receipts. Community services including the rink required payments of $[illegible], the item including a grant of $500 made to the Cemetery committee. On general account some $900 was spent for waterworks incidentals and a total of $[illegible] was remitted to the Provincial government to cover the Social Services requisition.

Considerable money was spent [illegible] capital installations including $[illegible] for sidewalks $[illegible] for [illegible] and some $[illegible] for water and sewer. A portion of the latter expenditure will be recovered from the Provincial Dept. of Public Works as payment for installation of sewage system to the school of agriculture.

Liquid assets of the town altered but little during the year, bank accounts remaining at practically equal levels at the beginning and end of the financial year. It is a matter for satisfaction that there are [illegible] no liabilities while cash on hand, collectible taxes and the sale value of lots held by the town account for assets of nearly $[illegible].

Check of the statement indicates an operating deficit for the year of [illegible] [illegible] tax levies at the lowest possible level. Had the surplus funds been not so used it would have been essential for the Council to levy this additional amount, or in other words to have added a further 5 mills to the tax rate. Actually the $8000 used for budget purposes was not depleted from the bank balances.

During the year a total expenditure was made for water and power installation amounting to $[illegible], of which $12,648.94 was paid, the balance being due the contractors. The funds available for such purposes have so far, been only those granted from the Utilities Reserve fund. On this account an estimated $[illegible] was due as at Dec. 31 from the Provincial Dept. of Public Works as its share of construction work. Water and power records could not be set up on a basis similar to those of the municipally owned utilities until the first of the new year and it is expected that a complete accounting system will be instituted for the water system as has been in vogue for several years in connection with the power plant.

The electric light and power plant showed gross earnings for the year in the amount of $83,224.70, including investment earnings of $[illegible]. Operating costs totalled $[illegible], leaving net earnings at just over $[illegible] for the year. From this amount was allocated a substantial grant to municipal funds in the sum of $[illegible] leaving actual net earnings to add to power plant surplus of $[illegible].

HEAVY COMMITMENTS

While money is comparatively easy to collect, as compared with the situation some years ago and while the power plant continues to show profits of consequence, the citizens of Vermilion should realize that they have now made exceedingly heavy commitments which will demand heavy expenditure for some years [illegible]. With a water and sewer system estimated to cost in the vicinity of a quarter of a million dollars with new equipment on order for the electric light plant to the extent of a further roughly estimated $[illegible] and with the prospect of extensive repairs to streets following the necessary upheaval for the installation of the water and sewer there is little prospect but that tax levies will have to be raised considerably in succeeding years.

Having for several years been insistent in a demand for added facilities we must now be prepared to accept without protest levies which will enable those whom we elect to govern our affairs to [illegible] essential outlays. It will be generally agreed that Vermilion [illegible] other towns [illegible] importance and [illegible] in providing the necessary funds with which to make necessary [illegible]

Olds School Visit Highly Successful

WIN THREE GAMES

Students from the Olds school of agriculture had a most enjoyable and successful visit at Vermilion last week end. Eight girls, 15 boys and [illegible] instructors made the trip by special bus which left Olds on Friday [illegible]

Featured events of the [illegible] inter-school games of girls basketball, boys basketball and hockey [illegible] other activities on the program of the visitors included a public speaking contest [illegible] room visit [illegible] and a dance. The [illegible] building and the work that the Vermilion [illegible] students are doing in [illegible] motors and building construction created keen interest.

The visitors carried off [illegible] athletic honors in each of the three games played. The girls' basketball and boys' hockey games were keenly contested with only a slight advantage in teamwork for the winners. In the boys' basketball team from Olds displayed marked superiority and turned in a polished performance. Possessing players with a background of experience with some of the best teams in Western Canada this [illegible] have staged an exhibition of basketball the equal of which has seldom if ever, been seen in the V.S.A. gym.

Honors in the public speaking contest went to Bob Langdale of the 2nd year class whose witty and philosophical address entitled "What we see in the looking glass" confirmed his reputation as a very capable speaker. Bob Roland, a 1st year student, was given honorable mention and high praise for his speech on the subject, "What can we as individuals contribute to world peace?" The judges' decision and a brief commentary was given by Mr. Gordon May, principal of the Vermilion high school.

[illegible] the close of the [illegible] on Saturday [illegible] Ian Munroe spoke on behalf of the Olds visitors expressing their keen appreciation of the reception given by the V.S.A. students and staff. Merli Albers, president of the V.S.A. students' council in his reply stated that the staff had made a real contribution to the development of school spirit. He voiced the hope that a V.S.A. contingent could return the visit to Olds next year and moved a hearty vote of congratulations to the O.S.A.

Jack Farries Is Transferred to Killam

J. M. "Jack" Farries, well known and popular accountant at the Treasury Branch has been transferred to a special position with the Treasury Branch at Killam. Jack came here last October from Olds took a keen interest in the town and was an able curler.

Gordon McGee has now been promoted [illegible] by Mr. Farries and Mr. [illegible] of Lethbridge takes over Mr. M[illegible]

Address on Canadian Citizenship Act at The Board of Trade

James D. Adam was the special speaker at the meeting of the Board of Trade Wednesday Jan. 15th. Addressing the 42 members present on the new "Canadian Citizenship Act", Mr. Adam stressed the fact that Canada has already proved that she is one of the leading nations of the world and said that the Citizenship act is a belated recognition of this fact, long overdue. Canada, according to the speaker, has the brightest and most hopeful future of any country in the world. Honest and decent pride in nationality and country becomes any man. Love of country and nation is the greatest and most vital of unifying incentives. "Let us then be proud of our Canadian Citizenship", said Mr. Adam, who went on to deal with the specific provisions of the new act.

The discussion period which followed proved more than usually interesting, the majority of those present taking part.

Mr Frank Walker, convener of the National Affairs committee which arranged the program, was chairman of the meeting.

"GREEN ACRES"

VERMILION FAIR

A circular dealing with exhibits of cooking, home and dairy products, vegetables and flowers etc., arrived in the mail last week from the Vermilion Agricultural society. Now is the time for farm and town women to plan on showing something at your summer fair. Gardeners also please note. The circular can be obtained from S. C. Hockbert, Manager of the Society.

[illegible] ALFALFA

On Saturday an irisy farmer came into the D.A. office and ordered 1000 pounds of Alfalfa seed for seeding down 100 acres of wheat land. It will cost him $480 for seed alone but he [illegible] it is a good investment and so [illegible] your District Agriculturist.

SEED BARLEY AND OATS

Orders for O.H. barley are coming in every day. We now have orders for 12 car loads of seed barley to be cleaned and delivered ready for the grain drill. Orders for oats have not come in so readily. So we would [illegible] [illegible] who needs seed [illegible] orders with your elevator agent so that we will have a chance to get the orders in before the good seed is all gone.

FLAX PRODUCTION

Everyone is thinking of increasing his barley acreage this year because of the proposed new bonus but we have a crop, namely flax, which may well give bigger profits than barley in spite of the bonus. Flax requires clean land as it cannot stand up to weeds as well as barley.

Red Wing is the only recommended variety for this district and seed supplies are scarce.

SLIPPED TENDON

Several cases of slipped tendon have been noted recently in young chickens and turkeys. The birds develop a swelling of the hock joints and the tendon slips out of place. This results in paralysis and crippling. The cause is nutritional which means that the disease can be prevented by adding supplements to the farm grain feeds. Keep whole oats before the flock all the time and add 1% of fish oil to the dry mash. Alfalfa is also helpful in helping prevent nutritional troubles.

E. H. Buckinchem, D.A.

Standing on your pride doesn't raise you high enough to see far.

Wildmere A. F. U.

Another of the monthly meetings of the Wildmere Local A.F.U. was held on the 15th of January. There was a fair crowd in attendance to hear the report given by the delegates who were at the annual convention held in Edmonton.

Mr J. Wilson gave a report of the financial standing of the A.F.U. which shows that this organization has really progressed most favorably. He also gave other interesting facts about attendance, program of the convention and some of the aims of the Union also why the proposed amalgamation was turned down.

Mr Roy Garnett dealt mostly with resolutions discussed at the convention. There were a great many of them which shows that the farmers are keeping abreast of the times.

In all the delegates are to be commended on the good reports they gave.

It was decided at this meeting that a whist drive was to be held with the next monthly meeting which will be on Feb. 12th so everybody make it a point to attend. This is open to the public as well as everyone come and have a chat with your neighbors.

R C M P are issuing warnings to all parents that sleigh riding on the main river hills must stop at once. There have been a great many complaints recently from truck drivers particularly, over children "coasting" on the roads, not the least dangerous practice is that of the small kiddies riding down by-paths that suddenly lead out across the main road. Parents should see that children confine their coasting activities to paths away from roads used by cars, [illegible]

49.9 BELOW ZERO THURSDAY A. M.

COLDEST DAY FOR YEARS

Coldest day of the winter to date and for several years, is today, Thursday January 30th when the temperature at the airport was 49.9 below zero at 7 a.m. Warmest spot of the day until noon was 31.2 below. Little hope is held out for immediate break in the cold snap. The best [illegible] can be expected Thursday night is 40 below with a strong wind of 30 miles per hour from the north-west. Highest temperature forecast for Friday is a cool 25 below but winds will have decreased to 15 miles per hour.

Temperatures for the past week have been:

Day	High	Low
Thursday Jan. 23	40.3	27.5
Friday Jan. 24	42	17.3
Saturday Jan. 25	36	6.7
Sunday Jan. 26	28.5	9.4
Monday Jan. 27	0	-24.
Tuesday Jan. 28	-5.2	-16.6
Wednesday Jan. 29	-24.1	-38.9
Thursday Jan. 30	-31.2	-49.9

The National Film board itinerary for the Vermilion district is as follows:

Mon. Feb. 10—Paradise Valley
Tues. Feb. 11—Streamstown
Wed. Feb. 12—Mawayne
Thurs. Feb. 13—Islay
Fri. Feb. 14—St. Andrews district 39-9

Rivercourse Rink Wins District Championship

The Anders Aalborg rink of Rivercourse, skipped by H. Hann and comprised of Messrs. Jacobs, Walin and Cottrell, won the McGavin trophy district curling championship for this area, defeating the Whitson rink of Mannville in the final Tuesday night.

The Vermilion entry skipped by Lloyd McFadden lost to the Mannville representatives in a 12-ender in the semi-final.

Stagette Notes

Tuesday Jan. 28 the stagettes met in the club room for the regular weekly meeting. Due to it being a handicraft meet the business period was cut rather short.

Folks remember your date on the 5th of February — Stagettes annual whist drive and dance. Whist starts at 8:15. Come early prepared to stay late. Everyone welcome!

Mary Hawreluk gave a brief but inspiring talk on oil painting and brought some good samples of painting she did. Under her very capable leadership the girls soon got on to the idea of handling a paint brush, and before they finished some very fine pieces of art were added to the display. Some of the girls are real artists no foolin'. See you all at the whist drive.

WINNIPEG.—Ever since 1937 when Trans-Canada Air Lines spun its first propeller the glint of its Lockheed aircraft has been a familiar sight in Canadian skies. Now they are up for sale. TCA is replacing them with larger and more modern equipment, 21-passenger DC-3s and the 40-passenger North Stars, soon to come. New routes and more flights, passengers and cargo require a bigger and better fleet.

West Farmers Hit Records In Wheat Crops

OTTAWA.—Canadian wheat farmers, blessed for the most part with good weather, hit the jackpot in 1946 by producing 420,700,000 bushels, eighth highest crop on record.

And, the Dominion bureau of statistics reported in its third estimate of field crops in Canada, the bumper harvest was valued at $480,215,000, believed to be the second highest in history.

Not since the big money, free-and-easy days of 1925 have Canadian farmers reaped such a windfall. In that year 395,475,000 bushels were produced and the crop, selling at an average of $1.23 a bushel, was valued at $487,736,000.

This year's crop compared with the long-term average of 310,021,000 bushels valued at $269,290,000 and with the 1945 output of 318,312,000 bushels valued at $367,467,000.

Only one year since the war started in 1939 has the current production been bettered. That was in 1942 when farmers went all out to speed wheat to Britain, producing 556,134,000 bushels valued at $385,133,000. Average price in that year was only 69 [illegible]

This year's total, however, is far below the banner year of 1928, at least as far as production is concerned. During that time 566,726,000 bushels were harvested, but the average price was only 80 cents a bushel and this bumper crop was only valued at $451,235,000.

Despite the bumper crop, not all was No. 1 wheat and not all will be useable for human consumption. A percentage, just how much is not yet known, will have to be classified as feed because of its poor quality and deducted from Canada's food supplies.

Added to this is the fact that the Dominion ended the 1945-46 crop year with a carryover of some 70,000,000 bushels, one of the lowest on record and the lowest point to which she could go without bring in a dangerous position as to domestic supplies.

The 1946 crop plus the carryover brings the total wheat supply to approximately 490,000,000 bushels, but from this will have to be deducted 175,000,000 bushels for domestic consumption and another 85,000,000 as a safe margin for the 1946-47 carryover.

That will leave some 230,000,000 bushels available for outside customers. Britain will take 160,000,000 bushels, leaving possibly 70,000,000 bushels. Canada has flour commitments totalling some 50,000,000 bushels so a bare 25,000,000 to 30,000,000 bushels will be left for shipment to other customers.

Oat production for all Canada this year was estimated at 400,000,000 bushels, barley at 150,900,000, rye 7,400,000 and flaxseed at 7,500,000.

Wheat production in Saskatchewan was estimated at 200,000,000 bushels. Alberta production was set at 137,000,000. Manitoba's production was 63,000,000 bushels.

This brought spring wheat production to 400,000,000 bushels compared with 294,600,000 in 1945.

Prairie production of oats was estimated at 274,000,000 bushels, barley at 145,000,000, rye at 5,915,000 and flaxseed at 7,285,000.

SPLENDID JOB DONE BY VETERAN SHIP

HALIFAX. – The big troopship Aquitania has brought the last major load of troops back to Canada and among them were veterans who had sailed from here with the first contingent of the 1st Canadian division in 1939.

At that time Gen. A. G. L. McNaughton, then a major general with his eye on the possibilities of raising a full Canadian army, presented the Aquitania with the army's distinctive flag. She became the first troopship of the war to fly this flag from her masthead.

Maj.-Gen. Harry Foster, chief of the Atlantic command, presented the Aquitania with a bronze plaque as a tribute to a hazardous wartime job "well done". Gen Foster recalled that the old trooper had carried more than 100,000 Canadians to war and back.

The 58-year-old Aquitania won't wear her new honors for long. She [illegible] five more [illegible] and then be claimed by the breakers.

COULD NOT COMPETE

DENVER. At last the word is out. The famed pony express was a financial flop. The colorful western business venture, founded in 1860, went [illegible] The reason? The [illegible] of the overland telegraph. The express [illegible] just couldn't [illegible]

ALWAYS NEED HORSES

SASKATOON. [illegible] Agriculture Minister I. C. Nollet told the annual meeting of the Saskatchewan Horse Breeders association that there would always be a job for the horse on certain farms where motor power was not economical.

TO REPLACE DONALD GORDON
K. W. Taylor will become head of the Wartime Prices and Trade board within the next four months, succeeding Donald Gordon, who will probably return to his post-war job of deputy-governor of the Bank of Canada. Mr. Taylor has been with the board since the start of its operations.

Experts Predict Atomic Energy Within Decade

LAKE SUCCESS, N.Y. — United Nations economic experts on atomic energy said there is no chance that atomic energy will toss people out of jobs or be a threat to electrical power for at least 10 years.

These experts hold that it is improbable that atomic power can revolutionize the cost of power in the United States in this generation or displace coal as the primary power [illegible]

As a result of their opinions the UN economic and employment commission decided it would be premature now to [illegible] the consequences of atomic power upon world economy and employment.

Dr. Isador Lubin, U.S. delegate on the commission, said America's final pilot plant aimed at the generation of electrical power from nuclear energy is not expected to be started until next year.

"The final plant is intended, in its initial operations, to provide heat energy at conventional temperature levels ranging from 600 degrees Fahrenheit to 940 degrees Fahrenheit.

The scientific and technical committee of the UN atomic energy commission disclosed that in the opinion of some qualified observers the main technological difficulties involved in the economic generation of electrical power from atomic energy may be solved within the next 10 years.

But the experts are generally agreed that even if atomic energy is converted to peaceful purposes within 10 years there will be no immediate [illegible] revolution.

Lubin disclosed that a cost estimate made by Oak Ridge laboratories showed that it is much cheaper under present knowledge to operate a coal power plant because of the initial generating costs.

PRICE BOOSTS FOR MINERALS

OTTAWA. - Acknowledging "substantial increases" in production costs, together with reduced export quotas, the prices board announced large boosts in Canadian ceiling prices for copper, lead and zinc.

The revised ceiling for copper will be 61.625 cents a pound compared with 11.5 cents previously in force. Lead prices will jump from five to 10.63 cents a pound and zinc from 5.75 to 10.25 cents a pound for grade A electrolytic.

Prices for scrap material of these products will advance in proportion.

Simultaneously the board announced the antimony prices will increase to 20½ cents a pound from 17½ cents largely because of discontinued subsidies on this metal, most of which Canada must import.

Perambulating Pigeon

VANCOUVER. Most Vancouverites have trouble with pigeons overhead. Mrs. Louise Hodgson, however keeps tripping over em.

The name of her perambulating pigeon is Cheekie Girl, and although Cheekie is two years old, she hasn't learned to use her wings.

Cheekie Girl was found in 1944, a trembling [illegible]-month-old squab whose mother apparently never told her that pigeons are meant to fly.

Cheekie Girl tried just once. Her flight was short. She plummetted to the ground after rising about two feet. It was the little pigeon's first and last attempt to be like other birds.

Now, Cheekie Girl waddles about Mrs. Hodgson's kitchen and sleeps at night in a warm, cushioned box near the stove.

SOUTH AFRICA WILL NOT ACCEPT UN AGREEMENT

Smuts Declares German Territory To Continue Under Union's Laws

CAPETOWN. — Prime Minister Smuts, of South Africa, told a tense, crowded house of assembly that South Africa would not submit the draft trusteeship agreement for Southwest Africa requested by the United Nations.

He declared the former German territory would continue to be administered under the union's laws—as it had been since a League of Nations mandate put it under South African administration in 1920.

The South African decision arises from strong Indian opposition in the UN general assembly last month to the South African application for incorporation of Southwest Africa in the union. An Indian resolution that the territory should be placed under international trusteeship committee by a 17-to-15 vote.

GORDON EXPLAINS NEW SHOE PRICES

OTTAWA.—New 11 and nine per cent. increases in men's and women's shoes respectively do not apply at the inventory level, Donald Gordon, prices board chairman, said.

"These increases will apply only to new stock coming in from the manufacturer," Mr. Gordon said.

Under the order the retailer will base his ceiling on the manufacturer's price, or on a basic period retail price, whichever is the lower. The board's order, announced recently, applies only to boots and shoes received from manufacturers after Jan. 20, when the order became effective.

BRITISH PEOPLE ARE BEING ASKED TO WORK HARDER

Government Says Position Of Country Serious

LONDON. — The government appealed to Britain's 20,000,000 working men and women—backbone of the government's support—to shoulder voluntarily the burden of industrial speedup as the only means of economic salvation.

Prime Minister Attlee's peacetime version of Winston Churchill's wartime call for blood, toil, tears and sweat was published as a white paper, on the eve of reopening of parliament.

"The position of Great Britain is extremely serious" said this document addressed to employers as well as workers and issued with the admitted hope of becoming a "best seller" that will reach every executive office and assembly line in the country.

"The answer, first and last, is increased production" it said, after detailing three great dangers.

The threat of inflation on the home front, an export balance short of imports by £328,000,000 ($1,312,000,000) in 1946 and a grave manpower shortage with no relief in sight for some years to come.

HITLER'S SUCCESSOR TO DIE

FRANKFURT. — Sigfried Kabus, 23-year-old self-appointed successor to Adolf Hitler to perpetuate Nazism, was sentenced to death by hanging by a German military government court in Stuttgart.

COLD IN GERMANY

HAMBURG, Germany. Thirty-two people froze to death and 124 were treated for frostbite in hospitals here between Jan. 1 and Jan. 17, according to official British figures released.

PUBLISHER'S MURDER BRINGS RESIGNATIONS—Entire cabinet of Peruvian President Jose Luis Rivero (above) resigned recently as a result of the allegedly political murder of one of Peru's most prominent publishers. Unidentified gunman shot down Francisco Grana Garland, publisher of the newspaper La Prensa.

CHURCHES ARE HOME FOR TWO MINISTERS

ARLINGTON, N.J. Two pastors are about as close to their work here as one can get. They're living in their churches.

Unable to obtain other quarters because of the housing shortage, they have moved into apartments built in the churches in which they preach.

They are Rev. Frank Morey and his wife and four-year-old son, living in the Oakwood Avenue Baptist church, and Rev. William Rostrick and his wife and their infant daughter living in the Church of the Nazarene.

Lord Louis Mountbatten is a great-grandson of Queen Victoria.

Retiring Secretary Of State Byrnes Makes Farewell

Farewell to members of the diplomatic corps is [illegible] Byrnes [illegible] office as U.S. secretary of state as Gen. George C. Marshall takes over in Washington. He shakes hands [illegible] Loveschapel, left, and Henri Bonnet of France.

HON. PAUL MARTIN GODFATHER OF ONE OF CANADA'S FIRST CITIZENS [illegible] citizenship bill, the Hon. Paul Martin [illegible] Mr. and Mrs. Napoleon Martin of Chatham, Ont., born 12:05 a.m., New Year's [illegible] Rev. O. A. Martin

Exports Of Dairy Produce Blamed For Shortages

WINNIPEG. The National Dairy Council of Canada was told by President Robert [illegible] that Canadians were short of butter and other dairy products largely because of huge quantities of [illegible] and evaporated milk exported to the United Kingdom and [illegible] farmers in the industry were unable to produce what was needed here.

Declining milk production has reached the stage where it has become a [illegible] of the most pressing [illegible] he said.

The export [illegible] dairy products he described as [illegible] that it would be most [illegible] if the fire of a decreasing [illegible] supply and the ever [illegible] of the [illegible]

[illegible]

Good News For MOTORISTS

One of Alberta's greatest needs is good roads.

The recently announced outline of a $9,500,000 Highway Construction Program for the Province in 1947 is good news indeed to motorists, and indeed to everyone in Alberta, including farmers, transportation companies and business men generally.

The A.M.A. heartily endorses this program. It is a step towards the system of all-weather highways that Alberta needs, and that the A.M.A. has consistently advocated.

Prominent Visitors at School of Agriculture

The school of agriculture has been visited recently by several persons prominent in the fields of education and agriculture.

In connection with the celebration of Citizenship Week, the students and staff were addressed by Hon. R. Earl Ansley, Minister of Education and Mr. Donald Cameron, Director of the Department of Extension, University of Alberta. Mr. Ansley spoke of Canada's attainment of national sovereignty and the associated responsibilities of her citizens stressing particularly the need for cultural and spiritual development through education. Mr. Cameron outlined recent progress in the establishment of community centres in many rural areas of Alberta and related these enterprises to good citizenship. Before returning to Edmonton, Mr. Cameron and Mr. Ansley inspected the various departments of the school and expressed keen interest in the educational program being conducted.

A former student, now in charge of the artificial livestock breeding centre at Olds, Mr. W. H. T. Mead, visited the school last week and addressed the students on subjects related to livestock improvement and farm management.

Another visitor over the week end was Mr. A. W. Wilton from the Lacombe Experimental farm. Mr. Wilton renewed acquaintances with various members of the staff and discussed progress of his work with the various Illustration Stations of which he is supervisor. He was particularly interested in learning of the successful achievements of Joe Mason, a second year student who was awarded the Craig Bros. Scholarship last year. Joe is a son of the operator of the Illustration Station at Metiskow.

Other visitors included Miss Mary Chinard and Miss Kay Taggart who are conducting a Youth Training school at Lloydminster. They are employed by the Extension Department of the University of Saskatchewan and took the opportunity on Sunday to come to Vermilion and see the school of agriculture where they were especially interested in the Home Economics courses. After a good visit and tour of inspection they returned to Lloydminster accompanied by Mr. and Mrs. Bentley, Miss Lang and Miss Rodney.

WHEN TO EAT . . .

Meals at any old hour just won't do, declare health authorities at Ottawa. It's not only what but when you eat that counts. The doctors say that meals should be at convenient and reasonable hours. The digestive tract functions better like other parts of the body, if placed on a regular schedule.

A good plan has a place for everybody.

WOODVALE

The two lovely mild spells we have had made the usually long January month seem a lot shorter. Everybody is taking an outing during these warm days so much in contrast with the very bitter cold preceding them. Probably that was the reason the Red Cross meeting at Mrs H. Portsmith's was so well attended with 14 members, finishing a quilt in practically no time. Everyone wished to carry on with the Red Cross work for another year at least. Mrs. Rose Green was elected president, Mrs. Edna Oldenburg vice-president and Mrs. Betty Lysons secretary-treasurer. Many thanks for the good work she did during the four years she was president went to Mrs. M. Watson. The next meeting is to be at the home of Mrs Brooke Lysons on Feb. 20th and it is hoped each member can bring a piece of material for the quilt to be made in March.

Two new babies came home with their mothers this month. The baby daughter of Mr. and Mrs. Urban Holman and the son of Mr. and Mrs. E. E. Barber. The latter, being the first baby in the family caused his father to be so excited that he took one lady's sugar coupons and forgot to give her the sugar! But he was forgiven as it happens usually that first babies throw their father into a happy confusion.

The gasoline lantern at the Woodvale school disappeared sometime before Xmas and has not been returned. If anyone knows its whereabouts will they kindly let the schoolboard know?

We were sorry to hear that Everett Isley is a patient in the Edmonton military hospital. His wife went to visit him there leaving last Thursday.

Mary May Gordon was a patient in the Vermilion hospital with a broken leg. Luckily this time it was not as bad as last year when she suffered a very complicated break in the same leg.

Mrs. H. Sweeney Sr. has been quite sick lately and just about the time the roads were impassable. We hope a good rest and treatment in the hospital will help her to get better soon.

Raymond McQuid and Ralph Thomson are working for the winter in a saw mill west of Edmonton.

Mr and Mrs. C. Potter wish to announce the engagement of their [illegible] Mae to Mr. Bob Erickson of [illegible]. It is only two weeks ago that Allan's engagement to Miss Gladys Harouther of Vermilion was announced. Allan and Bob both have seen service in the R.C.A.F. and are both taking University courses in Edmonton. The wedding dates have not been set at present, but they will most likely be sometime in the summer.

With some of the roads in such poor condition even for sleighing in spots, it happens quite often people take their livestock to farms on the main roads and load them into trucks there. Jack Lysons took some pigs to Vermilion via Johnny Tattersall and Dave Sweeney hauled a truck with cattle for Edmonton to the Goulier place. Lots of different farmers are stationed at the Potter and Preston places.

Miss Dougan has been visiting her sister Mrs. Dave Sweeney for a few days.

Nearly everyone around here has been complaining of the poor mail service. The saying is "The king's mail has to go through", why should Vermilion be an exception? Some letters are held up there for a week which often causes great inconvenience and is very annoying. Noting the excellent service given at Christmas time when the staff was increased, it has been suggested around that Vermilion and country people approach the proper postal authorities for an increase in personnel in the Vermilion post office, and also something should be done about the present building as it is entirely unsuited for post office purposes. We wonder what others think of this idea?

OUR COMPLETE SHORT STORY—

THE FEMALE OF THE SPECIES

By MARY L. AKEIN

Copyright Wheeler Newspaper Syndicate

TAD was the last to give up. Long after Butch and Lanky had eased themselves into the most comfortable positions possible for six-foot sergeants on a double train seat and had begun to doze, Tad kept beaming across the aisle at the beautiful corporal, clearing his throat with provocative meaning, raising his eyebrows in a manner called irresistible by women of two continents.

After a few minutes he sorted his long legs out from those of his sleeping companions and strolled with admirable nonchalance to the water tap. He could feel the pretty corporal watching him as he swung easily between the rows of seats. Well, it was a good back, he smiled to himself. What was it that little French girl had said?

He looked sideways at the girl as he came opposite again, but she was looking out of the window oblivious to all his manoeuvres; and Butch and Lanky had each appropriated a full half of the double seat and were sleeping innocently. For a moment Tad considered offering to lift the corporal's suitcase from the seat beside her to the baggage rail overhead, but when she still gave no sign that she knew of his existence, he sighed loudly and moved in with a withered old lady in the seat ahead. He looked back once more, with no result; so he sank down as far as he could, jammed his knees into the plush, and presently, he, too, slept.

The train stopped with a terrific jolt and shudder. Tad sat up and glanced back at Butch and Lanky, but they didn't even move. It was then that he noticed that the corporal was tugging at her suitcase and giving every evidence of getting off at this station. Sergeant Barclay saw his opportunity and acted with that decision and despatch which had been the delight of his superiors on the battlefield. In one movement he had grasped the handle of the suitcase and was leading the way down the aisle. The corporal followed meekly as he descended the steps to the platform. And then the sergeant made one of his famous on-the-spur-of-the-moment decisions.

"I think", said Tad, doing his best to make it sound impersonal, "I think I'll just wait for the next train!"

If the corporal was surprised she didn't show it. She smiled and led the way along the platform.

For a moment Tad couldn't believe his eyes when he saw those twin pin-ups waiting in the jeep. They were almost identical, with long-lashed blue eyes and hair of shining gilt. He sighed a long sigh of utter contentment and climbed into the jeep after the corporal. Great, wide, wonderful world of women!

The jeep turned through the gates of a huge enclosed area. A whistle blew shrilly, and, in an instant, long columns of red, green, blue, yellow and gold uniforms were converging upon a gold figure standing solitary and splendid on the parade square in the bright sunlight. Tad's heart was whirling madly now. Where had all these [illegible] wonderful women come from? Probably not another man in the whole camp. One-two, one-two, left-right, left-right, beat the drum, and the platoons started down the field, their coloured uniforms dazzling in the sunlight. Six abreast down the centre, then three-by-three around the square. Tad felt himself growing weaker as the columns of perfumed pulchritude came closer, ever closer. Left-right, left-right beat the dainty feet as they pivoted to position and then someone shouted "Halt!" and the feet and the drums were still.

The corporal turned to Tad as a figure mounted a reviewing-stand.

"Come," she said, and Tad followed without a word.

"You see before you," the Commanding Officer said to Tad, "a new type of army. An army composed entirely of women. In the future we hope that the defence of our country will be entrusted wholly to us. And you, sir, will be able to help us in this great undertaking. We are in need of the services of one man to help us bring to conclusion a series of experiments we have been conducting. We need YOU!" and she smiled at Tad a smile that came on like an electric light, and dimmed just as quickly.

"But-but-but. . ." Tad began.

The C.O. led the way into a building marked EXPERIMENTS. "In this department," she said, "we are on the verge of the greatest discovery in the history of man!" She looked at Tad to be sure that he was taking in the full import of her words. "We have discovered a means of transferring the bearing of the young to the male!" she exulted. "Now all we need is a . . ." but Tad didn't wait to hear the rest of the sentence. He was running as he had never run before, out of the EXPERIMENTS building, past the parade square, along the road, on to the gates.

There was a great roar of pursuit behind him. Women called his name in tones now pleading, now shrill. There was the sound of many feet—and then the air above him was filled with tiny one-seater planes, each piloted by a blonde pilot who bombarded him with small sachets or silver arrows, but he stumbled on frenziedly and when he reached the station all his pursuers had dropped away. To his unspeakable relief a train was panting to be off and Tad struggled aboard and fell down into the first vacant seat.

He was brought sharply to by a poke from an umbrella. He sat up weary, uncomprehending.

"My goodness!" snapped the old lady beside him. "Stop thrashing about so! And I'm sick to death of hearing you mumble in your sleep!"

Sheepishly Tad looked back at Butch and Lanky. Still asleep. Then he stole a glance at the beautiful corporal. She was actually preparing to get off the train and from the safe refuge of imminent departure she flashed Tad a smile and looked with meaning at her suitcase. But Tad covered his face with a magazine and pretended not to see her.

Sets Milk Record

Ontario Farmer Reports Outstanding Production Of Purebred Guernsey

Glenachy Shirley, a purebred Guernsey owned by R. R. Sutter of Agincourt near Toronto, has just completed an outstanding record of production.

Milked twice a day for 305 days under ordinary farm conditions, she produced 13,472 pounds of milk and [illegible] pounds of butterfat testing 4.80 per cent.

This is the highest official Canadian 305-day record ever made in twice a day milking in any age class by a Guernsey cow.

GOING TO TIBET

Four monks of the Saint Bernard Hospice, Switzerland, left London airport recently on a journey which will eventually end at Lhasa, Tibet, where they will do relief work among the natives. The party is led by Brigian Father Jules Detry.

Rubbish around a home, whether in basement or attic, is one of the chief causes of home fires. 2799

AUSTRALIAN WOMEN GROW RICE CROP

LEETON, Australia.—Two sisters who have managed a mixed 325-acre farm in this New South Wales district for 25 years have proved that women can succeed at rice farming in Australia.

They are Margaret and Lois Grant whose father, Donald Grant, celebrated his 101st birthday last year.

The Grant property grows rice, oats, fruit and vegetables, and in 1929 won the first prize ever given for an Australian rice crop. It was one of the first of six farms in the district to grow rice well, and Mr. Grant and Miss Margaret Grant sold the crop in Melbourne for £15 ($48) a ton.

The Grant home is a comfortable English, style bungalow which the sisters designed themselves. Around the lounge-room walls are rare Chinese prints which have been in the family for several hundred years. Doulton china, early pewter mugs and other family treasures from England are along the mantelpiece.

Mr. Grant came to Australia in 1865 after receiving a grant from the Duke of Sutherland for military service. He worked for nine years on a station of 200,000 sheep in the Riverina district of southern New South Wales, and became station manager. His two daughters were born there, and the family went to the Leeton district in 1912.

At that time rice had not been established in the Leeton irrigation area, so Margaret and Lois decided to run the farm as partners and plant 16 acres of rice in addition to their other crops.

Lois Grant, the younger sister, manages the finance and accounts of the farm. Margaret supervises the farm work.

SELECTED

RECIPES

JOHNNYCAKE

1 cup sifted flour
2 teaspoons powder
1 teaspoon salt
¼ to ⅓ cup sugar
1 cup yellow corn meal
2 eggs, well beaten
⅞ cup milk
4 tablespoons melted shortening

Sift flour once, measure, add baking powder, salt, and sugar, and sift together into bowl. Add corn meal and mix well.

Combine eggs and milk and add to flour mixture. Add shortening, then mix only enough to dampen flour.

Turn into greased pan, 9x9x2 inches, and bake in hot oven (400 deg. F.) ½ hour.

MINCE TURNOVERS

Roll Pie Crust ⅛ inch thick and cut in 6-inch circles. Place ⅓ cup mincemeat on one half of each, moisten edge with cold water and fold pastry half over filling, pressing edges together with fork. Prick tops and brush with milk.

Bake in hot oven (400 deg. F.) 20 minutes, or until browned. Makes 8 large turnovers.

Try topping each with thin slice of American cheese and return to oven for 5 minutes.

For tea-size turnovers cut 3-inch pastry circles and use ½ tablespoon mincemeat for each. Bake 15 minutes.

MODERN SPEED

The Christian Science Monitor says Jules Verne is obsolete for good and sure. 'Around the World in 80 Days' indeed! And 20,000 Leagues Under the Sea! The V-2 rocket fired over the New Mexico desert can make its way around the world in [illegible]. And 114 miles up in the air.

A HOME'S A MYSTERY TO WEE PARK TENANT—Along with more than 1,000 veterans and their families who spent the night in MacArthur Park, Los Angeles, in protest against the housing situation, was Karen Lucas, four. Her father just returned from the Pacific, and she asks, "What's a home?" as she strolls between tents and bedrolls.

Revival Of Christianity Spreading In Japan

TOKYO.—A revival of Christianity is spreading like "a flame of fire" through Japan, Dr. Toyohiko Kagawa, Nipponese evangelist, claimed.

"Since June of last year we have had 20,000 converts to the Christian faith," Kagawa said. "It's a spiritual revolution among the Japanese, particularly those in the country districts."

Kagawa's recent status as an "undesirable because of activities during the war" still is under investigation.

He declared that at least 1,000 foreign missionaries were needed in Japan to aid the 2,000 Japanese ministers and 400,000 Japanese Christians. Of these 250,000 are Protestants and 150,000 Catholics, he said.

Japan is fortunate in having powerful MacArthur as supreme commander for the Allied powers who is an honest Christian whose prayer is finding a way into the hearts of the Japanese people, Kagawa declared.

The mother and daughter were busy with the plans for the wedding when the bridegroom-to-be called. He watched the preparations rather impatiently a while, until his future wife noticed his look of annoyance.

"Darling, we have such a lot to do," she soothed, "and if we want to make our wedding a big success we mustn't forget the most insignificant detail!"

"Oh, don't worry about that," murmured the young man. "I'll be there all right."

* * * *

Friend—What is your favorite sport?

Doctor—Sleighing.

Friend—No, I mean apart from business.

* * * *

The new Land Girl was doing her best, but she was evidently finding everything on the farm very strange.

Having an incubator explained to her, and been asked if she fully understood it, she put her head on one side and, with a puzzled look replied:

"Yes, but where does the hen sit?"

* * * *

"Tommy", asked his stingy uncle, "how would you feel if I were to give you a penny?"

"I think", replied Tommy, "that I would feel a little faint at first, but I'd try and get over it."

* * * *

"Are you an expert accountant?" asked the prospective employer.

"Yes, sir", said the applicant.

"Your written references seem all right, but tell me more about yourself."

"Well, my wife kept a household account for 30 days. One night after dinner I sat down and in less than an hour found out how much we owed our grocer."

"Hang up your hat and coat," directed the employer. "The job's yours."

* * * *

A suburbanite had started keeping chickens because he liked more than one egg a week. The other day his neighbor said: "Oh! Your chickens are coming into my garden."

"I thought something like that must be happening."

"What makes you think so?"

"One goes away every now and again—and never comes back."

When man is born people ask: "How is the mother?"

When he marries, they say: "What a beautiful bride!"

When he dies they ask: "How much did he leave her?"

[illegible]

Housing Construction To Be Great During The Next Five Years

NIAGARA FALLS, Ont.—Prediction that during the next five years there will be a high level of employment with national income of the same general order as say 1941 and 1942 was made by Labor Minister Mitchell in an address to the Canadian Construction Association convention.

Mr. Mitchell, referring especially to housing, said under such circumstances there seems to be every reason to believe that 400,000 to 500,000 units of housing can be readily absorbed in the five years ending 1951. "I do not underestimate the seriousness of the present housing shortage. Vigorous steps must be taken to meet our needs."

It was unfortunate that at present residential construction is in competition with industrial and commercial expansion, he said, and "it seems to me that in a long-term view we should make every effort to establish as a permanent feature of our economy a high annual production of residential construction."

With increases in supplies he foresaw increases in residence construction in 1947 however at the same time maintaining industrial and commercial construction.

IN MEMORIAM

In loving memory of our dear husband and father
Haakon Enoland
—who passed away Feb. 9th, 1936.

"Eleven years have passed since that sad day,
When the one we loved was called away.
God took him home it was His will,
But in our hearts he liveth still.
Peaceful be thy rest dear father,
It is sweet to breathe thy name,
In life we loved you dearly,
In death we do the same."

—Lovingly remembered by wife and children.

"PICKINGS - by Pick"

Wandered along the Vermilion river valley on Sunday and got a lot of enjoyment seeing scores and scores of kiddies coasting down various hills on all sorts of contraptions from the regular sleighs, toboggans, and skis to pieces of cardboard, chunks of tin etc. There are lots of spots to coast but I marvelled at how little, we, the Vermilion people, had done about improving these natural playgrounds. On one hill, the most popular one of the bunch, judging from the number of smaller kiddies there, the sliders went between two very large rocks, the path narrowed at the bottom between the trees, over an old ditch and round a sharp turn. No effort has been made to remove the dangerous rocks, nothing done to widen the pathways by clearing out a few trees, in fact no effort has been expended by Vermilion organizations to improve these natural playgrounds in the 40 some odd years of the town's existence. Someone will no doubt say "we coasted here and got along O.K." which is the worst of poor excuses where progress is concerned. The children escape with remarkably few injuries considering the hazards of every hill, even at that the writer recalls one broken arm last year and at least one split head this winter and no doubt there are lots of smaller accidents that are not generally known.

As a result, sliding on the river hill roads has appeared to be less hazardous to a number of kiddies, consequently necessitating a town police warning. Rather than having to put the police to work, how about undertaking to make the use of the road for sledding unnecessary by improving the natural spots?

●

So we went to Vegreville Saturday night. We won't mention the game but at least we came home appreciating our own arena. No score board, no public address system, poor vision further hampered by huge "No Smoking" signs, and a very large players' box for the home team and a 6 by 6 affair for the visiting team to cram into. Under these circumstances even a good game would be difficult to enjoy.

●

A few teeth put into the "No Smoking" by-laws for our own arena would be a good thing. Also two exit doors on each side are definitely called for. A few dollars spent now may save lives later . . . fire is an ever present danger in an overcrowded building.

●

At the present time the stop sign at the corner of Main street and Alberta avenue (G. Williams' corner) is both puzzling and dangerous to the pedestrian—the average of one vehicle in four (by actual count) stopping.

Own your Own Business

OBITUARY

GEORGE DISRAELI SHIELDS

The funeral of George Disraeli Shields who passed away on January 20th, 1947, was held at the Alliance chapel on January 23rd at 2 o'clock in the afternoon. The Rev. E. A. Phillipps conducted the services. Interment took place at the Vermilion cemetery.

The late Mr. Shields was born in the province of Ontario and was 72 years of age. He came to Vermilion 19 years ago and has resided here since that time.

Left to mourn his loss are three daughters, Mrs. J. Cairns in India; Miss May Shields, Bolivia, South America; Mrs. Albert O'dle, Vermilion; three sons, Lee of Hamilton, Ont., George, Nigeria, West Africa; Orlando, Seattle, Wash. There are six grandchildren, also one brother Arthur Shields of Brantford, Ont., and one sister Miss Sadie Shields of Brantford.

The pallbearers were W. B. Mix, H. Wilton, Ray Hutchinson, H.C. Wilson, F. W. Hill, H. A. Wilson.

Beautiful floral tributes were received from the following: The Family: Orlando, Olive and Dave; Bill, Hazel and family; Ethel and Nora; Friends of the Alliance chapel; Mr. and Mrs. E. Madill; Mr. and Mrs. H. G. Gates; Mr. and Mrs. Arpar McLellan, Mr. and Mrs. Wilfred McLellan, Aunt Jessie McIntyre; Windermere Sunday school; Mr. Harold Wilson and family; Mr. and Mrs. Martin Burson; Mr. and Mrs. Harvey Wilson; Mr. and Mrs. John Hillson; Mr. and Mrs. Ray Hutchinson; Mr. and Mrs. Harvey Anderson; Mr. and Mrs. John Mix; Mr. and Mrs. Gordon Terry.

Arrangements were carried out by Moyer Bros., Vermilion.

CARD OF THANKS

We wish to thank Dr. Bradford Miss Faith and the hospital staff for their care and kindness to our father during his last illness. We also wish to thank our many friends for their messages of sympathy and floral tributes in our recent bereavement.

The Shields Family.

OBITUARY

DORIS MARJORIE RISDALE

Funeral services of Doris Marjorie Risdale, who died at the family home at Borradaile on Saturday January 18th, were held at St. Saviour's Anglican church, Vermilion, on Wednesday January 22nd at 2 o'clock in the afternoon. The Ven. W. Leversedge D.D. officiated.

Doris was the daughter of Mrs Mary Risdale and the late Mr Risdale and passed away at the age of 17 years 5 months. She attended school at Bowtell and then at Vermilion but was taken seriously ill in August 1945 and underwent operations at the University hospital Edmonton. She returned home just before Christmas 1945. During the summer months of 1946 she rallied and gained in strength but failed again when the fall and winter months commenced.

Besides the sorrowing mother there are four brothers and one sister left to mourn the loss of their sister, Isabel at home, Edwin at Islay, Bernard at Vermilion, Kenneth at home and Sidney at Fort Erie, Ont.

Mrs M. Till of Vancouver, grandmother of Doris came from the coast to attend the funeral as did an aunt Mrs. G. H. Simpson from Prongua, Sask., and Mrs. A. B. Cowan from Edmonton.

The only flowers were those from the family, there being no others by request.

The pall-bearers were Logan Gue, Fred Scott, Tom Fenton, Tom Sherwood, John Ridington and A. C. Landell.

Interment took place in the family plot at the Vermilion cemetery.

Moyer Bros. were in charge of arrangements.

CARD OF THANKS

We wish to thank our many friends and neighbors for the kindness and sympathy extended to us in the loss of our beloved daughter and sister Doris.

Mrs. Mary Risdale and family.

OBITUARY

MRS. NELLIE GERTRUDE THOMPSON

There passed away at the Mannville hospital on Thursday January 16th Nellie Gertrude Thompson, the beloved wife of Edward Perry Thompson in her 61st year. The funeral services were held on Monday Dec. 20th at the Mannville United church, the Rev. V.P. Cole officiated. Interment was made in the Mannville cemetery.

The late Mrs. Thompson was born at Big Creek, Ont., in 1887. In 1905 she married Edward Perry Thompson and to this union were born ten children. The family spent eight years in eastern Ontario, then decided they should heed the call of the west and in 1913 they settled in the Mannville district. Down through the years of Mannville's transition from the homestead days, the deceased was well and widely known for her spirit of hospitality; she is ranked among the pioneers who blazed the trail of "first things".

She leaves to mourn her loss her loving husband and ten children, six sons and four daughters: Mrs. Wyndom Webb, Mannville; Mrs. Jack Donald, Edmonton; Mrs. Bill Smith, Mannville; Miss Eileen Thompson, Edmonton; Jim, High River, Alta.; Garnet, Vancouver, B.C.; Clayton, Clarence, Alvin and Morley, all of Mannville.

The pall-bearers were Messrs. A. E. Williams, Beckett Thompson, Angus Stewart, Wm. Jackson, Walter McIlroy and Abe Hubbard.

Moyer Bros. of Vermilion were in charge of arrangements.

Lovely floral tributes and sympathy cards were received from: The Family: Verna, Clarence and Alvin; Gladys, Eileen and Jack; Grace Wyndham and granddaughters. Mr. and Mrs. T. Iver and Leith, Mr. and Mrs. John Webb, Trevor and Gladys; Mr. and Mrs. W. Sloe; Mr. and Mrs. R. S. Johnston and Mrs. A. M. Rutherford; Mr. and Mrs. J. Croft, Vivien, Muriel, Jim, Lil and Bob, Gwen and Don; Mr. and Mrs. Angus Stuart; the Bryden Family; Mr. and Mrs. P. Arnold and Mr. F. D. Wright; Christ Church W.A.; Mr. and Mrs. C. E. Jensen; Mr. B. Thomson and Mrs. E. Townsend.

CARD OF THANKS

Mr. E. P. Thompson and family wish to take this means of thanking all those kind neighbors and friends for their help, comfort and sympathy during their recent sad bereavement.

E. P. Thompson and family
Mannville

Claysmore Clippings

The municipal snow plow from the north also plowed out the road north of Claysmore Saturday morning. This road has been badly drifted but is now open for car travel.

Mrs. C. Harrison and Ben visited at the home of Mr. and Mrs. A. Harrison on Wednesday last week.

C. Bauer and son used their snow plow to clear the road south of Claysmore to the corner.

Mr. and Mrs. R. D. Lynch and family are away on a visit to Mr. Lynch's old home in Wisconsin, and other points east. They plan to return to Alberta early in March.

Mr. and Mrs. W. Antrim spent several days in Edmonton last week.

Ruth Horricks, Jackie Antrim, Margaret MacMillan and Jr. Williamson took part in the high school quiz bonspiel held in Mannville Jan. 24th. Junior Williamson won a woollen scarf, one of the prizes awarded to the winning team.

Mr. and Mrs. Dale Williams were Sunday guests at the home of Mr. and Mrs. V. Eaton.

Mr. and Mrs. [illegible] of Paradise Valley are spending a few days at the home of their [illegible] Mr. and Mrs. [illegible]

Guests at the home of Mr. and Mrs. R. M. MacMillan Sunday afternoon were Mr. and Mrs. R. MacMillan and infant daughter, and Mrs. P. Grant of Vermilion, also Mrs. J. McClean and Mrs. J. McClean.

The Food Situation

IN CANADA WARTIME RESTRICTIONS are gradually being lifted [illegible] growing freedom from the necessity [illegible] We are sharply reminded [illegible] People are continuing to die of starvation in China and India and in some parts of Europe rations are still very limited. At the end of the war food was one of the most [illegible] It was expected that by the end of 1946 the situation would have ceased to be a major problem but it now appears that [illegible] the coming months.

* * * * *

Two Factors Are Involved [illegible] appear to be involved in the serious conditions which are found in many places. One is that because of drought conditions European crops did not yield the amount of food which was anticipated earlier in the year. Another is a slowing up of the delivery of food from those countries which have supplies to export. In the case of Canada alone, it is reported that exports [illegible] August [illegible] November 1946 amounted to 133 million bushels of wheat and flour [illegible] for the same period in 1946 the [illegible] half of the previous year's figure.

* * * * *

Food Scarcity May Continue [illegible] of the United Nations [illegible] the probable situation in regard to food during 1947 shows that supplies of bread grains, rice, fats and oils, dairy products, meat and sugar [illegible] to meet minimum requirements [illegible] The prospects are that many of the [illegible] at higher [illegible] past [illegible] however they [illegible] perhaps not available [illegible] making them [illegible] efforts and machinery [illegible] exportable food supplies [illegible] considerable [illegible] of the food requirements [illegible] It is to be [illegible] hoped that equitable [illegible] may be found to this very vital problem.

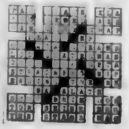
Answer to Last Week's Puzzle



The Royal Bank Of Canada Annual Meeting

Sydney G. Dobson, President, declares increased industrial output, co-operation between management and labour and substantial tax reductions would provide bedrock of future prosperity—"If business, labour and government keep their heads, there is no reason why we should not complete our delayed reconversion plans this year and prepare to step forward in future."

James Muir, General Manager, reports assets at record level for sixth consecutive year—notes increased financial assistance rendered business and individuals—deposits at $1,963,103,951 reach new high point—foreign branches valuable aid to traders.

W[illegible] that [illegible] government expenditures provide no assurance of good times and that living standards [illegible] be raised through less production [illegible] higher wages was voiced by Sydney G. Dobson, President of The Royal Bank of Canada at the bank's Annual Meeting.

On the other hand he declared that increased production and whole-hearted co-operation between management and labour would provide a solid basis for prosperity. He also noted that the present level of taxation was a drag on business and that substantial tax reductions would give an incentive to individuals and to industry, encourage greater production and lower prices and, therefore prove an aid to a higher standard of living.

CANADA PLAYS FULL PART

Stressing the increasingly important role of Canada in world affairs, Mr. Dobson said: "Canada is playing her full part in the peace organizations and served on nine international bodies. She was the second largest contributor of food and the third largest contributor of money to UNRRA. She has the largest store in the world of the basic essential of atomic energy — uranium. I believe that though in numbers the Canadian people carry small weight in the world when the account of world well-being comes to be added up it will be found that the weight of Canada's influence was a big factor in whatever success is attained.

"I think that experiences of the past few years have brought home to all of us the fact that business and industry exist to satisfy the needs of people.

"There are many wants, such as political and economic security, facilities for improvement and relaxation, competent health services, and wider education, but I shall speak particularly of the business aspects. I believe that prosperous business conditions will be the bedrock upon which people will satisfy most of their other wants.

SUCCESS NOT MADE OF DREAMS

"There have been all sorts of plans laid out by advocates of improvement in our economic affairs, but it is becoming clear that many of the old principles of sound economics will survive, and some that had been abandoned must be returned to. On the whole our Canadian people are sensible and sound. They are entertained by pictures and stories of Utopia, but they know that success is not made of dreams. The story of Canada's advancement is one of people and resources, and the ingenuity of the people in using the resources.

"Roughly 68 per cent of our population are under 40 years of age. That means that the numerical bulk of the people is not yet 'set' in its ways, but is of an age to demand the latest, or better than the latest, in devices, comforts and services of all kinds. It is a thought to keep every business executive on the alert, because people's wants rule the market and decide the profit or otherwise of production.

"Given an intelligent approach by business executives who are trying in a sincere way to develop a better knowledge of what the consumers want there is no reason why Canada cannot look forward to a period of great expansion, profitable business, and higher standards of living.

"I regret very much the irresponsible outlook many persons have regarding work and wages. I am one who believes that the time will come again when possession of a job will be considered an asset when having a little money as a standby will loom larger in people's minds than fewer hours. True satisfaction can be found [illegible] when the worker values mainly the work he does, and not how much he [illegible] able to control his employer to [illegible] I believe in a high standard of living for everyone [illegible] but [illegible] that [illegible] of the people [illegible] high wages [illegible] [illegible]

FOREST WEALTH

Reviewing Canada's fortunate [illegible] Mr. Dobson [illegible] wealth and urged that steps be taken [illegible] 'when they learn that their pulp and paper mills take only about 23 per [illegible] 43 [illegible] and [illegible] dom in Canada's export trade, yet fire, insects and disease consume 60 per cent more wood annually than do the pulp and paper mills. Other countries have succeeded in practically eliminating wastage due to nature. In Sweden with less than 5 per cent of Canada's forest area there are more than twice as many forest engineers as in Canada.

VALUE MULTIPLIED

"I wish to draw one fact particularly to your attention. In 1945 the pulp and paper industry took pulpwood valued at $122 million, and converted it into products which had a gross value of $400 million. In other words the industry multiplied more than threefold the value to Canada of its pulp wood cut. In course of that process, its mills gave employment to [illegible] persons and paid them $80½ million in salaries and wages. In addition it supplied workers in the woods with employment and their wages amounted to $75 million. When you add the purchase of materials and supplies $184 million, you realize how important the industry is to the whole economic life of the nation.

"That this industry could be further expanded is evident when we consider that the pulpwood shipped out of Canada in a raw state in a year would supply a large paper-making industry.

"The lumber industry which includes production of sawn lumber, shingles and boards, has been increasing steadily. As in the case of the pulp and paper industry the value of the forest cut has been much increased by processing, in this case almost doubled.

NEW PRODUCTS FROM WOOD

"In addition, new horizons are opening up for the use of our forest products, such as in the manufacture of plastics and textiles. This field so far has only just been tapped, and holds tremendous possibilities. We cannot therefore afford to waste or to see carelessly destroyed any portion of our great forest resources.

"Throughout the responsible financial press during late months, we have seen articles to the effect that today more than ever increased industrial output is a necessity. We need the best co-operation possible between management and labor. The high rate of productivity which would result would be the only effective influence I know of against inflation."

Dealing with the question of taxation, Mr. Dobson noted that war expenditure was down to 35 per cent of what it was in the peak year. "Yet the government is collecting in this taxation year an amount equal to 24 per cent of the approximate 1946 national income compared with 11.05 per cent in 1938. The Finance Minister set his requirements at $2,769,000,000 in his last budget, compared with $534,000,000 in 1938.

DRAG ON BUSINESS

"Now it doesn't matter where that revenue is accumulated by the government, or how it is taken, the withdrawal of this money constitutes a drag upon business. Substantial reduction in taxes would give an incentive to individuals and to industry, encourage expansion and new ventures, encourage greater production and lower prices, and therefore prove an aid toward a higher standard of living.

"Some will say the government needs the money for social welfare and subsidies and so on, but I would point out that lavish government expenditure has been unsuccessful in creating prosperity. "A 'let the government do it' attitude will not get us anywhere, and necessity alone should be the decisive factor in judging whether to retain some of the wartime controls and practices. In some cases the manufacturers' profit has been squeezed between rising costs and the price ceilings. I approve the policy of removing controls gradually, but as quickly as goods and services become available and I am hopeful that world and domestic conditions will soon permit us to return to a free economy.

"This country reached maturity through its war effort, politically and industrially. If business, labour and government keep their heads there is no reason why we should not complete our delayed reconversion plans this year and prepare to step forward in future."

GENERAL MANAGER'S ADDRESS

In presenting the bank's 77th Annual Report, Mr. Muir, General Manager, stated that for the sixth consecutive year the total assets of the bank, which now stood at $2,131,974,316, had reached new record levels. New records had been established in many departments of the bank's business. Liquid assets totalled $1,609,742,166 representing 81.69 per cent. of the total liabilities to the public.

"The volume of commercial loans in Canada is up by $25,789,321," said Mr. Muir, "but this does not give a true picture for the reason that at November 30, 1946, a Victory Loan campaign was in full swing; nor is the loan total a complete index of the financial assistance which is being supplied by the bank to our clients in their post-war business activities. Included under the heading 'Other Bonds, Debentures and Stocks' are many millions of dollars representing the purchase by the bank of short- to mid-term bonds and debentures issued by clients to enable them to carry out expansions and improvements of a capital nature.

"In addition, the smaller class of customer continues to take substantial advantage of our facilities. This is demonstrated, for example, by the fact that during the past year we have made a total of nearly 150,000 loans of $500 and under for personal purposes.

"Our loaning business abroad has also continued to expand as is illustrated by a well diversified increase of $16,623,713 in commercial loans."

RECORD DEPOSITS

The General Manager noted that total deposits had increased by more than $74,000,000 to the new all time high point of $1,963,103,951. The number of deposit accounts in operation continues to grow and as a matter of fact has increased in Canada alone by 116,000 during the year bringing the total in operation up to 1,670,000.

"The profits for the year were $903,244 greater than for the preceding twelve months' operations.

"As you will have observed from the Directors' Report, it has been decided to transfer to the Reserve Fund of the bank $5,000,000 from the amount at credit of Profit & Loss Account.

"There will still be left the substantial sum of $1,467,414 to be carried forward.

"You will also note that the Reserve Fund has been further increased by the addition to it of the sum of $15,000,000, bringing the Reserve Fund of the bank up to $40,000,000.

"It may be recalled that in the depression period of the middle 30's it was decided to transfer $15,000,000 from the Reserve Fund to inner reserves. Time, however, has shown this to have been an overly conservative precaution. Consequently the entry has simply been reversed."

AID TO FOREIGN TRADERS

Discussing the wide network of branches operated by the bank Mr. Muir referred particularly to the useful role played by the bank's foreign branches in facilitating foreign trade. "The unique position which we occupy," he said, "as the Canadian bank with the most extensive chain of foreign branches, enables us to render exporting and importing clients a banking service which cannot be paralleled."

Mr. Muir spoke in highest praise of the loyalty, ability and interest of all members of the staff. "Your bank is not the handiwork of any one man," he said, "nor even of any small group of men. On the contrary, it is a monument to the co-operative effort of many, each one serving with enterprise and enthusiasm in his or her particular sphere of duty.

"I cannot commend these men and women too highly to you, nor as I see it, can the Management of the bank render a greater service to you than that they should at all times try to ensure that a staff such as I have described is fostered, encouraged and maintained."

FOUR-YEAR-OLD BOY MUST USE FALSE TEETH

EVANSTON, Ill.—A four-year-old boy who dentists say never will have teeth of his own is wearing a complete set of false teeth. The youngster, whose name was not made public by the Northwestern University Medical School, which made the dentures, is a victim of total anodontia, in which even the beginnings of teeth are absent.

George Bernard Shaw had only five years of formal schooling. 2709

"Ah-h-h! I Can Breathe Again!"
If your nose sometimes fills up with stuffy transient congestion—put a few drops of Va-tro-nol in each nostril. It quickly reduces congestion and makes breathing easier in a hurry . . . gives grand relief from sniffly, sneezy, stuffy distress of head colds. Follow directions in the package.

C. E. Thompson Chairman Vermilion School Div. Board

The organization meeting of the Divisional Board of the Vermilion School Division was held at the Divisional office on Friday and Saturday, Jan. 24 and 25.

Messrs. C. E. MacKay and W. L. Brown, having completed required oath of office were declared elected for period of three years for Subdivision No. 1 and Subdiv. No. 3.

Election of Officers

Chairman—C. E. Thompson

Vice Chairman—D. C. McGrath

Required signing and borrowing resolutions were completed. Mr. S. C. Heckbert was appointed as auditor for year 1946-47.

Building Committee — Messrs. Thompson and McFarlane.

Finance Committee — Messrs. Thompson, J. D. Adam, Superintendent and Sec-Treasurer.

Vermilion Centre S. D. — Board studied financial report for 1946 as per agreement with Vermilion Centre S.D. Report adopted on motion of C. E. MacKay. Resignation of Mr. J. Thorburn, Vermilion, intermediate staff effective Jan. 31st was accepted on motion of J. D. Adam.

Superintendent's Reports—Appointments: Mrs. Barbara Cunliffe at Dewberry S.D.; Frank Welsh at Optimist S.D. and Lester Fair correspondent supervisor at Golden Valley.

Dormitory Accommodation — Total high school enrollment, 261; Subdiv. 1, 39; Subdiv. 2, 52; Subdiv. 3, 53; Subdiv. 4, 29, Subdiv. 5, 35; Subdiv. 6, 55.

Mawayne Lots — Motion of W. L. Brown that required action be taken to correct transfers between W. S. Campbell and School Div.

Salary Schedule 1946-47—Motion by C. E. MacKay that amendment be made whereby teachers holding approved degree on intermediate schools be paid allowance for such degree.

M.D. Representative at Div. Meeting—Secretary was instructed to advise Mr. John Leighton of date of Feb. meeting as budget will be prepared.

Zone Meeting, Viking, Feb. 18 — Delegation to attend zone meeting for discussion on salary schedules was appointed, C. E. Thompson, D. McGrath, A. McFarlane, J. D. Adam and W. L. Brown.

Fencing—Motion of A. MacFarlane that D. McGrath negotiate with Mr. R. Watt for purchase of green tamarac posts.

Projection Machine—Subject to the approval of local board we approve purchase of projection machine from War Assets Corp. on 50 per cent basis.

Transportation — Various applications for transportation allowances were considered.

Teacher Appointment — Motion of J. D. Adam that H. R. Wortman B.Sc. be appointed a teacher on [illegible] staff at Vermilion.

Leave of Absence—Leave of absence was granted Miss [illegible] to attend Convention in Calgary [illegible] March.

Insurance increases in amount of insurance carried on buildings when compared with present day building costs were approved on motion of C. E. MacKay.

Next meeting Wednesday, Feb. 26. Meeting adjourned.

ALLANDALE A F U

The Allandale Local of the A.F.U. will be held in the Allandale school on Monday, Feb. 3 at 8.30 p.m. [illegible] This is the annual meeting of the Local and a complete board of Directors as well as secretary will be elected for the year.

DERWENT NEWS

DERWENT DODGERS LOSE TO MYRNAM 4-1

The Derwent Dodgers hockey club and a good turnout of supporters journeyed to Myrnam last Thursday night to tangle with Myrnam in an exhibition game. The Myrnam boys skated off the ice with a 4-1 margin. This score is accounted for by the fact that the Myrnam club is in good condition being able to use their rink for weeks past whereas the Derwent team has been handicapped owing to no water to flood the rink. A lot of money has been spent by the Derwent Board of Trade having two wells drilled but each one proved to be surface water and so was pumped dry the first day making it necessary to transport water from other wells and lakes. However, the boys gave a good account of themselves considering 5 had not been on skates this year and the balance only being able to skate a few times.

The first period was [illegible] Myrnam scoring at the 7 minute mark [illegible] scoring unassisted. [illegible] later [illegible] went tied it with the prettiest goal of the evening Mike [illegible] scoring on [illegible] from Albert Willmer and Russell [illegible] [illegible]

WORLD HAPPENINGS BRIEFLY TOLD

Work on the repairing of war-damaged Manchester Cathedral has begun.

The [illegible] of Wellingborough, England, had no siren during the war but has acquired one as a fire alarm.

Richard H. Turk, 70, who comes from five generations of Kingston [illegible] makers, is the King's new [illegible].

[illegible] giving shipping off the Lancashire coast—a 131 foot steel mast with four lights—has been [illegible] Lancashire, England.

LONDON — [illegible] of Britain has [illegible] from 670 [illegible] 1945 to an estimated 36[illegible] the House of Lords was told.

The [illegible] of the Russian Academy of Sciences is preparing a 15-volume dictionary of the Russian language with more than [illegible] words.

Henry A. Wallace announced he will visit England in April as the representative of that part of American opinion which believes peaceful relations with Russia are feasible.

Canada's slaughtering and meat packing plants turned out $[illegible] worth of meat in 1945 compared with $[illegible] in 1944, the bureau of statistics reported.

[illegible] airfield near Bishops Stortford, a United States Army bomber base during the war, is to become London's first freight airport capable of handling the biggest freight aircraft.

Canadian Universities Planning To Spend Millions On Buildings

TORONTO — Canadian universities plan to spend $30,000,000 on new building in the next 10 years.

New plans already drawn would [illegible] $30,000,000, worth in the same period a cross-Canada check revealed, but the extra $2[illegible] [illegible]ing.

Emphasis everywhere is on generous extensions to science faculties and whole new buildings highlighted by McGill's proposed cyclotron and radiation laboratory, reflect a countryside desire to remain abreast of latest developments in their fields.

McGill in Montreal has a $9,114,000 program on the books, of which $5,741,130 already is under way.

University of Toronto, whose long-range plans envisage creation of a city within the city, with 11 new buildings projected, besides alterations to existing 60 centers, second with a budget of $7,700,000.

McMaster University in Hamilton and the University of Alberta in Edmonton each plan outlays of $5,000,000 while the Government of British Columbia has voted a similar amount for new construction at the University of B.C.

For construction of its new medical school and main building Ottawa University will spend $1,300,000. Proposed extensions and alterations at Queen's in Kingston topped by the building of $875,000 McLaughlin hall for the Faculty of Mechanical Engineering, come to $1,200,000. University of New Brunswick's budget of $870,000 is also topped by plans for a new science building, at $800,000.

McGill authorities were encouraged to embark upon their program by the speed with which their $7,000,000 endowment was raised.

Chief items are a $1,300,000 extension to the Redpath Library, a new $1,200,000 mining and geology building and a $1,100,200 extension to Royal Victoria College, the university's women's residence. Included in the scheme are a $410,000 addition to the gymnasium, intended as a war memorial, and a $000,000 rink-and-bureau adjacent to the gymnasium.

McGill is also spending $[illegible] on improvements to the library at Macdonald College, its Agricultural Faculty at Ste. Anne de Bellevue, Que.

LUZON VOLCANO BLOWS TOP—After five days of boiling, southern Luzon's towering Mayon volcano erupted with a furious shower of boulders and lava. Light earth tremors shook the area. The volcano has sent lava more than three-fourths of the way down its slopes. Camalig, with a population of 22,000, and Libon with 7,000 were ordered abandoned. Both were in the path of the lava streams.

Health LEAGUE of CANADA presents TOPICS of VITAL INTEREST

IODINE LACK CAUSES GOITRE

Despite the fact that lack of iodine causes simple, or endemic goitre, and despite the fact that iodized salt is the most practical method for supplying iodine, only one half the salt used in Ontario last year was iodized, Dr. E. W. McHenry said in a lecture in Toronto recently.

Dr. McHenry, Professor of Public Health Nutrition, School of Hygiene, University of Toronto, was speaking at one of a series of nutrition lectures arranged by the Toronto Branch of the Health League. He said that goitre is a nutritional disease which is being badly overlooked.

He added that it is known that it is not possible for most people in Canada to obtain sufficient iodine from customary supplies of food and drinking water. Therefore limiting the sale of table salt so that only iodized salt could be purchased would be highly desirable.

Iodized salt was compulsory in all army and air force establishments in Canada during most of the war, he said, but no one seems to care about civilians. So far as iodine and the prevention of goitre are concerned, civilians are left to their own resources.

Dr. McHenry said that nutritional conditions in Canada are sufficiently good that only one deficiency disease, goitre, occurs with any frequency among adults. Rickets and scurvy were occasionally found in babies, but diseases caused by faulty nutrition which have plagued other countries, like beri-beri and pellagra, are non-existent in Canada.

He said sufficient quantities of different foods are available in Canada to provide every Canadian with nutrients needed for health, but there is evidence that the food habits of many need to be improved and that the available foods are not being properly used.

"Ignorance and indifference," he said, are the two main causes for malnutrition in Canada. As for overweight, Dr. McHenry said he includes obesity under malnutrition.

Doctor Started Fad

Baltimore Man's Idea of Going Hatless Soon Became Popular

Baltimore called Thomas Shearer "the happy doctor." He was always helping people by dispensing good humor as well as by doctoring.

But Baltimore buzzed when Dr. Shearer in 1907, decided to go hatless. His theory: Air moving freely through the hair would benefit the scalp.

The startled natives debated. Hatless men were a rare sight those days, even in summer. And in winter! "He'll die of galloping consumption," friends predicted darkly. But Shearer persisted. Whether from his influence, as claimed, or not, the hat less fad reached its peak in the collegiate raccoon-coat era of the '20s. All around the country men and women blandly emerged bareheaded [illegible].

Dr. Shearer, father to the fad, died last December at the age of 87. — Pathfinder.

Value Of Man's Labor

If Placed Too High Will Result In Decrease Of Work

The value of any man's labor, says Paul Hunter in Liberty Magazine, is determined in the last analysis by what the ultimate consumer is willing to pay for the product of that labor. This is an unalterable truth. If a man demands more for his labor than it is worth, he soon runs out of work to do. If he is employed, his employer is forced to raise the price of the product he makes. If buyers won't pay, the employer soon has no business and the workingman no job. The [illegible] wage does him no good if his job is thereby rendered nonexistent. A business can keep going only if it produces its product at a saleable price.

Hope New Scheme Will Link Schools

A Nursery of Friendship scheme to link English schools with schools in Belgium and to put individual children in the two countries in touch with one another is announced by Britain's Ministry of Education. Its purpose is to improve Anglo-Belgian relations by the exchange of correspondence and by pairing schools of similar interests and background, with a view to the interchange of pupils and holiday visits, reports Empire Digest. A similar scheme between France and Britain was started in November last. Fifteen thousand children in English schools are now corresponding with a similar number of French children and 250 schools in Britain have been directly linked with schools in France.

SHOULD BE REGULAR

Meals at any old hour just won't do, declare health authorities at Ottawa. It's not only what but when you eat that counts. The doctors say that meals should be at convenient and reasonable hours. The digestive tract functions better, like other parts of the body, if placed on a regular schedule.

More Canned Salmon On Canadian Market

Even if connoisseurs of canned salmon can't always get enough of it, more of that British Columbia specialty is going to Canadians now than at any time in the last six years.

Twenty-four million pounds of the delectable red-fleshed food has been flowing eastward from the West Coast canneries in the last few months, and, though it may seem scarce on the grocery shelves, it is finally is appearing in the greatest abundance since 1939.

So when word got around that a can of salmon couldn't be found for the Canadian exhibit for the Australian Royal Easter Show, Government officials were understandably puzzled.

The fact is, they say, that the Canadian market this year is receiving what amounts to almost a normal supply of the tinned product for the first time since pre-war days.

From the 1946 pack, 500,000 cases of 48 pounds each have been allocated to the Canadian domestic trade, and already at least one-third of this amount has moved eastward. This is 200,000 cases more than the Canadian quota from the 1945 pack and compares, for instance, with such a lean year as 1942 when Britain took the whole Canadian output.

GLAMOR IS FOUND IN NEWSPAPER ADS

The New Yorker says: There is a quality in advertising, quite aside from the way it pays the bills, which seems peculiarly to complement reading matter; a certain extravagance of phrase, an unreality, a rhinestone brilliance, an unworldliness, and a promise. The ads are the reader's dream life, the reading matter is his waking hour. We suspect he loves them both. After a column of pure thought, a half page of crunchy goodness; after a hard editorial, a brand new helicopter, easy to own and operate.

Cedar birds will line up on a limb and pass a piece of fruit, or a worm, back and forth.

NEHRU'S SISTER ON TOUR—Social and political leader in India, Krishna Nehru, shown here, sister of Jawaharlal Nehru and author of the book on the Nehru family, "With No Regrets", arrived in New York by plane from India. She is in the U.S. for a nation-wide lecture tour.

JUST LIKE INDIVIDUAL

Our national stock-taking compares favorably with that of the individual who has borrowed heavily to go on a spending spree. Now we must return to work and careful management to avoid losing all; if we do not, we may one day find ourselves broke and in need of foreign loans to begin again.

How One Parent Made Son Popular

The Empire Digest tells the following story as recounted by a fond parent: "Michael's first day of school arrived. I walked with him to the assembly point where he was to catch a bus. The bus was waiting, fringed by a tight cluster of little boys eyeing each newcomer with suspicion. Michael's grasp tightened. I felt his apprehension. 'Michael,' I said in a loud voice, 'I want you to come straight home after school. Remember, you've got to help me skin that elephant.' I pushed my son toward the bus, turned and walked rapidly away. Silence. Then a babble of little boys' voices. I glanced back. One boy was holding Michael's books, another his lunch box, a third was helping him on the bus. A great peace descended upon me. I had measured up to the responsibilities of fatherhood."

One Person Solved Housing Problem

The Leader Magazine reports that at a London railroad station a clerk had a strange request: "Can you tell me," said an enquirer, "of any train leaving the station round about 10 p.m. which connects up somewhere with another one getting back here by 10 a.m.?" The clerk had convinced himself that his customer was drunk when the explanation came: "I have nowhere to live and if you tell me of a few night trains I thought I'd reserve sleepers to get a few nights' rest."

Local News of Interest

Miss Margaret Stephens left Sunday for Placentia, California where she is visiting her sister and family Mr. and Mrs. Robert Bowman for a month. Margaret made the trip from Edmonton by air and actual flying time was 12½ hours. She stopped a day in Lethbridge to visit Mr. and Mrs. Art Butler.

E. C. Miller is attending the annual conference of school supervisors in Edmonton this week. The sessions last three days.

Larry Rose of St. Paul was a business visitor in Vermilion on Tuesday. He was accompanied by Cliff Hamilton of Dewberry.

Although they have been absent from Vermilion for 15 years Mr. and Mrs. W. E. Grierson now of Edson are still very much interested in Vermilion and send along their renewal subscription.

Mrs. Harry Gates of Edmonton was in town last week to attend the funeral of the late George D. Shields.

Vermilion lady curlers are invited to attend the Mannville ladies bonspiel which will be held on Feb. 3 and 4. Mrs. Muriel McLachlan is secretary of the Mannville club and entries may be sent to her.

The names of Mr. and Mrs. John Wiebe were omitted from the list of those sending floral tributes to the funeral of Mrs. J. W. G. Morrison.

Arno Thorsen, one of the star players of the Huskie Hockey club, met with a painful accident at the oil field on Monday of this week, burning both of his hands severely. The injury will keep Arno out of hockey for the balance of the season. —Lloyd Times.

ATTFIELD—Born to Mr. and Mrs Kenis Attfield (nee Ethel Beirmann) a baby boy on Dec. 22, 1946, at Terrace, B.C.

Mrs. I. Winters now living with her son Hubert and family in Victoria writes that she does not want to miss a single copy of the Standard and likens it to an extra good letter from home. She states that the Victoria weather this winter is cooler than usual and that snow has fallen several times lasting for 3 and 4 days. While there is not nearly the same degree of frost as Alberta the cold is damp and penetrating and makes a person really feel it. The grass is still green making a cheerful note. Mrs. Winters extends greetings for the very best in 1947 to all of her friends in Vermilion.

R. C. Kernlake writes that they are enjoying life near New Westminster, B.C., lack of extremely cold weather appealing to them greatly. Quite a lot of snow had fallen, not quite enough for sleighing, but it all disappeared in quick time. Happenings in the district and development of the town as related in the Standard are watched with great interest.

Former Vermilion Girl Married at Victoria

McKENZIE—MURRAY

Nuptial vows were exchanged Jan. 7th by Miss Audrie Elaine Murray, only daughter of Mrs. Thelma A. McKenzie, 24 Douglas Street, and Wallace Earl McKenzie, youngest son of J. M. McKenzie and the late Mrs. McKenzie, in a quiet ceremony at the home of the officiating minister, Rev. E. M. Smiley.

For the occasion the bride wore a white wool dress, cadet blue model hat with gold nail head trim, black accessories and corsage bouquet of gardenias and red roses.

Cmdr. and Mrs. H.W.S. Soulsby attended the young couple.

Following their honeymoon in Vancouver, Mr. and Mrs. McKenzie returned to the city and are now in residence at 20 Douglas Street.

Queen Esther Chapter O.E.S. Install Officers

JEWELS PRESENTED

At their regular meeting Tuesday night Jan. 21, Queen Esther Chapter No. 22, O.E.S. installed their officers for the present year with the following acting as installing officers:

I.O.—Sister L. Jory, P.M.; Marshals—Sisters N. McFadden and S. Eagan; Chaplain—Sister M. Cooper, P.M.; Assoc. Matron—Sister S. Carroll, P.M.; Conductress—Sister A. Robinson, P.M.; Warder—Sister D. Buckingham, P.M.; Sentinel—Sister E. Dick, P.M.

Officers installed were:
Worthy Matron—Sis. H. English
Worthy Patron—Bro. W. H. Scott
Assoc. Matron—Sis. E. Corley
Assoc. Patron—Bro. T. Dick
Secretary—Sis. M. Hunt, P.M.
Treasurer—Sis. D. Scott
Conductress—Sis. J. Rowe
Assoc. Conductress—Sis. M. Reid
Chaplain—Sis. B. Part
Marshal—Sis. N. McFadden
Organist—Sis. A. Green
Adah—Sis. E. Macnab
Ruth—Sis. J. Norton
Esther—Sis. E. Brass
Martha—Sis. E. Hay
Electa—Sis. L. Clarke
Warder—Sis. V. McCulloch
Sentinel—Bro. E. Katz.

At the close of the installation ceremony Sister Hay sang very beautifully, "My Task".

On behalf of the Chapter the retiring Worthy Matron, Sister J. Bushell was presented with a Past Matron's jewel by the new Worthy Matron, Sister H. English, and the retiring Worthy Patron Bro. T. Dick was presented with a Past Patron's jewel by the new Worthy Patron, Bro. W. H. Scott.

The Toronto Daily Star recently printed a large photo of new Canadians being welcomed at a Canadian Citizenship ceremony at the city hall. Centring the picture is R.C.M.P. Constable Wm. Dwyer, son of Wm. Dwyer of Vermilion with a pretty Hungarian Miss on one side of him and blonde Xenia Williamsen in Danish costume on the other.

CARD OF THANKS

Mr. and Mrs. Russell Smith wish to thank Drs. Bradford and King, Miss Keith and the nurses for the care and attention received by Mrs. Smith while a patient in the hospital.

CARD OF THANKS

Mr. and Mrs. Russell Smith wish to express their sincere thanks to Billie Pilkie, John Wilhite, Art Ganton and Roger Watt for blood transfusions given to Mrs. Smith during her recent serious illness, and desire to also thank the many others who offered.

Firemen To Hold Valentine Ball

FRIDAY, FEBRUARY 14th

The Vermilion Firemen will hold their third annual ball on Friday, Feb. 14th, Valentine's Day, in the Elks hall. A special program of dances is being arranged and Joe Dubuc and his dance band from Vegreville are being brought here for the occasion. This orchestra is recognized as one of the leading dance bands in Alberta, so no trouble or expense is being spared by the Firemen to make the dance an extremely enjoyable affair. 28-2

Starts Own Business

Governor-General's Medal Is Presented to Jack Bauman

HIGHEST STANDING IN GRADE IX EXAMINATIONS

Interesting Event at Vermilion High School Friday Last

A very interesting event took place at the Vermilion high school Friday when Jack Bauman was presented with the Governor-General's medal. This medal is awarded to the student in the Vermilion School Division obtaining the highest marks in the Gr. IX exams held last June.

The presentation was made by C.R. Thompson, chairman of the Vermilion school division board, and other speakers were E. C. Miller superintendent of schools, and Principal W. G. Hay of the high school.

Mr. Miller touched on the school career of the winning scholar and stated that 170 students wrote the grade IX exams. Of these Jack Bauman received the highest marks. David Fair of the Paradise Valley school was second and James Herring of the W[illegible] rural school third. All three of the boys were honor students.

Principal Hay stated that he was very pleased to have Jack as a student at the V.H.S. this year. He also expressed his great regret that, owing to the present overcrowded condition of the high school necessitating the use of the assembly hall for two classrooms, it was impossible for all of the high school students to be present at this notable event. Therefore he had invited the Grade IX students because they were in the running for the medal this year, and the grade X students because they competed for the medal last year. Mr. Hay expressed the hope that the school board would see their way clear in the immediate future to build either an assembly hall and gymnasium for the use of the students, or a new intermediate school to relieve the overcrowded conditions.

The winning student, Jack Bauman, 15 years of age when he wrote the examinations, is the son of Mr. and Mrs. J. Bauman of the Landonville district. He took all of his previous schooling at the Telegraph Creek school, and his teacher for Grades 8 and 9 was Miss Jan Shaw, now a member of the Vermilion public school staff. Miss Shaw attended the presentation. Jack has a twin sister Joyce also in grade X, and an older sister Doris obtained her high school education in Vermilion.

Ladies Complete Annual 'Spiel in Frigid Weather

HILDA CROSS RINK CURLS SIX GAMES IN ONE DAY

The Vermilion ladies 2-day bonspiel was completed last Wednesday and Thursday in the coldest weather recorded in many a year. The warmest temperature in the two days was 17 below and this varied down to 41 below when the draws were wound up late Thursday night.

Both primary events went out of town, the Grand Challenge to Mrs. Chas. Coombes of Lloydminster and the Merchants to Mrs. Cantrill of Vegreville. The big winner in the spiel was the local rink skipped by Hilda Cross with Lucy Milne, Margaret Girvan and Mona Pochett. This quartet lost out in the finals of both open events, thus taking two seconds. On the final day of the bonspiel they curled six straight games in weather never warmer than 40 below.

The complete list of winners is:

GRAND CHALLENGE — 1, Mrs. Chas. Coombes, Lloydminster; 2, Mrs. Hilda Cross, Vermilion; 3, Mrs. Harry Young, Islay; 4, Mrs. Gordon Park, Vermilion.

MERCHANTS — 1, Mrs. Cantrill, Vegreville; 2, Mrs. Hilda Cross; 3, Mrs. A. Jeffrey, Vegreville; 4, Mrs. A. E. Williams, Mannville.

CITIZENS—Mrs. C. P. Lipsey, Vermilion; 2, Mrs. D. Braithwaite, Dewberry; 3, Mrs. E. Corley, Vermilion; 4, Mrs. F. Bowman, Dewberry.

Mrs. Gordon Park had Mrs. W. J. Bell, Mrs. N.N. Bentley and Mrs. Gordon Rose on her rink. Mrs. Lipsey's rink was Mrs. L. S. Dawson, Mrs. K. G. Rowe, Mrs. Dan Wilson.

Posthumous Award Operational Wings And Certificate

TO LATE P.O. "CHAP" COOPER

For gallant service in action against the enemy the gold Operational Wings and Certificate of the R.C.A.F. have been posthumously awarded to Pilot Officer "Chap" Cooper and were received by his parents Mr. and Mrs. Vernon H. Cooper recently. The Certificate reads:

"This is to certify that Pilot Officer H. H. Cooper has been posthumously [illegible] the Operational Wings of the Royal Canadian Air Force in recognition of gallant service in action against the enemy.

Dated this seventeenth day of January 1947. Robert Leckie, Air Marshall, Chief of Air Staff."

Chap enlisted in the R.C.A.F. in December 1942, went into training in February 1943, arrived overseas in November the same year, and had made twelve operational flights as an air gunner in an R.A.F. bomber squadron over enemy territory, including the heavily defended Ruhr valley. [illegible] listed as missing on July 21 1944. Only one member of the crew of his plane was ever accounted for.

Strain is often the absence of trust

Annual Red Cross Canvass in March

W. P. PILKIE AGAIN APPOINTED CAMPAIGN MANAGER

W. P. Pilkie has again accepted the position of campaign manager of the annual Red Cross drive for funds which commences in the Vermilion district and all over Canada in March. He makes the following report on the No. 2 Red Cross account standing which follows, this starts the 1947 drive:

Balance from 1946, $154; The Wesley Graham estate has again donated through J.W.G. Morrison a cheque for $500; just received from J. Dinger and J. Green $2 won by those boys on a hockey game bet, thanks boys it all helps. Total on hand $656.

CO-OPERATION ASKED

The support of all service clubs, organizations etc. is asked by ear-marking the proceeds of all March activities for the Red Cross drive.

Keep Vermilion and district on top in the grand work they are doing and have always done for the Red Cross.

Competitions at The Carnival Feb. 21st

The race program at the Carnival Friday Feb. 21st commences with a tiny tot race open to boys and girls four years of age and under. Then there are races for girls 5 years of age; 6 yrs.; 7; 8; 9; 10; 11; 12; 13 and 14 years; girls open—over 14 yrs.

Novelty races—Boys 12 and under, relay; girls 12 and under, relay; Couple race 13 and over; best skating couple.

COSTUME COMPETITIONS

Pre-school boys; pre-school girls; Gr. 1 girls; Gr 1 boys; Gr. 2 girls; Gr. 2 boys; Gr. 3 girls; Gr. 3 boys; Gr. 4 girls; Gr. 4 boys; Gr 5 girls; Gr. 5 boys; Gr. 6 girls; Gr. 6 boys; Intermediate girls and boys; High school and college; Single lady in costume; Single gent in costume; Couple in costume; Group of 3 or more in costume.

What about that Label date?

ELECTION DAY MONDAY, FEB. 10

MANY CANDIDATES FOR MUNICIPAL OFFICES

Nomination day Monday brought out plenty of candidates for the various municipal offices and the town will see a mayoralty contest for the first time since 1939, and only the fourth since 1919.

Mayor Morrison will be opposed by Marwood George Brimacombe, also a veteran business man of the town.

There are five aspirants for the two vacancies on the town council. Gordon A. Park, seeking re-election, Aldous B. Kent, Alexander J. Le Rossignol, Thos. A. Stack and Kenneth G. Urquhart.

There are two vacancies on the school board with three nominated, Donald Taylor, chairman, seeking re-election, Fred Brimacombe, and Mrs. Nina Wiebe.

It is interesting to note that this is only the second time in the history of Vermilion that a lady has sought a public office. The first occasion was just twenty years ago when Mrs. C. L. Whitby ran for school trustee but was defeated in a close contest.

Voting will take place on Monday Feb. 10 at the town hall.

Civic Candidates Will Address Public Meeting

ELKS HALL, FRIDAY, 8:00 P.M.

As a result of a petition the Mayor and council have called a public meeting to be held Friday night Feb. 7th in the Elks hall at 8 o'clock at which the candidates for council and school board will be given a chance to express their views in respect to the policy or policies they intend to promote if elected. No doubt all have some constructive ideas otherwise they would not be running for the municipal offices open. An interesting and instructive meeting should ensue.

WHIST AND DANCE

Whist party and dance in Masonic hall on Thursday Feb. 20 at 8:15 p.m. sharp. All Masons and friends are cordially invited. 29-2c

"GREEN ACRES"

ADVANCE ORDERS

In order to be sure of supplies of certain commodities it is necessary to place orders well ahead. Orders must be placed now for package bees, for [illegible] crop seeds, baby chicks, fruit trees, strawberry plants, registered seed, shelter belt trees, gladioli bulbs, seed barley and oats. See your District Agriculturist for information on supplies of all these things.

SOIL BACTERIA

Beneficial bacteria are present in all soil the world over. There are at least 5,000,000,000 bacteria in a teaspoonful of average farm soil. These bacteria are the friends not the enemies of man. One of their most important uses is to convert unavailable plant food into compounds which are soluble in water. In solution this plant food can be absorbed by plant roots.

HORTICULTURAL SOCIETY

This organization has in the past promoted the growth of flowers, shrubs and trees for the beautification of the town. It is planned to have a bench show again this year. The membership fee is only $1. Premiums of dahlia and gladioli bulbs are given away free to members. Others must be placed now so [illegible] one see the secretary Andy Anderson so [illegible] bulbs can be ordered before the best kinds are all sold out. Let [illegible] make it up to 150 members this year.

TREATING FOR SMUT

Stinking smut of wheat and barley and both stinking and loose [illegible] oats can be controlled by treating [illegible] before seeding.

The use of Ceresan or Leytosan is a big improvement on the old method of using formalin. In fact it is generally conceded now that formalin [illegible] more harm than good. Formalin not only lowers the germination percentage but also injures the [illegible] of the seed.

SOIL CONSERVATION

Water erosion is taking as big a toll of our [illegible] as the wind does to [illegible] the south. The difference is that we do not see the soil [illegible] off our fields [illegible] spring or during heavy rainfall [illegible] in the same way that we can see soil drifting [illegible] is plan[illegible] will be [illegible] in the years to come.

E. H. Buckingham, D.A.

Public Meeting

PURSUANT to a Petition signed by the required [illegible] Electors praying for the calling of a Public Meeting [illegible] pose of hearing all persons nominated [illegible] Monday, February 3rd express their views in respect to the policy or policies they intend to promote if elected. I hereby [illegible] MEETING for the purpose set forth in said Petition.

THE ELKS HALL ON FRIDAY FEBRUARY 7th 1947
at the hour of 8 o'clock p.m.

[illegible]

Given under my hand this 4th day of February [illegible]

29c J. W. G. MORRISON, MAYOR

Geo. S. Maxwell Elected President Board of Trade

SUCCEEDS E. M. STEWART—CHAS. SPENCER VICE-PRESIDENT

George S. Maxwell was elected president of the Vermilion Board of Trade at the annual meeting of that body held on Wednesday last week. Mr. Maxwell has been vice-president and now succeeds E. M. Stewart president for the past year. Charles Spencer was elected vice-president.

The retiring president, E. M. Stewart, in a review of the activities of the board, noted that during the past year that body had enjoyed widespread support and probably greater interest than ever before. Attendance at the regular weekly luncheons over the year had averaged 29. A resume of the work that was accomplished and attempted as given in Mr. Stewart's address will appear in an early issue of the Standard.

The following committees were appointed by the executive following the regular meeting. The first named in each case is the chairman of the committee. It is expected that each committee will meet of its own accord and plan a long term program as well as making provision to meet such additional problems as might arise.

Agricultural committee — E. H. Buckingham, R. Jory, Brent Macnab, J. L. Kerns, Norman McClella.

Retail—Gerald Stephens, Fred Brimacombe, Little E. Katz.

Industrial—A. M. Watt, Ashley Cooper, S. C. Heckbert.

Airport—Billie Pilkie, E. M. Stewart.

Oilfield—Melvin Hill, D. A. Brimacombe, Glen Good, Jack Pettinger.

Roads—K. G. Urquhart, Ons Nestman, Lawrence Webb, Mark Norton.

Publicity—Ashley Cooper, J. W. G. Morrison, J. R. Robson.

Entertainment—N. N. Bentley, A. M. West, J. J. Part.

Ways and Means—Reg Mitchell, Russell Carroll, D. E. Moyer.

National Affairs—Frank H. Walker, Chas Heckbert, Ernie Seberman.

COUNCIL HOLDS REGULAR MEETING

The regular meeting of the town council was held Feb. 3, with Mayor Morrison and Crs. Banks, Bushell, Kehoe, Dawson, Park, Stephens present.

The following correspondence was received: C. W. Robinson re Ration Board grant, 1947; Vermilion Centre E.L. re lot 21, Mrs. Stephens request for Teacup reader's license, none required; National Iron Co. re increase in pipe prices; R.C.M.P. re E. Everett; Dept. Public Works request for building site; R.C.M.P. report for January.

W. C. Guy re approval of council for new business; Ratepayers re [illegible] to public meeting; T. Coutney, Fire Chief, re E. Duchesneau Machine shop fire hazard.

By-law No. 18-46 re lane closing was given second and third reading and finally passed.

The following motions carried:

That $4 per month be paid as a grant to local Ration board during 1947.

That public meeting be held Friday Feb. 7th at 8 p.m. in the Masonic or Elks hall as arranged in response to petition.

That permission of council to establish new business be granted to W. C. Guy.

That secretary advise E. Duchesneau that council will not allow weld shop in present location, due to extreme fire hazard.

That Lot 14, Blk. 47 be sold to [illegible] on [illegible] conditional sale contract to [illegible] that building permit to [illegible] be granted.

That the following increases in salaries be granted effective Jan 1 1947. J. J. Part $1 per month. M. [illegible] $[illegible] per month.

[illegible] and E.L. & P. accounts were passed and ordered paid [illegible] certified by the Finance committee.

[illegible] to secretary)

Advise Vermilion Farmers that smokestack screen to be installed within 10 day limit. Advise Vermilion school board that council will meet their committee on Feb 17 at 8 p.m.

Advise Dept. of Public Works of [illegible] lots available for [illegible] building. Hold lot applications [illegible]

Merchandise Needs And Buying Trends Feature Sales Show

Retail store managers, company executives and representatives of all merchandising and selling divisions of Macleod's Limited, were in attendance at a mammoth four-day merchandise and sales show in Minneapolis starting Jan 27th. Also attending were 2,000 officials and associates of Gamble-Skogmo Inc., sponsors of the show. The operations of this company now extend through 26 states, 4 Canadian provinces and Hawaii. In Canada, Gamble-Skogmo Inc. operate under the name of Macleod's Limited.

"Panorama" is the descriptive name coined to describe all inclusively this big merchandise show. Some idea of its proportions may be gained from the meeting place, the Minneapolis Auditorium. Space requirements call for more than 100,000 sq feet of display and exhibition space. The entire first floor of the auditorium [illegible] special decorative treatment [illegible] the sales show and the [illegible] was the site of the general meetings and special sessions of the divisional groups.

Through arrangements with many manufacturers and suppliers, new merchandise in all featured lines were introduced. More than 200 manufacturers and suppliers exhibited individual lines tying in displays with the various departments and divisions of the organization's stores.

An informative program and demonstration schedule was carried out for the four-day conference. Emphasis was given to subjects covering merchandising needs and buying trends of feature interest, was the introduction of novel display and merchandising techniques.

The public of Minneapolis were invited to view the merchandise displays and manufacturers exhibits during the evening following the opening session of the conference which it is said, was one of the largest merchandise shows ever held outside of New York and Chicago.

Charlie [illegible], manager of the Macleod's store in Vermilion attended the show and conference. He also spent three days in Winnipeg while away.

Letters to the Editor

This paper does not hold itself responsible for opinions expressed by Correspondents.

Vermilion, Alta., Feb. 3, 1947.
Editor Vermilion Standard,
Vermilion, Alberta
Dear Mr. Editor:

I have been a taxpayer of the town of Vermilion since 1939, and I have resided in the town for the last two years.

I have appreciated living in this town and I have found the Mayor Mr. Morrison and the Town Council very co-operative in anything to be done which I was entitled to ask for.

There is a civic election coming up. Much to my surprise I am informed that a certain number of people are endeavoring to elect a slate of officers to the Council of the town. Personally I am utterly opposed to this idea. In my opinion it will lead to the creation of factions in the town and hold up progress.

I do not think we need a slate of officers proposed by any group, but that nominees to the Town Council should stand individually, and on their own merits.

Yours sincerely,
A Citizen,
of the Town of Vermilion

ELECTION CARDS

TO THE ELECTORS,
Town of Vermilion.
Ladies and Gentlemen:

Having been urged by a large number of electors to offer my candidature for the office of mayor, primarily to see to the successful conclusion of the water and sewer systems and with which I have had much to do from the inception of the scheme, I consented to do so. I am fully aware of what that means to me or whomsoever may be elected, either as mayor or to the council board. It is going to be one of the most difficult years in the history of the town: I am stating this as a fact. I have hopes that the major portion of the system, if not all of it, will be completed before the end of the year, but a tremendous lot of work, involving many headaches, will require to be done. If elected I shall, along with your council, do everything possible to complete the project. I am therefore, appealing to you for your support and confidence. I must ask, however, whether you vote for or against, that you exercise your right of franchise on Monday by casting your vote.

Thanking you for your past appreciation and trusting for a continuance.

Yours sincerely,
J. W. G. Morrison.

TO THE ELECTORS

At the request of a number of the business men of the town of Vermilion I have consented to stand for the office of councillor for the ensuing three years. I have already rendered some services to the town and district as an active worker of the Board of Trade, as a past president of the Vermilion Amateur Athletic Association, and to the welfare of the youth by several years as scoutmaster. I gained some knowledge of municipal affairs acting as secretary of the former Vermilion Valley municipality. My past activities fully demonstrate my interest in Vermilion, and if elected, no effort will be spared on my part to give the town the progressive type of legislation necessary to ensure continued growth and development.

E. G. Urquhart

TO THE ELECTORS

Having been nominated for the office of councillor I respectfully solicit your support at the polls on Monday February 10th. I was induced to allow my name to be placed before the electors on the plea that with the retirement of Councillor R. W. [illegible] there was need on the council for someone with a knowledge of steam boilers and it was felt that I could be of some use in this way. I have also been interested in the progress of Vermilion and have demonstrated this by working [illegible] on the Board of Trade and in the field of sport particularly hockey.

I am quite prepared to work to the [illegible] of my ability for the welfare of the ratepayers and Vermilion.

Thomas A. [illegible]

OTTAWA — All style restrictions on the manufacture of women's misses' and children's clothes have now been removed the W.P.T.B. has announced.

With this step the last control over styles of all men's women's and children's clothing has now been eliminated.

Introduced early in the war to conserve material and labor, the controls restricted such things as length and sweep of dresses, specified measurements and eliminated lined skirts, cuttaway [illegible], evening gowns and other types of clothing considered unessential.

In 1945 all style restrictions on men's clothing were removed and practically all those prohibiting the manufacture of such things as bridal gowns, evening and dinner dresses, pleated back or Norfolk style jackets

THE STANDARD
VERMILION - - ALBERTA

Vermilion, Alberta, February 6, 1947.

Cut Off Date Extended

Owing to extremely cold weather of the past two weeks the cut off date on January subscriptions has been extended to February 15th.

Quiet Annual Meeting

The annual meeting of the ratepayers of the town of Vermilion held last Friday night in the Masonic hall and attended by 31 men and 2 ladies, was a very quiet affair, producing nothing in the way of fireworks, or criticism of the manner in which the affairs of the town, school district or hospital district have been handled during the past year.

E. G. Urquhart was moved to the chair and handled the meeting in an exceptionally efficient manner while Ashley Cooper acted as secretary of the annual get-together. As the Standard devoted considerable space, time and expense in an exhaustive review of the financial statement and condition of Vermilion in the issue of last week, it is not the intention to go all over the same ground again in a detailed report of the meeting.

H. R. Parker dealt with hospital matters and all appears well there except for a slight hitch regarding the water and sewer agreement with the town.

Chairman Don Taylor of the local school board covered educational matters noting that the trust fund balance had increased some $3000 during the first year of inclusion in the large division. The agreement with the large division seemed to be working quite satisfactorily and should result in better educational facilities for town and district children alike. One year was too short a time to judge this. Chairman Taylor mentioned overcrowding and the school division board was being asked to erect an intermediate school here in connection with the present high school.

For the town the chairmen of the various committees were called upon and reviewed the activities of their departments in quite capable manners, with Secretary J.J. Part filling in for Councillor L. S. Dawson who was absent.

Mayor Morrison gave a general review of the work of the past year and what progress could be expected during 1947. In regard to waterworks given a favorable season and plenty of material, completion of water and sewer should be seen by the fall.

John Wiebe, superintendent of the power plant gave an interesting report and the Standard intends to deal with this quite fully in a subsequent issue of the paper.

George Martin asked several questions and appealed to the town to do something towards providing additional barn space for farmers' horses.

Dr. King was interested in some fact finding about the power plant and rates of same, also as to availability of supplies for the installation of water and sewer in the homes of Vermilion.

Principals F.H. Walker and W. G. Hay gave a detailed report of the attendance at their schools. Mr. Hay also drew attention to the overcrowded condition of the high school and to the lack of assembly hall and gymnasium.

Judging from all reports, the various bodies have completed a busy but successful year, everything is cleared away so that water and sewer should be a reality during 1947, but the council did an enormous amount of work to accomplish this, no more difficult time to undertake such a project could have been chosen than the immediate post-war period. Taxes are likely to be higher for a year or two until there is sufficient income from the added services to cover the debenture payments.

The meeting ended with various votes of thanks to the mayor council, lors school trustees and hospital board members for their work of the past year.

OUR COMPLETE SHORT STORY—

IS SUMMER A FRAUD?

By J. W. GARRETT

LAUREEN curled up in the corner of the big sofa with the high back and hoped no one would find her. She had come over to the club to play ping-pong, and try to ease the pain in her heart. Of course, she hadn't really expected Cary Williams to make a rush for her front-door the minute he got home, but she had thought he would call her on the telephone. After all hadn't she written to him every day that he was overseas, and he to her? Laureen huddled lower into the depths of the sofa. Two of her friends had just entered the lobby, and she knew she was fit company for no one in her present state of mind. She had batted the ping-pong balls so hard that one of them had split; after that she had given it up.

"Where's Laureen? Anyone seen her?" The girls had come over and seated themselves on the other side of the sofa. Laureen held herself rigidly. They mustn't find her. Her face might be tear-stained. She wasn't sure that she had not been crying.

"Cary Williams is home," one of the girls said. "Guess she must be with him."

"Could be," the other replied, "but I saw her only a few minutes ago playing ping-pong."

"Oh," the first girl said. "But I [illegible] Cary [illegible] looking for her. He was [illegible] lobby asking for her."

Laureen felt her throat tighten [illegible] but her heart [illegible] to sing. She thought "Why [illegible] I can't be caught like this. Like a fish out of water! My nose must be red!"

After what seemed interminable hours, the girls on the other side of the sofa moved away. Laureen sighed. Now, for a dash to the powder-room and a quick repair job on her face. This was one time her make-up had to be smooth but definitely!

Laureen didn't hurry too much. No point in having Cary see her for the first time in months looking like the scarred battlefields he had just left. She combed her hair smoothly, making sure Cary's favorite curl was still true. Then she powdered her nose and made a neat outline of her mouth with lipstick. "Smile!" she said gaily. Life is about to begin again.

Back in the lounge Laureen cast a quick glance around it. No Cary. She shivered slightly. Were the girls right? Had Cary really come looking for her? Why had he come to the Club? Why not at her home? Then suddenly she saw him. Gay and handsome as ever. But not looking for her!

The quick surge of pride that she had felt on seeing him died suddenly. Cary was standing in the middle of a large group of people and a beautiful girl with snapping black eyes had a possessive hand on his arm. Laureen stood frozen to the spot. No one saw her. No one was even the slightest bit interested in her. She turned toward the door and slipped out of it.

Laureen walked all the way home. It was ten long blocks, but it could have been ten miles and that would have been too short. To think that [illegible] dreamed [illegible] hoped. She glanced at the profusion of summer flowers along the way and they looked like just so many blobs of color. Summer was a fraud! Summer was only in the heart and Laureen's heart was tightly encased in ice! She couldn't even feel it beat.

No one was at home. Laureen sat down on the porch swing and listened gloomily to its squeak. Something about the softness of the air and the comfort of the swing made her feel drowsy. She had walked a long way. And there was nothing to stay awake for ... nothing to live for.

"Laureen!" It was an excited masculine voice that shrieked her name, and she came awake all at once. "Where have you been?" Cary demanded. "Or is this the well-known run around I'm getting? First I come here. Your mother is so sorry, but you are at the club! Then I go there and everyone tells me the same thing. Laureen was here. We saw her a minute ago. Please explain!" Cary was mockingly angry, but his eyes were serious. "Well?"

"Oh, Cary, I ... I was there. I saw you but you were with a girl. You got home last night. Why didn't you call me?"

"I got home [illegible] hours ago [illegible] and I had to stop at the house." His flushed face told Laureen he hadn't [illegible] Cary [illegible] than a dozen [illegible] greeting [illegible] parents allowed.

"As for the girl," Cary went on, "I don't know who she was. Someone over there introduced us. But I didn't even remember her name. Guess I wasn't even listening."

Laureen's dimple came out and then suddenly disappeared. She had remembered something else. How did she look. Not very fetching to be [illegible] after [illegible] asleep in the swing. [illegible] appeared [illegible] said Cary quickly. "What is it, [illegible] Laureen? Are you ill?"

Laureen smiled. "No. Only I'd always planned on just how I would look [illegible] And look at me!" she wailed.

Cary let out a howl of laughter. "Is that all?" he said mischievously. "Well, I'll rumple your hair up a little more and then you'll look just gorgeous to me." He came over to the swing and sat down beside her.

"Cary! Isn't it wonderful!" Laureen said softly.

"What?" moving a little closer.

"Summer! It's everywhere. Haven't you noticed?"

[illegible] Now it's your turn to move over, Girl, come a little closer."

FOREST OUTLOOK FOR B.C. IS GOOD

VANCOUVER—The world demand for forest products from British Columbia should continue to be strong for some time—as in every other industry in Canada which must look to the export market to dispose of its production, E. P. Taylor, president of British Columbia Forest Products Limited, said here.

However, Mr. Taylor warned shareholders attending the first annual meeting of the company that future company operations must be planned to compete successfully in the world market when the present demand slackens. He forecasts strong competition from Russia, Finland and the Danubian countries.

Mongrel Dog Saves His Master's Life

TERRACE, B.C.—"Mike", a dog of uncertain pedigree, was a hero to his master, G. G. Mueller, who would likely have frozen or starved to death if it had not been for his mongrel companion.

Mueller was pinned down by the boughs of a falling tree while working in the woods, and "Mike" set to work to free him. He clawed at the snow until he had made a hole large enough for his master to crawl out.

A STATEMENT OF POLICY
by
GENERAL MOTORS DEALERS
handling
CHEVROLET • OLDSMOBILE • PONTIAC • BUICK
CHEVROLET and GMC TRUCKS

Today, as never before, there rests with every merchant an obligation both to his customers and to the common good . . . an obligation to justify confidence and goodwill and to co-operate unreservedly in the maintenance of a stable economy. We, General Motors dealers in this community, recognizing these obligations, will continue, in all our business dealings, to adhere to the following principles:

- We will sell all New and Used Cars and Trucks at not more than the authorized prices.
- We will do our best, under present conditions, to allocate all the New Passenger Cars and Trucks we receive, on the fairest possible basis, with special consideration to any Veteran of World War II who may require a car with special controls; to practising Physicians and Surgeons, and others whose urgent need is apparent.
- We will make allowances based on an honest appraisal and a fair valuation to purchasers who have cars or trucks to trade.
- We will give purchasers the benefit of those accessories which are available, but delivery of a new car or truck will not be conditional upon the acceptance of accessories other than those desired.
- We will charge only equitable prices for parts, accessories and services, and when requested will gladly provide advance estimates for the benefit of the customer.
- We will, at all times, strive to serve our customers' needs — with efficiency, fairness and courtesy.

Local School Board Holds Regular Meeting

C. W. Robinson Resigns as Secretary —Succeeded by D. R. Mitchell

ASK PRESERVATION OF SCHOOL PLAYGROUND

The regular monthly meeting of the trustees of the Vermilion Centre S.D. 1446 was held in the council chamber, town hall, on Tuesday Jan. 21 at 8 p.m. with Trustees Carman Long, Ashley Cooper, Jack Reid and Jas. Adam and Chairman Don Taylor in attendance.

Principals Hay and Walker were [illegible] gave reports for their [illegible] for December.

Minutes of the last meeting were read and adopted as read.

Letter from Mr. C. W. Robinson tendering his resignation as secretary of the Vermilion Centre S.D. was read.

Moved by Tr. Reid-Cooper that resignation of C.W. Robinson be accepted with great regret and that new secretary be instructed to write Mr. Robinson expressing the appreciation of the board for his long and valuable service.

Moved by Tr. Long that D. R. Mitchell be appointed secretary of the Vermilion Centre S.D. with an honorarium of $25 per year.

Mr J. R. Robson was in attendance and advised that the Board of Vermilion School Div. had received the resignation of Mr. J. T. Thorburn as teacher in the Vermilion intermediate school.

Monthly accounts were reviewed and approved.

Mr. Robson submitted the financial statement of the Vermilion Centre S.D for calendar year 1946 which was discussed quite thoroughly.

Moved by Tr. Long that this board recommend to the Board of the Vermilion School Division that insurance on school buildings be increased by enough to take care of the increase in valuation, namely, in the sum of $30,000 on high school, $30,000 on public school and $1,000 on the old school.

Letter from Town Council was read informing the board of intention of council to open Blk. 21 now used as public school playground, for sale to the public.

Tr. Cooper moved that a reply be forwarded to the town council stating that, according to information [illegible] by the teachers, all of the [illegible] now being utilized as playgrounds at the public school are absolutely essential therefore until such time as the town can supply an equal area to the immediate east of the present school grounds, this board is of the opinion that the north half of Blk. 21 be reserved for school purposes.

Meeting then adjourned.

DEWBERRY

(This budget of news was received too late for last week's Standard.)

As long as you can satisfy half of the people half of the time you can keep peace in [illegible] is the case with the snow plowing of roads. Along comes one of these chinooks we have been having and presto—no sleighing which aggravates the horseman but pleases the motorist. Dewberry roads are being kept open between all towns and all the school bus routes.

Many Dewberry people have been taking advantage of the open road to Vermilion for extra pleasure and to take in the Vermilion hockey games.

In the line of sport we find two rinks skipped by Vic Dennll and Ole Sandon missing the bacon at [illegible] Point bonspiel while a rink skipped by Neil Jones aided by Fred and Don Braithwaite and Alf Redman doing well in the Calgary spiel.

On Sunday last Marwayne Juniors set back the Dewberry Juniors to the tune of 6-2 in a hockey tilt. Although without the services of two of its star players the Dewberry Seniors will be in Vermilion for the hockey tournament there.

Picture shows are again being held regularly on Friday nights in the Dewberry hall. A form of entertainment we welcome very much for those who are unable to take part in other sports.

Wildmere Winks

(The Editor regrets that this news bulletin was crowded out last week but is reproduced in full in this issue. Due allowance should be made for the time elapsed.)

We wish all our sick friends at home and in the hospital a speedy recovery to health. Mr. Fred Arthur, Mrs. Brooks, Mrs Kirk, Mrs. Evans, Mr. Little and our little niece Peggy are all patients in the hospital. May they soon be well and able to be home again. Peggy was ill for nearly a week and had to be taken last Thursday by team and sleigh four miles west to Mr. Dave Brown's who kindly took her to town by car. She underwent an operation for appendicitis that same afternoon, we are very pleased to say at time of writing she is doing just splendidly.

The road maintainer with a snow plow in front opened up our road from town on Friday. The man stayed overnight at the A. Smith home and returned to town on Saturday. It is a [illegible] road now. When Earle Cooke opens up a road it's really well done you may be sure. Earl said he should have the bull dozer to buck some of the deep hard snow banks.

Of the four teams curling at our local rink, Billie Smith's is ahead with Adam Smith and [illegible] Cruthers tied for second place with Bob Martin the trailing rink, up to last Saturday's games. There are still a few weeks to go so anything may happen yet.

Everett Isley of Triangle is still up in Edmonton where he went for a medical check-up. His wife went to the city last week to see him.

Congrats to one of our former neighbors of Basswood, who now lives in Cloverdale, B.C., Mrs. Harold Locke (nee Mary Gilholme) on the birth of a daughter Joan Beverly on Jan. 14th. Mary was married overseas to a boy from B.C. in Sept. 191[illegible]. When they both got their discharge they settled at Cloverdale, B.C.

Jack Schaumloffel and family of Turkey Hill district visited on Sunday at Mr. and Mrs. [illegible] Osterberg's home, Wildmere.

Billie and Adam Smith very kindly helped Jimmie and Laurence put Jimmie's new rubber tires on his John Deere tractor—Just watch the speed around Wallington's next spring folks!

Bud Bathe is at present out at his farm home for awhile.

Our weather took a turn for the worse these last few days but just look at the storms they've had in Saskatchewan and Manitoba. We still have a lot to be thankful for even with our cold weather.

Lindy Padden was a town visitor on Saturday, going in for a medical check up.

We are pleased with the new column that "Pick" writes for the Standard. Keep up the good work.

Cliff Cruthers had a nice family of baby pigs arrive last Friday, 12 were still alive last we heard. They should make bacon for Britain early next fall.

$3,500 LIFE INSURANCE

The average Canadian household owns about $3,500 of life insurance and the average individual policy holders of which there are close to 4.5 millions) has almost $2,500 reports The Financial Post.

During 1946 the companies distributed to Canadian policyholders and their beneficiaries, about $165 millions the greater part of which went to living policyholders.

Canada's Export Trade Rising To New Records

OTTAWA.—Canada's export trade, which fell off sharply after the war with discontinuance of munitions shipments and lack of shipping, is rolling up new peacetime records, Trade Minister MacKinnon announced.

During 1946, the minister announced, the Dominion's exports rose to a total value of $2,312,000,000, or more than 2½ times as great as the five-year pre-war average from 1935-39.

"It's encouraging to note that despite the elimination of these war goods from our export trade," Mr MacKinnon said, "the volume of peacetime commodities has been maintained at a high enough level to ensure full employment in Canada's great but vulnerable export industries."

The two principal groups on the receiving end of Canadian shipments last year were the United States and the United Kingdom, Canada's best trading customers ever since confederation. Exports to the United States were valued at $888,000,000, half of which represented Canadian forestry products with newsprint the largest single item. Agricultural products and base metals made up much of the remainder.

To the United Kingdom during 1946 Canada exported goods valued at $597,000,000, financed in part from proceeds of the Canadian loan. Food products represented two-thirds of these exports.

Top export items were newsprint valued at $265,800,000, wheat, $250,300,000, wheat flour, $136,700,000; planks and boards, $125,400,000, woodpulp, $114,600,000, fish, $86,500,000, automobiles, trucks and parts, $78,300,000, bacon and ham, $66,400,000, aluminum, $56,600,000, and nickel $55,300,000.

ALLIES BAN NEWS OF NAZI LEADERS

NUERNBERG — The allies have determined to wash the names of Hitler's leaders out of print and their deeds out of mind so they never can contribute to new German legends, it has been learned.

This policy has been adopted by the allied control council in Berlin for Nazi leaders generally and specifically for the seven Nazis who were convicted with Hermann Goering, Joachim Von Ribbentrop and others but were given only jail terms.

They are Admirals Eric Raeder, life imprisonment, and Karl Doenitz, 10 years; Walter Funk, banker, life; diplomat Constantin Von Neurath, 15 years; munitions maker Albert Speer, 20 years; youth leader Baldur Von Schirach, 20 years; and deputy Fuehrer Rudolf Hess, life.

The order is that no news of any of the seven ever is to be divulged—that all their actions and comments are to be secret. The secrecy was believed advocated by the Soviet spokesman in Berlin since the Russians have long felt the best way for the people to forget any individual is by silence.

The Russians never have disclosed what they found in Hitler's Berlin bunker or whether they ever had the body. They never have said Hitler [illegible].

BRITAIN FROWNS ON SUNDAY SOCCER

LONDON.—The possibility of Sunday football in Britain is about as bright as Sabbath horse racing in Canada. The Football association, ruling body of the sport, not only frowns upon Sunday soccer, it refuses to discuss it.

[illegible] during the war because men in the services often could play only on Sundays. Long hours in industry had the same effect and Sunday sport became respectable.

With the end of the war the F.A. returned to normal. Any player found playing Sunday football is liable to be banned for life from competition under F.A. jurisdiction.

LONDON AUTHORITIES HAVE NEW PROBLEM

LONDON.—Desperate Londoners [illegible] by the housing shortage to buying surplus invasion craft and converting them into homes on the Thames now face tightening government regulations for their floating homes. London authorities are gravely concerned over the lack of ventilation and sanitation in some of the converted landing craft and torpedo boats. As a result legislation regulating living conditions in houseboats is to be introduced in the near future.

HEADS COMMITTEE

LAKE SUCCESS, N.Y.—Mrs. Franklin D. Roosevelt was elected chairman of the United Nations human rights commission as it began a long task looking toward establishment of machinery to safeguard fundamental freedoms throughout the world.

10-1 LEAD FOR HIS PARTY—Returns from Poland's first post-war election gave a 10-1 lead for the Communist-dominated government party under Premier Morawski (above). Announcement of the final results will be made Jan. 31. Polling was reported orderly, and returns heavy. Stanislau Mikolajczyk, leader of the Polish Peasant party, announced he would contest the election on the grounds that it was not "free and unfettered".

Call Conference To Stabilize Wheat Prices

WASHINGTON—The international wheat council called a conference to draft an agreement stabilizing wheat prices and supplies and dividing the world market. It will be held in London beginning March 6.

The council is an agency composed of major wheat producing and importing countries. It was created before the war in a move to deal with chronic surpluses which plagued producers in such major exporting countries as the United States, Canada, Argentina and Australia.

A tentative agreement was drafted at that time, but it was abandoned when the war eliminated the surplus problem.

An inter-government agreement to deal with surpluses of wheat and other farm products was recommended recently by the United Nations preparatory commission on proposals for improving world nutrition and stabilizing farm income.

The London meeting is expected to consider the commission's proposal that future international commodity agreements provide for disposing of surpluses to undernourished areas at cut-rate prices.

The United States, Canada and Australia have expressed interest in such a program. In its report the commission said these countries can produce wheat efficiently and in large quantities and dislike the idea of restricting future production.

The commission also recommended that wheat and other commodity agreements provide for special famine stockpiles and other reserves. Buying for and selling from them [illegible] to stabilize prices at [illegible] fair to consumers and producers alike.

The London conference also is expected to consider other commission recommendations that a wheat agreement provide maximum and minimum prices in world export markets and that such an agreement be made for a five-year period with provision for extension.

Members of the wheat council include Canada, the United Kingdom, Argentina, Australia, Belgium, Brazil, China, Denmark, France, India, Italy, the Netherlands and the United States.

OTTAWA.—Trade Minister MacKinnon welcomed the announcement from Washington that the international wheat council had called a conference in London and said the Canadian government had been advocating such a step since the end of the war.

For the last year and a half, he said in a statement, the international wheat council had been developing a sufficient consensus among the principal wheat exporting and importing countries to warrant the calling of an international conference on wheat with reasonable prospects for its success, he said.

SHORTAGE OF TEACHERS

EDMONTON.—Canada has a shortage of approximately 7,000 qualified teachers, Dr. C. E. Phillips of Toronto, executive secretary of the Canadian education association said in an interview here. Dr. Phillips said surveys of teacher-training institutions conducted in recent weeks indicate that the shortage will be about 8,000 in three years.

SAW LINCOLN

GETTYSBURG, Pa.—Mrs. Amanda Homan, 102, who saw Abraham Lincoln as he rode on a horse to the Gettysburg battlefield to deliver his famous Civil War speech, died at her home [illegible].

The maximum length of the Amazon River is given as 4,000 miles and with its tributaries, is said to possess 30,000 miles of navigable waterways.

United States Withdraws Marines From China's Civil War Area

—Eases U.S.-Soviet Tension

WASHINGTON. — Secretary of State George C. Marshall abandoned hope of peacefully mediating China's civil war and gave the signal to yank all U.S. marines from the war-torn country.

His decision has the immediate effect of letting both Chiang Kai-Shek's Nationalist government and the Chinese Communists "stew in their own juice."

His long-range strategy is that withdrawal of all American "good offices" may cause both sides to recede from their uncompromising attitudes.

Immediate effect of the move will be:

1. "Return home orders" for an estimated 10,000 marines and about 2,000 U.S. army officers at the executive headquarters which was established by Marshall to maintain the truce he negotiated a year ago.

2. Possible resignation of Ambassador J. Leighton Stuart, who was selected earlier this year because of his many years in the Orient and his long experience as a mediator with Chinese factions.

Recall of the marines will ease increasing tension between the United States and Soviet Russia in that area. Soviet propagandists and officials for months have denounced the presence of the U.S. leathernecks. Russia withdrew her troops from Manchuria last spring.

CANADA TO REVISE RULES ON SECURITIES

OTTAWA.—The foreign exchange control board has taken further steps to prevent the flow of U.S. dollar resources out of Canada and back into the United States.

The board announced that it had revised the rules governing trading on outside security markets of Canadian securities payable in United States funds. The ruling affects securities which mature or have their earliest call date within three years.

Effective immediately, the board said, permits will be granted to residents of Canada for the sale of such securities on outside markets only if the U.S. funds resulting from the sale are sold to a bank in Canada, or simultaneously reinvested in other Canadian foreign security of equally short maturity. Up to the present it has been permissible to reinvest the proceeds from such sales in United States securities.

FENCE-JUMPING OF CHINESE GENERAL

NANKING.—It could happen only in China.

Gen. Ho Peng-Chu, who has been commanding 50,000 Chinese Communist troops in their battles against government forces along the critical Kiangsu-Shantung border decided it was not a satisfactory way of life so now he is commanding a government army instead. Same troops too.

The official central news agency reported the switch with high supporting detail. General Ho's latest fence-jumping is his [illegible] swap, the government agency related.

During the war, the former Nationalist government militarist became commander of Chinese puppet anti-government, pro-Japanese troops in the Hsuchow-Haichow area. After Japan's surrender, he reappeared, beaming as a government army officer.

ZARUBIN NEW RUSSIAN AMBASSADOR TO BRITAIN—Soviet ambassador at Ottawa during spy probe, Georgi Nikolayevich Zarubin, was cleared of any connection with spies. New ambassador to London Zarubin arriving with wife and son will first deal with complaint to British foreign office against Pravda.

Cubans Demonstrate Against Franco, Urge Break With Spain

Already agitated over the [illegible] Havana students demonstrated in front of the palace of President Grau San Martin as shown here. They are angry with Spain's Franco. They threw rotten eggs at a Spanish film and urged a break with Franco when a Cuban was executed in Spain.

DECREES STATE EMERGENCY — State of emergency in Port of Spain was extended to the whole Trinidad colony recently by Governor Bede Clifford, shown here, following a clash between oilfield workers and police. Rioters tried to rush the colonial administrative buildings and were charged by police using tear gas and batons.

Britain To Grant Burma Independence

LONDON.—Britain announced agreement with the Burmese to grant virtual independence immediately to that Asiatic land of 17,000,000 persons and ordered the creation of an interim government to administer its affairs while a new constitution is being written.

Winston Churchill, leader of the opposition at once demanded and received a promise for an early debate on what he called "this fateful transaction."

Identical statements announcing the decision to free the 262,000 square miles of Burma from British rule were made in the house of commons and the house of lords by Prime Minister Attlee and Lord Pethick Lawrence, secretary of state for India.

Additional details of the agreement reached during two weeks of discussion here with a six-man delegation of Burmese nationalist leaders headed by U Aung San were disclosed in a white paper issued almost simultaneously.

Under the agreement Burma is given the right to decide whether to remain in the commonwealth as a British dominion or sever all ties.

An assembly to write a constitution will be elected in April and will be made up entirely of Burmese nationals.

While the constitution is being drafted Burma will be ruled by an interim government, a native executive council and a British governor, like that in India.

After the new constitution becomes effective the question of retention or use of British forces in Burma will be subject to agreement between the two countries.

GRAIN DISTRIBUTED FOR RELIEF OF GAME-BIRDS

MOOSE JAW.—Over a ton of [illegible] donated by several grain dealers of Moose Jaw has been distributed by the Moose Jaw area [illegible] R. O. [illegible], chairman of the feed committee, it was announced, for the relief of upland game birds which have suffered in the blizzards.

Mr. [illegible] has been assisted in the feed distribution by executive members of the league, J. A. Stephen and Chet Pascoe.

British Plan—

Import Grains To Produce Own Dairy Products

LONDON.—A cryptic remark made by Food Minister Strachey that "we hope to be able to import the right things for feeding pigs and poultry later" refers to the big prospective imports of feed grains. They will be by far the biggest since the outbreak of the war.

Strachey made the remark at a press conference in which he discussed phases of Britain's food problems.

His reference to later meant that a large part of the feed grain imports may [illegible] arrive until the fall. But the shipments [illegible] start [illegible]. It is authoritatively indicated here that the total quantity which it can be [illegible] will be found [illegible].

This is a good [illegible] for future supplies of [illegible] and whiskey. It is also good news for Denmark and the [illegible] European countries which [illegible] feed grain imports.

It is understood Britain's purchase of [illegible] Argentine wheat [illegible] now being [illegible] to be [illegible] by a still greater quantity of feed grain.

If the Argentine [illegible] would release [illegible] offals for livestock [illegible] white bread.

Feed grains [illegible] are [illegible] important [illegible] grain export [illegible] from the United States [illegible] to be announced. The United States has far more [illegible].

Feed grains [illegible] North America and Argentina are dear though not nearly so dear as wheat. But it is cheaper to import feed grains at almost any price than to import the meat, dairy products and eggs which they produce. Britain's shortage of [illegible] thus works in favor of buying more grains as soon as they can be bought.

PLANE FOR QUEEN SAFEST IN WORLD

WISLEY, Surrey, Eng.—The air ministry has taken the wraps off what was planned as the world's safest aircraft, a twin-engined Viking which will be used to carry the queen during the royal family's South African tour.

The plane is fitted with almost every air safety device known to the British aircraft industry. Of 3,300 horsepower it is one of four in the king's flight.

Four types of radar equipment for position fixing, beam approach and glide path communication, a radio compass and radio altimeter plus five channels of wireless communication, seat parachutes for every passenger, crash-proof fuel tanks reducing the fire risk in the event of a forced landing, specially strengthened crash-proof arm[illegible] in the royal saloon, [illegible] fitted in the engine nacelles along with automatic fire extinguishers.

Each plane has a pantry capable of turning out complete meals if necessary.

DENMARK NOT SELLING GREENLAND

COPENHAGEN.—Danish Foreign Minister Gustav Rasmussen [illegible] newspaper Politiken that it is an absurd idea that Denmark should be [illegible] selling Greenland to the United States.

"I have not participated in Danish-American talks to that effect mentioned by the newspaper Ekstrabladet," he said.

[illegible] Moeller, former foreign minister and other [illegible] political leaders told the [illegible] that the Danish people would not agree [illegible].

In Washington, state department [illegible] for the purchase of [illegible] have been [illegible] proposals [illegible].

U.S. PASSES MEASURE TO KEEP LUXURY TAX

WASHINGTON.—[illegible] Congress.

TO MOVE FROM PALESTINE

LONDON.—Colonial Secretary [illegible] British women and children might be removed from Palestine to protect them from terrorist violence. A concentration of British civilian personnel also is under active consideration, the colonial secretary announced.

"PICKINGS - by Pick"

Well — at least Vermilion is on the map, even if it is a weather map.

●

The intersection of two highways is always a dangerous spot at best but that danger is increased many fold when vision is reduced by thoughtlessly placing a gravel dump at the same spot. Such is the case on the South Side where Highway 16 intersects the Vermilion-Wainwright road. A more suitable spot for this stock-pile of gravel surely could readily be found by the provincial government. As it stands now both eastbound and southbound traffic travel with vision cut in half. Representations through proper channels should be made before this obstruction contributes to a serious — or any — accident.

●

The women curlers have done it again. Picked the coldest weather of the winter for their annual 'spiel. It never fails.

●

With a large percentage of spring water always flowing down Oliver Ave. (past the arena rink and tennis courts) when break-up time comes we wonder in what condition the drainage ditch is on the brow of the hill where the ditching crew worked until freeze-up. A few citizens may have running water before they figure.

■

Won't it be wonderful when chocolate bars become so common again that the various candy companies will renew the paint jobs on their signs about town.

■

At the conclusion of the final hockey game last winter the big doors on the west end of the rink were opened to permit easy exit of the crowd. We thought then that this would become regular procedure but instead we still have the usual jam squeezing and shoving through the small front opening while the big doors remain tightly barred. If it isn't asking too much how about "Opening the door, Richard".

Debates on Increased Educational Grants At Next Session

$36 Million for Liquor; $18 Million for Tobacco; $14 for Education

All the signs are pointing to a big debate on education while the Legislature is sitting. And all the signs indicate that the Minister of Education will say there is not enough money to give the school children a fair break.

Without criticizing anybody's personal tastes the Alberta Educational Council reports that the people of Alberta can find $36 million a year to pay for hard liquor, wines, beer and permits in a single year. According to the Alberta Educational Council they can find something like $18 million a year to pay for cigars, cigarettes and tobacco. So far they can only find $14 million to spend on educating their children.

It does not make sense. The Minister can give almost any argument he likes about the colleges of education, but the Educational Council asks him please not to say again that we haven't the money.

Bowtell Bulletin

Joe Payne spent a few days in the hospital last week but we are pleased to report that he is out and around [illegible]

The big drifts and cold days didn't stop Jim [illegible] for driving the school van to Islay. He hooked up four horses to the load and despite the 42 below never missed a day.

Mr and Mrs Knutson were recent visitors to Edmonton.

The writer received a long letter from Mrs R Gunn who is in hospital in Edmonton and who doesn't expect to be home for some months yet. Mrs Gunn is a former Bowtell teacher.

Mrs Perkins and children and Mr and Mrs B Williams were Sunday visitors at the Robinson home.

We wish to thank Mr Millar for bringing our mail etc during the recent bad cold spell.

After having placed an order two years ago Tom Sherwood is surely pleased to get a new W9 [illegible] tractor.

Quite a number Bowtellites have suffered from badly frosted toes and fingers but the worst case was that of Tommy Burkfort who froze a foot so badly that he couldn't walk for a few days.

The snow plow opened the old highway from town to Clandonald but at the time of writing the road from the gravel pit to Islay is still impassable for cars.

Hello Mrs. Jones.

Check that date on your label now

SIMPLY DELICIOUS! The Superb flavor of Maxwell House makes it the most popular of all brands of coffee. It has extra flavor because it contains choice Latin-American coffees.

House Buying Peak Is Past

The market for second-hand houses has reached and passed its peak, according to Clive H. Chattoe, Financial Post construction editor.

Prices and sales this winter have slipped more than seasonally Mr. Chattoe says and substantial downward movement can be expected next fall.

Warning!
Watch Your Chimney

During winter weather, ice forms on the tops of chimneys. This creates a hazard if the crust of ice is heavy enough to check free ventilation.

Users of both coal and gas would do well to look at the chimneys in their homes and make sure there is no interference with the draft. Anything that prevents the fumes of burnt coal or gas being carried off freely may cause serious trouble. If fumes are prevented from escaping into the air they are apt to seep out into the house and affect the people.

Ordinary care in tending winter fires is all that is usually needed to avoid accidents.

IF ANY HOUSES ARE TROUBLED WITH MOISTURE INSIDE, PLEASE NOTIFY YOUR GAS COMPANY.

Dewberry Rink Wins Seven Straight Games At Calgary Bonspiel

DEWBERRY NEWS

By winning seven straight games at the recent Calgary bonspiel, the Dewberry quartet comprised of Skip Fred Braithwaite, Neil Jones, Alf Redman and Don Braithwaite, won the first prize in the Gas Company event.

At the present time Dewberry has two rinks playing in the Edmonton bonspiel. These are skipped by Fred Braithwaite and Frank Bowman.

Dewberry mixed bonspiel will get underway next week with 30 rinks entered.

We are sorry to report the death of one of our good Riverton neighbors in the person of Mr. Silas Joy.

The Salisbury school which burned near Edmonton during the cold spell was taught by Mrs. J. Royds, the former Miss Edith Anderson of this district.

There was a small boy of Quebec
Who stood in snow up to his neck
I says is you friz
And he says Yes I is
But you don't call this cold in Quebec.

This young man must have had his places mixed a little judging by our temperatures of last week.

YOUTH FOR CHRIST

C.A.R.E. Will Send A Blanket Package To Europe for You

A new blanket package for three countries in Europe was recently announced by Paul Comly French, general manager of C.A.R.E., the Co-operative for American Remittances to Europe, Inc.

The C.A.R.E. blanket package contains two all-virgin wool blankets weighing 3½ lbs. each. They are U.S. Army surplus, made to Government specifications, olive-drab in color. The blankets are warm and closely woven, 64 by 84 inches, free of spots, mends and tears. Included in the parcel are pins, needles, thread and buttons, all unobtainable in Europe today, so that housewives may, if they wish, make blankets into warm garments.

The blanket packages cost just $10 including guaranteed delivery in Europe. Delivery is on the same basis as that established for C.A.R.E.'s famous food packages.

Canadians may order blanket or food packages through (Canadian) C.A.R.E., Ottawa, by sending the name and address of the recipient and a cheque or money order for $10 payable to (Canadian) C.A.R.E., [illegible] Sparks St., Ottawa.

Western Producer [illegible]

ISLAY

(This news bulletin was writ[illegible] last week's Standard and covers the period up to Jan 30th.)

Bonspiel time is here again and so is Mrs Bill McRae. She [illegible] week to play with the old pals at Vermilion bonspiel. Mr. McR[illegible] much better this winter.

Harry Young has been holi[illegible] at Calgary and southern points [illegible]ing on old friends.

Miss Thelma Eberly is visiting [illegible] Annie Young. Thelma has [illegible] accepted at a Calgary hospital and enters this spring as a nurse in training.

Miss Marion Purvis [illegible] Royal Alex in Edmonton [illegible] training in the spring class. W[illegible] Riley, one time of Islay, will graduate just as Marion goes in.

Miss Joyce Trevithick, teacher at Deer Lake visited Mr and Mrs Ed McFadyen over the week end.

Mr and Mrs. Proudlove (nee Violet Beck) are visiting at the Beck home.

Congratulations are due to Mr and Mrs Dalton Torrance on the birth of a daughter on Sunday.

Raymond Buchanan returned home after an operation for appendicitis [illegible] the University hospital, Edmonton. Raymond was some years in the air force.

February 21st is World Day of Prayer. Will the ladies keep this in mind and keep that afternoon [illegible]

IN MEMORIAM

In loving memory of mother
Mrs. Ray Whitlock
who passed away Feb. 8th, 1946.

"Peacefully sleeping, resting at last,
The world's weary troubles and trials are past
In silence she suffered, in patience she bore,
Till God called her home, to suffer no more."

—Ever remembered by Willie, Ethel and children. Wm. Whitlock.

IN MEMORIAM

In loving memory of our dear mother, grandmother, and wife,
Nora De Ford
—who passed away Feb. 4th, 1945.

"Many a day your name is spoken,
Many an hour you are in our thoughts,
A link in our family chain is broken,
You have gone from our home,
But not from our hearts."

—In fond remembrance from your loving daughters, grandchildren and husband.

IN MEMORIAM

In loving memory of our dear sister
Nora De Ford
—who passed away Feb. 4th, 1945.

"Two years have passed since that sad day
When one we loved was called away.
God took her home it was His will,
But in our hearts she liveth still."

—Ever remembered by Sister Sylvia and family.

IN MEMORIAM

In loving memory of
Joan Howson
—who passed away suddenly Feb. 6th, 1936, in her seventh year

A bud that the Gardener gave us
A pure and lovely child
He gave her in your keeping
To cherish undefiled,
But just as it was opening
To the glory of the day
Down came the Heavenly Gardener
And took our flower away.

—Ever remembered by Mum, Dad Sister and Brother, 10833-72 ave., Edmonton.

Don Graham

EVERYBODY'S
BUSINESS

Three of us, local boys, were congratulating a fine old lady on reaching her [illegible] birthday in good health and excellent spirits. Her son Tom, an old school mate of ours, who is now an important Life Insurance executive, had come home to celebrate with her.

In talking about Tom's recent promotion, his mother said to us: "Tom has made good in the same way that you boys have made good right here by hard work, just as the boys and girls will do who are coming along to take your places."

Men who work their way up in Life Insurance get to know how people earn and save, how they live, and what they are aiming at. They know there should be a Life Insurance safeguard for every risk, to enable earners to do their best, free from worry. They are specialists in making progress with safety.

Life Insurance is a business built for everybody, a great enterprise which protects the future of more than four million policyholders and their loved ones. Life Insurance offers a systematic and easy way to save. Consult an authorized agent about a plan best suited to your requirements.

ALSIKE CLOVER

Production of alsike clover seed in Canada in 1946 was 7,712,000 pounds, 2,050,000 less than in 1945 and was not enough to meet both domestic and export demands. Canada is the chief exporting country of alsike clover seed this season, when world requirements exceed supply by a considerable margin. The potential export demand for this seed would appear to justify increased production in 1947.

Elderly Couple Honored For Rescuing Five From Drowning

PITTSBURGH.—A Canadian man and his wife who saved five persons from drowning in the stormy waters of Prince Rupert Bay in November, 1945, were honored by the Carnegie Hero Foundation.

Frederick M. Joyce, who never before had piloted his cabin-cruiser, rescued two boys and three men who were clinging to a capsized rowboat a thousand feet from shore.

The 70-year-old Joyce was guided through the darkness by his wife Alma [illegible] Joyce, 62, who directed the course with a flashlight.

With great difficulty Joyce manoeuvred the craft on the storm-tossed bay until he reached the rowboat. Mrs. Joyce tossed a line to one of the men.

The Joyces trod carefully along a narrow catwalk to rescue Derek G. Mason, 18, whom they seized by the clothing. The hazardous process was repeated four times to make the rescue complete.

The Joyces, who live at 375 Kingsway, Vancouver, B.C., were presented with bronze medals by the Commission.

The term 'welterweight' is used in horse racing as well as in boxing, being a weight of 28 pounds sometimes imposed for handicap. 2716

One Youngster Who Has No Illusions

It was one of those cold, frosty days. Mrs. C. M. Howard, kindergarten teacher, in Omaha, Neb., tried to be enthusiastic.

"Now we are all going to the windows," she told the class, "and see what jack frost did last night—how he painted all the shrubs, trees, bushes and blades of grass."

"Mrs. Howard", interrupted John Hepdinger, aged five.

"Yes?"

"Mrs. Howard, that's all caused by the warm air currents coming in contact with the cold currents. Then the moisture condenses and leaves those ice crystals on the bushes. There ain't no jack frost."

Whale Loses Battle With Sea Vultures

MANTEO, N.C.—Coast guardsmen who rushed through fog and rough seas to the rescue of what was first reported to be an "overturned ship with survivors clinging to it" were given ringside seats to a losing battle by a monster whale against a flock of sea vultures.

The whale, described by coast guardsmen as the largest ever sighted off this section's shores, was wallowing in shallow water, helpless to defend itself against the flesh-ripping beaks of the huge birds.

The black swallower fish can swallow fish two or three times its own size.

Alberta Farmers Win Barley Awards

PROVINCIAL WINNERS—Cheques totalling $1,000 were presented to these four Alberta farmers Jan. 24th, as prizes in the $25,000 National Barley contest sponsored by the Brewing and Malting Industries of Canada. In each province there were four provincial winners. The 1st prize, $400, was won by George W. Johnson, Sylvan Lake, bottom row, left. At right, bottom, is Ted Castavant, Legal, who placed second and was awarded $200. Louis St. Arnaud, Vimy, top row, left, won third prize of $300 and Ray Niemela, top right, was fourth and received $100. The four provincial winners were picked from 25 regional winners and they still have a chance to place in the inter-provincial contest which carries four cash prizes of $1,000, $500, $300 and $200. The inter-provincial awards will be made at the Manitoba Winter fair to be held at Brandon the week of March 31st. Presentation of cheques to the Alberta winners was made at a banquet at the Palliser hotel, Calgary, tendered by the Alberta Brewers' Assoc.

Chatsworth Chatter

(This news bulletin was crowded out last week and covers up to Jan. [illegible] Due allowance should be made for time elapsed.)

The Ottawa road was opened on Friday 24th by Orie Hutchinson and most folks got out to town that day. E. Thompson and J. Panter have each built snowplows so that they can get out to the main road. The municipal snowplow came east past Joe Farkash's on Saturday 25th.

J. R. Thompson suffered an injured right arm recently when he was thrown from the top of a load of hay as the team bolted. He has been under the doctor's care for the past 3 weeks.

Mrs. Matt Farkash is also on the sick list and is a patient in the local hospital.

Ben Pich came home from the hospital on Monday the 27th after having undergone an operation for appendicitis.

Michael Farkash has returned home after spending a three weeks holiday visiting points in Alberta and at the Pacific coast.

The January meeting of the Chatsworth A.F.U. was held at Jim Thomson's house on Friday 17th with 17 members in attendance. M. Tovell and R. Good, delegates to the recent convention held in Edmonton, gave their reports. Officials for the coming year were elected and a good deal of discussion took place re new bacon contract with Britain, wheat agreement etc. The next meeting is to be called when and if weather and roads permit. Members will be notified.

We agree with "A King Edward Subscriber" that a community without any community spirit might as well be dead, and we believe that the heading could read "Lost one community spirit [illegible] please return to any district." For today most folks look to the town for their amusement and entertainment. There is very little life in any rural district today because folks are all too busy (or too short-sighted) to see the opportunities in their own districts. It is [illegible] that there's nothing won without working for it, but it all helps. It would be easy to make a live community.

USED CAR, TRUCK PRICES ARE INCREASED

OTTAWA.—Maximum selling prices for used cars and trucks increased by approximately 10% and 7% respectively, effective Jan. 30th, the WPTB announced.

MORRISON NEWS

(Crowded out last week)

A very enjoyable evening was spent at the school Friday Jan. 24. It was well attended in spite of the bad roads and receipts were over $25. Mrs. Jenkins little grandson at the coast was the lucky winner of the cake.

Mr and Mrs Dowser and family were dinner guests at the home of Laurence and Chrissie Gould on Sunday Jan. 26.

Mrs. Giles and Betty went to Edmonton over the week end of Jan 25 and 26 where they visited Mrs. Gunn and report she is doing very well.

Nice mild weather was being enjoyed, the men were all very busy, woodsawing, hauling grain to town and opening up the side roads when—bingo, the extremely cold weather swept in, the roads filled up again, and the cold wave continued. Never mind, spring must be coming — the [illegible] daffodils and tulips in bowl in the house of course.

Sixteen Years Ago To-day

Interesting Items Gleaned from the Files of The Vermilion Standard
16 YEARS AGO TODAY — 1930

Feb. 5, 1931

All public offices for the town of Vermilion were filled by acclamation. Mayor W. A. Fallow goes back for another 2 year term, as do also councillors Ed Corley and J. Warren. [illegible] replaces Ray Norton. [illegible] G. Morrison and Dr. W. H. [illegible] the two retiring school trustees are back on the board. The council for 1931 is Mayor Fallow, Councillors Fred Long, Percy M[illegible], Ed Corley, J. W[illegible] school board [illegible] S.R.P. Cooper, Mrs. Brimacombe, W. P. Cash [illegible]

[illegible]

Thirty-two Years Ago Today

Feb. 3, 1915

A coal war is on in town with the result that cheap coal is now available. $3.50 per ton for triple screened lump coal delivered at your bin.

Little Miss Franklin Armstrong of the Borradaile district celebrated her birthday on Sunday Jan. 31 with a jolly party. Those present were grandpa McGill, Mrs. Walker, Eva McClellan, Edna Newcombe, Elsie Read, Winnie and Elsie McGinnis and E. B. Abercrombie.

Pleasant Valley hockey team [illegible] feated Islay by a score of 9-1. The Pleasant Valley line up was: H. A. Searle, J. Fraser, R. Cameron, W. Archer, [illegible] Marriott, R. Gilchrist, A. [illegible] Islay had [illegible] W. Patton, [illegible] Moore, H. Patton.

Delightful weather [illegible] joyed all week.

Four hundred and twenty people by actual count assembled in the Royal George theatre to enjoy the second sacred concert rendered by the Vermilion band society.

Canada's Navy

DURING THE WAR the Royal Canadian Navy [illegible] a high place [illegible] [illegible] naval [illegible] the Navy [illegible] far from the [illegible] and ratings have already [illegible] averaging [illegible] being accepted.

* * *

We Now Have A Modern Fleet

The report from Naval headquarters also drew attention to the fact that we now have a modern fleet which includes aircraft carrier [illegible] frigates and Algerine escort vessels. A second aircraft carrier will be added to the Navy at the end of 1947. Canada's first aircraft carrier is the H.M.C.S. Warrior which was commissioned at Belfast, Ireland, over a year ago. The Warrior recently completed a six weeks training cruise from Halifax to her winter base at Esquimalt. H[illegible] but one of many training cruises which have been taken by vessels of the Royal Canadian Navy since the end of the war. These cruises not only provide training for their crews, but in some cases serve also to cement goodwill between Canada and the neighboring countries [illegible]

* * *

Conversion To Needs Of Peace

[illegible] Navy headquarters report [illegible] of various departments of the Navy to peacetime requirements, and to the inauguration of a new training program afloat and ashore. Naval bases at Halifax and Esquimalt, B.C., are being converted to meet the needs of the new training program, and in addition there are a number of inland stations with what are described as unequalled training facilities. In all there are nineteen Naval divisions across Canada where it is expected that 13,000 reserve personnel will receive training. These are only a few of the many interesting facts given in the annual report issued from Naval headquarters, but they outline some of the duties which occupy Canada's growing Navy in time of peace.

Financial Benefits For Unemployed Increased

Sixty thousand people in Britain will benefit from the new regulations regarding unemployment pay just published by the Minister of National Insurance. Benefits are not normally payable for more than 6 months and the Government have now decided to [illegible] this statutory period for those who [illegible] that they will be entitled to extended assistance owing to age, physical disability, or other special difficulties. The new regulations are actually in anticipation of provisions contained in the National [illegible] Act which has not come into full operation [illegible] 1948.

Eruption of Krakatoa in the Malay Archipelago in 1883 hurled a cubic mile of rock more than 17 miles into the air.

When your BACK ACHES...
Backache is often caused by lazy kidney action. When kidneys get out of order excess acids and poisons remain in the system. Then backache, headache, rheumatic pain, disturbed rest or that "tired out" feeling may soon follow. To help keep your kidneys working properly—use Dodd's Kidney Pills. Time-tested, popular, safe, non-habit-forming. Demand Dodd's Kidney Pills, in the blue box with the red band. Sold everywhere.

Get Relief From Piles
This Amazingly Easy Way
[illegible]

BIG DIFFERENCE IN METHOD OF PLAY

W. L. Clarke, in the Windsor Star says: Little boys in Europe play with drums and guns and they march and parade.

Little boys in Canada and the United States play with hockey sticks and baseball bats and they have spirited battles on the rinks and diamonds.

That's the difference. Over there the children are brought up to think that sooner or later they are going to have to fight a war against someone. Over here the children are brought up with the idea that life is supposed to be pleasant.

If that war idea could be driven out of the heads of the children over there, this world might have more [illegible] of peace.

British Papers Unable To Increase Size

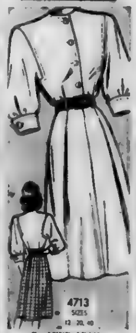
LONDON. — An increase in the newsprint ration to permit British newspapers to operate on a six-page basis will be impossible before July unless the supply situation changes, the trade paper Newspaper World said.

Newspaper World said Sir Stafford Cripps, president of the Board of Trade, had told a publisher's deputation that Canadian imports and estimated home production left a 57,000 ton gap between supply and consumption on a six-page basis.

No currency will be freed for further Scandinavian imports and Canadian manufacturers are not expected to be able to increase shipments, Sir Stafford said.

The trade paper said a position could arise where newspaper sales might have to be pegged again to avoid an increase in sizes.

Fashions



4713 SIZES 12-20, 40

By ANNE ADAMS

Smart New Classic

Looking for smart new details in a classic? Note these in Pattern 4713: squared-off lower armhole, deep cuffs, soft skirt pleats. Use all one fabric or contrast!

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions.

Pattern 4713 comes in sizes 12, 14, 16, 18, 20; 40. Size 16 takes 3⅝ yards 54-inch fabric.

Send twenty cents (20c) in coins (stamps cannot be accepted) for this pattern. Write plainly Size, Name, Address and Style Number and send orders to Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermot Ave. E., Winnipeg, Man.

Boy Receives Artificial Legs From Neighbors

BIRMINGHAM, England. — Sixteen-year-old John Rickards walked to school through a neighborhood with a heart [illegible] raised £1,000 [illegible] to pay for his two [illegible] legs.

Both John's legs were amputated after he was taken from under a bus a few yards from his home last April. His friends heard about it and got to work. They put their target high "to pay for the legs and to set aside a [illegible] nest egg for the brave little lad."

Nine months of dances, auctions, raffles and concerts saw the goal reached.

His mother said, "they have done more than a kindness; they have made John realize he can live like the other kiddies. Not once have they pitied him—they have encouraged him and coaxed him and made him so happy."

B.C. FAMILY HAS NEW HOUSEHOLD PET

Something new in the way of a household pet is the butterfly of Jack Todd of Saanich, B.C. The winged member of the family first made its appearance on December 15 and has been a permanent resident since. It flies around the living room during the daytime but spends its nights on [illegible] a green fern. It is fed [illegible] of honey every two or [illegible]

JUST TOO MANY

TORONTO. — Seventeen boys are too many for a six-passenger coupe to carry, Magistrate O. M. Martin ruled as he fined George McCullagh Jr. 16, $5 and costs for operating a car without having [illegible] management of the vehicle.

GEMS OF THOUGHT

SPIRITUAL JOY

The angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people. — Luke 2:10.

What happens in the Bible narrative [illegible] clearly and certainly and points out the way [illegible] to the attainment of [illegible] knowledge.

Who that has felt the loss of human peace has not gained stronger desires for spiritual joy? The aspiration after heavenly good comes even before we discover what belongs to wisdom and Love. — Mary Baker Eddy.

Happiness [illegible] rest upon each other; the best are not only the happiest, but the happiest are usually the best. — Bulwer.

The strength and the happiness of a man consists in finding out the way in which God is going and going in that way, too. — Henry Ward Beecher.

Every heart that has beat strong and cheerfully has left a hopeful impulse behind it in the world, and bettered the tradition of mankind. — Stevenson.

FUNNY and • • • • OTHERWISE

The English teacher asked for a sentence using the word "beans".

"We had beans for dinner," said one boy.

"My brother likes beans," added a second.

"We are all human beans," piped a third.

* * * *

Adam and Eve were naming the animals of the earth when along came a rhinoceros.

"What shall we call this one?" asked Adam.

"Let's call it a rhinoceros."

"But why a rhinoceros?"

"Well, because it looks more like a rhinoceros than anything we've named yet."

* * *

The lady of the house suspected one of her sons was paying attention to the attractive maid. Anxious to find out which one, she asked the girl: "Nora, suppose you had the opportunity to go to the movies with one of my sons, which one would you choose?"

"Well," replied the girl, "it's hard to say, for I've had grand times with both of them, but for a real frolicking spree give me the boss!"

* * * *

Murphy was paying 25 shillings a week board and lodging. One day his landlady said: "Pat, I'm afraid I shall have to charge you another two shillings. You're such a big eater."

"For Heaven's sake, don't do that," said Murphy. "I'm killing myself already tryin' to eat 25 shillin's' worth!"

* * * *

A sober, sincere minister was putting everything he had into a sermon on the evils of drinking.

"And in closing," he said, "I [illegible] say that if I had my way, all the wine, liquor and beer would be dumped into the river."

Then after a brief pause: "We will end our service by singing Shall We Gather at the River.'"

* * * *

Father didn't approve of a lot of things which happened these days; especially did he dislike the modern modes.

"Pah!" he snorted. "I don't know what the world's coming to. Let me tell you that your mother never dressed to catch a husband the way you girls do today."

But his daughter was ready for that one.

"No," she replied, "and look what she got!"

"I never heard such impudence in all my life. You have a lot of nerve to call yourself a lady's maid!"

"I don't call myself that now, ma'am, but I was a lady's maid before I got this job."

* * * *

Ken—You're a liar!

Johnny—Say that again and I'll bust your jaw!

Ken—Consider it said again.

Johnny—Consider your jaw busted.

* * * *

"I despise a hypocrite."

"So do I."

"Now, take Jackson, for example. He's the biggest hypocrite on earth."

"But you appear to be his best friend."

"Oh, yes, I try to appear friendly toward him. It pays better in the end."

Cattle in Britain Killed By Poison Gas

SHELLEY, Eng. — Farmers donned gas masks to rescue their cattle from grazing fields menaced by poison gas.

Thousands of poison gas bombs were stored in dumps between Shelley and Penistone by American troops during the war. They began leaking several weeks ago.

When cattle began to die from inhaling the fumes, the Denby council asked the ministry of supply to seek immediate removal of the bombs. The dump area is still marked with U.S. Army signs proclaiming: Deadly gas. Don't be a sucker.

Cold Weather Disrupts Sport Schedules

The extremely cold weather, snow and blocked roads have played havoc with the sports events scheduled for the past week or so. The Eastern Alberta hockey league game scheduled for Vermilion Monday evening had to be postponed and the rural hockey tourney with ten entries billed for Tuesday was put off until a later date.

Entries for the Mannville bonspiel close Saturday Feb. 8th at 6 p.m. The 'spiel commences Monday.

Local News of Interest

Mr. A. Lampitt of Marshall commenced teaching at the Intermediate school this week replacing Mr. Thorburn.

Mrs. L. R. Clovette and infant son William Douglas are visiting at the home of the former's parents, Mr. and Mrs. Charles Tubb at North Battleford.

Mrs. H. N. Stephens has been in Edmonton for the past week, a guest at the home of Mr. and Mrs. H. G. Baker. While there she attended the wedding of Mr. and Mrs. Baker's youngest son Donald, which took place on Friday of last week.

Del Meyer is in Edmonton this week taking part in the Edmonton bonspiel, a member of the rink skipped by Bart Keuffler.

Ken Rowe replaced Darrell Currah on the Bill Barr-Lloyd McFadden rink which is playing at the Edmonton 'spiel this week. The other member of the quartet is Mac Simonson.

Ven. W. Leversedge D.D., B. H. Buckingham and H. Evans are attending the Synod of the Edmonton Anglican diocese being held in the city this week.

John Maxwell has been a very popular fellow during the extremely cold weather, as during the noon hours he has been using his big school bus to pick up a load of west end children at the elementary school and drive them home, usually running them back again at 1 p.m. Thanks a lot Johnny.

Mr. and Mrs. Percy Willes and son Vernon attended the wedding in Calgary of Gerald William Steel, a nephew of Mr. Willes', and Edna Mary Wilderspin of Dunstable, England, which was solemnized at St. John's Anglican church, Jan. 22. The bride was given in marriage by her uncle Mr. B. Williams who lives at Victoria, B.C., and who is deputy mayor of that city. The wedding was a very beautiful one and the reception following was held at the Palliser hotel.

The groom is the son of Mr. and Mrs. W. J. Steel, and his father lived here from 1914 to 1916 and will be remembered by many as a very energetic and popular scoutmaster.

A slight rise in the cost of beauty parlor services was decided at a meeting of the hairdressers Wednesday evening. Fingerwaves increase 25c, rinses go up 10c and hair cuts 15c. Prices of permanents remain the same. The change in prices takes effect Feb. 17th. 30

IN MEMORIAM

In loving memory of a dear wife and mother

Mrs. Beatrice Whitlock

- who passed away Feb. 9th, 1946.
Memory's hand is reaching back
One year ago today
When one we loved so dearly
Quietly passed away.
It was hard to part but it was God's
will
To vacate the chair that we never
can fill.
—Remembered always by her loving husband and daughter Mabel and family.

IN MEMORIAM

In loving memory of mother

Mrs. Beatrice Whitlock

-who passed away Feb. 9th, 1946.
Only a memory of bygone days,
And a sigh for a face unseen,
But a constant feeling that God
alone,
Knows just what should have been.
—Lovingly remembered by Guy and family.

New Bulletins From University of Alberta

The Department of Animal Science at the University of Alberta has recently published a revised edition of Bulletin No. 34, "Cattle Finishing in Alberta". In this bulletin experimental work at the University during the past 25 years is reviewed. Farmers who finish beef cattle will find the bulletin of particular interest.

Circular No. 22 on "Selecting, Fitting and Showing of Beef Cattle" has also been revised, and is available. The information in this circular will be found particularly useful for members of Boys' and Girls' clubs. Valuable information is given on the selection and preparation of beef cattle for show as well as the actual showing.

Weather Sets New Low Record for Winter

A new low for the winter was set last Saturday when the mercury went down to 52.9 below. A slight let up in the severe cold was enjoyed Wednesday when the frigid temperatures were chased out by the edge of a chinook. However the north wind blew in another cold snap and Thursday seen 20 below weather with a 25 mile an hour wind blowing.

The story of the weather for the past week in cold figures is:

Day	High	Low
Thurs. Jan. 30	-27	40.9
Fri. Jan. 31	-29.9	38
Sat. Feb. 1	-36	-52.9
Sun. Feb. 2	-15.5	36.5
Mon. Feb. 3	-12.7	-36
Tues. Feb. 4	19.4	-34.9
Wed. Feb. 5	28.7	9.9
Thurs. Feb. 6	0	19.2*

(*temperature at 11 a.m.)

The forecasters don't expect this cold snap to be as severe as that of the past week. Winds will be lighter Friday decreasing from 25 to 15 miles per hour and the low point tonight is expected to be 30 below, with the warmest Friday 10 below.

4.4 inches of snow fell during the week and drifting has been tremendous.

Statistics by courtesy Radio Beam station, Vermilion.

New Car License Plates by March 15

New motor license plates will be made available to Alberta car owners by the provincial secretary's department about March 1st. This information has been received by officials of the Alberta Motor Association.

This year as in the last few years a single plate will be issued to be attached to the rear of the vehicle. Next year it is hoped that two plates will be issued, one for the front and one for the rear but this will depend on [illegible] manufacturers have [illegible]

[illegible] the heaviest in many years.

53 Members Attend B. of T. Meeting

Interesting Address on Life in British Guiana by S. C. Acheson

Fifty-three members attended the regular weekly meeting of the Board of Trade thus getting that body away to a good start on a new year of promotional work on behalf of the town of Vermilion and district. N.N. Beatley, chairman of the program committee, was chairman.

Several visitors were introduced including Jack Pettinger by Ernie Scharman; Karl Kreitz by Roy Jory, J. T. Thompson and C. Wilson by Lawrence Webb. Verne B. Vale and Aldous Kent were welcomed by the chairman as was Mr. S. H. Gandier of Edmonton.

S. C. Acheson, farm mechanics teacher at the school of agriculture, gave a ten-minute talk on life in British Guiana, South America, where he spent several of the war years on engineering projects. Mr. Acheson dealt with life and habits of the natives, and the manner in which the climate affected foreigners there.

The talk proved very interesting and a hearty vote of thanks was tendered the speaker.

The members of the council of the Vermilion River Municipal District and staff will be the guests of the Board of Trade at their luncheon meeting Wednesday next, Feb. 12.

Letters to the Editor

(This paper does not hold itself responsible for opinions expressed by correspondents.)

Vermilion, Alberta, Feb. 2, 1947.

Editor, Standard,
Dear Sir:

May I call to the attention of the Town Council the fact that a "bevy" of dogs, making their headquarters at the Post Office corner, have become a nuisance to citizens and are a potential danger to children and others.

None of the animals appear to be provided with tags as required by town by-law and all are evidently strays. Before a child is injured it is suggested that some form of painless liquidation be undertaken by the proper authorities.

Thanking you for your valuable space, I am,

Yours very truly,
Citizen.

Red Cross Appeal For $5,000,000 To Open on March 3rd

TORONTO.—With $5,000,000 as the objective, the 1947 National Red Cross Appeal will open Monday March 3, it was announced by Arthur L. Bishop, Chairman of the Canadian Red Cross National Executive committee.

"The $5,000,000 is for the vitally important peacetime work that can be done by your Red Cross," said Mr. Bishop. "It is equipped and ready to redirect the experience and strength developed in the war to a great program for the benefit of all Canada. To carry out this program, Canadians are asked to give their wholehearted support.

"The per capita Red Cross contributions of Canadians during the war were the highest of any country in the world and we are justified in being proud of this record.

"We are now faced with the challenge to conduct great humanitarian undertakings for the benefit of children, the relief of suffering, the saving of lives and the amelioration of the lot of the men who are still casualties of war.

"The support of all the people of Canada is asked to make it possible to carry out this peacetime program. The Red Cross is confident that Canadians will respond to this appeal, with the same wholehearted generosity they displayed during the war years," said Mr. Bishop.

The gift to give is your peace of heart, not a piece of your mind.

Military Ball Event of Immediate Future

"A" Company, The Loyal Edmonton Regiment, plan to hold a Military Ball about March 6th. Watch for a definite announcement in an early issue of the Standard.

District Court

District Court sittings were held in the Masonic hall on Tuesday with Judge Dubuc presiding. The only case tried was Fiala vs. Potter, a small debt action for $75, amount due on the purchase price of a seeder. Judgment for plaintiff, each party paying his own costs. McCurry for plaintiff, defendant appearing in person. Kruchmal vs. Stepanik, claim for the value of grain alleged not to have been delivered was adjourned to the June sittings, plaintiff paying costs on adjournment. Morrison for defendant, plaintiff not appearing.

MILITARY NOTES

"A" Company, The Loyal Edmonton Regiment, will hold a Muster Parade, Sunday Feb. 9th at 10:00 hours at the armories. Battledress, belts, anklets and winter meltons will be worn.

Firemen To Hold Valentine Ball

FRIDAY, FEBRUARY 14th

The Vermilion Firemen will hold their third annual ball on Friday, Feb. 14th, Valentine's Day, in the Elks hall. A special program of dances is being arranged and Joe Dubuc and his dance band from Vegreville are being brought here for the occasion. This orchestra is recognized as one the leading dance bands in Alberta, so no trouble or expense is being spared by the Firemen to make the dance an extremely enjoyable affair. 38-0

Three Seek Carnival Queen Honors

GRACE ISLEY

OMA MARLER

ELAINE EWAKNIUK

Carnival Queen tickets are now on sale to decide which of the charming young ladies pictured above will be crowned Queen of the Vermilion winter carnival on Friday evening, Feb. 21st. Left to right they are Grace Isley, Vermilion high school student; Oma Marler, Vermilion school of agriculture student; Elaine Ewakniuk, member of the Vermilion Bank of Commerce staff. Each ticket sold represents a vote for the purchaser's favorite contestant as well as admission to the carnival.

Grace Isley, representing the high school was born in Vermilion where she is at present a part time student at the high school taking a commercial course. She works afternoons at the Revelstoke Lumber Co. Grace is also a member of the Teen-Agers. Her hobbies are music and skating.

Oma Marler, representing the Agricultural college is a two-in-one student there. Her home is at Bremner, Alberta, but last year she attended high school at Fort Saskatchewan. She is a member of the social committee at the college and the two-in-one girls' representative on the college newspaper. She is active in sports chiefly skating and softball. Her hobby is playing the piano.

Elaine Ewakniuk, representing the town, was born at Yorkton, Sask., later moving to Mundare, Alta., where she received her education. After completing a business course at Alberta college in Edmonton, she came to Vermilion where she has worked in the bank for 2½ years. She is a member of the Teen-Agers club; Secretary-treasurer of the United church choir; President of the United church Young Peoples and a member of the Stevette club. Her hobbies are knitting, skating and bowling.

Have you bought your Carnival ticket yet? If not, do so now and vote for your favorite for Carnival Queen.

Winter Training of Reserve Militia Units Commences Feb. 18th

Employers Asked to Allow Members of Staff Leave of Absence To Attend

Dr. W. M. Scott, chairman Vermilion Community league, speaking at a recent meeting of the Vermilion Board of Trade, announced that winter training of reserve militia units which includes "A" Company, The Loyal Edmonton Regiment, composed of Vermilion and district men, would commence at the Wainwright military camp on Feb. 18th. He appealed to all employers who have men of the company on their staffs, to allow these members time off to attend the camp, without loss of pay or holidays. A very interesting program has been arranged and quite a departure from ordinary military training made. Dr. Scott noted that Capt. D. A. Brimacombe and himself had attended a convention in Edmonton at which points leading to the amalgamation of the three military services had been taken up, and reasons for the change of Western Command headquarters given.

Capt. D. A. Brimacombe, officer commanding "A" company, supported Dr. Scott's plea that members of the Company be allowed time off for the military training and stated that the army had been given control of the H hut at the school of agriculture. They intend to use this for administrative purposes. The former armories had been completely renovated and was now available for use by any organization in the town. Use of the hall could be secured by contacting himself, Capt. Scott or Sgt. Langell.

35 Rinks Attend Mannville Bonspiel

Thirty-five rinks are competing at the Mannville bonspiel this week under perfect weather and on three sheets of excellent ice. The two primaries were narrowing down to the final stages but chances are that the spiel will not be wound up until sometime Friday.

Among the entries are 11 Vermilion rinks skipped by Jim Adam, Ed Curley, Jack Baddock, Curly Mann, Lloyd McFadden, Carl Heckbert, Elmore Stewart, George Webb, Gordon Park, Newt Cooper.

Education — elementary and secondary—can no longer be regarded as a luxury, it is a necessity in our atomic age. On the education of the people of this country the future of this country depends.

It's the broken-hearted who can give great-hearted leadership to a disheartened world.

HOCKEY PLAY-OFFS START SATURDAY

AT VERMILION ARENA

The first game of the play-off series of the Eastern Alberta Hockey league will be played here Saturday night at 9 p.m. with the local Tigers and Lloydminster Huskies battling for the right to meet the 1946-47 league leaders, the Vegreville Rangers. The series is a best two of three game affair. The second game is scheduled for Lloydminster Tuesday, and the third if necessary here on Thursday night next week.

Vermilion War Memorial Planned

The attention of all citizens in Vermilion and district is called to the fact that a war memorial is being planned for Vermilion. It is to be hoped that everyone will consider this matter and be prepared to support a campaign to erect the memorial when the time comes. It is almost two years since the war ended but it is not too late for us to construct a memorial to the boys from this town and district who paid the supreme sacrifice in the latest world conflict.

A preliminary meeting on this subject was called by a committee of the Board of Trade on Thursday Feb. 6th. There were a limited number of people present mainly because of the weather and lack of proper publicity but a few ideas were presented which will be decided upon later. It is proposed to present what ideas have been put forward and then call a meeting in three weeks or so and decide definitely what form the memorial should take. Announcement of this date will be in the Standard as soon as possible. The various clubs and organizations in town and country are being asked to submit their ideas as well as any individual who may have a suggestion. It is hoped that a good number of farmers will be in attendance at the next meeting to express their views.

Few main suggestions brought forward so far are:

1. A swimming pool to be constructed as a memorial.
2. A public library and rest room.
3. A form of Memorial Scholarship fund to help further education of high school students.

These are only some of the ideas presented. If everyone will give this matter due consideration and come to the next meeting it will help greatly in speeding up the project. At that meeting a memorial will be decided upon and a committee appointed to get the campaign under way. Ways and means of raising the required money will be decided by the committee.

District Hockey Tournament Here Tuesday, Feb. 18

NINE TEAMS ENTERED — $160.00 IN PRIZES

The district hockey tournament originally scheduled to be held Feb. 4th and postponed due to the severe weather and bad road conditions, will take place at the arena rink Vermilion on Tuesday next, Feb. 18th, commencing at 10 a.m. with the final billed for 8.30 p.m. The draw for the first round is as follows:

Clandonald vs Mannville, 10 a.m.
Dewberry vs V.S.A. 11.30 a.m.
Innisfree vs Paradise Valley 1 p.m.
Willingdon vs Minburn 2.30 p.m.
Derwent vs winner Willingdon Minburn at 4 p.m.

First prize is $100, $60 goes to the second place team. The Northern Hardware Challenge trophy will also be presented to the winners to be held for a year.

The tournament is being sponsored by the Vermilion Athletic Association.

As an added attraction for the town that day the proprietors of the Columbia theatre are running a continuous show commencing at 2 p.m. See the display advertisement for full particulars.

YOUTH FOR CHRIST MEETING MARCH 1st

"Youth for Christ" meeting March 1 in the Masonic hall. Rev. and Mrs. Ralph Williams of the Sunrise Gospel Hour, Calgary. Singer and musicians will be in attendance. 38-1c

Ladies Win At Vegreville Bonspiel

Three rinks of Vermilion lady curlers competed in the annual bonspiel at Vegreville last Wednesday and Thursday. Skips were Mrs. [illegible] Cross, Mrs. Lila Beresford and Mrs. Peg Lipsey.

Mrs. Cross brought home second in the Challenge and Mrs. Lipsey 4th in the same event. Having been rather busy curling at Mannville this week the Standard reporter neglected to obtain the personnel of the rinks.

J. W. G. MORRISON RE-ELECTED MAYOR

Urquhart, Stack, Head Councillor Poll

D. TAYLOR, MRS. NINA WIEBE ON SCHOOL BOARD

719 Votes Cast

The town elections Monday were featured by a very high percentage of the voters casting ballots as 719 votes were polled with 1072 names on the lists. A large number of the remainder names were those of absentee property owners and companies.

J. W. G. Morrison who has already served 16 years as Mayor at two periods in the town's history was re-elected. He drew 531 votes while M. G. Brimacombe, also a pioneer business man and citizen, polled 187.

The five man race for the two vacancies on the town council resulted in K. G. Urquhart, garage owner, and Thomas A. Stack, creamery manager, being elected. The complete poll was Urquhart 428, Stack 422, Park 169, LeRossignol 153, Kent 136. Gordon Park was seeking re-election after having served three years on the council.

The 1947 council will consist of Mayor Morrison, Councillors G. F. Stephens, J. R. Beebe, L. R. Dawson, L. L. Kehoe, K. G. Urquhart, Thos. A. Stack.

R. W. Bushell did not stand for re-election, having already served some nine years on that body.

SCHOOL BOARD

Don Taylor, with ten previous years on the school board, headed the poll with 545 votes, Mrs. Nina Wiebe was second with 297 and Fred Brimacombe polled 220 votes.

For the first time in the history of Vermilion a lady will be a member of one of the town's governing bodies. The 1947 board consists of Donald Taylor, Jas. D. Adam, Ashley H. Cooper, Carman Long and the new member Mrs. O. S. Wiebe.

Mrs. Wiebe replaces Mr. Jack Reid who did not stand for re-election.

Vegreville Clinches Hockey League Title

Defeat Tigers 2 to 1

In a rough rugged game at the Vermilion arena Saturday night upwards of 700 fans saw Vegreville Rangers clinch the league championship by downing the local Tigers, last year's winners, by a close 2 to 1 score.

Vegreville opened the scoring midway through the first period with A. Klein accepting a pass from Hantiuk close in on Martin. The period ended without further scoring.

The second stanza was just nicely underway when Williams carried the puck well into Ranger territory and passed over to Doug Brimacombe who [illegible] the shot. Play in this period tightened up considerably but few scoring chances appeared.

The third period saw the only penalties of the game, one to Filetch of Vegreville and one to Wiebe of Vermilion. Both were meted out for tripping. The pay-off goal came from the stick of B. Dowhaniuk from Stan Dowhaniuk after the three-quarter mark was passed. Final score Vegreville 2, Vermilion 1.

The league winds up regular play this week with a couple of postponed [illegible] play-offs start Saturday [illegible]

Lineups

[illegible] Filetch, [illegible] Hantiuk, A. [illegible] Dowhaniuk, W. [illegible]

VERMILION: Martin, Wiebe, Mann, [illegible] Webb, Dahlberger, Watt, D. Brimacombe, Williams, Donald F. Brimacombe, Charley Rowe.

Letters to the Editor

[illegible]

I desire to thank the electors of the town for their expression of confidence in my candidature for the office of Mayor. I regard the overwhelming vote however as an endorsement [illegible] the past year and an assurance of their support for the difficult years [illegible] to serve the best [illegible] of Vermilion.

Yours sincerely,
J. W. G. Morrison

Pioneer Vermilion District Lady Passes Away

DEATH OF MRS. ALICE SHERWOOD
